Institutional Mission

South University is a private academic institution dedicated to providing educational opportunities for the intellectual, social, and professional development of a diverse student population.

To achieve this purpose, the institution offers focused and balanced curricula at the associate's, baccalaureate, master's and doctoral levels. A broad-based core curriculum is offered promoting critical thinking, effective verbal and written communication, and skills for life-long learning. Additionally, the University focuses on developing the requisites to pursue and appreciate knowledge. South University's approach to higher education and the resulting varied academic experiences provide students with the intellectual acumen and pragmatic approach necessary to create the foundation for personal and professional fulfillment. South University attempts to provide a comprehensive education that instills within its students a philosophy that values not only learning and professionalism but also contribution and commitment to the advancement of community.

Believing that qualified individuals should have the privilege of formal academic training, South University welcomes those who seek educational challenges. To this end, the University provides a learning environment, both campus-based and online, that helps students identify goals and the means to achieve them. With this philosophy in mind, students learn by interacting with a community of faculty, staff and administration dedicated to South University's academic purpose.

Notes:

Students should be aware that programmatic requirements (i.e., degree) may be offered in a variety of combined instructional modalities including (but not limited to) campus-based, online, blended/hybrid, video teleconferencing, externship and clinical (e.g., internship, practicum, experiential) formats. Some programs may have limited program delivery options. Please see your Academic Counselor/Student Success Coordinator for additional information.

About South University

South University, Atlanta Off-Campus Instructional Site, South University, Austin, South University, Columbia, South University, High Point Off-Campus Instructional Site, South University, Montgomery, South University, Orlando Off-Campus Instructional Site, South University, Richmond, South University, Savannah, South University, Tampa, South University, Virginia Beach, South University, West Palm Beach, and South University, Online Programs are collectively referred to throughout this catalog as "South University", "SU" or the "University". Where appropriate when only a specific campus location or locations are intended campuses may be referred to by their geographic identifier.

History

Over A Century of Success

1899 - Founding

South University was founded in 1899 in Savannah, Georgia with the establishment of Draughon's Practical Business College. Founded by Dr. John Draughon, the institution focused on teaching the fundamentals needed by successful businesses including accounting, banking, shorthand, bookkeeping and typewriting. Over the past century, South University has transformed from humble roots, of a two-year college, into a university offering both undergraduate and graduate degree programs.

1974 - South Family Acquisition

The college was acquired by the South family in 1974, and the institution's name was changed to Draughon's Junior College. Under John T. South III's more than 40 years of leadership, the institution would grow from a one-location junior college in Savannah to a doctoral-level university with more than a dozen campuses around the U.S. and alumni from all 50 states and beyond.

1986 - Steady Growth and Evolution

In an effort to more strategically align its institutional name with its mission, the school changed its name to South College on October 21, 1986.

In 1996, the institution began offering four-year degrees with the addition of the Bachelor of Business Administration. In 1997, the School of Business and the School of Health Professions were formed with a redoubled effort on training students for the growing and in-demand career field of healthcare.

2001 - Twenty-First Century Transformation

South College became South University on December 21, 2001, after the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accredited the institution to award master's degrees.

SACSCOC approved the University's plan to award doctoral degrees in December of 2002, making South University the first institution in the Savannah, Georgia area to offer a healthcare doctorate. Soon after, plans were announced to offer a Doctor of Pharmacy program.

A South University education became available to students around the country with the introduction of web-based instruction in 2004.

2008 - Structural Change and Academic Expansion

The University's academic structure took an important step forward in 2008, when the Board of Trustees approved the creation of the College of Arts and Sciences, College of Business, College of Health Professions, and the College of Nursing. The College of Theology was established in 2013, and enrolled its first Doctor of Ministry degree program students the next year.

2014 - National Recognition

With the added Doctor of Ministry and Doctor of Occupational Therapy programs, South University was designated as a Level VI institution by SACSCOC, a designation shared by only 113 SACSCOC accredited higher education institutions. The University's commitment to excellence continued, and in 2014 SACSCOC reaffirmed South University's accreditation for ten years.

2019 - New Chancellor Appointed

On August 30, 2019, the South University Board of Trustees appointed Dr. Steven K. Yoho as Chancellor and Chief Executive Officer for South University.

On his appointment, Chancellor Yoho commented, "I am honored to serve the students, faculty, staff, and alumni of South University." He noted, "And, I am particularly excited to continue on our path toward excellence in academic quality, student retention, and student growth. Working collaboratively, we can accomplish these three goals while making an increasingly meaningful impact in each of our communities and beyond."

Yoho brings a wealth of experience in higher education and business. From 2007 to 2013, he served South University as Vice-Chancellor for Academic Affairs after initially joining the University as Dean of the College of Business. Earlier he spent 15 years in private, non-profit university leadership roles and prior to that he held several executive positions in business.

Equal Opportunity Statement

South University is an equal opportunity university open to any qualified individual without regard to race, gender, color, religion, sexual orientation, gender identity, age, national origin, disability, medical condition, marital status, veteran status, genetic marker or any other basis protected by law. Pursuant to all applicable state, local or federal anti-discrimination laws and regulations, South University does not discriminate against any of the protected categories of individuals in the administration of its policies, programs or activities. This nondiscriminatory policy includes admission policies, scholarship and loan programs, employment practices, and all other university administered programs.

About the South University Catalog

This catalog, in effect at the opening of fall quarter 2021, includes South University's student facing policies; a list of the campuses; descriptions of academic programs, course offerings, and services; and a list of faculty members. Students are subject to the policy and curricula requirements of the current catalog regardless of their original quarter of enrollment.

While the provisions of this catalog will ordinarily be applied as stated, the University reserves the right to change any of the contents of this catalog, including but not limited to academic requirements for graduation. Academic programs, course offerings, and scheduling are subject to change at the discretion of the institution without notice to individual students. Every effort will be made to keep students advised of any such changes. Information on changes will be available in the Office of the Registrar. Students are responsible for staying apprised of current graduation requirements for their particular programs.

All academic information in this catalog applies to all South University locations unless stated otherwise.

Additional information for some programs is included in the handbooks for those programs (e.g., Occupational Therapy Assistant, Physical Therapist Assistant, Nursing, Pharmacy, and Physician Assistant) which may be obtained from the Program Director or Department Chair for the program.

Accreditation and State Licensing

Institutional Accreditation

South University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, and doctorate degrees. Questions about the accreditation of South University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

Programmatic Accreditation

Anesthesiologist Assistant

The Master of Medical Science in Anesthesia Science Program at South University, Savannah is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Accreditation Review Committee for the Anesthesiologist Assistant (ARC-AA). Commission on Accreditation of Allied Health Education Programs, 9355 - 113th Street North, #7709, Seminole, FL 33775.

The Master of Medical Science in Anesthesia Science Program at South University, West Palm Beach is accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of the Accreditation Review Committee for the Anesthesiologist Assistant (ARC-AA). Commission on Accreditation of Allied Health Education Programs, 9355 - 113th Street North, #7709, Seminole, FL 33775.

Medical Assisting

The South University Medical Assisting Programs on the Columbia, Montgomery, and Savannah campuses are accredited by the Commission on Accreditation of Allied Health Education Programs (www.caahep.org) upon the recommendation of Medical Assisting Education Review Board (MAERB)." Commission on Accreditation of Allied Health Education Programs (CAAHEP); 9355 - 113th Street North, #7709, Seminole, FL 33775, 727-210-2350.

The online Associate of Occupational Studies in Medical Assisting program is not accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

Nursing

The Bachelor of Science in Nursing, Master of Science in Nursing, Doctor of Nursing Practice, and Post-Graduate APRN Certificate Programs at South University are accredited by the Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org>).

South University, Montgomery, is approved by the Alabama Board of Nursing to offer the Bachelor of Science in Nursing (PO Box 303900; Montgomery, AL 36130-3900; 800-656-5318; www.abn.alabama.gov).

South University, Tampa, and South University, West Palm Beach, are approved by the Florida Board of Nursing to offer the Bachelor of Science in Nursing (4052 Bald Cypress Way, Bin C-02; Tallahassee, FL 32399-3252; 850-488-0595; www.floridanursing.gov.)

South University, High Point Off-Campus Instructional Site is approved by the North Carolina Board of Nursing to offer the Bachelor of Science in Nursing (PO Box 2129; Raleigh, NC 27602; 919-782-3211; www.ncbon.com).

South University, Columbia, is approved by the South Carolina Department of Labor, Licensing and Regulation, South Carolina Board of Nursing to offer the Bachelor of Science in Nursing (PO Box 12367; Columbia, SC 29211; 803-896-4550; www.llronline.com/POL/Nursing).

South University, Austin is approved by the Texas Board of Nursing to offer the Bachelor of Science in Nursing (333 Guadalupe St, Suite 3-460; Austin, TX 78701; 512-305-7400; www.bon.texas.gov).

South University, Richmond, and South University, Virginia Beach, are approved by the Virginia Board of Nursing to offer the Bachelor of Science in Nursing (Perimeter Center; 9960 Maryland Dr, Suite 300; Henrico, VA 23233-1463; 804-367-4515; www.dhp.virginia.gov/nursing/default.htm).

The Arkansas State Board of Nursing has approved South University to offer the RN to BSN and MSN degrees through distance delivery (1123 S University Ave, Suite 800; University Tower Building; Little Rock, AR 72204; 501-686-2700; www.arsbn.arkansas.gov).

The Arizona Board of Nursing has approved South University to offer the APRN MSN degrees through distance delivery (1740 W. Adams Street, Suite 2000; Phoenix, AZ 85007; www.azbn.gov).

Occupational Therapy Assistant

The Occupational Therapy Assistant program at South University, Columbia, Richmond, Virginia Beach, and Tampa are accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD 20852-4929. ACOTE's telephone number c/o AOTA is (301) 652-AOTA, and its web address is <http://www.acoteonline.org>.

Graduates of the program will be eligible to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). In addition, all states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure. More information on ACOTE may be obtained at <http://www.acoteonline.org>.

Pharmacy

South University's Doctor of Pharmacy programs at the campuses in Savannah, GA, and Columbia, SC, are accredited by the Accreditation Council for Pharmacy Education 190 S LaSalle ST #2850; Chicago, IL 60603; 312-664-3575; www.acpe-accredit.org.

Physical Therapist Assistant

The Physical Therapist Assistant Program at South University, Austin, is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 3030 Potomac Ave., Suite 100, Alexandria, Virginia 22305-3085; telephone: 703-706-3245; email: accreditation@apta.org; website: <http://www.capteonline.org>. Physician Assistant

South University, Austin has applied for Accreditation-Provisional from the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA). South University Austin anticipates matriculating its first class in January 2023, pending achieving Accreditation-Provisional status at the September 2022 ARC-PA meeting. Accreditation-Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA Standards or when a program holding accreditation-provisional status appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students.

The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) has granted Accreditation-Continued status to the South University, Savannah Physician Assistant Program sponsored by South University. Accreditation-Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Accreditation remains in effect until the program closes or withdraws from the accreditation process or until accreditation is withdrawn for failure to comply with the Standards. The approximate date for the next validation review of the program by the ARC-PA will be September 2025. The review date is contingent upon continued compliance with the Accreditation Standards and ARC-PA policy. The program's accreditation history can be viewed on the ARC-PA website at: <http://www.arc-pa.org/accreditation-history-south-university-savannah/>

The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) has granted Accreditation-Continued to the South University, Tampa Physician Assistant Program sponsored by South University. Accreditation-Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Accreditation remains in effect until the program closes or withdraws from the accreditation process or until accreditation is withdrawn for failure to comply with the standards. The approximate date for the next comprehensive review of the program by the ARC-PA will be March 2027. The review date is contingent upon continued compliance with the Accreditation Standards and ARC-PA policy. The program's accreditation history can be viewed on the ARC-PA website at: <http://www.arc-pa.org/accreditation-history-south-university-tampa/>

The Accreditation Review Commission on Education for the Physician Assistant, Inc. (ARC-PA) has granted Accreditation-Continued status to the South University Richmond PA Program sponsored by South University Richmond. Accreditation-Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Accreditation remains in effect until the program closes or withdraws from the accreditation process or until accreditation is withdrawn for failure to comply with the Standards. The approximate date for the next validation review of the program by the ARC-PA will be 2031 March. The review date is contingent upon continued compliance with the Accreditation Standards and ARC-PA policy. The program's accreditation history can be viewed on the [ARC-PA website at http://www.arc-pa.org/accreditation-history-south-university-richmond/](http://www.arc-pa.org/accreditation-history-south-university-richmond/).

The ARC-PA has granted Accreditation-Provisional status to the South University, West Palm Beach Physician Assistant Program sponsored by South University, West Palm Beach.

Accreditation-Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA Standards or when a program holding Accreditation-Provisional status appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students.

Accreditation-Provisional does not ensure any subsequent accreditation status. It is limited to no more than five years from matriculation of the first class. The program's accreditation history can be viewed on the ARC-PA website at <http://www.arc-pa.org/accreditation-history-south-university-west-palm-beach>

State Certifications, Licenses and Veterans Affairs Statements

In addition to accreditation by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and specific program accreditations, South University holds the following state approvals, authorizations, certifications, and licenses:

State	
Alabama	South University, Montgomery, qualifies for exemption from the requirements of licensure by the Department of Postsecondary Education in the State of Alabama pursuant to the Code of Alabama §§ 16-46-3(a)(7), as amended. An exemption pursuant to this section shall not be construed to constitute approval or endorsement by the state of Alabama for any purpose (135 S Union St; Montgomery, AL 36104-4340 or PO Box 302130; Montgomery, AL 36130-2130; 334-293-4500; www.accs.cc).
Alaska	South University is exempt from authorization by the Alaska Commission on Postsecondary Education (PO Box 110505; Juneau, AK 99811-0505; 907-465-6741; www.acpe.alaska.gov) under AS 14.48 and 20 AAC 17 because the program is online or distance delivered and does not have a physical presence in the state.
Arizona	Without a physical presence in Arizona, South University is not required to seek approval from the Arizona State Board for Private Postsecondary Education (1740 West Adams Street, Suite 3008, Phoenix, AZ 85007, 1.602.542.5709, https://ppse.az.gov/).
Arkansas	The Arkansas Department of Education, Higher Education Coordinating Board (423 Main Street, Suite 400; Little Rock, AR 72201; 501-371-2000; www.adhe.edu) has granted South University certification for degree programs by distance technology. Arkansas Higher Education Coordinating Board certification does not constitute an endorsement of any institution or program. Such certification merely indicates that certain criteria have been met as required under the rules and regulations implementing institutional and program certification as defined in Arkansas Code §6-61-301.

California	<p>Without a physical presence in California, South University is not required to seek approval from the Bureau for Private Postsecondary Education under the California Private Postsecondary Act of 2009 (www.bppe.ca.gov/lawsregs/ppe_act.shtml).</p> <p>The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the fund STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.</p> <p>You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.</p> <p>It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.</p> <p>To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:</p> <ul style="list-style-type: none"> • The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau. • You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before the closure. • The institution has been ordered to pay a refund by the Bureau but has failed to do so. • The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs. • You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution. • You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. <p>To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.</p> <p>A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the</p>
------------	---

	<p>original four (4) year period, unless the period has been extended by another act of law.</p> <p>However, no claim can be paid to any student without a social security number or a taxpayer identification number.</p>
Colorado	Without a physical presence in Colorado, South University does not qualify for authorization from the Department of Higher Education (1560 Broadway, Suite 1600; Denver, CO 80202; 303-866-2723; www.highered.colorado.gov).
Connecticut	Without a physical presence in Connecticut, South University is not regulated by the Connecticut Department of Higher Education (61 Woodland St; Hartford, CT 06105-2326; 860-947-1822; www.ctohe.org).
Delaware	South University has been granted full approval to operate with degree-granting authority in the State of Delaware Department of Education (Townsend Building, 401 Federal Street Suite 2, Dover, DE 19901-3639; 302-735-4000; www.doe.k12.de.us)
District of Columbia	South University does not recruit or enroll District of Columbia residents.
Florida	South University is exempt from licensure by the Commission for Independent Education, Florida Department of Education, per Florida Statute 1009.89. Additional information regarding this institution may be obtained by contacting the Commission at 325 West Gaines Street, Suite 1414, Tallahassee, FL 32399-0400, toll-free telephone number (888)224-6684.
Georgia	South University, Savannah, meets the criteria for an exemption from the Georgia Nonpublic Postsecondary Education Commission's (NPEC 2082 East Exchange Place, Suite 220, Tucker, GA 30084-5305; 770-414-3300) regulations as outlined in O.C.G.A. § 20-3-250.3(a)(14).
Hawaii	Without a physical presence in Hawaii, South University is exempt from authorization requirements with the Hawaii Department of Education
Idaho	Without a physical presence in Idaho, South University is not required to register with the Idaho State Board of Education (650 West State St, Suite 307; PO Box 83720; Boise, ID 83720-0037; 208-334-2270; www.boardofed.idaho.gov).
Illinois	South University meets the criteria for an exemption based on its limited physical presence in Illinois as defined under the Illinois Administrative Code Section 1030.10 (Ill. Admin. Code tit. 23 § 1030 (2017)). As such, South University has been granted exemption from the Illinois Board of Higher Education (431 East Adams St, 2nd Floor; Springfield, IL 62701-1404; 217-782-2551; www.ibhe.org).
Indiana	South University is authorized by the Indiana Commission for Higher Education (101 West Ohio Street, Suite 300 Indianapolis, IN 46204-4206; 317-464-4400; www.che.in.gov) as an out-of-state institution with no physical presence in Indiana to enroll and offer online instruction or distance education to Indiana residents delivered from a campus in another state in accordance with Indiana Administrative Code IC 21-18.5-6-12..
Iowa	South University is a registered university with the Iowa College Student Aid Commission to operate within the State of Iowa for the purpose of offering postsecondary educational programs to Iowa residents. (Iowa College Student Aid Commission, 475 SW 5th St., Suite D, Des Moines, IA 50309;

	toll-free phone 877-272-4456; https://www.iowacollegeaid.gov). Student complaint form: https://iowacollegeaid.co1.qualtrics.com/jfe/form/SV_9Br0hqNMto1FItT
Kansas	The Kansas Board of Regents has granted a Certificate of Approval that legally authorizes South University to provide postsecondary education to the State of Kansas (Kansas Board of Regents, Private Postsecondary Education Division; 1000 Southwest Jackson, Suite 520; Topeka, KS 66612-1368; 785-430-4240; www.kansasregents.org).
Kentucky	South University is licensed by the Kentucky Council on Postsecondary Education (1024 Capital Center Drive, Suite 320, Frankfort, Kentucky, 40601, 502-573-1555, http://cpe.ky.gov).
Louisiana	South University is currently licensed by the Board of Regents of the State of Louisiana (PO Box 3677, Baton Rouge, LA 70821-3677; 225-342-4253; www.regents.la.gov). Licenses are renewed by The State Board of Regents every two years. Licensed institutions have met minimal operational standards set forth by the state, but licensure does not constitute accreditation, guarantee the transferability of credit, nor signify that programs are certifiable by any professional agency or organization.
Maine	South University is exempt from the oversight of Maine law due to lack of physical presence in the State (23 State House Station; Augusta, ME 04333-0023; 207-624-6600; www.maine.gov/doe/highered/index.html).
Maryland	South University is registered with the Maryland Higher Education Commission (6 N. Liberty Street, 10th Floor, Baltimore, MD 21201; 410-767-3300; www.mhec.state.md.us) per the requirements of the Education Article, Title 11, Subtitle 2, Annotated Code of Maryland and COMAR 13B.05.01 to enroll Maryland students in fully online distance education programs. The Commission's registration of the University's fully online programs is not an authorization of the institution to operate in Maryland or an approval or endorsement of the University's programs.
Massachusetts	South University does not recruit or enroll Massachusetts residents.
Michigan	Without a physical presence, South University is not required to be authorized by the Michigan Department of Licensing and Regulatory Affairs (PO Box 30018, Lansing, MI 48909; 517-373-1820).
Minnesota	South University is registered with the Minnesota Office of Higher Education (1450 Energy Park Drive, Suite 350, St. Paul, MN 55108-5227, 651-642-0567, www.ohe.state.mn.us) pursuant to Minnesota Statutes sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.
Mississippi	Without a physical presence, South University is not required to be authorized by the Mississippi Commission on College Accreditation or the Mississippi Community College Board, Commission on Proprietary Schools and College Registration.
Missouri	Without a physical presence, South University is not required to be authorized by the Missouri Department of Education
Montana	South University authorized by the Montana University System (2500 Broadway; PO Box 203201; Helena, MT 59620-3201; 406-444-0345; www.montana.edu) to offer post-secondary degree programs in the State of Montana

Nebraska	Without a physical presence, South University is not required to be authorized by the Nebraska Coordinating Commission for Postsecondary Education.
Nevada	South University is licensed to operate by the Nevada Commission on Postsecondary Education; 8778 South Maryland Parkway, Suite 115, Las Vegas, Nevada 89123; 702-486-7330.
New Hampshire	South University has received administrative approval from the Higher Education Commission of the State of New Hampshire's Department of Education-Division of Higher Education (101 Pleasant Street, Concord, NH 03301; 800-339-9900) to offer educational programs in accordance with the New Hampshire Code of Administrative Rules (POS 1008).
New Jersey	Without a physical presence, South University is not required to be authorized by the New Jersey Secretary of Higher Education.
New Mexico	South University is registered with the New Mexico Higher Education Department, 2044 Galiesteo Street, Suite 4, Santa Fe, NM 87505; Phone Number: 505-476-8400.
New York	South University does not recruit or enroll New York residents.
North Carolina	South University, High Point Off-Campus Instructional Site is licensed by the University of North Carolina Board of Governors to offer degree programs under matters regulated by General Statute 116-15 (University of North Carolina General Administration, PO Box 2688; Chapel Hill, NC 27515-2688; 919-962-4558; http://www.northcarolina.edu/).
North Dakota	South University has met the North Dakota University System's requirements for ND Century Code 15-18.1-02.8 Exemptions. (10th Floor, State Capitol, 600 East Boulevard Ave, Dept. 215; Bismarck, ND 58505-0230; 701-328-2960; www.ndus.edu/system/).
Ohio	South University holds a Certificate of Authorization from the Ohio Board of Regents.
Oklahoma	Without a physical presence, South University is not required to be authorized by the Oklahoma State Regents for Higher Education.
Oregon	South University does not recruit or enroll Oregon residents.
Pennsylvania	Without a physical presence in Pennsylvania, South University is not required to apply for approval from the Department of Education (333 Market St; Harrisburg, PA 17126-0333; 717-787-4448; www.education.state.pa.us).
Puerto Rico	According to Section 9.4 of the Reglamento para el Licenciamiento de Instituciones de Educación Superior en Puerto Rico, No. 8265, 2012 (regulations for licensing higher education institutions in Puerto Rico), the Licensing and Accrediting Area of the Puerto Rico Council on Education (PO Box 19900, San Juan, PR 00910-1900; 787-641-7100; www.ce.pr.gov) has certified that South University is exempt from the Puerto Rico licensing jurisdiction since its operation as an institution of higher education occurs outside of Puerto Rico.
Rhode Island	Without a physical presence, South University is not required to be authorized by Rhode Island Office of the Postsecondary Commissioner.
South Carolina	South University, Columbia is licensed by the South Carolina Commission on Higher Education, (1122 Lady Street, Suite 300, Columbia, SC 29201, 803-737-2260, www.che.sc.gov) as a nonpublic postsecondary institution. Licensure indicates only that minimum standards have been met; it is not an

	endorsement or guarantee of quality. Licensure is not equivalent to or synonymous with accreditation by an accrediting agency recognized by the U.S. Department of Education.
South Dakota	Without the physical presence in South Dakota, South University is not required to be authorized by the Secretary of State - Postsecondary Education.
Tennessee	Without a physical presence in Tennessee, South University is not required to apply for approval from the Tennessee Higher Education Commission (404 James Robertson Pkwy, Suite 1900; Nashville, TN 37243; 615-741-3605; www.tn.gov/thec).
Texas	<p>South University, Austin is exempted by the Texas Workforce Commission under Texas Education Code, Section 132.002(a)(6). Exemption means that this campus of South University is not approved or regulated by the Texas Workforce Commission (101 E 15 St; Austin, TX 78778-0001; 512-463-2222; www.texasworkforce.org).</p> <p>South University, Austin and South University, Savannah (Online Programs) each hold the Certificates of Authorization acknowledging exemption from the regulation by the Texas Higher Education Coordinating Board as defined in Chapter 7.3 of the Texas Higher Education Coordinating Board's rules (PO Box 12788; Austin, TX 78711 or 1200 E. Anderson Lane; Austin, TX 78752; 512-427- 6200;www.theccb.state.tx.us).</p>
Utah	South University holds a Certificate of Postsecondary State Authorization from the Utah Division of Consumer Protection (160 East 300 South, Second Floor, Salt Lake City, UT 84111; 801.530.6601). This Certificate of State Authorization verifies that the school has met the requirements of Utah Code Ann. §13-34a-204 to be a registered postsecondary school required under 34 C.F.R. 600.9 to be legally authorized by the State of Utah.
Vermont	Without a physical presence in Vermont, South University is not required to seek approval from the Vermont Department of Education and the Vermont State Board of Education (120 State Street; Montpelier, VT 05620-2501; 802-828-3135; www.education.vermont.gov).
Virginia	South University, Richmond, 2151 Old Brick Road, Glen Allen, VA 23060 and South University, Virginia Beach, 301 Bendix Road, Suite 100, Virginia Beach, VA 23452 are certified to operate in Virginia by the State Council of Higher Education for Virginia (James Monroe Building, 101 North 14th St; Richmond, VA 23219; 804-225-2600; www.schev.edu).
Washington	<p>South University does not enroll Washington residents into field placement programs. As a result, South University is not required to be authorized by the Washington Student Achievement Council.</p> <p>For Washington State residents seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit www.wsac.wa.gov/loan-advocacy or contact the Student Loan Advocate at loanadvocate@wsac.wa.gov.</p>
West Virginia	South University is authorized by the West Virginia Higher Education Policy Commission (1018 Kanawha Blvd East, Suite 700; Charleston, WV 25301; 304-558-2101; www.hepc.wvnet.edu).
Wisconsin	South University has been approved and is legally authorized to do business in the state of Wisconsin by the Educational Approval Board as a private postsecondary school, subject to the provisions of §38.50 Wisconsin Statutes, and all administrative rules adopted pursuant to the statutes. Approval

	includes on those programs and those locations specifically approved by the Board (431 Charmany Drive, Suite 102; Madison, WI 53719; 608-266-1996; http://eab.state.wi.us/).
Wyoming	South University is licensed by the Wyoming Department of Education as an accredited postsecondary private degree granting institution under Wyoming Statutes §§21-2-401 through 21-2-407 and in accordance with the Chapter 30 Rules and Regulations of the Wyoming Department of Education (Hathaway Building, 2nd Floor, 2300 Capitol Avenue, Cheyenne, WY 82002-0050; 307-777-7675; https://edu.wyoming.gov).

Florida Protecting Our Children from Sexual Predators Act

Orlando

In recognition of our commitment to Florida's "Protecting Our Children from Sexual Predators Act," please be advised that the Florida Department of Law Enforcement (FDLE) maintains a sexual predator and sexual offender registry website, which can be located at <https://offender.fdle.state.fl.us/offender/homepage.do>. The FDLE compiles and provides the information on that website for public access pursuant to Florida law. In addition, the FDLE Registration & Compliance Unit also maintains a toll-free number, 1-888-357-7332, which provides access to the same public information.

If you have any questions or concerns regarding this law, please contact the Dean of Student Affairs of South University, Tampa.

Tampa

In recognition of our commitment to Florida's "Protecting Our Children from Sexual Predators Act," please be advised that the Florida Department of Law Enforcement (FDLE) maintains a sexual predator and sexual offender registry website, which can be located at: <https://offender.fdle.state.fl.us/offender/homepage.do>. The FDLE compiles and provides the information on that website for public access pursuant to Florida law. In addition, the FDLE Registration & Compliance Unit also maintains a toll-free number, 1-888-357-7332, which provides access to the same public information.

If you have any questions or concerns regarding this law, please contact the Dean of Student Affairs.

West Palm Beach

In recognition of our commitment to Florida's "Protecting Our Children from Sexual Predators Act," please be advised that the Florida Department of Law Enforcement (FDLE) maintains a sexual predator and sexual offender registry website, which can be located at: <https://offender.fdle.state.fl.us/offender/homepage.do>. Veterans Affairs

Veterans Education Act

The Veterans Education Act provides varying levels of assistance to eligible veterans, disabled veterans, and their dependents. If you are a veteran or the dependent of a veteran, contact the local Veterans Affairs office in your region, visit www.gibill.va.gov.

U.S. Departments of Veterans Affairs and Defense Education Benefits

South University has been approved by the veteran state approving agency in the states listed below for the training of veterans and eligible veterans' dependents. Where applicable, utilizing the Department of Veterans Affairs education benefits may receive assistance from the School Certifying Official in the filing of appropriate forms. These students must maintain satisfactory attendance and academic progress (refer to the Satisfactory Academic Progress Policy of the catalog for more information). Students receiving veterans' benefits must report all prior education and training. South University will evaluate prior credit and accept that which is appropriate. South University will not impose any penalty or late fees, deny access to classes, libraries, or other campus facilities, or require a covered individual to borrow additional funds due to delayed payments from the VA under chapter 31 or 33. Students with questions should contact the veteran state approving agency for the state in which their campus operates.

Alabama: South University, Montgomery, is approved for the training of veterans and other eligible individuals by the Alabama State Approving Agency under the Code of Alabama §§ 31-6-1, et seq. In accordance with Alabama state approving agency policy, it is required that all transcripts are on file and all prior learning has been evaluated for transfer into the student's educational program by the completion of two (2) academic terms. Failure to have an evaluation completed by this timeframe will result in a suspension of the student's certified attendance to the VA until an evaluation is complete. Students with questions should contact the Alabama State Approving Agency (P.O. Box 302130, 135 South Union Street, Montgomery, AL 36104; Phone: 334-293-4664; Fax: 334-293-4663; www.accs.cc).

Florida: South University, Tampa, South University, Orlando Off-Campus Instructional Site and South University, West Palm Beach, are approved for training veterans and other eligible individuals by the Florida Department of Veterans' Affairs, Bureau of State Approving Agency for Veterans Education, Training . In accordance with Florida state approving agency policy, it is required that all transcripts are on file and all prior learning has been evaluated for transfer into the student's educational program by the completion of two (2) academic terms. Failure to have an evaluation completed by this timeframe will result in a suspension of the student's certified attendance to the VA until an evaluation is complete. Students with questions should contact the Florida Department of Veterans' Affairs, Bureau of State Approving Agency for Veterans Education, Training (9500 Bay Pines Boulevard, Room 214; Bay Pines, FL 33744; 727-319-7402; www.floridavets.org).

Georgia: South University, Savannah, is approved for training veterans and other eligible individuals by the State of Georgia Department of Veterans Services' Veterans Education and Training Division (Floyd Veterans Memorial Building., Suite E-970; Atlanta, GA 30334-4800; 404-656-2306 or 404-656-2322; <http://sdvs.georgia.gov/>).

North Carolina: South University, High Point Off-Campus Instructional Site is approved for the training of veterans and eligible veterans' dependents by the North Carolina State Approving Agency. In accordance with North Carolina state approving agency policy, it is required that all transcripts are on file and all prior learning has been evaluated for transfer into the student's educational program by the completion of two (2) academic terms. Failure to have an evaluation completed by this timeframe will result in a suspension of the student's certified attendance to the VA until an evaluation is complete. Students with questions should contact the North Carolina State Approving Agency (120 Penmarc Drive, Suite 103; Raleigh, NC 27603-2434; 919-733-7535; <http://www.northcarolina.edu/?q=academic-affairs/nc-state-approving-agency-ncsaa>).

South Carolina: South University, Columbia, is approved for the training of veterans and other eligible persons by the State Approving Agency. In accordance with South Carolina state approving agency policy, it is required that all

transcripts are on file and all prior learning has been evaluated for transfer into the student's educational program by the completion of two (2) academic terms. Failure to have an evaluation completed by this timeframe will result in a suspension of the student's certified attendance to the VA until an evaluation is complete. Students with questions should contact the South Carolina State Approving Agency (1122 Lady Street, Suite 300, Columbia, SC 29201; 803-737-2260; www.che.sc.gov).

Texas: South University, Austin, is approved for training veterans and other individuals by the Texas Veterans Commission (PO Box 12277, Austin, TX 78711-2277; 800-252-8387; www.tvc.state.tx.us).

Virginia: South University, Richmond, and South University, Virginia Beach are approved for training veterans and other eligible individuals by the Virginia Department of Veterans Services, State Approving Agency Veterans Education, Training and Employment (101 North 14th Street, 17th Floor; Richmond, Virginia 23219; 804-225-2083; <http://www.dvs.virginia.gov/>).

The Virginia State Approving Agency (SAA), is the approving authority of education and training programs for Virginia. Our office investigates complaints of GI Bill beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact our office via email saa@dvs.virginia.gov

As a **Department of Defense Memorandum of Understanding** education institution participant and signatory, South University is approved for Tuition Assistance. Eligibility for Tuition Assistance varies by military branch. Military spouses may also be eligible to use Department of Defense educational benefits under the Military Spouse Career Advancement Scholarship (MyCAA) program. Service members or military spouses wishing to use Department of Defense education benefits must obtain approval from their respective military branch or the Department of Defense prior to starting the course.

While benefit and eligibility information is provided by South University, the ultimate approval of a student's ability to use a particular benefit is determined by the respective government agency offering the benefit. Eligible service members, veterans and dependents may contact the Student Financial Services department at South University to learn more about these programs and participation. For additional information, visit www.southuniversity.edu.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at http://www.benefits.va.gov/GIBILL/Trademark_Terms_of_Use.asp.

Vocational Rehabilitation Programs

Every state has programs to help people with physical and mental disabilities. Some states offer retraining programs for people who have been out of the job market for a length of time, for example. Eligibility criteria and amounts vary according to federal, state and private agency regulations. Students must apply directly to and be approved for benefits through the appropriate federal, state, or private agency. For more information, contact your local vocational rehabilitation office, unemployment office, or your state department of human resources.

Military and Veteran Institutional Scholarships

South University is proud to offer institutional scholarship opportunities to qualifying military veteran students and Active Duty military and their spouses. Eligibility may be based upon current or former military affiliation or relationship to a current military service member. A signed Memorandum of Understanding (MOU) will need to be submitted and documentation will be required to prove eligibility. School personnel will be able to advise you regarding available scholarships, eligibility requirements and required documentation.

Military Personnel

South University is pleased to offer a Military Tuition Scholarship to eligible Active Duty service members and Active and Drilling members of the Reserve and National Guard.

For undergraduate programs, the cost of tuition is \$166.00 per quarter credit hour after the military tuition scholarship is applied.

For graduate level programs, South University offers a Military Tuition Scholarship of 10%.

Veterans and Active Duty Military Spouses

For undergraduate and graduate level programs, South University offers eligible veterans and spouses of Active Duty service members a Military Tuition Scholarship of 10%.

Veteran Supplemental Housing Grant

This grant assists qualifying Veteran students, attending a campus that has ceased enrolling, to offset the reduction in the housing allowance paid by the Department of Veterans Affairs (VA). Additional information about eligibility is available from the financial aid office.

Student Right to Know and Student Consumer Information

According to regulations published by the Department of Education based on the Student Right-to-Know Act, the graduation/completion rates for first-time, full-time students who entered school and graduated/completed within 150% of the normal time to complete the program, as published in the catalog must be made available to current and prospective students. You may obtain this information in the Admissions Office or in the Student Consumer Information section of the school's website.

State Licensure Determinations - Serves as a determination of meeting national/state licensure exams.

Note: It does not mean SU enrolls in all states.

College/School Of:	Program Name	National Licensure Required for Employment	Curriculum Meets State Licensure Requirements*	Curriculum Does Not Meet the State Requirements for Licensure*	No Determination Curriculum Meets the State Licensure Requirements*
Arts and Sciences	Master of Arts in Clinical Mental	Graduates may sit for the National Certified Counselor (NCC) by the National Board for	Florida, Georgia, North Carolina, South	N/A	Alabama, Alaska, Arizona, California, Colorado,

	Health Counseling	Certified Counselors (NBCC)	Carolina, Texas, and Virginia		Connecticut, Delaware, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Dakota, Tennessee, Vermont, Washington, West Virginia, Wisconsin, and Wyoming
Business	Bachelor of Science in Accounting to Master of Science in Accounting	The determination is based on this program leading to the Certified Public Accounting (CPA) Examination. Graduates are eligible for employment in accounting positions not requiring the CPA.	Alaska, Arizona, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Indiana, Kansas, Kentucky, Louisiana, Maine, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Mexico, North Dakota, Ohio, Oklahoma, South Carolina, South Dakota, Tennessee, Utah, Vermont, Virginia, Washington, and Wisconsin	Alabama, Arkansas, California, Colorado, Illinois, Mississippi, New Jersey, North Carolina, Pennsylvania, Rhode Island, Texas, West Virginia, and Wyoming	District of Columbia, Iowa, Massachusetts, New York, and Oregon

Business	Bachelor of Science in Accounting	The determination is based on this program leading to the Certified Public Accounting (CPA) Examination. Graduates are eligible for employment in accounting positions not requiring the CPA.	Alaska, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Kansas, Kentucky, Louisiana, Maine, Michigan, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, North Dakota, Ohio, Oklahoma, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, and Wyoming	Alabama, Arizona, Arkansas, California, Kansas, Maryland, Minnesota, North Carolina, Rhode Island, and Wisconsin	District of Columbia, Iowa, Massachusetts, New York, and Oregon
Business	Master of Science in Accounting	The determination is based on this program leading to the Certified Public Accounting (CPA) Examination. Graduates are eligible for employment in accounting positions not requiring the CPA.	Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Kansas, Kentucky, Louisiana, Maine, Maryland, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, North Dakota, Ohio, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, and Wyoming	Alabama, North Carolina, and Oklahoma	District of Columbia, Iowa, Massachusetts, New York, and Oregon
Health Professions	Anesthesia Science (MMSc) degree program	Graduation from a CAAHEP/ARC-AA accredited	ALL - Alabama, Colorado, DC, Florida, Georgia,	N/A	N/A

	(Anesthesiologist Assistant Program)	anesthesiologist assistant program permits students to sit for the national certification exam administered by the National Commission for Certification of Anesthesiologist Assistants (NCCAA). The National Commission's charter includes assuring the public that certified anesthesiologist assistants (CAA) meet basic standards related to fund of knowledge and application of that knowledge to the duties of practicing as a certified anesthesiologist assistant.	Indiana, Kentucky, Missouri, North Carolina, New Mexico, Ohio, Oklahoma, South Carolina, Vermont, and Wisconsin regulate AA practice through state licensure. In states that have delegatory practice, the facility credentialing department require graduation from CAAHEP Accredited program and successful passage of the NCCAA exam.		
Health Professions	Master of Science in Physician Assistant	Graduates of this program are eligible to sit for the Physician Assistant National Certifying Examination (PANCE) administered by the National Commission on Certification of Physician Assistants, Inc. (NCCPA)	All	N/A	N/A
Health Professions	Associate of Science in Occupational Therapy Assistant and Associate of Applied Science in Occupational Therapy Assistant	Graduates of this program are eligible to sit for the National Certification Examination for Occupational Therapy Assistants administered by the National Board for Certification in Occupational Therapy which leads to Certified Occupational Therapy Assistant (COTA). Additional state requirements may apply	Associate of Science = Florida and South Carolina Associate of Applied Science = Virginia	N/A	N/A

Health Professions	Associate of Applied Science in Physical Therapist Assistant and Associate of Science in Physical Therapist Assistant	CAPTE accreditation of a physical therapist or physical therapist assistant program satisfies state educational requirements in all states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. Thus, students graduating from CAPTE-accredited physical therapist and physical therapist assistant education programs are eligible to take the National Physical Therapy Examination and apply for licensure in all states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. For more information regarding state qualifications and licensure requirements, refer to the Federation of State Boards of Physical Therapy website at www.fsbpt.org .	All South University Offerings are: Associate of Applied Science = Virginia Associate of Science = Alabama, Florida, Georgia, South Carolina, and Texas	N/A	N/A
Nursing and Public Health	Bachelor of Science in Nursing	Graduates of the Bachelor of Science in Nursing must pass the National Council Licensure Examination Registered Nurse (NCLEX-RN) in order to obtain licensure and begin practice as a registered nurse.	All	N/A	N/A
Pharmacy	Doctor of Pharmacy	Graduation from our ACPE accredited program allows graduates to sit for the NAPLEX [®] , MPJE [®] and any additional state licensing exams. The North American Pharmacist Licensure Examination	All	N/A	N/A

		(NAPLEX®) measures a candidate's knowledge of the practice of pharmacy. The MPJE®, or Multistate Pharmacy Jurisprudence Examination®, combines federal- and state-specific questions to test the pharmacy jurisprudence knowledge of prospective pharmacists. It serves as the pharmacy law examination in participating jurisdictions.			
--	--	---	--	--	--

** Note: This chart represents states where our curriculum meets the state requirements, however, is not intended to imply that South University enrolls all students from all states. For specific information regarding enrolling, please contact the location you are interested in attending.*

Admissions

Application Procedure

South University operates on a quarter system with terms beginning in October, January, April, and June. The University also offers compressed class calendars to meet the needs of the students.

The School of Pharmacy's quarters begin in June, September, January and March. New students may matriculate only in June of each year.

The academic calendar for the Master of Medical Science in Anesthesia Science program is 9 quarters in length, beginning in June of each year, with subsequent terms beginning in September, January and March. New students may matriculate only in June of each year.

South University's online classes operate in a compressed format of 28-day, 5 and 10 weeks designed to meet the needs of today's busy adults.

Applications for General Admission - contact the following locations:

Atlanta Off-Campus Instructional Site: Office of Admissions South University c/o South University, Savannah 709 Mall Boulevard Savannah, GA 31406 Toll-Free: 866-269-2901	Richmond: Office of Admissions South University 2151 Old Brick Road Glen Allen, VA 23060 Toll-Free: 888-422-5076

Undergraduate Admissions Procedure

The following steps must be completed before a final decision for admission may be reached and the student is allowed to register:

1. Submit the application form.
2. Submit acceptable verification of high school graduation or the equivalent within ten weeks of the class start date. Acceptable verification of high school graduation or the equivalent would include a copy of a high school diploma, high school transcript (official or unofficial), GED®* certificate, or GED scores and state-authorized examination scores (ex. HiSET, TASC) or a state-issued certificate designated as the equivalent of a high school diploma. In states that maintain a database that serves as an official registry of high school and GED graduates, an excerpt from the official database documenting the student's graduation or GED completion may be used. Campuses in South Carolina must be provided with official high school transcripts or GED scores or state-issued certificates designated as the equivalent of a high school diploma. Students applying to Graduate Programs do not need to provide verification of high school graduation.
3. Complete all tests administered by the University or submit SAT, or ACT scores to the registrar's office.

All documents become the property of South University and will not be returned. After receipt of the application form, the University will schedule a date for the administration of tests and notify the applicant. Upon completion of the above steps, each applicant will receive written notification of the action taken by the admissions office.

Note: Additional applications and materials may be required by some programs at South University. Procedures and additional admission requirements related specifically to these programs can be found in this section of the catalog, and online at www.southuniversity.edu.

*GED® is a registered mark of American Council on Education.

General Undergraduate Admission Requirements

To be admitted to any of the undergraduate programs at South University, the prospective student must provide proof of high school graduation as recognized by the state of residence on the date the degree was earned, or the equivalent (e.g. GED with no single test score below 145 or numeric score equivalent to 2.0 on old version or state-issued certificate designated as the equivalent of a High School Diploma) with a minimum CGPA of 2.0 on a 4.0 scale. The prospective student must also complete the university administered placement tests prior to the start of the first quarter for campus students and during the first session of attendance for online students. South University accepts the International Baccalaureate Program diploma as meeting the requirement for high school graduation. Credentials earned outside the United States must be evaluated by a NACES or AICE-member credential evaluation service. Please speak with an admissions representative for more information.

Students with less than the minimum CGPA of 2.0 on a 4.0 scale may meet admissions requirements by submitting a minimum combined SAT (Evidence-Based Reading and Writing, and Math) score of 700 or 900 on the old SAT, a combined ACT score of 18, or a satisfactory score on the university-administered admissions examination (see the Admissions Office) or meet the criteria established for acceptance as a transfer student.

Students with less than the minimum CGPA of 2.0 on a 4.0 scale may be admitted provisionally for two quarters. Failure to achieve a 1.5 CGPA in the first two quarters of attendance will result in dismissal. Students may appeal the dismissal by following the Procedures for Appealing Academic/Financial Aid Dismissal Policy.

To facilitate the admissions process, unofficial documentation, such as copies of transcripts or grade reports, may be used to determine admission status. Transfer status cannot be designated, however, without some verifying documentation. Admissions test scores on university administered entrance exams will not be accepted from other universities. Prospective students must take a University administered admission exam, like the Accuplacer, at South University.

A student's failure to provide acceptable verification of proof of high school graduation within 10 weeks of his or her start date will result in the following:

- Removal from class
- Cancellation of enrollment
- No final course grades
- No transcript

NOTES: Students who do not provide proof of high school graduation within the 10-week period will not be responsible for any tuition and related fees.

South University may grant exceptions to the 10-week period for unusual situations or circumstances. All exceptions must be submitted to the office of the University Registrar for approval.

Please see the policy on GPA Calculation for Admission for additional information

Admission of Transfer Students

To be eligible for admission, transfer students must complete the application procedures and satisfy the following criteria:

1. Submit a completed application for admission.
2. Have earned 24 or more credit hours, or the equivalent (e.g. 16 semester hours), with a cumulative GPA of 2.00 from an acceptable accredited collegiate institution.
3. Submit official transcripts (including verifiable faxed transcripts) from all colleges and universities attended.
4. Submit self-certification of high school graduation or GED completion.

For transfer of credit practices refer to the applicable section under the Academic Affairs section of this catalog.

Transfer students accepted into South University who have earned 24 or more quarter credit hours or the equivalent (e.g. 16 semester hours), with a cumulative GPA of 2.00 from an acceptable accredited collegiate institution, and who are not required to take ENG0099 and/or MAT0099, will be exempt from taking the UVC1000 Strategies for Success. Students will select another 4 credit course in consultation with their Academic Advisor or Academic Counselor to fulfill the degree requirements.

Transfer students will be exempted from developmental courses on the basis of grades earned in credit bearing English or mathematics courses transferred to South University, if applicable, or SAT or ACT, or scores on the University administered entrance exam only if the exam was taken at South University.

Students with 24 or more quarter credits with less than a 2.0 GPA may be admitted provisionally for one quarter. Students enrolled in developmental courses as part of their provisional admission must attain a grade of "C" or better in these courses. Failure to achieve a 2.0 GPA in the first quarter of attendance will result in dismissal. Students may appeal the dismissal by following the Procedures for Appealing Academic/Financial Aid Dismissal Policy.

Students who are citizens of countries other than the United States should refer to the section entitled International Student Admissions Policy.

Students who are transferring from or to a school within the University of North Carolina or the North Carolina Community College System should be aware of the Comprehensive Articulation Agreement approved by both governing Boards on March 1, 1996 and revised in September of 2008. This agreement may be found in its entirety at the following website: http://www.northcarolina.edu/sites/default/files/caa-feb_21_2014-board_approved.pdf.

Academic Placement Tests

Placement tests in Algebra and Sentence Skills are administered to determine if a student needs additional preparation in either of these areas. If need is determined, the student must enroll in the required course(s) in the first quarter in which scheduling the required course(s) is practical. All students who do not meet the criteria below must take placement tests during the admissions process unless they are transfer students. Note that in all cases transfer credit is not awarded for developmental courses.

Students being admitted on the basis of SAT and ACT scores will be exempt from taking the related placement test if they meet the certain criteria.

Exemption from MAT0099 Principles of Algebra, or ENG0099 Principles of Composition, is based on the following:

MAT0099

ACT Math > 14

SAT Math Section Score > 440

ENG0099

ACT English > 14

SAT Evidence-Based Reading Test > 23

Transfer students must take the appropriate placement test(s) if they are not exempt from either MAT0099 and/or ENG0099. Transfer students may be exempted from developmental courses in one of the following ways:

- On the basis of grades earned (at a C or better) in credit-bearing, non-developmental courses taken at an acceptable accredited institution that are equivalent to (or at a higher level than) the non-developmental courses offered at South University and are considered for transfer to South University.

- If applicable, students may also be exempted from developmental courses on the basis of SAT or ACT scores as noted above.
- Students may also take the University administered placement examination at South University campuses to seek such exemptions.
- Only original documents (such as transcripts, SAT or ACT scores, etc.) will be considered in final decisions.

Home-Schooled Students

Home-schooled students are individuals who have completed a secondary school education in a home-school setting that is treated as a home school or a private school under state law. The student must have accomplished the following:

- Obtained a secondary school completion credential as provided by state law, or
- Completed a secondary school education in a home school setting under state law.
- Students must provide evidence that home-schooling was conducted in accordance with state laws. A certificate of attendance or completion is not sufficient.

Admission of Transient Students

Transient students are admitted only for a specified period of time - normally one quarter. Applicants for transient status must file a regular application form and submit a statement from their dean or registrar that they are in good standing and have permission to take specific courses at South University for transfer to their own institutions when satisfactorily completed. Since transient students are not admitted as regular students, transcripts of university work completed elsewhere are not usually required of such applicants. Transient students who wish to remain enrolled longer than one quarter must meet all requirements for general admission or transfer students.

Dual Enrollment for High School Students

Through this program for outstanding high school seniors, students may pursue collegiate coursework while completing their high school requirements. Students accepted into this program will be allowed to enroll part-time or full-time at the University, provided they meet course prerequisites and receive permission from their high school principal or counselor. Students may forfeit the privilege of the program if they receive a grade below a C in their collegiate coursework or if their high school average falls below a B. To be considered for this program, a student must satisfy all of the following criteria:

1. Provide a written recommendation from the principal or counselor.
2. Have the written consent of a parent or guardian.
3. Complete the eleventh grade before application.
4. Attain a satisfactory score on the ACT or SAT, or on the University entrance exam.
5. Achieve a minimum grade point average of 3.0 in high school work completed.

Further information about this program can be obtained through the Admissions Office or Registrar's Office.

Specialized Program Admission

Enrollment in some programs is limited; therefore, to be considered for selection, applicants must meet the minimum criteria as detailed in the individual application packets for these programs.

Additional Admission Requirements for Select Undergraduate programs

Procedure for Admission to the Bachelor of Science in Nursing Program

General Entry into the Bachelor of Science in Nursing (BSN) Program

Admission into the BSN degree program is a two step process:

- Students interested in pursuing the BSN degree are eligible for general entry into the Bachelor of Science in Nursing Program by meeting requirements for entry into South University.
- Students must meet all prerequisite requirements to be considered for admission to the professional phase of the Bachelor of Science in Nursing.

Admission to the Professional Phase of the Bachelor of Science in Nursing

The criteria used to determine admission to the Bachelor of Science in Nursing degree program include:

- Completion of the application for admission.
- Completion of 90 quarter hours (QH) of science and general education courses as required for admission to BSN degree program with a grade of C or better. Science courses are not accepted for transfer if they are older than 7 years at the time of application to South University.
- A cumulative GPA (CGPA) of 2.75 or better on a 4.0 scale in the nursing pre-requisite courses. *Note: South University, Columbia requires a 3.0 or better.*
- A GPA of 2.75 or better in the following science courses: BIO1011 Anatomy and Physiology I and BIO1012 Anatomy and Physiology I Lab; BIO1013 Anatomy and Physiology II and BIO1014 Anatomy and Physiology II Lab; BIO2070 Microbiology and BIO2073 Microbiology Laboratory; CHM1010 General Chemistry; BIO2015 Human Pathophysiology. *Note: South University, Columbia requires a 3.0 or better.*
- A grade of "C" or better in all general education courses
- Entrance test results (TEAS test)
- A completed, approved Level I and Level II background check
- Completed application for admission to the BSN degree program form.
- Official transcripts from every college or university attended, including courses taken at South University.
- Meet the Core Performance Standards and essential functions related to the profession of nursing as described in this catalog
- Completion of prerequisite courses at South University will be considered in the ranking process.

Provisional admission may be granted if the student is completing prerequisites in the term before matriculation into the nursing program. On the day of matriculation into the nursing, the student must meet the admission criteria as outlined above. Failure to meet requirements of admission will result in rescinding the provisional admission status.

Provisional admission to the BSN program may be granted to students who matriculated into the BS in Public Health program prior to spring quarter 2018 whose CGPA and/or science courses GPA are between 2.5 and 2.74. Students seeking readmission after an absence of one year or longer must meet the BSN admissions requirements stated above and are not covered under provisional admissions.

Acceptance into the Professional Phase of the Bachelor of Science Nursing

Upon acceptance into the Nursing Program, the student must submit:

- A nonrefundable one -time Acceptance Fee for enrollment into the BSN program. This fee will be applied to the student's first quarter tuition payment. Students enrolling in the RN to BSN program are not required to pay the registration/acceptance fee.
- Completed current physical examination record with required immunizations, titers, lab results, and tuberculosis assessment.
- Urine drug screen
- Evidence of health insurance

Pre-Licensure (BSN) Laptop Computer Requirement

Laptop computers are required for use in testing. All students are required to have a laptop computer with Internet access that meets university specifications.

Comprehensive Background Check

Please see the General Admissions Policies section of the catalog below.

Acceptance into a South University educational program, or its completion, does not imply or guarantee that a student will be able to obtain licensure or certification.

The Nursing Program Director may be required to submit written documentation regarding the student status to boards of nursing and clinical agencies as early as receipt of the student's CONPH application. Students may be required to obtain additional background checks as requested by clinical agencies or boards of nursing.

Procedure for Admission to the RN to BSN Program**

*** South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

The criteria used to determine admission to the RN to BSN degree program include:

- Completion of the application for admission.
- An associate's degree in nursing from an accredited collegiate institution, or a diploma in nursing from an accredited institution
- A cumulative GPA of 2.00 or better on a 4.00 scale.
- Submission of official transcripts from every college or university attended within 10 weeks after the initial start date.
- A valid and unencumbered license as a registered nurse in all US states or territory in which the student is licensed, including the state in which the student completes all assignments for the program. (Note that military, federal, and foreign educated nurses must meet this state requirement for nursing licensure).
Note: An unencumbered license(s) must be maintained throughout the program.
- All general education prerequisites must be completed before the student takes any professional nursing courses beyond the 3000 level.

Admission to the Legal Studies (BS) and Paralegal Studies (AS) Degree Programs

Students seeking admission into these degree programs must meet all requirements for admission into the University. Students seeking admission as transfer students must meet additional standards stated in this section of the catalog as well as those required of all transfer students seeking to enroll in South University.

All students enrolling in the partially online program offered through the Savannah campus must document that at least four (4) legal specialty courses comprising at least sixteen (16) credit hours of credit were completed in a traditional classroom format. The program requires that LGS1005 Legal Research and Writing I be completed in a traditional classroom format. The student can complete any other three (3) legal specialty courses in a traditional classroom format with the approval of the Program Director in consultation with the Registrar.

Students already enrolled in the partially online program seeking to meet the requirement that at least sixteen (16) credit hours of coursework must be completed in a traditional classroom format, including LGS1005 Legal Research and Writing I, will work with their online Academic Counselor and the online Program Chair or Program Director to identify an acceptable college or university where such work may be completed. Targeted courses will be identified and pre-approved by the online Program Chair or Program Director working with the Academic Counselor and Registrar using the criteria listed above as applicable.

By completion of the LGS1001 course, partially online students must have pre-approvals for the four traditional-format classes in their file. Students may complete no more than three online legal specialty courses with South University before taking the four required traditional-format courses. Exceptions can be approved at the discretion of the Program Chair.

Procedure for Admission to the Associate of Science in Medical Assisting Program

In addition to general admission to the University, students should be able to meet the following technical standards for the Medical Assisting Program.

1. Applicants are not eligible for admittance into any portion of the MA program if they have a felony conviction, plea, or adjudication withheld, or any disqualifying misdemeanor, for which a pardon or exemption for disqualification has not been received, including but not limited to rape or sexual abuse or molestation, and abuse, endangerment, or neglect of a child, disabled person, or elderly person.
2. Students must complete a background check and drug screen at their own cost using the agency identified by the MA Program Director. No other background checks or drug screen will be accepted. The background check and drug screen must be completed within three weeks of the intended start date of the first Medical Assisting Practicum clinical placement. Students with positive drug screen results will not be allowed to start the MA Practicum and will be referred to the MA Progression Committee. The Medical Assisting (MA) program follows the College of Health Professions Background Check Policy and Substance Abuse and Screening Policy located in the South University Catalog (www.southuniversity.edu/admissions/academic-catalog).
3. Students must provide verification of a physical exam and a provider level CPR/First Aid certification at their own expense prior to the start of clinical courses in the technical phase of the MA program.
4. Students must meet the technical standards describe the physical abilities and behavioral characteristics required of students for full participation, and successful completion of the Medical Assisting program, as well as to function as a fully qualified medical assistant after graduation. Prospective Medical Assisting students should carefully look over these standards and determine if they have any limitations that may

interfere with their ability to satisfy any of these requirements. The requisite standards include, but are not limited to:

- **Sensory**
Medical Assisting students must be able to read charts, graphs, instrument scales and medication orders, prepare and maintain medical records, and use their senses of hearing and touch to recognize emergencies and to assess the patient's physical condition.
- **Communication**
The Medical Assisting student must be able to read and write effectively in order to transmit information to all members of the healthcare team. The student must also be able to assess nonverbal communication and respond appropriately.
Additional requirements include the ability to interview and record patient histories, provide patient care instructions, use correct telephone technique, collect, prioritize and convey information.
- **Fine Motor Skills**
The Medical Assisting student must manifest all the fine motor skills necessary to safely and accurately use medical instruments and perform diagnostic and clinical procedures (e.g. obtaining the patient's blood pressure, heart rate and temperature, drawing blood and administering non-intravenous injections). The student must be able to perform basic secretarial skills, including using a keyboard and the operation of common office equipment.
- **Gross Motor Skills**
The Medical Assisting student must be able to support patients when ambulating, assist patients in and out of a wheelchair, and on and off an examination table. Students must be able to reach equipment and supplies and respond appropriately to emergency situations in a timely manner.
- **Psychological Stability**
The Medical Assisting student must demonstrate the ability to handle difficult interpersonal situations in a calm and tactful manner. The student must also be able to maintain a composed, competent, and confident demeanor during emergency situations.

Procedure for Admission into the Professional Phase of the Associate of Science or Associate of Applied Science in Occupational Therapy Assistant Program

Admission into the Occupational Therapy Assistant (OTA) program is a two-step process:

1. Candidates are eligible to enter the general education phase of the OTA program as "OTA students" by meeting South University's General Undergraduate Admission Requirements.
2. Candidates must complete prerequisite coursework and meet all requirements outlined below to be eligible for admission to the professional phase of the OTA program.

Students may transfer prerequisite courses into the program before entering the professional phase if approved by the registrar. The coursework that is transferred to South University must permit the student to obtain a 2.85 CGPA by the time the student applies for admission into the OTA professional phase. Students who transfer coursework into South University but cannot mathematically attain a CGPA of 2.85 by the time they would enter the professional phase will not be admitted to the OTA program.

Transfer credit will not be accepted for South University courses with an OTA prefix.

Note: This policy does not apply to South University OTA students (in good standing) transferring between campuses

Admission Requirements for the Professional Phase of the Occupational Therapy Assistant Program

Applicants must apply for admission into the professional phase of the Occupational Therapy Assistant (OTA) program. Applicants must submit a complete application packet and meet all admission requirements as stated below to enter the ranking process. The professional phase slots will be filled by applicants with the greatest academic potential for success as determined by the ranking process. Applicants with the highest numerical ranking will be admitted to the professional phase of the program.

The criteria to determine admission to the OTA program include:

1. Application must be submitted seven (7) weeks before the start of the professional phase of the program.
2. Applicants must meet the Essential Functions of the OTA program.
3. Applicants must have a minimum grade of 'C' or above in all prerequisites, except for the following courses, in which students must achieve a minimum grade of 'B' or above: BIO1011 Anatomy and Physiology I, BIO1012 Anatomy and Physiology I Lab, BIO1013 Anatomy and Physiology II, BIO1014 Anatomy and Physiology II Lab, PSY2022 Human Growth and Development, and OTA1001 Introduction to Occupational Therapy. Applicants will not be eligible to apply to the OTA Professional Phase if they receive more than one D or F in OTA1001 Introduction to Occupational Therapy.
4. Applicants must achieve a minimum CGPA of 2.85 or greater in prerequisite coursework. All prerequisite coursework must be successfully completed prior to entry into the Professional Phase of the OTA program.
5. Applicants must have successfully completed the following courses in the past seven years from the intended start date of the Professional Phase of the OTA program: Medical Terminology, Anatomy and Physiology I (lecture and lab) and Anatomy and Physiology II (lecture and lab).
6. Applicants must have official transcripts on file at South University at the time of application to the Professional Phase of the OTA program. Applicants are responsible for requesting official transcripts from all postsecondary institutions attended and having them sent to South University. All associated fees are the responsibility of the applicant.
7. Applicants must complete and submit an OTA Application when applying for acceptance in the Professional Phase of the OTA program; this includes a signed Acknowledgement of Risk and Release of Liability form and Student Medical Insurance Verification form (along with copy of the front and back of the medical insurance card). The applicant must upload proof of medical insurance to the background screening and compliance tracking agency identified in the OTA Application.
8. Applicants must submit ATI TEAS scores, which will not be accepted if greater than 5 years old. All associated fees are the responsibility of the applicant.
9. Applicants must complete the OTA Video Observation Form and submit their responses with the OTA Application.
10. Applicants must complete an American Heart Association BLS CPR certification course (or equivalent as deemed by the program) and provide a copy of a valid card. The card must remain valid throughout all fieldwork rotations. All associated fees are the responsibility of the applicant.
11. Applicants must complete a background check at their own cost using the background screening and compliance tracking agency identified in the OTA Application. Applicants must meet timelines and requirements as detailed in the application packet. The OTA program follows the College of Health Professions Background Check Policy and Substance Abuse and Screening Policy located in the South University Catalog. Applicants are not eligible for admittance into any portion of the OTA program if they have a felony conviction, plea, or adjudication withheld, or any disqualifying misdemeanor, for which a pardon or exemption for disqualification has not been received, including but not limited to rape or sexual abuse or molestation, and abuse, endangerment, or neglect of a child, disabled person, or elderly person.
12. Applicants must complete a drug screen at their own cost using the background screening and compliance tracking agency identified in the OTA Application. Applicants must meet timelines and requirements as detailed in the application packet. The OTA program follows the College of Health Professions Substance Abuse and Screening Policy located in the South University Catalog. Applicants with positive drug screen results will not be admitted into the OTA program. Applicants may be eligible to reapply to a future admissions cycle.
13. Applicants must provide proof of required immunizations as identified in the OTA Application. Evidence that the Hepatitis B immunization series has been initiated or the signed waiver declining the Hepatitis B immunization must be provided at the time of application and completed according to CDC guidelines. All other immunizations must be initiated by the application deadline and completed by the start date of the OTA Professional Phase. The student must upload all original lab results and evidence of immunization through the background screening and compliance tracking agency identified in the OTA Application. All associated fees are the responsibility of the applicant.

14. Applicants must show evidence of a physical exam by a physician, nurse practitioner, or physician assistant; results must be uploaded through the agency identified in the OTA Application. All associated fees are the responsibility of the applicant.
15. Applicants must be in good standing with South University. All requirements for Financial Aid must have been met, as applicable.

Ranking of Applicants for Admission into the Professional OTA Curriculum will be based upon the following criteria:

Ranking will be based upon:

1. Cumulative GPA in required prerequisite coursework (2.85 or greater required).
2. Science GPA (required to score a B or higher in these courses; science coursework will not be accepted if greater than 7 years old).
 - a. AHS1001 Medical Terminology
 - b. BIO1011 Anatomy and Physiology I
 - c. BIO1012 Anatomy and Physiology I Lab
 - d. BIO1013 Anatomy and Physiology II
 - e. BIO1014 Anatomy and Physiology II Lab
3. The ATI Test of Essential Academic Skills (TEAS).

NOTE: If a qualified student is not accepted or if a student is unable to matriculate into the Professional OTA Curriculum, s/he may use that same application to apply into the next cohort on that same campus within one year from the date of application submission. After that time, the student must apply as a new student.

Essential Functions for the OTA Program

The following are considered to be essential functions related to the profession of occupational therapy to be successful in the Occupational Therapy Assistant (OTA) program and in future employment as a Certified Occupational Therapy Assistant (COTA).

It is the responsibility of the OTA Program at South University to inform students considering a career as a COTA about the essential functions required both in the academic program and in the workforce. Factors and requirements will vary, depending on the specific area of practice and work setting.

Students must demonstrate safe and continuous application of these essential functions or of any and all others that are integral to the success of the OTA student and future occupational therapy practitioner. Students will display professional behaviors, assess their own performance with respect to the behaviors, and be ready to make behavioral changes as directed by academic and clinical faculty.

In addition, the OTA Progressions Committee may become involved in issues related to a student's performance of the essential functions. The OTA Progressions Committee may make recommendations to the OTA Program Director that result in, but are not limited to, a lower course grade, the creation of a remediation plan, exclusion from a course, dismissal from a Level I or Level II Fieldwork experience, professional behavior probation or dismissal from the OTA program and/or South University.

Both Section 504 of the Rehabilitation Act, 29 U.S.C.A. Section 794, and the Americans with Disabilities Act prohibit discrimination against "otherwise qualified" persons with a disability. South University provides accommodations to qualified students with disabilities. The Disability Services office assists qualified students with disabilities in acquiring reasonable and appropriate accommodations.

All students must demonstrate competency in the following essential functions related to the profession of occupational therapy:

Behavioral/Emotional Functions

Adaptation: The ability to respond with flexibility to change or difference.

Emotional Stability: The ability to control one's own emotions, differentiate between different emotions and identify each appropriately; use emotions to guide thinking and direct behavior.

Interpersonal Skills: The ability to interact effectively with others.

Safety: Maintain the well-being of others in compliance with policies and procedures.

Ethics: The ability to distinguish between right and wrong, to comply with authority and with policies and procedures.

Professional Behavior and Appearance: The ability to adjust behavior and appearance in response to given circumstances.

Cognitive Functions

Critical Thinking: The ability to define and resolve issues by asking questions, gathering and analyzing information.

Time Management: The ability to identify and prioritize tasks to be accomplished and maintain work pace appropriate to given work load.

Math, Reading Comprehension: The ability to apply basic math functions, calculate time and simple measurements; comprehend written words.

Perception: The ability to be aware of things in relation to others and to discriminate between those relationships.

Communication Functions

Verbal: The ability to speak using the English language, clearly communicating and clarifying information.

Written: The ability to communicate legibly and concisely in English, using proper grammar, punctuation, spelling, style and formatting.

Listening, Comprehending, Responding: The ability to hear, understand and respond appropriately to what was communicated.

Sensory Functions

Hearing: The auditory ability to detect sound within 10 feet away, sufficient to monitor clients and interact with others.

Touch: The ability to come into physical contact with something and perceive that it is there.

Vision: The ability to look at and see something or someone close-up and from a distance greater than 20 feet, noting verbal and nonverbal postures or behaviors.

Physical Functions

Fine motor dexterity: The ability to coordinate small muscle groups during movement, usually involving coordination between the hands, fingers and eyes to manipulate small objects.

Gross motor skills: The ability to coordinate large muscle groups to move and to stabilize the head, trunk, arms and legs to reach, lift, push, pull, stand, balance, walk, run, bend, kneel and crouch; possess minimum grip strength of 30 pounds in one or both hands, and the ability to stand up to 30 minutes at a time, push up to 250 pounds and lift/transfer up to 250 pounds.

Mobility: The ability to independently move easily from point A to point B.

Endurance: The ability to exert self and remain active for a long period of time (e.g., 45 minutes); stamina.

Environmental Functions

Working conditions: The ability to recognize, avoid and prevent safety and health hazards in the work setting.

Procedure for Admission to the Associate of Science or Associate of Applied Science in Physical Therapist Assistant Program

Admission into the Physical Therapist Assistant (PTA) program is a two-step process:

1. Candidates are eligible to enter the general education phase of the PTA program as “PTA students” by meeting South University’s General Undergraduate Admission Requirements.
2. Candidates must complete prerequisite coursework and meet all requirements outlined below to be eligible for admission to the technical phase of the PTA program.

Students may transfer prerequisite courses into the program before entering the technical phase if approved by the registrar. The coursework that is transferred to South University must permit the student to obtain a 2.85 CGPA by the time the student applies for admission into the PTA technical phase. Students who transfer coursework into South University, but cannot mathematically attain a CGPA of 2.85 by the time they would enter the technical phase, will not be admitted to the PTA program.

Transfer credit will not be accepted for courses in the South University PTA Technical Phase Curriculum.

Note: This does not apply to South University PTA students (in good standing) transferring between campuses.

Students from South University who are in another major will be permitted to transfer into the general education phase of the PTA program if they meet all requirements as stated in the PTA Program Change Policy. Applicants must satisfy technical standards for the PTA program in order to be admitted.

Admission Requirements for the Technical Phase of the Physical Therapist Assistant Program

Applicants must apply for admission into the technical phase of the Physical Therapist Assistant (PTA) program. Applicants must submit a complete application packet and meet all admission requirements as stated below to enter the ranking process. The technical phase slots will be filled by applicants with the greatest academic potential for success as determined by the ranking process. Applicants with the highest numerical ranking will be admitted to the technical phase of the program.

The criteria to determine admission to the PTA program include:

1. Application must be submitted seven (7) weeks before the start of the technical phase of the program.
2. Applicants must meet the Essential Functions and Technical Standards (listed in the application for admission and the program student handbook) of the program in order to enter the ranking process.
3. Applicants must complete a background check at their own cost using the agency identified by the PTA Program Director. Applicants must meet timelines and requirements as detailed in the application packet. The PTA program follows the College of Health Professions Background Check Policy located in the South University Catalog (www.southuniversity.edu/admissions/academic-catalog). Applicants are not eligible for admittance into any portion of the PTA program if they have a felony conviction, plea, or adjudication withheld, or any disqualifying misdemeanor, for which a pardon or exemption for disqualification has not

- been received, including but not limited to rape or sexual abuse or molestation, and abuse, endangerment, or neglect of a child, disabled person, or elderly person.
4. Applicants must complete a drug screen at their own cost using the agency identified by the PTA Program Director. Applicants must meet timelines and requirements as detailed in the application packet. The PTA program follows the College of Health Professions Substance Abuse and Screening Policy located in the South University Catalog (www.southuniversity.edu/admissions/academic-catalog). Applicants with positive drug screen results will not be admitted into the PTA Program. Applicants may be eligible to reapply to a future admissions cycle (see PTA Program Director).
 5. Applicants must complete an American Heart Association BLS CPR certification course (or equivalent as deemed by the program) and provide a copy of a valid card at the time of application. The card must remain valid throughout all clinical rotations.
 6. Applicants must complete a health screening (physical exam showing medical clearance and proof of required immunity) before participating in the ranking process.
 7. Applicants must complete 25 hours of observation in a physical therapy setting documented by a licensed PT or PTA on the appropriate form provided in the admissions packet. The completed form must be submitted at the time of application.
 8. Applicants must achieve a 2.85 CGPA or greater in prerequisite coursework. All prerequisite coursework must be successfully completed prior to entry into the Technical Phase of the PTA Program.
 9. Applicants must submit ATI Test of Essential Academic Skills (TEAS) scores. Students must achieve a minimum level of "Proficient" to enter the ranking process. Scores will not be accepted if greater than 5 years old.
 10. Ranking will be based upon:
 - a) Cumulative GPA in required prerequisite coursework (2.85 or greater required).
 - b) Science GPA (required to score a B or higher in these courses; science coursework will not be accepted if greater than 7 years old from the start date of the Technical Phase of the program).
 1. AHS1001 Medical Terminology
 2. BIO1011 Anatomy and Physiology I
 3. BIO1012 Anatomy and Physiology I Lab
 4. BIO1013 Anatomy and Physiology II
 5. BIO1014 Anatomy and Physiology II Lab
 - c) The ATI Test of Essential Academic Skills (TEAS) (minimum level of "Proficient" required).
 - d) Repeating a course to achieve a higher grade is associated with penalty point deductions from the ranking score.
 11. The number of students entering the technical phase will be determined by the Campus Director/President in conjunction with the PTA Program Director and the ACCE/DCE.

Technical Standards for Physical Therapist Assistant Students

The following standards reflect expectations of a student in the Physical Therapist Assistant (PTA) Program for the performance of common physical therapy functions. In adopting these standards the PTA Program is mindful of the patient's right to safe function in a broad variety of clinical situations while receiving physical therapy interventions. The PTA student must be able to apply the knowledge and skills necessary to function in a broad variety of clinical situations while administering physical therapy interventions. These standards do not encompass all that may be required for employment of the PTA Program graduate. In order to verify the students' ability to perform these essential functions, students are required to demonstrate the following technical standards throughout the curriculum.

The faculty is the sole judge of a student's ability to meet these standards through successful completion of the requirements of the program and individual courses.

1. **Critical Thinking/Problem Solving Skills.** Ability to collect, interpret and integrate information and use that information to make appropriate decisions.

2. **Interpersonal Skills.** Ability to collaboratively work with all PTA students and with program faculty and patients in the classroom, lab, and clinical setting.
3. **Coping Skills.** Ability to respond appropriately to stressful environments or during impending deadlines.
4. **Communication Skills.** Ability to communicate effectively in English using verbal, nonverbal and written formats with faculty, other students, patients, families, and healthcare workers.
5. **Mobility/Motor Skills.** Sufficient motor ability to execute the movement and skills required for safe and effective physical therapy treatment in various clinical settings.
6. **Sensory Abilities.** Sufficient visual, auditory, and tactile ability to monitor and assess health needs.
7. **Behavioral Skills.** Ability to demonstrate professional behaviors and a strong work ethic.

The Physical Therapist Assistant program fully supports the provision of reasonable accommodations to students with special needs. Program requirements will not be altered. Instead, it is the policy of South University to provide reasonable accommodations to students with special needs who request them so that they can meet the program requirements. It is the students' responsibility to contact the Dean of Student Affairs/Office of Disability Support Services with documentation to support their need for accommodations. Students are encouraged to contact the Dean of Student Affairs and/or Program Director as early as possible to discuss their particular situation.

Both Section 504 of the Rehabilitation Act, 29 U.S.C.A. Section 794, and the Americans with Disabilities Act prohibit discrimination against "otherwise qualified" persons with a disability. If an applicant can perform the Technical Standards listed above, he or she is "otherwise qualified" under the law and must be treated the same as a person without a disability. A person who cannot perform the Technical Standards is not "otherwise qualified" and may be denied access to the program without discrimination.

Graduate Admissions - Masters level

Prospective students are required to submit the following:

- Completion of application for admission
- Official transcripts for bachelor or graduate degree.. (All credentials earned outside the United States must be evaluated by a NACES or AICE-member credential evaluation service). Please speak with an admissions representative for more information.

Note: See program notes and specific requirements below for each graduate - masters level degree program

Admissions criteria for:

- Master of Science in Criminal Justice (MSCJ) Program
- Master of Business Administration (MBA)
- Master of Business Administration in Healthcare Administration (MBA-HCA)
- Master of Business Administration (MBA) (accelerated)
- Master of Business Administration in Healthcare Administration (MBA-HCA)(accelerated)
- Master of Healthcare Administration (MHA)
- Master of Public Administration (MPA)
- Master of Science in Human Resources Management (MSHRM)
- Master of Science in Information Systems (MS)
- Master of Science in Leadership (MS)

Specific requirements for admission to classified graduate status are:

- A bachelor's degree from an accredited college or university.
- Completion of application for admission.

- A 2.7 overall grade point average or higher on completed requirements for the baccalaureate degree, or, an earned graduate degree from an accredited institution with a CGPA of 3.0 or higher.

Admissions criteria for the Master of Science in Accounting (MS) Program:

- Completion of application for admission,
- An earned undergraduate accounting degree from an acceptable accredited institution with a CGPA of 2.7 or better on a 4.0 scale

Admissions criteria for the Bachelor of Science to Master of Science in Accounting (BS to MS) are as follows:

- General undergraduate admission requirements for the university.
- To progress to the graduate phase of the program, students must meet the College of Business progressions requirements.

Provisional Admission:

Applicants with an undergraduate degree CGPA of less than a 2.7, but not lower than a 2.3, or a graduate degree CGPA of less than 3.0, but not lower than a 2.7, will be considered for provisional admission. Students who do not attain a 3.0 GPA in the first quarter will be dismissed. Students cannot appeal the dismissal from the university as a result of failure to meet the conditions of provisional admission.

Specific program notes for the programs listed above:

Foundational Undergraduate Courses for the Master of Science in Criminal Justice

Completion of an undergraduate statistics course (with a grade of C or better) is required for the Master of Science in Criminal Justice. If the student does not have the course as part of their undergraduate degree the course needs to be completed in the first two quarters of the program. Foundation undergraduate course credits do not count towards the total number of credits for graduation nor do they count in the Cumulative Grade Point Average (CGPA); however, they do count in determining the maximum time frame (MTF) and the Incremental Completion Rate (ICR). MSCJ students enrolled in foundation undergraduate course must successfully complete the course within their first three attempts or the student will be academically dismissed from the University.

Master of Science in Information Systems Program

As determined by the Program Director or Chair, students with a non-technical degree or lacking IT-related experience are required to successfully complete MIS5010 Information Technology Infrastructure, with a "C" or better. Students must enroll in the course within the first two quarters of their admission to the University. The course is designed to provide students with a required knowledge base of emerging trends in information systems, how information systems work, and how to manage IT infrastructures.

Required knowledge base or foundational undergraduate course credits do not count towards the total number of credits for graduation nor do they count in the Cumulative Grade Point Average (CGPA); however, they do count in determining the maximum time frame (MTF) and the Incremental Completion Rate (ICR). Student must achieve a "C" or better within three attempts or will be academically dismissed from the University.

Procedure for Admission to the Master of Public Health

The criteria used in determining admissions to the Master of Public Health degree program include:

- Completion of a bachelor's degree from an accredited institution, with a cumulative grade point average (CGPA) of at least 2.7 (on a scale of 4.0) **OR**
- An earned graduate degree from an accredited institution with a CGPA of 3.0 or higher.
- Submission of official transcripts from all postsecondary institutions attended within 10 weeks after the official start date.
- Provisional Admissions: A cumulative GPA of 2.5 -2.69. Students must receive a final course grade of B or better in all public health courses for the first two terms/quarters to be fully admitted into the MPH program.
 - Provisionally admitted students are permitted one attempt per course for the first two terms/quarters. Students who do not receive a final course grade of B or better in all public health courses will have the provisional admission rescinded. There is no appeal for rescinding provisional status.

Once all required admissions documents and information are submitted, the application will be reviewed and evaluated by the MPH Program Director for final admission decision.

Procedure for Admission to the Master of Medical Science in Anesthesia Science (Anesthesiologist Assistant) Program

Application Process

South University has partnered with the Central Application Service for Anesthesiologist Assistant (CASAA) to collect and manage applications to the Anesthesiologist Assistant Program. To apply, please follow the instructions outlined below.

- Visit the South University page on the CASAA website for details about our program and application requirements.
- Visit <http://casaa.liaisoncas.com> to complete an online application for admission through CASAA.
- Please follow the instructions on the CASAA site regarding the submission of documents.

Admissions Cycle by Campus:

The dates for early application submissions and final application deadlines for each South University Anesthesiologist Assistant program are posted on the programs' websites and updated annually.

The applicant is solely responsible for completion of his/her application. The program is not responsible for deficiencies due to U.S. mail or failure of third parties to complete an applicant's request for transcripts, scores, letters of reference, et cetera.

The most qualified candidates for admission will be invited for an on-campus interview based upon when the application was completed and verified in CASAA. During the interview process, candidates will have the opportunity to meet faculty, visit clinical training sites, attend a brief orientation to South University Anesthesiologist Assistant program, and receive financial aid information. Interviews are by request of the admission committee only. Eligible applicants will receive a request for an interview from the program via email at least two weeks prior to the interview

date. Interviews are scheduled at the Savannah campus between October and March and on the West Palm Beach Campus between January and June.

Students who are offered admission into a South University Anesthesiologist Assistant program are only permitted to accept an admission offer at one campus. Within 30 days of the student signing the admission acceptance form, it is the responsibility of the student to notify any other South University Anesthesiologist Assistant program(s) of his/her intent to withdraw. Admission acceptance fees are non-refundable, and do not transfer between South University Anesthesiologist Assistant programs or other South University programs of study.

Admission Requirements

General Admission Requirements

- Baccalaureate degree from a regionally accredited university.
- Required prerequisite courses are listed in the following table. Excluding English, the most advanced pre-requisite coursework in each subject area must have been completed within seven years of application date. Pre-requisite coursework subject areas: Biology, Chemistry, Biochemistry, Physics, and Math.
- Official transcripts of all undergraduate and graduate course work.
- Entrance Exams
 - Graduate Record Examination (GRE) or Medical College Admission Test or taken within 5 years prior to the completion of the application.
 - Graduate Record Examination (GRE). The program must receive official score reports directly from the Educational Testing Service. The code for South University, Savannah is 7450; the code for South University, West Palm Beach is 2840.
 - Medical College Admission Test scores may be submitted for consideration if completed within five years of the application. The applicant may submit official MCAT scores through CASAA.
- The South University Anesthesiologist Assistant Program accepts credit for Advanced Placement courses. AP courses taken and successfully completed will be counted as one course credit toward completion of the respective pre-requisite subject. Grades earned in AP courses are not used in the calculation of the applicant's overall or pre-requisite GPA.
- Verification of familiarity with the practice of anesthesia, including the environment in which day-to-day work occurs. The required form is located on the admissions page of the South University Anesthesiologist Assistant program website.
- Three letters of recommendation are required to be submitted as part of the CASAA application. Recommended sources of reference include: employers/managers, professors, advisors, or research directors.
- CASAA applicant personal statement.

As the admissions process also takes into consideration the personality characteristics deemed essential to becoming an anesthesiologist assistant, material such as a noncognitive or personality assessment may be required.

Students wishing to enter the Anesthesiologist Assistant program in the College of Health Professions should be aware that applicants with a prior felony or serious misdemeanor conviction will not be considered. Acceptance into a South University program or its completion does not imply or guarantee that a student will be able to obtain subsequent licensure or certification.

Required Pre-requisite College Courses

(substitutions are not permitted and survey courses or courses for non-science majors are not acceptable)

	KNOWLEDGE AREA	DURATION

Required	English	3 Semester hours or 4-5 Quarter hours
	General Biology (200 or higher level Biology courses will also fulfill this requirement); Labs preferred but not required)	6 Semester hours or 9 Quarter hours
	General Chemistry (Full Academic Year) Labs are required	6 Semester hours or 9 Quarter hours
	Organic Chemistry (Sophomore 200 level) Labs are required	3 Semester hours or 4-5 Quarter hours
	Biochemistry (Junior 300 level); Labs preferred but not required	3 Semester hours or 4-5 Quarter hours
	General Physics (Full academic year); (Sophomore 200 level) Labs are required	6 Semester hours or 9 Quarter hours
	Calculus	3 Semester hours or 4-5 Quarter hours
	Statistics (Math or Statistics department courses)	3 Semester hours or 4-5 Quarter hours
Preferred (not required)	Cell and Molecular Biology, Anatomy, and Physiology	3 Semester hours or 4-5 Quarter hours
	Full year of Organic Chemistry Trigonometry or Calculus based Physics	6 Semester hours or 9 Quarter hours

Technical Standards

To undertake and successfully complete the Anesthesiologist Assistant program, as well as to function as an anesthetist after graduation, requires that an individual meet certain fundamental physical, cognitive, and behavioral standards.

The requisite technical skills include, but are not limited to the following:

- Effectively communicating verbally with patients and their family members and with other healthcare professionals.
- Interacting with patients, including obtaining a history and performing a physical examination.
- Effectively communicating in writing, and by record keeping, those data and information essential to the practice of anesthesia and the care of patients.
- Reading and comprehending written parts of the medical record and other patient care documents in order to safely and effectively participate in the practice of anesthesia.
- Having sufficient knowledge, motor skill, and coordination to perform diagnostic and therapeutic tasks, including invasive procedures, on patients in a timely manner so as to insure the safety and well-being of the patients. These tasks include but are not limited to peripheral and central venous catheterization, arterial puncture and cannulation, breathing bag-and-mask ventilation, laryngeal mask airway insertion and management, endotracheal intubation.
- Having sufficient strength, motor skill, and coordination to lift, move, and position patients as required for administration of anesthesia and performance of cardiopulmonary resuscitation.

- Having sufficient speed and coordination to quickly and safely react to emergent conditions throughout the hospital in order to assure patient safety.
- Recognizing and differentiating colors of signals displayed on monitors; being able to work in both light and dark conditions as exist in patient care areas (e.g., operating room, radiology suite, endoscopy suite); being able to recognize details of objects both near and far.
- Hearing, processing, and interpreting multiple conversations, monitor signals, alarms, and patient sounds simultaneously in fast-paced patient care settings (e.g., operating room, intensive care unit, emergency room).
- Having no impairment that would preclude continuous performance of all of the above activities or any and all of the other activities that are an integral part of an anesthesiologist assistant's participation in the anesthesia care team.

Applicant Selection

The South University Anesthesiologist Assistant Program receives a large number of applications each year, and each application is reviewed by a member of the Admissions Committee. Due to the volume of applications received, the program has standardized the evaluation process to be both comprehensive and fair. To determine which candidates are selected for admission, the Admissions Committee has established the following selection factors as components of determining admission into the South University Anesthesiologist Assistant Program. Applicants for admission are considered and ranked using multiple factors as described below:

- Academic achievement (overall GPA, prerequisite GPA, and science GPA)
- Entrance Exam Scores. Preference will be given to those with GRE scores (Quantitative and Verbal Reasoning) > 50th percentile and MCAT scores > 500
- Prerequisite coursework obtained from a four-year college or university designed for science majors
- Letters of reference
- Direct patient care experience
- Personal statement/essay
- Anesthesia/shadowing experiences
- Community service/volunteer activities
- Interview performance
- Results of noncognitive/personality assessment

Evidence of an applicant's interpersonal skills, problem-solving ability, professionalism, motivation, academic potential, communication, and knowledge of the AA profession/health care system are assessed by the Admissions Committee. The committee will determine the degree to which applicants demonstrate alignment with the South University AA Program mission and expectations.

Completion of Application

Prior to matriculation, each person accepted into the Anesthesiologist Assistant program must provide an official transcript indicating degree conferred and show completion of all required course work. Complete transcripts and an official record of undergraduate degree must be on file with the program before registration will be permitted for the first quarter.

Medical History and Immunizations

A recent medical history, physical examination, and all immunization records required must be maintained in the individual student's compliance tracking portal from the time of matriculation until graduation. It is the student's responsibility to keep these records complete and up to date. Students who do not maintain these records as required will be referred to the Progress and Promotions committee for a professionalism standard violation.

Students entering senior year may be required to obtain an updated current history, physical examination, background check and drug screen depending on the rotation site.

Policy on Experiential Learning

No course credit is awarded for experiential learning to applicants of the Master of Medical Science in Anesthesia Science program.

Transfer of Credits Policy

No transfer credit is accepted for the Master of Medical Science in Anesthesia Science program.

All students must complete each course in the curriculum.

Policy on Advanced Placement Courses

The South University Anesthesiologist Assistant program accepts credit for Advanced Placement courses. AP courses taken and successfully completed will be counted as one course credit toward completion of the respective pre-requisite subject. Grades earned in AP courses are not used in the calculation of the applicant's overall or pre-requisite GPA.

Insurance Requirements

Students in the Anesthesiologist Assistant program are required to have continuous health insurance coverage in force for the duration of their enrollment. Documentation of this insurance coverage must be stored and maintained in the student's compliance tracking account selected by the program. If at any time a student does not have insurance in force and current documentation listed in his/her compliance tracking account they will cease participation in clinical education and be referred to the Progress and Promotions committee for a violation of the standards of Professionalism for the Anesthesiologist Assistant program.

Students using private health insurance must ensure that their plan covers treatment and monitoring for needle stick injuries and other documented exposure to blood borne pathogens for all clinical rotation locations. For example, a student from Michigan who is part of parental family coverage HMO may not be eligible for coverage in Savannah, West Palm Beach, or at other remote sites while on clinical rotations. For the student's own personal safety it is imperative that they have an adequate health plan or the resources to pay for necessary medical care in the event of a needle stick or exposure to pathogenic organisms.

Payment for all medical and psychiatric services, elective and emergent; are the responsibility of the student regardless of the source of an illness or injury are the responsibility of the student regardless of what the source of an illness or injury may be. The student is responsible for payment of medical services including all laboratory and other diagnostic and therapeutic services rendered as part of a protocol into which a student is entered in the event of exposure to known or suspected pathogenic organisms. Each clinical site has a specific established protocol for exposure that the student must follow.

Background Checks

The Anesthesiologist Assistant program follows the College of Health Professions Background Check Policy located in the South University Catalog (www.southuniversity.edu/admissions/academic-catalog). Students must complete a background check at their own cost using the agency identified by the AA Program prior to matriculation. No other background checks will be accepted. Students may be required to submit additional background checks during their enrollment as required by the clinical site.

Background checks confirm that students have no current record of criminal activity, and this information may be relayed to clinical sites for verification during their enrollment. Any new activity found as a result of such background checks in violation with the College of Health Professions Background Check Policy may affect the student's status in the program and the student will be referred to the Progress and Promotions Committee. Any violations that involve felony or serious misdemeanor convictions will result in immediate dismissal from the educational program. Students may appeal this decision based on verification of factual information according to the appeals process outlined in the student handbook.

Note: Applicants are not eligible for admittance to the AA program if they have a felony conviction, plea, or adjudication withheld, or any disqualifying misdemeanor, for which a pardon or exemption for disqualification has not been received, including but not limited to rape or sexual abuse or molestation, and abuse, endangerment, or neglect of a child, disabled person, or elderly person.

Drug Screening

Applicants who are accepted into the Anesthesiologist Assistant Program must complete a drug screen at his/her own cost using the agency identified by the AA Program Director. Applicants must submit the drug screen results to the program office prior to matriculation. The Anesthesiologist Assistant program follows the College of Health Professions Substance Abuse and Screening Policy located in the South University Catalog (www.southuniversity.edu/admissions/academic-catalog). Students will be required to submit additional drug and alcohol screens throughout their enrollment, based on reasonable suspicion and as needed for clinical site placements.

Note: Applicants with positive drug screen results will not be admitted into the AA Program. Students who have a positive drug and alcohol screen result during enrollment will be referred to the AA Program's Progress and Promotions committee.

Applicants with Disabilities

In accordance with policies of South University, the program does not discriminate against any individual because of disability. Applicants must meet the requirements for technical standards as printed above. Students with disabilities should consult with the Dean of Student Affairs, who coordinates disability services.

Guidelines for Graduates of Colleges and Universities outside the United States

Please note that no exemptions will be made for required course work regardless of degrees or certification received outside the United States, experience, work background, or education.

In addition to the General Admission Requirements (above), the applicant who has graduated from a college or university outside the United States regardless of United States' residency status must do the following (not necessary for United States Territories):

- Official transcripts of all undergraduate and graduate course work taken outside the United States must be submitted to the program, along with the report from a credentialing organization (e.g., Educational Credential Evaluators, Incorporated) demonstrating equivalency to a bachelor's degree received at an American college or university, and evaluating the transcript course-by-course for equivalency to required pre-requisites for admission to the Anesthesiologist Assistant program.
- A statement from a responsible person certifying that the applicant's financial resources are sufficient to meet necessary expenses (International Students only).
- Deficiencies in required course work must be made up by taking appropriate courses in a college or university in the United States.
- A statement from a qualified physician describing any emotional or physical illnesses suffered by the applicant during the preceding five years, or certifying freedom from such illnesses (International Students

only). In addition to the General Admission Requirements (above) and the first three requirements of this section, the applicant who has been graduated from a college or university of a country for which English is not the primary language regardless of United States' residency status must do the following:

Student must obtain minimum listed below for each section. Scores must be from exam taken within 7 years of application to the program. The program must receive an official score report directly from Educational Testing Services, Princeton, NJ.

Minimum Score per section	Paper Based Exam	Computer Based Exam	Internet Based Exam
Listening	60	25	26
Reading	56	22	22
Speaking			26
Structure/Writing	58	24	20

Deferment Policy

South University reserves the right to grant a one year enrollment deferral for the AA program to an accepted student under the following conditions:

1. The student has accepted a class position within the allotted time period and submitted the required deposit but has not yet begun the 1st quarter of enrollment.
2. The student submits a written request to the Program Director that specifies the reason for the request and confirms his or her intent to enroll in the program at the next class start. Acceptance or denial of a request for deferral is at the discretion of the Program Director.
3. A student who is granted a deferment must notify the Program Director of their intent to enter in the next matriculating class no later than January 1 in the same year (i.e. to matriculate June 2024, must notify program director in writing by January 1, 2024).

Procedure for Admission to the Master of Arts in Clinical Mental Health Counseling Program

Admissions criteria for the Master of Arts in Clinical Mental Health Counseling program are consistent with those required in other master's degree level programs at South University. As the admissions process also takes into consideration the characteristics deemed essential to becoming a clinical mental health counselor, material is also required which will enable a determination to be made of the applicant's personal integrity, maturity, interpersonal skills, and ability to communicate effectively. The criteria used in determining admission to the graduate program include:

1. Completion of a bachelor's degree from an accredited institution.
2. A grade point average of at least 2.7 (on an Admissions scale of 4.0) for the last 60 semester hours/90 quarter hours of coursework (including relevant graduate work), or, a bachelor's degree with an overall CGPA of 2.7, or, an earned graduate degree from an accredited institution with a CGPA of 3.0 or higher.
3. A minimum score on a South University preapproved English language proficiency test is required for all applicants whose "first" language is not English as specified in the English Language Proficiency Policy.

4. Interview with the Clinical Mental Health Counseling department chair/program director or designated faculty member.
5. Approval of the campus program admissions committee.
6. Completion of an application for admission.
7. Submission of a personal/professional statement addressing the applicant's interest in counseling, professional goals, along with a self-appraisal of academic and professional qualifications.
8. Submission (within 10 weeks of class start dates) of official transcripts from all postsecondary institutions attended.
9. Current résumé (or career summary).
10. Background Check

All required admissions documentation and criteria will be reviewed and evaluated. Applicants will be notified regarding acceptance. Applicants should review the published general graduate requirements listed in the South University catalog. Students who are citizens of countries other than the United States should also refer to the section in the South University catalog entitled International Student Admissions Policy.

Provisional Admission

Applicants with an undergraduate degree CGPA of less than a 2.70, but not lower than 2.30, for the last 60 semester hours/90 quarter hours of coursework (including relevant graduate work), or, a bachelor's degree with an overall CGPA of 2.70, but not lower than 2.3, or, an earned graduate degree from an accredited institution with a CGPA of less than 3.00, but not lower than a 2.70, will be considered for provisional admission. Students who do not attain a 3.00 GPA in the first quarter will be dismissed. Students cannot appeal the dismissal from the university as a result of failure to meet the conditions of provisional admission.

The applicant will need to provide evidence of academic and professional potential demonstrated by career and/or personal accomplishments indicated in a personal statement of academic and professional goals, a career resume or curriculum vita, and two letters of academic and/or professional recommendations. The Program Chair in consultation with the Campus Dean of Academic Affairs and Operations and College Dean or designee must approve exceptions. The College Dean serves as the final decision maker. Students are required to complete the provisional admissions form for entry as a provisional admission student.

Procedure for Admission to the Master in Science Physician Assistant Program

Entrance to the Physician Assistant (PA) program is gained through a formal application review and interview. Application to the program is made through the Central Application Service for Physician Assistants (CASPA). Applicants must specifically designate the South University campus(es) to which their application should be submitted within the CASPA system. Additional, campus-specific information regarding the application process can be obtained through the PA program web site or by calling the respective campus:

- (512) 516-8800 (Austin)
- (804) 727-6894 (Richmond)
- (912) 201-8025 (Savannah)
- (813) 393-3720 (Tampa)
- (561) 273-6520 (West Palm Beach)

Individuals whose applications are deemed competitive will be invited for a required interview. All programs utilize a rolling admissions process in which applicants are notified of their admission decision within 2 weeks after interviewing. Not all qualified applicants will receive an interview.

The application process requires submission of scores from the Graduate Record Examination (GRE).

Applicants must specifically designate the South University code for each campus to which their GRE scores should be submitted electronically to CASPA directly from ETS (Educational Testing Service):

- 3090 (Austin)
- 7147 (Richmond)
- 0467 (Savannah)
- 0454 (Tampa)
- 7108 (West Palm Beach)

For South University, Richmond, South University, Savannah, South University, Tampa, and South University, West Palm Beach, applications must be completed and verified in the CASPA application portal. Submission deadlines vary by campus. Please refer to the individual program's website for further details.

Applicants who are offered a seat into the Physician Assistant program are only permitted to reserve a seat at one campus. Within 14 calendar days of the applicant signing and submitting the acceptance form, it is the responsibility of the applicant to notify any other South University Physician Assistant program(s) of his/her intent to withdraw. Seat acceptance fees are non-transferable to other South University programs.

Note: Applicants should refer to the Physician Assistant Program policy on Acceptance Fee for more details.

Admission Criteria

Selection for the Physician Assistant program is highly competitive. Meeting the minimum requirements does not guarantee an interview or admission. Successful applicants will generally exceed the minimum criteria. The following criteria represent the minimum conditions established for applicants interested in applying to the South University Physician Assistant Master of Science degree programs:

- Applicants must have an earned bachelor's degree from a regionally accredited U.S. institution.
- Applicants must have an overall GPA as calculated by the CASPA service of 3.0 or greater (on a 4.0 scale) (including undergraduate, post-baccalaureate, and graduate coursework)
- Applicants should have a Biology-Chemistry-Physics (BCP) science GPA of 3.0 (on a 4.0 scale) as calculated by the CASPA service. Applicants must submit scores from the GRE general exam directly to the CASPA service using the designated South University code for each campus to which their GRE scores should be submitted:
 - 3090 (Austin)
 - 7147 (Richmond)
 - 0467 (Savannah)
 - 0454 (Tampa)
 - 7108 (West Palm Beach)
- At least three letters of reference as part of the CASPA application must be submitted. At least one letter must be from a physician (MD/DO), Physician Assistant, or Nurse Practitioner with whom the applicant has worked or shadowed and to whom the applicant is not related. Impressive, well-articulated, and unequivocal letters attesting to the applicant's motivation, communication and interpersonal skills, professionalism, and future contribution towards health care are considered competitive. Applicants with letters of reference from licensed medical providers (e.g., MD, DO, NP, PA) are considered to be more competitive.

Pre-requisite Courses

Applicants must complete all prerequisite courses listed below with a grade of C or better at a regionally accredited U.S. college or university prior to submission of his/her application. The PA program accepts prerequisite coursework completed in an online, virtual, or campus-based format from a regionally accredited U.S. college or university.

	Pre-Requisite	Duration
Required	Anatomy and Physiology	2 courses (sequenced) <ul style="list-style-type: none"> Human Anatomy & Physiology I and II with Lab <u>OR</u> Human Anatomy with Lab and Human Physiology with Lab No course substitutions are accepted for this requirement
	General Biology	2 courses <u>Required:</u> <ul style="list-style-type: none"> General Biology I (Lab recommended) General Biology II (Lab recommended) Alternative Substitution for Biology II only: Cell Biology, Genetics, Molecular Biology, Immunology
	General Chemistry and Labs	2 courses <u>Required:</u> <ul style="list-style-type: none"> General Chemistry I with Lab General Chemistry II with Lab
	Microbiology with Lab	1 course No course substitutions are accepted for this requirement
	Organic Chemistry or Biochemistry	1 course Lab recommended, not required

Coursework which is designed for science majors is generally considered more competitive. In general, prerequisite coursework with titles that include "Essentials of," "Survey of," or "Introduction to," unless specifically designed for science majors, are considered less competitive.

Basic science courses should be those for science majors. The General Biology and Biochemistry courses are recommended to include a lab, but it is not required.

Only courses (excluding General Biology, Biochemistry, and Organic Chemistry) with an associated lab will be given credit for fulfilling prerequisite requirements. In the event that a laboratory is not offered with a prerequisite course, applicants may request the lab requirement for that course be waived by contacting the program. Lab waivers and/or course substitutions are granted at the discretion of the Admissions Committee. Applicants requesting such should be prepared to submit supporting documents, including, but not limited to, course descriptions.

The South University Physician Assistant program accepts credit for Advanced Placement (AP) courses. AP courses taken and successfully completed will be counted as one course credit towards completion of the respective prerequisite subject. Grades earned in AP courses are not used in the calculation of the applicant's overall or prerequisite GPA.

The South University Physician Assistant program does not accept College Level Examination Program (CLEP) credit for any prerequisite requirements.

South University Physician Assistant programs do not accept a transfer of credits from other physician assistant programs or provide enrolled students with a waiver of credit (i.e., advanced placement) for any component of the required curricular coursework. All students must complete each course in the South University Physician Assistant curriculum.

Clarification of PA Program Admission Policies Due to COVID-19

The South University Physician Assistant (PA) programs recognize the unique challenges faced by students and academic institutions during the COVID-19 pandemic. South University will continue to accept prerequisite courses, including lab work, completed online or on campus from any regionally-accredited U.S. college or university. Due to the awarding of “Satisfactory/Unsatisfactory” or “Pass/Fail” grading for courses completed during the COVID-19 pandemic the South University PA program is providing clarification of its admissions policies based on these grading scale changes.

- The South University PA programs will accept “Satisfactory/Unsatisfactory” or “Pass/Fail” grades for courses affected by the COVID-19 pandemic as submitted through CASPA.
- Applicants are advised to visit the CASPA Applicant Help Center for more information regarding effects of non-letter grades on CASPA-calculated GPAs.
- When possible, the South University PA Program admissions committee recommends applicants elect to receive letter grades for these courses if the option is available.
- The South University PA programs will continue to require GRE scores at the time of CASPA application submission.

Students with concerns regarding how “Satisfactory/Unsatisfactory” or “Pass/Fail” grades in courses taken during the COVID-19 pandemic terms have affected their CASPA calculated GPA may apply for an additional GPA review through the PA Admissions Committee.

The South University PA programs will revisit this policy and make additional changes if necessary in response to the COVID-19 pandemic.

Master of Science Physician Assistant Technical Standards

In order to ensure that patients receive the best medical care possible, the faculty of the South University Physician Assistant program has identified certain skills and professional behaviors that are essential for successful progression of physician assistant students in the program. A student must possess skills and behaviors at a level of capability to perform a variety of duties required of a physician assistant as a health care professional.

Students with disabilities who can perform these skills and successfully execute professional behavior either unassisted, with dependable use of assistive devices, or by employing other reasonable accommodations are eligible to apply for enrollment in the program. Minimum performance standards include critical thinking, communication skills, observation skills, motor skills, and interpersonal abilities. Interested parties may contact the Physician Assistant program office for additional information about South University performance standards. These skills and behaviors include, but are not limited to:

Critical Thinking: A student must possess the intellectual, ethical, physical and emotional capabilities required to undertake the full curriculum and to achieve the levels of competence required by the faculty. The ability to solve problems, a skill that is critical to the practice of medicine, requires the intellectual abilities of measurement, calculation, reasoning, analysis and synthesis. Students must be able to perform demonstrations and experiments in the basic sciences.

Communication Skills: A student should also be able to speak, to hear, and to observe patients in order to elicit information, describe changes in mood, activity and posture, and to perceive nonverbal communications. The student must be able to communicate effectively and efficiently in oral and written forms.

Observation Skills: A student must be able to observe a patient accurately, both at a distance and in close proximity. This ability requires the functional use of vision and somatic sensation.

Motor Skills: A student should have sufficient motor function to elicit information from patients by palpation, auscultation, percussion and other diagnostic techniques. A student should be able to execute movements reasonably required to move from area to area, maneuver in small places, calibrate and use large and small equipment, position and move patients, and provide patients with general care and emergency treatment.

Interpersonal Abilities: A student must possess the emotional health required for full utilization of his or her intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities required for the diagnosis and care of patients and the development of professionalism through mature, sensitive and effective relationships with patients, families, and colleagues.

Clinical Experience

Clinical experiences should provide the applicant with a knowledge of and orientation to the presentation, signs, and symptoms of a variety of ill or injured patients. Although clinical experience is not required, preference is given to applicants who have direct patient care experience (i.e., care that involves personal interaction with patients such as: physical therapist, respiratory therapist, emergency medical technician/paramedic, nurse, or certified nursing assistant, or other similar professions). However, there is no requirement for a predetermined number of hours (or months) of health care experience to be earned by an applicant.

Admissions Committee Selection Factors

Applicants for admission are considered and ranked using multiple factors. Applicants are awarded preference points based upon the following selection factors:

- Academic achievement (overall GPA, BCP, GRE)
 - Preference will be given to those with GRE scores (Quantitative and Verbal Reasoning) at the 50th percentile or above.
 - For overall GPA preferences, please refer to the respective program's website.
 - For prerequisite BCP preferences, please refer to the respective program's website.
- Quality of letters of reference from medical providers (e.g., MD, DO, NP, PA)
- Letters from personal acquaintances are discouraged.
- Clinical experience that requires direct patient care.
- Personal statement/essay.
- Healthcare provider mentorship/shadowing experiences.
- Community service
- Interview performance

Evidence of an applicant's interpersonal skills, problem-solving ability, professionalism, motivation, academic potential, communication, knowledge of the PA profession and the health care system with an alignment to the mission and vision of the program are assessed by the Admissions Committee.

Post-Acceptance Requirements

Accepted applicants will be required to complete the following items in order to obtain approval for matriculation in January:

- Satisfactory Criminal Background and Drug Screen Report
- Health/ Immunization Requirements
- Personal Health Insurance Documentation
- Baccalaureate Diploma Verification
- FAFSA application (Free Application for Federal Student Aid) submission for those applying for financial aid
- There is a \$1000 acceptance fee, which is non-refundable, for those applicants accepted into the Physician Assistant program at South University, Austin South University, Savannah, South University, Tampa and South University, West Palm Beach. There is a \$1000 acceptance fee, \$900 of which is refundable, for those applicants accepted into the Physician Assistant program at South University, Richmond. Acceptance fees are applied towards tuition.

Applicants seeking admissions to the Physician Assistant program must abide by the College of Health Professions Background Check Policy and Substance Abuse and Screening Policy. Acceptance into a South University program or its completion does not guarantee that a student will be able to obtain subsequent licensure or certification.

All Physician Assistant program students are responsible for meeting matriculation deadlines and requirements as published within the campus-specific Enrollment Guide.

Procedure for Admission to Master of Science in Nursing Programs**

*** South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

The criteria to determine admission to the Master of Science in Nursing degree program include:

- Completion of the application for admission
- A bachelor's degree in nursing (BSN) from an ACEN, CCNE or CNEA accredited program.
- A cumulative GPA of 3.0 or better on a 4.0 scale.
- Provisional Admissions: South University College of Nursing and Public Health fosters diversity through a holistic provisional admission status for students with a GPA less than 3.0.
 - Applicants with a cumulative GPA of 2.75 -2.99 must receive a final course grade of B or better in all nursing courses for the first quarter to be fully admitted into the MSN program.
 - Applicants with a GPA between 2.50 and 2.74 will be considered for provisional admission with submission of a current resume and a letter explaining challenges faced in previous academic experiences.
 - Students will have an assessment and an individualized plan for optimizing success that includes completion of a mandatory orientation prior to first day of quarter.

Students must receive a final course grade of B or better in all nursing courses for the first quarter to be fully admitted into the MSN program.

Students who do not receive a final course grade of B or better in all nursing courses will have the provisional admission rescinded. There is no appeal for rescinding provisional status.

- Submission of official transcripts from every college or university attended within 10 weeks after the initial start date.

- A valid and unencumbered license as a Registered Nurse in all US states or territory in which the student is licensed, including the state in which the student completes all assignments and clinical rotations, for entry and maintenance of admission to the program. (Note that military, federal, and foreign educated nurses must meet their state/territory requirement for nursing licensure).

Procedure for Admission to the RN to Master of Science in Nursing** Degree Program

*** South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

The criteria to determine admission to the Master of Science in Nursing degree program include:

- Completion of the application for admission.
- An associate's degree in nursing from an accredited collegiate institution, or a diploma in nursing from an accredited institution, with a minimum cumulative CGPA of 3.0 or better on a 4.0 scale.
- Submission of official transcripts from every college or university attended within 10 weeks after the initial start date).

A valid and unencumbered license as a registered nurse in all US states or territory in which the student is licensed, including the state in which the student completes all assignments for the program. (Note that military, federal, and foreign educated nurses must meet this state requirement for nursing licensure).

Note: In order to progress into Graduate level nursing courses, a student must have a 3.0 cumulative GPA. Students with a cumulative GPA of less than 3.0 may transition to the RN to BSN program to complete their BSN and then apply for the MSN program.

Admission Requirements for Post-Graduate Certificate Programs

College of Nursing and Public Health

Procedure for Admission to the Post Graduate Certificate Programs**

*** South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

Consistent with the requirement for admission to the MSN program, the requirements for admission to the Post Graduate Certificate programs are as follows:

- Completion of the application for admission.
- A master's or doctoral degree in nursing from an ACEN, CCNE, or CNEA accredited nursing program with a GPA of 3.0 or better on a 4.0 scale.
- Submission of official transcripts from every college or university attended within 10 weeks after the initial start date.

- A valid and unencumbered license as a registered nurse in all US states or territory in which the student is licensed, including the state in which the student completes all assignments for the program. (Note that military, federal, and foreign educated nurses must meet this state requirement for nursing licensure).

Note: An unencumbered license(s) must be maintained throughout the program.

Additional Admission Requirements for Post-Graduate Certificate Family Nurse Practitioner or Adult Gerontology Primary Care Nurse Practitioner Programs

Applicants are required to show evidence of the following:

- The accredited MSN program includes separate courses in advanced pathophysiology, advanced health assessment and advanced pharmacology. Note: Applicants, whose MSN program, did not require these courses must take them as part of the PGC program of study.
- Applicants with previous Advanced Practice Registered Nurse (APRN) specialization must show evidence of:
 - Unencumbered licensure to practice as an APRN
 - National certification as an Advanced Practice Registered Nurse
 - Admitted applicants may not substitute previous specialty clinical courses (didactic or practicum) for the new specialization or in the PGC program.
 - Admitted applicants will be required to complete all of the specialty practicum courses in the new specialization program or in the PGC program.

Admission Requirements for Doctoral Level Programs

College of Arts and Sciences

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Procedures for Admission to the Doctor of Ministry Program

The criteria used in determining admission to the doctoral program include:

- An earned undergraduate degree from an accepted accredited institution with a CGPA of 2.7 or better on a 4.0 scale OR
- An earned undergraduate degree from an accepted accredited institution with a CGPA of 2.7 or better on a 4.0 scale during the applicant's last 60 semester hours or 90 quarter hours earned on the bachelor's degree and/or subsequent graduate work OR
- An earned graduate degree from an accepted accredited institution with a CGPA of 3.0 or better on a 4.0 scale.
- Interview with the Program Director/Chair or Dean of the College.

- Submission of official transcripts from all post-secondary institutions attended, with submission due within 10 weeks of initial start date.
- Applicants for whom English is a Second Language (ESL) must submit a minimum paper-based TOEFL (Test of English as a Foreign Language) score of 550 or the electronic-based score of 79-80 to be considered for the program.
- Completion of an application for admission.
- Applicants who are not citizens of the United States should refer to the section in the South University catalog entitled International Student Admissions Policy.

Exceptions to the Minimum GPA

Applications with CGPA lower than the stated program minimum (2.7 for the bachelor's degree and 3.0 for a graduate degree/coursework) may be considered for admission on the basis of evidence of academic and professional potential demonstrated by career and/or personal accomplishments indicated in a personal statement of academic and professional goals, a career resume or curriculum vita, and two letters of academic and/or professional recommendation. The Program Director/Chair in consultation with the Dean of the College or designee must approve exceptions.

Students admitted on an exception basis will be admitted as regular students on provisional status for the first quarter of enrollment. In order to remain enrolled after completion of the first quarter the student must achieve a CGPA of at least 3.0.

College of Business

Admission Criteria for the Doctor of Business Administration Program are as follows:

- Completion of an MBA degree from an acceptable accredited institution.
OR
- Completion of an undergraduate degree in business and a master's degree in a business field (such as organizational leadership, management, or human resources) from an acceptable accredited institution. The College Dean makes the final decision regarding accepted fields of study for admission to the program.
AND
- A cumulative grade point average of at least 3.0 (on a scale of 4.0) on the earned master's degree. Additional coursework may be required to meet the Required Knowledge Base. Refer to section on Required Knowledge Base for further information.
- Completion of an application for admission.
- Submission (within 10 weeks of class start date) of official transcripts from all post-secondary institutions attended.
- Personal interview with a representative from the College of Business as designated by the Dean of the College of Business (may be conducted by teleconference).

Submission of the following:

- A 1,000-word Statement of Purpose Essay that targets the applicant's academic and professional preparation for the South University DBA, along with future academic and professional goals. This statement must detail how the applicant's goals will be enhanced from earning a South University DBA and how the degree will be integrated into future career goals.

- Résumé or curriculum vitae that clearly outlines academic and professional preparation for a doctorate program.
- Three current academic/professional recommendations submitted directly to South University from the evaluator. References submitted to South University by an applicant will not be accepted. These recommendations must present the applicant's ability to successfully matriculate the program and how the applicant will contribute to the overall quality of the program. Additionally, the recommendation must include an assessment of the applicant's ability to be successful as a professional in teaching, service and research.

Once all required admissions documents and information are submitted, the candidate's admission packet will be reviewed and evaluated by the program director. Applications will be reviewed on a weekly basis and applicants will be notified immediately.

Transfer of Credit Guidelines for the DBA program

The majority of credits toward the DBA degree program must be earned at South University. Credit for transfer work will be given if the courses were taken at an acceptable accredited collegiate institution, the course is equivalent to courses offered at South University, and the course carries a grade of "B" or better.

All transfer credit will be reviewed and approved by the Dean, College of Business, or designee, and the Department Chair of the respective academic department and Program Director. The maximum number of classes to transfer is four courses or 16 quarter hours. NOTE: Dissertation courses may not be transferred from another institution.

Required Knowledge Base for the DBA Program

Applicants to the DBA degree program must demonstrate a master's level ability to integrate knowledge within critical knowledge areas with a grade of "B" or better. These knowledge areas must have been taken at an acceptable accredited institution and be equivalent to a 3 semester-hour, graduate level course.

Knowledge Areas:

- Organizational Behavior and Communication
- Statistics

Students meeting all other admission requirements except not having met the Required Knowledge Base areas will be admitted into the program; however, these graduate level knowledge areas must be successfully completed with a grade of "B" or better within the first two quarters of enrollment.

If a student does not complete the Required Knowledge Base areas within the required timeframe, he/she will be dismissed from the program.

The Required Knowledge Base course credits do not count towards the total number of credits for graduation nor do they count in the Cumulative Grade Point Average (CGPA); however, they do count in determining the maximum time frame (MTF) and the Incremental Completion Rate (ICR).

Virtual Residency Requirement for Online Students

The doctoral residencies are a requirement for online students in the Doctor of Business Administration (DBA) program. These are a time for faculty, staff, and students to meet in a collegial learning opportunity. Residencies are designed as a time for students and faculty to work together collaboratively and to support the creation of a community of scholars. Students will participate in faculty- and student-led presentations and will have the opportunity to network and share their experiences in the program. They will also be able to work collaboratively on their scholarship during the residencies, and opportunities to provide service to the academic community will be discussed.

The South University DBA has two residencies. All DBA students in the online program are required to participate in these two residencies; these residencies are part of the completion requirements for the program.

Students attend the virtual Residencies I and II in either the fall or spring depending upon the enrollment date for the student. Residency I is expected to be completed before or during the MGT7100 course in the online program. Residency II is expected to be completed before or during the MGT7205 course in the online program.

If a student fails to attend Residency I or II, he/she will not be able to progress beyond the course for which the residency is a prerequisite or co-requisite (MGT7100 for Residency I and MGT7205 for Residency II).

Attendance

Students are made aware of the requirement of attending those residencies upon admission into the doctoral program. Attendance is required in order to progress in the program. Should an emergency arise that prevents the student from attending the virtual residency, the student must immediately contact the DBA Program Director to receive instructions on how to proceed.

Special accommodations can be made for students who cannot attend a portion of the residency due to medical reasons, religious reasons, and active military deployment. Students who arrive late or fall ill during a residency should immediately contact the Program Director. Students who cannot attend a portion of the residency due to religious reasons, medical reasons, or active military deployment should contact the Program Director at least ten days in advance of the residency.

Other exceptions - There may be additional exceptions that are presented from time to time. How these exceptions will be handled is at the discretion of the DBA Program Director based upon the guidelines set forth in this document.

Documenting exceptions - The Program Director will notify the Academic Counselor regarding any student being granted an exception. Documentation of the exception will need to be placed in the student's academic file in Image Now. The Program Director will then notify the Academic Counselor of the result of each exception granted.

College of Health Professions

Procedure for Admission to the Doctor of Occupational Therapy (OTD)

Admissions criteria for the OTD program are:

- Student holds an Occupational Therapy degree from an ACOTE accredited or WFOT approved program (Bachelor's or Master's).
- If licensure is available and an individual is practicing, then he/she must be licensed within the state/territory/country and provide proof of licensure.

- International students should provide a letter from the licensing agency as proof of licensure.
- U.S. Residents practicing should be in good standing with the NBCOT and the local licensing entity.
- Baccalaureate degree in Occupational Therapy from an accredited institution with a CGPA of 3.0 or higher on a 4.0 scale on all Occupational Therapy programmatic courses.
- OR
- Master's degree in Occupational Therapy from an accredited institution with a CGPA of 3.0 or higher on a 4.0 scale on the degree earned.
- Note: Applicants with a bachelor's degree in Occupational Therapy and a master's degree in Health Sciences (e.g. Public Health, Nursing, Health Sciences, etc...) may qualify for placement into the advanced track.*
- Submission of official transcripts from all collegiate institutions attended within 10 weeks of the class start date.
- Minimum of two years of experience as an Occupational Therapist.
- Completion of application for admission.
- Three recommendations using the OTD Recommendation for Admission Form. Two recommendations must be from an Occupational Therapist.
- Submission of a typed essay, not to exceed 750 words (Refer to the OTD Student Essay form.)
- Interview with the Program Director or designee.

College of Nursing and Public Health

Procedure for Admission to the Doctor of Nursing Practice Program**

*** South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

The criteria used to determine admission to the Doctor of Nursing Practice program include:

- Completion of an application for admission.
- Completion of a master's degree in nursing (MSN) from an ACEN, CCNE or CNEA accredited program
- A cumulative GPA of 3.00 or higher on a 4.0 scale.
- Submission of official documentation of the actual number of verified clinical hours completed during the post-baccalaureate program of study within 10 weeks after the initial start date. This requirement may come in the form of the credentialing documents used to verify the hours for certification examination or a statement from the graduate degree-granting institution verifying the actual number of hours completed during the master's program.
- Submission of official transcripts from all post-secondary institutions attended within 10 weeks after the initial start date.
- A valid unencumbered single-state and/or a valid unencumbered Enhanced Nurse Licensure Compact (eNLC) multistate license as a registered nurse in all U.S. states or territory in which the student is licensed, including the state in which the student completes all assignments for the program. (Note that military, federal, and foreign educated nurses must meet this state requirement for nursing licensure). An unencumbered license(s) must be maintained throughout the program.
- Submission of a minimum paper-based TOEFL (Test of English as a Foreign Language) score of 600 or the electronic-based score of 250 for applicants for whom English is a Second Language (ESL).
- Submission of a resume or curriculum vitae describing relevant work, professional, and volunteer experiences.

Once all required admissions documents and information are submitted, the application will be reviewed and evaluated for an admission decision.

School of Pharmacy

Procedure for Admission to the Doctor of Pharmacy Program

South University School of Pharmacy will accept only applications that are submitted through PharmCAS at: www.pharmcas.org.

Admission Cycle

Students are accepted into the Doctor of Pharmacy degree program once each June.

General Admission

For optimum consideration during an admissions cycle, prospective students are encouraged to submit a completed application to PharmCAS as early as possible. Direct applications to South University will not be processed. Admission to the program is competitive and will be granted on a rolling basis for applications postmarked no later than March 1 of each year.

Admission Criteria

Consideration for admission will be based on the applicant's potential for academic and professional achievement and an assessment of written and verbal communication skills, critical thinking skills, integrity, dedication, motivation, character and maturity. To be considered for admission to the Doctor of Pharmacy degree program a prospective student must:

1. Complete or be in the process of completing a minimum of two years of pre-pharmacy course requirements (60 semester hours) at an acceptable accredited collegiate institution. The student must earn a grade of C (2.0) or better in each prerequisite course. All pre-pharmacy coursework presented in the table below must be completed before matriculation to Doctor of Pharmacy degree program on or before May 25th of the program entrance year.

Pre-pharmacy Requirements*

English Composition/English Literature

3 sem. hrs. (1 sem. or 4.5-qr. hrs.)

Arts & Humanities/Social & Behavioral Sciences

12 sem. hrs. (4 sem. or 18 qtr. hrs.)

Biology I^c

4 sem. hrs. (1 sem. or 6 qtr. hrs.)

General Chemistry I^c

4 sem. hrs. (1 sem. or 6 qtr. hrs.)

General Chemistry II^c

4 sem. hrs. (1 sem. or 6 qtr. hrs.)

Organic Chemistry I^c

4 sem. hrs. (1 sem. or 6 qtr. hrs.)

Organic Chemistry II^c

4 sem. hrs. (1 sem. or 6 qtr. hrs.)

Human Anatomy/Physiology I^{e, f}

3 sem hrs. (1 sem or 4.5 qtr. hrs.)

Human Anatomy/Physiology II^{e, f}

3 sem hrs. (1 sem or 4.5 qtr. hrs.)

College Algebra or higher^d

3 sem. hrs. (1 sem. or 5 qtr. hrs.)

Other Math and Science Courses^e

16 sem. hrs. (5 sem. or 24 qtr. hrs.)

a. Recommended courses in these disciplines include psychology, sociology, anthropology, philosophy, history, literature, art, music, theater, drama, business, education, government, and foreign languages.

b. General Biology II, Botany, Zoology, or similar health-foundational biology are also acceptable. These courses must include a laboratory. Applicants with an undergraduate degree or higher in biological science are exempted from Biology I and II pre-requisite requirements.

c. These courses must include laboratory. Applicants with an undergraduate degree or higher in Chemistry are exempted from Chemistry I and II pre-requisite requirements.

d. Calculus preferred.

e. Preferred courses: Microbiology, Statistic, Genetics, Cell Biology, Immunology, Molecular Biology, Biochemistry, or Physics.

Notes:

It is recommended that the student take two science courses and at least five courses (a minimum of 17 semester hours of credit) each semester to ensure appropriate preparation for the academic challenge of the School of Pharmacy.

Course substitutions may be considered at the discretion of the Assistant Dean for Admissions of the School of Pharmacy.

2. Earn a recommended cumulative grade point average of 2.80 (minimum 2.50) on a 4.0 scale. (A science GPA of 3.0 or better is recommended.)
3. Submit a completed Pharmacy application through www.pharmcas.org. Applications mailed directly to South University will not be accepted.
4. Submit a minimum of two letters of recommendation directly to PharmCas; however, three letters are preferred.
5. Demonstrate the oral and written communication skills required to interact with patients and professional colleagues, and expected of a professional doctoral level student.
6. Complete the South University School of Pharmacy's on campus personal interview with members of the Faculty and the Admissions Committee (by invitation only).
7. Provide directly to PharmCAS all transcripts. Transcripts for all college coursework must be submitted since academic performance for all college coursework undertaken by the student will be evaluated.
8. Applicants for whom English is a Second Language must submit to Pharm CAS a minimum paper-based TOEFL score of 550 or the electronic-based score of 79-80 to be considered for the program or completes

- (with a passing grade in all courses) a minimum of two (2) academic terms at a regionally or nationally accredited U.S. post-secondary institution in which instruction is delivered primarily in English.
9. International students with a current F1 Visa are eligible to apply for admission. It is preferred to have completed 30 semester hours at a regionally accredited college/university in the United States. Required pre-requisite Course work completed at international (non-US) institutions is accepted if it meets the admission requirements. Applicants who have attended international institutions must order a foreign transcript evaluation from World Education Services (WES) through the PharmCAS application. The evaluation report must include institution information, course title, credit hours, and grades. Credit will be given only for applicable courses that can be used to fulfill prerequisites, and they may be required to complete additional courses prior to enrollment in order to fulfill any remaining prerequisites.

Exceptions to the Minimum CGPA

Applicants with CGPAs lower than the stated program minimum may be considered for admission with significant evidence of academic and professional potential demonstrated by the career and/or personal accomplishments indicated in the career résumé (including a personal statement of academic and professional goals), and academic or professional letters of recommendation. Exceptions must be recommended by the School of Pharmacy Assistant Dean for Admissions, Chair of the Admissions Committee, or School Dean.

Technical Standards for Doctor of Pharmacy Degree Program Admission

The educational mission of the South University School of Pharmacy is to prepare pharmacists for life-long learning in the practice of collaborative patient-centered care, and promote excellence in teaching, scholarship and service. Students admitted to the Doctor of Pharmacy degree program must also meet the technical standards for admissions. These technical standards outline the essential functions that candidates for the Doctor of Pharmacy degree must be able to perform. These essential functions reside in the following categories: Observation, Communication, Sensory/Motor, Intellectual, and Behavior/Social. However, it is recognized that degrees of ability vary among individuals. The South University School of Pharmacy is committed to supporting its students by any reasonable means to complete the course of study leading to the Doctor of Pharmacy degree.

- **Observation:** A candidate must be able to observe demonstrations and experiments in the basic sciences, including, but not limited to, physiological and pharmacological demonstrations in animals, evaluation of microbiological cultures, and microscopic studies of microorganisms and tissues in normal and pathological states. A candidate must be able to observe a patient accurately at a distance and close at hand. In detail, observation necessitates the functional use of the sense of vision and other sensory modalities.
- **Communication:** A candidate must be able to communicate effectively and sensitively with patients. The focus of this communication is to elicit information, describe changes in mood, activity and posture, and perceive nonverbal communication. Communication includes speech, reading, writing, and computer literacy. A candidate must be able to communicate effectively and efficiently in oral and written forms with all members of the healthcare team in a timely manner.
- **Sensory/Motor:** A candidate must have sufficient motor function to elicit information from patients by physically touching patients, e.g. assessing range of motion of a joint, taking blood pressure readings, taking a pulse reading. A candidate must be able to execute motor movements to provide general care and emergency treatments to patients, e.g. first aid treatments, cardiopulmonary resuscitation (CPR). A candidate must be able to execute motor movements required in the compounding of medications inclusive of using techniques for preparing sterile solutions, e.g., parenteral or ophthalmic solutions. Such actions require coordination of both gross and fine muscular movements, equilibrium, and functional use of the senses of touch and vision.
- **Intellectual (Conceptual, Integrative, and Quantitative Abilities):** A candidate must have the ability to measure, calculate, reason, and analyze. A candidate must be able to synthesize and apply complex information in a timely manner. A candidate must be fully alert and attentive at all times in clinical settings.

- **Behavioral/Social Attributes:** A candidate must possess the emotional health required for full utilization of his or her intellectual abilities, the exercise of good judgment, and the prompt completion of all responsibilities attendant to the interaction with patients. A candidate must possess the ability to develop mature, sensitive, and effective relationships with patients. A candidate must be able to tolerate physically taxing workloads and to function effectively under stress. A candidate must be able to adapt to changing environments, to display flexibility and learn to function in the face of uncertainties inherent in the clinical problems of many patients. A candidate must possess compassion, integrity, interpersonal skills, and motivation to excel in pharmacy practice.

Requirements for Matriculation Applicants who have been accepted into the Doctor of Pharmacy program must fulfill the following before they can officially enter the program:

- Remit the \$500 acceptance fee by the date designated in the acceptance agreement. The entire acceptance fee is credited to the first quarter's tuition.
- Submit a college transcript after each term completed following acceptance.
- Submit self-certification of high school graduation or GED completion.
- Submit proof of immunization or for immunity to Measles/Mumps/Rubella (MMR), Varicella (Chickenpox), Tetanus/Diphtheria, and Hepatitis B. In addition, students must complete the annual Tuberculin Test (PPD). An Immunization Clearance Form provided as part of the acceptance package must be completed and returned along with other immunization documentation.
- Present a Basic Adult Life Support certificate.
- Submit proof of medical insurance coverage.
- Satisfactorily complete a Background check.
- Complete additional coursework if required by the Admissions Committee and submit additional documents as requested by the Office of Admissions.

Failure to comply with these requirements may result in forfeiture of your acceptance.

Laptop Computer Requirement

Laptop computers are required for use in the multimedia classroom. All students are required to have a laptop computer with Internet access and CD Rom which meets university specifications. Purchase of a new laptop is not recommended until just before matriculation into the program so that performance vs. cost can be optimized. Students may buy any laptop that meets the minimum computer specifications which are set by the school in the spring of each year.

General Policies for Admissions

Criminal History, Charges and Background Checks

Acceptance into a South University program or its completion does not imply or guarantee that a student will be able to obtain licensure, certification, or employment. Students wishing to enter a program in the College of Arts and Sciences, College of Business, College of Health Professions, the College of Nursing and Public Health, or the School of Pharmacy should be aware that a prior felony conviction may restrict an individual's ability to obtain professional licensure, certification, or employment.

In the event a student has an undisclosed criminal history or active charge prior to adjudication on a background check, the ability to matriculate, progress and complete a degree program and/or to become licensed, if applicable, may be

impacted. Active or prior criminal charges/convictions may impact the student's ability to participate in required educational experiences and/or future eligibility for professional licensure necessitating voluntary withdrawal or administrative dismissal from the program.

The University is not able to guarantee the eligibility for licensure or employment in his/her field of any student/graduate with (or without) any criminal history of pending charges. Students must disclose, in writing, any criminal history and active/pending charges at the time of application, and must disclose any new charges to the relevant program director, immediately, for consideration.

Applicants and students should see the Program Director (or designee) for additional information.

Comprehensive Background Check - College of Health Professions

Protection of vulnerable patient populations is important to the South University College of Health Professions and its academic programs, faculty, and students and to clinical affiliation sites where students complete clinical requirements for completion of an academic program. Many clinical sites require criminal background checks for employees and students who provide patient care. As clinical placements are a mandatory component of South University College of Health Professions Programs, a positive criminal history impairs the ability of students to be placed in clinical externships required for completion of the program.

The South University College of Health Profession will deny admission and/or continuation to any student and/or applicant with a felony conviction, plea, or adjudication withheld, or any disqualifying misdemeanor for which a pardon or exemption for disqualification has not been received, including but not limited to rape or sexual abuse or molestation, and abuse, endangerment, or neglect of a child, disabled person, or elderly person.

Students who are considering applying to programs within the College of Health Professions are advised to review the admission and enrollment requirements for background checks listed in the academic catalog and program specific handbook.

Students applying to programs within the College of Health Professions will be subject to a background check that may include, but is not limited to:

1. Social Security Number Verification;
2. Criminal Search;
3. Violent Sex Offender and Predator Registry Search;
4. HHS/OIG List of Excluded Individuals;
5. GSA List of Parties Excluded from Federal Programs;
6. U.S. Treasury, Office of Foreign Assets Control (OFAC), List of Specially Designated Nationals (SDN); and
7. Applicable State Exclusion List, if available

Note: Some clinical agencies may require additional background check requirements.

Obtaining a Background Check Report

Programs within the College of Health Professions will designate an approved company to conduct the background checks and issue reports. Results from a company other than those designated will not be accepted. Results must be received by the program from the approved company and may not be hand delivered by the student to the institution. Students and/or applicants must contact the designated company and comply with its instructions in authorizing and obtaining a background check. Students and/or applicants are responsible for payment of any fees charged by a designated company to provide the background check service.

Rights

Students and applicants who have received an offer of admission have the right to review the information reported by the designated company for accuracy and completeness and to request that the designated company verify that the background information provided is correct. Prior to making a final determination that would adversely affect the applicant or student, the Program Director within the College of Health Professions will provide applicants or students information regarding access to the background check report issued by the designated company. Additionally, the Program Director will inform the student and/or applicant of his/her rights, how to contact the designated company to challenge the accuracy of the report, and that the designated company is not involved in any decisions made by the College of Health Professions.

Current Students

- Students may be required to complete an initial or additional background check prior to the start of an assignment at a healthcare facility as required by the program or the facility. Background check reports will be submitted to the program for review.

Confidentiality and Record Keeping

- Background check reports and other submitted information are confidential and may only be reviewed by university officials and affiliated clinical facilities in accordance with the Family Educational Rights and Privacy Act (FERPA).
- Students: Background check reports and other submitted information of students will be maintained in a separate file from the student record in accordance with the university's record retention policy for student records.
- Applicants Denied Matriculation: Background check reports and other submitted information of applicants denied matriculation into the program will be maintained in accordance with the university's record retention policy.

Other Provisions

- A student who has a break in enrollment will be required to complete a new background check. A break in enrollment is defined as non-enrollment of at least one quarter in the approved curriculum of the degree program.
- Falsification of information, including omission of relevant information, may result in denial of admission or dismissal from the educational program.
- Students are responsible for notifying the Program Director if he/she is charged or convicted of any misdemeanor or felony while enrolled in any portion of the program. Criminal activity that occurs while a student is in attendance at the university may result in disciplinary action, including dismissal, and will be addressed through the university's academic or disciplinary policies. Failure to notify the program is grounds for dismissal from the program.

Comprehensive Background Check - College of Nursing and Public Health

Nurses are entrusted with the health, safety and welfare of patients. The nursing curriculum contains a didactic and clinical component. Clinical facilities where student nurses practice are required by accreditation agencies to obtain background checks for security purposes on individuals that have direct patient contact. A criminal/background check is required to place students in clinical environments. Students are responsible for the cost of the criminal background check.

All students applying for the South University nursing program are required to obtain a Level 1 and Level 2 criminal background investigation. Students starting in a didactic course are required to have the background investigation completed prior to completion of the first quarter of enrollment. Students starting in a clinical course are required to have the background investigation completed prior to the end of the drop/add period of the first quarter of enrollment. A student who does not adhere to this requirement will be unregistered from all courses. Note: pre-licensure students and Virginia students must have background checks completed prior to starting nursing classes.

Based on the deadlines above, the student's background results must be clear (no criminal convictions or pending charges). A student whose investigation shows a felony conviction or findings/misdemeanors that constitute a significant breach of moral or ethical conduct will be withdrawn from consideration or if accepted must cancel their enrollment with the nursing program, and will not be allowed to reapply. Findings of non-traffic criminal convictions may require additional screening. Students will be notified by the Program Director or Clinical Coordinator of criminal convictions that require information and follow up. The student will be given 5 business days to provide additional documentation. After 5 business days, if no documentation is provided or if documentation is insufficient, the student will be unregistered from all courses and the enrollment will be cancelled.

Students must notify the Program Director or Clinical Coordinator, in writing within 5 business days, of any non-traffic criminal convictions that occur during the nursing program of study.

Annual updates will be required during the program of study. A felony conviction and/or behaviors/misdemeanor conviction that constitute a significant breach of moral or ethical standards will result in immediate dismissal from the nursing program.

A student whose background check contains non-traffic criminal convictions will be notified by the Program Director or Clinical Coordinator for follow up. The student will be given 5 business days to provide additional documentation. After 5 business days, if no documentation is provided or if documentation is insufficient, the student will be dismissed from the program.

Students who don't complete their annual update will not be allowed to register for the next quarter. Students who fail to provide their annual update after two quarters will be dismissed from the program. A student who wishes to return to the Nursing Program must complete the annual update and follow the Reinstatement Policy in the South University Catalog. There is no guarantee of reinstatement.

Acceptance into a South University educational program, or its completion, does not imply or guarantee that a student will be able to obtain licensure or certification.

The Nursing Program Director may be required to submit written documentation regarding the student status to boards of nursing and clinical agencies as early as receipt of the student's CON application. Students may be required to obtain additional background checks as requested by clinical agencies or boards of nursing.

College of Health Professions Substance Abuse and Screening Policy

Substance Abuse Policy

Drug and alcohol disorders can be detrimental to one's overall physical and emotional health, as well as academic and professional performance. The College of Health Professions has adopted the following policy and procedures related to student drug and alcohol testing and students suspected of impairment due to drugs or alcohol.

Drug and Alcohol Screening

Students must consent to drug and alcohol testing as dictated by individual program policies. Testing may occur before and during student enrollment in health profession programs. A student who has a break in enrollment will be required to pass a new drug test prior to re-enrollment. A break in enrollment is defined as non-enrollment of at least one quarter

in the approved curriculum of the degree program. An outside facility conducts testing, and the cost of testing is the student's sole responsibility.

College of Health Profession Rules Related To Alcohol and Drugs

1. Due to the nature of the practice of health professions programs, the College of Health Professions maintains a zero-tolerance policy for any violation outlined in this policy. Students who violate this policy are subject to immediate dismissal. Applicants who violate this policy are ineligible for program matriculation.
2. When students are engaged in any clinical/fieldwork activity while enrolled in a South University Health Professions program, they are prohibited from:
 - Using, possessing, buying, selling, manufacturing or transferring any Schedule I or illicit unscheduled drugs or Schedule II-V drugs not lawfully prescribed for and obtained by the individual;
 - Possessing drug paraphernalia or secondary devices for processing, manipulating or utilizing illicit substances (any suspected illegal/illicit drugs or drug paraphernalia will be confiscated and turned over to an appropriate law enforcement agency which may result in criminal prosecution).
 - The presence of any detectable level of alcohol (≥ 0.01 g/dL), illicit drug, or controlled substance in a student's system while engaged in any clinical/fieldwork activity.
 - Common examples of substances prohibited by the College of Health Professions include: any alcohol, drugs, or other substances whether ingested, inhaled, injected subcutaneously, or otherwise that have known mind-altering or function-altering effects upon the human body or that impair one's ability to safely perform their work, including, but not limited to: prescription drugs; over-the-counter medications; alcohol; drugs and other substances made illegal under federal or state law; "synthetic or designer" drugs; illegal inhalants; "look-alike" drugs; amphetamines, cannabinoids (marijuana and hashish), cocaine, phencyclidine (PCP), and opiates; and any drugs or other substances referenced in Schedule I through V of the Controlled Substances Act (Title 21 United States Code (USC)).
 - Although some states permit adults to possess and consume marijuana under certain circumstances, the possession, use, or distribution of marijuana, (including for medical purposes) is not permitted when engaged in a South University activity. Students should be aware that use of any product resulting in a positive drug screen for tetrahydrocannabinol (THC, the principal psychoactive constituent of cannabis including marijuana) is a violation of the College of Health Professions Substance Abuse and Screening policy.
3. South University reserves the right to take appropriate disciplinary action, including permanent programmatic dismissal, for alleged crimes involving the usage/sale/distribution of illicit or controlled substances at any time during a student's matriculation in the program. Any student who is arrested, convicted, pleads guilty, or is sentenced for a crime involving an illegal drug or controlled substance is required to report the arrest, conviction, plea or sentence to the appropriate program representative (e.g., Program Director) within five calendar days. Failure to report any arrest, conviction, plea, or sentence will be grounds for immediate and permanent dismissal from the program.
4. In addition to the South University Code of Conduct expectations outlined in the campus student handbook, the College of Health Professions does not allow any student to perform any functions pertaining to the clinical/fieldwork experience while under the influence of alcohol or drugs or while taking over-the-counter or prescribed medication(s) that may impair the student's ability to safely and effectively perform required duties/functions. If a student believes his/her ability to safely and effectively perform required functions is impaired for any reason, the student must immediately contact the appropriate administrator (e.g., Dean of Student Affairs, Program Director, Clinical/Fieldwork Coordinator).
5. If a student acknowledges that an alcohol or substance abuse problem exists, that student may self-report to the appropriate administrator (e.g., Dean of Student Affairs, Program Director, Clinical/Fieldwork Coordinator). When self-reporting occurs in advance of any reportable or actionable incident or event related to student impairment, the student will be offered referrals to substance abuse counseling or treatment. Students who self-report may be eligible for withdrawal from the university, and readmission will be determined by individual programmatic policy.

Mandatory Drug Testing

Students will undergo drug screening as determined by the College of Health Professions. Timing of testing may be before admission, before clinical placements, or any time during enrollment in the program as outlined in each program's specific policy. Drug testing will be conducted by an approved testing agency selected by programs within the College of Health Professions; such testing shall be paid for by the student. Results of testing must be transmitted directly from the selected screening agency to the program; no hand-delivered results from students will be accepted. A student with a positive drug test as determined by a qualified drug testing agency will be referred to the appropriate administrator and is subject to dismissal from the program.

Students who are taking over-the-counter or prescribed medication are responsible for being aware of the effect the medication may have on their performance or personal behavior and are to report the medication(s) to the testing facility in the case of a positive drug test result.

Additional drug tests may be required by specific academic programs or clinical sites per program requirements and clinical agreements. Students are responsible for all drug testing expenses.

Drug or Alcohol Testing (with cause)

In addition to any initial drug testing requirement, the College of Health Professions, with reasonable suspicion or at the recommendation of any clinical site, may require any student who is suspected of being under the influence of drugs or alcohol to undergo an immediate (within one (1) hour) mandatory drug screening. Students are prohibited from reporting to the clinical facility while under the influence of drugs or alcohol. A student in violation of the policy will be subject to immediate removal from the clinical facility and dismissal from the program. Results of testing must be transmitted directly from the selected screening agency and the program; no hand-delivered results from students will be accepted.

Testing Procedures

1. In the event of reasonable suspicion or at the recommendation of any clinical site personnel, the following actions will be taken:
 - a. The student will be removed from the patient care area and the Program Director/Clinical Coordinator will be notified for further direction.
 - b. An academic or clinical faculty member will facilitate the student's communication with a transportation service or emergency contact to arrange transport to an off-site testing facility (as required). The student is not to transport himself/herself.
 - c. Medical assessment, treatment, and transportation will be at the student's expense.
 - d. If the student's behavior is threatening or belligerent, the instructor or clinical site supervisor may notify law enforcement to have the student escorted from the premises.
2. Students are required to contact the program before undergoing a drug test to ensure the correct testing service and panel is conducted.
3. Positive drug tests will be evaluated by an independent Medical Review Officer (MRO) designated by the drug testing agency selected by the program.
4. A positive drug test for illicit substances may qualify for a confirmatory follow-up test as recommended by the testing facility or MRO. If a student is taking prescribed medications for which a positive drug test may result, the student is responsible for reporting the prescription and dosage to the drug testing service.
5. Attendance at clinical sites will be denied to students who refuse or fail to provide a sample for a drug test or who have an unsatisfactory test result.

Due Process and Confidentiality

Due Process

Students who are dismissed have the right to due process according to program and University policies.

Confidentiality

Information and records relating to positive test results, drug and alcohol dependencies, and legitimate medical explanations provided to the Medical Review Officer (MRO) shall be kept confidential to the extent required by law and maintained in a separate location from student academic files. Such records and information may be disclosed to South University administration, clinical placement sites, and Dean of Student Affairs on a need-to-know basis and may also be disclosed when relevant to a grievance, charge, claim, or other legal proceeding initiated by or on behalf of a student. Students have the right to review the drug testing results.

College of Nursing and Public Health (CONPH) Substance Abuse and Screening Policy

Drug Screening

Students must consent to drug and alcohol testing as identified by their program. Students may be asked to complete a drug screen prior to enrollment, annually, and at any time during enrollment in their program. Testing is conducted by an outside testing facility and the cost of any testing is the student's sole responsibility.

A test to measure a student's blood alcohol level may be administered at any time while participating in any programmatic activity. Any positive blood alcohol level measured while participating in any programmatic activity will be grounds for dismissal from the program.

If a student has a positive / invalid test for a non-prescribed or illicit drug as determined by a qualified drug testing service, the student will be denied admission, dismissed from the respective program, and/or ineligible to reapply for the program. Due to the nature of the practice of health professions programs, the CONPH maintains a zero tolerance policy for illegal use of controlled substances, illicit drugs of any kind, and substances that impair academic and/or clinical performance.

South University Rules Related To Alcohol and Drugs

Students must notify the Program Director or Clinical/ Practicum Coordinator, in writing within 5 business days, of any monitoring or reporting obligations for substance abuse that apply at the time of admission or during the program of study.

1. When students are engaged in any form of patient care or engaged in any activities associated with their South University CONPH program, they are prohibited from:
 - i. Using, possessing, buying, selling, manufacturing or transferring any Schedule I or illicit unscheduled drugs or Schedule II-V drugs not lawfully prescribed for and obtained by the individual;
 - ii. Possessing drug paraphernalia or secondary devices for processing, manipulating or utilizing illicit substances (any suspected illegal/illicit drugs and/or drug paraphernalia will be confiscated and turned over to an appropriate law enforcement agency which may result in criminal prosecution);
 - iii. Being under the influence of alcohol or any other substance that may impair judgment or cognitive function.
2. The presence of any detectable level of alcohol (≥ 0.01 g/dL), illicit or illegal controlled substance in a student's system while attending classes, on clinical rotations, while engaged in any form of patient care, while engaged in any programmatic activities or otherwise representing their program is prohibited. Any violation of rules related to alcohol and drugs may result in permanent dismissal from the program, denied admission to the program, and / or the inability to reapply to the program.
3. South University reserves the right to take appropriate disciplinary action for alleged crimes involving the usage/sale/distribution of controlled substances at any time during admission to or matriculation in the

program, including programmatic dismissal. Any student that is arrested, convicted, pleads guilty, or is sentenced for a crime involving an illegal drug is required to report the arrest, conviction, plea or sentence to the appropriate program representative (e.g., Program Director, College Dean, or Assistant/Associate Dean) within five calendar days. Conviction or failure to report any arrest, conviction, plea or sentence will be grounds for immediate dismissal from the program.

4. South University and the CONPH will not allow any student to perform patient care functions [or any functions pertaining to the laboratory, clinical, practicum and/or fieldwork experience] while taking prescribed medication(s) that adversely affect the student's ability to safely and effectively perform required duties/functions. If a student believes his/her prescribed medication(s) impair the ability to safely and effectively perform required functions, the student must immediately contact the appropriate program administrator (e.g., Program Director, College Dean, Assistant/Associate Dean, or his/her designee).

If a student acknowledges that a substance abuse problem exists, that student may self-report to the appropriate program administrator (e.g., Program Director, College Dean, or Assistant/Associate Dean, Clinical/Practicum Coordinator). When self-reporting occurs in advance of any reportable or actionable incident or event related to his/her impairment, the student will be removed from current courses.

The student is directly responsible for any cost associated with counseling or treatment. The student may request a medical leave of absence from the program for any required treatment and must provide proof of completion and the appropriate medical clearances to return to the program. Reentry into the program is based on space availability.

Licensed students may be reported to appropriate Board of Nursing substance monitoring program, based on state mandatory reporting requirement.

Collection and Testing Procedures

Reasonable Suspicion: Students are subject to testing based upon (but not limited to):

1. Observations by students, faculty, staff, preceptors, or others, of apparent use, possession or impairment; or
2. Other circumstances giving rise to reasonable suspicion of prohibited conduct or impairment. The College Dean, Assistant/Associate Dean and/or Program Director will be consulted before sending a student for testing and such testing will be conducted as permitted by state law.
3. Any student referred for testing or further evaluation will report to the testing facility within the timeframe identified by the program director or designee.
 1. NOTE: This time may be adjusted by the College Dean, Assistant/Associate Dean, or Program Director (e.g., based on distance from a testing facility). Refusal of testing or failure to report in the specified time will result in immediate dismissal from the program. Under no circumstances will any student suspected of impairment be allowed to drive to the testing facility. The student must give the contact information for a responsible adult to provide transportation.
4. The student must follow the policy of the specimen collection agency/facility. Collected specimens shall be sent to a certified laboratory and tested for evidence of controlled substances and alcohol. The laboratory shall not test for pregnancy, hepatitis, HIV or other conditions not associated with illegal drug use or prohibited alcohol consumption. The laboratory shall screen all specimens and confirm all positive / invalid screens. The chain of custody must be documented from the time specimens are collected through testing and storage.
5. The laboratory shall transmit all positive / invalid drug test results to a Medical Review Officer ("MRO") who shall offer persons with positive / invalid results a reasonable opportunity to rebut or provide a legitimate medical explanation for the positive / invalid results. In no event shall a positive / invalid test result be communicated to South University until such time that the MRO has confirmed the test to be positive / invalid.
6. No laboratory results from any source other than the laboratory where the student was sent by South University and reviewed by the MRO will be accepted.

Confidentiality

Information and records relating to positive / invalid test results, drug and alcohol dependencies and legitimate medical explanations provided to the MRO shall be kept confidential to the extent required by law and maintained in secure files separate from normal student files. Such records and information may be disclosed to the Program Director, College Dean, or Assistant/Associate Dean on a need-to-know basis and may also be disclosed when relevant to a grievance, charge, claim or other legal proceeding initiated by or on behalf of a student.

International Student Admissions Policy

All international students must meet the same admissions standards as all other students when seeking to enroll in South University (Please refer to the General Admissions Requirements.) Those international students applying to SEVP-certified schools and requiring the school's sponsorship for international student visa status (Form I-20) must meet the additional requirements listed below.

South University requires nonimmigrant students present in Visa Waiver, B-1, and B-2 status to change visa to F-1 or other qualifying status prior to enrolling in programs of study (other than avocational or recreational courses). Students in F-2 or M-2 status may enroll on a part-time basis where available. Please note that some programs may not be eligible for international students requiring Form I-20 sponsorship. Please ask to speak with South University's International Admissions Representative for more detail.

Admissions Requirements for Students Requiring Form I-20 Sponsorship

International students requiring South University's Form I-20 must submit the following items in addition to the standard documents required for admission:

- Original or official copies of all educational transcripts and diplomas (secondary and post-secondary if applicable)
- English language translation(s) of education transcripts and diplomas, if applicable
- Official credential evaluation of non-U.S. transcripts and diplomas required for admission. NOTE: evaluations must be prepared by a National Association of Credential Evaluation Services (NACES) or Association of International Credential Evaluators (AICE)-member organization
- Proof of English Language Proficiency (see English Language Proficiency Policy)
- Proof of financial responsibility to cover costs of tuition and fees and living expenses (and dependent costs if applicable) for at least one academic year (official bank statements, Sponsor's Statement of Support, if required)
- Photocopy of student's "bio-info" page of passport to provide proof of birth date and citizenship
- For all non-immigrant applicants residing in the United States, provide a copy of passport visa page and Entry Record or Form I-94 card
- For all non-immigrant applicants currently in F, M, or J status, provide a copy of all Forms I-20 or Forms DS-2019
- Transfer Clearance Form for students currently in F, M, or J status at another institution

All international applicants to South University, Atlanta Off-Campus Instructional Site and South University, High Point Off-Campus Instructional Site must meet the same admissions standards as all other students. South University, Atlanta Off-Campus Instructional Site and South University, High Point Off-Campus Instructional Site are not currently authorized to sponsor international student (F-1) visas. Other qualifying nonimmigrant (temporary) visa status may enroll.

Important International Student Disclosure - International students attending South University locations under F-1 visas (Form I-20) are required to maintain a "full course of study" during each academic term of their programs of study. For undergraduate (non-degree, Diploma, Associates, and Bachelors-level programs) students, this is defined as a minimum of 12 credits per academic term. Graduate programs will vary by program of study. Not more than 1 online course or 3 online credits per academic term may be counted toward meeting the "full course of study" requirement. Speak with an admissions representative for more information. Program and course offerings are subject to change and international students may be required to take additional courses to meet the full course of study requirement. International students should work closely with the International Student Advisor to verify all requirements of their visas statuses are met. THIS SCHOOL IS AUTHORIZED UNDER FEDERAL LAW TO ENROLL NONIMMIGRANT ALIEN STUDENTS.

English Language Proficiency

As the lectures, seminars, materials, and discourse which comprise programs of study at South University are presented in English, South University requires that all students possess and demonstrate a minimum level of English language proficiency required to substantially benefit from the programs offered.

A student is deemed proficient in the English language if he or she presents proof of the following:

- Holds a U.S. high school diploma or U.S. General Equivalency Diploma (GED) or international high school diploma, e.g., U.S. military base, business/diplomat expat community, etc., in which instruction is delivered primarily in English
- Holds the equivalent (evidenced by credential evaluation) of a U.S. high school diploma from overseas institution in which instruction is delivered primarily in English
- Completes (with passing grades in all courses) a minimum of two (2) academic terms at a regionally or nationally accredited U.S. post-secondary institution in which instruction is delivered primarily in English
- Completes (with passing grades in all courses) English 101 and 102 at a regionally or nationally accredited U.S. post-secondary institution in which instruction is delivered primarily in English
- Presents acceptable English Language Proficiency test scores meeting the minimum required levels set forth below.

Equivalent/Alternative English Language Programs/Test_±

ELP Test	DIPLOMA	AS/BS	GRAD
TOEFL - Paper	480	500	550
TOEFL - i-BT (internet based test)	54-55	61	79-80
American College Testing (ACT) English Paper	17	19	21
EF International Language Schools	C1	C1	C2
ELS Language Schools	Level 108	Level 109	Level 112
iTEP	4.0	4.5	5.0

Michigan English Language Assessment Battery (Also known as the MELAB or Michigan Test)	73	80	85
Pearson	42	44	53
Scholastic Aptitude Test (SAT) Verbal Score**	420	526	572
Students from Puerto Rico: Prueba Aptitud Académica (PAA) English Proficiency Section	453*	526	572
TOEIC (Academic Test)	650	700	750
I.E.L.T.S. (A Cambridge University Exam)	5.5	6.0	6.5

*The scale for The Prueba Aptitud Académica has changed and now closely reflects the SAT.

**As of April 2005, the SAT verbal test is replaced with the SAT critical reading test.

±The University will evaluate other tests and programs on an individual basis to determine eligibility for English Language Proficiency.

Undergraduate (diploma, associate and bachelor level) applicants may also satisfy the minimum standard of English language proficiency by submitting official documentation of one of the following:

- Successful completion of a minimum of two semesters or quarters of post-secondary course work at a regionally accredited college or university or a college or university accredited by an approved national accrediting body in which English is the language of instruction. Successful completion is defined as passing all courses for which the student was registered during the two semesters;
- U.S. High School Diploma or GED administered in English;
- Equivalent of a U.S. High School Diploma from a country in which English is the official language (equivalency must be verified by a recognized evaluator of international credits);
- Satisfactory completion of English 101 or 102 at an English speaking college or university within the U.S., achieving a grade of "C" or higher.

Please contact an International Student Admissions Representative for questions about acceptable alternative measures of English Language Proficiency.

Re-entry/Readmission of Former Students

Students seeking readmission after an absence of one year or longer, may be readmitted without retesting for admission, but must apply for readmission. If they were enrolled at other colleges during their absence, transcripts of coursework taken must be sent to South University. A candidate for readmission must either demonstrate that they already meet the entrance test requirement for admission in effect at the time of readmission or retest to achieve that minimum entrance score.

Students seeking re-entry after an absence of less than a year may resume their previous program curriculum, or if a curriculum change has occurred since their original start date, they may opt to move to the new program curriculum. Students seeking readmission after an absence of one year or longer must enroll in the new program curriculum. Requests for exceptions to the program enrollment requirement may be submitted to the Dean of Academic Affairs and Operations for campus programs or Program Director or designee for online programs.

Students in the partially online Bachelor of Science in Legal Studies or Associate of Science in Paralegal Studies Programs may withdraw from South University Online Programs for one period of up to 24 consecutive months in order to complete the traditional classroom format Legal Studies specialty courses required as part of their program.

Partially online Bachelor of Science in Legal Studies and Associate of Science in Paralegal Studies students who withdraw from the University due to personal or emergency circumstances may not re-enter the partially online program after an absence of nine months or more.

GPA Calculation for Admissions

The grade point average (GPA) is determined by dividing the total number of quality points, calculated by multiplying the numeric equivalents of course grades (e.g., A=4.0, B=3.0, C=2.0, D=1.0, F=0.0) by the number of credit hours assigned to each course (e.g., 4 credit hours x 4.0), by the total number of credit hours attempted. South University will calculate the GPA based on the transcript key from the granting institution. In the absence of a transcript key South University will use the GPA calculator provided by College Board. (A=4.0, A-= 3.7, B+ = 3.3, B=3.0, B-=2.7, C+=2.3, C=2.0, C-=1.7, D+=1.3, D=1.0, D-= .7, F=0.0).

For students admitted to South University with earned degrees, the CGPA on the degree earned is used. If an institution provides both an Institutional CGPA and CGPA, the Institutional CGPA will be used.

For calculations on the last 60 semester/90 quarter hours, transcripts will be evaluated in reverse chronological order from newest to oldest credit earned. All grades, except Pass (P) or Satisfactory (S), will be used in the GPA calculation. All failing grades will be included in the calculation, even if the course was retaken. In the event that the last course to be included in the calculation is not the last course in a term, then all courses in that term will be included in the calculation.

Pluses (+) and minuses (-) will be used in the calculation of the GPA

Each program determines the ability to include courses earned after an awarded degree that may or may not be used in the calculation of the GPA for admission. Please see the program specific admissions requirements for further information.

Acceptable Accredited Collegiate Institution

South University requires that prior coursework taken by transfer students or transfer credit requested for review be taken at an acceptable accredited collegiate institution. An acceptable accredited collegiate institution possesses either regional or national accreditation granted by an agency recognized by the U.S. Department of Education. Individual programs within South University may define additional criteria for acceptable accreditation to meet the requirements of specific programmatic accreditation.

Personal Enrichment Enrollment

Enrollment in selected subjects for personal enrichment is available under certain circumstances. Students attempting to enroll under these circumstances are classified as special subject students and are not eligible for Title IV financial aid. This status allows a student to enroll in one class per quarter for no more than three quarters without following the standard admission procedures or meeting standard admission requirements. Individuals participating in a specifically contracted workshop, seminar, or course that is not part of the pursuit of a degree are not required to meet any admissions requirements. Status as a special subject student is not available to students receiving military education benefits.

Students who wish to enroll for personal enrichment in courses in the Master of Public Health (MPH) program are limited to a total of two courses (8 credits) from the following list: PHE5001, PHE5005, PHE5010 and PHE5015. Priority for enrollment in any of these MPH courses is given to students admitted to the program.

Students may not enroll in any nursing courses (NSG) under this Policy.

Financial Information

Tuition

The below applies to all students that were enrolled prior to the April 27, 2021 (online) or May 13, 2021 (campus-based) term. For tuition information for new or re-entry students that enrolled on or after the April 27, 2021 (online) or May 13, 2021 (campus-based) term, please refer to the next Tuition section.

Changes in tuition and fees apply to all students unless otherwise specified. In-state and out-of-state tuition are the same. Tuition and fees are subject to change at the end of any term. Unless otherwise stated, the cost of books, technology charges, lab coats, and other miscellaneous expenses are not included in tuition or fees.

Tiered Tuition Structure:

Students who persist and successfully earn academic credits in their educational programs* are eligible for a reduced tuition structure that decreases the students' actual tuition.

Associate's level programs:

Based on the length of the associate degree program, students will receive a tuition reduction by 10% to 15%†. Students may qualify as long as they remain enrolled and participate in an eligible program of study, making them eligible for the reduced tuition within the program. Program lengths vary in the number of credits required. This reduction will occur once the following thresholds are reached:

- Students who complete greater than 45 credits will receive a 10% tuition reduction†
- Students who complete greater than 90 credits will receive a 15% tuition reduction†

Bachelor's and higher-level programs:

Students who persist and successfully earn academic credits in their educational programs* are eligible for a tiered tuition structure that decreases the students' actual tuition cost, ranging from 10%-20%†. Students may qualify as long as they remain enrolled and participate in an eligible program of study, making them eligible for the tiered tuition at different thresholds within the program. This reduction automatically occurs as students reach the following thresholds:

- Students who successfully earn greater than 25% of the credits in their program will receive a 10% tuition reduction†
- Students who successfully earn greater than 50% of the credits in their program will receive a 15% tuition reduction†
- Students who successfully earn greater than 75% of the credits in their program will receive a 20% tuition reduction†
-

Program lengths vary in the number of credits required; the tuition credit occurs once credits earned surpass the percentages above.

Reductions in tuition are applied at the beginning of each term (quarter). If the percentage of earned credit above is reached after the term starts, the reduction will occur at the start of the next term. All reductions' calculations are based on the original cost per credit hour.

For the purpose of eligibility for reduced tuition, transfer of credits that are accepted by the institution into a student's specific program of study will qualify towards credits that are successfully earned. If transfer of credit is received after a term begins, the reduction will occur at the start of the next term.

** The following programs are not eligible for tiered tuition: Doctor of Ministry, Doctor of Pharmacy, Master of Medical Science in Anesthesia Science, Master of Science in Physician Assistant, all undergraduate and graduate Nursing programs, all post-graduate certificate programs, Master of Healthcare Administration, Master of Information Systems, Master of Public Administration, and Master of Public Health programs.*

† Students utilizing partnership agreements or enrolling as a Continual Transfer Waiver will not be eligible for the reduced tuition. The students will receive the tuition reduction as outlined in the partnership agreement or transfer waiver.

Campus Program Tuition

The below applies to all students that were enrolled prior to the April 27, 2021 (online) or May 13, 2021 (campus-based) term. For tuition information for new or re-entry students that enrolled on or after the April 27, 2021 (online) or May 13, 2021 (campus-based) term, please refer to the next Tuition section.

Graduate Tuition for programs with no Tiered tuition:

Tuition for the Doctor of Ministry degree program is as follows: \$540 per credit hour. The digital textbook fee for the Doctor of Ministry program, is \$400 per quarter for the first six (6) quarters for a customized South University Logos package. The customized South University Logos package is not refundable.

Tuition for the Doctor of Nursing Practice degree program is as follows: \$540 per quarter credit hour.

Tuition for the Doctor of Pharmacy degree program is \$12,324 per quarter. Tuition does not include text books (\$10 per credit hour for digital textbooks) or a \$500 nonrefundable acceptance fee, which is applied to tuition for the first quarter upon enrollment. The digital textbook fee is \$15 per credit hour. Pharmacy students taking 16 hours or more are considered full time students and tuition will be based on the "per quarter" rate. Students taking less than 16 hours or who are remediating courses will be charged on a per quarter hour rate. The cost per credit hour is \$1200; the maximum quarterly tuition is \$12,324.

Tuition for the Master of Business Administration (after the completion of the Doctorate of Pharmacy degree program) is as follows: \$650 per credit hour.

Tuition for the Master of Medical Science in Anesthesia Science degree program is \$10,600 per quarter. Tuition does not include textbooks (\$15 per credit hour for digital textbooks), a technology fee of \$15 per credit hour, or a \$500 nonrefundable acceptance fee, which is applied to tuition for the first quarter upon enrollment. The tuition cost is for a full-time course load and does not include expenses for such required items as stethoscope (approximately \$100), and scrubs (approximately \$75). Anesthesiologist Assistant students are not eligible for part-time enrollment.

Tuition for the Master of Science in Physician Assistant degree program is \$10,000 per quarter. Tuition does not include textbooks (\$15 per credit hour for digital textbooks), a technology fee of \$15 per credit hour, or a \$1,000 nonrefundable acceptance fee for South University Austin, Savannah, Tampa, and West Palm Beach, which is applied to tuition for the first quarter upon enrollment. There is a \$1000 acceptance fee, \$900 of which is refundable, for those

applicants accepted into the Physician Assistant program at South University, Richmond. Please note that acceptance fees are non-transferrable between South University locations.

This is for a full-time course load and does not include expenses for such required items as scrubs/uniforms (approximately \$100), (BLS) Certification from an American Heart Association (AHA) authorized training center (approximately \$80), and professional instruments (approximately \$1100). Students pay a \$75 membership fee (subject to change) to the American Academy of Physician Assistants. Students are also required to join their respective state chapter Physician Assistant Associations (FAPA, GAPA, TAPA, VAPA) for a nominal fee which may vary by location. Students are required to purchase a laptop computer with privacy screen (approximately \$1500). Students in the Physician Assistant program at all South University campuses where the program is offered are required to have a drug screen and criminal background checks prior to matriculation and prior to clinical placement through a third party vendor (approximately \$200-\$400). Students are responsible for their transportation, housing, and living expenses during their clinical year. Expenses will vary depending on the location of each rotation site. Physician Assistant students are not eligible for part-time enrollment. All South University students pay a graduation fee of \$125.

Tuition for the RN to Master of Science in Nursing degree program are as follows: \$215 per quarter hour for undergraduate level classes and \$540 per quarter credit hour for graduate level classes.

Tuition for the Master of Science in Nursing degree programs are as follows: \$540 per quarter credit hour.

Tuition for Post Graduate Certificates in Nursing degree programs are as follows: \$540 per quarter credit hour.

Tuition for the Master of Business Administration in Healthcare Administration, Master of Healthcare Administration, Master of Science in Information Systems, Masters in Public Administration and Masters in Public Health degree programs are as follows: \$351 per quarter credit hour.

Graduate Tuition for Programs eligible for Tiered Tuition

The below applies to all students that were enrolled prior to the April 27, 2021 (online) or May 13, 2021 (campus-based) term. For tuition information for new or re-entry students that enrolled on or after the April 27, 2021 (online) or May 13, 2021 (campus-based) term, please refer to the next Tuition section.

Tuition for the Doctor of Business Administration degree programs are as follows: \$756 per quarter credit hour.

Tuition for the Master of Business Administration, Master of Science in Human Resources Management, Master of Science in Criminal Justice, and Master of Science in Leadership degree programs: \$702 per quarter credit hour.

Tuition for the Master of Arts in Clinical Mental Health Counseling degree program is \$648 per quarter credit hour.

Tuition for the BS to MS in Accounting degree program is as follows: \$405 per credit hour for undergraduate level classes and \$621 per quarter credit hour for graduate level classes.

Tiered Tuition plan:

Student Earned Credits	
0 to 25% of program credits earned	0% tuition reduction
26% to 50% of program credits earned	10% tuition reduction
51% to 75% of program credits earned	15% tuition reduction
76% to 100% of program credits earned	20% tuition reduction

Notes: *Students utilizing partnership agreements or enrolling as a Continual Transfer Waiver will not be eligible for the tiered tuition. The students will receive the tuition reduction as outlined in the partnership agreement or transfer waiver.*

Reductions in tuition are applied at the beginning of each term (quarter). If the percentage of earned credit is reached after the term starts, the reduction will occur at the start of the next term. All reductions' calculations are based on the original cost per credit hour.

For the purpose of eligibility for tiered tuition, transfer of credits that are accepted by the institution into a student's specific program of study will qualify towards credits that are successfully earned. If transfer of credit is received after a term begins, the reduction will occur at the start of the next term.

Undergraduate Tuition for programs not eligible for Tiered Tuition

The below applies to all students that were enrolled prior to the April 27, 2021 (online) or May 13, 2021 (campus-based) term. Undergraduate Tuition

The below applies to all new and re-entry students that were enrolled on or after the April 27, 2021 (online) or May 13, 2021 (campus-based) term. For tuition information for students that enrolled prior to the April 27, 2021 (online) or May 13, 2021 (campus-based) term, please refer to the previous Tuition section.

Tuition for the RN to Bachelor of Science in Nursing degree program is as follows: \$225 per quarter credit hour.

Tuition for Associate of Science in Allied Health Science, Associate of Science in Paralegal Studies, Bachelor of Arts in Psychology, Bachelor of Business Administration, Bachelor of Science in Accounting, Bachelor of Science in Behavioral Sciences, Bachelor of Science in Criminal Justice, Bachelor of Science in Health Sciences, Bachelor of Science in Healthcare Management, Bachelor of Science in Information Technology, Bachelor of Science in Legal Studies, Bachelor of Science in Public Health, and Bachelor of Science in Public Relations degree programs is as follows: \$400 per quarter credit hour.

Payment of Tuition and Fees

All charges are due and payable on or before the start date of each quarter. For students in Online Programs, all charges are due and payable on or before the start date for each course. Circumstances which prevent a student from adhering to these dates should be discussed with the business office. Students attending school under a grant or loan should confer with the director of financial aid concerning the payment of fees; students attending school under the G.I. Bill® can discuss payment of school fees with the director of financial aid. Failure to make proper payments, unless otherwise cleared with the business office, will result in dismissal from the University. Grades will not be issued, degrees granted, or academic transcripts furnished until all financial obligations have been satisfied and all university property returned.

Please visit our Student Consumer Information page to find the average time to completion for continuously enrolled students for each credential level offered. This data is available at the average credit load, full-time or at full load. Changing programs, beginning programs at the mid-term start date, taking remedial courses, taking time off from coursework, registering for fewer hours or unsuccessful attempts at course completion will increase the total length of the program and overall cost of education from what is disclosed. Transfer credits awarded toward your program will likely decrease the overall length and cost of education.

Fees

Application Fee

South University does not charge application fees for any of its programs. However, some programs (Doctor of Pharmacy (PharmD), Master of Science in Physician Assistant (MSPA), and Master of Medical Science in Anesthesia Science (MMSc) utilize external application processing services and students may be charged a fee for using these services. Students should contact the Senior Director of Admissions at their desired location to determine if this applies to their program. Please see the Appendix for specific contact information.

Acceptance Fee

There is a non-refundable \$500 acceptance fee for those applicants accepted into Anesthesiologist Assistant program.

There is a non-refundable \$500 acceptance fee for those applicants accepted into the professional phase of the BSN degree program. The acceptance fee does not apply to the RN to BSN degree program.

There is a non-refundable \$1000 acceptance fee for those applicants accepted into the Physician Assistant programs at South University, Austin, South University, Savannah, South University, Tampa and South University, West Palm Beach. There is a \$1000 acceptance fee, \$900 of which is refundable, for those applicants accepted into the Physician Assistant program at South University, Richmond. Acceptance fees are applied towards tuition.

The non-refundable acceptance fee for applicants accepted through the General Admissions Procedure into the Pharmacy program is \$500.

The acceptance fees for these programs will be applied to the student's first quarter tuition payment. If an applicant accepted into the Pharmacy or Anesthesiologist Assistant programs encounters circumstances that prevent their matriculation, any amount paid by the applicant that is above the nonrefundable application fee and acceptance fee will be refunded.

Auditing Fee

Audited courses are subject to the same tuition and fees as courses taken for credit. Refer to the Tuition section. Requirements for auditing are published in the Academic Affairs section of this catalog.

Diploma Fee

Each student is entitled to have one official diploma sent to them upon graduation. Students may request duplicate diplomas for a fee of \$75 each. Students who are current on their payment plan will have the diploma released.

Final Project Extension Fee (Doctor of Ministry)

A fee of \$200 will be collected for each extension course a student enrolls in to complete the Doctor of Ministry Degree.

Graduation Fee

A graduation fee of \$125 will be collected from each candidate for graduation and is due and payable the quarter in which the candidate is to graduate. If the candidate is to receive a second degree at the same graduation ceremony, an additional fee of \$50 will be charged. The fee will be \$95 for a second degree awarded at a subsequent graduation ceremony.

Membership Fees

Students in the Occupational Therapy Assistant program may become a student member with full benefits of the American Occupational Therapy Association (AOTA) for a yearly fee of \$75.00. On campuses with a local Student Occupational Therapy Association, students may join for a nominal fee which may vary by campus. Students should check with their program director at the campus for additional information.

Students enrolling in the Physician Assistant Studies program will incur a one-time fee for membership in the American Academy of Physician Assistants (AAPA). The current fee of \$75 is subject to change. Students are also required to join their respective state chapter Physician Assistant Associations (FAPA, GAPPA, TAPA, VAPA) for a nominal fee which may vary by location.

Students in the Physical Therapist Assistant program may become student members of the American Physical Therapy Association (APTA) for a yearly fee of \$80.00 plus any state chapter dues.

Nurse Entrance Examination Fee

Applicants for the pre-licensure nursing programs are required to take an entrance examination (TEAS). The fees are the responsibility of the student and must be paid upon registration for the test.

Occupational Therapy Assistant Entrance Exam Fee

Applicants for the Occupational Therapy Assistant program (AS or AAS) are required to take an entrance examination (ATI TEAS). The fees are the responsibility of the student and must be paid upon registration for the test.

Physical Therapist Assistant Entrance Exam Fee

Applicants for the technical phase of the Physical Therapist Assistant program (AS or AAS) are required to take an entrance examination (ATI TEAS). The fees are the responsibility of the student and must be paid upon registration for the test.

Student I.D. Replacement Fee

Photographs for student IDs are taken during orientation and student IDs are issued to new students during their first week of classes. There is no charge for the initial student ID. Students who lose their IDs may obtain a replacement through the office of the Dean of Student Affairs for a charge of \$10 per occurrence.

Technology Fee

The technology fee for all students is \$15 per quarter credit hour. The fee does not apply to Pharmacy students.

Transcript Fee

The charge for official copies of transcripts is \$10 each. South University has partnered with Parchment to order and send student transcripts securely. Our South University Parchment storefront site makes it easy to place your order through a guided process, and it also outlines delivery options and required fee of \$10. Status updates will be sent to the email address that you provide and make tracking your order easier online. To get started please visit: <https://www.parchment.com/u/registration/34643914/account>. Students who are current on their payment plan will have their transcripts released.

Doctor of Pharmacy Degree Program

Application

Individuals seeking admissions to the Doctor of Pharmacy degree program must apply through PharmCAS, the organization that processes centralized applications to schools of pharmacy in the U.S. Information on the PharmCAS application fee and process can be found at www.pharmcas.org.

School of Pharmacy Acceptance Fee

There is a nonrefundable \$500 acceptance fee for applicants accepted into the Doctor of Pharmacy degree program. The acceptance fee will be applied to the student's first quarter tuition payment. If an applicant accepted into the School of Pharmacy encounters circumstances that prevent their matriculation, any amount paid by the applicant that is above the nonrefundable acceptance fee will be refunded.

College of Nursing and Public Health Program Fees

Practicum Evaluation Fee

There is a nonrefundable \$525 practicum evaluation fee charged for each practicum course in all Nursing programs.

*This fee is refundable in accordance with the cancellation refund policies outlined in the Refund of Tuition section of the catalog and for students withdrawing from their course(s) who are residents of Iowa and Wisconsin, per the applicable state refund policy outlined in the Refund of Tuition section of the catalog.

Please visit our Student Consumer Information page to find the average time to completion for continuously enrolled students for each credential level offered. This data is available at the average credit load, full-time or at full load. Changing programs, beginning programs at the mid-term start date, taking remedial courses, taking time off from coursework, registering for fewer hours or unsuccessful attempts at course completion will increase the total length of the program and overall cost of education from what is disclosed. Transfer credits awarded toward your program will likely decrease the overall length and cost of education.

Other Cost Information

Digital Textbooks

A digital textbook will be provided for applicable courses and will be automatically secured through South University's contracted third-party vendor. The student cost for digital textbooks will be charged to the student account in addition to tuition. The student cost is per quarter credit hour is \$15.

For the Doctor of Ministry program, the student cost is \$400 per quarter for the first six (6) quarters for a customized South University Logos package. The customized South University Logos package is not refundable and students may not opt out.

For students opting out of the digital textbook, the associated charge will be reversed on the student account after the Drop/Add Period. Not all courses include a Digital Textbook. Courses that include a Digital Textbook will be noted in the registration material. The purchase of the Digital Textbook is not refundable. Students who do opt out will be responsible for purchasing the required textbook. If a course does not use a Digital Textbook, the student is responsible for purchasing the required textbook.

Provision for Books and Supplies

South University automatically provides required digital textbooks to its students through a contracted third-party vendor.

The student cost for these digital textbooks are charged to the student's account. This automatic process is the only way to obtain digital textbooks through South University.

Title IV funding will be used to pay for required digital textbooks for students who are eligible. Any books charged in excess of Title IV and other financial aid funding on the student account are the responsibility of the student.

Students may opt out of this method of receiving and paying for required digital textbooks. Opting out means a student will not be able to purchase any digital textbooks through South University.

Students who opt out are still responsible for purchasing their own textbook copies as a requirement for successful completion of South University courses. The opt out selection does not mean students do not have to purchase textbooks - only that they do not want to use South University's automatic system for digital textbook purchases.

If a student opts out of South University's method, the student's account will not be charged and the student will still be responsible for purchasing the required books for her/his courses. For courses using a digital textbook, the charge will be reversed on the student account after the Drop/Add Period.

If a student opts out of South University's method, s/he will receive any Title IV credit balance, if one is created for the payment period in question, no later than fourteen (14) calendar days after the first day of class or fourteen (14) calendar days of the date the Title IV credit balance appears on the student account. If a Title IV credit balance is not created and, therefore, the student is not due to receive one, s/he is responsible for purchasing the required books and supplies for her or his courses.

Digital Textbook (for courses using Digital Textbooks) charge information is disclosed on South University's Enrollment Agreement and in the Catalog, or a supplemental disclosure.

Students may request to modify your book selection payment option at any time for a future payment period by contacting the Student Financial Services or Student Accounting Department. The choice cannot be made retroactively.

Official Withdrawal Procedure

To withdraw officially from the institution, students must contact their academic counselor to provide notification of their intention to withdraw in writing. The effective date of the withdrawal cannot be earlier than date of the written contact with the registrar's office. Fully online students must contact their Academic Counselor to officially withdraw from school.

Institutional Refund Policy

Initial Period of Enrollment and Cancellation Refund Policy for First-Time Undergraduate Students Enrolled in Campus-Based Programs

For purposes of this Initial Period of Enrollment Policy, a first-time undergraduate student is defined as a student who is not currently enrolled, is not a prior graduate from an undergraduate program, and does not have a prior enrollment in a withdrawn or dismissal status.

For students in graduate programs and undergraduate students who have previously attended, please see the Refund of Tuition section of the enrollment agreement and catalog.

South University programs provide all new applicants seeking a first-time enrollment in any campus-based undergraduate program of study, including blended (hybrid) programs, an Initial Period of Enrollment. The Initial Period of Enrollment allows first-time undergraduate students the ability to begin classes as a non-regular student, without any financial penalty, to determine if our school and educational program are right for the student. Students who enroll may cancel their enrollment prior to the start of the term or within seven (7) calendar days following the first day of the student's first scheduled class, whichever is later (referred to as the "Initial Period").

The chart below illustrates the days in the Initial Period for a non-regular student:

Class Days	Initial Period Days	Number of Calendar Days in Initial Period
April 28th - 1st scheduled class		1
April 29th	1st Day of Initial Period	2
April 30th	2	3
May 1st	3	4
May 2nd	4	5
May 3rd	5	6
May 4th	6	7
May 5th	7th - Last Day of Initial Period	8
May 6th	Initial Period over - student is eligible to be reviewed for full admission	9

A first-time undergraduate student who notifies the school of the intent to withdraw in person or in writing, or simply stops attending and does not attend classes past the seventh (7th) calendar day following the student's first day of the term or first scheduled class, whichever is later, will be considered a cancellation. The school will refund any monies paid on the student's behalf and will remove any charges from the student's account. All refunds will be made within thirty (30) calendar days of the date of the cancellation.

During a first-time student's Initial Period of Enrollment in an undergraduate program, the student is considered a non-regular student for federal student aid purposes and is not eligible to receive federal, state or any other types of aid during this period.

Please note, a first-time undergraduate student who is receiving military educational benefits may incur a debt with the benefit provider for educational benefits paid if the student cancels within the seventh (7th) calendar day following the student's first scheduled class or does not meet the requirements for admission to the school.

Students who complete the Initial Period of Enrollment will be reviewed for full admission into the school as a regular student on the ninth (9th) respective calendar day (the day after the first calendar day plus seven (7) calendar days). Students are required to meet all school admission requirements and any additional programmatic admission requirements that apply to the student's program of study. Students completing the Initial Period of Enrollment who continue in the educational program will be subject to all student policies back to the first day of the student's first term or first scheduled class day, whichever is later, including the withdrawal, refund and Return to Title IV policy should the student cease attending at a later date.

In order to qualify for aid, students must be a regular student and meet all federal, state, or other types of aid eligibility requirements.

Cancellation Refund Policy Student Examples for Campus-Based Students:

Example 1:

1. Student's first scheduled class is January 5th.
2. Student ceases to attend and his or her last date of attendance is January 9th (the 4th day).
3. Student would no longer be enrolled and would not be eligible for any Title IV, state aid and other aid program funding nor would the student be charged tuition or fees for any portion of his or her Initial Period or for the term.
4. Students receiving military educational benefits may incur a debt with the benefit provider for educational benefits paid.

Example 2:

1. Student's first scheduled class is January 5th.
2. Student remains enrolled and attends class through January 14 (the 9th day), then ceases enrollment and attendance.
3. Student would be charged for the full class amount and his or her refund, if any, would be calculated based on withdrawal on day ten (10) of the class.
4. Student would be eligible for Title IV, veteran's benefits, state aid, and other aid programs, if all other conditions are met for admission and aid eligibility, since he or she became a regular student after January 11th (the 7th day).
5. Students receiving military educational benefits may incur a debt with the benefit provider for educational benefits paid.

Initial Period of Enrollment and Cancellation Refund Policy for First-Time Undergraduate Students Enrolled in Fully-Online Programs

A first-time undergraduate student is a student who has not previously attended the school in an undergraduate program. A first-time undergraduate student is defined as a student who is not currently enrolled, is not a prior graduate from an undergraduate program, and does not have a prior enrollment in a withdrawn or dismissal status.

For students in graduate programs and undergraduate students who have previously attended please see the Refund of Tuition section of the enrollment agreement and catalog.

South University programs provide all new applicants seeking a first-time enrollment in any fully online undergraduate program of study, an Initial Period of Enrollment. The Initial Period of Enrollment allows first-time undergraduate students the ability to begin classes as a non-regular student, without any financial penalty, to determine if our school and educational program are right for the student. Students who enroll may cancel their enrollment prior to beginning classes or within twenty-one (21) calendar days following the first day of the student's first term.

A first-time undergraduate student who notifies the school in person, in writing, or simply stops attending and does not attend classes past the twenty-first (21st) calendar day following the first day of the term will be considered a cancellation. The school will refund any monies paid on the student's behalf and will remove any charges from the student's account. All refunds will be made within thirty (30) calendar days of the cancellation.

The chart below illustrates the days in the Initial Period for a non-regular student:

Class Days	Initial Period Days	Number of Calendar Days in Initial Period
April 28th - 1st scheduled class		1
April 29th	1st Day of Initial Period	2
April 30th	2	3
May 1st - May 7th	3. 4. 5. 6. 7. 8. 9	4, 5, 6, 7, 8, 9, 10
May 8th - 15th	10, 11, 12, 13, 14, 15, 16	11, 12, 13, 14, 15, 16, 17
May 16th - 19th	17, 18, 19, 20	18, 19, 20, 21
May 20th	21st = Last Day of Initial Period	22
May 21st	Initial Period over - student is eligible to be reviewed for full admission	23

During a first-time student's Initial Period of Enrollment in an undergraduate program, the student is considered a non-regular student for federal student aid purposes and is not eligible to receive federal, state or any other types of aid during this period.

Please note, a first-time undergraduate student who is receiving military educational benefits may incur a debt with the benefit provider for educational benefits paid if the student cancels within the twenty-first (21st) calendar days following the first day of the first term (22nd day), or does not meet the admission requirements to the school.

Students who complete the Initial Period of Enrollment will be reviewed for full admission into the school as a regular student on the twenty-third (23rd) respective calendar day (the day after the first day of the term plus twenty-one (21) calendar days). Students are required to meet all school admission requirements and any additional programmatic admission requirements that apply to the student's program of study. Students completing the Initial Period of Enrollment who continue in the educational program will be subject to all student policies back to the first day of the student's first term, including withdrawal, refund and Return to Title IV policy should the student cease attending at a later date.

Cancellation Refund Policy Student Examples for Fully Online Programs:

Example 1:

1. The term begins on January 5th.
2. Student ceases to attend and his or her last date of attendance is January 24th (the 19th day).
3. Student would no longer be enrolled and would not be eligible for any Title IV, veteran's benefits, state aid and other aid program funding nor would the student be charged for any portion of his or her tuition or fees for the Initial Period or for the term.

4. Students receiving military educational benefits may incur a debt with the benefit provider for educational benefits paid.

Example 2:

1. The term begins on January 5th.
2. Student remains enrolled and attends class through January 28 (the 23rd day) then ceases enrollment and attendance.
3. Student would be charged for the full class amount and his or her refund, if any, would be calculated based on withdrawal on day twenty-four (24) of the term.
4. Student would be eligible for Title IV, veteran's benefits, state aid and other aid program, if all other conditions are met for admission, since he or she became a regular student after January 25th (the 21st day).
5. Students receiving military educational benefits may incur a debt with the benefit provider for educational benefits paid.

Refund of Tuition

Tuition charges are based on the total number of credit hours for which a student is enrolled on the first day of classes (as listed in the University calendar), regardless of program. All students will be subject to the institutional refund policy. Students who receive Federal student aid are subject to the Return of Title IV Funds Policy. Refunds or tuition adjustments will be awarded according to the following guidelines:

1. If circumstances prevent matriculation before a student begins attending the University, all tuition charges will be reversed and any payments made will be refunded. A tuition adjustment results when a student officially changes enrollment status (full-time to part-time, part-time to less than part-time or part-time to full time) during the drop/add period. No adjustment will be made for students dropping individual classes after the drop/add period.
2. Refund Policy after Class Start:
If a student has not attended sixty (60) percent of the academic term, the school shall not retain or be entitled to payment for a percentage of any tuition and fees or other educational costs for a session that was scheduled to be taken during the relevant academic term but was not attended because the student withdrew from school prior to the commencement of the session. For example, if a student is enrolled for multiple sessions within the academic term but withdraws completely from school prior to the start of a subsequent session within the academic term, the adjustment of charges based on the student's last date of attendance will be applied to the applicable period of attended session(s) using the session(s) charges and the start date of the first attended session through the end date of the last attended session within the academic term. Charges for the unattended session(s) after the student's last date of attendance will be reversed if required based on the tuition charge pricing for the reduced academic credits for the term for the Institutional Refund Policy, or State Refund Policy where applicable. The reversal of applicable charges will be completed after the Return of Title IV Policy. For the Return of Title IV, the evaluation period and term charges will include the entire period in which the student registered.

If a student has attended sixty (60) percent of the academic term, the evaluation period and academic term charges include the entire period in which the student registered. The Institutional Refund Policy, or State Refund Policy, where applicable, shall be applied based on the student's last date of attendance in the academic term using the academic term charges and the start date of the first session through the end date of the last session within the academic term. For the Return of Title IV, the evaluation period and academic term charges include the entire period in which the student registered.

3. Richmond and Virginia Beach Virginia campuses only: Rejection: An applicant rejected by South University is entitled to a refund of all monies paid. Three-Day Cancellation: An applicant who provides written notice of cancellation within three (3) business days, excluding weekends and holidays, of executing the enrollment agreement is entitled to a refund of all monies paid, less an application fee of fifty (50) dollars for certain academic programs. Other Cancellations: An applicant requesting cancellation more than three (3) days after

executing the enrollment agreement and making an initial payment, but prior to the first day of class is entitled to a refund of all monies paid, less an application fee of fifty (50) dollars for certain academic programs. A student applicant will be considered a student as of the first day of classes.

All refunds must be submitted within forty-five (45) calendar days after receipt of a written request or the date the student last attended classes, whichever is sooner.

Returning from an Approved Leave of Absence: Students returning from an approved Leave of Absence that was granted during the time they were enrolled in a course will be allowed to complete coursework started prior to the leave with no additional charges assessed. The University allows students who start a Leave of Absence during a course to withdraw (with a grade of WV).

If a student does not return from an approved Leave of Absence, the official withdrawal date and beginning of the loan grace period (if applicable) is the last date of class attendance.

Tuition Refunds will be Determined as Follows:

Proportion of Total Course Taught by Withdrawal Date	Tuition Refund
During the Drop/Add Period	100% of tuition cost
After the Drop/Add Period and before the first 25%	75% of tuition cost
25% up to but less than 50%	50% of tuition cost
50% up to but less than 75%	25% of tuition cost
75% or more	No Refund

5. Florida campuses including Orlando, Tampa, and West Palm Beach:

Tuition charges are based on the total number of credit hours for which a student is enrolled on the first day of classes (as listed in the University calendar), regardless of program. Refunds or tuition adjustments will be awarded according to the following guidelines:

Students who apply for enrollment into a Florida campus but are rejected or provide written notice of cancellation within three (3) calendar days of executing the enrollment agreement are entitled to a refund of all monies paid. An applicant requesting cancellation more than three (3) calendar days after executing the enrollment agreement and making an initial payment but prior to the first day of class is entitled to a refund of all monies paid.

All refunds must be submitted within thirty (30) calendar days of the determination of the withdrawal date.

Tuition Refunds will be Determined as Follows, based on the week in which the student withdraws:

Proportion of Total Course Taught by Withdrawal Date	Tuition Refund
During the Drop/Add Period	100% of tuition cost
After the Drop/Add Period and before the end of Week 1, if different	75% of tuition cost
Week 2	50% of tuition cost
Week 3	25% of tuition cost
After Week 3	0% of tuition cost

6. South University, Online Programs:

Student Right to Cancel/Buyer's Right to Cancel:

Students in South University's online programs who drop before the start date of the academic term will receive a one hundred (100) percent refund of the total cost of tuition for the academic term. Tuition refunds after the start of an academic term are based on weekly attendance. Fully online students must contact their Academic Counselor to officially withdraw from school. A student will be determined to be withdrawn from

the institution if the student violates the University's published attendance policy in all their classes. The withdrawal date is the last date of attendance as determined by the school from its attendance records. All refunds must be submitted within thirty (30) calendar days of the determination of the withdrawal date.

Online Programs:

Mid-Quarter Start:

- Students who withdraw during week 1 will receive a 75% tuition refund.
- Students who withdraw during week 2 will receive a 50% tuition refund.
- Students who withdraw during or after the 3rd week will receive a 0% tuition refund.

Quarter Start:

- Students who withdraw during weeks 1 and 2 will receive a 75% tuition refund.
- Students who withdraw during weeks 3 and 4 will receive a 50% tuition refund.
- Students who withdraw during or after the 5th week will receive a 0% tuition refund.

Iowa State Refund Policy

Students taking online courses from their home state of Iowa who withdraw from their academic term will receive a prorated academic term refund based on their official last date of attendance (LDA). Tuition charges are based on the total number of credit hours for which a student is enrolled on the first day of classes (as listed in the University calendar), regardless of program. Refunds or tuition adjustments will be awarded according to the following guidelines:

1. If circumstances prevent matriculation before a student begins attending the University, all tuition charges will be refunded.
2. Students who drop before the start date of the course will receive a one-hundred (100) percent refund of the total cost of tuition for the course. Tuition refunds after the start of a course are based on weekly attendance.

For a student who is a member, or the spouse of a member if the member has a dependent child, of the Iowa national guard or reserve forces of the United States and who is ordered to state military service or federal service or duty, the student shall have the following withdrawal options:

1. Withdraw from the student's entire registration and receive a full refund of tuition and mandatory fees.
2. Make arrangements with the student's instructors for course grades, or for incompletes that shall be completed by the student at a later date. If such arrangements are made, the student's registration shall remain intact and tuition and mandatory fees shall be assessed for the courses in full.
3. Make arrangements with only some of the student's instructors for grades, or for incompletes that shall be completed by the student at a later date. If such arrangements are made, the registration for those courses shall remain intact and tuition and mandatory fees shall be assessed for those courses. Any course for which

arrangements cannot be made for grades or incompletes shall be considered dropped and the tuition and mandatory fees for the course refunded.

Maryland State Refund Policy

The Maryland State Refund Policy applies to students who are residents of Maryland. Refunds are made within sixty (60) days from the date of withdrawal or termination. The withdrawal date is the last date of attendance as determined by the school from its attendance records. A Maryland student that withdraws or is terminated after completing only a portion of a course, program, or term within the applicable billing period is as follows:

Online Programs:

Proportion of Total Course, Program, or Term completed as of Date of Withdrawal or Termination	Tuition Refund
Less than 10%	90% refund
10% up to but not including 20%	80% refund
20% up to but not including 30%	60% refund
30% up to but not including 40%	40% refund
40% up to but not including 60%	20% refund
More than 60%	No refund

New Mexico Refund Policy

The New Mexico State Refund Policy applies to students who are residents of the state of New Mexico who withdraw from all courses from South University online programs.

Any student signing an enrollment agreement or making an initial deposit or payment toward tuition and fees of the institution shall be entitled to a cooling off period of three business days from the date of agreement or payment or from the date that the student first visits the institution, whichever is later. During the cooling off period, the agreement can be withdrawn and all payments shall be refunded. Evidence of personal appearance at the institution or deposit of a written statement of withdrawal for delivery by mail or other means shall be deemed as meeting the terms of the cooling off period.

Following the cooling off period but prior to the beginning of instruction, a student may withdraw from enrollment following the cooling off period, prior to submission by the student of any lesson materials and effective upon deposit of a written statement of withdrawal for delivery by mail or other means, and the institution shall be entitled to retain no more \$100 or 5% in tuition or fees, whichever is less, as registration charges.

A student may withdraw after beginning instruction or submitting lesson materials, effective upon appearance at the institution or deposit of a written statement of withdrawal for delivery by mail or other means. The institution shall be entitled to retain, as registration charges, no more than one hundred (100) dollars or five (5) percent of tuition and fees, whichever is less. Additionally, institutions are eligible to retain tuition and fees earned at a pro-rata amount according to the following schedule, based on the date of student withdrawal as a percentage of the enrollment period for which the student was obligated. The withdrawal date is the last date of attendance as determined by the school from its attendance records:

Online Programs:

On first class day	0%
After first day and within 10%	10%
After 10% and within 25%	50%
After 25% and within 50%	75%
50% or thereafter	100%

Upon request by a student or by the department, the institution shall provide an accounting for such amounts retained within five (5) business days of the request.

Tuition and fee refunds will be made within thirty (30) calendar days of the institution receiving written notice of a student's withdrawal or of the institution terminating enrollment of the student, whichever is earlier.

Ohio State Refund Policy

Residents of Ohio who apply for enrollment at South University but are rejected or provide written notice of cancellation within five (5) calendar days of executing the enrollment agreement are entitled to a refund of all monies paid. An applicant requesting cancellation more than five (5) calendar days after executing the enrollment agreement and making an initial payment but prior to the first day of class is entitled to a refund of all monies paid.

All refunds will be submitted within thirty (30) calendar days of the determination of the withdrawal date. Refunds are calculated based on the student's last date of attendance or participation in an academic activity.

Online Programs

Refunds for Tuition and Refundable Fees will be determined as Follows:

Calendar Week	Tuition Refund
Withdrawal during the first full week	75% of tuition and refundable fees
Withdrawal during the second full week	50% of tuition and refundable fees
Withdrawal during the third full week	25% of tuition and refundable fees
Withdrawal after the third full week	No tuition or refundable fees refund

Wisconsin State Refund Policy

The Wisconsin State Refund Policy applies to students who are residents of the state of Wisconsin who withdraw from all courses from South University. The enrollment agreement is a legally binding contract upon acceptance of the student by the school unless the student cancels the enrollment agreement within three (3) business days of acceptance by the school day cancellation period.

A student who withdraws or is dismissed after the three (3) business day cancellation period, but before completing sixty (60) percent of the potential units in the current enrollment period, shall be entitled to a pro rata refund, as calculated below, less any amounts owed by the student for the current enrollment period. Pro rata refund shall be determined as the number of units remaining after the last unit completed divided by the total number of units in the enrollment period, rounded downward to the nearest ten (10) percent. The withdrawal date is the last date of attendance as determined by the school from its attendance records. Pro rata refund is the resulting percent applied to the total tuition and other required costs paid by the student for the current enrollment period.

The school will make every effort to refund prepaid amounts for books, supplies and other charges unless the student has consumed or used those items and they can no longer be used or sold to new students, or returned by the school to the supplier.

The school will issue refunds within forty (40) calendar days of the effective date of termination. A written notice of withdrawal is not required. The student is considered withdrawn from the school if the student fails to attend classes, utilize instructional facilities, or submit lessons, without providing an explanation to the school regarding the inactivity for fifteen (15) calendar days.

No refund is required for any student who withdraws or is dismissed after completing sixty (60) percent of the potential units of instruction in the current enrollment period unless a student withdraws due to mitigating circumstances, which are those that directly prohibit pursuit of a program and which are beyond the student's control.

Cancellation Privilege:

A student shall have the right to cancel enrollment for a program not exempted until midnight of the third (3rd) business day after written and final receipt of notice of acceptance from the school.

The student will receive a full refund of all money paid if the student cancels within the three (3) business day cancellation period; the student accepted was unqualified and the school did not secure a disclaimer; the school procured the student's enrollment as the result of false representations in the written materials used by the school or in oral representations made by or on behalf of the school. The school will issue refunds within three (3) days of cancellation.

Adjustments of the Tuition and Fee Charges before Attending Any Units of Instruction but after the three (3) Day Cancellation Period:

One hundred (100) percent refund less a one-time application fee of \$50.

Online Programs

Adjustment of Charges after Completing:

At Least	But Less Than	Refund of Tuition
1 unit/calendar day	10%	90%
10%	20%	80%
20%	30%	70%
30%	40%	60%
40%	50%	50%
50%	60%	40%
60%	no refund	no refund

Official Withdrawal Procedure

To withdraw officially from the institution, students must contact the office of the registrar to provide notification of their intention to withdraw in writing. The effective date of the withdrawal cannot be earlier than date of the written contact with the registrar's office. Fully online students must contact their Academic Advisor to officially withdraw from school.

Institutional Refund Policy for Single Courses

Refund of Tuition

Tuition charges are based on the total number of credit hours for which a student is enrolled on the first day of the class (as listed in the University calendar), regardless of the class. All students will be subject to the institutional refund policy. Refunds or tuition adjustments will be awarded according to the following guidelines:

1. If circumstances prevent matriculation before a student begins attending the University, all tuition charges will be reversed and any payments made will be refunded. A tuition adjustment results when a student officially changes enrollment status during the drop/add period. No adjustment will be made for students dropping the class after the drop/add period and will be subject to the tuition refund schedules below.
2. Richmond and Virginia Beach Virginia campuses only: Rejection: An applicant rejected by South University is entitled to a refund of all monies paid. Three-Day Cancellation: An applicant who provides written notice of cancellation within three (3) business days, excluding weekends and holidays, of executing the enrollment

agreement is entitled to a refund of all monies paid, less an application fee of fifty (50) dollars for certain academic programs. Other Cancellations: An applicant requesting cancellation more than three (3) days after executing the enrollment agreement and making an initial payment, but prior to the first day of class is entitled to a refund of all monies paid, less an application fee of fifty (50) dollars for certain academic programs. A student applicant will be considered a student as of the first day of classes.

All refunds must be submitted within forty-five (45) calendar days after receipt of a written request or the date the student last attended the class, whichever is sooner.

Tuition Refunds will be Determined as Follows:

Proportion of Total Course Taught by Withdrawal Date	Tuition Refund
During the Drop/Add Period	100% of tuition cost
After the Drop/Add Period and before the first 25%	75% of tuition cost
25% up to but less than 50%	50% of tuition cost
50% up to but less than 75%	25% of tuition cost
75% or more	No Refund

4. Florida campuses including Orlando, Tampa, and West Palm Beach:

Tuition charges are based on the total number of credit hours for which a student is enrolled on the first day of the class (as listed in the University calendar), regardless of the class. Refunds or tuition adjustments will be awarded according to the following guidelines:

Students who apply for enrollment into a Florida campus but are rejected or provide written notice of cancellation within three (3) calendar days of executing the enrollment agreement are entitled to a refund of all monies paid. An applicant requesting cancellation more than three (3) calendar days after executing the enrollment agreement and making an initial payment but prior to the first day of class is entitled to a refund of all monies paid.

All refunds must be submitted within thirty (30) calendar days of the determination of the withdrawal date.

Tuition Refunds will be Determined as Follows, based on the week in which the student withdraws:

Proportion of Total Course Taught by Withdrawal Date	Tuition Refund
During the Drop/Add Period	100% of tuition cost
After the Drop/Add Period and before the end of Week 1, if different	75% of tuition cost
Week 2	50% of tuition cost
Week 3	25% of tuition cost
After Week 3	0% of tuition cost

5. South University Online:

Student Right to Cancel/Buyer's Right to Cancel:

If circumstances prevent matriculation before a student begins attending South University, all tuition charges will be refunded.

Students in South University's online courses who drop before the start date of the course will receive a one hundred (100) percent refund of the total cost of tuition for the course. Tuition refunds after the start of a course are based on weekly attendance. Fully online students must contact their Academic Counselor to officially withdraw from school. A student will be determined to be withdrawn from the institution if the

student violates the University's published attendance policy. The withdrawal date is the last date of attendance as determined by the school from its attendance records. All refunds must be submitted within thirty (30) calendar days of the determination of the withdrawal date.

Online Courses:

Mid-Quarter Course:

- Students who withdraw during week 1 will receive a 75% tuition refund.
- Students who withdraw during week 2 will receive a 50% tuition refund.
- Students who withdraw during or after the 3rd week will receive a 0% tuition refund.

Quarter Course:

- Students who withdraw during weeks 1 and 2 will receive a 75% tuition refund.
- Students who withdraw during weeks 3 and 4 will receive a 50% tuition refund.
- Students who withdraw during or after the 5th week will receive a 0% tuition refund.

Iowa State Refund Policy

Students taking online courses from their home state of Iowa who withdraw from their course(s) will receive a prorated course refund based on their official last date of attendance (LDA). Tuition charges are based on the total number of credit hours for which a student is enrolled on the first day of the class (as listed in the University calendar), regardless of the class. Refunds or tuition adjustments will be awarded according to the following guidelines:

If circumstances prevent matriculation before a student begins attending the University, all tuition charges will be refunded.

Students who drop before the start date of the course will receive a one hundred (100) percent refund of the total cost of tuition for the course. Tuition refunds after the start of a course are based on weekly attendance.

Iowa residents who are a member, or a spouse of a member if the member has a dependent child, of the Iowa National Guard or Reserve Forces of the United States and who is ordered to state military service or federal service or duty will be afforded the following options:

1. Withdraw from the student's entire registration and receive a full refund of tuition and mandatory fees.
2. Make arrangements with the student's instructors for course grades, or for incompletes that shall be completed by the student at a later date. If such arrangements are made, the student's registration shall remain intact and tuition and mandatory fees shall be assessed for the courses in full.
3. Make arrangements with only some of the student's instructors for grades, or for incompletes that shall be completed by the student at a later date. If such arrangements are made, the registration for those courses shall remain intact and tuition and mandatory fees shall be assessed for those courses. Any course for which arrangements cannot be made for grades or incompletes shall be considered dropped and the tuition and mandatory fees for the course refunded.

Maryland State Refund Policy

The Maryland State Refund Policy applies to students who are residents of Maryland. Refunds are made within sixty (60) calendar days from the date of withdrawal or termination. The withdrawal date is the last date of attendance as determined by the school from its attendance records. A Maryland student that withdraws or is terminated after completing only a portion of a course, program, or term within the applicable billing period is as follows:

Proportion of Total Course, Program, or Term completed as of Date of Withdrawal or Termination	Tuition Refund
Less than 10%	90% refund
10% up to but not including 20%	80% refund
20% up to but not including 30%	60% refund
30% up to but not including 40%	40% refund
40% up to but not including 60%	20% refund
More than 60%	No refund

New Mexico Refund Policy

The New Mexico State Refund Policy applies to students who are residents of the state of New Mexico who withdraw from all courses from South University online programs.

Any student signing an enrollment agreement or making an initial deposit or payment toward tuition and fees of the institution shall be entitled to a cooling off period of three (3) business days from the date of agreement or payment or from the date that the student first visits the institution, whichever is later. During the cooling off period, the agreement can be withdrawn and all payments shall be refunded. Evidence of personal appearance at the institution or deposit of a written statement of withdrawal for delivery by mail or other means shall be deemed as meeting the terms of the cooling off period.

Following the cooling off period but prior to the beginning of instruction, a student may withdraw from enrollment following the cooling off period, prior to submission by the student of any lesson materials and effective upon deposit of a written statement of withdrawal for delivery by mail or other means, and the institution shall be entitled to retain no more one hundred (100) dollars or five (5) percent in tuition or fees, whichever is less, as registration charges.

A student may withdraw after beginning instruction or submitting lesson materials, effective upon appearance at the institution or deposit of a written statement of withdrawal for delivery by mail or other means. The institution shall be entitled to retain, as registration charges, no more than one hundred (100) dollars or five percent (5%) of tuition and

fees, whichever is less. Additionally, institutions are eligible to retain tuition and fees earned at a pro-rata amount according to the following schedule, based on the date of student withdrawal as a percentage of the enrollment period for which the student was obligated. The withdrawal date is the last date of attendance as determined by the school from its attendance records.

- On first class day 0%
- After first day and within 10% 10%
- After 10% and within 25% 50%
- After 25% and within 50% 75%
- 50% or thereafter 100%

Upon request by a student or by the department, the institution shall provide an accounting for such amounts retained within five (5) business days of the request.

Tuition and fee refunds will be made within thirty (30) calendar days of the institution receiving written notice of a student's withdrawal or of the institution terminating enrollment of the student, whichever is earlier.

Ohio State Refund Policy

Residents of Ohio who apply for enrollment at South University but are rejected or provide written notice of cancellation within five (5) calendar days of executing the enrollment agreement are entitled to a refund of all monies paid. An applicant requesting cancellation more than five (5) calendar days after executing the enrollment agreement and making an initial payment but prior to the first day of class is entitled to a refund of all monies paid.

All refunds will be submitted within thirty (30) calendar days of the determination of the withdrawal date. Refunds are calculated based on the student's last date of attendance or participation in an academic activity.

Refunds for Tuition and Refundable Fees will be determined as Follows:

Calendar Week	Tuition Refund
Withdrawal during the first full week	75% of tuition and refundable fees
Withdrawal during the second full week	50% of tuition and refundable fees
Withdrawal during the third full week	25% of tuition and refundable fees
Withdrawal after the third full week	No tuition or refundable fees refund

Wisconsin State Refund Policy

The Wisconsin State Refund Policy applies to students who are residents of the state of Wisconsin who withdraw from all courses from South University. The enrollment agreement is a legally binding contract upon acceptance of the student by the school unless the student cancels the enrollment agreement within three (3)-business days of acceptance by the school day cancellation period.

A student who withdraws or is dismissed after the three (3)-business day cancellation period, but before completing sixty (60) percent of the potential units in the current enrollment period, shall be entitled to a pro rata refund, as calculated below, less any amounts owed by the student for the current enrollment period. Pro rata refund shall be determined as the number of units remaining after the last unit completed divided by the total number of units in the enrollment period, rounded downward to the nearest ten (10) percent. Pro rata refund is the resulting percent applied to the total tuition and other required costs paid by the student for the current enrollment period. The withdrawal date is the last date of attendance as determined by the school from its attendance records.

The school will make every effort to refund prepaid amounts for books, supplies and other charges unless the student has consumed or used those items and they can no longer be used or sold to new students, or returned by the school to the supplier.

The school will issue refunds within forty (40) calendar days of the effective date of termination. A written notice of withdrawal is not required. The student is considered withdrawn from the school if the student fails to attend classes, utilize instructional facilities, or submit lessons, without providing an explanation to the school regarding the inactivity for fifteen (15) calendar days.

No refund is required for any student who withdraws or is dismissed after completing sixty (60) percent of the potential units of instruction in the current enrollment period unless a student withdraws due to mitigating circumstances, which are those that directly prohibit pursuit of a program and which are beyond the student's control.

Cancellation Privilege:

A student shall have the right to cancel enrollment for a program not exempted until midnight of the third (3rd) business day after written and final receipt of notice of acceptance from the school.

The student will receive a full refund of all money paid if the student cancels within the three (3)-business-day cancellation period; the student accepted was unqualified and the school did not secure a disclaimer; the school procured the student's enrollment as the result of false representations in the written materials used by the school or in oral representations made by or on behalf of the school. The school will issue refunds within three (3) days of cancellation.

Return of Title IV Funds

Campus-based Programs and Online Programs

In compliance with Federal regulations, the school will determine how much Federal student financial assistance the student has earned or not earned when a student who is a Title IV recipient withdraws from school.

The school will calculate the percentage and amount of awarded Federal student financial assistance that the student has earned if the student withdraws up through the sixty (60) percent point of the term or session if the student is only attending a session. If the student has completed more than sixty (60) percent of the term or session the student earns one hundred (100) percent of the Federal student financial assistance.

The amount earned will be based on the percentage of the term that was completed in days up to and including the last date of attendance. To calculate the amount earned, the school will determine the percentage by dividing the number of calendar days completed in the term up to and including the last date of attendance by the total number of calendar days in the term. If there is a scheduled break of five (5) or more days, excluding periods of an approved Leave of Absence for campuses in Virginia only, it will reduce the term length and if the scheduled break is before the student's last date of attendance, it will also reduce the calendar days completed.

If the student received more than the amount of Federal student financial assistance earned, the difference will be returned to the Federal student financial assistance programs from which funds were received in the following order: Federal Unsubsidized Direct Loans, Federal Subsidized Direct Loans, Federal Perkins Loans, Federal Direct PLUS Loans, Federal Pell Grant, Federal Supplemental Educational Opportunity Grant. Funds will be returned to the aid source within forty-five (45) calendar days of the date that the school determines that the student has withdrawn.

If more Federal student financial assistance has been earned than has been received, the student may be eligible for a post-withdrawal disbursement. The school will notify the student of any post-withdrawal disbursement loan funds for which the student may be eligible and what steps need to be taken for the Federal financial assistance funds to be received. The student or parent, in the case of the Federal PLUS Loans, needs to provide permission before any loan funds may be disbursed on the student's account or disbursed to the student or parent. However, the school may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school), and, with the student's authorization, the school may automatically use the grant funds for other educationally-related charges. Any balance of grant funds that may be available will be offered the student.

If Federal student financial assistance funds need to be returned, the institution must return a portion or all of the unearned funds equal to the lesser of:

- The institutional charges multiplied by the percentage of the unearned Federal student financial assistance funds; or
- The entire amount of unearned funds.

If there are remaining unearned Federal financial aid funds to be returned, the student must return any loan funds that remain to be returned in accordance with the terms and conditions of the promissory note. If the remaining amount of funds to be returned includes grant funds, the student must return any amount of the overpayment that is more than half of the grant funds received. The school will notify the student as to the amount owed and how and where it should be returned.

If students are only scheduled to attend Session I or Session II, the Return of Title IV Funds calculation as described will be applied to the applicable Session attended using the session start and end dates.

Financial Aid

Financial aid is available to those who qualify. Financial aid is the economic assistance available to help students meet the difference between what they can afford to pay and what it actually costs them to go to school. This economic assistance may be in the form of scholarships, grants, work-study programs, or loans.

A financial aid package is a combination of different forms of financial aid that together makes up a student financial aid award. A financial aid package may include grants, loans, or any combination of eligible aid.

A student's ability to contribute to the cost of his or her education (Expected Family Contribution or EFC) is determined by the use of a needs analysis, performed by the US Department of Education's Central Processing System (CPS), which is a consistent, systematic way of measuring the ability of a family to pay for educational costs and its eligibility to receive funds from federal programs. It determines the ability, not the willingness, of a student or family to finance the student's education. Everyone who applies is treated fairly and equally under this system. In determining how much a student and his or her family can contribute, a number of factors are considered. From these factors, a needs analysis determines how much a student and his or her family can contribute and how much money will be needed to finance the student's education.

Application Process for Financial Aid

To apply for any form of financial aid at South University, a student must:

1. Apply for admission to the University.
2. Complete a Free Application for Federal Student Aid (FAFSA). This form is for both in and out-of-state students.

Student Aid Programs

South University participates in several student aid programs. A brief description of each follows.

Grants

Alabama Student Grant (ASG) (Montgomery campus only)

This Alabama grant program is available to students who are Alabama residents and who are enrolled at least half-time in an undergraduate program of study. Applications are available in the financial aid office.

Alabama Student Assistance Grant Program (ASAP) (Montgomery campus only)

This Alabama grant program provides additional funds to Alabama residents with exceptional need and is awarded by the financial aid office to eligible students who are enrolled at least half-time in an undergraduate program of study and have a federal expected family contribution (EFC) of zero.

Alabama National Guard Educational Assistance Program (ANGEAP) (Montgomery campus only)

This Alabama grant program is available to Alabama National Guard members. Students submit an application to the Alabama National Guard Educational Assistance Program Office before August 1st of the academic year for which grant funds are being requested. Students may obtain applications through the financial aid office or the ANGEAP office.

Georgia Tuition Equalization Grant (Savannah campus and online Georgia residents only)

The Georgia Tuition Equalization Grant (TEG) entitles qualified Georgia residents who are full-time students to a tuition grant without respect to age, income, or academic standing. Applications are available from the financial aid office.

Florida Student Assistance Grant (FSAG) (Orlando, Tampa, and West Palm Beach campuses only)

This program is available to fulltime students meeting Florida residency requirements and working toward their first degree.

Federal Pell Grant Program

Federal Pell Grants are based on financial need, as defined by the U.S. Department of Education. To be eligible for a Federal Pell Grant, students must: make application each year by filing the Free Application for Federal Student Aid (FAFSA); prove U.S. citizenship or permanent resident status; be able to show graduation from high school or its equivalency; not owe a refund on a federal grant nor be in default on a federal loan; and maintain satisfactory academic progress in school.

William L. Boyd, IV, Effective Access to Student Education (EASE) (Orlando, Tampa, and West Palm Beach campuses only)

This Florida grant program is available to full time undergraduate students who are Florida residents and working towards their first degree.

Federal Supplemental Educational Opportunity Grant Program (FSEOG)

Federal Supplemental Educational Opportunity Grants are for students who demonstrate exceptional financial need (with priority given to Pell Grant recipients). There are a limited number of awards available each year so early application is encouraged. This typically does not have to be repaid.

South University Institutional Grant

The South University Institutional Grant is a campus-based grant. The Institutional Grant will be evaluated each Academic Year based on a student's financial need. In order to be eligible, students must meet the following requirements:

1. Have an official Expected Family Contribution (EFC), as determined by the U.S. Department of Education, based on completion of the applicable Free Application for Federal Student Aid (FAFSA).
2. Be enrolled in an undergraduate program of study.
3. Students are not required to accept any Federal student loans for which they may be eligible.
4. If there is a difference (gap) between the direct charges (tuition, books, and required fees) from South University, minus all other aid such as Pell Grants and any state grants, Veterans military benefits or Training Assistance educational benefits, federal, or institutional loans, then the student may qualify for the institutional grant.
5. The institutional grant will be determined based on the student's EFC, up to the maximum of the gap as defined in #4 above.
6. In no quarter may the student's aid and educational resources, including the South University Institutional Grant, exceed the student's direct charges.
7. Maintain Satisfactory Academic Progress and be in good academic standing.
8. Attend a minimum of 10 credit hours per quarter.
9. Maintain enrollment status (as defined in #7 above) past the midpoint of the quarter, i.e., after attendance in Session II has been established as appropriate based on the student's schedule of campus-based and online classes; the South University Institutional Grant will be disbursed after that determination has been made.

The decision of eligibility by the financial aid office is final.

South University's Institutional High School Grants

Information about eligibility requirements is available from the financial aid office.

Loans

Federal Direct Subsidized Loan

The Federal Direct Subsidized Loan is a fixed interest loan available to students through the federal government. The interest is subsidized by the federal government. To be eligible, a student must be a citizen or permanent resident alien of the United States and meet other eligibility requirements. Repayment of the loan begins six months after the student drops below half time enrollment.

Federal Direct Unsubsidized Loan

The Federal Direct Unsubsidized Loan is a fixed interest loan available to students through the Federal Government. The interest is not subsidized by the federal government and begins accruing on the date of disbursement. Students may either pay this interest as it becomes due or let it capitalize on the original loan amount which will increase the overall amount to be repaid by the student. The Unsubsidized Loan repayment begins six months after the student drops below half time enrollment. Dependent students who do not meet the need requirements for a Subsidized Loan will be eligible for unsubsidized loans. Students whose parents are denied a PLUS Loan, may also apply for additional unsubsidized loan amounts, based on the student's grade level. Please refer to a Student Financial Services professional for additional information.

Federal Direct Parent Loan for Undergraduate Students (PLUS) Loan Program

The Direct Parent Loan for Undergraduate Students is a fixed interest loan available to parents through the Federal Government. The PLUS loan is a credit-based loan available to parents of dependent students. The PLUS loan repayment begins 60 days after the loan is fully disbursed.

Federal Direct Grad PLUS Loan

This loan is for graduate students. The student must have a good credit history. The interest on this loan is not subsidized.

Plus Loan Borrowing Limits: Parents or graduate students may borrow up to the full cost of attendance minus any financial aid the student receives.

For Washington State residents seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit www.wsac.wa.gov/loan-advocacy or contact the Student Loan Advocate at loanadvocate@wsac.wa.gov.

Scholarships

Georgia HOPE Scholarship (Savannah campus and online Georgia residents only)

This scholarship is available to qualified Georgia residents who graduated from high school in 1996 or later with a minimum 3.00 grade point average. Additional information about eligibility is available from the financial aid or registrar's office.

Georgia Zell Miller Scholarship (Savannah campus and online Georgia residents only)

This scholarship is available to qualified Georgia residents who meet the eligibility criteria. Information about eligibility requirements is available from the financial aid office.

Florida Bright Futures Scholarship Program (Orlando, Tampa and West Palm Beach campuses only)

This scholarship program is available to students who have applied before their graduation from high school or GED and are currently enrolled at the University and meet the scholarship criteria.

South Carolina HOPE Scholarship (Columbia campus only)

This scholarship is available to qualified South Carolina residents who graduated from high school in 2002 or later with a minimum of a 3.00 grade point average. Additional information about eligibility is available from the financial aid office.

South Carolina LIFE Scholarship (Columbia campus only)

This scholarship is available to qualified South Carolina residents who meet the eligibility criteria. Information about eligibility requirements is available from the financial aid office.

Federal Work-Study Program (campus-based only)

Through the Federal Work-Study program, students have the opportunity to meet part of their expenses by working part-time on or off campus. Students can earn at least minimum wage, and possibly higher for specific positions. A limited number of assignments are available, with priority given to students with the greatest need, as determined by the results of the FAFSA. The Student Financial Services Department has more details. The maximum students can earn through this program is the amount of their unmet need (the difference between expenses and all their resources).

Academic Affairs

Academic Honesty

See also: Graduate Honor Code & Graduate Honor Council of South University and Honor Council of the South University School of Pharmacy

Academic dishonesty will not be tolerated. Plagiarism and cheating will result in one of several sanctions, depending on the seriousness of the offense. Infractions of the academic honesty policy may result in receiving a failing grade for the assignment, receiving a failing grade for the course or even expulsion from school. These policies apply to both undergraduate and graduate students.

For a full description of the Academic Honesty Policy and the possible sanctions, please refer to the Student Handbook and Faculty Handbook. Student Handbooks are available in the office of the Dean of Student Affairs and the Dean of Academic Affairs and online.

Graduate students are governed by an Honor Code, the details of which are found below and in the Student Handbook and Faculty Handbook.

Graduate Honor Code & Graduate Honor Council of South University

While I attend South University, I will be a fair and honorable student, and will promote fair and honorable conduct in others. I will not cheat, and I will not help others to cheat. I will do my own work, and give proper and truthful reference to those whose work has contributed any amount of content to mine.

The following policy may be superseded by similar policies specific to a College/School. Faculty should consult applicable documents in the College/School in which they are teaching. In the absence of such policies, the following policy is in effect.

The Honor Code is a policy describing expectations of student decorum in all aspects of graduate education at South University. Each College/School, due to its administrative structure and programmatic length may deviate slightly in the constitution of its particular Graduate Honor Council or in the nature of information flow. However, the fundamental concepts of definition of violations, reporting, investigation, hearing, and penalties are to remain consistent. As the following represents an academic process of the University, no official or unofficial legal representation (e.g., attorneys) will be allowed to attend any of the identified proceedings.

Article I - Name

The name of this Article shall be the Graduate Honor Council of the South University Graduate Schools.

Article II - Purpose

The purposes of the Graduate Honor Council are to:

1. Investigate and hear cases involving Graduate School students accused of honor code violations;
2. Act as a judicial body and establish the guilt or innocence of students;
3. Recommend the disciplinary action to be taken, in all cases, in which the Graduate Honor Council determines there has been a violation;
4. Work with the faculty and the administration of Graduate programs within the identified College or School regarding the administration of the Graduate Honor Code.

Article III - Authority

Student authority to request revision of the contents of any article resides with the College/School Graduate Honor Council. Any revisions are subject to approval by the faculty, the College Dean and the Vice Chancellor of Academic Affairs. The responsibility for the enforcement of the Graduate Honor Council's findings lies with the faculty, Program Director, Department Chair, and Progress and Promotions committees.

Article IV - Membership

Section A. Each College/School of South University (College of Arts and Sciences, College of Business, College of Creative Art and Design, College of Health Professions, School of Pharmacy, and the College of Nursing and Public Health) shall maintain its own Graduate Honor Council. The Graduate Honor Council shall be assembled according to the nomination and selection process identified in the membership selection procedures section. The Graduate Honor Council consists of faculty and student members. A total of seven faculty members and seven student members will be selected to serve on the College/School Graduate Honor Council. A quorum for a Graduate Honor Council hearing is defined as five voting members consisting of two faculty members and three student members. One alternate faculty member and one alternate student member shall be chosen to replace a member that may be unavailable, recused, or removed from the Honor Council. Membership for the Graduate Honor Council necessitates good academic and professional standing. Terms of membership include a two year period for faculty and twelve to twenty four month period for student members.

Section B. The duties of Graduate Honor Council members are to:

- Attend all meetings of the Graduate Honor Council;
- Participate in and render objective judgment in discovery and hearing procedures;
- Assist in educating Graduate School students and faculty on the principles and practice of the honor code;
- Participate in training opportunities.

Section C. In the event of a vacancy on the Honor Council (faculty or student), an alternate member chosen by majority vote of the Honor Council from the provided list, will become an active member of the Honor Council. The student replacement should be from the same class level as the vacated position (e.g., second year student). Notification will occur within 7 days of the vacancy and will be made by the President of the Honor Council (see Article V). If, for any reason, the President of the Honor Council leaves office, it will be the Honor Council's responsibility to select a replacement via majority vote.

Section D. The Graduate Honor Council will have a Faculty Advisor appointed by the College/School Dean. The Faculty Advisor will serve as a non-voting Member of the Graduate Honor Council. The Faculty Advisor is recused should he or she have direct involvement in a case before the Honor Council. The duties of the Faculty Advisor shall be to:

- Attend Graduate Honor Council proceedings;
- Advise the Graduate Honor Council on procedural matters;
- Ensure that due process and equitable procedures are followed in all cases before the Graduate Honor Council and advise on matters of precedent;
- Inform accused students of the honor Council's protocol and procedures throughout the progression of a case;
- Notify the accused students of actions, hearings, verdicts and penalties as well as to generally act as a liaison between the Honor Council and the accused student;
- Provide proper notification of any Honor Council action to the appropriate administrative personnel and faculty;
- Ensure that appropriate documentation is completed by the Secretary for all hearings and other Honor Council meetings;
- Provide proper communication and documentation to Graduate Honor Council members for all cases;

- Supervise and conduct investigations during the "Period of discovery."

The College or School Dean shall also appoint a Faculty Advisor Alternate. In the event the Faculty Advisor is recused from a case, the Faculty Advisor Alternate will replace the Faculty Advisor during the proceedings of that particular case.

Section E. The following exceptions may be made to participation of members in hearing procedures:

- If a potential conflict of interest exists or some extraordinary circumstance outside of one's control, a member of the Graduate Honor Council may recuse himself or herself in a particular case. The wish of an honor council member to recuse oneself from a specific hearing should be reported to the Faculty Advisor of the Honor Council within 3 days of written notification of the case. This request should be made before any active participation occurs with the case.
- If the Graduate Honor Council President considers that a potential conflict of interest exists wherein one of the council members should not hear a particular case; he/she shall inform him/her accordingly. Should the decision of the President be disputed by the Honor Council Member, this issue of recusal should be decided by a vote of the full Honor Council following open discussion.
- If the Graduate Honor Council considers that a potential conflict of interest exists wherein the President should be recused in a particular case, the issue should be addressed with the President in a meeting of the Honor Council. Should the President dispute the recusal, the issue should be decided by a vote of the full Honor Council following open discussion.
- The accused Graduate student will be provided a listing of the Graduate Honor Council members at least 48 hours prior to the start of the hearing. If the accused Graduate Student considers that a potential conflict of interest exists wherein a Graduate Student Honor Council Member (Student or Faculty) should be recused, the issue should be addressed with the Faculty Advisor. Should the Graduate Student Honor Council Member dispute the recusal, the issue should be decided by a vote of the full Honor Council following open discussion.

Section F. Removal of a Graduate Honor Council member for any reason not limited to but including issues of academic or professional integrity will be at the discretion of the Faculty Advisor and Faculty Advisor Alternate.

Article V - Officers

Section A. The officers of the Honor Council shall consist of a President and Secretary, chosen from among and by the Honor Council members. Both positions shall be filled by students.

Section B. The Officers must have completed at least two quarters (or six (6) months) of the program or have past experience serving on the Graduate Honor Council.

Section C. The duties of the President shall be to:

1. Preside over all meetings;
2. Direct the processes of all trials;
3. Represent the Graduate Honor Council in all appropriate affairs;
4. Supervise the investigation of all cases;
5. Ensure the integrity of all proceedings by strict adherence to the established procedures of the Graduate Honor Council.

Section D. The duties of the Secretary shall be to:

1. Maintain written minutes of all Honor Council meetings and hearings;
2. Maintain a true and accurate record, by audio recording and in writing, of all trial proceedings;
3. Prepare written communications from the Honor Council regarding violations and Honor Council actions;
4. Prepare official written communications to the Faculty Advisor for distribution to appropriate persons regarding Honor Council actions;

5. Inform the members of the Honor Council of all meetings through written communication (hard copy or electronic).
6. For hearings, written minutes should be de-identified and assigned a specific case number.

Article VI - Meetings

Section A. A meeting of the Graduate Honor Council will be held after appointment and after the selection of new members to acquaint members with their duties and responsibilities.

Section B. The President may call special meetings at any time either independently or at the request of any Honor Council member.

Section C. The time and place for all meetings shall be determined by the President. The meeting shall be held in a manner wherein confidentiality can be ensured.

Section D. All members of the Honor Council are expected to attend all meetings of the Honor Council. Failure to do so may be grounds for removal.

Section E. In the event that the Honor Council must meet during regularly scheduled class time, the members of the Honor Council shall be excused from conflicting classes and clinical experiences to attend the meeting. The affected faculty or preceptor shall be notified in advance of this excused absence by the Faculty Advisor.

Article VII - Commencement of Proceedings

Section A. All persons, including faculty having knowledge of or being witness to acts believed to be in violation of the Graduate Honor Code shall report in writing the fact, along with any pertinent physical evidence, to the Faculty Advisor of the Graduate Honor Council of his/her College or School, preferably within 72 hours of the alleged violation. In the event the Faculty advisor is unavailable, the information shall be reported to the College/School Dean.

Section B. A written statement about the violation by the witness(es) shall be required to begin the "Period of Discovery." or investigation.

Section C. Failure to report violations will be considered a form of illegal aid covered under Article X, Section A.

Article VIII - Case Procedure

Section A. Cases shall generally be resolved within 30 calendar days after they are reported. Note: The time allotted for case resolutions may be extended (up to an additional ten calendar days) in the event additional time is required. This determination will be made by the Faculty Advisor and Faculty Advisor Alternate upon receipt of a formal request from the President of the Graduate Honor Council. In such event, all parties involved will be notified promptly following the approval of the request for additional time.

Section B. The procedure for handling cases shall be as follows:

- Within 5 days of receiving written information about a possible violation, the Faculty Advisor and a Student member of the Graduate Honor Council shall be responsible for conducting the "Period of Discovery," involving conducting of witness interviews, reviewing of evidence, and ultimately making a decision regarding whether or not to bring the case before the Graduate Honor Council.
- The Period of Discovery determines if sufficient evidence exists to proceed with a hearing. If it is determined that sufficient evidence exists, the case will be presented to the Honor Council and a hearing will generally be scheduled to begin within 7 days. In the event of insufficient evidence, the case will be dropped.
- If the case is accepted, the Faculty Advisor will promptly notify the accused that he/she has been accused of a violation. The accused shall be fully informed of the nature of the charges. Notification will be provided orally and in writing via email and letter by registered mail. The accused shall be provided a copy of the violation and written notice of his or her rights to appear before the Honor Council, to testify on his/her own behalf, to present evidence and question witnesses. If the Graduate Honor Council is using the accuser's

testimony in determining the guilt or innocence of the accused, the student has the right to confront the accuser. The accused may at any time waive the right to a hearing by admitting guilt to the charges brought.

- The accused may choose another registered, degree-seeking student as his/her advocate. He/she shall also have the right to provide his/her own witnesses. Witnesses are strictly limited to persons with direct evidence or direct knowledge of the alleged offense. Character witnesses are excluded from providing testimony.
- All persons involved shall be notified promptly by the Faculty Advisor of the time and place of the hearing. Each individual shall be bound not to reveal the details of any alleged violation of the Graduate Honor Code. Any disclosure by any participant about the case shall be considered a violation of the Graduate Honor Code.

Article IX - Hearing Procedure

Section A. Hearings of the Graduate Honor Council are closed. As such, all witnesses will be interviewed separately. The accused and any accused's advocate are permitted to be present for all presentation of evidence and witness testimony. The accuser is not required to attend the hearing.

Note: In the rare event that a student is unable physically to attend the Graduate Honor Council proceedings in person, he/she will be required to sign a statement of confidentiality attesting to the fact that no one else is in the same room or able to hear the proceedings during the hearing and that no audio/video recordings are being made of the hearing. The student will also be required to join the hearing via University-approved video conferencing. In the event a student violates the statement of confidentiality/attestation, he/she is subject to being charged with an academic/professional violation(s) with penalty(ies) to be decided in a separate hearing.

Section B. The procedure for conducting a hearing shall be as follows:

1. Following a formal reading of the charges, the accused is required to enter a plea before testimony is heard.
2. Each person providing testimony will be required to testify under oath. Both the Graduate Honor Council members and the accused will be afforded an opportunity to question persons providing testimony.
3. The Honor Council may allow the introduction of evidence other than testimony of witnesses if the Honor Council determines that the evidence is relevant.
4. Proceedings of each hearing shall be recorded in writing and on audio recording and shall be labeled and signed by the Secretary and the President of the Honor Council.
5. After hearing all testimony and reviewing all relevant evidence, the accused, any accused advocate, and all witnesses will be excused for the Honor Council deliberation.
6. The Honor Council shall vote by secret ballot with the outcome determined by a simple majority.
7. The Graduate Honor Council Faculty Advisor shall verbally notify the defendant of the judgment of the Honor Council. In the case of a not guilty adjudication, the Faculty advisor shall inform the accused by phone. In cases of guilt, the Faculty Advisor shall inform the accused of the penalty verbally and in writing (via registered mail) within 4 working days of the final hearing. The Faculty Advisor shall provide a summary report along with specific outcomes of the Honor Council's proceedings to the College/School Dean.
8. In cases in which the accused is adjudged not guilty, all transcriptions, except de-identified minutes, and audio recordings shall be destroyed immediately by the Faculty Advisor. De-identified minutes shall be provided to the appropriate College/School Dean. In cases of guilt, the transcriptions and tapes shall be delivered by the Secretary and filed in a closed file in the office of the College/School Dean. The office of the College/School Dean shall maintain this file for a period of 10 years.

Section C. The decision rendered by the Honor Council will be its final decision.

If a student who has been found to be guilty (or a student who has confessed guilt) continues to believe the penalty is inappropriate, the student may then appeal the decision of the Honor Council to the College/School Dean. Grounds for an appeal should be submitted in writing to the office of the College/School Dean by the accused within five (5) business days of written notification of the Honor Council decision and penalty. The College/School Dean may uphold or negate the recommendation of the Honor Council following due consideration of the appeal. The decision of the College/School Dean is final.

Section D. Confidentiality and Notification:

1. The only individuals who will be informed of an investigation of the Graduate Honor Council will be the honor council members, the accused, the accuser(s), the witness(es), the Faculty Advisor to the Honor Council, the Faculty Advisor alternate, the Department Chair, the College/School Dean, and the Chair of the Progress and Promotions Committee.
2. The only faculty members who will be informed of the outcome of the Graduate Honor Council investigation will be the Faculty Advisor to the Honor Council, the Faculty Advisor Alternate, the Department Chair, the College/School Dean and the accused student's Faculty Advisor, and the faculty accuser(s). The Chair of the Progress and Promotions Committee shall also be notified of the Honor Council's decisions.

Article X - Honor Code Violations

Section A. The following shall be deemed Graduate Honor Code violations and shall be the basis for reporting cases to the Honor Council and for convictions by the Honor Council. Other violations, not listed below, may also be considered reportable to the Graduate Honor Council upon recommendation of a faculty member, Program Director, or Progressions Committee.

1. Cheating on an academic work. For example:
 - Giving or receiving, or otherwise utilizing unauthorized assistance in connection with any examination, work submitted by the student for credit, or work performed as a required element of a course or clinic;
 - Using or attempting to use unauthorized material, aid or device prior to or during a test;
 - Using, buying, selling, stealing, transporting or soliciting, in whole or in part or the attempt to use, buy, sell, steal, transport or solicit the contents of an un-administered test that is expected to be administered;
 - Substituting for another student, or permitting another student to substitute for oneself, to take a test;
 - Obtaining or attempting to physically obtain a test without authorization prior to administration or attempting to obtain unauthorized or reserved information about a test prior to administration;
 - Obtaining, replicating or attempting to replicate, without authorization, an administered secure examination which has been designated for viewing only;
 - Obtaining or attempting to physically obtain a test without authorization prior to administration of attempting to obtain unauthorized or reserved information about a test prior to administration;
 - Obtaining, replicating or attempting to replicate, without authorization, an administered secure examination which has been designated for viewing only;
2. Providing information to another student with the intent to affect another student's academic performance;
3. Obstructing the attempts of another student to engage in academic activities with the intent to affect the other student's academic performance;
4. Falsifying, fabricating, or misrepresenting one's credentials or any other academic achievement or endeavor;
5. Disclosing information about a patient, along with the information suggesting the identity of that patient, to a person who is not, at the time of the disclosure, a member of the patient's health care team, without prior authorization from the patient
6. Making a false report of a Graduate Honor Code violation;
7. Obstructing the investigation or examination of an alleged Honor Code violation;
8. Destroying, hiding, or fabricating evidence related to a Graduate Honor Council proceeding;
9. Academic indiscretion;
10. Fabrication;
11. Forgery, alteration, destruction, or misuse of School documents, medical records, prescriptions, physician's excuses, etc.;
12. Attempted or actual theft of property of the School or of a member of the Institution's community or campus visitor;
13. Unauthorized possession, duplication or use of keys to any premises of the School, or unauthorized entry, or use of the premises of the School;
14. Conspiring, planning, or attempting to achieve any of the above acts;
15. Plagiarism
16. Knowingly failing to report committed acts proscribed in Article X herein.

17. Any student who knowingly or intentionally provides illegal aid shall be considered as responsible as the student who receives it and will be dealt with by the Graduate Honor Council in the appropriate manner

Any student who knowingly or intentionally provides illegal aid shall be considered as responsible as the student who receives it and will be dealt with by the Graduate Honor Council in the appropriate manner.

Article XI - Penalties

Section A. Upon determining a violation of the Graduate Honor Code or a plea of guilty, the Graduate Honor Council will submit the decision to the appropriate individual/committee. Decisions by the Graduate Honor Council are final.

Note: Students found to be in violation of the Graduate Honor Code may also be subject to sanctions from the Progress and Promotions committee from their degree program, beyond those assigned by the Graduate Honor Council.

The standard penalty for violation of the Graduate Honor Code is permanent expulsion. The student will receive a grade of Incomplete for all courses in which he/she is enrolled at the time of the infraction. Depending on the circumstances of the case, the Graduate Honor Council may assign a penalty less severe than permanent expulsion. These penalties include, but are not limited to, the following:

1. Disciplinary probation for Graduate Honor Code Violation. The student may receive a grade of F (0.00) for a given course as well as a grade of Incomplete, Withdrawal, or Withdrawal Failing for one or more courses in which he/she is enrolled at the time of the infraction.
2. A mandatory leave of absence from South University for approximately one academic year. The student will be permitted to return from a mandatory leave of absence according to the policies as stated in the Graduate Student Handbook of the program in which he/she is enrolled. In the event a policy does not exist for the program in which the student is enrolled:
 1. The student will be permitted to return from a mandatory leave of absence at the commencement of the term for the courses in which the violation occurred.
 2. The student will receive a grade of Incomplete for all courses in which he/she is enrolled at the time of infraction.
 3. Upon receipt of a mandatory leave of absence, the student cannot advance until he/she has completed the term in which the Incomplete grades were assigned.
 4. At the discretion of the Department Chair in consultation with the College/School Dean, the student may be required to enroll as a student in special standing for the purposes of review or remediation prior to enrollment as a full-time student.
3. Assignment of a grade of zero for a given examination, test or assignment.

Section B. The penalty imposed may be appealed to the College/School Dean as outlined in Article IX.

Section C. In the case of an appeal, the College/School Dean makes the final decision and reports the decision to the Vice Chancellor of Academic Affairs.

Section D. In the event a student admits guilt prior to the initiation of a Graduate Honor Council hearing, penalty will be determined by the Faculty Advisor and a Student member of the Graduate Honor Council. Following, penalty decisions made by the Graduate Faculty Advisor and Student member will be reviewed and approved by the President of the Graduate Honor Council. Notification of penalty will occur as outlined in Article IX, Section B, item 7.

Article XII - Amendments

Section A. Amendments to the present statute may be proposed by the Graduate Honor Council. Proposals shall be forwarded to the Council of Deans and Council of Presidents for final approval when ratified by three-fourths of the members of the Graduate Honor Council at the next meeting following the proposal of the amendment.

Section B. Ratified amendments shall become effective thirty days after final approval by the Council of Presidents.

Article XIII - Membership Selection Procedures

Section A. Student members of the Graduate Honor Council shall be selected by the existing Graduate Honor Council and in accordance with the following procedures:

1. An announcement requesting graduate student member applications will be released by the Faculty Advisor (or Faculty Advisor alternate) within the College/School along with the identified deadline and notification date.
2. Student applicants must submit a completed Graduate Honor Council Member Application consisting of:
 1. A statement of interest (a one-page minimum)
 2. A letter of attestation regarding the student's standing in the program (i.e., academic, professional, clinical) and suitability to serve on the committee. This statement must be obtained from the student's Program Director campus-based) or Graduate Team Member (online).
 3. Demographic information (e.g., time in program, contact information)
3. Applications will be reviewed during a scheduled meeting of the Graduate Honor Council. Note: GPA information will be redacted from the application materials.
4. All applicants will be notified within 24 hours of the Honor Council's decision regarding his/her application via email. In some cases, it may be necessary to contact an applicant via phone.

Section B. Faculty members of the Graduate Honor Council shall be selected by the existing Graduate Honor Council and in accordance with the following procedures:

1. An announcement requesting faculty member applications will be released by the Faculty Advisor (or Faculty Advisor alternate) within the College/School along with the identified deadline and notification date.
2. Faculty applicants must submit a completed Graduate Honor Council Member Application consisting of:
 1. A statement of interest (a one-page minimum)
 2. A letter of support from his/her direct supervisor.
 3. Curriculum Vitae
3. Applications will be reviewed during a scheduled meeting of the Graduate Honor Council.
4. Applicants will be notified via email of the Honor Council's decision. In some cases, it may be necessary to contact an applicant via phone.

Section C. To maintain an optimal composition of experience between existing and newly selected members, appointment terms (as outlined in Article IV, Section A) and start dates (i.e., Winter, Spring, Summer, Fall) will be assigned accordingly. This decision shall be made jointly by the Faculty Advisor and Graduate Honor Council President.

Honor Council of the South University School of Pharmacy

Article I - Name

The Name of this organization shall be the Honor Council of the South University School of Pharmacy

Article II - Purpose

The purposes of the Honor Council are to:

1. Investigate and hear cases involving School of Pharmacy students accused of academic dishonesty
2. Act as a hearing body and establish the guilt or innocence of students who have allegedly committed such violations
3. Recommend the disciplinary action to be taken, in all cases, in which the Honor Council determines there has been a violation

4. Work with School of Pharmacy faculty/administration and South University administration in all matters regarding Honor Code administration

Article III- Authority

Student authority to request revision of the contents of any article in the Honor Code resides with the Honor Council. Any revisions are subject to approval by the faculty and the Dean of the School of Pharmacy and South University administration. Responsibility to enforce any effective penalty rendered by the Honor Council lies with the School of Pharmacy's Assistant/Associate Dean for Academic Operations or designee.

Article IV- Membership

Section A. The Honor Council membership includes two student members from each yearly class and an at-large member selected by the faculty from the second- or third-year class. In addition, there will be two primary faculty members and two alternate faculty members one of each from the two campuses. Each faculty member will serve a twelve to twenty-four month period and will be appointed by the Dean of the School of Pharmacy. An alternate member will replace a member who is unavailable, recused or removed from the Honor Council. If an alternate is chosen to permanently replace a voting member a new student alternate will be elected or a new faculty member will be appointed.

The faculty and students will provide an initial list of student nominees to the Honor Council. Faculty members will review the initial list and may strike a name without cause. Faculty will approve a final list from which students will elect two members and two alternate members from the respective classes, one of each from the Columbia campus and one of each from the Savannah campus to serve on the Honor Council. This appointment shall be made at the beginning of the second quarter for first-year members. The Honor Council will convene and select an at-large member from a list of available second- or third-year students provided by the faculty. To be a member of the honor council, one must be in good academic and professional standing. Terms of office shall last from the date of election until the member graduates, unless decided otherwise by the Honor Council. Alternates serve the Honor Council as voting members during the period from the graduation date of the graduating class until the election of Honor Council members from the incoming class.

For hearing purposes, the Honor Council will consist of five voting members, three student members including the President and Secretary of the Honor Council and a third student member randomly selected from the remaining student members and two faculty members.

Section B. The Honor Council will have two Advisors appointed by the Dean of the School of Pharmacy. One will be from the Savannah Campus and the other will be from the Columbia Campus. The Advisor will attend all meetings as non-voting Members of the Honor Council. The Advisors:

1. Advise the Honor Council on procedural matters.
2. Ensure that due process and equitable procedures are followed in all cases before the Honor Council and advise on matters of precedent.
3. Inform accused students of the Honor Council's protocol and procedures throughout the progression of a case.
4. Once a case is accepted, notify accused students of actions, hearings, and verdicts, and serves as liaison between the Honor Council and the accused student.
5. Provide proper notification of any Honor Council action to the appropriate administrative personnel and faculty.
6. Ensure that appropriate documentation is completed by the Secretary for all hearings and other Honor Council meetings.
7. Supervise and conduct investigations during the "Period of discovery".
8. Assign a temporary President and/or Secretary when either/both are unable to fulfill their duties.

Section C. An Honor Council member will be removed by the Advisor for failure to fulfill Honor Council-related

obligations, failure to maintain good academic standing, or violation of the School's Honor Code or the University's Code of Conduct.

Article V- Officers

Section A. Honor Council officers shall consist of a President and a Secretary, chosen by the Honor Council members from the student members.

Section B. Officers must have completed at least three quarters of the School's academic program or have past experience serving on a university-level Honor Council.

Section C. The Honor Council President shall:

1. Preside over all meetings;
2. Direct all hearing processes;
3. Represent the Honor Council in all appropriate affairs;
4. Supervise all case investigations;
5. Ensure the integrity of all proceedings by strict adherence to the established Honor Council procedures; and
6. Participate in investigations during the "Period of Discovery".

Section D. The Honor Council Secretary shall:

1. Maintain written minutes of all Honor Council meetings and hearings
2. Maintain a true and accurate record, by audio recording and in writing, of all hearing proceedings
3. Prepare written communications from the Honor Council regarding violations and Honor Council actions
4. Prepare official written communications to the Advisor for distribution to appropriate persons regarding Honor Council actions
5. Inform Honor Council members of all meetings through written communication
6. Promptly communicate in writing with all persons involved in cases

Section E. Meeting time and place shall be determined by the President and shall be as convenient as possible for all concerned. The meeting shall be held in a location where confidentiality can be ensured.

Section F. If the Honor Council must meet during regularly scheduled class time, Honor Council members shall be excused from conflicting classes and practice experiences to attend the meeting. The affected faculty or preceptor shall be notified in advance of this excused absence by the Faculty Advisor.

Article VI - commencement of Proceedings

Section A. All persons, including faculty having knowledge of or being witness to acts believed to be in violation of the Honor Code shall report in writing the fact, along with any pertinent physical evidence, to the Faculty Advisor at the Campus where the incident occurred preferably within 72 hours of the alleged violation. In the event the Campus Faculty Advisor is unavailable, the information shall be reported to any available Faculty Advisor.

Section B. A written statement about the violation by the witness(es) shall be required to begin the "Period of Discovery," or investigation.

Section C. Failure to report violations will be considered a form of illegal aid covered under Article X, Section A.

Article VII - Case Procedure

Section A. Procedure for the administration of cases shall be as follows:

1. Within 10 days of receipt of written information about a possible violation, the President of the Honor Council or designee and Faculty Advisor shall act as individuals responsible for conducting the "Period of

- discovery" to interview witnesses, review evidence, and make a decision regarding whether or not to bring the case before the entire Honor Council.
2. The Period of Discovery determines if there is sufficient evidence to proceed with a hearing. In the event of insufficient evidence, the case will be dropped and documents destroyed. If there is sufficient evidence, the case will be presented to the Honor Council and a hearing is scheduled.
 3. If the case is accepted, the Secretary or the Advisor will promptly notify the accused of the relevant charges and of the Honor Council's intention to conduct a full Hearing of the case. At this time, the defendant shall be fully informed orally and in writing of the nature of the charges. The accused will be informed that if he/she chooses not to be present for the hearing, the case will be heard in his/her absence. The accused shall be given a copy of the violation and written notice of his/her rights to appear before the Honor Council, to testify on his/her own behalf, to present evidence and to call or question witnesses. If the Honor Council is using the accuser's testimony in determining the guilt or innocence of the accused, the student has the right to confront the accuser. The accused may at any time waive the right to a full hearing by entering a plea of guilty to the charges and proceed directly to the penalty phase.
 4. All persons involved shall promptly receive notification (oral or written) to attend a hearing. The person bringing the incident report and the accused student(s) shall receive written notification of the hearing. The Secretary and/or the Honor Council Advisor shall provide this notification. Each individual shall be bound not to reveal the details of any alleged violation of the Honor Code. Disclosure by any participant about the case will be an Honor Code violation.

Article VIII - Hearing Procedures

Section A. Honor Council hearings are closed and all witnesses will be interviewed separately. The accused and accuser will be present for all presentations of evidence and witness testimony, provided that his or her behavior is not disruptive or threatening.

Note: In the rare event that a student or faculty member is unable to physically attend the Honor Council proceedings in person, he/she will be required to swear or affirm for the record the fact that no one else is in the same room or able to hear the proceedings during the hearing and that no audio/video recordings are being made of the hearing.

Section B. The procedure for conducting a hearing shall be as follows:

1. Following a formal reading of the charges, the defendant is required to enter a plea before testimony is heard.
2. Each person giving testimony will be required to testify under oath.
3. Should a witness prove unable to comment on specific, direct details of the case, he/she will be removed from the hearing. The Advisor or President shall determine a witness' ability to meet this standard.
4. The Honor Council may allow the introduction of evidence other than witness testimony if the Honor Council President and Advisor determine that the evidence is relevant.
5. The Honor Council shall record in writing and on audio recording media hearing proceedings
6. After hearing all testimony and reviewing all relevant evidence, all non-Honor Council members will be excused for the Honor Council deliberation
7. The Honor Council shall vote by secret ballot "Guilty" or "Not Guilty" with the outcome determined by simple majority.
 1. In cases where the accused student is found "not guilty", all transcripts, except de-identified minutes, and recorded media shall be destroyed or deleted immediately. De-identified minutes shall be filed in a closed file that is maintained in School of Pharmacy's vault under the oversight of the Dean of the School of Pharmacy.
 2. In cases where the accused student is found "guilty", hearing transcripts and recorded media shall be filed in a closed file that is maintained in School of Pharmacy's vault under the oversight of the Dean of the School of Pharmacy. The office of the Dean shall maintain these files for a period of 5 years after which time the files will be properly destroyed.

Article IX -

Honor Code Violations

Section A. The following are Honor Code violations and provide the basis for reporting cases to the Honor Council and for convictions by the Honor Council:

1. Cheating on academic work. Examples may include, but are not limited to the following:
 - Copying, giving the appearance of copying, or attempting to copy from another student's exam, paper or other assignment/activity (this definition expressly includes looking at another student's test or academic work in any academic context [classroom, lab, clinical] where the instructor has not specifically allowed that action)
 - Giving or receiving, or otherwise using unauthorized assistance in connection with any examination, work submitted by the student for credit, or work performed as a required element of a course or clinical experience
 - Using/attempting to use any unauthorized material, aid or device prior to or during a test
 - Using, buying, selling, stealing, transporting or soliciting, in whole or in part or the attempt to use, buy, sell, steal, transport or solicit the contents of an un-administered test that is expected to be administered
 - Obtaining, or attempting to physically or electronically obtain a test, without authorization prior to administration, or attempting to obtain unauthorized or reserved information about a test prior to administration
 - Obtaining, replicating or attempting to replicate (orally, manually, electronically, or photographically), without authorization, an administered secure examination, which has been designated for viewing only
 - Substituting for another student, or permitting another student to substitute for oneself, to take a test or to fulfill any required element of a course or clinical experience
 - Plagiarizing or appropriating an author's work and the unacknowledged incorporation of that work in one's written work, offered for credit or otherwise submitted or performed as a required element of a course or clinic
 - Other
2. Committing an intentional act of lying, cheating or stealing
3. Providing incorrect information to another persona about any matter with the intent to harm another student's academic performance
4. Obstructing another student's attempts to engage in academic activities with the intent to harm another student's academic performance
5. Intentionally making a material misrepresentation of the student's class rank, grade point average, or any other academic achievement or endeavor
6. Recklessly placing anyone at increased risk of injury or disease while the student is engaged in activities directly connected with patient care or academic activities
7. Recklessly, and without prior authorization from the patient, disclosing information about a patient, along with information suggesting the identity of that patient, to a person who is not, at the time of the disclosure, a member of the patient's health care team
8. Intentionally making a false report of an Honor Code violation
9. Intentionally obstructing the investigation of the prosecution of an alleged Honor Code violation, including, but not limited to, giving false information or testimony and destroying, hiding, or fabricating evidence in any full or preliminary Honor Council proceeding
10. Fabrication, which is defined as the falsification, or invention, of any information, data, or citation in an academic exercise
11. Forgery, alteration, destruction, or misuse of School documents, medical records, prescriptions, physician's excuse, etc.
12. Tampering with the election of any School recognized student organization
13. Conspiring, planning, or attempting to achieve any of the above acts
14. Knowingly failing to report to a proper authority another student whom the student knows committed acts proscribed in this Article IX

Any student who knowingly or intentionally provides illegal aid shall be considered as responsible as the student who receives it and will be dealt with by the Honor Council in the appropriate manner.

Article X - Penalties

Section A. The standard penalty for violation of the Honor Code is permanent expulsion. The student will receive a grade of Withdrawal Failing for all courses in which he/she is enrolled at the time of the infraction. Depending on the circumstances of the case, the Honor Council may assign a penalty less severe than permanent expulsion. These penalties include, but are not limited to, the following:

1. Suspension: The student will be suspended from South University for approximately one year and may petition for readmission two quarters before the start of the curricular term within which the courses in which the violation occurred is next scheduled.
 1. The student will receive a grade of Failing (0.0) for the course within which the violation occurred, and a grade of Withdrawal for other courses enrolled in at the time of the infraction.
 2. The student may be required to enroll as a student in special standing prior to re-enrollment as a full-time student

Section B. Confidentiality and Notification

1. The only individuals who will be informed of an investigation of the Honor Council will be the honor council members, the accused, the accuser(s), the witness(es), and the appropriate Assistant or Associate Dean or designee.
2. Appropriate Faculty will be informed of Honor Council activity according to trial outcome. In case of "not guilty" verdict, faculty notified are: the appropriate Assistant or Associate Dean or designee and the faculty accuser(s).
3. The Honor Council Advisor shall notify (oral or written) the defendant of the judgment of the Honor Council. Findings shall be emailed or delivered to the defendant within 3 calendar days of a Honor Council judgment.
4. The Assistant or Associate Dean or designee will be informed promptly in writing by the Honor Council Faculty Advisor following the Honor Council's decision, who will communicate the penalty decision to South University Administration, as appropriate.

Section C. Students found guilty of an Honor Code violation may appeal a guilty verdict and/or the penalty associated with that verdict to the Dean of the School of Pharmacy or designee. The defendant should submit a written request for appeal within seven days of the Honor Council rendering a verdict and penalty. The Dean or designee may uphold, amend, or negate the Honor Council's recommendation following due consideration of the appeal. This decision is final and will be rendered in writing within 14 days following the appeal request. Appropriate South University administrators will be notified of the appeal and the final decision.

Article XI - Amendment

Section A. Amendments to the present policy and procedures may be proposed by the Honor Council, by Class Officers representing their respective student body, or by Faculty members. Such proposals shall be forwarded to the faculty for approval at a South University School of Pharmacy faculty meeting.

Section B. Faculty approved amendments become effective upon final ratification by the University Vice Chancellor of Academic Affairs.

Undergraduate Academic Integrity Policy

South University Honor Code

While I attend South University, I will be a fair and honorable student, and will promote fair and honorable conduct in others. I will not cheat, and I will not help others to cheat. I will do my own work, and give proper and truthful reference to those whose work has contributed any amount of content to mine.

Academic Integrity

South University defines academic integrity as the complete, accurate, specific, and truthful representation of authorship, origin of ideas, mastery of material, and data, including access to and authorized use of resources.

The demonstration of academic integrity typically falls into four broad categories:

- **Mastery of material.** Students are responsible for the truthful representation of their mastery of material on tests or other academic exercises.
- **Representation of sources.** Students are responsible for the complete, accurate, specific, and truthful acknowledgement of the work of others, including, but not limited to, their words, ideas, phrases, sentences, or data.
- **Truthful submission of work.** Students are responsible for the truthful representation of data or other findings, projects, or other academic exercise.
- **Access and use of resources.** Students are responsible for ensuring that their access and use of resources complies with South University policies.

Academic Dishonesty

Violations of the Academic Integrity Policy typically fall into the following categories: Cheating, Plagiarism, Fabrication, Sabotage and Academic Misconduct. Violations of academic integrity must be reported by faculty and administrators. Students should report violations of academic integrity. To aid understanding of what constitutes academic dishonesty and violations of academic integrity the following definitions are provided:

Violations of Academic Integrity Policy

- **Plagiarism.** Plagiarism occurs when a person represents someone else's work, ideas, phrases, sentences, or data as one's own work.
- **Self-plagiarism.** Submitting identical or very similar work for more than one course without receiving permission from the current faculty member prior to submission.
- **Cheating.** Receiving unauthorized assistance or help on tests/examinations or other academic work.
- **Collusion.** Unauthorized collaboration with others for work offered as credit.
- **Fabrication.** Inventing or falsifying information or data.
- **Academic Misconduct.** Includes the alteration of grades, involvement in the acquisition or distribution of un-administered tests.
- **Sabotage.** The willful attempt to hinder another student's work.

Classification of Academic Integrity Violations and Possible Penalties

Violations of academic integrity are classified based on the level of seriousness. Brief descriptions, examples, and recommended penalties are provided below. These are general descriptions and should not be considered as all-inclusive.

Level One Warning:

Level One warnings consist of an instance when, in the opinion of the faculty member, the student's actions were not intentional. A Level One warning is considered an academic issue and not a disciplinary offense. However, all incidents of Level One warning will be recorded in the student's academic record.

Examples of Level One Warnings include, but are not limited to:

Plagiarism

- Improper citation or referencing resulting from unintentional misrepresentation of a citation
- Citation of information not taken from the source indicated

Penalty: Resubmission of the assignment with corrections for partial credit.

Level Two Violation:

Level Two violations consist of an instance when, in the opinion of the faculty member, one or more of the following conditions exists:

- The student's actions constitute a violation of academic integrity that cannot be dismissed as likely the result of inexperience.
- The student has previously committed a Level One warning and has repeated the infraction.

Examples of Level Two Violations include, but are not limited to:

Cheating

- Unauthorized assistance with academic work
- Allowing another student to copy one's work
- Copying from another student's work
- Using unauthorized materials such as a textbook or notebook during an examination

Plagiarism

- Quoting another person's words directly without acknowledging the source
- Using another's ideas, opinions or theories even if they have been completely paraphrased in one's own words without acknowledging the source
- Using facts, statistics or other illustrative material taken from a source without acknowledging the source, unless the information is common knowledge
- Submitting a computer program, or any other creative work or intellectual property as defined by the discipline, as original work which duplicates, in whole or in part, without citation, the work of another

Fabrication

- Listing of sources in a bibliography or other report not used in that project

Self-plagiarism

- Submitting identical or very similar work for more than one course without receiving permission from the current faculty member prior to submission.

Recommended Penalty: A failing grade on the assignment.

Level Three Violation:

Level Three violations consist of an instance when, in the opinion of the instructor, one or more of the following conditions exists.

The student's actions are a repeat offense of a Level Two violation.

The student's actions are initial offenses of academic misconduct of a more serious nature than a Level Two Violation.

Examples of Level Three Violation include, but are not limited to:Cheating

- Using unauthorized materials such as a textbook or notebook or Internet-based information during an examination
- Collaborating with another person during an exam by giving or receiving information without permission from the faculty member
- Unauthorized access to or use of someone else's computer account or computer files for any purpose.

Plagiarism

- Obtaining a term paper from another student or company and/or obtaining essays or assignments from the Internet and submitting it as your own. A violation can occur whether the content is purchased or obtained free-of charge.

Self-plagiarism

- Multiple submissions of work to fulfill the requirements of more than one course without the explicit permission of the present faculty member.

Collusion

- Submission as one's own or any academic work prepared in whole or in part by others, unless the assignment is designed for student collaboration.

Fabrication

- Fabricating data or source information in experiments, research projects, or other academic exercises.

Academic Misconduct

- Altering graded test answers and then claiming faculty member inappropriately scored the examination

Sabotage

- Intentionally revising another's written work
- Intentionally keeping necessary resources, such as library books or articles, from another.

Collusion

- Purchasing of a term paper from another student or company.
- Submitting of work previously submitted for another course without the prior permission of the faculty member.

Recommended Penalty: Probation or suspension from the University with a notation of "disciplinary suspension" placed in a student's academic file and a failing grade in the course. Note that suspension from PLUS courses is also suspension from campus-based courses.

Students may apply for re-entry at the end of the suspension period. No appeal is required.

Level Four Violation:

Level four violations are the most serious breaches of academic integrity. Level Four violations occur when, in the opinion of the faculty member, one or more of the following conditions exist.

- The student's actions are a repeat offense of a Level Three violation
- The student's actions are initial offenses of academic misconduct of a more serious nature than a Level Three violation
- The student's actions represent any degree of infraction relating to a senior thesis
- The student's actions involve academic dishonesty committed after return from suspension for a previous violation or while on probation from a previous violation.

Examples of Level Four Violations include, but are not limited to:

Plagiarism

- Obtaining multiple assignments from someone else or from the Internet and submitting them as your own. A violation can occur whether the content is purchased or obtained free-of-charge.

Fabrication

Multiple incidents of fabricating data or source information in experiments, research project or other academic exercises

Academic Misconduct

- Changing, altering, falsifying or being accessory to the changing, altering or falsifying of a grade report or form, or entering any university office, building or accessing a computer for that purpose
- Coercing any other person to obtain an un-administered test
- Stealing, buying, selling, giving away or otherwise obtaining all or part of any un-administered test/examination or term papers or works of art, or entering any university office or building for the purpose of obtaining said materials without authorization
- Creating illegal accounts, changing of files or securing of passwords illegally
- Destroying computer accounts without authorization
- Violation of the clinical or ethical code of a profession

Sabotage

- Intentionally revising another's written work intentionally keeping necessary resources, such as library books or articles, from another.

Collusion

- Multiple submissions as one's own, any academic work prepared in whole or in part by others, unless the assignment allows students to work collaboratively.
- Misrepresentation (or falsification) of digital identity to complete all assignments within a course.
- Purchasing of a term paper from another student or company.

- Submitting of work previously submitted for another course without the prior permission of the faculty member.
- Substituting for another student or permitting any other person to substitute for oneself to take a test or examination

Recommended Penalty: Expulsion from the University and a permanent dismissal notation on the student's academic file.

Procedures for Infractions

Violations of the University's academic integrity policy require completion of the Academic Integrity Violation Report (AIVR). The AIVR report must be submitted to the Dean of Academic Affairs and Operations, with copies to Program Chairs/Program Directors and Dean of Student Affairs. The burden of proof shall be upon the faculty member bringing the charges to prove the case. All faculty are expected to keep thorough records and documentation with copies of the work submitted.

In the case of Level One warnings or Level Two violations, the faculty member will meet with the student to outline the charge, including the level of violation and penalty. The penalty imposed by an faculty member must be recorded on the AIVR and forwarded to the Office of the Dean of Academic Affairs and Operations, with copies to the Program Chair/Program Director and Dean of Student Affairs.

All student/faculty member conferences regarding Level Three and Four violations will be informational only. Therefore it is not appropriate for these sessions to consider appeals at this time. The Dean of Academic Affairs and Operations will determine the penalty.

Procedures for Infractions Involving Online Courses

If the faculty member suspects a violation of the Academic Integrity Policy, they will first meet with the student to discuss the incident. The incident report and supporting documentation, such as the student's assignment and information on the sources in question will be used to determine the severity or level of the violation. The number of previous violations committed will also be taken into consideration.

Upon receiving confirmation on the level of the incident, the faculty member will notify the student and complete the assignment grading. Depending on the level of the incident, further actions may be taken by the Dean of Academic Affairs and Operations at each location.

Appealing an Academic Integrity Violation Charge

Students are encouraged to attempt to resolve any academic issues with their faculty member. When that process has been exhausted the student may appeal to the next levels. Once a penalty has been imposed, the student may accept the penalty, or they must file a written appeal.

All written appeals must be filed within fourteen (14) calendar days once the penalty has been imposed. Failure to meet this deadline will render the appeal moot. Should an Academic Integrity Violation charge be made at the end of a quarter, a grade of "I" will be assigned until the violation has been processed. It is the responsibility of the student then to appeal any adverse decision to the next level, again within fourteen (14) calendar days. The next level in the appeal process will not automatically consider it unless the student appeals it in writing and within the fourteen (14) calendar days.

Any written appeal by the student must be filed within the specified period of time and include:

- A clear statement of the nature and reason(s) of the appeal.
- A clear concise statement of the material facts, with appropriate supporting documentation.

Appeal of Academic Integrity Violation Charge or Penalty Imposed for Campus-based Students

For Level One warnings and Level Two Violations:

- Student should file a written grade appeal through their Dean of Academic Affairs and Operations who will forward to the appropriate individual.
- First level of appeal is to the Program Director or Program Chair, whichever is located on the student's campus. For campus-based students who are enrolled in an online course, the first level of appeal is to the online Program Director
- Second level of appeal is to the Dean of Academic Affairs and Operations at the South University campus where the student is enrolled.
- The third and final level of appeal is to the College/School Dean. The decision of the College/School Dean is final.

For Level Three and Level Four Violations:

- First level of appeal is to the College/School Dean.
- Second level of appeal is the Vice Chancellor of Academic Affairs. The decision of the Vice Chancellor of Academic Affairs is final.

Any written appeal by the student must be filed within the specified period of time and include:

- a clear statement of the nature and reason(s) of the appeal
- a clear concise statement of the material facts, with appropriate supporting documentation

Appeal of Academic Integrity Violation Charge or Penalty Imposed for Students in an Online Program

Level One warnings and Level Two violations:

- Student should file a written grade appeal through their Academic Counselor to be reviewed by the Program Director/Chair or his/her designee.
- Second level of appeal is to the Associate Vice Chancellor of Academic Affairs-Online.
- The third and final level of appeal is to the College/School Dean. The decision of the College/School Dean is final.

For Level Three and Level Four Violations:

- First level of appeal is to the College/School Dean.
- Second level of appeal is the Vice Chancellor of Academic Affairs. The decision of the Vice Chancellor of Academic Affairs is final.

Attorneys, Parents or Guardians: As this is an academic process of South University, no official or unofficial legal representation will be allowed to attend any of the identified proceedings.

Students may invite parents/guardians to attend any meetings with university personnel during the appeal process but their presence is strictly to observe the proceedings and advise the student. They are otherwise not to participate.

The Academic Integrity Violations form and all documentation related to the incident remains in the student's academic file.

Anesthesiologist Assistant Professional Standards

Standards of professional behavior for the anesthesiologist assistant (AA) covers professional behavior, standards for attire, attendance, and completion and maintenance of records documenting clinical education (case logging system)

Standards for Professional Behavior

The South University Anesthesiologist Assistant (AA) programs recognize and uphold the standards of professional behavior for students of the program as outlined by the American Academy of Anesthesiologist Assistants (AAAA, GUIDELINES FOR THE ETHICAL STANDARDS OF THE ANESTHESIOLOGIST ASSISTANT, Adopted July 2007, accessed at https://aaaa.memberclicks.net/assets/docs/position%20statement%20-%20guidelines_for_the_ethical_standards_of_the_anesthesiologist_assistant.pdf).

These standards state:

The Anesthesiologist assistant is expected to act both legally and morally. They are responsible for knowing and understanding the laws governing their practice and the ethical responsibilities of being a health care professional.

The practice of anesthesiology involves many complex factors relating to the standards of patient care. As such, the Academy recommends its members adhere to the basic set of ethical standards outlined below:

1. The Anesthesiologist Assistant shall, while caring for the patient, regard responsibility to the patient as paramount, thereby putting the interests of the patient foremost and acting as a patient advocate.
2. The Anesthesiologist Assistant shall be dedicated to providing competent medical care with compassion and respect for human dignity.
3. The Anesthesiologist Assistant shall maintain standards of professionalism in all patient interactions and always acting in the best interests of the patient.
4. The Anesthesiologist Assistant shall respect the law.
5. The Anesthesiologist Assistant shall respect the rights of the patients under their care, colleagues and other health care professionals with whom they interact and shall safeguard the confidentiality of patients' medical and personal information within the constraints of the law.
6. The Anesthesiologist Assistant shall uphold the right of every patient to the ethical right to self-determination, and therefore not coerce any portion of the decision-making process and shall facilitate the informed consent process. Anesthesiologist Assistants shall be committed to the concept of shared decision-making, which involves assisting patients in making decisions that account for medical, situational, and personal factors.
7. Anesthesiologist Assistants shall have the inherent responsibility to observe and report any potentially negligent practices or conditions which compromise patient safety or present a hazard to health care facility personnel.
8. Anesthesiologist Assistants render high-quality patient care without prejudice as to race, religion, age, sex, nationality, disability, social, economic, or insurance status.
9. Anesthesiologist Assistants should not misrepresent, directly or indirectly, their skills, training, professional credentials, title, or identity.
10. Anesthesiologist Assistants shall strive to maintain a spirit of cooperation with other health care professionals, their organizations, and the general public.

In the practice of anesthesia, the safety and well-being of patients is every practitioner's first and foremost concern. The confidential acquisition and maintenance of patient data are also of paramount importance. Inappropriate behavior and/or failure to maintain patient data in an appropriate, confidential manner according to the Health Insurance Portability and Accountability Act (HIPAA) guidelines are grounds for immediate review and for possible dismissal.

Personal Use of Electronic Devices

Students are not allowed to use individual electronic devices for personal reasons during clinical education. Use of such devices may be allowed for educational purposes only if approved by the student's direct clinical supervisor. Violation of this policy is considered a breach of the Professional Standards of the Anesthesiologist Assistant program and if such a violation occurs, that student will be referred to the Progress and Promotions committee.

Experiential Learning

No course credit is awarded for experiential learning to applicants of the Master of Medical Science in Anesthesia Science program.

Master of Science in Physician Assistant Code of Conduct

Conduct

The South University Student Handbook defines a Code of Conduct that must be followed by all students. Failure to comply with general University policies may result in dismissal from the program and the University according to defined disciplinary procedures enforced by the Dean of Student Affairs. All disciplinary actions will be reported to the Progress Committee and will be considered relative to the student's suitability for continued participation in the program and entry into the Physician Assistant profession. Each student shall be attired appropriately whenever he/she is in a clinical (patient care) environment. Failure to adhere to appropriate guidelines for attire can result in dismissal from clinical activity with a resulting penalty applied for absence. In the belief that physicians and PA's are called to the highest standards of honor and professional conduct and understanding that this responsibility begins at the inception of one's medical education rather than upon receipt of degree, the students of the South University master of Science in Physician Assistant degree program must uphold the following standards that serve as an embodiment of the conduct and integrity to which they aspire. These standards are intended to promote an atmosphere of honesty, trust, and cooperation among the students, the faculty, their patients, and society. Students in the South University Master of Science in Physician Assistant degree program are expected to demonstrate behavior that is considered appropriate for a career in medicine. Appropriate behavior includes, but is not in any way limited to honesty, trustworthiness, professional demeanor, respect for the rights of others, personal accountability, and concern for the welfare of patients - all of which are outlined below. Violations of these Standards of Professionalism may result in disciplinary proceedings. For more information on policies and expectations on PA student conduct see the PA program Student Handbook

South University publishes its Graduate Honor Code in the South University Student Handbook and Catalog. All students enrolled in the South University Physician Assistant program are expected to abide by this code.

Alleged violations of the South University Graduate Honor Code will be referred to the Physician Assistant Program's Progress and Promotions Committee for review. If the Progress and Promotions Committee determines that there is adequate evidence of an Honor Code violation, the case will be referred to the South University Graduate Honor Council. Above and beyond the Graduate Honor Council decisions, the Progress and Promotions Committee has the authority to add additional sanctions and/or remediation.

College of Nursing and Public Health Code of Conduct

(Applies to all Nursing programs)

Students are held accountable for the knowledge of and adherence to policies addressed in the *South University Student Handbook* and the *South University Nursing Student Handbook*. Failure to comply with said policies will result in a report being filed with the Dean of Student Affairs.

A violation of the South University Code of Conduct, the Nursing Program Code of Ethics, the Code of Academic and Clinical Conduct of the National Student Nurses' Association, or the American Nurses Association (ANA) Code of Ethics may result in dismissal from the nursing program. Students will be afforded due process, as specified in the South University disciplinary procedure.

PROGRAM DISMISSAL

A student is subject to dismissal from the South University Nursing program due to the following conditions:

1. Breach of academic integrity. Students who are dismissed for breach of academic integrity should refer to the appeal process outlined in the South University Academic Catalog under academic integrity violation.
2. Dismissal from a clinical affiliation for reasons related to violations of safe, legal and ethical practice as defined in the student's handbook or the state Nurse Practice Act.
3. Violation of the South University Nursing Program Code of Ethics (Refer to Nursing Program Handbook)
4. Dismissal for violation of CONPH Substance Abuse and Screening Policy and / or Comprehensive Background Check - College of Nursing and Public Health..

Students who are dismissed for violations stated in number 3 and 4 above may appeal in writing to the Program Director. If not satisfied with the decision of the Program Director, the student may appeal to the Assistant/Associate Dean of the program. The decision of the Assistant/Associate Dean may be appealed to the Dean of the College of Nursing and Public Health. The Dean's decision is final and cannot be appealed.

Doctor of Ministry Student Conduct

The South University Student Handbook defines a Code of Conduct that must be followed by all students. Failure to comply with general University policies may result in dismissal from the Doctor of Ministry (D.Min.) program and the University according to the defined disciplinary procedures enforced by the University administration. D.Min. students are representatives of their faith communities and ambassadors of their faith traditions. As such we hold each other to the highest standards of personal and professional conduct.

Religious diversity and respect. It is expected that Doctor of Ministry students will treat all South University students, faculty, and staff with the highest levels of dignity and respect regardless of religious belief and practice.

Professional conduct. Students in the Doctor of Ministry program are expected to abide by the highest standards of professional integrity in their practice of ministry. The standards of professional conduct adopted by the American Association of Pastoral Counselors (<http://www.aapc.org/about-us/code-of-ethics/>) and the Association of Professional Chaplains (<http://www.professionalchaplains.org/content.asp?pl=198&contentid=198>) offer more information about appropriate professional conduct in ministry settings.

A fuller presentation of student conduct issues can be found in the Doctor of Ministry Student Handbook.

Attendance Policy

University Attendance Policy

South University maintains an institutional attendance policy to support the academic achievement of its students. Students are expected to attend all scheduled class, laboratory, and examination periods each week. Students, whether present or absent from class, are responsible for knowing all that is announced, discussed, and/or lectured upon in class or laboratory, as well as for mastering all assigned reading. In addition, students are responsible for submitting on time all assignments and examinations as required in the class.

Students are expected to attend all scheduled activities that are part of the class, including those activities scheduled during class time and those scheduled outside of class time. An individual campus-based or online program may have specific policies (which in some cases may be more stringent than the general attendance requirements) as to the effect of attendance on class meetings, course assignments, off-campus activities, internships/externships, clinical and practicum activities, and other program requirements.

Students who receive Veteran Affairs (VA) educational benefits must understand VA benefits, including tuition and fees, the monthly housing allowance, book stipend, and Yellow Ribbon benefits are based in whole or in part on the number of credit hours certified. The school is required to monitor and report enrollment status to the VA. Adjustments in enrollment will likely affect payment of VA benefits. The school will report enrollment as follows:

- VA Students who officially withdraw, the actual last date of attendance (LDA) must be determined and reported.
- VA students who are administratively withdrawn or stops attending without officially withdrawing, the actual last date of attendance (LDA) must be determined and reported.
- VA students who complete the term with all non-punitive "F" and/or non-punitive grades, the school will determine and report the actual last date of attendance for each course.

Attendance Requirements

Students who fail to attend a campus-based class session will be given an absence for that session. Students taking 11-week campus-based classes, that meet two or more days a week, must not miss the class meetings for 14 consecutive calendar days of the scheduled class time (including campus-based classes that contain an online component). If a student misses the class meetings for 14 consecutive calendar days the student will be administratively withdrawn from the course. Students taking campus-based classes that meet one day week, must not miss the class meetings for 21 consecutive calendar days of the scheduled class time. If a student misses the class meetings for 21 consecutive calendar days the student will be administratively withdrawn from the course. The last date of attendance will be the last day where the student met the attendance requirements. If a student misses the class meetings for 7 consecutive calendar days in a 5.5 week campus-based course the student will be administratively withdrawn from the course. The last date of attendance will be the last day where the student met the attendance requirements.

Students taking online classes must complete an academically related activity, i.e. dropbox submission, threaded discussion post, test or quiz in their online course at least once each week. Students who fail to meet the attendance requirements for a week will be given an absence for that week (7 days). Students who fail to meet the attendance requirements for 14 consecutive calendar days (two weeks) during a course will be administratively withdrawn from the course.

Note: Zero credits courses in the graduate Nursing programs and the Doctor of Business Administration are exempt from online attendance requirements.

Receiving a grade of F in a course and failing to meet positive attendance in the last week of that course, may impact a student's financial aid.

Students who are absent due to a medical condition (including pregnancy or any related conditions, including recovery from childbirth) will be excused for as long as a health care provider states it is medically necessary for the student to be absent. Students absent due to such medical conditions may be allowed to make up missed work. In addition to contacting their faculty, students in campus-based programs should contact the Registrar's office, and students in online programs should contact their Academic Counselor. Students seeking exceptions for medically-related reasons will be required to provide a doctor's note indicating that the absences were medically necessary. Failure to provide evidence of a medical necessity for any absence could result in the student being administratively withdrawn from school, and the student will not be allowed to make up any missed assignments. The Dean of Academic Affairs and Operations at each location, in consultation with the faculty member, will determine the amount of time a student will have to make up missed assignments. Upon their return to school, students will be allowed up to 12 weeks to complete missed assignments. Campus-based students whose conditions prevent them from completing all work within the 12 week timeline should contact the Dean of Academic Affairs and Operations. Online students should contact their Academic Counselor. (Note: see the Leave of Absence Policy below for Students at South University, Richmond and South University, Virginia Beach.)

OTA Attendance Policy

The OTA Program covers a lot of content in a relatively short time. To maximize learning, students are expected to attend all components of every course, including lectures, laboratories and fieldwork, for the entire session. Tardiness, early departure or other time away from class negatively impacts attendance. Academic success is predicated upon class attendance.

Students are expected to submit assignments, take exams and complete course requirements in a timely fashion. Regular attendance is crucial to meeting all deadlines.

If circumstances require that the student miss 25% or more of a course, the student will be administratively withdrawn from the course, since the opportunity for adequate teaching and learning is significantly compromised. The OTA Program Director, in collaboration with appropriate individuals, will determine whether additional sanctions will be made (e.g., academic warning or probation), depending on the reason the student is missing 25% or more of the course.

Students who officially withdraw or are administratively withdrawn from a course after the Drop/Add period and before 80% of the course duration will receive a W grade. Students who officially withdraw or are administratively withdrawn on or after 80% of the course duration will receive a WF grade. Students should consult with their Financial Aid Advisor to determine the implications of adding or dropping a course.

Students who withdraw or are administratively withdrawn from all courses in a quarter will be withdrawn from the University. Students who fail to register for a quarter will be withdrawn from the University.

Regardless of the reason for an absence, students are responsible for any and all information presented during each class period. Students are advised to contact a peer and get notes for that class period; students are also encouraged to talk with the instructor.

In each OTA course, attendance will be taken at the beginning and at the end of each class. Students are expected to sign in at the beginning of each class; they are expected to sign out at the end of each class. If only one student signature is present at either the beginning or the end of class, that student will receive only half of the points awarded for attendance. If a signature is present for both the beginning and end of class, that student receives full points for attendance.

Students may sign the attendance sheet only for themselves; any student signing peers in or out of class will be subject to disciplinary action.

Students should refer to the OTA Level I and Level II Fieldwork Education Manual for attendance policies specific to fieldwork placements.

Blended Course Attendance Policy

Students are expected to attend all scheduled synchronous class meetings and participate in required asynchronous online activities during each week of the quarter.

Students taking blended courses that meet synchronously one (1) to two (2) times during the quarter may not miss any classroom meetings. Students taking blended courses that meet three (3) to five (5) times during the quarter may miss only one classroom meeting. Missing more than the minimum number of classroom meetings will result in the student being administratively withdrawn from the course. Students taking blended courses that meet synchronously six (6) or more times during the quarter may miss up to two (2) classroom meetings. Missing more than two classroom meetings will result in the student being administratively withdrawn from the course. Students who wish to appeal an administrative withdrawal should follow the South University attendance appeal process.

In addition to the classroom meetings, students are expected to complete an academically related activity, i.e. assignment submission, threaded discussion post, test or quiz at least once in the classroom each week. Students who fail to meet the asynchronous attendance requirements for a week will be given an absence for that week (7 days). Students who fail to meet the asynchronous attendance requirements for 14 consecutive calendar days (two weeks) during a course will be administratively withdrawn from the course. The last date of attendance will be the last day where the student met the attendance requirements.

Students failing to meet either the synchronous classroom or the asynchronous online attendance policy will be administratively withdrawn from a course.

Receiving a grade of F in a course and failing to meet positive attendance in the last week of that course, may impact a student's financial aid.

In order for students taking blended courses to be added to the class during the drop/add period but after the initial class meeting, they must meet with the Program Director or course instructor to review the course requirements.

Note: Synchronous learning is defined as real-time interaction between the student and the instructor, meaning the interaction happens at the same time. That interaction could be face-to-face in a physical classroom or remote through a video conference web hosted service. Asynchronous learning is defined as learning and interaction that may not take place at the same time between the student and the instructor. This interaction will take place through an online learning management system.

Attendance Policy for Guided Research Courses

Campus-based and fully online Graduate students enrolled in courses designated as Guided Research (i.e. Final Project, or Dissertation courses) are expected to meet with their Faculty Advisor or Dissertation Committee Chair at least monthly over the time that the course is scheduled. This meeting can be scheduled face-to-face or through teleconference. In addition to the scheduled meetings with the Faculty Advisor or Dissertation Committee Chair, students enrolled in Guided Research courses are expected to complete an academically related activity, i.e. dropbox submission, threaded discussion post, test or quiz, once each week in the online classroom. Students who fail to meet the online attendance requirements for a week will be given an absence for that week (7 days). Students who fail to meet the online attendance requirements for 14 consecutive calendar days (two weeks) during a course will be administratively withdrawn from the course. The last date of attendance will be the last day where the student met the attendance requirements.

Attendance Appeals for Administrative Withdrawals

Students who are administratively withdrawn from a course due to attendance may appeal the decision. Students must complete the Attendance Appeal Request form and submit the form to their Academic Counselor for students in online programs within 4 calendar days of being administratively withdrawn from a course.

In order to be considered for an appeal the student must have one of the mitigating circumstances listed in the South University Satisfactory Academic Progression policy. Students may be required to submit supporting documentation with their appeal.

The Dean of Academic Affairs and Operations at each location will consider the appeal. The decision of the Dean of Academic Affairs and Operations is considered final.

NOTE: A student's life issues and the student's transition to college are not considered mitigating circumstances under this policy.

Attendance Week

For campus-based classes beginning on a Saturday, the attendance week is defined as beginning on Saturday at 12:00 A.M. in the campus' time zone to 11:59 P.M. in the campus' time zone the following Friday. For campus-based classes beginning on Thursday, the attendance week is defined as beginning on Thursday at 12:00 A.M. in the campus' time zone to 11:59 P.M. in the campus' time zone the following Wednesday. The last week of the class begins on Thursday at 12:00 A.M. in the campus' time zone and ends on the following Saturday at 11:59 P.M. in the campus' time zone.

For online classes beginning on a Monday, the attendance week is defined as beginning on Monday at 12:00 A.M. Mountain Time (MT) to 11:59 P.M. MT the following Sunday. For online classes beginning on Thursday, (this includes all 5 and 10 week courses) the attendance week is defined as beginning on Thursday at 12:00 A.M. MT to 11:59 P.M. MT the following Wednesday.

Leave of Absence Policies

South University does not have a University level Leave of Absence Policy. The College of Nursing and Public Health and the College of Business have Leave policies associated with specific programs as noted below. South University also has a Leave of Absence policy for any student who attends either the Richmond or Virginia Beach campus.

Please note that any international student seeking a break in their enrollment or a leave of absence should consult the international student disclosure for admissions found in the International Student Admissions policy. In part it states, "International students attending South University locations under F-1 visas (Form I-20) are required to maintain a "full course of study" during each academic term of their programs of study...". The international student should also contact the international student advisor or the Dean of Student Affairs on their campus with additional questions.

Note: South University's administrative leave of absence is not an approved leave of absence per the U.S. Department of Education (ED) requirements under Title IV regulations as outlined in the federal regulations (34 CFR 668.22 (d)). As such, South University must consider the student as a "withdrawn" student for Federal Title IV Student Aid purposes but allow the student to remain administratively enrolled at the school. South University must perform a Return to Title IV calculation for each administrative leave of absence based on the student's last date of recorded attendance as required by Federal regulations. During the approved administrative leave of absence, students are reported to NSLDS as withdrawn and are not eligible to receive any Federal Student Aid during this period.

Nursing Emergency Leave

A nursing student may be granted an official emergency leave for personal or medical reasons for a period not to exceed one calendar year. The student must make this request in writing to the Nursing Program Director and include documentation of the reason emergency leave is being requested. If the emergency leave is approved, the Nursing Program Director will provide the student, the registrar and the Director of Financial Aid with written notification including applicable timeframes of the leave. If the emergency leave requires the student to withdraw from classes, the withdrawal will not count against the student as a course attempt as outlined in the Withdrawal Policy. An emergency leave can only be granted one time.

The student must notify the Nursing Program Director at least thirty calendar days prior to the anticipated date of re-entry. Students will not be required to repeat successfully completed nursing courses. In all cases of emergency leave, the student is required to complete the full nursing curriculum of the program in which the student was enrolled. Reentry is based on space availability as determined by the program director and must occur within the timeframe of 1 year. Reentry is not guaranteed. The student who fails to reenter the nursing program within the timeframe established may be required to apply for readmission to the nursing program.

Doctor of Business Administration Emergency Leave of Absence Policy

While it is an expectation that students enroll in courses continuously throughout the DBA program, once a student enters the Comprehensive Exam and Dissertation phase of their program (i.e. beginning with INS7200 and BUS8000) they are subject to the DBA Emergency Leave of Absence Policy. The only opportunity for a student to request a leave of absence during this part of the program is in the case of an emergency. A DBA student may be granted an official emergency leave for personal or medical reasons for a period of one session or quarter, but no longer than one calendar year. The student must make this request in writing to the DBA Program Director and include documentation of the reason emergency leave is being requested. If the emergency leave is approved, the DBA Program Director will provide the student, the Registrar and the Director of Financial Aid with written notification including applicable timeframes of the leave. If the emergency leave requires the student to withdraw from classes, the withdrawal will not count against the student as a course attempt as outlined in the Withdrawal Policy. An emergency leave can only be granted one time.

The student must notify the DBA Program Director at least 14 days calendar days prior to the anticipated date of re-entry. Students will not be required to repeat successfully completed courses in the DBA Program. In all cases of emergency leave, the student is required to complete the DBA curriculum of the program version in which the student was enrolled. Reentry to a dissertation course is based on availability of Committee Chairs and/or Members as determined by the Program Director and must occur within the timeframe of 1 year. The student who fails to reenter the DBA program within the timeframe established may be required to apply for readmission to the DBA program.

Leave of Absence for Students attending South University, Richmond and South University, Virginia Beach

A student who expects to be absent due to extended mitigating circumstances should contact his/her Dean of Student Affairs. The university has defined the following as possible mitigating circumstances: serious illness of the student, serious illness of a member of the student's immediate family for whom the student is the primary caregiver, or death of a member of student's immediate family. To request an accommodation or waiver based on mitigating circumstances, the student must provide the Dean of Student Affairs with the appropriate written documentation supporting the student's claim of mitigating circumstances prior to the student violating or exceeding the attendance requirements.

The Dean of Student Affairs is responsible for reviewing and approving the request. Request for an additional Leave of Absence or an extension of a current Leave of Absence must be received 15 calendar days prior to the end of the

current Leave of Absence. No monetary charges or accumulated absences may be assessed to the student during a leave of absence.

Leave of Absence may not exceed 180 calendar days in a 12-month period. The 12-month period begins the first day of the first Leave of Absence. Students who fail to return on the 181st calendar day will be administratively withdrawn from school.

Returning from an Approved Leave of Absence

Students returning from an approved Leave of Absence that was granted during the time they were enrolled in a course will be allowed to complete coursework started prior to the leave with no additional charges assessed. The University allows students who start a Leave of Absence during a course to withdraw (with a grade of WV).

If a student does not return from an approved Leave of Absence, the official withdrawal date and beginning of the loan grace period (if applicable) is the last date of class attendance.

Notes: Students enrolled are eligible to apply for an approved administrative leave of absence for a period not to exceed 180 days in a rolling 12-month period. During the approved administrative leave of absence, students are reported to NSLDS as withdrawn and are not eligible to receive any Federal Student Aid during this period.

Course Enrollment Policies

Course Substitution Policy

Students are expected to complete the program requirements outlined in the South University Academic Catalog in effect at the time they enroll. However, programs are subject to change at the discretion of South University. In these situations or due to other mitigating circumstances (e.g., change in program of study), students may request a course substitution. To be considered for a substitution, South University courses must be successfully completed and satisfy the program student learning outcomes as listed in the Academic Catalog.

For courses completed at South University, Campus-based students should submit a Course Substitution Form to the Program Director for consideration at their Campus; online students should submit the Form to their Academic Counselor. The Academic Counselor will forward the form to the Program Director for consideration. The Program Director will then forward the request and recommendation to the Program Chair for approval. Substitutions for General Education courses will be reviewed by the appropriate General Education Program Director and Chair.

Course substitutions not recommended by the Program Director, may be appealed to the Chair. Course substitutions denied by the Chair may be appealed to the College/School Dean or designee. The decision of the College/School Dean is final.

A student may submit for transfer of credit consideration a course directly related to the course requirement but at a higher content and course level than the specific course requirement.

For courses taken at another institution, students should submit a Course Substitution Form to their Academic Counselor. The Academic Counselor will forward the form to the Program Chair or designee for approval. Substitutions for General Education courses will be reviewed by the appropriate General Education Program Chair.

Students should submit all requests at least six (6) months prior to graduating.

Prerequisite Coursework Policy

The determination of the suitability of particular required prerequisite coursework will be made by the program director in consultation with the Chair of the Department in which the program is based. Coursework will be deemed acceptable if it meets the following criteria:

- Content and comparability relative to standard college/university coursework in the specific discipline of the required courses as determined by the program Director or designee
- Science courses must have been completed within 7 years before the date of matriculation
- Coursework must be from an acceptable accredited collegiate institution that possesses either regional or national accreditation granted by an agency recognized by the U.S. Department of Education
- Coursework from Non-U.S. institutions will be considered if the coursework is evaluated by an accredited agency that can provide a statement of equivalency between foreign coursework and standard college/university coursework, including grades (e.g. Educational Credential Evaluators, Inc.), and that is acceptable to South University
- Coursework must be successfully completed for credit, with an appropriate grade greater than or equal to a C-

Change of Program

A student may change his or her program at any point of his or her enrollment provided that s/he is in good satisfactory academic standing. Changing from an associate's degree to a bachelor's degree in the same program is not considered a change of program. Changing from one specialization or concentration within a program to another specialization or concentration within the same program is not considered a change of program. The Dean of Academic Affairs and Operations (for campus-based students) or the appropriate Department Chair or Assistant College Dean for Online Programs (for students in online programs) may grant exceptions to students on Academic/Financial Aid Warning or Probation. Only then will a student be allowed the opportunity of changing from one program to another.

Courses that apply to the subsequent program will be recorded as earned credit and will affect the student's Cumulative Grade Point Average (CGPA). For Incremental Completion Rate (ICR) purposes, earned credit applied to the new program will reduce the total number of credits that must be attempted within the program. Therefore, the maximum allowable credits are one and one half times the number of credits remaining to complete for graduation. Students who change programs and students who change session times within the same program must sign a new program enrollment form (or the like), which must be filed in the student's academic file.

Students must contact their Academic Counselor to change their program.

A course required in a student's initial program that is not required in the student's subsequent program may have a negative impact on a student's financial aid. Therefore, students should consult with Student Financial Services before changing their program.

Physical Therapist Assistant (PTA) Program Change Policy

- South University students in good standing may transfer into the General Education Phase of the Physical Therapist Assistant (PTA) program from another South University program if they meet the PTA minimum standards for academic and financial aid progress as outlined in the Academic Catalog at the time of transfer.

Program Change from Nursing (RN to BSN) to RN to Master of Science in Nursing (RN to MSN)**

*** South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

The criteria to evaluate a request for transfer from the RN to BSN to the RN to MSN program admission included::

- A CGPA of 3.0 in all courses taken at South University.
- Review of student's transcript.

The nursing program director or chair will review the request and the student will be notified of the transfer decision.

Campus Transfers

A student must be in satisfactory academic standing in order to be allowed the opportunity to transfer from one South University campus to another or from one campus to an online (or partially online) program. To be considered a campus transfer student, the student must complete the quarter for campus-based students or session for online students at the originating school and immediately start at the new campus in the next quarter for campus-based students or session for online students. If the student has a break in enrollment, he/she will be considered a reentry student at the new school.

A student who has been terminated from a South University campus, online program, or partially online program and wishes to transfer to another South University campus, online program, or partially online program must appeal his/her dismissal at the originating campus or program and receive reinstatement before the transfer.

Occupational Therapy Assistant (OTA) Program Professional Phase Campus to Campus Transfer Policy

Students enrolled in the Professional Phase of the Occupational Therapy Assistant (OTA) program who are in good standing according to the Occupational Therapy Assistant Progressions Standards may be eligible for transfer to a different South University OTA program. Students interested in transferring to a different campus should contact the Program Director of their current program to receive more information about the potential for transfer. There is no guarantee of transfer between programs. The Occupational Therapy Assistant (OTA) Progressions Committee at the receiving campus makes the final decision to accept or reject transfer students in the Professional Phase of the program.

Physical Therapist Assistant (PTA) Program Technical Phase Campus to Campus Transfer Policy

Students enrolled in the Technical Phase of the Physical Therapist Assistant (PTA) program who are in good standing according to the Physical Therapist Assistant Progressions Standards may be eligible for transfer to a different South University PTA program. Students interested in transferring to a different campus should contact the Program Director of their current program to receive more information about the potential for transfer. There is no guarantee of transfer between programs. The Physical Therapist Assistant (PTA) Progressions Committee at the receiving campus makes the final decision to accept or reject transfer students in the Technical Phase of the program.

Students Transferring Between a Campus Program and an Online Program

A student who transfers from a campus program to an online program or who transfers from an online program to a campus program is subject to the following the Satisfactory Academic Progress (SAP) policies and procedures:

- A student who is in good standing per SAP in his/her program transferring to either a campus program or an online program, will be evaluated according to the SAP policies and procedures for the programs.

Note that the evaluation criteria and period of time until the next applicable evaluation point may differ from the SAP policies and procedures of the student's original program. The student should work closely with his/her academic advisor or academic counselor to understand the SAP implications (including financial aid implications) of his/her transfer before taking any action.

Graduate Nursing Programs Student Campus to Campus Transfer Policy

The student must complete the Graduate Nursing Student Transfer Request form and submits to the Program Director of the campus of origin at least 45 days prior to the desired transfer date. The Program Director confers with the student and confirms the student meets the program progression standards.

The Program Director consults with the receiving campus Program Director and completes the transfer request form and forwards the form to the Program Director of the receiving campus 30 days prior to the transfer. For students transferring to online programs, the transfer request form is also sent to the Academic Counselor handling the student transfer.

The receiving campus Program Director will consult with the student and informs her/him of the request for transfer decision and space availability. The completed form is then resubmitted to the originating campus and the receiving campus' Regional Registrar's office.

To be eligible to transfer campuses:

- The student must be in good academic standing and meeting the program progression standards as outlined in the South University Catalog.
- The student will be made aware that there will only be one (1) transfer made between campuses in the South University system, unless there are documented and approved mitigating circumstances.

The student may only transfer to another campus while he or she is enrolled in didactic courses. Once practica courses are begun, the student cannot transfer unless there are documented and approved mitigating circumstances.

Student Course Load Policies

Course Load

To complete program requirements in a timely manner, most students choose to attend classes full-time and enroll in 4 quarters per year. Course load designations for students are as follows:

Undergraduate

Half-time: 6-8 credit hours.

Three-quarter time: 9-11 credit hours.

Full-time: 12 or more credit hours.

Graduate

Half-time: 4 credit hours.

Three-quarter time: 6 credit hours.

Full-time: 8 or more credit hours.

Course Overloads

Students may wish to enroll in greater than the full-time number of courses in a particular quarter or academic year. Overloads will only be approved for students who exhibit outstanding academic performance.

Campus-based students wishing to enroll in more than 16 credit hours (undergraduate) or more than 8 credit hours (graduate) must have the permission of their Program Director or the campus Dean of Academic Affairs and Operations to receive a course overload.

Students in online programs may wish to enroll in more than 16 credit hours (undergraduate) or more than 8 credit hours (graduate) must have the permission of their Academic Counselor and Program Director to receive a course overload.

Individual programs may designate the specific courses to be taken each quarter or session (thus specifying the total number of hours to be taken) or the specific course sequence to be scheduled. In such cases a student need not obtain permission for his/her enrollment unless s/he wishes to enroll in more than the designated number of credit hours or enroll in a non-specified sequence of courses, or must deviate due to other circumstances.

Coursework Taken Outside a Student's Degree Program

Students enroll in a degree program and the courses taken must all apply to that program. The requirements for the program are defined in this Academic Catalog. A degree program may include elective courses which apply to that program. Any course that is defined as a possible elective is acceptable for student enrollment, as long as the elective requirement has not already been satisfied by another course.

If a student takes a course not required by his/her degree program, that course does not qualify for financial aid and does not qualify for computing the student's load for financial aid purposes. The student is responsible for payment of the course's tuition and any associated fees. The student must complete, sign, and submit the Coursework Intent Form (which must also be signed by the appropriate Financial Aid and Registrar staff members or their designees) to confirm the student's financial responsibility for course's tuition and any associated fees and that the tuition and associated fees will not be covered by financial aid.

A student who needs to complete one course to complete an associate's degree and then intends to proceed directly into a bachelor's degree program cannot take the bachelor's program courses during the final quarter of the associate's program and receive financial aid for those bachelor's program courses.

Students receiving VA benefits may take courses not required for their program of study to bring his/her course load up to a full-time in his/her last term only. This allows students to continue to receive benefits at the full-time rate in their last term of enrollment, even though fewer credits are required to complete the program. Students may only do this

once in their program of study. Students should select courses in consultation with their Academic Advisor or Academic Counselor. Students must meet all pre-requisite requirements for the courses selected.

Auditing Courses

A student wishing to audit a course without receiving credit must obtain permission from the campus academic affairs officer and complete and sign a class audit form before registering for the course. (Policy for some courses forbids auditing.) A student may not change from audit to credit status or from credit to audit status after the registration process has been completed. A grade designation of AU (Audit) will be recorded on student transcripts for audited courses. The regular schedule of fees applies to auditors. Unauthorized auditing is prohibited. Online courses cannot be audited.

Transient Students

Students wishing to take classes at another institution while enrolled with South University should contact their Academic Counselor before enrolling in another institution. Students must be in good academic standing with South University. The Academic Counselor can provide guidance on what courses may transfer into South University from the other institution. Without prior approval no guarantees are made that courses taken at other universities will be accepted for credit at South University.

Retaking Coursework

Effective July 1, 2011, the Department of Education amended the full-time enrollment status definition for programs at term-based institutions. In a standard term-based program, students who retake previously completed coursework are considered eligible for additional Title IV assistance, even if the students will not receive credit for that coursework in addition to credits already received. To comply with this provision and to assist students with managing appropriate FSA loan balances, South University has implemented the following policy on retaking coursework for standard term programs.

Note: Requirements below refer to enrollment for Title IV eligibility purposes. NSLDS Enrollment Reporting/Clearinghouse enrollment status is based on all enrolled courses regardless if it is funded by Title IV aid and/or VA benefits. VA recipients will need to follow the VA requirements. VA will only cover repeated courses if the student failed or does not meet the minimum grade requirement as established by the institution. All students will be charged tuition for retaking any course.

Standard Term-based Programs

Students enrolled in standard term-based programs may retake failed or withdrawn courses and eligible students will receive Title IV funds for failed and withdrawn courses with no credits earned as long as the student is meeting the satisfactory academic progress (SAP) standards. Although there is no limit on how many times students can repeat failed or withdrawn courses for FSA purposes, South University has limitations on how many times students can retake failed courses before they are dismissed from the institution. In addition, retaking courses will impact a student's Satisfactory Academic Progress, including Maximum Time Frame. Please refer to the school's SAP Policy.

For standard term-based programs, South University's policy will allow financial aid to cover a single repetition of a previously successfully passed course, assuming the student has not earned all the credits within the current program and the course is required in the current program of study, subject to certain conditions. Students who earned credit(s) may receive Title IV funds for one retake of any previously passed course only if they meet one of the following conditions:

The student must have completed the course for it to be considered a repetition under this policy. Because only one repetition of a previously passed course may be included in the a student's enrollment status for purposes of Title IV aid, if the student failed the repeated course, the student is not eligible for an additional retake because the student is considered to have completed the course. A student enrolled in developmental courses (ENG0099 and MAT0099) must successfully complete the course after three attempts or the student will be academically dismissed from the University.

Transfer of Credit Policy

All coursework will be evaluated for transferability based on its current relevance. South University requires that prior coursework taken by the transfer student or transfer credit required for review be taken at an acceptable accredited collegiate institution (regional or national accrediting agency recognized by the US Department of Education). See note below. South University may place limits on the age of courses eligible for transfer of credit as defined in course TOC time limits outlined below under Science Course Transfer Credit.

All credit considered for acceptance is reviewed by course level, course title and course description. Students may be required to provide additional supporting documentation such as a course description or a syllabus for a class to be considered for Transfer of Credit.

South University reserves the right to reject any or all credits from other institutions, regardless of their accreditation status, when it determines through investigation or otherwise that the quality of instruction at such institution is for any reason deficient or unsatisfactory. The judgment of South University on this question shall be final. South University reserves the right to disallow transfer credit for courses if the student's subsequent grades in required courses in the same subject fall below average.

Notes:

Acceptable Accredited Collegiate Institution: South University requires that prior coursework taken by transfer students or transfer credit requested for review be taken at an acceptable accredited collegiate institution. An acceptable accredited collegiate institution possesses either regional or national accreditation granted by an agency recognized by the U.S. Department of Education. Individual programs within South University may define additional criteria for acceptable accreditation to meet the requirements of specific programmatic accreditation.

Acceptance of credits earned at other institutions, and/or through examination, is limited to 75 percent of the total hours required for an undergraduate degree. Students at the Richmond and Virginia Beach campuses may only transfer in 70 percent of the total credit hours required for an undergraduate degree.

No more than half the major area course requirements can be earned through transfer credit, through examination, and/or other means described in this catalog. Note that programmatic accreditation and/or specific state requirements may alter these percentages. See the appropriate Program section for specific guidelines regarding transfer of credit.

No transfer credit is accepted in the technical phase of many of the health professions. These limits are outlined below by program transfer of credit policies.

No transfer credit will be accepted for developmental or remedial courses.

No transfer of credit will be accepted for internship courses.

Undergraduate Transfer of Credit

Undergraduate transfer of credit is evaluated by the Registrar's office. Credit for transfer work may be given if the course(s) were taken at an acceptable accredited collegiate institution. Final determination in the cases of a dispute will be made by the appropriate College/School Dean or designee.

Credit for undergraduate transfer work will be considered if the potential course meets the following conditions:

- The course was taken at an acceptable accredited collegiate institution
- The course carries a grade of "C-" or better, unless otherwise specified by programmatic requirements.
- For transfer credit from colleges that award plusses and minuses, the plus or minus will be dropped when the course is transferred to South University (For example: a C+ or C- will transfer as a C)
- The course is directly equivalent to a course required by the South University program in which the student is enrolled.

Courses taken at other institutions may be combined to satisfy one or more equivalent South University courses, but no course may be counted more than once in calculating transfer credit.

The award of transfer credit may also be considered in the following cases:

- In an area requirement that a South University program does not specify a particular course, a student may submit for transfer of credit consideration a course not offered by South University but directly related in its content to the area requirement.
 - For example, if a South University program allows a student to select coursework from an approved list of Arts and Humanities courses to fulfill the Arts and Humanities requirement within General Education, a student may submit for transfer of credit consideration an Arts and Humanities course not offered by South University. (Please refer to program specific curriculum.)
- A student may submit for transfer of credit consideration a course directly related to the course requirement but at a higher content and course level than the specific course requirement.
- For courses taken at another institution, students should submit a Course Substitution Form to their Academic Counselor. The Academic Counselor will forward the form to the Program Chair or designee for approval. Substitutions for General Education courses will be reviewed by the appropriate General Education Program Chair. (Please refer to the Course Substitution Policy)
- In a program area or in general education where courses are specified, a student may submit coursework to South University that is in a related discipline that may substitute for the required course(s). Course substitutions must be approved by the Assistant Program Director or Program Director, Chair, and Dean of the College/School (or their designee). In all cases, the course submitted must also be taken at an acceptable accredited collegiate institution and carry a grade of "C-" or better in order to be considered for transfer of credit.
- Course work taken as part of a diploma, certificate or terminal associate degree may be accepted for transfer of credit. The courses submitted must be taken at an acceptable accredited collegiate institution and carry a grade of "C-" or better in order to be considered for transfer of credit.

Notes:

All coursework will be evaluated for transferability based on current relevance and may not transfer if the material in the coursework is deemed to be significantly noncurrent in the subject area. Individual Colleges/Schools and/or programs within South University may place limits on the age of courses eligible for transfer of credit.

In the case of courses evaluated for General Education transfer credit, the submitted courses must meet the criteria established by the Commission on Colleges of the Southern Association of Colleges and Schools for General Education credit (as stated in the current Principles of Accreditation). The course must also be specifically classified as General

Education (i.e., a survey or introductory course) at the transferring institution to be considered for General Education transfer of credit.

Exemptions may be granted by South University for developmental courses such as basic Mathematics or basic English.

Transfer of credit will not be given for English as a Second Language (ESL) coursework.

If both a separate science laboratory course and the related lecture/didactic course are evaluated for transfer of credit, credit will only be considered for the separate laboratory course if the related lecture/didactic course also received a grade of C- or better. Students should consult with their Academic Counselor about questions related to acceptance of transfer credit.

Acceptance of credits earned at other institutions, and/or through examination, is limited to 75 percent of the total hours required for an undergraduate degree. Students at the Richmond and Virginia Beach campuses may only transfer in 70 percent of the total credit hours required for an undergraduate degree.

No more than half the major area course requirements can be earned through transfer credit, through examination, and/or other means described in this catalog. Note that programmatic accreditation and/or specific state requirements may alter these percentages. See the appropriate Program section for specific guidelines regarding transfer of credit.

No transfer of credit will be accepted for internship courses.

Acceptance of Pass Fail grades from other institutions

For academic courses taken during calendar year 2020 at other institutions, South University will accept applicable courses with pass/fail grading. This policy is temporary and approved in response to the Covid-19 changes many institutions made, granting pass/fail grades for all courses offered during this period of time.

General Education Transfer Credit

Students who enroll at South University having graduated with an A.A. or A.S. degree intended for transfer into a baccalaureate degree, or have earned a B.A. or B.S. degree from a post-secondary institution that participates in a statewide general education articulation agreement in the following states will have satisfied all Area I (General Education) Requirements:

- Alabama
- Florida
- Georgia
- Kentucky
- Louisiana*
- Michigan**
- North Carolina
- Ohio***
- South Carolina
- Tennessee
- Texas
- Virginia

In order to qualify, applicants must provide an official transcript verifying graduation with an A.A., A.S., B.A. or B.S.

degree from an institution that meets the criteria described above. Certain programs at South University have specialized admission requirements, which are unaffected by this policy.

* Students must complete one of eight (A.A./LTD or A.S./LTD) eligible concentrations for the Louisiana Transfer (LT) degree as shown at: <http://latransferdegree.org/college-students/>.

**Eligibility is limited to institutions participating in the Michigan Association of Collegiate Registrars & Admissions Officers (MACRAO) Transfer Agreement at: <https://www.macrao.org/publications/macraoagreement.asp> or the Michigan Transfer Agreement (MTA) at: <https://www.macrao.org/Publications/MTA%20Participation%20Guidelines%20&%20Signature%20Form.pdf>

***Eligibility is limited to institutions participating in the Ohio Transfer Module (OTM) at: <https://www.ohiohighered.org/transfer/policy>

GED Performance Levels

South University accepts the GED as a measure of high school equivalency and recognizes several GED scoring performance levels.

Students being admitted on the basis of GED scores will be exempt from taking related placement test(s) if they meet certain criteria. Exemption from MAT0099 Principles of Algebra, or ENG0099 Principles of Composition, is based on the following:

- MAT0099: minimum score of 165 in Mathematical Reasoning
- ENG0099: minimum score of 165 in Reasoning Through Language Arts
- Students scoring 175 or higher in the subject areas of the GED listed below may be awarded SU credit as indicated:
 - Science: General Education Natural Science without laboratory (4 credit hours)
 - Social Studies: HIS1101 U.S. History I: Colonial to 1865, HIS1102 U.S. History II: 1865 to Present, or POL2076 American Government (4 credit hours)

Procedure for Credit for Prior Learning for Law Enforcement, Corrections or Criminal Justice Academy.

South University may give up to 16 credit hours of transfer credit to graduates of a law enforcement, criminal justice or corrections training program. Up to a maximum of 12 credits may be awarded at the undergraduate level and/or up to a maximum of 4 credits at the master's level provided:

- The graduate has attained a high school diploma or equivalent.
 - A certification of completion and curriculum is provided.
1. Credit will be dependent on type of training completed.
 2. The Program Director and/or Chair will review transcripts/certificate of completion to determine appropriate course credit substitution.
 3. Credit may be awarded for CRJ1001, CRJ2100, CRJ2200 or CRJ2300 at the undergraduate level.
 4. Credit may be awarded for MCJ6001 at the Master's level.
 5. Student must submit an academy graduate certificate and class curriculum for review.
 6. Student must have completed a 320 hour or more basic training course.
 7. Each training program completed, may give rise to a one course – four credit hour substitution.
 8. A maximum of three course substitutions may be given for the undergraduate program.

9. One four credit hour course substitution may be given for the Master's program, regardless of number of academy courses completed.
10. Students may not be given dual credit for one academy course completion; so credit given at the undergraduate level will not be given again at the Master's level.

Information Technology Transfer Credit

For all Information Technology courses, transfer of credit is not accepted for courses that are older than seven years.

Students can meet the ITS1000 requirement if they meet any of the following criteria:

- A score of 50 or higher (out of 80) on the CLEP Information Systems and Computer Applications national exam, credit will be awarded for ITS1000 Computer and Internet Literacy (four credit hours).
- A score of 3 or higher (out of 5) on the College Board Advanced Placement Computer Science A exam, credit will be awarded for ITS1000 Computer and Internet Literacy (four credit hours).
- The student holds a current Microsoft Office Specialist certification; credit will be awarded for ITS1000 Computer and Internet Literacy (four credit hours). Students must provide a copy of the certification to the University
- A score of 70 or higher (out of 100) on the South University ITS1000 Placement Exam, credit will be awarded for ITS1000 Computer and Internet Literacy (four credit hours).

Credit for Industry Standard Certifications

South University's Bachelor of Science in Information Technology accepts two CompTIA certification examinations for college credit, which includes the CompTIA Security+ and Network+ certifications. Credits earned through these examinations will be accepted as transfer credit and a student must submit a copy of their CompTIA Certificate(s) with a Date Certified no older than 7 years to validate their certification(s) and be eligible for possible transfer credit award. For the CompTIA Security+ certification students will earn credit for ITS3104 IT Security Access and Protection and for the CompTIA Network+ certification students will earn credit for ITS2103 Fundamentals of Networking.

Science Courses Transfer Credit

For students in the Occupational Therapy Assistant and Physical Therapist Assistant programs, the following courses will not be accepted for transfer of credit if the course is older than 7 years before the student's start date in the Professional/Technical Phase of the program:

- AHS1001 Medical Terminology
- BIO1011 Anatomy and Physiology I
- BIO1012 Anatomy and Physiology I Lab
- BIO1013 Anatomy and Physiology II
- BIO1014 Anatomy and Physiology II Lab

For students in the Bachelor of Science in Health Sciences, the Associate of Sciences in Allied Health Sciences, the Bachelor of Science in Public Health or the pre-licensure Bachelor of Science in Nursing programs, the following courses will not be accepted for transfer of credit if the course is older than 7 years before the student's original start date:

- AHS1001 Medical Terminology
- BIO1011 Anatomy and Physiology I

- BIO1012 Anatomy and Physiology I Lab
- BIO1013 Anatomy and Physiology II
- BIO1014 Anatomy and Physiology II Lab
- BIO2015 Human Pathophysiology
- BIO2070 Microbiology
- BIO2071 Microbiology Lab (online students only)

OR

- BIO2073 Microbiology Laboratory (campus students only)
- CHM1010 General Chemistry
- NTR2050 Nutrition

Credits Earned at a South University Campus

Credits earned at any South University campus will be accepted at all campuses except as mentioned herein. If accepted, these credits will not be considered transfer credit (with the exception of Legal Studies ["LGS"] courses for students in the Associate of Science in Paralegal Studies or Bachelor of Science in Legal Studies programs); they will be included as credits earned at South University. If a campus should close a program in any state, students in good standing will be accepted at any South University campus having the same or a similar authorized degree program. The credits earned in the students' original degree program will be applied to the degree program at the new location.

Acceptance of Nontranscribed Credit

South University offers students an opportunity to obtain course credit in areas of competency through several non-transcribed means, including AP Examinations, University-administered proficiency examinations, education training, and military experience and training. South University does not award credit for life experience. Acceptance of credits earned at other institutions, through examination, and/or other means described in this catalog is limited to 75 percent* of the total hours required for an undergraduate degree. No more than half the major area course requirements (i.e., those requirements beyond General Education) can be earned through transfer credit, through examination, and/or other means described in this catalog. All credit earned through education training and military experience and training is accepted via the submission of the ACE (American Council of Education) transcript. Additional information can be found at <https://www2.acenet.edu/credit/?fuseaction=transcripts.main>.

**Students at the Richmond and Virginia Beach campuses may only transfer in 70% of the total hours required for an undergraduate degree.*

College Board Advanced Placement (AP) Examinations

South University supports the College Board's Advanced Placement Program, which allows high school students the opportunity to pursue college level courses in their own schools and to be taught the material by their own teachers. After completion of the AP courses, students take the appropriate AP test to determine their level of achievement. For college credit to be awarded, a student must have official score reports from the College Board sent directly to the Office of Registrar at South University.

Since there is major overlap in course content between the two English AP exams, the awarding of AP credit in English will be treated separately from that of other disciplines as follows:

1. If a student receives a score of "3" on either English AP exam, credit will be awarded for ENG1100 Composition I (four credit hours);

2. If a student receives a score of "4" or "5" on the English Language and Composition Exam, credit will be awarded for ENG1100 Composition I and ENG1200 Composition II (eight credit hours);
3. If a student receives a score of "4" or "5" on the English Literature and Composition Exam, credit will be awarded for ENG1100 Composition I and ENG 1300 Composition III (eight credit hours).

If a student receives a score of 3 or higher on the AP Computer Science A exam, credit will be awarded for ITS1000 Computer and Internet Literacy (four credit hours).

For additional information concerning the awarding of AP credit, contact the Registrar at the appropriate campus.

Credit by Examination

CLEP and DSST certification exams can be submitted for evaluation for course credit. The guidelines for awarding credit are available from the Registrar at the appropriate campus. In general, no score less than 50 on the CLEP test will be considered for course credit. The credit granting score for DSST exams is available from the Registrar.

If students earn a credit granting score for a CLEP or DSST exam that does not directly correlate to a course offered by South University, credit may be awarded as a) free elective, OR b) General Education credit in the appropriate area.

Credits earned by examination are considered in the same way as transfer credits and are not used in the computation of the student's grade point average. Students may not earn more than 75 percent* of their total credits and 50 percent of their major credits through credit by examination, transfer credit, or a combination thereof. The time limit for granting credit by examination for any course is the same as that for accepting transfer credit for the same course.

**Students at the Richmond and Virginia Beach campuses may only transfer in 70% of the total credit hours required for an undergraduate degree.*

Credit by Education Training

College credit may also be awarded for education training completed through business and industry, the armed services, or government organizations. South University is guided by the principles and recommendations of the American Council on Education (ACE) guidebooks when assessing requests for credit earned in this manner. Students must have their ACE transcripts sent directly from the Center for Adult Learning and Educational Credentials to the appropriate campus Registrar at South University.

University Credit for Military Experience and Training

The University recognizes and uses the American Council on Education (ACE) Guide to the Evaluation of Educational Experience in the Armed Services to determine the value of learning acquired in military service. We award credit for appropriate learning acquired in military service at levels consistent with ACE Guide recommendations when applicable to a Service member's program. In addition, we utilize Joint Services Transcript (JST) or Community College of the Air Force (CCAF) Transcript in our processing of prior learning experiences for possible transfer credit.

Students who wish to have their military experience and training evaluated for university credit should send the JST or the CCAF transcript to the appropriate campus Registrar. Additionally, credit may also be awarded through review of a student's certified Department of Defense (DD) Form 214 (Armed forces of the United States Report of Transfer or Discharge) in conjunction with the ACE Guide, to the Evaluation of Educational Experiences in the Armed Forces. Credit will be applied to a degree program upon the approval of the Department Chair from which the degree is to be awarded.

Timing of Transcribed and Nontranscribed Credit Consideration and Acceptance

South University will accept transcripts for transcribed (transfer) and documentation of non-transcribed credit evaluation at any point during a student's program of study, provided that limits placed on the total number of credits for the program and components of the program will not be exceeded. During a student's first quarter enrolled at South University, all official transcripts must be received and evaluated for those courses related to establishing basis of admission. No courses will be evaluated for transfer of credit during a student's final quarter before graduation. Active/Guard/Drilling Reserve military students may have a waiver from this policy concerning their final quarter or final two sessions (for students in campus-based programs) or final two course sessions (for students in online programs) and should work closely with their academic advisors or academic counselors as to their eligibility to have courses evaluated for transfer of credit at any time during their program.

Students are encouraged to submit all transcripts for transfer of credit evaluation or documentation for non-transcribed credit as soon as possible upon admission to their program of study to enable accurate scheduling of coursework. Students are also strongly encouraged to discuss with their advisors the potential transferability of outside coursework being considered.

Undergraduate Program Transfer of Credit Guidelines (specifications by program)

Associate of Science (AS) in Medical Assisting

For students in the Associate of Science in Medical Assisting degree program transfer of credit will not be accepted for the following courses:

- AHS2005 Clinical Competencies I
- AHS2006 Clinical Competencies II
- AHS2007 Clinical Laboratory Competencies
- AHS2087 Medical Office Procedures
- AHS2090 Medical Insurance and Coding
- AHS2092 Computers in the Medical Office
- AHS2098 Medical Assisting Practicum

Transfer of credit will be accepted for AHS1001 Medical Terminology.

Associate of Science (AS) and Associate of Applied Science (AAS) in Occupational Therapy Assistant

- Students may transfer prerequisite courses into the program before entering the Professional Phase of the OTA program if approved by the registrar with the exception of OTA1001, which may not be transferred.
- Transfer credit will not be accepted for courses in the South University's Professional Phase of the OTA program.

Note: This does not apply to South University OTA students (in good standing) transferring between campuses.

Associate of Science (AS) or Associate of Applied Science (AAS) in Physical Therapist Assistant Program

- Students may transfer prerequisite courses into the program before entering the technical phase if approved by the registrar.
- Transfer credit will not be accepted for courses in the South University's PTA Technical Phase Curriculum.
 - *Note: This does not apply to South University PTA students (in good standing) transferring between campuses.*

Legal Studies (BS) and Paralegal Studies (AS) Degree Programs

- Students seeking to move between South University campuses are considered transfer students. This includes transfer between a campus-based and the partially online program offered through the Savannah campus. Only for Students at the Savannah campus will online classes not be considered transfer credits. Students wishing to transfer to the partially online program from a South University campus are required to transfer enrollment to the Savannah campus and through that campus to the partially online program.
- Those seeking admission as a transfer student into the Legal Studies (BS) or Paralegal Studies (AS) program may be required to provide additional documentation to aid in evaluation for admission and acceptance of transfer credit in accordance with guidelines for the program(s) from the American Bar Association. Legal specialty courses taken at another college or university and transferred into a South University campus will not count in the student's GPA calculation. Legal specialty courses taken at another South University campus or online will be designated for transfer credit and such grade(s) will count in the student's GPA calculation.
- Students may transfer up to 75 percent (Students at the Richmond and Virginia Beach campuses may only transfer in 70 percent) of the total work required for a degree in these programs but no more than 50 percent of the work to be applied toward the legal specialty course requirements for the degree. All courses to be applied toward the legal specialty course requirements must be evaluated (using the procedure found in the subsequent paragraph) by the Program Director and/or Chair and found to be essentially comparable to the course for which the student would receive credit in the South University program.
- For legal specialty transfer courses, including courses taken from other South University campuses, the student may be required to present the catalog description of the course from the source campus, college, or university. A syllabus or comparable document describing the course requirements, learning outcomes of the course, textbook and related materials used in the course, samples of work completed in the course, and grading criteria may also be required. These materials will be referred to the appropriate Program Director and/or Chair or qualified faculty member for a final decision after the Registrar has reviewed the courses to assure the work meets the general transfer admission standards.

Bachelor of Science in Nursing (BSN), RN to Bachelor of Science in Nursing (BSN), and RN to Master of Science in Nursing (MSN) Degree

- For BSN (pre-licensure) students only, science courses are not accepted for transfer credit if they are older than seven years from the student's original start date.
- No nursing courses may be accepted for transfer credit in the BSN
- Students entering the RN to BSN or RN to MSN in Nursing degree programs will receive 45 credit hours of block RN nursing courses based on holding a valid unencumbered RN license.

- Students in the RN-MSN program may transfer in up to 18 quarter credits or 4 courses of Master level Nursing classes.

General Education and Foundation Courses Transfer Credit RN to Bachelor of Science in Nursing (BSN) and RN to Master of Science in Nursing (MSN)

- Students applying to the RN to BSN degree program and the RN to MSN degree program, who have earned an associate's degree in nursing from an acceptable accredited institution, may receive up to 90 transfer of credits for the General Education and Foundation course requirements. For students to receive block transfer credit for General Education courses, they must meet the standards outlined in the General Education Transfer Credit policy.
- Students, who have completed their degrees at an institution outside of the United States, must provide an official evaluation of credit from a recognized credit evaluation agency (e.g., World Education Service). Transfer of credit will be reviewed and awarded on a course by course basis.
- Students who are awarded transfer of credit for BIO1011 Anatomy and Physiology I and BIO1012 Anatomy and Physiology I Lab will be exempted from AHS1001 Medical Terminology. Students will select another 4 credit hour course in consultation with their Academic Advisor or Academic Counselor to fulfill the degree requirements.

Bachelor of Science (BS) in Information Technology - Credit for Industry Standard Certifications

South University's Bachelor of Science in Information Technology accepts valid industry and professional certifications for college credit upon the review by the Program Director and Department Chair or Program Director and College/School Dean (or their designee). Credits earned through these certifications may be accepted as transfer credit. A student must submit a copy of the current and valid Certificate(s). In case the Certificate doesn't have requirements for continued renewal and has no expiration date, then the Date Certified must not be older than 7 years to validate their certification(s).

Generally, for all undergraduate Information Technology courses, transfer of credit is not accepted for courses that are older than seven years. The Department of Information Systems and Technology Program Director or Chair should be consulted.

Graduate Transfer of Credit

Transfer credit may be allowed in some graduate or post baccalaureate degree programs at the discretion of the College/School. Graduate transfer of credits is evaluated by the Assistant Program Director/Program Director and Department Chair or College/School Dean (or their designee) unless otherwise specified. Final determination in the cases of a dispute regarding transferability of a course will be made by the appropriate College/School Dean or their designee. The majority of credits toward any graduate or post baccalaureate degree program must be earned at South University. Please see the appropriate program section and Program Director for additional information on transfer of credit.

Credit for graduate/post baccalaureate transfer work will be considered if the potential course meets the following conditions:

- The course was taken at an acceptable accredited collegiate institution.

- The course carries a grade of "B" or better, unless otherwise specified by programmatic requirements.
- The course is directly equivalent to a course required by the South University program in which the student is enrolled.
- Courses taken at other institutions may be combined to satisfy one or more equivalent South University courses, but no course may be counted more than once in calculating transfer credit.
- Graduate Program Transfer of Credit Guidelines (specifications by program)

Doctor of Business Administration (DBA)

- The maximum number of classes a student may transfer is four (4) courses or 16 credit hours.

NOTE: Dissertation courses may not be transferred from another institution.

Doctor in Occupational Therapy (OTD)

Courses that may be transferred are subject to the following conditions:

- No more than 12 credit hours may be transferred from another institution to the OTD program and used to fulfill the completion/graduation requirements of the program.
- No course may be transferred if it was taken more than seven (7) years prior to the transfer request.

Doctor of Ministry (DMin)

- Forty (40) credits of the Doctor of Ministry degree program must be earned at South University. Students who have completed the M.Div. or its educational equivalent (108 quarter credits/72 semester credits in biblical, theological, and ministry studies) at an accepted accredited school may be eligible for the Advanced Track and receive 56 credits of transfer credit.
- Students who have completed graduate courses in Bible, theology, and/or ministry studies may transfer credit on a course-by-course basis. To be eligible, the course(s) must be equivalent to a course offered at South University and have a grade of B or better (a grade of B- is not acceptable).

Students should request a transfer evaluation to determine which courses qualify for transfer of credit or course substitutions. The following courses may not be replaced by transfer of credit or substitution:

- MIN7000 Learning Skills for Ministry
- MIN7500 Theology and Research in Ministry
- MIN8000 Dissertation I and MIN8010 Dissertation II OR MIN8001 Ministry Project I and MIN8011 Ministry Project II OR MIN8002 Supervisory Clinical Pastoral Education I and MIN8012 Supervisory Clinical Pastoral Education II

Course Substitutions

Students who have completed a previous degree in Bible and/or theology at the undergraduate level may be eligible to replace certain required courses with electives. Students should request a transcript evaluation to determine which courses qualify. Only courses with a grade of B- or better can be accepted. The following courses may be replaced with electives:

- MIN7010 Biblical Interpretation
- MIN7011 Old Testament Context and Theology
- MIN7012 New Testament Context and Theology

- MIN7020 Theology Survey
- MIN7040 World Religions

Clinical Pastoral Education (CPE)

Credit may be awarded in the Doctor of Ministry (D.Min.) program for work successfully completed at a CPE center accredited by the Association for Clinical Pastoral Education (ACPE). Four credit hours may be awarded for each unit of CPE completed. Students must provide documentation from the center indicating the dates of the program, and the hours and units or levels completed; the form must be signed by a certified CPE supervisor or his/her designee.

- If a student has completed 2 units (Level I), MIN7591 and MIN7691 can be awarded transfer of credit.
- If a student has completed 4-5 units, but can only document Level II, then MIN7592 and MIN7692 can be awarded transfer of credit.
- If a student has completed 4-5 units (Levels I and II) with documentation, then MIN7591, MIN7691, MIN7161 and MIN7563 can be awarded transfer of credit.

Doctor of Nursing Practice (DNP)

1. Students may transfer up to four (4) courses.
2. Doctoral/Graduate credit earned at another institution is evaluated at the written request of the student by the program for an assessment of currency, equivalence and acceptability for transfer.
3. Such request will include a course description and syllabus and must be received before the student matriculates into the program.
4. The courses must have been completed at an accredited college or university with an acceptable grade of B- or better.
5. The courses must be comparable in content to the South University course in all its requirements.
6. Due to the unique nature of the courses within the South University DNP program, transfer of credit is not accepted for the clinical courses (including field experiences and Capstone courses). Students with documented clinical hours from previous graduate education programs may subtract those documented hours from the 1,000 hours of practice for a maximum of 500 hours. A minimum of 500 hours must be completed within the DNP program of study.
7. Eligibility for course transfer credit is made by the Program Director/Chair. In cases of disputes regarding transferability of courses the final determination on the transferability of any particular course is made by the Dean of the College of Nursing and Public Health.

Transfer between Nurse Practitioner Specialization Programs

The student completes the Graduate Nursing Student Transfer Request form and submits to the Program Director of the specialty of origin at least 45 days prior to the desired transfer date. The Program Director confers with the student and confirms the student meets the program progression standards. The Program Director consults with the receiving specialization Program Director.

To be eligible to transfer nurse practitioner specialization:

- The student must be in good academic standing and meeting the program progression standards as outlined in the South University Academic Catalog.
- Students will only be permitted to make one (1) transfer between nurse practitioner specialty programs.
- Students may not substitute previous specialty didactic and clinical coursework for the new specialization.
- Students will be required to complete all didactic and clinical experiences in the new specialization program.

Master's Programs in the College of Business

- The maximum number of classes to transfer is four (4) courses or 16 credit hours.

NOTE: Capstone courses may not be transferred from another institution.

Master of Arts (MA) in Clinical Mental Health Counseling

- No more than 49% of the program may be transferred.
- No course may be transferred if it was taken more than seven (7) years prior to the transfer request.

Master of Medical Science (MMSc) in Anesthesia Science

- The Anesthesiologist Assistant program does not accept transfer of credits.

Master of Science in Physician Assistant (MSPA)

- The South University Physician Assistant Program does not accept transfer of credits from another physician assistant program or provide enrolled students with a waiver of credit for any component of the required curricular coursework.

Master of Public Health (MPH)

- A maximum of 12 credits hours may be transferred for any course in the program.
- The student may only transfer to another campus while they are enrolled in didactic courses. Campus based students may not enroll in a practicum course on another campus or online, and online students may not enroll in a campus-based practicum course without transfer to those campuses. Once the practicum course is begun, the student cannot transfer unless there are documented and approved mitigating circumstances. If a transfer is approved at the time of the practicum, it may delay progress while a new practicum site and preceptor is identified and approved.

Master of Science (MS) in Criminal Justice

- Students may transfer up to three (3) courses or 12 credit hours.

Master of Science in Nursing (MSN)

- The courses must have been completed within the five year period before the date of application.
 - Up to 4 courses (with a maximum of 18 quarter hours) may be accepted toward the nursing graduate curriculum.
 - A combination of core and specialization courses may be transferred up to the limits of 18 quarter credits.
 - The majority of specialization coursework must be completed at South University; thus, only two (2) specialization may be transferred.
 - Transfer credits are limited to the following courses in the graduate curriculum

- Core: NSG5000 Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice; NSG5002 Advanced Theoretical Perspectives for Nursing; NSG5003 Advanced Pathophysiology; NSG6101 Nursing Research Methods
- Specializations (limited to a maximum of 2 courses): NSG6005 Pharmacology; NSG6020 Advanced Health and Physical Assessment that had a clinical component that required a minimum of 50 clinical hours; NSG6003 Teaching and Learning Strategies in Nursing; NSG6102 Evaluation of Educational Outcomes in Nursing; NSG6103 Curriculum Design and Evaluation in Nursing Education.
- NSG6001, NSG6999 and practicum courses are not eligible for transfer credit.

Doctor of Pharmacy (Pharm.D.)

- The Doctor of Pharmacy program does not accept transfer of credits.

Notice Concerning Transferability of Credits Earned at South University

In the U.S. higher education system, transferability of credit is determined by the receiving institution taking into account such factors as course content, grades, accreditation and licensing. For this reason South University does not imply, promise, or guarantee that credits earned at South University will be accepted by another college or university. If the credits or degree, diploma, or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. Students considering transferring to another college or university are responsible for determining whether that school will accept South University credits. South University encourages students to initiate discussions with the potential transfer school as early as possible.

The Associate of Applied Science programs are considered by some educational institutions and state agencies to be "terminal" and/or "occupational" programs. Credits earned in terminal and/or occupational programs are generally not applicable to other degrees; however, the acceptance of transfer credit remains at the discretion of the receiving institution.

Credit Hour Definitions

Definition of a Credit Hour

South University operates on a quarter system, with each quarter having approximately 10 to 12 weeks. Course credit is awarded on the basis of the number of hours spent in lecture and/or lab situations. One quarter credit hour is equivalent to at least 10 hours of lecture/didactic or guided research, 20 hours of lab work, 30 hours of internship/externship or clinical practicum, or a combination of these equivalencies.

Course offerings are equivalent in course hours whether offered in a 4, 5.0, 5.5, 10 or 11 week format and regardless of modality.

**Some programs may require additional instruction engagement/contact hours above the thresholds established in this policy.*

Credit Hour and Outside Class Expectations

South University operates on a quarter system with each quarter having approximately 10 to 12 weeks.

Students can expect ten (10) hours of instructional engagement for every one quarter credit hour of a course. Instructional engagement activities include lectures, presentations, discussions, group-work, and other activities that would normally occur during class time. Instructional engagement activities may occur in a face-to-face meeting or in the e-classroom.

In addition to instructional engagement, students can expect to complete at least twenty (20) hours of outside work for every one quarter credit hour of a course. Outside work includes preparing for and completing readings and assignments. Such outside work also includes, but is not limited to, all research associated with completing assignments, work with others to complete a group project, participation in tutorials, labs, simulations, and other electronic activities that are not a part of the instructional engagement, as well as any activities related to preparation for instructional engagement.

Other academic work leading to the awarding of credit hours requires at least an equivalent amount of work as listed in the paragraph above and shall be applied to other academic activities as established by the institution, including laboratory work, internships, practica, guided research, and studio work. For example, one quarter credit hour is also equivalent to at least 20 hours of lab work, 30 hours of internship/externship, clinical practicum, or a combination of the equivalencies.

**Some programs may require additional instruction engagement/contact hours above the thresholds established in this policy.*

South University offers three modalities of instruction as defined below:

Fully-Online: instructional engagement is achieved via technology through a learning management system and other technology tools.

Campus/On-site Courses: All instructional engagement is delivered face-to-face.

Blended (Hybrid): Instructional engagement is delivered via a combination of online activities (e-classroom) and face to face interaction with online activities replacing no more than 50% of the face-to-face instructional engagement activity. (In accelerated programs, online activities may constitute a higher percentage.) Blended courses must be approved through a specific application process and are initiated by campus based faculty or academic administration. Online course content in blended classes, including assignments, is determined by the College/School, and is consistent in all blended course shells. Instructors may add additional content to the classroom shell, not to exceed 20% of the total.

Academic Colleges/ Schools are responsible for ensuring that credit hours are awarded only for work that meets the requirements outlined in this policy

Credit Hour Conversions

Semester credit hours are converted to quarter credit hours by multiplying the number of semester credits by 3 and then dividing the result by 2. For example, a 3 semester credit hour course equals a 4.5 quarter credit hour course (3 semester hours multiplied by 3, with the result divided by 2) while a 2 semester credit hour course equals a 3 quarter credit hour course (2 semester hours multiplied by 3, with the result divided by 2). Credits will be rounded up or down as appropriate (i.e., 2.0 to 2.49 will be rounded down to 2 credit hours, 2.50 to 2.99 will be rounded up to 3 credit hours).

Grade Level Classification

Campus-based Programs

Students are classified according to the number of credit hours earned toward completion of the program. Students with fewer than 36 credits are considered freshmen; with as many as 37 but fewer than 90, a sophomore; with as many as 91 but fewer than 126, a junior; and with 127 or more, a senior, as illustrated in the following table:

Freshman: 0-36 hrs.

Sophomore: 37-90 hrs.

Junior: 91-126 hrs.

Senior: 127+ hrs.

Online Programs

Undergraduate students are classified according to the number of credit hours earned toward completion of the program. Students with fewer than 36 credits are considered freshmen; with as many as 36 but fewer than 72, a sophomore; with as many as 73 but fewer than 108, a junior; and with 109 or more, a senior, as illustrated in the following table:

Freshman: 0-36 credits

Sophomore: 37-72 credits

Junior: 73-108 credits

Senior: 109+ credits

Grading Policies

Grading System

Grading System				Included in SAP Calculation		
Grade	Quality Points	Range	Interpretation	CGPA	ICR	MTF
A	4	90-100	Excellent	Y	Y	Y
B	3	80-89	Above Average	Y	Y	Y
C	2	70-79	Average	Y	Y	Y
D	1	60-69	Minimum Passing	Y	Y	Y
F	0	0-59	Failure	Y	Y	Y
W	0	0	Withdraw	-	Y	Y
WF	0	0	Withdraw/Failure	Y	Y	Y

NCF	0	0	Non-Completion Failure	Y	Y	Y
LP*	-	-	Limited Progress	-	Y	Y
WV	-	-	Waiver	-	-	-
EX	-	-	Course Exempted	-	Y	Y
PR	-	-	Proficiency Credit Earned	-	Y	Y
TR	-	-	Transfer Credit	-	Y	Y
P	-	-	Pass	-	Y	Y
AU	-	-	Non-Credit Audit	-	-	-
I	-	-	Incomplete	-	-	-
^	-	-	Developmental Course Grade	-	Y	Y

Refer to the catalog section on "SAP Definitions" for additional information on calculation of Cumulative Grade Point Average (CGPA), Incremental Completion Rate (ICR) or Maximum Allowable Timeframe (MTF).

*Note: The grade of LP may be awarded in Pass/Fail courses. Students who complete the remaining assignments in the extension course receive a letter grade or grade of P and the grade for the original dissertation course is changed to a letter grade or to P. Students who complete at least half of the remaining assignments may be awarded the grade of LP and then register for a subsequent extension course. Students who do not make adequate progress receive a grade of F and the grade for the original dissertation course is changed to a grade of F.

Grade Rounding

The grade rounding policy will be followed unless otherwise stated in the course syllabus. Procedure for rounding:

- Only final course grades which are determined by percentages involving decimals should be rounded up to the next whole number when equal to .5 or greater. For example, an 89.51 would be rounded to an A, while an 89.48 would remain a B.

Calculation of Grade Point Average

The cumulative grade point average (CGPA) is determined by dividing the total number of quality points, calculated by multiplying the numeric equivalents of course grades (e.g., A=4.0) by the number of credit hours assigned to each course (e.g., 4 credit hours x 4.0), by the total number of credit hours attempted.

School of Pharmacy Grading and Credit Hours

To *satisfactorily* complete a course, a student must earn a grade of 2.00 (C) or better for the course. The course grade may be based upon components such as quizzes, examinations, participation and assignments as outlined in each course syllabus. The format of course examinations may vary at the discretion of the instructor(s). Common exam formats used include multiple choice, matching, short answer, essay and demonstrations of clinical competencies. Specific instructions regarding missed assignments or examinations are outlined in each course syllabus, but approval of the course coordinator(s) is a common requirement for making up a missed test or examination. Specific information regarding the calculation of course grades can be found in the syllabus of each course. Students are encouraged to read course syllabi carefully and to contact the course coordinator(s) if any questions arise.

Course instructors will make every effort to post graded examinations and assignments promptly. Students may be allowed to review and/or required remediate examinations and assignments after they have been graded. At that time, faculty members are expected to maintain reasonable availability to address student questions regarding the test.

The School of Pharmacy employs the following grading scale:

Percentage Grade	GPA
90 and above	4.00
89	3.90
88	3.80
87	3.70
86	3.60
85	3.50
84	3.40
83	3.30
82	3.20
81	3.10
80	3.00
79	2.90
78	2.80
77	2.70
76	2.60
75	2.50
74	2.40
73	2.30
72	2.20
71	2.10
70	2.00
69	1.80
68	1.60
67	1.40
66	1.20
65	1.00
64 & below	0.00
F (Failure)	0.00
WF (Withdrawal/Failure)	0.00
NCF (Non-Completion Failure)	0.00
LP (Limited Progress)	0.00

Courses are rated at one credit hour for 10 hours of lecture, 15-20 hours of recitation/small group discussion, or 30 hours of laboratory/and or practice session. A total of 2.0 credit hours will be assigned for each week of Intermediate Pharmacy Practice Experience/Rotation (IPPE) and 1.6 credit hours will be assigned for each week of advanced practice experiences/rotations (APPE). A cumulative grade point average will be calculated and posted on the student's transcript at the end of each academic quarter. Class ranking information is available upon request from the Office of the Registrar.

The following symbols are used on grade reports, but are not used in the determination of a student's grade point average:

EX Course exempted
 PR Course credit earned through credit by examination
 TR Course credit through transfer
 P Pass
 AU Audit
 W Withdrawal, no grade penalty

WVWaiver for a course, does not affect ICR/MTF/CGPA, does not count as an attempt for programmatic progressions

I Incomplete

^ Caret Symbol, which denotes a developmental course grade

Grades or symbols of "D," "F," "W," "WP," "WF," "NCF" and "LP" can negatively affect one or more of the following and should be considered punitive in terms of a student's Satisfactory Academic Progress (SAP): Cumulative Grade Point Average (CGPA), Incremental Completion Rate (ICR) or Maximum Allowable Timeframe (MTF). A grade of "C" may also be punitive in certain graduate and professional program courses requiring a grade of "B" or higher. Refer to the catalog section on "Explanations of Related Issues" for additional information on calculation of CGPA, ICR, and MTF.

Repeating Courses

Students may repeat coursework to meet academic requirements. A student enrolled in developmental coursework (ENG0099 and MAT0099) must be able to successfully complete the course within their first three attempts or the student will be academically dismissed. The last grade received replaces any previous course grades in the calculation of the cumulative grade point average for graduation unless the last grade is one of the following: W, WV, or AU. When one of these is the last grade, the previous grade continues to be used in the GPA calculation. However, the cumulative grade point average for the calculation of honors at graduation will include all grades earned at South University. Students who are veterans can only receive veteran benefits when repeating courses for which failing grades were earned.

Late Work Policies

Campus-based courses in the College of Arts and Sciences and the College of Business

Due dates are essential in our learning environment, just as they are in the work environment. Our assignments have due dates to ensure that students can successfully complete the class in an accelerated timeframe while also benefiting from instructor and peer input before completing each new assignment. To avoid point deductions for late submissions, assignments should be submitted on or before the due date. A student should contact their faculty member before the assignment due date to discuss options, when circumstances beyond the student's control prevent assignment completion by the deadline.

Where a class participation grade is offered:

Students can only earn participation points during the current class session. A student attending class is not guaranteed participation points. Participation points are gained from interaction in class.

Assignment Expectations

Assignment submissions are accepted through 11:59 p.m. Mountain Time on the date indicated as due, unless your instructor specifies otherwise. No assignments will be accepted after the due date (without point deductions) unless there is an extenuating, and documented circumstance and/or an Incomplete grade is granted by the faculty member. If a student does not make prior arrangements with the faculty member and fails to turn assignments in on time, the following deductions may be applied:

Calendar Days Late	Point Deduction
Up to 5 days*	5%

Up to 10 days*,**	10%
11+ days*,**	Assignment not accepted

All days are counted including weekends and holidays. All policies must be applied evenly for the class. Time period does not extend beyond the end of the term.

* Applicable to 5 week courses offered from a campus.

** Applicable to 10-11 week courses offered from a campus.

Makeup weeks:

In weeks, 7 – 9 instructors may participate in makeup weeks and allow students the opportunity to make up certain assignments for a maximum of 70% of the grade. Makeup weeks are not guaranteed to be offered. To take advantage of makeup work during weeks 7-9, a student is required to resubmit the assignment(s) as outlined by the instructor and attend any two sessions of instructional facilitator or peer tutor assistance prior to submitting late coursework. Students are encouraged to attend a session related to the assignment, such as attending the English Lab if an essay is due.

Online courses in all Colleges

Due dates are essential in our learning environment, just as they are in the work environment. Our assignments have due dates to ensure that students can successfully complete the class in an accelerated timeframe while also benefiting from instructor and peer input before completing each new assignment. To avoid point deductions for late submissions, assignments should be submitted on or before the due date. A student should contact their faculty member before the assignment due date to discuss options when circumstances beyond the student's control prevent assignment completion by the deadline.

Participation Expectations

Students can only earn discussion participation points during the current week. For example, students must actively participate by posting peer responses during Week 2 in order to earn participation points for Week 2. Students will not receive participation points for Week 2 if they respond to classmates in the discussion threads after the week ends.

Assignment Expectations

Assignment submissions are accepted through 11:59 p.m. Mountain Time on the last day of the course. No assignments will be accepted after this deadline unless there is an extenuating circumstance and/or an Incomplete grade is granted by the faculty member. If a student does not make prior arrangements with the faculty member and fails to turn assignments in on time, the following deductions may be applied:

Calendar Days Late	Point Deduction
1 day	Up to 5%
2 days	Up to 10%
3 days	Up to 15%
4 days or more	Up to 20%

All days are counted including weekends and holidays. All policies must be applied evenly for the class. Time period does not extend beyond the end of the term.

Grade Reporting and Challenges

Grade Reporting

Grade reports are made available to students at the end of each class. Students in online programs may request a grade report four days after the completion of each course from the Student Support center at studentsupport@southuniversity.edu.

Grade Challenges for All Programs Except Nursing Programs the School of Pharmacy, and the Physician Assistant Program

Any student wishing to challenge a final course grade must first discuss the grade with the faculty member of the course in question within 14 consecutive calendar days of the end of final's week for campus-based courses and within 14 consecutive calendar days of the end of the online session in writing. Challenges after that time will not be permitted, and the grade recorded on the official grade sheets will prevail.

If the grade challenge is denied in whole or in part by the faculty member and the student is not satisfied with the explanation for the denial, it may be appealed to the Department Chair or campus Program Director and thereafter, in succession, to the Dean of Academic Affairs and Operations, and then to the Dean of the College offering the course. The decision of the Dean of the College is considered final. Appeals of a decision rendered at any level must be received in writing by the person to whom the appeal is made within seven calendar days of the issuance of the decision at the previous level.

Grade Challenges for Nursing Programs

Any student wishing to challenge a final course grade must first discuss the grade with the faculty member of the course in question within 14 consecutive calendar days of the end of final's week for campus-based courses and within 14 consecutive calendar days of the end of the online session in writing. Challenges after that time will not be permitted, and the grade recorded on the official grade sheets will prevail. The faculty member will communicate receipt of an appeal to the Program Director.

If the grade challenge is denied in whole or in part by the faculty member and the student is not satisfied with the explanation for the denial, it may be appealed to the Program Director. The Program Director will communicate receipt of an appeal to the Assistant Dean of the College and to the Campus Dean/Director of Academic Affairs and Operations where the student is enrolled.

If not satisfied with the decision of the Program Director, the student may appeal to the Nursing Chair. Upon receipt of the appeal, the Chair will notify the Campus Dean/Director of Academic Affairs and Operations where the student is enrolled. If not satisfied with the Chair's decision, the student can appeal to the College Dean.

Upon receipt of the appeal, the College Dean will notify the Campus Dean/Director of Academic Affairs and Operations where the student is enrolled. The decision of the College Dean is final.

Appeals of a decision rendered at any level must be received in writing by the person to whom the appeal is made within seven calendar days of the issuance of the decision at the previous level.

Grade Challenges for School of Pharmacy

School of Pharmacy Academic Appeals Policy (Final Grade in a Course)

A student has the right to file a formal appeal if there is a disagreement with the final grade, which has been awarded in a course that is based on an appropriate concern. The procedure for bringing an academic appeal is as follows:

1. A formal appeal must be initiated within seven calendar days following the date final grades are posted for the term. To initiate an appeal, the student must present the appeal in writing utilizing the appropriate School of Pharmacy Notification of Appeal Form to the faculty member in charge of the course. Appeals submitted for consideration should have clearly stated grounds for such an appeal with objective support for consideration.
2. Once the appeal is received by the course faculty member, it is his/her responsibility to forward the notification of the appeal to the appropriate Assistant Dean for Operations, the Registrar, and the Dean to inform them that a grade appeal has been filed. After reviewing the student's appeal, the faculty member will render a decision in writing no later than five calendar days after receiving the appeal.
3. If the faculty member does not resolve the appeal, the student may forward the notification of appeal to the appropriate Assistant Dean for Operations within two calendar days. After reviewing the student's appeal, the Assistant Dean for Operations will render a decision in writing no later than five calendar days after receiving the appeal.
4. If the Assistant Dean for Operations does not resolve the appeal, the student may present the notification of appeal to the Office of the Dean within two calendar days. After reviewing the student's appeal, the Dean or his designee will render a decision in writing no later than five calendar days after receiving the appeal. The decision of the Dean of the School will be final.

Grade Challenges for the Physician Assistant Program

Any student wishing to challenge a final course grade must first discuss the grade with the course director of the course in question. If a formal challenge is to be initiated, it must be submitted in writing to the course director within one business day of the publication of the final grade. Challenges after that time will not be permitted and the grade recorded on the official grade sheets will prevail. The student will be notified of a decision within 5 business days (by 5 PM) in writing.

If the grade challenge is denied by the course director, it may be appealed in writing to the Department Chair or campus Program Director. Thereafter, appeals proceed to the Dean of Academic Affairs and Operations and then to the Dean of the College of Health Professions. The decision of the Dean of the College is considered final. Appeals of a decision rendered at any level must be received in writing by the person to whom the appeal is made within 5 business days (by 5 PM) of the issuance of the decision at the previous level.

Incomplete Policy

Incompletes are given at the discretion of the faculty member to any student who does not complete the course requirements. To receive an incomplete, the student must complete at least one-half of the course requirements; then, it is the student's responsibility to complete the remainder of the required coursework.

Incomplete grades must be cleared within 14 consecutive calendar days of the end of session (unless special approval is received from the Vice Chancellor for Academic Affairs, Campus Dean of Academic Affairs and Operations, or College/School Dean) or the incomplete will be changed to the grade earned. The final grade for the course will be designated on the transcript by the appropriate letter grade.

Note: Students in online courses cannot earn participation points on discussion assignments completed during the incomplete period.

University Examinations/Culture of Assessment

South University seeks to provide an optimal learning experience for each of its students. To provide evidence of learning achievement in the classroom, students are required to participate in university-level assessment activities (e.g., Standardized Assessment of Information Literacy Skills, course embedded assessment and portfolios) on an ongoing basis throughout their academic studies. Current university level assessment activities are focused on general education learning outcomes (skills in the areas of mathematics, communications, critical thinking, etc.) in the undergraduate programs, in addition to the learning assessment, which takes place in each academic program. The final formal examinations of general education skills occur before graduation, usually after students enter their final two quarters of their program. Students' scores will not be factored into their GPA or entered on their transcript. Completion of these exams is an official University requirement for graduation.

Honors at South University

South University is proud to honor those students who demonstrate outstanding academic achievement in their programs of study. Honors are evaluated during a student's academic program (for undergraduate students only) and after successful completion of his/her academic program. Only courses taken at South University will be considered in evaluating and computing honors.

a) Honors during a Student's Academic Program

South University honors undergraduate students for their periodic outstanding academic achievement through the President's List and the Dean's List. To be eligible for the President's List, a student must achieve a grade point average of 4.00 for the courses completed during the evaluation period. To be eligible for the Dean's List, a student must achieve a grade point average greater than or equal to 3.50 and less than 4.00 for the courses completed during the evaluation period.

For undergraduate students, the President's and Dean's Lists are published quarterly. To be eligible for the President's List, a student must complete a minimum of 12 credit hours (non-developmental courses) during the quarter and earn the appropriate grade point average specified above. To be eligible for the Dean's List, a student must complete a minimum of 12 credit hours (non-developmental courses) during the quarter and earn the appropriate grade point average specified above.

After attempting the total number of credit hours specified, the grade point average for a student's most recently attempted 18 credit hours are evaluated for the grade point average levels as specified for the President's or Dean's List. A student is only evaluated once for periodic outstanding academic achievement at each evaluation point.

b) Honors at Graduation

South University honors students for their outstanding academic achievement upon successful completion of all graduation requirements. All non-developmental courses taken at South University will count in the calculation of the cumulative grade point average for honors at graduation. The calculation will include original and repeated course grades.

For students in undergraduate programs, honors at graduation include:

- **Summa Cum Laude:** Undergraduate degree students graduating with a grade point average greater than or equal to 3.90 through 4.00 will be graduated Summa cum Laude.
- **Magna Cum Laude:** Undergraduate degree students graduating with a grade point average greater than or equal to 3.70 but less than 3.90 will be graduated Magna cum Laude.

- **Cum Laude:** Undergraduate degree students graduating with a cumulative grade point average greater than or equal to 3.50 but less than 3.70 will be graduated Cum Laude.

For students in graduate programs, honors at graduation include:

- **Honors:** Graduate degree students graduating with a cumulative grade point average of 3.75 through 3.89 will be graduated with Honors.
- **High Honors:** Graduate degree students graduating with a cumulative grade point average of 3.90 through 4.00 will graduate with High Honors.

Note: Only work taken at South University will be considered in computing honors.

Honors at Graduation

All work taken at South University will count in the calculation of the cumulative grade point average for honors at graduation. The calculation will include original and repeated course grades.

Undergraduate Honors

Cum Laude: Undergraduate degree program students graduating with a cumulative grade point average of 3.50 through 3.69 will be graduated cum laude.

Magna cum Laude: Undergraduate degree program students graduating with a grade point average of 3.70 through 3.89 will be graduated magna cum laude.

Summa cum Laude: Undergraduate degree program students graduating with a grade point average of 3.90 through 4.00 will be graduated summa cum laude.

Graduate Recognition

For students in graduate programs, the evaluation period for honors includes all courses attempted and completed at the graduate level while at South University. For students in graduate programs, honors at graduation include:

Honors: Graduate degree program students graduating with a grade point average of 3.75 through 3.89 will be graduated with Honors.

High Honors: Graduate degree students graduating with a grade point average of 3.90 through 4.00 will graduate with High Honors

Graduation

Commencement Attendance

Students preparing for graduation are welcomed and encouraged to participate in their local campus ceremonies. Students in online programs are encouraged to participate in the Savannah, Georgia ceremony held each year in June. Students who choose to participate in the graduation ceremony must do so within twelve (12) months from the date of their degree completion.

Graduation Date Policy

Graduation dates and degree conferred will reflect the last day of the term in which the student completes the degree requirements.

Students who satisfy incompletes or other degree requirements after 14 calendar days from the end of the term or session will have their graduation and degree conferred dates reflect the day the academic requirements are completed.

Application for Graduation

It is the responsibility of each potential graduate to complete an application for graduation. The application should be submitted during the registration period two quarters before the anticipated graduation date. Fully online students should request and submit the graduation application to their Academic Advisor.

Graduation Requirements

Associate's and Bachelor's Degrees Program Graduation Requirements

To receive an associate's or bachelor's degree or certificate, (except for Nursing, Medical Assisting, Occupational Therapy Assistant, and Physical Therapist Assistant) a student must satisfy these four requirements:

1. Successfully complete the program requirements described in the Catalog.
2. The student must receive a cumulative grade point average of 2.00 or higher in all courses in the student's major (i.e., those described in Area III of the program curriculum outlined in the University's Academic Catalog).
3. The student must have a cumulative grade point average of 2.0 or higher for all coursework taken at the University. The student must abide by all University rules and regulations and settle any financial obligations to the University before graduation. Students in the baccalaureate degree nursing program must be able to meet the physical and mental demands per the statutory requirements of the State of Florida.
4. The student must abide by all University rules and regulations and settle any financial obligations to the University before graduation.

Associate of Science in Medical Assisting Graduation Requirements

In order to graduate from the Associate of Science in Medical Assisting program, a student must:

1. The student normally must complete the course requirements described in the catalog in effect when the student enrolled. However, academic programs are subject to change at the discretion of the institution. Students who leave the university longer than one calendar year will be required to meet catalog requirements in effect at the time of their return;
2. The student must receive a C or better in all major courses;
3. The student must complete 40 percent of all required courses at South University. At least 50 percent of the major curriculum coursework must be completed at South University; the student must abide by all University rules and regulations and settle any financial obligations to the university.

Associate of Science or Associate of Applied Science in Occupational Therapy Assistant Graduation Requirements

South University and the OTA Program reserve the right to make changes to any and all systems, policies and procedures related to the OTA Program at any time. This includes changes to admissions, financial aid, and the curriculum and graduation requirements. Please consult the most current South University Academic Catalog or most current addendum for updated information.

In order to graduate from the Associate of Science in Occupational Therapy Assistant program or the Associate of Applied Science in Occupational Therapy Assistant, a student must:

1. Complete the course requirements described in the catalog in effect when the student enrolled. However, academic programs are subject to change at the discretion of the institution. Students who leave the University longer than one calendar year will be required to meet catalog requirements in effect at the time of their return. Students may request department chair/coordinator approval for a course substitution or waiver. The OTA Program Director in consultation with the Dean of Academic Affairs and Operations and College Dean must approve deviation from any program requirements. Students must complete Level II Fieldwork within 24 months following completion of the didactic portion of the program.
2. Achieve a cumulative grade point average of 2.50 or higher in all courses in the student's major in the Professional OTA Curriculum.
3. Achieve a cumulative grade point average of 2.50 or higher for all coursework taken at the University.
4. Abide by all University rules and regulations before graduation.

Students are expected to complete all graduation and fieldwork requirements in a timely manner. Students are required to complete the didactic portion of the professional curriculum within 150% of the published length. Level II Fieldwork A, Fieldwork Seminar A, Level II Fieldwork B, and Fieldwork Seminar B must be completed within 24 months of the first day of the cohort's originally scheduled Level II Fieldwork A placement.

Associate of Science and Associate of Applied Science in Physical Therapist Assistant Graduation Requirements

In order to graduate from the Associate of Science or the Associate of Applied Science in Physical Therapist Assistant program, a student must:

1. Successfully complete the course requirements described in the Catalog. Students who leave the University longer than one calendar year will be required to meet catalog requirements in effect at the time of their return.
2. Complete all coursework in the technical phase of the program with a cumulative grade point average (CGPA) of at least 2.50 and a minimum grade of C (or passing grade) in all courses.
3. Abide by all University rules and regulations and settle any financial obligations to the University before graduation.

Bachelor of Science in Nursing (BSN) programs Graduation Requirements

To graduate from the Undergraduate nursing programs (BSN) a student must satisfy the following requirements:

1. Successfully complete the program requirements described in the Catalog in effect when the student enrolled. Students withdrawn from the university one year or longer will be required to meet the program requirements in effect at the time of their return.
2. Have passing grades in all nursing lab and practice courses.
3. Have grades of "C" or higher in all nursing courses.

4. Have a cumulative grade point average (CGPA) of 2.75 or higher and a CGPA of 2.75 or higher in nursing courses.
5. Complete comprehensive achievement examinations and NCLEX review courses.

Bachelor of Science in Nursing (RN to BSN) programs Graduation Requirements

To graduate from the Nursing (RN to BSN) Program a student must satisfy the following requirements:

1. Successfully complete the program requirements described in the Catalog in effect when the student enrolled. Students withdrawn from the university one year or longer will be required to meet the program requirements in effect at the time of their return.
2. Have passing grades in all nursing lab and practice courses.
3. Have grades of "C" or higher in all nursing courses.
4. Have a cumulative grade point average (CGPA) of 2.5 or higher.

Master of Science in Criminal Justice Graduation Requirements

In order to graduate from the Master of Science in Criminal Justice program, a student must:

1. Successfully complete the program requirements described in the Catalog in effect when the student enrolled in South University.
2. Complete all course work in the degree program with a cumulative grade point average (CGPA) of at least 3.0 and no course grade below a C.

Doctor of Business Administration Graduation Requirements

To receive the Doctor of Business Administration degree, a student must satisfy the following requirements:

1. Successfully complete the course requirements described in the catalog in effect when the student enrolled in the program. A student who leaves South University longer than three quarters will be required to meet catalog requirements in effect at the time of his/her return.
2. Possess a cumulative grade point average of 3.0 or higher, with no grade below a B.
3. Successfully complete the requirements (with a Pass or High Pass) of the DBA Comprehensive Examination.
4. Successfully complete the requirements of the DBA Doctoral Dissertation.
5. Students enrolled in the online program must successfully complete the requirements of the DBA Virtual Residencies.

College of Business Graduation Requirements for Masters Programs Policy

In order to graduate from the Master of Science in Accounting, the Master of Business Administration, the Accelerated Master of Business Administration, the Master of Business Administration in Healthcare Administration, the Accelerated Master of Business Administration in Healthcare Administration, the Master of Healthcare Administration, the Master of Science in Human Resources Management, the Master of Science in Information Systems, the Master of Science in Leadership, or the Master of Public Administration, a student must satisfy these requirements:

1. Successfully complete the program requirements described in the Catalog.
2. Complete all course work in the program with a cumulative grade point average (CPGA) of at least 3.0
3. Complete all course work in the program with no grade below a C.

Graduation Requirements for the Bachelor of Science to the Master of Science in Accounting (BS to MS in Accounting) Program

In order to graduate from the BS to MS in Accounting Program, a student must satisfy these requirements:

1. Successfully complete the program requirements described in the Catalog.
2. Complete all graduate course work in the program with a cumulative grade point average (CPGA) of at least 3.0
3. Complete all graduate course work in the program with no grade below a C.

Doctor of Occupational Therapy Graduation Requirements

To receive a Doctor of Occupational Therapy degree, a student must:

1. Currently not be on clinical or professional probation.
2. Complete the mandated credit hours (graduate credits) specifically approved by the program, within six (6) years. Beyond this time-frame, coursework will need to be repeated so as to keep up with new practice and professional information.
3. Complete the Doctor of Occupational Therapy program degree requirements with a minimum overall GPA of 3.0.
4. Satisfactorily meet all financial and library obligations of the university.

Master of Arts in Clinical Mental Health Counseling Graduation Requirements

In order to graduate from the Master of Arts in Clinical Mental Health Counseling program, a student must:

1. Evidence a cumulative GPA of 3.0 or greater for all academic work required for the degree.
2. Successfully pass the Comprehensive Examination process.
3. Successfully remediate or repeat all courses in which a grade lower than a "C" was earned.
4. Successfully meet all conditions of a remediation plan(s) as provided by the Progress Promotions Policy during periods of probation or suspension.

*Please refer to the Graduate Student Handbook for the Clinical Mental Health Counseling program for additional information regarding the Progress Promotions Policy.

Master in Medical Science in Anesthesia Science Graduation Requirements

1. The student must complete the course requirements described in the catalog in effect when the student was enrolled.
2. The student must successfully meet the standards for Academic, Clinical and Professional Performance.
3. Students must maintain an overall CGPA of 2.5 at the time of graduation.
4. Student must be in good standing at the time of graduation; - i.e. not be on any type of warning or probationary status at the conclusion of their final quarter of enrollment.

Master of Science in Physician Assistant Degree Program Graduation Requirements

To receive a Master of Science in Physician Assistant degree a student must satisfy the following requirements:

1. The student normally must complete the course requirements described in the catalog in effect when the student enrolled. Students who leave South University longer than 3 quarters will be required to meet catalog requirements in effect at the time of their return.
2. The student must receive a minimum grade of "C" or better in all courses.
3. The student must have a cumulative GPA of 3.0 or higher for all coursework taken while in the South University Physician Assistant program.
4. The student must successfully complete the summative evaluation before graduation.

The typical pace of the Physician Assistant program curriculum is 27 months. Students must complete all graduation requirements for the Master of Science of Physician Assistant Degree within 45 months of their initial matriculation into the South University PA program.

Doctor of Nursing Practice, Post Graduate Certificates, Master of Science in Nursing and the RN to Master of Science in Nursing Graduation Requirements

To graduate from the South University College of Nursing graduate program a student must satisfy the following requirements:

1. The student must successfully complete the program requirements described in the Catalog in effect when the student enrolled. Students withdrawn from the University one year or longer will be required to meet the program requirements in effect at the time of their return.
2. The student must successfully complete the required number of clinical practice hours and receive a satisfactory clinical performance evaluation.
3. A letter grade of "B" or higher in all courses through the entire program of study (inclusive of undergraduate and graduate nursing courses).
4. A CGPA of 3.0 on a 4.0 scale.

Master of Public Health Graduation Requirements

To receive the Master of Public Health degree, a student must satisfy the following requirements:

1. Successfully complete the program requirements described in the Catalog.
2. Possess a cumulative grade point average (CGPA) of 3.0 or higher, with no grade below a B.
3. Successfully complete the required number of public health practicum hours and receive a satisfactory performance evaluation.

Doctor of Ministry Graduation Requirements

To receive the Doctor of Ministry degree, a student must satisfy the following requirements:

1. Successfully complete the course requirements described in the catalog. A student who leaves South University longer than three quarters will be required to meet catalog requirements in effect at the time of his/her return.
2. Possess a cumulative grade point average of 3.0 or higher and complete all coursework in the program with no grade below a C.
3. Abide by all University rules and regulations and settle any financial obligations to the University before graduation.

School of Pharmacy Graduation Requirements

Students who have satisfactorily completed all academic requirements and who have been recommended by the School of Pharmacy faculty (as indicated by the successful completion of the School of Pharmacy curriculum) may be awarded the Doctor of Pharmacy degree, provided that they are of good moral character and have met the following standards. They must:

1. Have successfully remediated all course scores of 0.00 (F).
2. Have completed the Doctor of Pharmacy curriculum with no less than a 2.00 cumulative grade point average.
3. Have satisfactorily completed four academic years of residence in a school of pharmacy that is either fully ACPE accredited or has ACPE pre-candidate or candidate status, the final two academic years of which must be completed at South University School of Pharmacy.
4. Have completed all Interprofessional Education and Community Service requirements.
5. Have completed all legal and financial requirements of the School of Pharmacy.
6. Have exhibited the ethical, professional, behavioral, and personal characteristics necessary for the practice of pharmacy.
7. Have completed an exit interview with the Office of Financial Aid if the student is a recipient of any form of financial aid.

Posthumous Degrees

South University will award a posthumous degree if a student, at the time of his/her death, had not completed degree requirements but was actively enrolled at the University, was in good academic standing, and had completed approximately two-thirds of the requirements for the program. Next of kin of the deceased student may request, in writing, consideration for a posthumous degree to the College/School Dean. If the degree is awarded, and the next of kin desires, the deceased student's name can be read at the next commencement ceremony. In such cases a diploma will be provided free of charge.

Policies for Second Degrees

Requirements for a Second Undergraduate Degree

Students are not permitted to be concurrently enrolled in more than one degree program at a time. After completing a baccalaureate or associates degree at South University a student may enroll in a second degree program.

Students enrolling in a second baccalaureate degree must earn a minimum of 64 credit hours beyond those required for the first degree, with a minimum of 244 credit hours total earned for both baccalaureate degrees. The student must also fulfill all degree requirements including all general education and program requirements.

Students enrolling in a second associate's degree must earn a minimum of 24 credit hours beyond those required for the first degree, with a minimum of 116 credit hours total earned for both associate's degrees. The student must also fulfill all degree requirements including all general education and program requirements.

Students enrolled in a second baccalaureate or associate's degree program are subject to the satisfactory academic progress, graduation requirements, and all other academic policies of that program.

Once the requirements for the second degree are completed, the official transcript will show both degree's completion date and a diploma will be issued for the second degree

Requirements for a Second Graduate Degree

Students are not permitted to be concurrently enrolled in more than one degree program at a time. After completing a graduate degree at South University a student may enroll in a second graduate degree program.

Students enrolling in a second graduate degree must complete all requirements of the second degree program. No more than 12 credit hours of previously earned coursework at South University may be applied towards a second graduate degree.

Students enrolled in a second graduate degree program are subject to the satisfactory academic progress, graduation requirements, and all other academic policies of that program.

Once the requirements for the second degree are completed, the official transcript will show both degree's completion date and a diploma will be issued for the second degree.

Satisfactory Academic Progress Policy

Summary

A student must demonstrate Satisfactory Academic/Financial Aid Progress by successfully completing courses attempted. Completing courses with "C" or better grades indicates academic progress. Poor performance such as receiving "D" or lower, withdrawing from a course, and/or being dismissed from a course may put students at risk. Poor performance may lead to an academic/financial aid warning and/or academic dismissal from the University. It is very important that students attend all registered courses and complete them successfully.

The following criteria are used to determine whether a student is making academic/financial aid progress. A student must be able to:

- Maintain a minimum acceptable cumulative grade point average (CGPA);
- Achieve the minimum incremental completion rate (ICR); and
- Complete the program within a maximum allowable timeframe (MTF).

Administrative actions will be taken when a student fails to meet the minimum standards of any of the above criteria. If the action results in academic dismissal from the University, a student may appeal the dismissal. If the appeal is denied, the student will be academically dismissed from the University.

Periods of attendance when a student does not receive financial aid are included in determining academic/financial aid progress. Periods of nonattendance are not included in determining Satisfactory Academic/Financial Aid Progress. While the terms Academic Warning/Financial Aid Warning and Academic Probation/Financial Aid Probation are used, the status applies to all students whether receiving financial aid or not.

Regardless of a student's status in relation to academic/financial aid progress, the student must meet the graduation requirements for his/her specific program in order to graduate from the University.

The Satisfactory Academic Progress Policy contains the following sections:

1. Minimum Standards for Undergraduate Satisfactory Academic/Financial Aid Progress and
2. Consequences for Failing to Meet Minimum Standards
3. Minimum Standards for Graduate Satisfactory Academic/Financial Aid Progress and Consequences for Failing to Meet Minimum Standards
4. Procedures for Appealing Academic/Financial Aid Dismissal
5. Procedures for Readmission after Academic/Financial Aid Dismissal

6. SAP Definitions

The University has the right to modify the Satisfactory Academic/Financial Aid Progress policy at any time.

I. Minimum Standards for Undergraduate Academic/Financial Aid Progress and Consequences for Failing to Meet Minimum Standards

To maintain academic progress, each undergraduate student must meet the required minimum standards of the following three criteria:

- Maintain a minimum acceptable cumulative grade point average (CGPA);
- Achieve the minimum incremental completion rate (ICR); and
- Complete the program within a maximum allowable timeframe (MTF).

Students who require a developmental course or courses (ENG0099 or MAT0099 or both) must successfully complete any required developmental course within their first three attempts of that course or the student will be academically dismissed from the University. Students who have not attempted all required developmental courses by the end of their second quarter of enrollment will be academically dismissed from the University.

Note: W, WF, and NCF grades count as an attempt.

Maximum Time Frame (MTF): A student may not attempt more than 150 percent of the credits in his/her program; when it becomes mathematically impossible for a student to complete their program within 150% of its length the student will be academically dismissed from the University. Dismissal for violating (MTF) can occur at any time.

Undergraduate programs that start or re-enter at mid-quarter will have that mid-quarter count as an entire quarter for Satisfactory Academic/Financial Aid Progress purposes.

Students who have not met the minimum standards of SAP will be notified in writing by the University. Students on academic warning/financial aid warning are considered to be making progress towards meeting SAP and, if otherwise eligible, can be eligible for financial aid.

An undergraduate student may be academically dismissed for academic/financial aid reasons without a previous academic warning/financial aid warning. Students will be notified in writing if they are dismissed from the University.

a) All Undergraduate Programs (Except BS to MS in Accounting (see section III. below), Bachelor Science in Nursing-Professional Phase, Bachelor of Science in Nursing (RN-BSN), Occupational Therapy Assistant and Physical Therapist Assistant)

For all undergraduate programs (except those listed above which are described in b), c), and d)), the following

are the minimum standards used to assess each undergraduate student's academic performance:

- After attempting the first academic year (an academic year is three quarters in which courses are attempted in each quarter), a student must achieve a minimum CGPA of 1.50 and an ICR of 33.33%. A student not achieving these minimum standards of Satisfactory Academic Progress (SAP) will be academically dismissed from the University.
- After attempting the second academic year, a student must achieve a minimum CGPA of 2.0 and an ICR of 66.67%. A student not achieving these minimum standards of SAP will be academically dismissed from the University.
- Starting the quarter after the second academic year, and every subsequent quarter, a student must achieve a minimum CGPA of 2.00 and an ICR of 66.67%. A student not achieving these minimum standards of SAP

will be placed on academic warning/financial aid warning. If a student who is already on academic warning/financial aid warning fails to achieve these minimum standards of SAP following a quarter or payment period of academic warning/financial aid warning, the student will be academically dismissed from the University.

b) Bachelor of Science in Nursing - Professional Phase

Students in the Bachelor Science of Nursing-Professional Phase are evaluated for SAP at the completion of every quarter. The following are the minimum standards are used to assess each student's academic performance:

- After attempting the first quarter, a student must achieve a minimum CGPA of 2.50 and an ICR of 50%. A student not achieving these minimum standards of Satisfactory Academic Progress (SAP) will be placed on academic warning/financial aid warning and will continue to be eligible for financial aid.
- After attempting the second and each subsequent quarter, a student must achieve a minimum CGPA of 2.50 and an ICR of 66.67%. A student not achieving these minimum standards of SAP will be placed on academic warning/financial aid warning and will continue to be eligible for financial aid. If a student who is already on academic warning/financial aid warning fails to achieve these minimum standards of SAP following a quarter or payment period of academic warning/financial aid warning, the student will be academically removed from the University.

c) Bachelor of Science in Nursing (RN to BSN)

Students in the RN to BSN program are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- After attempting the first quarter, a student must achieve a minimum CGPA of 2.00 and an ICR of 50%. A student not achieving these minimum standards of Satisfactory Academic Progress (SAP) will be placed on academic warning/financial aid warning and will continue to be eligible for financial aid.
- After attempting the second and each subsequent quarter, a student must achieve a minimum CGPA of 2.00 and an ICR of 66.67%. A student not achieving these minimum standards of SAP will be placed on academic warning/financial aid warning and will continue to be eligible for financial aid. If a student who is already on academic warning/financial aid warning fails to achieve these minimum standards of SAP following a quarter or payment period of academic warning/financial aid warning, the student will be academically removed from the University.

d) Associate of Science and Associate of Applied Science in Occupational Therapy Assistant (OTA) and Associate of Science and Associate of Applied Science in Physical Therapist Assistant (PTA)

General Education Phase:

For undergraduate students in the General Education Phase of the OTA or PTA program, the following are the minimum standards use to assess each student's academic performance:

- After attempting the first quarter a student must achieve a minimum CGPA of 2.0 and an ICR of 33.33%. A student not achieving these minimum standards of Satisfactory Academic Progress (SAP) will be placed on academic warning/financial aid warning and will continue to be eligible for financial aid.
- After attempting the second quarter a student must achieve a minimum CGPA of 2.25 and an ICR of 50%. A student not achieving these minimum standards of SAP will be placed on academic warning/financial aid warning and will continue to be eligible for financial aid. If a student who is already on academic warning/financial aid warning fails to achieve these minimum standards of SAP following a quarter or payment period of academic warning/financial aid warning, the student will be academically removed from the University.
- After attempting each subsequent quarter, a student must achieve a minimum CGPA of 2.50 and an ICR of 66.67%. percent. A student not achieving these minimum standards of SAP will be placed on academic warning/financial aid warning and will continue to be eligible for financial aid. If a student who is already on academic warning/financial aid warning fails to achieve these minimum standards of SAP following a quarter or payment period of academic warning/financial aid warning, the student will be academically removed from the University.

NOTE: The minimum CGPA required to be eligible to apply to the technical phase of the OTA or PTA program is 2.85.

Technical Education Phase for the Occupational Therapy Assistant programs:

Students in the technical phase Associate of Science or Associate of Applied Science in Occupational Therapy Assistant program are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- Students must maintain a minimum CGPA of 2.50 for OTA courses with a designation of 1011 or higher during each quarter of the professional phase and an ICR of 66.67%.

Technical Education Phase for Physical Therapist Assistant programs:

Students in the technical phase of the Associate of Science or Associate of Applied Science in Physical Therapist Assistant program are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- Students must maintain a minimum CGPA of 2.50 for all technical PTA designated courses during each quarter of the technical phase and an ICR of 66.67%.

Note: PTA1001 will be included in GPA calculations for the first quarter of the technical phase even if the student takes the course prior to entry into the technical phase. See the Associate of Science and Associate of Applied Science in Physical Therapist Assistant Program Progression Standards.

II. Minimum Standards for Graduate Academic/Financial Aid Progress and Consequences for Failing to Meet Minimum Standards

To maintain academic progress, each graduate student must meet the required minimum standards of the following three criteria:

- Maintain a minimum acceptable cumulative grade point average (CGPA);
- Achieve the minimum incremental completion rate (ICR); and
- Complete the program within a maximum allowable timeframe (MTF).

Academic Progress is reviewed at the completion of every quarter. A student not achieving these minimum standards of SAP will be placed on academic warning/financial aid warning. If a student who is already on academic warning/financial aid warning fails to achieve these minimum standards of SAP following a quarter of academic warning/financial aid warning, s/he will be academically dismissed from the University.

Maximum Time Frame (MTF): A student may not attempt more than 150 percent of the credits in his/her program; when it becomes mathematically impossible for a student to complete their program within 150% of its length s/he will be academically dismissed from the University. Dismissal for violating the maximum timeframe (MTF) can occur at any time.

Students in campus-based programs who start or re-enter at mid-quarter will have that mid-quarter count as an entire quarter for Satisfactory Academic/Financial Aid Progress purposes.

Students who have not met the minimum standards of SAP will be notified by the University. Students on academic warning/financial aid warning are considered to be making progress towards meeting SAP and, if otherwise eligible, can be eligible for financial aid.

A graduate student may be academically dismissed for academic/financial aid reasons without a previous academic warning/financial aid warning. Students will be notified if they are dismissed from the University.

a) All Graduate Programs (Except for the BS to MS in Accounting, Master of Medical Science in Anesthesia Science, Master of Science in Physician Assistant, RN to Master of Science in Nursing, Doctor of Business Administration, Doctor of Ministry and Doctor of Pharmacy Programs).

For all graduate students (except for those programs listed above and described in b), c), d), e), f), and g)) are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- After attempting the first quarter, a student must achieve a minimum CGPA of 3.00 and an ICR of 50.00%.
- After attempting the second quarter, a student must achieve a minimum CGPA of 3.00 and an ICR of 50.00%.
- After attempting each subsequent quarter, a student must achieve a minimum CGPA of 3.00 and an ICR of 66.67%.

NOTE: If a student is on academic warning/financial aid warning for failing to meet the ICR requirement, it will be very difficult for him/her to meet the ICR standard of 66.67 percent. In some cases the student may have to successfully complete all the courses attempted. A student should consult with his/her academic advisor or academic counselor on the exact requirements.

b) Bachelor of Science to Master of Science in Accounting (BS to MS in Accounting)

Students in the BS to MS in Accounting degree program are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- After attempting his/her first quarter, a student must achieve a CGPA of 1.25 and an ICR of 33.33%.
- After attempting the second quarter, a student must achieve a CGPA of 1.50 and an ICR of 50%.
- After attempting the third quarter, a student must achieve a CGPA of 1.75 and an ICR of 50.00%.
- After attempting the fourth quarter, a student must achieve a CGPA of 2.00 and an ICR of 66.67%.
- After attempting the fifth quarter, a student must achieve a CGPA of 2.50 and an ICR of 66.67%.
- After attempting each subsequent quarter, a student must achieve a CGPA of 3.0 and an ICR of 66.67%.

Regardless of academic year of enrollment, once a student is enrolled in the graduate portion of this program, he/she must meet the C or better requirement for all courses and the graduate Satisfactory Academic Progress policy.

Students who require a developmental course or courses (ENG0099 or MAT0099 or both) must successfully complete any required developmental course(s) within their first three attempts of that course or the student will be academically dismissed from the University.

If a student does not meet the standards stated in the Minimum Standards policy or the Progression Requirements policy for the BS to MS in Accounting, the student may be eligible to change their program to the corresponding undergraduate degree. **c) Master of Medical Science in Anesthesia Science**

Students in the Master of Medical Science in Anesthesia Sciences program, are evaluated for SAP at the completion of every quarter. The following are the minimum standards that must be met:

Achieve a minimum quarterly GPA of 2.50 and a minimum CGPA of 2.50 and an ICR of 66.7%. A graduate student in the Master of Medical Science in Anesthesia Sciences program can only be placed on any type of warning (academic/financial aid, clinical, or professionalism) two times during his/her academic program.

d) Master of Science in Physician Assistant

Students in the Master of Science in Physician Assistant program are evaluated for SAP at the completion of every quarter. Students in the Master of Science in Physician Assistant Program must complete all curricular requirements

within 45 months of their initial matriculation into the South University PA program. The following are the minimum standards used to assess each student's academic performance:

At the completion of every quarter, a student must achieve a minimum CGPA of 3.0 and an ICR of 66.67%.

e) RN to Master of Science in Nursing

Students in the RN to Master of Science in Nursing are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- After attempting the first quarter of the RN to MSN program, a student must achieve a minimum CGPA of 2.5 and an ICR of 50% .
- After attempting the second quarter, a student must achieve a minimum CGPA of 2.5 and an ICR of 66.67%.
- After attempting the third quarter, a student must achieve a minimum CGPA of 2.5 and an ICR of 66.67%.
- After attempting the fourth quarter, a student must achieve a minimum CGPA of 2.75 and an ICR of 66.67%.

After attempting each subsequent quarter, a student must achieve a minimum CGPA of 3.0 and an ICR of 66.67%.

f) Doctor of Business Administration and Doctor of Ministry

Students in the Doctor of Business Administration and Doctor of Ministry programs are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- After attempting the first quarter, a student must achieve a CGPA of 3.00 and an ICR of 50.00%.
- After attempting the second quarter, a student must achieve a CGPA of 3.00 and an ICR of 50.00%.
- After attempting each subsequent quarter, a student must achieve a CGPA of 3.00 and an ICR of 66.67%.

Note: The grade of LP for final project and dissertation courses are exempted from the CGPA for SAP purposes.

g) Doctor of Pharmacy

Students in the Doctor of Pharmacy program are evaluated for SAP at the completion of every quarter. The following are the minimum standards used to assess each student's academic performance:

- After attempting the first quarter, a student must achieve a minimum CGPA of 2.00 and an ICR of 50.00%.
- After attempting the second quarter, a student must achieve a minimum CGPA of 2.00 and an ICR of 50.00%.
- After attempting each subsequent quarter, a student must achieve a minimum CGPA of 2.00 and an ICR of 66.67%. A graduate student in the Doctor of Pharmacy program may be placed on academic warning/financial aid warning not more than three separate times (but not for two consecutive quarters) during his/her academic program.

III. Procedures for Appealing Academic/Financial Aid Dismissal

Undergraduate and graduate students in campus-based programs wishing to appeal an academic dismissal/financial aid dismissal must do so in writing to their Dean of Academic Affairs and Operations. Undergraduate and graduate students in online programs wishing to appeal an academic dismissal/financial aid dismissal must do so in writing to their Academic Counselor. Graduate students in the Doctor of Pharmacy program wishing to appeal an academic dismissal/financial aid dismissal must do so in writing to the Professional Performance Committee within the School of Pharmacy.

The student's written appeal (including emails from a student's email account bearing his/her electronic signature) must state the mitigating circumstances that contributed to the dismissal. The appeal must be supported with appropriate

written documentation of the mitigating circumstances with explanation on how the circumstances have been remedied or changed that will allow the student to meet academic/financial aid progress. Mitigating circumstances are events that are outside the student's control and are unavoidable. Following is an example list of events that indicate there may be a mitigating circumstance that has negatively impacted academic/financial aid progress:

- Death of an immediate family member.
- Serious or chronic student illness (this includes mental health issues).
- Illness of an immediate family member where the student is a primary caretaker.
- Illness of an immediate family member where the family member is the primary financial support.
- Abusive relationships.
- Divorce proceedings.
- Previously undocumented disability.
- Natural disaster.
- Financial hardship such as foreclosure or eviction.
- Special Circumstances
- Military deployment of the student, his/her spouse, or a dependent student's parent.
- Military Permanent Change of Station (PCS).

NOTE: A student's life issues and the student's transition to college are not considered mitigating circumstances under this policy since a student has at least two quarters/two payment periods to adjust to college life.

The Dean of Academic Affairs and Operations or the Professional Performance Committee (for students in the Doctor of Pharmacy program) will review the student's appeal and related written documentation to determine whether the circumstances and academic status warrant consideration for granting the appeal. Any consideration of mitigating circumstances not specified above should be discussed with relevant College/School Dean. The Vice Chancellor for Academic Affairs is the final authority to which an academic dismissal can be appealed.

Failure to provide an adequate written appeal and supporting documentation will result in the student's appeal not being considered. The student will be notified in writing that the appeal is not being considered and what additional information is needed for the appeal to be considered. This is not considered a denial of an appeal which would force the student to wait a year before appealing again.

A student who submits a written appeal and is granted the appeal will be placed on academic probation/financial aid probation at the start of the quarter or course session in which s/he resumes coursework. A student is on probation for one quarter. During the probationary period a student may receive (if otherwise eligible) financial aid for one quarter.

Prior to and during the probationary period, the student must agree with and sign a written academic plan developed by the University on how the student will achieve specific minimum CGPA, ICR, and other applicable SAP standards associated with the appropriate evaluation points by end of either the Academic/Financial Aid Probation period or by the end of the quarter included in the Academic Plan. The Academic Plan must detail specific time frames and student success measures and cannot be greater than two (2) quarters for the student to meet the minimum requirements of Satisfactory Academic Progress. The Academic Plan must be reviewed with the student so that designated Academic Plan is being met and the student will remain on track to achieve the success measures within the approved timeframe. For students in degree programs that may have an Academic Plan for more than one quarter, the student must meet the academic targets of the Academic Plan at the end the first quarter when the student is on Academic/Financial Aid Probation and by the end of the Academic Plan, the student must meet the minimum requirements of Satisfactory Academic Progress. If the student meets the academic goals and requirements under the Academic Plan for the first quarter while on Academic/Financial Aid Probation, he or she may complete the second quarter under the Academic Plan and be eligible to receive financial aid. Failure to meet the established goals included in the Academic Plan will result in Academic/Financial Aid Dismissal.

A student who submits a written appeal and is denied the appeal cannot re-appeal for one year after the quarter or course session in which the appeal was denied however the passage of time by itself does not impact the appeal decision.

An individual graduate program may have additional specific procedures for appealing an academic dismissal/financial aid dismissal which are more stringent than the above Procedures for Appealing Academic/Financial Aid Dismissal.

Students dismissed for violating the maximum allowable timeframe (MTF), may appeal to the Vice Chancellor for Academic Affairs.

The result of the appeal (whether granted or denied) will be provided in writing to the student and recorded in the student's academic file by the University.

IV. Procedures for Readmission after Academic/Financial Aid Dismissal

After one year of remaining out of the University, undergraduate and graduate students can submit an additional written appeal for reinstatement. Undergraduate or graduate students wishing to appeal an academic dismissal/financial aid dismissal must do so in writing to their Dean of Academic Affairs and Operations. Graduate students in the Master of Medical Science in Anesthesia Sciences program and the Master of Science in Physician Assistant Studies programs cannot submit such an appeal for reinstatement. Graduate students in the Doctor of Ministry program must do so in writing to the Progress and Promotions Committee of the College of Arts and Sciences. Graduate students in the Doctor of Pharmacy program wishing to appeal an academic dismissal/financial aid dismissal must do so in writing to the Professional Performance Committee within the School of Pharmacy.

The second written appeal must be accompanied by a written discussion (and demonstration) of accomplishments or changes made in the prior year that will allow the student to meet academic/financial aid progress. In addition they must demonstrate how former mitigating circumstances will no longer impact their academic performance.

A student who submits a second written appeal and is granted the appeal will be placed on academic probation/financial aid probation at the start of the quarter or course session in which s/he resumes coursework. During the probationary period (which lasts up to one quarter), a student may receive (if otherwise eligible) financial aid. Prior to and during the probationary period, the student must agree with and sign a written academic plan developed by the University on how the student will achieve specific minimum CGPA, ICR, and other applicable SAP standards associated with the appropriate evaluation points.

For students in degree programs that may have an Academic Plan for more than one quarter or payment period, the student must meet the academic targets of the Academic Plan at the end the first quarter or payment period when the student is on Academic/Financial Aid Probation and by the end of the Academic Plan, the student must meet the minimum requirements of Satisfactory Academic Progress. If the student meets the academic goals and requirements under the Academic Plan for the first quarter or payment period while on Academic/Financial Aid Probation, he or she may complete the second quarter or payment period under the Academic Plan and be eligible to receive financial aid. Failure to meet the established goals included in the Academic Plan will result in Academic/Financial Aid Dismissal.

Should the student have his/her second appeal denied, the student will be permanently dismissed from the University. The result of the second appeal (whether granted or denied) will be provided in writing to the student and recorded in the student's academic file by the University.

V. SAP Definitions

a.) Calculation of Cumulative Grade Point Average (CGPA)

A student's cumulative grade point average (CGPA) is calculated by:

- Multiplying credits for each course by grade points associated with the grade earned;
- Totaling the grade points earned for all the courses; and
- Dividing total grade points earned by the total number of quality credits.

b.) Calculation of Incremental Completion Rate (ICR)

A student's incremental completion rate (ICR) is calculated by:

- Totaling the number of credit hours attempted;
- Totaling the number of credit hours successfully completed; and
- Dividing the total number of credit hours successfully completed by the total number of credit hours attempted.
-

c.) Course Attempts

A course attempt includes any time a student receives a grade for a course. This includes the letter grades of "A" through "F", a passing grade of "P", an incomplete grade of "I", a withdrawal while failing the course of "WF", and a withdrawal with no grade penalty of "W". Courses for which a student enrolls but then drops during the drop/add period at the beginning of a quarter or course session are not counted as a course attempt.

d.) Maximum Allowable Timeframe (MTF)

A student may not attempt more than 150 percent of the credits in his/her program; when it becomes mathematically impossible for a student to complete their program within 150% of its length the student will be academically dismissed from the University. The appeal process and related procedures are the same as those described in sections III, IV, and V. above.

e.) Developmental Courses

South University requires academic placement tests. Depending on test scores, students may be required to take developmental courses (i.e., ENG0099 and MAT0099). If so required, a student must successfully complete such courses in order to progress within the program. Developmental course credits do not count towards the total number of credits for graduation nor do they count in the CGPA; however, they do count in determining the maximum time frame and the ICR.

f.) Repeated Courses and Grades

Grades achieved in repeated classes will replace withdrawn or failing grades. Withdrawn and failing grades are included in the maximum allowable time frame and ICR. The grade "I" indicates Incomplete and is calculated as if it is an "F" for CGPA and ICR purposes until it is changed to another grade. A student may also retake a class in which s/he received a passing grade in order to improve his/her CGPA. An undergraduate student enrolled in developmental coursework (ENG0099 and MAT0099) must be able to pass the courses within three attempts or the student will be academically dismissed.

Note: Graduate students enrolled in the Doctor of Pharmacy program will have all course grades (including repeated courses) included in the calculation of the CGPA.

g.) Remediation of Academic Deficiencies

It is strongly recommended that any student with withdrawn or failing grades register for the same course(s) in the subsequent quarter or course session to improve his/her academic performance.

h.) Transfer Credits

Credits from transfer courses are calculated in the maximum allowable credits or ICR requirements. Grades for credits transferred from any postsecondary institution will be recorded as "TR" and will not affect the student's CGPA.

Students Transferring Between Programs and/or Campuses and Online

A student who transfers programs and/or campuses are subject to the SAP policies and procedures of the new program and/or campus. Grades from courses taken in a program within the same school group, if applicable to a transfer program, will be recorded as earned credit and will affect the student's CGPA.

- A student who is in good standing per SAP in his/her program transferring to either a campus program or an online program, will be evaluated according to the SAP policies and procedures for the programs.

The evaluation criteria and period of time until the next applicable evaluation point may differ from the SAP policies of the student's original program. Only credits and grades from courses, including transfer, that count towards the new major degree requirements will be included in the SAP calculation. The student should work closely with his/her academic counselor to understand the SAP implications (including financial aid implications) of his/her transfer before taking any action. A student's academic file may be shared with any South University location as needed to complete the transfer.

Student Progression Policies by Program

College of Arts and Sciences

Doctor of Ministry Program Progression Standards

All course and practicum education requirements must be completed satisfactorily in order for the student to be eligible for graduation. All course and practical requirements are published in the course syllabi and expanded upon in the Student Handbook. Course syllabi are provided to each student before or during the first class contact for each course. Student Handbooks are given to students after acceptance into the program. D.Min. program faculty must comply with published syllabi and course goals and objectives as well as published requirements for satisfactory student progress through the program. NOTE: The minimum CGPA required to be eligible to apply to the Standard Track of the D.Min. program is 2.7; the minimum CGPA for the Advanced Track is 3.0.

1. Students in good standing are required to meet the academic progression standards as stated in the Satisfactory Academic Progress Policy (SAP). Failure to meet the SAP standards may result in dismissal from the D.Min. program.
2. All students must take MIN7000 Learning Skills for Ministry and MIN7001 Academic Writing in the first quarter/term. Students who take only one course should take MIN7001 Academic Writing first. If the courses are not passed with a grade of C or better (or P for MIN7001), the course must be retaken and no other courses may be taken until the course is successfully completed after the second attempt. Students who fail to successfully complete these will be dismissed from the program.
3. Students may elect to test out of MIN7001 Academic Writing by taking the WritePlacer Writing Test before registering for courses. The test is administered once at admission. Students who achieve a passing score of 6 or higher on the WritePlacer test do not have to take MIN7001 Academic Writing and may replace the course with an elective.
4. All students must take the Computer Skills Proficiency test before registering for courses in their first quarter/term. Students who do not achieve a score of 85% for the CSP test are required to attend a computer skills workshop before or during their first quarter/term and may retake the CSP test up to three times. Students who do not attend the workshop and/or do not achieve a score of 85% by the third attempt will be dismissed from the program at the end of the first quarter.

5. Students must complete all coursework in the program with a grade of C or better. Students will be permitted to repeat coursework in a single occurrence in which they scored lower than the required letter grade the next quarter or session that the course is offered. No course may be retaken more than once (except MIN7000 Learning Skills for Ministry). Students who fail to successfully complete courses will be dismissed from the program.
6. Standard Track students must successfully complete a portfolio review at the mid-point of the program (48 credits completed) and at the end of the program (96 credits). Advanced Track students must complete a portfolio review at the end of the program (40 credits). Students who do not successfully complete the portfolio review will be placed on programmatic probation for one quarter to complete assigned tasks. Students who have not completed this task at the end of the probationary quarter will be dismissed from the program.
7. Standard Track students should plan to enroll in practicum courses after the fifth quarter/term. Students should plan to begin ministry internships or ministry mentor opportunities after the start of the first course in the chosen practicum sequence (MIN7590 Ministry Practicum I or MIN7591 Clinical Pastoral Education, Level 1A or MIN7592 Clinical Pastoral Education, Level 2A) and to finish them before the end of the second course in the chosen practicum sequence (MIN7690 Ministry Practicum II or MIN7691 Clinical Pastoral Education, Level 1B or MIN7692 Clinical Pastoral Education, Level 2B).
8. Students must successfully complete MIN7500 Theology and Research in Ministry before enrolling in any final project course.
9. Students must meet ethical and professional standards as identified by the College of Theology, the American Association of Pastoral Counselors (AAPC), the Association of Professional Chaplains (APC), and South University.

Programmatic Probation

A student will be placed on probation in the following situations:

1. Inadequate practicum performance.
2. Violation of the Graduate Honor Code.
3. Breach of ethical, moral, or professional conduct.

Students who do not meet remediation expectations after two quarters of programmatic probation will be dismissed from the program. Note: A student cannot be placed on programmatic probation more than once.

Reinstatement Policy

Students who are placed on programmatic probation will be given a remediation plan developed by their Program Director and approved by the Department Chair and/or College Dean. The plan may include academic and non-academic requirements appropriate to the reason for probation. A written evaluation will be submitted to the Department Chair and/or College Dean at the completion of the plan, who will then notify the Registrar to reinstate the student or continue the student on probation. Students who are alleged to have violated the Graduate Honor Code or the standards of ethical professional conduct adopted by the College of Arts and Sciences will be referred to the Graduate Honor Council.

Appeal of Programmatic Probation or Dismissal

Students may appeal the decision to be placed on programmatic probation to the College Dean or his/her designee. The student should provide any necessary documentation along with a letter of appeal. The College Dean will review the case and interview participants. The student may appeal the decision of the College Dean to the Vice Chancellor for Academic Affairs or his/her designee. The decision of the Vice Chancellor (or designee) is final. The appeal process for programmatic probation or dismissal for violations of the Graduate Honor Code or violations of ethical and professional standards is found in the Graduate Honor Council section of the D.Min. Student Handbook.

College of Business Progression Standards

Doctor of Business Administration (DBA) Progression Policy

All course and program requirements must be completed satisfactorily in order for the student to be eligible for graduation.

1. Students must complete all coursework in the program with a grade of B or better. Students will be permitted to repeat coursework in a single occurrence in which they scored lower than the required letter grade the next quarter or session that the course is offered. No course may be retaken more than once. Students who fail to successfully complete courses will be dismissed from the program.
2. All students must take BUS7000 Introduction to the Professional Doctorate in their first quarter/term. If the course is not passed with a grade of B or better, the course must be retaken and no other courses may be taken until the course is successfully completed after no more than one attempt. Students who fail to successfully complete BUS7000 will be dismissed from the program.
3. Students in good standing are required to meet the academic progression standards as stated in the Satisfactory Academic Progress Policy (SAP). Failure to meet the SAP standards may result in dismissal from the DBA program.
4. The comprehensive examination must be successfully completed prior to beginning the dissertation phase. The successful completion of the comprehensive examination indicates the student's broad expertise of the degree's content focus and readiness to undertake and complete the dissertation concluding the program of study. The exam includes four individual tests, each of which must be passed successfully within two attempts. Students who fail to pass the comprehensive exam after two attempts will be dismissed from the program.

Progress through the dissertation phase of the DBA program includes a sequence of five required, 4-credit courses and up to five, 4-credit extension courses.

Progression Policy Requirements:

- A student can earn a grade of Pass (P), Limited Progress (LP), or Fail (F) in the dissertation courses. The Dissertation Committee determines one of these outcomes for each course, including extension courses, in the dissertation sequence that corresponds to the grading scale in this way:
 - Approved = P
 - Approved with minor revisions = P
 - Not approved with major revisions = LP
 - Not approved because more than 50% of the course outcomes have not been met = F
- Students who receive a grade of "F" in a non-extension course will be required to repeat the non-extension course and will be allowed only one repeated attempt of that course.
- An extension course in the dissertation sequence can be repeated one time.
- While enrolled in the dissertation phase of the DBA program, students who earn three grades of "F" will be dismissed from the program.

Course #1--BUS8100, Doctoral Dissertation Research Development

Students enrolled in BUS8100, Doctoral Dissertation Research Development, must have completed these outcomes before progressing to the next course in the series:

1. Propose an acceptable dissertation topic.
2. Justify a research problem statement.
3. Compose a research purpose statement.
4. Formulate preliminary research questions that align with the problem and purpose statement.

5. Develop an abridged literature review.

The Dissertation Committee will take one of the following actions:

- Approved
- Approved with minor revisions
- Not approved with major revisions
- Not approved because more than 50% of the course outcomes have not been met

In order to progress to the next course in the sequence, the Dissertation Committee must approve and accept the student's work submitted or approve the work submitted with minor revisions.

If the Dissertation Committee has determined that the student's work requires major revisions, the student will receive a grade of Limited Progress (LP) and will be required to enroll in BUS8100E, Doctoral Dissertation Research Development Extension.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the non-extension course will receive a grade of "F" in the course and will be required to repeat the non-extension course.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the extension course will receive a grade of "F" in the extension course.

Course #2-BUS8105, Doctoral Dissertation Proposal

Students enrolled in BUS8105, Doctoral Dissertation Proposal, must have completed these outcomes before progressing to the next course in the series:

1. Complete a literature review and establish a theoretical perspective to support the research design process.
2. Create a working bibliography of academic and professional titles.
3. Select an appropriate research method to support the dissertation topic and design process.

This portion of the Dissertation Proposal is reviewed and acted upon by the Dissertation Committee. The Dissertation Committee will take one of the following actions:

- Approved
- Approved with minor revisions
- Not approved with major revisions
- Not approved because more than 50% of the course outcomes have not been met

If the Dissertation Committee has determined that the student's work requires major revisions, the student will receive a grade of Limited Progress (LP) and will be required to enroll in BUS8105E, Doctoral Dissertation Proposal Extension.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the non-extension course will receive a grade of "F" in the course and will be required to repeat the non-extension course.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the extension course will receive a grade of "F" in the extension course.

Course #3-BUS8110, Doctoral Dissertation Proposal Defense

Students enrolled in BUS8110, Doctoral Dissertation Proposal Defense, must have completed these outcomes before progressing to the next course in the series:

1. Identify appropriate data collection method(s).
2. Finalize the dissertation topic proposal.

3. Prior to collecting data, seek approval from the Institutional Review Board (IRB), including required certifications (e.g., CITI, NIH HIPAA), if the research to be conducted for the dissertation includes human subjects.
4. Successfully defend Dissertation Proposal to the Dissertation Committee.

The Dissertation Proposal is reviewed and acted upon by the Dissertation Committee. The Dissertation Committee will take one of the following actions:

- Approved
- Approved with minor revisions
- Not approved with major revisions
- Not approved because more than 50% of the course outcomes have not been met

If the Dissertation Committee has determined that the student's work requires major revisions, the student will receive a grade of Limited Progress (LP) and will be required to enroll in BUS8110E, Doctoral Dissertation Proposal Extension.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the non-extension course will receive a grade of "F" in the course and will be required to repeat the non-extension course.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the extension course will receive a grade of "F" in the extension course.

Course #4-BUS8115, Doctoral Dissertation Preparation

Students enrolled in BUS8115, Doctoral Dissertation Preparation, must have completed these outcomes before progressing to the next course in the series:

1. Collect data through the previously identified method(s).
2. Analyze the data collected through the previously identified method(s).
3. Draw conclusions based on the analysis of data.
4. Draft a reporting and discussion of the research results.
5. Draft a discussion of the conclusions and recommendations based on the data analysis.

This portion of the Dissertation draft document is reviewed and acted upon by the Dissertation Committee. The Dissertation Committee will take one of the following actions:

- Approved
- Approved with minor revisions
- Not approved with major revisions
- Not approved because more than 50% of the course outcomes have not been met

In order to progress to the next course in the series, the Dissertation Committee must approve the student's work submitted or approve the work submitted with minor revisions.

If the student's final Dissertation has not been approved by the Dissertation Committee, the student will receive a grade of Limited Progress (LP) and will be required to enroll in BUS8115E, Doctoral Dissertation Preparation Extension.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the non-extension course will receive a grade of "F" in the course and will be required to repeat the non-extension course.

Students who are not able to complete more than 50% of the required course outcomes while enrolled in the extension course will receive a grade of "F" in the extension course.

Course #5--BUS8120, Doctoral Dissertation Defense

Student enrolled in BUS8120, Doctoral Dissertation Defense, must have completed these outcomes:

1. Analyze the data collected through the previously identified method(s).
2. Draw conclusions based on the analysis of data.
3. Finalize a reporting and discussion of the research results.
4. Finalize a discussion of the conclusions and recommendations based on the data analysis.
5. Successfully defend final Dissertation to the Dissertation Committee.

The final Dissertation is reviewed and acted upon by the Dissertation Committee. The Dissertation Committee will take one of the following actions:

- Approved
- Approved with minor revisions
- Not approved with major revisions
- Not approved because more than 50% of the course outcomes have not been met

If the student's final Dissertation has not been approved by the Dissertation Committee, the student will receive a grade of Limited Progress (LP) and will be required to enroll in BUS8120E, Doctoral Dissertation Defense Extension.

Students who are not able to complete the final Dissertation while enrolled in the extension course will be dismissed from the program.

Appeals

Students enrolled in the DBA program seeking to challenge a grade will follow the university procedure. Refer to this section in the South University catalog: Grade Challenges for All Programs Except Nursing Programs, School of Pharmacy and Physician Assistant program. If a DBA student grade challenge is overturned, notification will be provided to the Department Chair in order to ensure accurate placement in future courses.

Students enrolled in the DBA program seeking to appeal a SAP dismissal decision will follow the university procedure. Refer to this section in the South University catalog: Procedures for Appealing Academic/Financial Aid Dismissal. If a DBA student SAP appeal is approved, notification will be provided to the Department Chair in order to ensure accurate placement in future courses.

Students enrolled in the DBA program seeking to appeal a Program Progression dismissal decision will direct their request to the Program Director of the DBA program. In order to be considered for an appeal the student must have one of the mitigating circumstances listed in the South University Satisfactory Academic Progression policy. In consultation with the Dean/Director of Academic Affairs where the student is enrolled, the Program Director will make a decision regarding the student's appeal. The Program Director will communicate receipt of the appeal and the decision to the Department Chair. If not satisfied with the decision of the Program Director, the student may appeal to the Department Chair. In consultation with the Dean/Director of Academic Affairs where the student is enrolled, the Chair will make a decision regarding the student's appeal. The Chair will communicate receipt of the appeal and the decision to the Assistant Dean. If not satisfied with the Chair's decision, the student can appeal to the College Dean. Upon receipt of the appeal, the College Dean will notify and consult with the Dean/Director of Academic Affairs where the student is enrolled. The decision of the College Dean is final.

Bachelor of Science in Accounting to Master of Science in Accounting (BSA to MSA) Progression Policy

Students must meet these requirements in order to enroll in graduate level accounting courses:

- The student must have earned a grade of "C" or better in ACC1001, ACC1002, and ACC1003.

- The student must have earned a cumulative GPA of at least 2.7 on undergraduate coursework.

Students may appeal the minimum CGPA requirement to the Dean of the College of Business.

College of Health Professions Progression Standards

Associate of Science in Medical Assisting Formative Progression Standards

To be eligible for graduation, all course and clinical education requirements must be completed satisfactorily. Course and clinical requirements are published in the course syllabi. These are provided to each student, for each course, before or during the first class contact. Medical assisting program faculty will comply with all published requirements for satisfactory student progress, course syllabi and course goals and objectives described in the program.

The following criteria constitute the Formative Progression standards for the Medical Assisting program:

1. Students enrolled in medical assisting coursework (AHS classes), must achieve a minimum grade of C in all courses. Students will be permitted to repeat a course in which they scored lower than a C, during the next quarter the course is offered. When a student repeats a course, they must achieve a minimum grade of B. This repeat option will be offered only once.
2. To assist students' achievement of entry-level knowledge, the following remediation procedure will be followed in all AHS classes. Students scoring less than 80 percent on any written examination will be expected to remediate that examination. The remediation plan will be cited in the course syllabi and the following will be required:
 1. A written counseling procedure will be developed by the course instructor.
 2. All incorrect answers will be corrected by the student, with citation of the correct answer (textbook and page number) in the format determined by the course instructor. Failure to comply with the written counseling procedures will result in a grade of Incomplete for the course. Refer to the University catalog for resolution of an incomplete grade.
3. Medical assisting coursework must be completed meeting minimal competency standards as listed in the section on Entry-Level Competencies for the Medical Assistant as listed in the program student handbook. Failure to receive a passing grade for a required competency will require that the student repeat the course. Repeated AHS courses will require a learning contract with the student. This contract will describe the conditions under which the student may continue in the Medical Assisting program.
4. Students who are dismissed from a practicum site will be suspended from the program. The Medical Assisting Progression Committee chaired by the Program Director will investigate the reason for the dismissal. If the committee deems the dismissal a substantial indicator that the student will not succeed in the profession, the student will be dismissed from the program. If the committee believes that the student has a high potential of entering the profession as a safe, proficient practitioner, the student will be provided the opportunity to continue with the practicum program. If the student is dismissed a second time from a practicum site, the student will be dismissed from the program permanently.
5. Violations of South University's Code of Conduct or the College of Health Profession's policies and procedures may result in dismissal from the Medical Assisting program as determined by the Medical Assisting Progressions Committee. The Progressions Committee will decide if students dismissed from the program are eligible to reapply for reentry into the Medical Assisting program.

Associate of Science and Associate of Applied Science in Occupational Therapy Assistant Program Progression Standards

OTA program faculty must comply with published syllabi, course goals and objectives as well as with published requirements for satisfactory progress throughout the program.

1. Students in the Professional Curriculum of the OTA Program must achieve a minimum grade of C in each course and maintain a required minimum GPA of 2.50 in all courses with an OTA prefix.
2. When awarding grades, OTA faculty will observe the following:
 - a. If extra credit is used, it must be offered within the context of a course and be related to specific course content and offered to every student in that course. Any time faculty consider using extra credit, it must be reviewed and approved by the Program Director prior to implementation. If a student is absent when the extra credit items are offered, that student must have an opportunity to complete the extra credit item(s) on his/her return to class.
 - b. Faculty will not implement rounding up or down when grading. Students achieve the points they earn, which will be totaled at the end of the quarter and a letter grade awarded. A student has the right to appeal any grade earned.
3. Students in good standing in the OTA Program who achieve a score below 75% on a major assignment, written exam or lab practical exam must receive remediation as determined by the course instructor (e.g., counseling, meeting to review work, remediation session, learning contract). Failure of the student to comply with a remediation plan may result in a failing grade.
4. If a student achieves a grade below a C, that student will not be allowed to progress in the OTA Program. The student is permitted to repeat the course(s) in which s/he achieved a grade below a C the next time the course is offered and based on space availability in the cohort. This repeat course option is only offered once during the Professional Curriculum (twice if the courses involve co-requisites OTA 2380/2385 or OTA 2390/2395).

In collaboration with the course instructor, the Program Director will generate a re-entry plan for students that may include the review of any OTA courses already taken to minimize knowledge erosion and/or assignments to strengthen weak areas. Before re-entry, faculty reserve the right to assess the student's retention of previously learned OT content to further identify areas needing improvement. This information may form the basis of a learning contract.

5. Any student achieving a grade below a B (80%) when retaking an OTA course is dismissed from the OTA Program and is not eligible for reinstatement. Students dismissed from the OTA Program may appeal their dismissal to the OTA Committee on Progression and Appeals, as described in the OTA Student Handbook.
6. Students will be dismissed from the OTA Program if they receive more than one D or F in any quarter in any course with an OTA prefix. The Program Director will notify students in writing. Students dismissed from the OTA Program may appeal their dismissal to the OTA Committee on Progression and Appeals, as described in the OTA Student Handbook.
7. Any student who violates the College of Health Professions Background Check or Drug and Alcohol Screening Policy while enrolled in the OTA Program will be referred to the OTA Committee on Progressions and may be dismissed from the program.
8. A student may withdraw from any course with an OTA prefix only once. If a student withdraws from an OTA course more than once, that student will be dismissed from the OTA Program. Students dismissed from the OTA Program must apply for readmission.

- a. Level II Fieldwork experiences A and B must be completed within 24 months of the first day of the cohort's originally scheduled Level II Fieldwork A placement.
 - b. Level II Fieldwork A and B are completed meeting competency standards mandated by the most current American Occupational Therapy Association's Fieldwork Performance Evaluation Form. All Level II Fieldwork is Pass/Fail.
 - i. *NOTE: It is strongly recommended that students not work during the quarters in which they are placed on corequisites OTA2380 Level II Fieldwork A and OTA2385 Fieldwork Seminar A and corequisite OTA2390 Level II Fieldwork B and OTA2395 Fieldwork Seminar B.*
 - c. During these last two quarters, of fieldwork, students must achieve entry level competency by demonstrating professionalism, knowledge, skills and abilities sufficient to achieve a passing score on the AOTA Fieldwork Performance Evaluation Form. To do this, students must be physically, emotionally and cognitively able to fully engage at each fieldwork site.
 - d. Students who fail either Level II Fieldwork A or B due to outside work demands will be dismissed from the Professional OTA Curriculum.
 - e. Students may appeal their dismissal to the OTA Committee on Progression and Appeals, as described in the OTA Student Handbook.
9. The following situations may occur in the last didactic quarter of the Professional OTA Curriculum, the quarter before Level II Fieldwork A begins:

- a. If a student achieves a CGPA below 2.50 in the last didactic quarter before Level II Fieldwork A and if it is mathematically possible for the student to achieve a minimum CGPA of 2.50 in the Professional OTA Curriculum, that student may decelerate, receiving remediation to achieve necessary competencies and the minimum required CGPA of 2.50 before progressing in the Professional OTA Curriculum.

Remediation may include, but be not limited to, sitting out a quarter, retaking a course or courses, completing remedial assignments, demonstrating skills or taking exams.

Remediation will be documented using a performance improvement plan to include the issue(s), expected outcomes, activities, timeline and supervising faculty member(s).

The decision as to whether the student may progress or not rests with the OTA Program Director, based on the advisory capacity of the OTA Committee on Progression and Appeals.

- b. If, however, it is not mathematically possible for the student to achieve the minimum required CGPA of 2.50 within one quarter of being placed on programmatic academic warning, the student will be dismissed from the Professional OTA Curriculum. Students dismissed may appeal their dismissal to the OTA Committee on Progression and Appeals, as described in the OTA Student Handbook.
- c. If the issue is unprofessional behavior and/or attitude, a performance improvement plan will be put in place to modify those behaviors and/or attitudes; this plan will include, but be not limited to, the issue(s), expected outcomes, activities, timeline and supervising faculty member(s). Student competency during remediation will be documented in accordance with the performance improvement plan by supervising faculty and/or the Program Director.

A student's failure to adhere to the performance improvement plan may result in a delayed fieldwork placement and up to dismissal from the OTA Program.

The decision as to whether the student may progress with the next logical cohort rests with the OTA Program Director, based on the advisory capacity of the OTA Committee on Progression and Appeals.

Students dismissed may appeal their dismissal to the Dean of Student Affairs, as described in the OTA Student Handbook.

10. A student is permitted only one opportunity to repeat a Level I or Level II Fieldwork A or B placement upon approval of the OTA Program Director, based on the advisory capacity of the OTA Committee on Progression and Appeals. A student who fails a second Level I or Level II Fieldwork A or B placement will be dismissed from the Professional OTA Curriculum. Students dismissed may appeal their dismissal to the OTA Committee on Progression and Appeals, as described in the OTA Student Handbook.
11. Students dismissed from a Level I, Level II A or Level II B Fieldwork placement by the Fieldwork Educator or by the Academic Fieldwork Coordinator prior to completing the placement will be required to sit out from the fieldwork experience while the Program Director and OTA Committee on Progression and Appeals investigates the reasons for the dismissal.
 - a. If the Program Director and/or committee determine that the dismissal is an indicator that the student will not succeed in the profession, the student will be dismissed from the OTA Program.
 - b. If the Program Director and/or committee determine the student has a high probability of entering the profession as a safe, proficient practitioner despite the dismissal from a fieldwork placement, the student may be permitted to repeat the Level I, Level II A or Level II B Fieldwork placement when placements are available.
12. If a student withdraws from a Level I or Level II Fieldwork A or B placement, the student can be provided with a remediation plan and a directive to sit out until the course is next offered. The student can be dismissed from the Professional OTA Curriculum, depending on the reason for the withdrawal.
13. Students may be dismissed from the Professional OTA Curriculum for nonacademic issues including, but not limited to, unprofessional conduct, insubordination, violation of the College of Health Professions Background Check or Substance Abuse Screening policy, university's Code of Conduct Policy and noncompliance with other university or program policies and procedures.
 - a. Infractions may result in progressive disciplinary action that includes, but is not limited to, feedback on continuing student review forms, counseling, verbal warning, written warning or dismissal from the OTA Program.
 - b. If a student receives two or more written warnings, the case will be considered by the OTA Progressions Committee in an advisory capacity to the OTA Program Director, who will make the final decision.
 - c. If an infraction from unprofessional behavior places the well-being of any individual at risk or violates the ethical code of the occupational therapy profession, the student will be dismissed immediately from the OTA Program. Students dismissed from the OTA Program because of a nonacademic issue may appeal their dismissal to the Campus Dean of Student Affairs, as described in the South University Campus Handbook.
14. If a student is eligible for re-entry into the OTA Program, that student has up to one year from the date of last attendance to re-enter the OTA Program without having to reapply as a new student.
15. If a student is eligible for re-entry into the OTA Program and it is more than one year from date of last attendance, the student must reapply for admission to the university and into the Professional Curriculum of the OTA Program as a new student, regardless of grades obtained during prior enrollment.

Reinstatement

Students who have withdrawn from the Professional Curriculum of the OTA Program and wish to be considered for reinstatement must reapply using the process described below.

The reinstatement process will be offered only once to a student. There is no guarantee of reinstatement into the OTA Program. Students who have been dismissed from the OTA Program for any reason and whose appeals for re-entry have been denied are not eligible for re-instatement.

1. No later than the third week of the academic quarter before the quarter in which the student wishes to reenroll, the student must submit a written letter to the Program Director requesting reinstatement in the OTA Program.
The reinstatement letter must include the following:
 - reasons why student was unsuccessful in the past, supported by documentation (e.g., letter from physician, notice of death in family, eviction notice from landlord)
 - what has changed to lead the student to believe success is possible examples of how student plans to ensure future success
 - examples of how student plans to ensure future success
2. The OTA Committee on Progression and Appeals will review reinstatement letters and advise the Program Director.
3. No later than midterm in the quarter before the student seeks to reenroll, the OTA Program Director will determine whether reinstatement into the OTA Program is warranted.
 - The decision will be based on availability of space in the cohort and on the student's potential to achieve success in the OTA curriculum, as determined by the Program Director.
 - Students may appeal decisions made by the OTA Program Director to the Campus Dean of Academic Affairs and Operations; an appeal to the Dean for the College of Health Professions is the next line of appeal.
4. At any time in the re-entry process, the student may be asked to meet with his or her academic advisor.
5. The reinstated student will be required to comply with the curriculum and requirements in force at the time of reinstatement, including any changes made to the curriculum or prerequisites during his or her absence from the program.
6. Students who are eligible for reinstatement and have been out of the program for any reason for less than one year since the last date of attendance may apply for re-entry by the process described above.
7. Students who are eligible for reinstatement and have been out of the program for any reason longer than one year from date of last attendance must reapply for admission to South University and to the OTA Program as a new student.

Associate of Science and Associate of Applied Science in Physical Therapist Assistant Program Progression Standards

Physical Therapist Assistant (PTA) students are required to satisfactorily complete all technical phase course and clinical education requirements in order to remain in good standing and to be eligible for graduation. Students and program faculty must comply with published programmatic policies, syllabi, course goals and objectives, as well as published University requirements to ensure satisfactory student progress through the technical phase.

The PTA Progressions Committee (PC) is responsible for monitoring the technical phase progressions and reinstatement policies, which include academic, clinical, and conduct domains related to the PTA program. The PC reviews the progress of each student no less than once per quarter and more frequently as indicated. The PC will recommend an appropriate action for each student based on his/her academic, clinical, and professional performance. These actions may include progression to the next quarter, graduation, warning, continued warning, removal from warning, suspension, or dismissal. The PC may recommend other actions including, but not limited to, remediation or repetition of coursework and participation in academic tutoring.

The policies described below either clarify, operationalize, or augment the South University Satisfactory Academic Progress Policies.

Good Standing Status - Students must meet all of the following criteria while in the technical phase of the program:

1. Maintain the minimum cumulative grade point average (CGPA) of 2.50 for all technical PTA designated courses during each quarter of the technical phase. (Note: PTA1001 will be included in GPA calculations for the first quarter of the technical phase even if the student takes the course prior to entry into the technical phase.)
2. Successfully complete academic coursework by achieving a minimum grade of "C" (70%) in all PTA designated courses. If a course has a lab element, the evaluation requirements are divided into lecture and laboratory components. In order for a final grade to be calculated, student must achieve a minimum average of 70% in EACH individual component. Averages below 70% in either the lecture or laboratory component will result in a "D" or "F" grade. If BOTH components meet the minimum 70%, they will be averaged together and then professional behavior points will be added to assign the final course grade.
 - a. Students who do not achieve a minimum grade of "C" in any PTA course are unable to continue in the curriculum and will be immediately dismissed. Please refer to the PTA Dismissal and Withdrawal Process below.
 - b. Remediation While in Good Standing:
 - i. Remediation is mandatory if a student scores less than 75% on a written exam or if the student fails to demonstrate all designated critical elements in a practical examination. Failure to remediate via the format prescribed by the instructor (or PC) will result in an incomplete grade. Refer to the University catalog for the requirements for resolution of an incomplete grade.
 - ii. A written remediation plan (e.g., Student Counseling Report, Student Learning Contract, etc.) is initiated when a student's average is nearing or below a failing grade for the course. Failure to comply with a remediation plan is likely to result in a failing grade.
3. Successfully complete clinical coursework with a grade of pass (P). To receive a passing grade (P), students must meet minimal competency standards and successfully complete all course requirements as published in clinical course syllabi.
 - a. If the student fails to receive a passing grade in any clinical course or if they are removed or withdraw from a clinical affiliation, they will proceed to Level Two: Suspension.
4. Student Code of Conduct/Professional Behavior
 - a. Students will abide by the University Code of Conduct (see Campus Student Handbook), College of Health Professions policies, and PTA Professional Conduct Code below.

PTA Professional Conduct Code

The PTA faculty consider professional behavior as one of the most important components in the education of PTA students. Students enrolled in the PTA program are expected to abide by all of the following:

- 1.) the South University Code of Conduct,
- 2.) the American Physical Therapy Association's (APTA) Guide for Conduct of the PTA,
- 3.) the APTA's Standards of Ethical Conduct for the PTA, and
- 4.) additional programmatic and instructor policies (e.g., attendance policies, lab rules, etc.) as published in the PTA Program Student Handbook and course syllabi.

Code of Conduct violations will be referred to the Dean of Student Affairs and addressed according to the disciplinary procedures published in the Campus Student Handbook. All other violations will be referred to the Program Director and may result in a written remediation plan, referral to the Progressions Committee (PC), and/or referral to the Campus Director/Dean of Academic Affairs and Operations.

PTA Dismissal and Withdrawal Process

1. Level One: "Warning"

Failure to maintain the minimum CGPA of 2.50 will result in the student being placed on programmatic warning. The student will be permitted to remain on warning for a maximum of one quarter (but no later than the first full-time

externship). If this requirement is not met, the student will be dismissed from the program (see Level Three: Immediate Dismissal).

2. Level Two: "Suspension"

Withdrawal or removal from a clinical course or receipt of a failing grade in a clinical course will result in suspension while the PC investigates the situation. The PC will choose one of the following actions within 14 calendar days of the occurrence:

1. If the committee determines that the student has a high probability of entering the profession as a safe, proficient practitioner, the student may be permitted to repeat the clinical course. The PC will outline requirements for completion of the course in conjunction with the Program Director and Academic Coordinator for Clinical Education (ACCE). The option to repeat a clinical course will be offered only once for any student while in the technical phase of the program.
2. If the committee deems the withdrawal/removal or failing grade a substantial indicator that the student will not succeed in the profession, the student will proceed to Level Three: Immediate Dismissal.

3. Level Three: "Immediate Dismissal"

Students are immediately dismissed when any of the following occur:

1. Failure to achieve a CGPA of 2.5 within one quarter of being placed on warning status.
2. Failure to achieve a CGPA of 2.5 prior to the first full-time externship.
3. Receipt of "D" or "F" grades in one or more academic courses.
4. The PC recommends dismissal in the case of an incomplete clinical course or failed clinical course.
5. The PC recommends dismissal in the case of a significant policy, Code of Conduct, or PTA Professional Conduct Code violation.

The Program Director will notify students in writing if they are dismissed from the program. PTA students wishing to appeal an academic dismissal (i.e., unsatisfactory didactic or clinical course grade) must do so in writing in accordance with the Grade Challenges Policy as published in the Academic Catalog. PTA students dismissed under the Student Code of Conduct and/or PTA Professional Conduct Code must also appeal in writing. This appeal will be handled in accordance with the University Code of Conduct policy published in the Campus Student Handbook.

Students who have withdrawn from the program or who have been dismissed from the program may be eligible for reinstatement in the future. Please see the PTA Reinstatement Policy for more information. Note: If the student is dismissed a second time while in the technical phase, the student will be permanently dismissed from the program and will not be eligible for readmission into any South University PTA program. Students should be aware that withdrawing from any course within the PTA curriculum schedule automatically withdraws the student from the PTA program.

PTA Reinstatement Policy

Students who wish to be considered for reinstatement should reapply using the following procedure. The reinstatement process will only be offered once. There is no guarantee of reinstatement for any student. Note that any appeals must be concluded prior to initiating the reinstatement process.

To begin the reinstatement process, the student must apply in writing to the Progressions Committee (via the Program Director) requesting reinstatement in the program. The letter must include the date the student wishes to return and a rationale describing how the student plans to complete the program successfully. The letter must be received by the Program Director no later than 60 calendar days prior to the first day of the academic quarter into which the student wishes to reenroll. The Progressions Committee (PC) will meet within 21 calendar days of receipt of the letter to consider the reinstatement request and complete a plan of action to address the reasons for withdraw/dismissal. The student may be required to attend this meeting.

The PC will formally notify the student of their decision and plan of action within 7 calendar days of the meeting. If remediation or other action is warranted, it must be successfully completed no less than 7 calendar days prior to the

start of the quarter in which the student wishes to reenroll. If this does not occur, the student must reinitiate the reinstatement process. The final decision for acceptance into the next cohort will be based upon available slots in the cohort, successful completion of any actions required by the PC, and a reasonable expectation that the student in question has potential to succeed in the program.

Reinstatement Procedure

1. If the student withdrew or was dismissed during the first quarter of the technical phase, the PC may elect to have the student enter the ranking process to gain admission to the next cohort. The student will be required to follow the same application process as all other applicants. If the student gains admission to the technical phase, he/she will repeat all previously attempted PTA coursework.
2. If the student withdrew or was dismissed after completing one or more quarters of the technical phase, the PC will determine what coursework, if any, must be repeated upon reinstatement. The student must repeat any course in which he/she did not achieve a minimum grade of "C" (70%), however the PC may also require a student to repeat coursework that was completed successfully if it is deemed to be critical to the success of the student (see financial aid for costs associated with retaking coursework). The PC may also require actions including, but not limited to, remediation, competency checks, and/or written or didactic exams to determine if the student is suitable to return to the program and to help ensure student success.
 1. When a student repeats a course he/she must achieve a minimum grade of B (80%) to continue in the curriculum. If the course has a lab element, students must achieve a minimum average of 80% in EACH individual component (i.e., lecture and lab). If the student fails to achieve a minimum grade of B in repeated coursework, he/she will be dismissed from the program and is not eligible for reinstatement.
3. Students who are eligible for reinstatement and who have been out of the program for longer than one year must reapply for admission to the university and meet the current admissions requirements of the technical phase of the PTA program.
4. The reinstated student will be required to comply with the curriculum and requirements in force at the time of reinstatement, including any changes made to the curriculum or prerequisites during his/her absence from the program.
5. If a student is dismissed a second time while in the technical phase, the dismissal is permanent and the student is not eligible for reinstatement into any South University PTA program.

The decision for reinstatement of any student is made at the discretion of the PC. Students wishing to appeal this decision must do so in writing to the Campus Director/Dean of Academic Affairs and Operations within 7 calendar days of receipt of the decision letter. If the student is not satisfied with the results of the appeal, he/she may file an appeal with the Dean of the College of Health Professions within 7 calendar days of the decision letter. The decision of the Dean of the College of Health Professions is final.

Anesthesiologist Assistant Progressions Policy

Anesthesiologist Assistant (AA) students are required to satisfactorily complete all didactic and clinical education requirements in order to remain in good standing and to be eligible for graduation.

AA students must meet the standards outlined below in each of the following areas:

- Professionalism
- Academic
- Clinical

Standards for Professionalism Performance

A student's professionalism may be reviewed at any time, based on information received by the Program Director. The Program Director shall take appropriate action based on the type and severity of the student's misconduct. If the infraction involves a student violation of the University Code of Conduct, the matter will be referred to the Dean of Student Affairs. Violations of the Graduate Honor Code will be referred to the Graduate Honor Council. Students who breach the Standards of Professionalism for the Anesthesiologist Assistant program will be referred to the Progress and Promotions Committee.

The Program Director will inform the student of the program's receipt of unsatisfactory evaluation or referral of professionalism violation.

Students may be placed on warning for any violation of the professionalism standards of the Anesthesiologist Assistant program. Acts that would garner a warning status for the student's enrollment include (but are not limited to):

1. Breach of the Anesthesiologist Assistant program standards in the following areas:
 - Professional behavior
 - Attire
 - Attendance
 - Accumulation of more than two unexcused absences
2. Failure to complete required clinical records and case/time log tracking as outlined in the AA program student handbook
3. Breach of patient confidentiality rules (HIPAA)
4. Other serious violations of professionalism standards for an Anesthesiologist Assistant student

The Progress and Promotions Committee, after review of the professionalism issue recommends the action to be taken by the Program Director. The Program Director's decision for student progress can be any one of the following based on student performance and their previous enrollment status (previous warning or probation)

- Continuation in good standing
- Continuation on professionalism warning
- Continuation on professionalism probation (following successful appeal of a professionalism dismissal)
- Dismissal

A student placed on professionalism warning will remain on warning for the entire quarter. Students who are on warning must participate in a professionalism reinstatement plan if they wish to continue their enrollment in the Anesthesiologist Assistant Program. At the end of the warning period, the student's professional performance will be evaluated by the Progress and Promotions Committee. The committee will recommend to the Program Director the action to be taken based upon student fulfillment of the professionalism reinstatement plan and other standards of the program.

Standards for Academic Performance

Students in the Master of Medical Science in Anesthesia Sciences program are evaluated for Satisfactory Academic Progress (SAP) at the completion of every quarter. Rules regarding violation of the Satisfactory Academic Progress (SAP) Standards follow the published South University policies regarding warning, probation, and dismissal. SAP rules are published in the university academic catalog.

Remediation

Students who receive a grade of D in any course must engage in remediation for that course during the subsequent quarter. The content of the remediation may include a written assignment from the course instructor/coordinator and an exam highlighting the course objectives. Students must receive a minimum grade of “C” to successfully fulfill the remediation requirement.

Clinical Performance

Performance during clinical education is based on preceptor evaluations and feedback. Daily clinical evaluations track student performance and skill progression over the course of the program. The student is responsible for the timely, accurate completion of daily case and time logs and sending evaluations to preceptors.

Assessment of students is based on the minimal levels of competency at each distinct level of training. Any violation of these standards will result in referral of the student to the program Progress & Promotions Committee.

Standards of Clinical performance

Clinical competency and quarterly analysis of preceptor evaluations:

- Students’ averaged scores in greater than 50% of these areas of assessment should be within 2 standard deviations of the class mean.
 - Areas of assessment include but are not limited to:
 - Patient assessment
 - Anesthesia planning
 - Preparation/set-up
 - Communication with Anesthesia Care Team and transfer of care
 - Interoperative management
 - Airway skills
 - Anesthesia knowledge
 - Professionalism
 - Technical procedures
 - Overall Performance
- Preceptor Feedback
 - Feedback from preceptors from any source: phone, email, written correspondence should indicate that the student is meeting the minimum competencies.
- Clinical Experiences
 - Students must complete a minimum of 500 total Anesthesia clinical hours at the conclusion of Quarter 5 as documented in their clinical tracking program.
 - The table below lists the case log requirements and recommendations for students to successfully complete the clinical education portion of the Anesthesiologist Assistant Program. Students are responsible for fulfilling the requirements prior to graduation and tracking their progress using data in the student case log tracking system. Students need to reference this table for Anesthesiologist Assistant requirements.

Requirements may be altered or waived in extenuating circumstances by the program director. All case log data is gathered from the case log tracking system.

Clinical Experiences for South University Anesthesiologist Assistant Students:

Clinical Experiences	Requirements	Minimum
Composite Requirements	Total Anesthesia Cases	600 cases
	Total Hours Anesthesia Time - Time log totals	2000 hours

	Class III/IV	150 cases
Specialties	65+	100 cases
	2-12 years	40 cases
	< 2 years	10 cases
	Emergent cases	20 cases
	Ambulatory/ Outpatient	100 cases
	Obstetric cases	35 cases
Anatomical Categories	Intra-abdominal	75 cases
	Head Extracranial (Ear, Nose, and Throat)	20 cases
	Head Intracranial	5 cases
	Intrathoracic Heart (5 required, 10 recommended)	5 cases
	Intrathoracic Lung	10 cases
	Vascular	15 cases
Methods of Anesthesia	General Anesthesia	400 cases
	Inhalational Induction	35 cases
	Laryngeal Mask Airway	35 procedures
	Endotracheal Intubation-Oral	250 procedures
	Endotracheal Intubation-Nasal	5 procedures
	Total IV Anesthetics	10 cases
	Emergence from Anesthesia	250 cases
	Regional Management	40 cases
	Monitored Anesthesia Care	30 cases
Arterial Technique	Insertion	15 procedures
	Monitoring	25 procedures
CVP Catheter	Placement (Recommended)	5 procedures
	Monitoring (Recommended)	10 procedures
Other	IV Catheter Placement	75 procedures
	Alternate Airway Management	20 procedures

Clinical Warning

Students who meet any of the following criteria, indicating that they are performing below a minimum level of clinical competency will be presented to the Progress and Promotions Committee for consideration.

- Inadequate clinical performance as measured by analysis of preceptor evaluations. Composite quarterly scores of clinical performance that are ≥ 2 standard deviations below the class mean in a majority of the areas of competency assessed.
- Negative feedback received by program, based on multiple incidences from verbal or written sources from preceptors at the student's clinical site
- Students who do not complete a clinical rotation or are asked to leave a clinical rotation due to poor performance
- Inadequate completion of recommended clinical education experiences listed in the table above
- Failure to complete 500 clinical hours at the conclusion of Quarter 5

The Progress and Promotions Committee, after review of the Clinical performance issue recommends the action to be taken by the Program Director. The Program Director's decision for student progress can be any one of the following based on student performance and their previous enrollment status (previous warning or probation)

- Continuation in good standing
- Continuation on Clinical warning
- Continuation on Clinical probation (following successful appeal of a Clinical dismissal)
- Dismissal

A student placed on clinical warning will remain on warning for the following quarter to demonstrate improvement. Students who are on warning must participate in a clinical reinstatement plan if they wish to continue their enrollment in the Anesthesiologist Assistant program. At the end of the warning period, the student's clinical performance will be evaluated by the Progress and Promotions Committee. The committee will recommend to the Program Director the action to be taken based upon student fulfillment of the clinical reinstatement plan and other standards of the program.

Dismissal

Dismissal may occur after review of the student's academic, clinical, or professional deficiency.

Students will be dismissed from the Anesthesiologist Assistant program for any of the following reasons:

- More than two quarters on warning for any cause (academic/financial aid, clinical, professionalism) during the student's enrollment
- Failure to successfully complete an academic/clinical/professionalism reinstatement plan
- One letter grade of "F" or two or more letter grades of "D" in one quarter
- Severe transgressions of ethical and moral conduct
- Violation of the College of Health Professions Background Check Policy or Substance Abuse Screening Policy
- A recommendation from the Dean of Student Affairs for violation of the University Code of Conduct

A recommendation for dismissal by the Graduate Honor Council for honor code violation

A student may not attempt more than 150% of the credits in his/her program; anything in excess of 150% of the credits will result in academic dismissal for violating the maximum allowable timeframe.

A student dismissed from the SU AA program is prohibited from any further attendance in class or participation in clinical training. The student may choose to appeal the decision using the procedure outlined below and will not be allowed to continue program activities until resolution of the appeal. A dismissed student from any SU AA program will not be considered for re-admission.

Appeal Process

To appeal a University academic/financial aid dismissal:

Students who receive an academic/financial aid dismissal and wish to appeal should refer to the South University catalog for the guidelines of appeal. The catalog also outlines the policies and procedures for reinstatement after an academic/financial aid dismissal. **To appeal an Anesthesiologist Assistant programmatic academic, professional or clinical dismissal:**

To appeal an Anesthesiologist Assistant program academic, professional or clinical dismissal, the student must submit a letter to the Dean of Academic Affairs and Operations within 5 business days (by 5 PM) of receipt of the dismissal letter. The appeal letter should outline the reasons that they are seeking this appeal for Anesthesiologist Assistant

program academic, professionalism or clinical standards violation, how they plan to correct their behavior/performance and why the appeal should be granted from the Dean of Academic Affairs and Operations. The student may include a petition to meet with the Dean of Academic Affairs and Operations.

If the dismissal decision is upheld by the Dean of Academic Affairs and Operations, the student may appeal to the Dean of College of Health Professions. The letter must include the reason for the appeal and be received within 5 business days (by 5 PM) of the receipt of the previous decision by the Dean of Academic Affairs.

If the dismissal decision is upheld by the Dean of College of Health Professions, the student may appeal to the Vice Chancellor for Academic Affairs. The letter of appeal must include the reason for appeal and be received within 5 business days (by 5 PM) of receipt of the previous decision. The decision of the Vice Chancellor for Academic Affairs is final.

Reinstatement after Programmatic Academic, Professional, or Clinical dismissal

If a student is reinstated following a successful appeal of an Anesthesiologist Assistant program academic, professional or clinical dismissal, they will be placed on academic, clinical or professional probation at the start of the quarter in which they resume coursework.

The student will be required to meet with the Program Director to discuss an Anesthesiologist Assistant program academic, clinical or professionalism reinstatement plan to outline expectations and performance requirements for continued enrollment in the Anesthesiologist Assistant Program. The Program Director and the Progress and Promotions Committee will continue to assess the student's progress under the plan during the quarter of probation. If a student successfully completes the probationary period plan as judged by the Program Director in consultation with the Progress and Promotion Committee, that student will be recommended to continue in the program in good standing. Students who do not successfully complete the requirements of the reinstatement plan during the probationary period will be demised.

Withdrawal Policy

All students will be required to abide by the South University withdrawal policies and procedures in the academic catalog. A student who is in good standing (not on academic/financial aid, clinical, or professionalism warning or probation) may be eligible to re-enter the program up to one year from the time of withdrawal. The decision to allow a student to re-enter the program is made by the Program Director and must be approved by the campus Dean of Academic Affairs and Operations (DOAAO). If a student is allowed to re-enter the AA program, the Progress and Promotions Committee will create a re-entry plan for the student. As part of the re-entry plan, the student may be required to participate in course work or other educational activities to ensure retention of essential knowledge and skills required of an AA student. The student will be required to review and sign the re-entry plan.

Master of Science in Physician Assistant Program Progression Policy

Physician Assistant (PA) students are required to satisfactorily complete all didactic phase course and clinical education requirements in order to remain in good standing and to be eligible for graduation. Students, program faculty, and staff must comply with published programmatic policies, syllabi, course goals and objectives, as well as published University requirements to ensure satisfactory student progress through both the didactic and clinical phases. The policies described below either clarify, operationalize, or augment the South University Satisfactory Academic Progress Policies.

Good Standing Status - Students must meet all of the following criteria while enrolled in the PA program:

- Students must maintain an overall GPA of 3.0 or higher. (Refer to Satisfactory Academic Progress Policy in the Academic Catalog for further details.)

- Students must demonstrate progression in program learning outcomes and competencies. An overall minimum grade of "C" in courses utilizing the letter grading system and a "Pass" in courses utilizing the Pass/Fail grading system is required for satisfactory completion of each course.
- Students must successfully pass comprehensive exams including the formative didactic evaluation necessary for clinical phase progression, and the summative evaluation (an exam that evaluates program learning outcomes and competencies necessary for graduation).
- Satisfactory professional behavior in accordance with all South University Physician Assistant program policies and procedures, the South University Physician Assistant Program Standards of Professional Behavior, and the South University Graduate Program Honor Code.
- Performance assessment during clinical education is based on student achievement of program learning outcomes and competencies and is evaluated by instructional faculty. Assessment of students is based on the minimal levels of competency for each discipline-specific rotation. Any violation of these standards will result in referral of the student to Student Progress and Promotions Committee (SPPC).

Unsatisfactory Physician Assistant Program Academic, Clinical, and Professional Behavior Performance

A student's professionalism behavior performance may be reviewed at any time, based on information received by the PA program. The program shall take appropriate action based on the type and severity of the student's misconduct. If the infraction involves a student violation of the University Code of Conduct, the matter will be referred to the Dean of Student Affairs. Violations of the Graduate Honor Code will be referred to the Graduate Honor Council. Students who breach the South University Physician Assistant Program Standards of Professional Behavior or who do not meet the requirements of Good Standing Status will be referred to the Student Progress and Promotions Committee (SPPC). The faculty advisor will inform the student of the program's receipt of an unsatisfactory evaluation or professional behavior performance violation. The SPPC, after applying programmatic policy and reviewing the violation of the standards for PA program academic, clinical, and/or professional behavior performance, will render the final decision. The Program Director will notify the student of the decision.

If a student is being considered for placement in a status other than advance in good standing, he/she will be afforded the opportunity to speak formally to the SPPC before a decision is rendered by the committee. Please refer to the PA Program Student Handbook for further details regarding the SPPC.

Failure to meet the minimum academic standard may result in a loss of financial aid. Please refer to the *Minimum Standards for Graduate Academic/Financial Aid Progress and Consequences for Failing to Meet Minimum Standards Policy* in the Academic Catalog for further information regarding financial aid warning.

Deceleration Policy

If for any reason a student in good standing elects to decelerate from the Physician Assistant Program, the student will be required to abide by the South University withdrawal policies and procedures in the Academic Catalog. Deceleration may also occur at the recommendation of the SPPC when a student demonstrates deficiencies in achieving program learning outcomes and competencies.

In order to decelerate, the student must submit a formal request to the Program Director to re-enter the program at a later date. The decision to allow a student to re-enter the program is made by the program's Student Progress and Promotions Committee (SPPC) and is approved by the campus Dean of Academic Affairs and Operations (DOAAO). If a student is allowed to re-enter the Physician Assistant program with the discretion of the SPPC at a later date, the program's SPPC will create a re-entry plan for that student. As part of the re-entry plan the student may be required to participate in course work or other educational activities to ensure retention of essential knowledge and skills required of a PA student. This plan must be approved by the campus DOAAO. The student will be required to review and sign the re-entry plan. The plan will be maintained in their permanent record.

Under no circumstances may a student re-enter the program if they have been withdrawn for more than four (4) consecutive academic quarters. A student not currently in good standing status will not be allowed to decelerate his/her progression. Regardless of the reason for withdrawal/deceleration, a student of the Physician Assistant Program, must

complete all curricular requirements within 45 months of their initial matriculation into the South University PA Program.

Withdrawal Policy

All students will be required to abide by the South University withdrawal policies and procedures in the Academic catalog. The decision to allow a student to re-enter the program is made by the PA program's Student Progress and Promotions Committee (SPPC) and is approved by the campus Dean of Academic Affairs and Operations (DOAAO). If a student is allowed to re-enter the Physician Assistant program with the discretion of the SPPC at a later date, the program's SPPC will create a re-entry plan for that student. This plan must be approved by the campus DOAAO. As part of the re-entry plan the student may be required to re-apply through CASPA, participate in course work, or other educational activities to ensure retention of essential knowledge and skills required of a PA student. The student will be required to review and sign the re-entry plan. The plan will be maintained in their permanent record.

Dismissal Policy and Procedure

Dismissal can occur after review of the student's academic, clinical, or professional deficiency.

Students may be dismissed from the Physician Assistant program for any of the following reasons (including, but not limited to):

- Failure to achieve and maintain a cumulative GPA of 3.0 to include consecutive quarters while on warning or probation for any performance cause (academic, clinical, and/or professional behavior) during the student's enrollment. (Please refer to the SAP policy in the Academic Catalog.)
- More than two cumulative quarters on warning or probation for any performance cause (academic, clinical, or professional behavior) during the student's enrollment
- Failure of any course including rotations (D or F/ "Fail") in any quarter
- Failing to successfully complete Performance Improvement Plans, remediation plans/outcomes
- Severe transgressions of ethical and moral conduct (including but not limited to: violation of the honor code, stealing, or providing false documentation intended to deceive faculty or administration)
- Violation of the CHP Drug and Alcohol Screening policy
- Violation of the CHP Background Check policy
- Violation of the Honor Code

Any student who is dismissed from the SU PA program must complete the checkout procedure. The checkout procedure is as follows:

- Complete an exit interview with financial aid
- Return their student ID badge, clinical facility badges, books, university supplies, and parking sticker to security

A student dismissed from the SU PA program is prohibited from any further attendance in class or participation in medical training. The student may choose to appeal the decision and will not be allowed to continue program related activities until resolution of the appeal. Any dismissed student from any SU PA program who elects to re-apply through CASPA will have his/her prior enrollment status considered and will not be guaranteed re-admission.

Student Appeal Procedures for Dismissal

Students seeking to appeal an academic /financial aid or a PA Professional Behavior dismissal must do so in writing according to the procedures for a SAP (Satisfactory Academic/Financial Aid Progress) dismissal appeal as published in the Academic Catalog.

If a final course grade challenge is denied by the instructor and subsequently results in the dismissal of a student, the student may submit a combined appeal of the course grade and academic dismissal following the procedures for a SAP (Satisfactory Academic/Financial Aid Progress) dismissal appeal as published in the Academic Catalog.

PA Program Reinstatement after Academic, Clinical, and Professional Behavior Performance Dismissal

If a student is reinstated following a successful appeal of a Physician Assistant program academic, clinical, and professional behavior performance dismissal, s/he will be placed on academic, clinical, or professional behavior performance probation at the start of the quarter in which coursework resumes.

The student will be placed on a Performance Improvement Plan (PIP) which will outline the expectations and performance requirements for continued enrollment in the Physician Assistant program. Requirements may include comprehensive evaluation, skills testing, or any other form of assessment deemed necessary by the Student Progress and Promotions Committee (SPPC). The Program Director and the SPPC will continue to assess the student's progress under the plan during the quarter of probation. If a student successfully completes the probationary period plan as determined by the Program Director in consultation with the SPPC, the student will be recommended to continue in good standing. Students who do not successfully complete the requirements of the reinstatement/PIP plan during the probationary period will be dismissed.

Program Completion Deadline

The typical pace of the Physician Assistant program curriculum is 27 months. Students must complete all graduation requirements for the Master of Science of Physician Assistant Degree within 45 months of their initial matriculation into the South University PA program.

Note: All Physician Assistant program policies apply to all students, principal faculty, and the program director regardless of location. (i.e., didactic or clinical)

Doctor of Occupational Therapy Student Progressions Committee

The Student Progressions Committee is chaired by the Program Director who serves as a non-voting member of the committee. A quorum (defined as a simple majority of voting core faculty members) must be present to commence the Student Progressions Committee meeting.

Doctor of Occupational Therapy Student Progressions Committee Procedure

The Student Progressions Committee meets at least quarterly, or more often as needed, to review each Satisfactory Academic Progress (SAP), professionalism evaluations, and other information that may be available to aid in evaluation of each student. For procedures on students not meeting SAP standards, see above.

At the quarterly meeting, the Student Progressions Committee makes one of the following recommendations to the Program Director for each student's clinical and professional progress in the program:

- Advance in good standing
- Advance on professional/clinical probation
- Suspension
- Expulsion

If a student is being considered for placement in a status other than advance in good standing, he/she will be asked to speak formally to the Student Progressions Committee before a final decision is rendered by the committee.

Any student not recommended to advance in good standing will be notified within 72 hours (3-business days) by the Program Director. The Program Director will notify the Dean of the College of Health Professions and the Dean of Academic Affairs and Operations on all recommendations of the Student Progressions Committee other than advance in good standing and provide details and justification for the recommendation.

In cases where professional/clinical probation is recommended by the Student Progressions Committee, the Program Director may require the student to meet with the academic advisor to define an exact remediation strategy or corrective action plan (CAP). Any remediation strategy may be approved by the Program Director. The Student Progressions Committee will continue to assess the student's progress under the plan provided to the Student Progressions Committee.

In addition to quarterly meetings, the Student Progressions Committee may be convened on an ad hoc basis at any time to address specific student issues.

Appeals of the Doctor of Occupational Therapy Student Progressions Committee Decisions

In cases where students do not meet Satisfactory Academic Progress, appeals will be handled according to the SAP policy.

Students may appeal decisions of the Student Progressions Committee on issues regarding clinical performance or professionalism. Any student wishing to appeal a decision of the Student Progressions Committee other than those based on the SAP policy must do so in writing to the Dean of Academic Affairs and Operations. Written appeals must be made within seven (7) business days of being notified of the decision of the Student Progressions Committee. Appeals submitted after this time will not be considered. Written appeals will only be considered for claims of the following:

- Failure of the program or University to follow due process
- New evidence pertinent to the student's case that has come to light after the committee's final decision was handed down.
- Punishment not appropriate for the situation

The Dean of Academic Affairs and Operations will review the student's appeal and will determine whether the circumstances and academic status warrant reconsideration of the decision of the Student Progressions Committee.

The student may be asked to appear in person during the review process when deemed necessary by the Dean. The Dean of Academic Affairs and Operations will send formal notification to the student and appropriate academic offices of his/her decision.

The final level of appeal is to the Dean of the College of Health Professions. The Dean will use the reports from the Student Progressions Committee and the Dean of Academic Affairs and Operations and will consult with the Program Director and Dean of Academic Affairs and Operations to reach a conclusion regarding the student's disposition. The Dean of the College of Health Professions will send formal notification to the student and appropriate academic offices.

A student who has been expelled whose appeal is granted may be reinstated and, if otherwise eligible, receive financial aid; however, the student will be placed on professional probation at the start of the academic term. The granting of appeals for decisions other than suspension or expulsion may stipulate certain conditions as deemed necessary by the party granting the appeal for a student to continue in the program.

College of Nursing and Public Health Progression Standards

RN to MSN, Master of Science in Nursing, Post-Graduate Certificate and Doctor of Nursing Practice Programs Progression Standards

All course and practicum education requirements must be completed satisfactorily in order for the student to be eligible for graduation. All course and practicum requirements are published in the course syllabi and expanded upon in the programmatic Student Handbook. Course syllabi are provided to each student before or during the first class contact for each course. Programmatic Student Handbooks are given to students after acceptance into the nursing program. Nursing program faculty must comply with published syllabi and course goals and objectives as well as published requirements for satisfactory student progress through the program.

1. Students in good standing are required to meet the academic progression standards as stated in the Satisfactory Academic Progress (SAP) Policy. Failure to meet the SAP standards will result in dismissal from the nursing program.
2. Students in the graduate program, including the RN to MSN program, must earn a B or better in all graduate nursing courses. Students will be required to repeat course(s) which they scored less than a "B" the next quarter or session that the course is offered (this does not apply to provisionally admitted students). Provisionally admitted students are required to adhere to the Provisional Admission Policy. Fully-admitted students who receive a third grade less than a "B" in graduate nursing courses will be dismissed from the nursing program.
3. Students in fully admitted status after two grades of less than a "B" in graduate nursing courses, the Program Director and student will develop a remediation/study support plan. Students that earn three grades of less than a "B" in one quarter will be dismissed from the program. Students who fail to follow/complete the remediation plan, will be dismissed. If the student receives the third grade less than a "B" while a student is in an active remediation plan the student will be dismissed.

NOTE: APRN students who receive more than three incidences of less than a "B" in graduate nursing courses will be allowed to apply for a non-APRN program of study. The student must receive a grade of "B" or better in the new program of study or be dismissed from the nursing program.

4. Removal/Dismissal from a Clinical Site
 - Students who are removed/dismissed from a clinical site prior to completing the rotation cannot engage in a practicum assignment while the clinical team investigates the reasons for the removal/dismissal. If the clinical team deems the removal/dismissal was not warranted, he/she will work with the student to locate a new clinical site. The student will continue in the program while a new site is obtained.
 - If the clinical team deems the removal/dismissal is warranted (falsification of documents, misconduct, theft, non-attendance, etc.), the student will receive a grade of "F" for the practicum.
 - The student may appeal the decision in succession to the Program Director, then the nursing Chair, and then the Dean of the College. The decision of the College Dean is final. The student must appeal each level within 7 days of the decision.
5. Students should direct progression policy appeals to the Program Director. The Program Director will communicate receipt of an appeal to the Assistant Dean of the College and to the Dean/Director of Academic Affairs where the student is enrolled. If not satisfied with the decision of the Program Director, the student may appeal to the Nursing Chair. Upon receipt of the appeal, the Chair will notify the campus Dean/Director of Academic Affairs where the student is enrolled. If not satisfied with the Chair's decision, the student can

appeal to the College Dean. Upon receipt of the appeal, the College Dean will notify the Dean/Director of Academic Affairs where the student is enrolled. The decision of the College Dean is final.

The decision rendered at each stage must be documented in accordance with the appeals decision template. The written appeal decision must be received by the person to whom the appeal is made within seven calendar days of the issuance of the decision at the previous level. The Assistant Dean of the College and the Dean/Director of Academic Affairs must be copied on the written appeal decision. At the end of the appeals process, the College Dean will provide a copy of the final decision to the Program Director and Campus President/Director where the student is enrolled and to the Nursing Chair, and Assistant Dean of the College.

Program Progression Policy for Family Nurse Practitioner and Adult Gerontology Nurse Practitioner Students

Prior to the first practicum course (NSG6320 or NSG6420) in the APRN program of study, students must complete NSG6021, Pre-Clinical Evaluation. Administration of a 3P exam that evaluates students' knowledge of advanced physical assessment, advanced pharmacology, and advanced pathophysiology. Students must successfully pass this exam in order to continue progression within the program.

Students who do not pass NSG6021, Pre-Clinical Evaluation, will be enrolled in the remediation course, NSG6023, Nurse Practitioner Enhancement.

Students who do not pass NSG6023, Nurse Practitioner Enhancement will be dismissed from the Nurse Practitioner Programs, but may transfer to a non APRN specialization, such as Nurse Educator, Nurse Administrator or Nursing Informatics, if eligible.

During the final Practicum course, NSG6440 or NSG6340, students will take a Pre-Predictor exam. This exam provides data on students' readiness for the certification examination. Student will collaborate with their faculty of record to formulate an appropriate remediation plan. During the final 2 weeks of the last practicum course (NSG6340 or NSG6440), students will take the Predictor exam. Each of these exams account for a percentage of the final course grade.

All students who were in dismissal or remediation status for longer than 6 months must complete and successfully pass the appropriate evaluation to determine readiness to progress. For example, if dismissal status occurred after NSG6020, the student must successfully complete NSG6021, Pre-Clinical Evaluation, or if needed, NSG6023, Nurse Practitioner Enhancement.

All FNP and AGNP Nurse Practitioner students will complete a formal review course during their program of study. Every nurse practitioner student will receive access to the review course via an online video or a CD/review book. This will happen during their final course in their specialty track.

RN to MSN, Master of Science in Nursing, Post-Graduate Certificate and Doctor of Nursing Practice Programs Reinstatement Policy

This procedure applies to readmission for students who withdraw from any course in the Nursing program, who withdraw from the Nursing program, or who receive less than the required letter grade in any course in any given quarter in the Nursing program. Students who receive more than three incidences of less than a "B" letter grade in graduate nursing courses may be dismissed from the nursing program of study.

Note: There is no guarantee of reinstatement for a student who withdraws from the Nursing program.

The reinstated student will be required to comply with the curriculum and requirements in force at the time of reinstatement, including any changes made to the curriculum or prerequisites during their absence from the program. Students who are eligible for reinstatement and who have been out of the program for any reason longer than one year must reapply for admission to the university and the RN to MSN, Master of Science in Nursing, Post-Graduate Certificate and Doctor of Nursing Practice Programs.

Reapplication Timeline for the RN to MSN, MSN and DNP Programs

REAPPLICATION TIMELINE	10 and 11 WEEK DEADLINE	5 WEEK DEADLINE
Student must apply in writing to Program Director or Nursing Chair	By 3rd week of preceding term	By 1st week of preceding term
Student must communicate with Program Director or Nursing Chair	By 5th week of preceding term	By 2nd week of preceding term
Program Director or Nursing Chair will notify the student of the decision.	By 8th week of preceding term	By 4th week of preceding term

Bachelor of Science in Nursing (BSN) Professional Phase Progression Standards

All course and practicum education requirements must be completed satisfactorily in order for the student to be eligible for graduation. All course and practice requirements are published in the course syllabi and expanded upon in the Nursing Student Handbook. Course syllabi are provided to each student before or during the first class contact for each course.

Student Handbooks are available electronically to students after acceptance into the nursing program. Nursing program faculty must comply with published syllabi and course goals and objectives as well as published requirements for satisfactory student progress through the program.

NOTES: Admission into the Professional Phase of the BSN program requires a cumulative GPA (CGPA) of 2.75 or better on a 4.0 scale in the nursing prerequisite courses. Admission into the Columbia campus BSN program requires a cumulative GPA (CGPA) of 3.0 or better on a 4.0 scale in the nursing prerequisite courses.

Provisional admission to the BSN program may be granted to students who matriculated into the BS in Public Health program prior to spring quarter 2018 whose CGPA and/or science courses GPA are between 2.5 and 2.74. Students seeking readmission after an absence of one year or longer must meet the BSN admissions requirements stated above and are not covered under provisional admissions.

1. Students are required to meet the academic progression standards as stated in the Satisfactory Academic Progress Policy for the Professional phase of undergraduate nursing. Failure to meet the SAP standards may result in dismissal from the nursing program.
2. Students enrolled in the professional phase of the BSN program must maintain a minimum cumulative GPA (CGPA) of 2.5 in nursing courses every quarter. A student whom does not achieve the required minimum CGPA of 2.5 in nursing courses will be placed on academic probation. A student will only be allowed to remain on academic probation for two consecutive quarters to increase the minimum CGPA. Students unable to meet the minimum CGPA will be permanently dismissed from the program.

3. Students are required to apply knowledge learned in the classroom to the care and treatment of patients. Laboratory or clinical experience courses will have grades reported as pass (P) or fail (F). Grades for practicum/laboratory courses are calculated using written and other appropriate methods of assessing clinical competence. Students are required to obtain a minimum grade of "P" (pass) in the laboratory/clinical course as well as the classroom courses. For purposes of progression, failure of practicum/laboratory courses carries the same consequences as those courses with letter grades.
4. Remediation is mandatory if a student scores less than the stated percentage on any ATI assessment as outlined in the course syllabi. Please refer to the nursing student handbook for details or course syllabi for detailed explanation. Students are required to apply knowledge learned in the classroom to the care and treatment of patients. Laboratory or clinical experience courses will have grades reported as pass (P) or fail (F). Grades for practicum/laboratory courses are calculated using written and other appropriate methods of assessing clinical competence. Students are required to obtain a minimum grade of "P" (pass) in the laboratory/clinical course as well as the classroom courses. For purposes of progression, failure of practicum/laboratory courses carries the same consequences as those courses with letter grades.

Removal/Dismissal from a Clinical Site

1. Students who are removed/dismissed from a clinical site prior to completing the rotation cannot engage in a practicum assignment while the clinical team investigates the reasons for the removal/dismissal. If the clinical team deems the removal/dismissal was not warranted, he/she will work with the student to locate a new clinical site. The student will continue in the program while a new site is obtained.
2. If the clinical team deems the removal/dismissal is warranted (falsification of documents, misconduct, theft, non-attendance, etc.), the student will receive a grade of "F" for the practicum.
3. The student may appeal the decision in succession to the Program Director, then the nursing Chair, and then the Dean of the College. The decision of the College Dean is final. The student must appeal each level within 7 days of the decision.

BSN Professional Phase Progression Policy Appeals

Students should direct progression policy appeals to the Program Director. The Program Director will communicate receipt of an appeal to the Assistant Dean of the College and to the Dean/Director of Academic Affairs where the student is enrolled. If not satisfied with the decision of the Program Director, the student may appeal to the Nursing Chair. Upon receipt of the appeal, the Chair will notify the campus Dean/Director of Academic Affairs where the student is enrolled. If not satisfied with the Chair's decision, the student can appeal to the College Dean. Upon receipt of the appeal, the College Dean will notify the Dean/Director of Academic Affairs where the student is enrolled. The decision of the College Dean is final.

The decision rendered at each stage must be documented in accordance with the appeals decision template. The written appeal decision must be received by the person to whom the appeal is made within seven calendar days of the issuance of the decision at the previous level. The Assistant Dean of the College and the Dean/Director of Academic Affairs must be copied on the written appeal decision. At the end of the appeals process, the College Dean will provide a copy of the final decision to the Program Director and Campus President/Director where the student is enrolled and to the Nursing Chair, and Assistant Dean of the College.

Bachelor of Science in Nursing (BSN) Program Professional Phase Reinstatement Policy

This procedure applies to reinstatement for students who withdrew from any course in the Nursing program, withdrew from the Nursing program, or failed to meet GPA and grade progression standards. There is no guarantee of reinstatement. The final decision for reinstatement into the Nursing program is provided by the Program Director. The reapplication process will only be offered once, unless the withdrawal was due to an emergency leave authorized by the Program Director (see the Emergency Leave Policy).

1. The student must apply in writing to the Program Director requesting reinstatement in the program. The student must include a plan of action, to address the reason(s) for failure to progress in the program that is approved by the Program Director.
2. The Program Director will determine the appropriateness of reinstatement into the program. If not satisfied with the decision of the Program Director, the student may appeal to the Nursing Chair. Upon receipt of the appeal, the Chair will notify the campus Dean/Director of Academic Affairs where the student is enrolled. If not satisfied with the Chair's decision, the student can appeal to the College Dean. Upon receipt of the appeal, the College Dean will notify the Dean/Director of Academic Affairs where the student is enrolled. The decision of the College Dean is final.
The decision rendered at each stage must be documented in accordance with the appeals decision template. The written appeal decision must be received by the person to whom the appeal is made within seven calendar days of the issuance of the decision at the previous level. The Assistant Dean of the College and the Dean/Director of Academic Affairs must be copied on the written appeal decision. At the end of the appeals process, the College Dean will provide a copy of the final decision to the Program Director and Campus President/Director where the student is enrolled and to the Nursing Chair, and Assistant Dean of the College.
3. The reinstated student will be required to comply with the curriculum and requirements in force at the time of reinstatement, including any changes made to the curriculum or prerequisites during their absence from the program. The student must also comply with all reinstatement conditions outlined by the Program Director.
4. Students who are eligible for reinstatement, who have been out of the program for any reason longer than one year must reapply for admission to the university and the Nursing program.

RN to BSN Program Progression Standards

All course and practicum education requirements must be completed satisfactorily in order for the student to be eligible for graduation. All course and practice requirements are published in the course syllabi and expanded upon in the Student Handbook. Course syllabi are provided to each student before or during the first class contact for each course. Student Handbooks are given to students after acceptance into the nursing program. Nursing program faculty must comply with published syllabi and course goals and objectives as well as published requirements for satisfactory student progress through the program.

NOTE: The minimum CGPA requirement for full admission into the RN to BSN program is 2.00.

1. All general education prerequisites must be completed before the student takes any professional nursing courses beyond the 3000 level. In addition, 3000 level nursing courses must be completed before progression to 4000 level nursing courses.
2. Students must complete general education courses with a grade of C or better
3. The RN to BSN Withdrawal policy does not apply to the general education courses.
4. All course and practicum education requirements must be completed satisfactorily in order for the student to be eligible for graduation.
5. Students in good standing are required to meet the academic progression standards as stated in the Satisfactory Academic Progress policy. Failure to meet the SAP standards may result in dismissal from the nursing program.

Students Removed from Clinical Affiliation

1. Students who are removed/dismissed from a clinical site prior to completing the rotation cannot engage in a practicum assignment while the clinical team investigates the reasons for the removal/dismissal. If the clinical team deems the removal/dismissal was not warranted, he/she will work with the student to locate a new clinical site. The student will continue in the program while a new site is obtained.
2. If the clinical team deems the removal/dismissal is warranted (falsification of documents, misconduct, theft, non-attendance, etc.), the student will receive a grade of "F" for the practicum.

3. The student may appeal the decision in succession to the Program Director, then the nursing Chair, and then the Dean of the College. The decision of the College Dean is final. The student must appeal each level within 7 days of the decision.

Progression Policy Appeals

Students should direct progression policy appeals to the Program Director. The Program Director will communicate receipt of an appeal to the Assistant Dean of the College and to the Dean/Director of Academic Affairs where the student is enrolled. If not satisfied with the decision of the Program Director, the student may appeal to the Nursing Chair. Upon receipt of the appeal, the Chair will notify the campus Dean/Director of Academic Affairs where the student is enrolled. If not satisfied with the Chair's decision, the student can appeal to the College Dean. Upon receipt of the appeal, the College Dean will notify the Dean/Director of Academic Affairs where the student is enrolled. The decision of the College Dean is final.

The decision rendered at each stage must be documented in accordance with the appeals decision template. The written appeal decision must be received by the person to whom the appeal is made within seven calendar days of the issuance of the decision at the previous level. The Assistant Dean of the College and the Dean/Director of Academic Affairs must be copied on the written appeal decision. At the end of the appeals process, the College Dean will provide a copy of the final decision to the Program Director and Campus President/Director where the student is enrolled and to the Nursing Chair, and Assistant Dean of the College.

Nursing Program (RN to BSN) Reinstatement Policy

1. This procedure applies to readmission for any students who:
 1. Were dismissed from the nursing program within the last 12 months.
 2. Withdrew and did not resume attendance within 6-12 months.
 3. Have been out of the nursing program for longer than 12 months. These students must reapply for admission to the university and follow the nursing reinstatement process.
2. The final decision for reinstatement is provided by the Program Director. There is no guarantee of reinstatement.
3. The reapplication process will only be offered once, unless the withdrawal was due to an emergency leave authorized by the Program Director (see the Emergency Leave Policy).

Process for Reinstatement

1. Students must meet with their Academic Counselor to initiate the reinstatement process.
2. The student must apply in writing to the Program Director requesting reinstatement in the program. An action plan must be developed to address the reasons the student identified for course(s) failure. The plan must be approved by the Program Director.
3. The Program Director will determine the appropriateness of reinstatement into the program.
4. The reinstated student will be required to comply with the curriculum and requirements in force at the time of reinstatement, including any changes made to the curriculum or prerequisites during their absence from the program.
5. Students who are denied reinstatement may appeal this decision by following the appeal process outlined in the RN to BSN Progression Policy.

Masters of Public Health Program Progressions Policy

All course and practicum education requirements must be completed satisfactorily in order for the student to be eligible for graduation. All course and practicum requirements are published in the course syllabi and expanded upon in the

Student Handbook. Course syllabi are provided to each student before or during the first class contact for each course. Student Handbooks are given to students after acceptance into the Masters in Public Health (MPH) program. MPH program faculty must comply with published syllabi and course goals and objectives as well as published requirements for satisfactory student progress through the program.

1. Students in good standing are required to meet the academic progression standards as stated in the Satisfactory Academic Progression Policy. Failure to meet the SAP standards may result in dismissal from the MPH program.
2. Students accepted into MPH program must achieve a grade of B in all graduate public health courses. Students will be permitted to repeat classes at a maximum of two times in which they scored lower than the required letter grade, the next quarter or session that the coursework is offered. Students who receive more than two incidences of less than a "B" in any public health course will be removed from the MPH program. Given this, a student repeating a course must receive a B in the retake or it will count as their second grade below a B in the program, thus necessitating removal from the program.
3. Students who are removed from a practicum prior to completion will be suspended from the program while the Program Director/Chair investigates the reasons for the removal. If the Program Director/Chair deems the removal is warranted, the student will be removed from the MPH program.
4. If the Program Director/Chair determines that despite removal from the practicum the student has a high probability of entering the profession as a safe, proficient practitioner, the student may be permitted to repeat the practicum course when space permits. If the student is removed a second time, the student will be removed from the program.
5. Students may appeal decisions to the College Dean.

The Family Educational Rights and Privacy Act of 1974, as amended

The Family Educational Rights and Privacy Act of 1974, as amended ("FERPA") sets out requirements designed to afford students certain rights with respect to their education records. In addition, it puts limits on what information South University may disclose to third parties without receiving prior written consent from the student.

I. Procedure to Inspect Education Records

Students have the right under FERPA to inspect and review their education records. A student who wishes to inspect and review his/her records should submit a written request to the registrar. The request should identify as precisely as possible the records the student wishes to inspect. If the requested records are subject to inspection and review by the student, arrangements for access will be made within a reasonable period of time but in no case more than 45 days after the request was made, and the student will be notified of the time and place where the records may be inspected. The school may require the presence of a school official during the inspection and review of a student's records.

Certain limitations exist on a student's right to inspect and review their own education records. Those limitations include, for example, the following: (i) financial information submitted by parents; (ii) confidential letters and recommendations placed in their files prior to January 1, 1975; (iii) confidential letters and recommendations placed in their files after January 1, 1975 to which the student has waived his or her right to inspect and review and that are related to the student's admission, application for employment or job placement, or receipt of honors. In addition, the term "education record" does not include certain types of records such as, by way of example, records of instructional, supervisory, administrative, and certain educational personnel that are in the sole possession of the maker thereof, and are not accessible or revealed to any other individual except a substitute.

When a record contains personally identifiable information about more than one student, the student may inspect and review only the information that relates to him/her personally.

II. Disclosure of Educational Records

South University generally will not permit disclosure of personally identifiable information from the records of a student without prior written consent of the student. Personally identifiable information is disclosed (some items are mandatory, some discretionary) from the records of a student without that student's prior written consent to the following individuals or institutions or in the following circumstances:

1. To South University officials who have been determined by the school to have legitimate educational interests in the records. A school official is:
 1. a person employed by the school or its corporate parent in an administrative, supervisory, academic or research, or support staff position. This includes, but is not limited to human resources and accounting staff for purposes of the tuition reimbursement plan; or
 2. a person employed by or under contract to the school to perform specific tasks, such as an auditor, consultant, or attorney, a person on the Board of Trustees, or a student serving on an official committee or assisting another school official.
 3. Any school official who needs information about a student in the course of performing instructional, supervisory, advisory, or administrative duties for South University has a legitimate educational interest.
2. To certain officials of the United States Department of Education, the Comptroller General of the United States, the Attorney General of the United States, and state and local educational authorities in connection with state or federally supported educational programs.
3. In connection with the student's request for, or receipt of, financial aid necessary to determine the eligibility, amounts or conditions of financial aid, or to enforce the terms and conditions of the aid.
4. To organizations conducting certain studies for or on behalf of the school.
5. To accrediting commissions or state licensing or regulatory bodies to carry out their functions.
6. To parents of a dependent student, as defined in Section 152 of the Internal Revenue Code.
7. To comply with a judicial order or lawfully issued subpoena.
8. To appropriate parties in health or safety emergencies.
9. To officials of another school in which a student seeks or intends to enroll.
10. To an alleged victim of a crime of violence or a non-forcible sexual offense, the final results of the disciplinary proceedings conducted by the school against the alleged perpetrator of that crime or offense with respect to that crime or offense.
11. To persons in addition to the victim of a crime of violence or non-forcible sexual offense, the final results of the disciplinary proceedings described in paragraph 10 above but only if the school has determined that a student is the perpetrator of a crime of violence or non-forcible sexual offense, and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies. (The school, in such instances, may only disclose the name of the perpetrator not the name of any other student, including a victim or witness without the prior written consent of the other student(s)).
 1. Both the accuser and the accused must be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense. Compliance with this paragraph does not constitute a violation of the Family Educational Rights and Privacy Act (20 U.S.C. 1232g). For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution's final determination with respect to the alleged sex offense and any sanction that is imposed against the accused.
12. To a parent regarding the student's violation of any federal, state, or local law or of any rules or policy of the school governing the use or possession of alcohol or a controlled substance if the school determines that the student has committed a disciplinary violation with respect to that use or possession, and the student is under 21 at the time of the disclosure to the parent.
13. Directory information (see Section IV below).
14. Student Recruiting Information as requested by the U.S. Military. Student recruiting information includes ONLY: name, address, telephone listing, age or date of birth, class level, academic major, place of birth, degrees received and most recent educational institution attended. It does not include and South University will not provide: social security numbers, race, ethnicity, nationality, GPA, grades, low performing student lists, religious affiliation, students with loans in default, veteran's status, students no longer enrolled. Students who opt out of the directory also opt out of student recruiting information.

III. Record of Requests for Disclosure

Except with respect to those requests made by the student themselves, those disclosures made with the written consent of the student, or to requests by or disclosures to South University officials with legitimate educational interests and disclosures of directory information (or other exceptions described in the applicable regulations), South University will maintain a record indicating the parties who have requested or obtained personally identifiable information from a student's education records and the legitimate interests those parties had in requesting or obtaining the information. This record may be inspected by the student.

IV. Directory Information

South University designates the following information as directory information. (Directory information is personally identifiable information which may be disclosed without the student's consent):

1. Student's name
2. Address: Local, email and website
3. Telephone number (local)
4. Date and place of birth
5. Program of study
6. Participation in officially recognized activities
7. Dates of attendance
8. Degrees and certificates awarded
9. Most recent previously attended school
10. Photograph of the student, if available
11. Enrollment status (i.e., enrolled, continuing, future enrolled student, reentry, leave of absence, etc.)
12. Student honors and awards received.
13. The height and weight of athletic team members.

Notice of these categories and of the right of an individual in attendance at to request that his/her directory information be kept confidential will be given to the student annually. Students may request nondisclosure of student directory information by specifying nondisclosure, in writing, to the Office of the Registrar, as listed in the Appendix of this catalog. Failure to request nondisclosure of directory information will result in routine disclosure of one or more of the above-designated categories of personally identifiable directory information.

V. Correction of Educational Records

Students have the right under FERPA to ask to have records corrected which they believe are inaccurate, misleading, or in violation of their privacy rights. The following are the procedures for the correction of records:

1. A student must ask the Registrar to amend a record. As part of the request, the student should identify the part of the record they want to have changed and specify why they believe it to be inaccurate, misleading, or in violation of his/her privacy rights.
2. South University may either amend the record or decide not to amend the record. If it decides not to amend the record, it will notify the student of its decision and advise the student of the right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's privacy rights.
3. Upon request, South University will arrange for a hearing and notify the student reasonably in advance of the date, place, and time of the hearing. The hearing will be conducted by an individual who does not have a direct interest in the outcome of the hearing. That individual may be an official of South University. The student shall be afforded a forum for the opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by other people, including an attorney.
4. South University will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence, and the reasons for the decision.

5. If, as a result of the hearing, South University decides that the information is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it will (a) amend the record accordingly; and (b) inform the student of the amendment in writing.
6. If, as a result of the hearing, South University decides that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school.
7. If a statement is placed in the education records of a student under paragraph 6 above, South University will:
 1. maintain the statement with the contested part of the record for as long as the record is maintained; and
 2. disclose the statement whenever it discloses the portion of the record to which the statement relates.

VI. Student Right to File Complaint

A student has the right to file a complaint with the United States Department of Education concerning alleged failures by South University to comply with the requirements of FERPA. The name and address of the governmental office that administers FERPA is:

Family Policy Compliance Office United States Department of Education
400 Maryland Avenue, S.W.
Washington, DC 20202-4605

Please see the Appendix located at the end of this catalog which includes a list of specific contact information by location.

Retention of Student Records

Transcripts and other student records are retained in paper and/or electronic form on each campus. In the event that a campus has changed locations or ceased operations in a geographical area, students should contact the South University central office, 912-201-8134 at the Savannah campus for access to their records.

Military and Veteran Students

Minimum Academic Achievement Standards for Student Receiving Department of Defense Tuition Assistance

In addition to the University's Standards of Satisfactory Academic Progress Policy, in order for a Service member student to continue to receive Tuition Assistance (TA) military education benefits for TA-funded courses, the following minimum academic standards must be achieved.

The Department of Defense requires reimbursement from the Service member if a successful course completion is not obtained. For the purpose of reimbursement, a successful course completion is defined as a grade of "C" or higher for undergraduate courses, a "B" or higher for graduate courses and a "Pass" for "Pass/Fail" grades. Reimbursement will also be required from the Service member if he or she fails to make up a grade of "I" for incomplete within the time limits stipulated by the educational institution or 6 months after the completion of the class, whichever comes first.

Students using TA must maintain a cumulative grade point average (GPA) of 2.0 or higher after completing 15 semester hours/23 quarter hours, or equivalent, in undergraduate studies, or a GPA of 3.0 or higher after completing 6 semester hours/9 quarter hours, or equivalent, in graduate studies, on a 4.0 grading scale. If the GPA for TA funded courses falls below these minimum GPA limits, TA will not be authorized and Service members will use alternative

funding (such as financial aid or personal funds) to enroll in courses to raise the cumulative GPA to 2.0 for undergraduate studies or 3.0 for graduate studies.

The Secretary of the Military Department will establish recoupment processes with the Service member directly for unsuccessful completion of courses.

Advising Point of Contact

Military students are encouraged to ask about academic support, financial aid advising, disability services or career counseling that is made available on campus. Students in campus-based programs should contact the Financial Aid department for financial aid advising, their Academic Advisor for academic support and the Dean of Student Affairs or the Dean of Academic Affairs and Operations for disability services and career counseling. Students in online programs should request information from their Academic Counselor, Student Finance Counselor or Assistant Director of Admissions.

Education Plans for Military Service Members and Veterans

Educational plans will be developed and sent to all of our new and reentry military service members and veteran students. The educational plan will detail how the student will fulfill all of the requirements to graduate from the educational program as well as the expected timeline of program completion.

A second, updated student educational plan, will be provided to the student within 60 days after full acceptance to the University or after all required academic transcripts are received by the school or the student completes 9 quarter credit hours, whichever is achieved first.

A subsequent educational plan will be provided should the student change programs or if anything changes to the student's education goals. The plan will be provided to the student within 60 days of the change occurring.

The student should be cognizant of the length of time it is expected for you to complete the program, as well as the remaining number of months the student may be eligible to receive military education benefits. The student may need to adjust the number of hours you schedule each term or period to assure maximization of your education benefits.

Military Deployment and Re-Enrollment

Allow enrolled members of the Armed Forces, including Reserve Components and National Guard to be readmitted if such members are temporarily unavailable or must suspend enrollment by reason of serving in the Armed Forces.

Notification of Military Service

The student (or an appropriate officer of the Armed Forces or official of the Department of Defense) must give oral or written notice of such service to South University as far in advance as is reasonable under the circumstances. This notice must demonstrate that the interruption to enrollment/attendance is related to fulfilling a military service obligation, but does not have to indicate whether the student intends to return to South University. Alternatively, at the time of readmission, the student may submit an attestation of military service that necessitated the student's absence from school.

Notification of Intent to Return to School

Active duty military students whose attendance is interrupted by military service must give oral or written notice of their intent to return to South University within three years after the completion of the period of military service. Students have up to five years after the completion of the period of military service to return to South University without having to requalify for admission. A student who fails to re-enroll within these periods is subject to South University general readmission policies.

Re-enrollment in South University

Active duty military students whose attendance is interrupted by military service will be re-enrolled in their original program of study and placed in the same academic status as at the time of withdrawal. This academic status means being admitted to the same program to which the student was last admitted, unless the student chooses a different program. The student will be enrolled with the same number of credit hours previously completed, unless the student is readmitted to a different program to which any portion of the completed credit hours are not applicable. The student will be readmitted with the same academic standing (GPA). If the University no longer offers the student's original academic program, the University will work with the student to enroll in an alternative program that aligns with the student's interests.

Voluntary Intent to Continue

Campus-Based and Online Programs

Students in Campus-based and online programs who are in the first session of the quarter who drop/withdraw or are administratively dropped from all of their courses in that session must have a Voluntary Intent to Continue Form on file in order to not be withdrawn from the University. Students will have 4 business days from their date of determination to submit the Voluntary Intent to Continue Form. Students who do not have a Voluntary Intent to Continue Form on file after the fourth business day and are dropped from all of their courses will be administratively withdrawn from the University.

University Holidays

A South University course may begin, end, or include an official campus holiday. If such a holiday occurs, the class meeting would not occur on that date and course assignments due on that date would shift as follows:

- The holiday occurs on the first day of the course term: Assignments shift to the following day.
- The holiday occurs during the course term: Assignments shift to the following day.
- The holiday occurs on the last day of the course term: Assignments shift to the previous day.

Students in online programs follow the official Savannah campus holiday schedule. Individual campus-based programs may have specific policies as to effect of holidays on class meetings, course assignments, and program requirements.

Withdrawal and Drop/Add Policies

Official Withdrawals from the Institution

Official Withdrawals from Campus-based Programs

To withdraw officially from the institution, students must contact their Academic Counselor to provide notification of their intention to withdraw. New students who withdraw from the institution before the end of the first week of class will have no attempted courses shown on their record.

Students who officially withdraw or are administratively withdrawn from a course after the Drop/Add period and before 80% of the course duration will receive a W grade. Students who officially withdraw or are administratively withdrawn on or after 80% of the course duration will receive a WF grade. Students should consult with their Financial Aid Advisor to determine the implications of adding or dropping a course.

Students who withdraw or are administratively withdrawn from all courses in a quarter will be withdrawn from the University. Students who fail to register for a quarter will be withdrawn from the University.

Physician Assistant Program Course Withdrawal Policy

Any student considering withdrawal from the Physician Assistant program must meet with the Program Director. Dropping or withdrawing from any Physician Assistant course automatically withdraws the student from the Physician Assistant program. If the student chooses to withdraw from the Physician Assistant program, the student will be directed to the Academic Counselor and Financial Aid offices. If a student elects to return to the Physician Assistant program, the student must follow the PA Program Withdrawal and Reinstatement Policy in the South University Catalog. Due to the sequencing of the courses, the student must re-enter the program at the appropriate term cycle. There is no guarantee of reinstatement for a student who withdraws from the Physician Assistant program.

Pre-Licensure BSN Withdrawal Policy

Any student considering withdrawal must meet with the Nursing Program Director.

Dropping or withdrawing from any nursing course automatically withdraws the student from the nursing program.

If the student chooses to withdraw from the nursing program, s/he will be directed to the Academic Counselor and Financial Aid offices.

If a student wishes to return to the Nursing Program, s/he must follow the program Reinstatement Policy in the South University Catalog.

Due to the sequencing of the courses, the student must reenter the program at the appropriate term cycle.

Due to the limited availability of openings for enrollment, there is no guarantee of reinstatement for a student who withdraws from the Nursing program.

A withdrawal constitutes a program attempt and only two program attempts are allowed by the university.

RN to BSN Withdrawal Policy

Any student considering withdrawing from all courses in a term must meet with his or her Nursing Program Director (campus-based student) and Academic Counselor (online student).

If the student chooses to withdraw, s/he will be directed to the Academic Counselor and Financial Aid offices.

A single course withdrawal while still enrolled in other courses in the program will not constitute a program withdrawal.

Students who withdraw from the RN to BSN program and are out less than six months are eligible to return by contacting their Academic Counselor. The student is withdrawn from the institution but is not considered withdrawn from the program. This break in attendance will not be considered a program attempt.

Students who withdraw and do not resume attendance within six months must follow the reinstatement policy. Breaks in enrollment greater than six months count as a program attempt and only two program attempts are allowed. There is no guarantee of reinstatement.

For emergency situations, please refer to the Undergraduate Nursing Emergency Leave Policy.

Official Withdrawal from Online Programs

Students enrolled in online programs who wish to officially withdraw from the institution must contact their Academic Counselor. Undergraduate students who are enrolling at South University for the first time who officially withdraw from the institution or stop attending in the first 21 days of class will have no attempted courses shown on their record, their enrollment will be cancelled, and all tuition and related fees removed.

Students who officially withdraw or are administratively withdrawn from a course before 80% of the course duration will receive a W grade. Students who officially withdraw or are administratively withdrawn from a course on or after 80% of the course duration will a WF grade.

Veterans

Veterans in either campus-based or online programs should be aware that the Veterans Administration will not pay for a course that a student drops after the first week of class unless extreme circumstances justify course withdrawal. Veterans should consult their Financial Counselor before withdrawing from any class after the first week of the session. Students who are veterans should also contact the Veterans Administration before withdrawing from school.

Dropping and Adding a Course

Drop/Add Period

Students may drop or add a course at the start of each session within their quarter. Each session within a quarter will have a drop/add period of one week.

Students must contact their Academic Counselor to add a course. Students may not be added to a current course after the defined Drop/Add period. However, students may add a course that begins in a future session.

Drop/Add

Students may adjust their schedules without penalty by dropping and/or adding courses during the Drop/Add period. Specific dates are reflected on the academic calendar or can be obtained through the Registrar's office. Students officially withdrawing or administratively withdrawn from a course by the end of the Drop/Add period shall receive a 100% refund of all monies paid for the course and will have that course removed from their academic transcripts. Students are encouraged to consult the professor and/or department chair before dropping any course.

All schedule revisions must be made through the registrar's office, where an official Drop/Add Form must be completed. For students in online programs, schedule revisions must be made through their Academic Counselor. Students should consult with financial aid to ascertain implications of schedule changes. Courses cannot be added after the late registration period indicated on the University calendar.

Dropping Courses

Courses that are dropped after the Drop/Add period but before 80% of the duration of the course will receive a W grade. Courses that are dropped on after 80% of the duration of the course will receive a WF grade.

Institutional Review Board (IRB)

The mission of South University's IRB is to protect the rights and welfare of human participants in research by reviewing all proposed research to be conducted by or with faculty, staff, and/or students of South University. The IRB will ensure that participants are treated in an ethical manner that is also in compliance with federal regulations and the principles outlined in the Belmont Report. Oversight of the IRB will be maintained by the Vice Chancellor for Academic Affairs (VCAA). This role will include coordination and consultation with the College and School Deans. Direct oversight of the IRB is maintained by the IRB Director of Training and Compliance, Assistant Director of Training and Compliance, and the IRB committee. According to HHS guidelines, an IRB should contain at least five members who are sensitive to community attitudes and knowledgeable about institutional commitments and regulations and as well as applicable laws and standards of professional conduct. There should be at least one member with a nonscientific concern, at least one member with a scientific concern, and at least one member from the community who is not otherwise affiliated with the institution. IRB information is available at the inside South University website. Research applications are submitted to the IRB (irb@southuniversity.edu) and reviewed at regularly scheduled committee meetings.

Intellectual Property Policy

As a creative community of teachers, artists and scholars, South University is committed to encouraging the creation of new works, new ideas, and new forms of creative and scholarly expression. This Policy on Intellectual Property is provided to protect the interests of those who create as well as the interests of South University itself, which supports this creative and scholarly work.

I. Purpose and Scope

The unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject students and individuals to civil and criminal liabilities. Almost all of the music, movies, television shows, software, games and images found on the Internet are protected by federal copyright law. The owner of the copyright in these works has the right to control their distribution, modification, reproduction, public display and public performance. It is therefore generally illegal to use file sharing networks to download and share copyrighted works without the copyright owner's permission unless "fair use" or another exemption under copyright law applies.

Fair use under the federal Copyright Act allows the use without permission of copyrighted material for the purpose of criticism, comment, news reporting or teaching under certain limited circumstances. There is no blanket exception from liability for students or employees of educational university, however, and whether the use of copyrighted material without permission falls with "fair use" or one of the other exceptions in the Act depends on a very detailed, case-by-case analysis of various factors. Students should be aware that sharing music, videos, software and other copyrighted materials is very likely not to be considered a "fair use" and therefore may be a violation of the law. A violation of South University's policy for use of its information technology system can result in termination of network access for the student and/or other disciplinary action including removal of the student from South University.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in

its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at www.copyright.gov.

South University's policies in regard to copyright infringement via the Internet prohibit the illegal downloading or unauthorized distribution of copyrighted materials using South University's information technology system. South University's policies prohibit use of South University's computer network to engage in illegal copying or distribution of copyrighted works such as by unauthorized peer-to-peer file sharing (i.e., the sharing of copyrighted works, typically in digital or electronic files) without permission.

As a creative community of teachers, artists and scholars, South University is committed to encouraging the creation of new works, new ideas, and new forms of creative and scholarly expression. This Policy on Intellectual Property is provided to protect the interests of those who create as well as the interests of South University itself, which supports this creative and scholarly work.

This document expresses South University's policy regarding ownership and usage rights with respect to Intellectual Property (as hereinafter defined). It covers all those who are a part of South University - faculty, staff, students, visiting artists, visiting scholars, or other participants enrolled, employed or affiliated with South University, and this Policy governs in all circumstances, unless South University has modified it through a written agreement connected to a sponsored or commissioned work or as part of work under a grant or contract. Should there be any conflict between the provisions of this Policy and the terms of a separate written agreement between South University and any party, the terms of that separate written agreement will govern. This Policy is not intended to limit "fair use" as defined by U.S. laws.

II. Definitions (if applicable)

The following terms are used throughout the Policy and are defined as follows:

1. *Copyright* - Copyright is the intangible property right granted for a limited period of time by federal statute (Title 17 of the U.S. Code) for an original work of authorship fixed in any tangible form of expression. Copyright provides the owner with five exclusive rights, including the exclusive right to reproduce the work, to prepare derivative works based on the work, to distribute copies of the work to the public by sale or other transfer of ownership (or by rental, lease, license or lending), to display the work publicly and to perform the work publicly (if relevant).
2. *Commissioned Work* - A Commissioned Work is defined as a Work (as defined in paragraph K) that is produced or created pursuant to a written agreement with the Institution and for Institution purposes by (a) individuals not under the employ of the Institution or (b) Institutional Employees (as defined in paragraph D) acting outside the scope of their regular Institution employment, as determined by their existing Institution employment arrangement or contract.
3. *Independent Academic Effort or Creative Activity* - Independent Academic Effort or Creative Activity is defined as the inquiry, investigation, research, or creative activity that is carried out by faculty, staff and Students of the Institution working on their own, that advances knowledge or the development of the arts, sciences, humanities, or technology where the specific direction, methodology, and content of the pursuit is determined by the faculty, staff member(s), or Student(s) without the direct assignment, supervision, or involvement of the Institution.
4. *Institutional Employee* - An Institutional Employee is a full-time or part-time faculty member, visiting faculty, adjunct faculty, artist, scholar, or fellow (as defined in the Faculty Handbook), or a full-time or part-time staff member (as defined in the Staff Handbook), or Student, who is employed by the Institution or who is working under an Institution contract, either expressed or implied.
5. *Intellectual Property* - Means: (i) trademarks, service marks, brand names, trade dress, assumed names, trade names, slogans, URLs, domain names, logos and other indications of source, sponsorship or affiliation, together with all associated goodwill (whether the foregoing are registered, unregistered or the subject of a pending application for registration); (ii) inventions, developments, improvements, discoveries, know how,

- concepts and ideas, whether patentable or not, in any jurisdiction; (iii) patents, patent applications and patent disclosures; (iv) trade secrets and proprietary or confidential information; (v) writings and other works of authorship, whether subject to copyright protection or not, in any jurisdiction, including but not limited to literary works (such as books, scholarly articles, journal articles and other articles, theses, research, course syllabi, curricula, exams, instructional and evaluation materials for classes, courses, labs or seminars, study guides, student rosters and attendance forms, grade reports, assessment of student work and projects, course or program proposals, software, data and databases, lecture and presentation materials); musical works (including any accompanying words); dramatic works (including any accompanying music); pantomimes and choreographic works; pictorial, graphic, and sculpture works (including graphic designs; illustrations, photographs, paintings, sculptures and other works of art); motion pictures and other audiovisual works (including films, audio and video recordings and multimedia projects); sound recordings; architectural works; and compilations; and (vi) copyrights, copyright registrations and applications for registration of copyrights in any jurisdiction.
6. *Patent* - A United States patent is a grant which gives the owner of the patent the right to exclude all others from making, using, or selling the claimed invention in the United States for a set period of time. Similar rights are granted in other countries, but the discussion of Patents in this Policy will focus specifically on United States patent rights.
 7. *Sponsored Work* - Sponsored Work is a Work (as defined in paragraph K) that is produced or created under an agreement between the Institution and a sponsor which provides the Institution with ownership and/or usage rights to the Work and Intellectual Property produced under the agreement. Sponsored works do not include works created through independent academic effort or creative activity, even when based on the findings of the sponsored project, so long as an agreement does not state otherwise.
 8. *Student* - A Student is a regularly registered, full- or part-time, undergraduate or graduate at the Institution, including students attending the Institution as "special status students": e.g., as participants in Professional Institute for Educators (PIE), Continuing Education (CE), the Pre-College or Saturday programs, or in exchange programs or through special grants or fellowships.
 9. *Substantial Institutional Resources* - Any substantial use of Institution equipment, facilities, time, personnel, or funds, and use of Institution resources that are not "commonly provided", is considered a use of "Substantial Institutional Resources." This use does not include resources commonly provided to Institution faculty and staff, such as offices, library facilities, basic artistic facilities, and everyday telephone, computer, and computer network support. However, substantial time spent in the use of these latter resources may constitute the use of "Substantial Institutional Resources." Resources not considered "commonly provided" include specially procured equipment or space, additional staffing or personnel, utilization beyond normal work hours of Institution personnel, and monetary expenditures that require a budget. Faculty may use the basic artistic facilities unless use infringes on student use of those facilities for coursework.
 10. *Trademark and Service Mark* - A trademark or service mark is any word, phrase, name, symbol, logo, slogan, device, or any combination thereof that is used in trade to identify and distinguish one party's goods or services from those of others.
 11. *Work* - The term "Work" as used in this Policy shall be defined to include all of the items identified in Sections (i), (ii), (iv) and (v) of the definition of Intellectual Property in paragraph E.
 12. *Work Made for Hire* - A "Work Made for Hire" is defined as a Work (as defined in paragraph K) prepared by an employee within the scope of his or her employment.

Consistent with the Copyright Act of 1976, as amended, a Work Made for Hire under this Policy also includes a work specially ordered or commissioned for use as a contribution to a collective work, as a part of a motion picture or other audiovisual work, as a translation, as a supplementary work, as a compilation, as an instructional text, as a test, as answer material for a test, or as an atlas, if the parties expressly agree in a written instrument signed by them that the work shall be considered a work made for hire.

Examples of works made for hire include software programs created within the scope of an employee's duties by a staff programmer, a newspaper article written by a staff journalist for the newspaper that employs him/her, and a musical arrangement or ditty written for a music company by a salaried arranger on its staff.

III. Policy Provisions

The Rights of the Creator of Intellectual Property

A. Faculty, Staff and Student Works

1. General Rule

Subject to the exceptions noted in this Policy, as a general rule, South University does not claim ownership of Intellectual Property developed through Independent Academic Effort or Creative Activity and that is intended to disseminate the results of academic research and scholarship, and/or to exhibit forms of artistic expression on the part of faculty, staff, and Students.

2. Exceptions to the General Rule.

Exceptions to the general rule set forth in III.A.1 above include Intellectual Property developed by faculty, staff, Students and Institutional Employees under any of the following circumstances:

1. The Intellectual Property is developed as a Sponsored Work.
2. The Intellectual Property is developed as a Commissioned Work.
3. The Intellectual Property is developed using Substantial Institutional Resources.
4. The Intellectual Property is developed by the creator within the scope of his or her employment with South University and constitutes a Work Made for Hire.
5. The Intellectual Property is developed by a creator who is assigned, directed or funded by South University to create the Intellectual Property.
6. The Intellectual Property is developed under a grant, program or agreement which provides South University with ownership rights, in whole or in part, to the Intellectual Property.

Under the circumstances described in Section III.A.2 (a) through (f) above, the Intellectual Property shall be owned by South University (or by South University and any other party as specified in any written grant, program or agreement).

The creator of any Intellectual Property that is or might be owned by South University under this Policy is required to make reasonable prompt written disclosure of the Work to an officer designated by South University's Chancellor, and to execute any document deemed necessary by South University to perfect legal rights in South University and enable South University to file applications for registration when desired.

3. Ownership Rights in Specific Types of Works.

For purposes of clarification and without limiting the general rule and exceptions set forth in Sections III.A.1 and 2 above, ownership rights in the following types of Works are allocated as set forth below:

1. Curricular materials including course outlines, curricula, lesson plans, course handouts, PowerPoint and other presentation materials (in all forms and media), course content and syllabi are deemed to be Works Made for Hire and therefore all Intellectual Property associated therewith is owned by South University. Likewise, student rosters, attendance forms, interim grade reports, and assessments of student projects, including all Intellectual Property associated therewith, belong solely to South University.
2. Unless developed under the circumstances set forth in Section III.A.2 (a) through (f), or a written agreement provides otherwise, scholarly articles and papers written for publication in journals, presentations and scholarly papers prepared for seminars and conferences, and personal lecture or teaching notes are typically not considered to be owned by South University as Works Made for Hire or otherwise.
3. If any Intellectual Property to be owned by South University under Section III.A.2 (a) through (f) above is developed jointly with a non-Institution party, the parties' respective ownership and usage rights in the resulting Intellectual Property shall be set forth in a written agreement.
4. Where Intellectual Property is to be developed using Substantial Institutional Resources, authorized representatives of South University will develop a written agreement with the user of those resources, which must be executed by the parties before use of the resources, to identify the nature and terms of the use, including possible reimbursements or other systems of compensation back to South University.

5. Unless a Work is developed under the circumstances set forth in Section III.A.2 (a) through (f), or a written agreement provides otherwise, all Intellectual Property created by faculty during sabbatical are owned by the faculty.
6. Unless the Work is developed under the circumstances set forth in Section III.A.2 (a) through (f), or a written agreement provides otherwise, Intellectual Property created by a Student working on his or her own, or developed in the context of a course, is owned by the Student and South University will not use the Student's Work without the Student's permission to do so.
7. Students working on a project governed by an existing written agreement to which South University is a party are bound by all terms of that agreement.
8. Students hired to carry out specific tasks that contribute to Intellectual Property of South University retain no rights of ownership in whole or in part to that Intellectual Property or to the Student's contribution to that work.
9. Students who wish to work collaboratively with Institutional Employees on projects which involve the creation of Works and Intellectual Property are required to sign and deliver an acceptable written agreement to South University outlining their rights before commencing work on such projects. Either party has the right to initiate such agreement.
10. The rights of South University to a perpetual, worldwide license (exclusive or nonexclusive, as South University deems necessary), to use and reproduce copyrighted materials for educational, research, and promotional purposes must be included in any agreement with a non- Institution sponsor.

B. Independent Contractor Works

As a general rule, South University will own Intellectual Property created by an independent contractor if a written agreement signed by the parties so provides, or South University has specially ordered or commissioned the work and such work is designated as a Work Made for Hire in a signed written agreement between the parties. If South University does not own the Intellectual Property created by an independent contractor, it shall have a right or license to use any Work produced by the independent contractor in the course of performance of the contract, in accordance with the parties' agreement.

IV. Institution's Usage Rights

To the extent that faculty, staff or Institutional Employees retain ownership of Work and Intellectual Property according to this Policy, South University shall have a permanent, non-exclusive, worldwide, royalty free right and license to make educational use of such Work and Intellectual Property, including the right to use, reproduce, distribute, display, perform and modify (i.e. create derivative works) such Work and Intellectual Property in all forms and media now known or hereafter existing in connection with its curriculum, courses of instruction and educational programs, and any related accreditation or promotion of South University . Where practicable, South University will use best efforts to cite the creator of the Work if South University exercises such usage rights.

V. Institution's Marks

Intellectual Property comprised of or associated with South University 's Trademarks and Service Marks, including but not limited to its name, logos, slogans, insignia, and other symbols of identity (collectively the "Marks") belongs exclusively to South University and/or its affiliates. This Policy is designed to protect the reputation of South University and its affiliates, and to prevent the illegal or unapproved use of South University's Marks.

No Institution Mark may be used without the prior, written authorization of the appropriate authorities of South University. However, faculty, staff, and Students may identify their status or professional affiliation with South University as appropriate, but any use of South University's Marks in this regard must avoid any confusing, misleading or false impression of affiliation with, or sponsorship or endorsement by, South University. No products or services may be marked, offered, sold, promoted or distributed with or under South University's Marks without South University's prior written permission and compliance with the licensing policies of South University. All requests for use of Institution Marks must be submitted in writing to an officer designated by the President or Campus Director. The

designated Institution officer retains information concerning what marks, names, logos, symbols, insignias, and related words, phrases, and images currently comprise South University's Marks.

VI. Substantial Use of Institution Resources

Although "Substantial Institutional Resources" is defined (see Section II. Terminology), it is acknowledged that such resources and their use may change over time, with changes in technology, physical infrastructure of South University, modes of employment, etc. Therefore, this Policy allows the Academic Policy Advisory Committee to review the definition of "substantial use" from time to time and implement any changes or clarification to the definitions which South University deems necessary in order to establish an appropriate standard.

VII. Review Scheme

Questions concerning this Intellectual Property Policy should be addressed to the Dean of Academic Affairs and Operations on South University campuses and the Assistant Vice Chancellor of Online Academic Operations for Online.

VIII. Reservation of Rights

South University reserves the right at any time in its sole discretion to modify and/or make changes to the Policy as advisable or appropriate. South University agrees, however, that it will endeavor to notify the entire Institution community through both print and electronic means of its intention to make modifications and/or changes to the Policy at least 30 working days before their enactment.

IX. Effective Date

This Policy supersedes any preexisting Intellectual Property policy of South University and will remain in effect until modified or revoked by South University. This Policy will be binding on all parties who create Intellectual Property after the effective date, and this Policy and other agreements that represent modifications to this Policy shall remain binding on such creators even after their relationship with South University changes or terminates.

X. Governing Law

This Policy shall be governed by and interpreted under applicable federal laws pertaining to intellectual property and applicable state law, without regard to choice of law provisions.

South University Student Affairs

The Office of Student Affairs is responsible for offering programs and services that augment academic programs by stimulating the personal and professional development of students at South University. The Office of Student Affairs also acts as a point of contact for military and veteran students as well as eligible family members.

Program Outcomes

As an extension of the philosophy and mission of South University, the student affairs program strives to inform, educate, and encourage students in their endeavors. In order to achieve its goals, the Office of Student Affairs provides the following in particular:

- An orientation that will inform students of university policies, programs, and activities.
- Support and assistance to students in making realistic decisions about academic and nonacademic concerns.
- International student advising.
- Academic accommodations to students with disabilities in the classroom.
- Resolution for student concerns.
- Programs and activities that will encourage student and alumni involvement and participation in campus life.

The student development program is designed to enhance student life by offering programs and services that add to the classroom experience and encourage personal and professional development.

Specifically, the Student Affairs staff is responsible for the following: orientation, counseling services, community referrals, disability support services, organizations and activities, graduation, alumni engagement, and student conduct.

These student services are described in more detail below. Also included in this section are services offered by the University that do not fall under the supervision of the office of student affairs but are considered to be in the category of student services.

Student Responsibility

Students are responsible for properly completing their academic programs, being familiar with all requirements of the University catalog under which they intend to graduate, maintaining the required grade point average, and meeting all program and course requirements. They are encouraged to seek counsel from faculty advisors or other staff members, but the final responsibility for fulfilling academic requirements remains that of the student.

Students have a right in an academic environment to reserve judgment about matters of opinion and to express their views in a responsible manner. Orderly procedures are provided to allow students the opportunity to question academic evaluations.

Student Support

Advising Services

Short-term counseling services are available to assist students in resolving academic, career, and personal problems. University personnel can help students plan their educational programs, as well as adjust to the demands of university level studies. Personal advising is provided for any student who seeks aid in solving and understanding individual problems. Advising services are available at all campuses during the day and in the evening by appointment through

the dean of student affairs. Students identified as needing additional counseling resources will be referred to external agencies.

Fully online students should contact their Academic Counselor to obtain advising services information.

Declaration of Major

A major is an area of focused study in a degree program approved by the board of trustees. A major curriculum leading to a baccalaureate degree requires a minimum of 180 credit hours in specific courses or approved elective courses. A major curriculum leading to an associate's degree requires a minimum of 90 credit hours in specific courses or approved elective courses.

Students are requested to declare their academic majors before initial university enrollment. The appropriate form for this procedure is distributed during the admissions process and must be completed and returned to the academic counselor no later than registration. Students should then follow the requirements of their program of study found in the University catalog. A student changing a major must complete the Program Change form (available through the academic counselor) at the beginning of the term. The decision to change majors should be made as early as possible to avoid taking unnecessary courses and lengthening the time required to complete a program.

Students using veteran benefits must consult with the campus veteran's affairs officer for advisement before changing their majors.

Military and veteran students are encouraged to ask about academic support, financial aid advising, disability services, or career counseling that is made available on campus. Students should contact Student Affairs on campus for further guidance and information. Fully online students should request information from their Graduation Team.

Digital Bookshelf and Digital Textbooks

South University is in the process of enhancing the learning experience by converting traditional textbooks to electronic media. Students are responsible for reading the Digital Bookshelf and eBook User's Manual publication, which describes the media, access to the materials and the student's rights and responsibilities related to Digital Bookshelf. In the event that a digital textbook is not available, students may need to purchase a traditional textbook.

Digital Bookshelf Preferred Requirements:

Preferred Software Specifications:

Mac OSX 10.5 or 10.6

- OR -

Windows 7 or Vista with Microsoft .Net 3.5 SP1

Latest version of Safari Browser, Mozilla Firefox, or Internet Explorer

Preferred Hardware Specifications:

2.0 GHz INTEL processor

1 GB of RAM

Graphics card capable of 1024 x 768 resolution or larger

Soundcard & speakers

High speed internet access

Digital Bookshelf Minimum Requirements:

Minimum Software Specifications:

Apple Mac OSX 10.4

- OR -

Microsoft Windows XP SP2 or higher
with Microsoft .Net 3.5 SP1

Safari browser 3.0.4 or higher, Mozilla Firefox 2.0 or higher, Internet Explorer 6 or higher

Minimum Hardware Specifications:

1.0 GHz processor

512 MB of RAM

Graphics card capable of 1024x768 screen resolution

Dial-up internet access is the minimum standard, however, a higher speed is recommended

Digital Bookshelf Recommended Plug-ins or Downloads:

The course instructor may employ technology in the eCollege classroom that requires one of these recommended plug-ins or downloads in order to function properly. If the instructor uses the ClassLive technology, Java will be required. If your instructor provides PDF files, Adobe Reader may be required to open and view those files. You can download these items at the time that you need them.

Java

- If Mac - MacOS Classic Java (MRJ 2.2.5) (<http://developer.apple.com/java/index.html>)
- If Windows - Sun's Java 2 SDK (Java 1.5 or Java 1.6) (<http://www.java.com>)
- Adobe Reader (<http://get.adobe.com/reader/>)

Recommendation regarding "Netbooks"

Students often see "Netbooks" (small laptop computers primarily designed for web browsing and emailing) as an affordable option when looking to purchase a computer for classwork. However, it is strongly recommend that students do not purchase a Netbook.

Purchasing a low-price laptop or desktop computer that meets the system requirements outlined above is a much better solution for classwork. While newer Netbooks may meet resolution and screen size requirements for reading your eBooks, much like some older laptops, some older Netbooks may not be able to graphically handle these sites. This means that reading e-texts and participating in the classroom could become difficult. It may be challenging to scroll through your readings and effectively and efficiently work through the material.

Career Services

While the primary focus of the Career Services office is to assist students upon graduation, any enrolled student may seek employment information through this office. Although South University does not guarantee employment, it is vitally important to both the graduate and the University that each student obtains appropriate employment. Therefore, as students approach the final year of their programs, specific and personalized assistance is provided in the preparation of professional resumes and cover letters, as well as in job search strategies and interviewing skills. Career services are provided to South University graduates at no additional charge.

Please see the Career Services Advisor or Dean of Student Affairs for assistance or information.

Campus Security

South University publishes an annual security report that contains information concerning policies and programs relating to campus security, crimes and emergencies, the prevention of crimes and sexual offenses, drug and alcohol use, campus law enforcement and access to campus facilities. The annual security report also includes statistics concerning the occurrence of specified types of crimes on campus, at certain off-campus locations, and on the public property surrounding the campus. The annual security report is published each year by October 1 and contains statistics for the three most recent calendar years. The annual security report is provided to all current students and employees. A copy of the most recent annual security report may be obtained from the Student Affairs office during regular business hours. Copies of the Crime Report are available on the University's website in the Student Consumer Information section.

In addition to the annual security report, South University maintains a crime log recording all reported crimes. The crime log is available for public inspection during regular business hours at the Student Affairs office. South University will report to the campus community concerning the occurrence of any crime includable in the annual security report that is reported to campus security or local police and that is considered to be a threat to students or employees.

South University reminds all students that they are ultimately responsible for their own actions regarding their safety and welfare.

Disability Services

South University provides accommodations to qualified students with disabilities. Disability Services assists qualified students with disabilities in acquiring reasonable and appropriate accommodations and in supporting equal access to services, programs and activities at South University.

Students who seek reasonable accommodations should notify the designated representative at their location of their specific limitations and, if known, their specific requested accommodations. Students will be asked to supply medical documentation of the need for accommodation. Classroom accommodations are not retroactive, but are effective only upon the student sharing approved accommodations with the instructor. Therefore, students are encouraged to request accommodations as early as feasible with The Office of Disability Support Services to allow for time to gather necessary documentation. If you have a concern or complaint in this regard, please contact the Campus Director or President. Complaints will be handled in accordance with the school's Internal Grievance Procedure for Complaints of Discrimination and Harassment.

Please see the Appendix at the end of the catalog for contact information for each South University location.

Health Services

South University does not provide health services. Referrals will be made upon request.

Library Services

South University provides a library for its students at each of its campuses. The libraries are easily accessible and house general and reference books, pamphlets, periodicals, multimedia software, online services, and other non-print media to assist students in their studies. Through intercollegiate borrowing agreements, South University libraries are able to expand their patrons' access to resources outside of their own facilities. In addition, Internet access affords students the opportunity to locate and/or retrieve information from libraries, colleges, database services, and various other institutions throughout the world.

A library manual of policies and procedures is available upon request at the circulation desk. This manual informs students how to use the library at their campus, how the books are arranged, the policy for overdue books, and how to check out materials. Library resources are reserved for use by South University students, faculty and administrative staff.

A library orientation is given each quarter to all students enrolled in UVC1000 Strategies for Success classes. Students are informed of the types of books, periodicals, and multimedia available, how to use the online catalog in locating information, and how to use library resources to the greatest advantage.

The individual campuses post specific library hours.

Organizations

Each student organization must be registered with the office of student affairs, be approved by the dean, and have an approved faculty advisor. The Dean of Student Affairs will assist in obtaining an advisor if necessary. Students who are interested in forming a recognized student organization should see the Dean of Student Affairs for information on how to start a new student organization.

Orientation

The University provides an orientation program each term. The program acquaints new students with academic life and university services. All new students are required to attend. The Student Handbook and information regarding alcohol and drug abuse and the campus security report are available electronically. Information sheets that contain the exact URL (electronic address on the web) are distributed to all students at orientation. Students may request a paper copy of these documents from the Dean of Student Affairs.

All new fully online students are required to complete an online orientation course before starting classes. This orientation covers the expectations, policies, and procedures associated with online learning at South University and provides students with an opportunity to practice working within the online classroom environment. It is absolutely necessary that students are prepared to begin working within the online classroom environment on the first day of class, as they will not have the time to orient themselves once classes are underway.

ROTC

Reserve Officer Training Corps (ROTC) studies in Aerospace Science (US Air Force) and Military Science (US Army, Navy Marine Corps) are available to South University Tampa students.

Students are responsible for registering for the appropriate courses and maintaining compliance with ROTC regulations.

Veteran and Military Services

A Veterans Affairs (VA) school certifying official is available at each campus to assist students with benefit information. The financial aid office can direct students to the appropriate University personnel.

South University is required to obtain and evaluate all previous post-secondary and military transcripts for students using Department of Veterans Affairs (VA) and Department of Defense (DoD) education benefits. For all students receiving VA and DoD education benefits, it is the student's responsibility to provide official transcripts from all post-secondary educational institutions and military training and experience. For students attending schools located in the states of Alabama, Florida, North Carolina and South Carolina, the VA State Approving Agency in these states require South University to hold certification of enrollment to the VA for students who have failed to provide official transcripts by the completion of the second term.

Policies

Inclement Weather Policy

In the event of severe weather conditions, students will be notified of the cancellation or delay of classes via the South University My Campus Alert System. . Whenever possible, notification of cancelled or delayed courses will occur at least three (3) hours prior to the course start time. Cancelled courses may require make-up course meeting times, or additional assignments. Faculty will notify students at the next regularly scheduled class meeting how the missed class time will be made up, if warranted.

Students in online courses are expected to meet the weekly attendance requirements. Failure to meet weekly attendance in an online course may result in the student's administrative withdrawal from the course and the University. In the event that a severe weather event prohibits a campus-based student from attending an online class,

the student is expected to communicate with the appropriate faculty member(s) as quickly as is reasonable, and their Academic Counselor. Students in online programs should contact their faculty member(s) as quickly as is reasonable, and their Academic Counselor. Please review the University Attendance Policy for more information.

If classes are not canceled despite inclement weather, students are responsible for any academic work they miss as a result of the weather.

Students may sign up for My CampusAlert by following instructions provided via the welcome e-mail from *Rave Mobility*.

Immunization Policy

South University recognizes all state and federal vaccination and immunization requirements and is responsible for ensuring compliance with applicable requirements. The state specific immunization requirements are listed below.

Institutional Vaccination Requirements:

Some South University programs have additional immunization requirements. Prospective and current students should review the admission requirements for the educational program of their choice for the institutional requirements. In addition, if applicable, the Programmatic Student Handbooks includes information for the maintenance of immunizations during enrollment.

State Vaccination Requirements:

Alabama

The state in which the institution is located currently does not require students to have any specific vaccination to attend the school.

Florida

The information provided below complies with **Florida** Statute § 1006.69, which requires the following:

- Provide detailed information concerning the risks associated with meningococcal meningitis and hepatitis B and the availability, effectiveness, and known contraindications of any required or recommended vaccine to every student, or to the student's parent if the student is a minor, who has been accepted for admission.

Georgia

The information provided below complies with Chapter 12 of Title 31 of the Official Code of **Georgia**, §31-12-3.2, which requires the following:

- Provide information to each newly matriculated new student or any newly matriculated student residing in school sponsored housing about meningococcal disease and the availability of vaccination,
- Require students to return a form confirming receipt of the information and indicating their choice regarding immunization.

North Carolina

- All students enrolling in a campus in North Carolina must provide proof of immunization as required by North Carolina law. Students must provide the required immunization records within 10 weeks of their start date. Failure to provide the appropriate documentation may result in student being unable to register for class.

South Carolina

The state in which the institution is located currently does not require students to have any specific vaccination to attend the school.

Texas

The state in which the institution is located currently does not require students to have any specific vaccination to attend the school.

Virginia

The state in which the institution is located currently does not require students to have any specific vaccination to attend the school.

Federal Vaccination Recommendations and Requirements:

Vaccination Recommendations for College Students

On February 10, 2005, the Advisory Committee on Immunization Practices (ACIP) for the Centers for Disease Control and Prevention (CDC) voted to recommend that all incoming college freshmen living in dormitories be vaccinated against meningococcal disease. The ACIP also recommended vaccination for all adolescents at high school entry and during pre-adolescent health care visits (11 to 12 years old).

The American College Health Association (ACHA) issued similar immunization recommendations for all first-year students living in residence halls. The ACIP and ACHA recommendations further state that other college students under 25 years of age may choose to receive meningococcal vaccination to reduce their risk for the disease.

ACHA and ACIP recommendations, coupled with the availability of a new vaccine that may provide longer duration of protection, will help increase rates of immunization against meningococcal disease and will give college health professionals the guidance needed to help protect college students against meningococcal disease.

Student Email Communication Policy

South University will provide all applicants and current students a southuniversity.edu email account. This will be considered the student's primary email account while enrolled at South University. All email communication from the University will be sent to the primary email account. Students may add a secondary email account to their record, however, the University will not send official communications to a secondary account. Students have the option of having email forwarded from the primary account to their secondary account.

Code of Conduct

Each student who enters South University commits, by the act of enrolling, to full acceptance of the University Code of Conduct. For ease of reference, the Student Handbook contains the Code of Conduct, disciplinary procedures, and the appeals process.

Professors are not expected to jeopardize the progress of a class by permitting the continued presence of any student whose behavior in any way could adversely affect the class. Inappropriate behavior includes disruptive behavior, or other actions that are not considered proper conduct for a University student. The Code of Conduct also applies to inappropriate actions on campus outside of the actual classroom or while participating in University sponsored activities off campus. The Code of Conduct also applies to online activities that occur on South University websites.

Alleged violations of the conduct code will be referred to the Dean of Student Affairs. See the Disciplinary Procedures section of the Student Handbook for specific details. Violations of the code of conduct may result in disciplinary probation, suspension or dismissal. A full copy of the code of conduct is available in the South University Student Handbook.

General Complaint Procedures

If you have a complaint or problem you are encouraged to follow this procedure:

1. You should discuss complaints with the individual(s) within the appropriate department. Initial discussion should be with the person most knowledgeable of the issues involved or with immediate decision-making responsibility.
2. If you feel that the complaint has not been fully addressed, a written account should be submitted to the Dean of Student Affairs if related to non-academic issues or to the Campus Director/Dean of Academic Affairs and Operations for academic issues. The written account should indicate your name, phone number, and ID and discuss the steps you have taken to remedy the situation.
3. The appropriate South University staff member or department will be notified of the complaint. A follow-up meeting with you and the Dean of Student Affairs and/or Campus Director/Dean of Academic Affairs and Operations will be held within ten school days of the date of the written complaint in an effort to resolve the issue.
4. If you are not satisfied with the results, you may file an appeal with the Campus Director/President's Office. The appeal should be in writing and contain your name and phone number. You should summarize the steps you have taken to remedy the situation and indicate why the results are not satisfactory. You will hear the results of the appeal within ten class days from the date the appeal is received.
5. If you follow this complaint procedure and still feel dissatisfied with the results you may send a written copy of the complaint to:

State/Agency	Brief Description of Complaint Process	Link
Alabama Community College System	<p>Students may file consumer/student complaints with the Alabama Community College System by following these procedures:</p> <ol style="list-style-type: none"> 1. If, after exhausting all available institutional processes, a student's complaint remains unresolved, the student may appeal to the Alabama Community College System using the System's official Student Complaint Form, which is contained in this document and also available online at the ACCS website (www.accs.cc). Students may submit completed complaint forms by printing the form, signing it, and then either (1) scanning it and e -mailing it to complaints@accs.edu or (2) mailing it to: Alabama Community College System Attention: Office of the Vice Chancellor for Instructional and Student Services P.O. Box 302130 Montgomery, AL 36130-2130 2. The Vice Chancellor for Instructional and Student Services or an appropriate administrator designated by the Vice Chancellor will investigate the complaint within 30 days of receipt. 3. The institution which is the subject of complaint has 30 days to provide a written response to questions and/or concerns raised during the investigation. Such response may or may not contain a resolution. 4. The Vice Chancellor or designated administrator will adjudicate the matter and write a report or letter to the institution and student detailing corrective action, if any is necessary, or stating that the school has no violation of policies. 5. If corrective action is needed the institution will have 30 days to comply or develop a plan to comply with the corrective action. 6. The System Office will monitor the institution's compliance to ensure the completion of any required corrective action. 	https://ache.edu/ACHE_Reports/Forms/NRI/federal-reg.pdf
Alaska Commission on	The Alaska Commission on Postsecondary Education (ACPE) processes complaints alleging violations of state institutional authorization law relative to postsecondary institutions or programs in Alaska. The complaint	https://acpe.alaska.gov/ConsumerProtection

Postsecondary Education	<p>investigation process is described in AS 14.48.130 and 20 AAC 17.130-145. A student is encouraged to pursue the complaint/grievance process at their institution prior to contacting ACPE. This process is outlined in the institution's catalog. To request a complaint form please send an email to: EED.ACPE-IA@alaska.gov.</p> <p>For questions or assistance relative to complaints please contact:</p> <p>Kierke Kussart Program Coordinator for Institutional Authorization 907-465-6741 EED.ACPE-IA@alaska.gov</p> <p>Alaska Commission on Postsecondary Education PO Box 110505 Juneau, AK 99811-0505</p>	
Arizona State Board for Private Postsecondary Education	<p>The complaint procedure is stated as follows:</p> <ol style="list-style-type: none"> 1. If a student has a complaint against a licensed institution or program and exhausts all available grievance procedures established by the institution, the student may file a written complaint with the Board. A complaint must be filed within three years of the student's last date of attendance. (This is not a requirement for non-students) 2. The Board's staff shall investigate the complaint if the allegations, if true, violated statute of Board rules. Upon completion of Board staff's investigation, the complaint shall be referred to the Complaint Committee for a review. <p>Based upon the information provided pursuant to subsection A or B of this section, the Complaint Committee may do any of the following:</p> <ol style="list-style-type: none"> 1. Dismiss the complaint if the committee determines that the complaint is without merit. 2. File a Letter of Concern. 3. Refer the complaint to the full Board for further review and action. 	https://ppse.az.gov/complaint
Arkansas Department of Higher Education	<p>If you would like to file a grievance about an institution of higher education that you have attended, please complete the form at the link below. It is recommended that you complete your institutions complaint process before submitting this form. Please note that the Arkansas Department of Higher Education is a coordinating board that coordinates state financial aid, state funding to institutions of higher education and academic program review. ADHE does not have authority over the day-to-day operations of institutions of higher education. We may be able to offer guidance for issues you are having with an institution, but in most cases we cannot issue an immediate solution. If you have a grievance about a for-profit institution, this form may help us to provide you with a resolution.</p>	https://www.adhe.edu/students-parents/colleges-universities/student-grievance-form
California Bureau for Private	<p>Most consumers receive a quality education and have a generally positive experience from attending an approved private postsecondary educational institution (institution). However, in the event a consumer believes an institution's administrative processes or educational programs are</p>	https://www.bppe.ca.gov/enforcement/complaint.shtml

Postsecondary Education	<p>compromised and not up to the required minimum standards, the Bureau should be notified. A complaint may be filed by writing (Complaint Form) or calling the Bureau's Enforcement Section at the following address and telephone number:</p> <p>Bureau for Private Postsecondary Education 2535 Capitol Oaks Drive, Suite 400 Sacramento, CA 95833 Telephone: (916) 431-6959 FAX: (916) 263-1897</p> <p>An alternative avenue for filing a Complaint is to utilize the California Department of Consumer Affairs' (DCA) online Complaint Form (Online Complaint Form). The DCA will forward the Online Complaint to the Bureau.</p> <p>Print and File Complaint Form Online Complaint Form</p> <p>WHO MAY FILE A COMPLAINT</p> <p>Anyone may file a complaint if they believe an approved institution has violated the laws governing the institution's operation. Complaints are most often received from students, their families, other members of the private postsecondary education industry, law enforcement agencies, and other regulatory agencies.</p>	
Colorado Department of Higher Education	<p>To register a complaint pertaining to a postsecondary institution currently operating in the state of Colorado, the student/complainant must complete and submit this form. Once received by the CDHE, department personnel will review the information provided in order to determine whether the complaint is within the parameters of state policies and statutes, and if further investigation and follow-up are necessary. If the student's complaint falls within the jurisdiction of state policies and statutes, staff will pursue the student's complaint. The student/complainant will be kept informed of the progress regarding the complaint. All documentation concerning a student's complaint will be securely maintained by the CDHE.</p>	https://highered.colorado.gov/Academics/Complaints/FileComplaint.aspx
Connecticut Office of Higher Education	<p>How Complaints are Handled We will acknowledge receipt of your complaint in writing, and review it to see if it falls within our regulatory authority. If it does not, we will so notify you, and may refer it to another agency. If it does fall within our jurisdiction, we will notify both you and the school/college, and share a copy of your complaint with the institution with a request for a written response within 20 days regarding the situation and whether appropriate institutional policies, and state statutes and regulations, have been followed. Depending on the institution's response, we may request more information from the institution or from you.</p> <p>Complaints Not Covered The Office of Higher Education can only act to assure that Connecticut independent colleges and postsecondary career schools, and SARA institutions comply with state statutes and policies that we</p>	http://www.ctohe.org/StudentComplaints.shtml

	<p>administer. Complaints regarding other issues should be directed to the entity which specializes in those issues. For example:</p> <ul style="list-style-type: none"> • For complaints regarding employer-employee matters, contact the Connecticut Department of Labor at (860)263-6000 • For complaints regarding discrimination, contact the Commission on Human Rights and Opportunities at (860)541-3400 • For complaints regarding disabilities violations, contact Disability Rights Connecticut at (860)297-4300 or (800)842-7303 • For complaints regarding higher education institutions located in other states, contact the state agency responsible for authorization • For complaints from Connecticut students enrolled in out-of-state SARA institutions, contact the SARA Portal Agency in the state where the institution is located once you have exhausted the complaint process at that institution. 	
Delaware Department of Education	<p>The Delaware Department of Education will investigate complaints. Such complaints must be in writing and verified by the signature of the person making the complaint. Oral, anonymous or unsigned complaints will not be investigated. Until the web site is functional, please write or call for more information. The Delaware Department of Education; Teacher and Administrator Quality; John W. Collette Resource Center; 35 Commerce Way; Dover, DE 19904. The Delaware Department of Education phone number is 302-857-3388.</p>	<p>http://regulations.delaware.gov/AdminCode/title14/200/258.shtml</p>
District of Columbia Education Licensure Commission	<p>Pursuant to DC Official Code §38-1306(c)(4) complaints may be filed with the Higher Education Licensure Commission (HELC, Commission) against postsecondary educational institutions operating in the District of Columbia. Consumers who have experienced a violation of the HELC statute or regulations should complete this form and submit all supporting documents. Georgia Nonpublic Postsecondary Education Commission	<p>Any student who feels that an institution for which GNPEC is the complaint agent has not adequately addressed a complaint, or who feels that the institution is not in compliance with the Commission's Minimum Standards, may file a formal complaint. In order to be considered, a formal complaint must be submitted in accordance with the Commission's Complaint Procedures by using its online complaint form. The complaint must include documentation of the basis of the complaint and of the final determination from the institution indicating no further institutional review is available. If preliminary findings indicate a violation of GNPEC regulations by the institution or a failure to follow its procedures, the Commission shall attempt to resolve the complaint through mediation. All parties will be notified in writing of the outcome of the investigation.</p> <p>In order to be reviewed by the Commission, the complaint must be filed within 90 calendar days of the final resolution from the institution, and it must include the following:</p> <p>Basis for any allegation of noncompliance with GNPEC standards or requirements;</p>	<p>https://gnpec.georgia.gov/student-complaints</p>

	<p>All relevant names and dates and a brief description of the actions forming the basis of the complaint;</p> <p>Copies of all documents or materials related to the allegations, including institutional responses documentation and/or analysis;</p> <p>Proof of completion of the institutional complaint or grievance process; and</p> <p>Desired resolution.</p> <p>The Commission will not review a complaint that fails to provide complete information or does not address an issue that can be reviewed. In no instance will a complaint be accepted for review that has not completed the process published by the institution.</p>	
Hawaii Post-secondary Education Authorization Program Department of Commerce and Consumer Affairs	<p>STEP 1: You may file a complaint with HPEAP after you exhaust all administrative remedies available at the institution. Note, however, if your complaint involves a violation of state or federal criminal law, this requirement does not apply.</p> <p>STEP 2: Are you a former student? If it is still within two years after you discontinued enrollment at the institution, you may file a complaint. If two years has passed, the time within which you could file a complaint has passed. Note, however, that if your complaint is related to obtaining transcripts, the two-year restriction does not apply.</p> <p>STEP 3: Complete and submit the HPEAP complaint form. HPEAP may investigate complaints based on possible violations of Act 180, SLH 2013 or any rules promulgated under this Act. HPEAP does not have jurisdiction to consider complaints that infringe on the academic or religious freedom of, or question the curriculum content of an institution.</p> <p>STEP 4: After you complete the HPEAP complaint form, HPEAP determines whether your complaint was properly filed and whether it warrants investigation. If a complaint warrants investigation, HPEAP forwards the complaint to the institution. The institution has 30 days to respond in writing to the complaint. During the 30-day period, the institution, with HPEAP's assistance, may attempt to resolve the complaint with you. If HPEAP determines at any time that the complaint no longer warrants investigation, HPEAP dismisses the complaint.</p> <p>STEP 5: If a complaint is not resolved within the 30-day period, HPEAP may: 1) dismiss the complaint based on the response of the institution or 2) investigate and, where appropriate, take disciplinary action in a manner consistent with Hawaii Revised Statutes chapter 91.</p>	http://cca.hawaii.gov/hpeap/student-complaint-process/
Idaho State Board of Education	This form may be used by a student of a private postsecondary educational institution, distance education, or proprietary school located in Idaho to file a complaint against the institution or proprietary school. Prior to filing a complaint with the Idaho State Board of Education (SBOE), the student must have first exhausted the institution or school's internal complaint	https://boardofed.idaho.gov/higher-education-private/private-colleges-degree-granting/student-complaint-procedures/

	<p>resolution process. If your complaint involves a claim of a deceptive or unfair business practice, please contact the Office of the Idaho Attorney General.</p> <p>Legal authority: Idaho Code, Title 33, Chapter 24 and Idaho Administrative Code of Procedures, 08.01.11.</p> <p>This form may be submitted by mail or fax to the following address:</p> <p>Attn: State Coordinator for Private Colleges & Proprietary Schools Office of the State Board of Education 650 W State Street PO Box 83720 Boise, ID 83720-0037 Fax number: 208-334-2632.</p> <p>Please direct questions regarding use of this form to Val Fenske at: valerie.fenske@osbe.idaho.gov, phone: 208-332-1587.</p>	
Illinois Board of Higher Education	<p>Step 1: Follow the institution's complaint procedures. You must first make all attempts to resolve the matter directly with the institution. Check the institution's website, student handbook, and/or course catalog for information regarding the institution's complaint procedures.</p> <p>In cases of criminal activity, contact the proper authorities (e.g. campus security or local police) immediately.</p> <p>Step 2: Prepare to register a formal complaint with IBHE. After you have made all attempts to resolve your issue(s) with the institution, IBHE may intercede with the identified institution depending upon pertinent laws governing agency oversight.</p> <p>Some institutions are under different oversight statutes, thus limiting IBHE's authority to address complaints.</p> <p>Board of Higher Education Act 1961 Private College Act 1945 Academic Degree Act 1961 Private Business and Vocational Schools Act of 2012</p> <p>Gather all the documentation you have collected during your attempt to resolve the matter directly with the institution.</p> <p>Step 3: Register a complaint using IBHE's Institution Complaint System. You may register a new complaint or update an existing complaint. Providing personal information is voluntary. However, if you wish to remain anonymous, IBHE will not be able to contact you or address your formal complaint. Anonymous complaints will be reviewed, logged, and counted in IBHE reports about institutional complaints.</p>	http://complaints.ibhe.org/
Indiana Commission on	<p>STEP 1</p> <p>If a student has concerns related to classroom situations or administrative actions, he/she should contact the faculty or staff member(s) with whom he/she has a conflict. It may be possible to resolve the concerns without the</p>	https://www.in.gov/che/2744.htm

Higher Education	<p>need for formal institutional action. However, if the student's complaint is not resolved satisfactorily, or if the complaint cannot be resolved by contacting the faculty or staff member(s), the student should proceed to STEP 2.</p> <p>STEP 2 The student should file a complaint through his/her institution of higher education's established complaint process. Information on the process can usually be found in the institution's academic catalog, student handbook or website. If the student is unable to resolve the complaint in this manner, he/she should proceed to STEP 3.</p> <p>STEP 3 After receiving a complaint through our complaint form, Commission staff will review the submitted materials and contact the submitter for any required additional information or clarifications. The Commission will then send a copy of the complaint to the institution against which the complaint has been filed and ask for a response within three weeks. After receiving the college or university's response, Commission staff will determine whether the institution's student complaint process has been followed and exhausted and what additional steps or follow-up may be taken. The Commission will inform both parties involved in the complaint.</p> <p>If you have additional questions about the complaint process, or want to clarify that your individual complaint is reviewable by the Commission, please feel free to contact complaints@che.in.gov.</p>	
Iowa College Student Aid Commission	<p>Iowa College Aid has created this form to document concerns and complaints related to a school (a postsecondary education institution). Iowa College Aid accepts concerns and complaints from any student attending an Iowa school, regardless of the student's state of residency, and from an Iowa resident attending any school in the United States. Iowa College Aid will review submitted forms and determine the appropriate course of action. Actions may include, but are not limited to: contacting the student, contacting the school in question and/or referral to another agency. In all cases, the student will receive written response to his or her dispute and the dispute from will be retained for Iowa College Aid's records.</p>	https://iowacollegeaid.col.qualtrics.com/jfe/form/SV_9Br0hqNMto1FIIT
Kansas Board of Regents	<p>Individuals with a complaint about a private or out-of-state school operating in Kansas must use the online submission form provided below and provide the requested information. Failure to do so may result in the Board office being unable to accept or process the complaint.</p> <p>If the Board office receives the completed complaint form together with any other pertinent written information, Board staff will ordinarily take the following steps:</p> <ul style="list-style-type: none"> Review the submitted information in order to determine if it is sufficient. If insufficient information has been submitted, the complainant will be so informed and given a deadline for submitting additional necessary information. 	https://www.kansasregents.org/academic_affairs/private_out_of_state/complaint_process

	<ul style="list-style-type: none"> Once sufficient information is provided, the Board office will determine if it has jurisdiction and authority over the matter. If it does not, the complainant will be so informed and the file closed. If the complaint appears to involve matters over which the Board has legal authority, the Board office will conduct an investigation in the manner that it deems appropriate under the circumstances. In most instances the school will be contacted, provided a copy of the written complaint, and given an opportunity to respond to it in writing. In other situations, the Board office may conduct interviews and speak to witnesses including the involved parties. Based upon the results of the investigation, the Board office will determine whether the matter has been resolved or requires further action by the Board. The matter may also be referred to other governmental agencies that may have authority over aspects of the complaint such as the Consumer Protection Division of the Office of the Attorney General or a District/County Attorney. The complainant will be notified of any proposed resolution or final action by the Board office, if doing so will not compromise any further investigation or adjudicative actions, and will always be informed when their complaint file is being closed. 	
Kentucky Council on Postsecondary Education	To report an issue with a college or university operating in Kentucky, please complete and submit the online form.	http://cpe.ky.gov/campus/es/consumer_complaint.html
Louisiana Board of Regents	<p>The first step for students who wish to file a complaint against a Louisiana institution is to exhaust all of the institution's student complaint or grievance procedures. An institution's student complaint or grievance procedures are typically available in the academic catalog or student handbook on the institution's website.</p> <p>Once the institution's procedures have been exhausted, if the matter remains unresolved, a complainant should contact their institution's respective system office. To identify your institution's system office, click here.</p> <p>After making every reasonable effort to resolve the dispute directly with the institution and system office, if a solution cannot be reached, an individual may submit a written complaint to the Board of Regents. BoR staff will review the facts and facilitate in the resolution of the complaint in a manner consistent with its role as the coordinating board.</p>	https://regents.la.gov/students-parents/student-complaint-process/
Maine Department of Education	Complaints shall be addressed in writing to the Maine Department of Education, Office of Higher Education, Augusta, Maine, 04333, with specific facts and allegations and signed by the complainant. The school shall be notified of any complaints which are to be investigated. For more information, please contact Harry W. Osgood, Higher Education Specialist, Maine Department of Education, Augusta, Maine 04333, 207-624-6846.	No link available
Maryland Higher	A student must first exhaust the complaint/grievance procedures established by the institution. Specific types of complaints are handled by different agencies or organizations. A student must submit a complaint to the	https://mhec.maryland.gov/institutions_training/Pa

Education Commission	appropriate agency or organization. Complaints involving alleged violations of the Education Article or the Code of Maryland Regulations (COMAR) Title 13B Maryland Higher Education Commission, or a Private Career School's own written institutional policies, may be submitted to MHEC. A complaint pertaining to matters other than those addressed in the Education Article or COMAR Title 13B, or pertaining to the institution's approved policies, will not be entertained by MHEC, nor will it be referred to another agency or organization.	ges/career/pcs/complaint.aspx
Massachusetts Department of Higher Education	<p>After a student submits a complaint to the Board of Higher Education, the complaint is referred to the institution it concerns for explanation, response, and resolution, if possible. The institution generally has 30 days from its receipt of the complaint from the Board to provide a response to the student and the Board. If the forthcoming clarification and response do not satisfy the Board, the matter shall be referred to the Consumer Protection Division and/or the Public Charities Division of the Attorney General's Office.</p> <p>An institution's own Board of Trustees has the authority and responsibility to establish and enforce policies necessary for the management of the institution. The Board of Higher Education cannot require any institution to take any specific action in a matter and cannot provide students or other complainants with legal advice.</p>	https://www.mass.edu/forstufam/complaints/complaints.asp
Michigan Department of Licensing and Regulatory Affairs	<p>If the student is unable to resolve the complaint through the institutions complaint process they can file a complaint with CSCL. If a student wishes to complete and submit a complaint, they should complete the CSCL complaint form and attach any pertinent additional documentation.</p> <p>After CSCL receives a completed complaint form, its staff will review the submitted materials and determine if CSCL has authority to investigate. If CSCL needs additional information or clarifications, CSCL will contact the complainant. If CSCL has authority to investigate the complaint, they will forward a copy of the complaint to the institution against which the complaint has been filed and ask for a response within three weeks. After receiving the institutions response, CSCL staff will determine whether the institution's student complaint process has been followed and exhausted and what additional steps or follow-up may need to be taken. The Department will inform both parties involved in the complaint of the outcome of the investigation.</p>	https://www.michigan.gov/documents/lara/Post-Secondary_Student_Complaints_498839_7.pdf
Minnesota Office of Higher Education	<p>How to File a Complaint</p> <p>If you are unsure about whether you should file a complaint:</p> <p>Consider contacting us first to discuss your complaint. We can explain the complaint procedures and let you know whether the Office of Higher Education, or another agency, can address your problem.</p> <p>You must fill out the student complaint form in order for us to address your complaint.</p> <ul style="list-style-type: none"> • Include as much detail as possible, including the exact nature of the complaint, dates of incidents, names of people at the institution that have been involved, who you have worked with in 	http://www.ohe.state.mn.us/mPg.cfm?pageID=1078

	<p>trying to resolve the complaint internally, and copies of any written documentation. Specificity will be critical to our office's investigation.</p> <ul style="list-style-type: none"> • Attach documentation to the student complaint form. • Keep records that provide evidence of the problem and your efforts to solve it through internal processes. Documentation will help you make your case with the institution and help us learn about the issue and investigate. • Send the student complaint form to the Office of Higher Education. <p>Our office needs a "wet" signature as the signature on the back is the privacy release that our office needs to speak to the school about your academic file. The complaint form can be digitized (by scanning or taking a photo with a smart phone) and then emailed, mailed, or faxed it to the contact information below:</p> <p>Registration & Licensing Office of Higher Education 1450 Energy Park Drive, Suite 350 St. Paul, MN 55108 651-259-3975 or 1-800-657-3866 secure fax 651-797-1664 betsy.talbot@state.mn.us</p>	
Mississippi Commission on College Accreditation	<p>If a student has exhausted the avenues provided by the institution and the complaint has not been resolved internally, the student may file a formal complaint with the Mississippi Commission on College Accreditation using the MCCA Student Complaint Form within two years of the incident about which the complaint is made.</p> <p>Upon receiving a student complaint, MCCA will initiate an investigation if the matter being disputed falls within its jurisdiction. If preliminary findings indicate a violation of MCCA regulations by the institution, MCCA shall attempt to resolve the complaint through mediation. All parties will be notified in writing of the outcome of the investigation. If the complaint is outside of MCCA's jurisdiction, it may be directed to another agency that is authorized to address the concerns, if appropriate.</p> <p>The student may be contacted during the investigation to submit documented evidence of the allegations against the institution. Students should not submit original documents, as they may not be returned.</p>	http://www.mississippi.edu/mcca/student_complaint_process.asp
Missouri Department of Higher Education	<p>If a mutually agreeable resolution cannot be reached at the institutional level, the student or prospective student may proceed with the MDHE's formal complaint process. The complaint must be submitted in writing, using a complaint form provided by the MDHE. It may be mailed or faxed to the department and should include any other supporting documentation. The MDHE will acknowledge receipt of the complaint, either in writing or by email. Such acknowledgment, however, will not constitute a determination that the complaint addresses a law applicable to the institution or otherwise is a complaint covered by the policy. If there is no indication that institutional</p>	https://dhewd.mo.gov/documents/POLICYONCOMPLAINTRESOLUTION-reviseddraft.pdf

	<p>remedies have been exhausted, the complaint will be returned for that purpose. Prior to initiating this formal process, complainants must first call the MDHE at 573-526-1577 to indicate their desire to file a complaint. At that time, the MDHE will ascertain whether the issue can be resolved through informal means and also determine whether administrative processes available within the institution of concern have been exhausted. If after that screening the complainant still desires to initiate a formal complaint, the MDHE will send the complainant the form to be filled out and returned for that purpose.</p>	
Montana University System, Montana Board of Regents	<p>Individuals with complaints regarding institutions that are operating in Montana, but are not part of the Montana University System, have the following options:</p> <ul style="list-style-type: none"> • Utilize the internal complaint processes of the applicable institution. • Complaints concerning consumer protection violations should be directed to the Montana Department of Justice Office of Consumer Protection. https://dojmt.gov/consumer/consumer-complaints/ • Complaints concerning proper licensure under Montana law (see Board of Regents' Policy 221, http://www.mus.edu/borpol/bor200/221.pdf), including, if applicable, complaints related to State Authorization Reciprocity Agreement standards, may be directed to the Montana University System Office of the Commissioner of Higher Education, 560 N. Park Avenue, PO Box 203201, Helena, Montana 59620-3201, 406-449-9124. • Complaints concerning broad institutional academic practices, such as those that raise issues regarding the institution's ability to meet accreditation standards may be directed to the applicable institution's accrediting agency. 	https://mus.edu/MUS-statement-of-complaint-process.asp
Nebraska Coordinating Commission for Postsecondary Education	<ol style="list-style-type: none"> 1. Any person claiming damage or loss as a result of any act or practice by a postsecondary institution which is a violation of the Postsecondary Institution Act, of the rules and regulations adopted and promulgated under the act, or of standards established pursuant to section 85-2406 may file with the commission a complaint against such institution. The complaint shall set forth the alleged violation and shall contain such other information as may be required by the commission. A complaint may also be filed with the commission by the executive director or the Attorney General. 2. If efforts by the commission to resolve the complaint are not successful and if the commission deems it appropriate, the commission may hold a hearing on such complaint after ten days' written notice by certified mail, return receipt requested, to such institution, giving notice of a time and place for the hearing on such complaint. Such hearing shall be conducted in accordance with the Administrative Procedure Act. If, upon all evidence at the hearing, the commission finds that a postsecondary institution has engaged in or is engaging in any act or practice which violates 	https://nebraskalegislature.gov/laws/statutes.php?statute=85-2418

	<p>the Postsecondary Institution Act, the rules and regulations adopted and promulgated under the act, or the standards established pursuant to section 85-2406, the commission shall issue and cause to be served upon such institution an order requiring such institution to cease and desist from such act or practice. The commission may also, as appropriate, based on its own investigation or the evidence adduced at such hearing or both, commence an action:</p> <ol style="list-style-type: none"> 1. To revoke an institution's recurrent authorization to operate; or 2. To refer the complaint and all related evidence to the Attorney General. 	
Nevada Commission on Postsecondary Education	<p>Students enrolled in a licensed private postsecondary educational institution have the right to register a legitimate complaint with CPE.</p> <p>Prior to filing a complaint, the student must attempt to resolve the issue with school officials according to the policies of the school. If a student is unable to reach a solution, the student can contact CPE and we will attempt to resolve the issue.</p> <p>If a resolution cannot be reached or the student is no longer in attendance, the student can complete a formal complaint form. Formal complaints are investigated by staff with a decision by the Administrator. If either party does not agree with that decision, an appeal to the full Commission may be requested within 10 days of the Administrator decision.</p> <p>Students must provide CPE with a copy of the student enrollment agreement, receipt of monies paid, all support documentation related to the allegation and a written statement. Failure to provide support documentation can impact the length of time to complete an investigation or impact the final outcome. CPE will not communicate with a student concerning the investigation until the investigation is concluded unless the agency requires additional information from the student.</p> <p>Investigations may take several months to complete based the complexity of issues, staff resources and documentation review.</p>	http://cpe.nv.gov/Students/Students_Home/
New Hampshire Department of Education	<p>Before students submit a complaint to this Division, they must first contact the appropriate official(s) at the institution they are attending (or attended), and follow the grievance procedures outlined in that institution's catalog and Web site.</p> <p>Complete the complaint form at bottom of this page if you have:</p> <ul style="list-style-type: none"> • A complaint regarding a NH degree-granting private institution. • A complaint regarding a NH non-degree granting career school (Learn more about the Division's career school policies). • A complaint regarding Dartmouth College, a NH public community college or a NH public university or college (all complaints against these institutions will be reviewed and referred to the proper authorities). Note: these institutions are typically exempt from regulatory oversight of the Division, and as a result complaints received by the Division regarding these institutions 	https://www.education.nh.gov/highered/compliance-allegation.htm

	<p>will almost always be referred directly to the governing board of the subject institution. Exceptions include complaints from online, out-of-state students and complaints from students that have served, or are serving, in the U.S. Armed Forces.</p> <ul style="list-style-type: none"> • A complaint regarding a distance or online education program offered by a NH-based, degree-granting institution and you are an out-of-state student: Note: These complaints fall under NH's participation in the State Authorization Reciprocity Agreement (SARA). • A complaint regarding a NH-based institution and you have served, or are serving, in the U.S. Armed Forces (Learn more about the Division's Veterans Education Services). 	
New Jersey Office of the Secretary of Higher Education	<p>For all types of complaints concerning colleges and universities in New Jersey, the first course of action must be to try to resolve the complaint directly with the administration of the college or university involved. The Office of the Secretary of Higher Education (OSHE) will not review a complaint until all grievance procedures at the institution have been followed, all avenues of appeal exhausted, and documentation provided that such procedures have been exhausted. OSHE handles only those complaints that concern educational programs or practices of degree-granting institutions subject to the Regulations of OSHE, with the exceptions noted below.</p>	https://www.state.nj.us/highereducation/OSHEComplaintInstructions.shtml
New Mexico Higher Education Department	<p>NMHED has authority to help facilitate resolution to student complaints, only after the student has utilized all internal complaint procedures at the educational institution. After receiving a Student Complaint Form, NMHED staff will review the form and attachments. NMHED may contact the student via email for additional information or clarification. If the initial review falls within the purview of NMHED we shall attempt to facilitate a resolution to the complaint by sending a copy of the complaint to the institution against which the complaint has been made. All parties will be notified of the outcome of the complaint. If you have additional questions about the complaint process please contact our office via email at: HigherEd.Info@state.nm.us. Once complete, the form and supporting attachments should be emailed to the attention of the New Mexico Higher Education Department at: HigherEd.Info@state.nm.us</p>	https://hed.state.nm.us/students-parents/student-complaints
New York State Education Department	<p>For all types of complaints concerning colleges and universities in New York State, the first course of action must be to try to resolve the complaint directly with the administration of the college or university involved. The Office of College and University Evaluation will not review a complaint until all grievance procedures at the institution have been followed and all avenues of appeal exhausted and documentation provided that such procedures have been exhausted. Please note: Every New York State college and the university is required to establish, publish, and enforce explicit policies related to redress of grievances. The Office of College and University Evaluation handles only those complaints that concern educational programs or practices of degree-granting institutions subject to the Regulations of the Commissioner of Education.</p>	http://www.nysed.gov/college-university-evaluation/filing-complaint-about-college-or-university

North Carolina Board of Governors	<p>Step 1. Have you filed a complaint at your institution? If yes, proceed to the next step. If no, please refer to your institution's student complaint process. You must exhaust all opportunities for resolution with the appropriate persons at your institution before filing a complaint with the University of North Carolina General Administration.</p> <p>Step 2. Using the student complaint form (available online), submit all relevant information and supporting documentation regarding your complaint to the University of North Carolina General Administration, 910 Raleigh Rd., Chapel Hill, NC 27515 or email your complaint to: studentcomplaint@northcarolina.edu.</p> <p>Step 3. Once received by the UNC General Administration office, complaints will be forwarded to the appropriate staff or agency for investigation as follows:</p> <ol style="list-style-type: none"> 1. Complaints against any of the 17 UNC constituent institutions will be forwarded to the Office of Student Affairs at UNC General Administration 2. Complaints against any of the 58 state community colleges will be forwarded to the North Carolina Community College System 3. Complaints against any of the 36 independent colleges and universities will be forwarded to the North Carolina Independent Colleges and Universities 4. Complaints against any licensed North Carolina institution will be forwarded to the Licensure Division of UNC General Administration 5. Complaints against out-of-state institutions authorized to operate in the state of North Carolina will be forwarded to the Licensure Division of UNC General Administration <p>Step 4. Students will be notified of the investigation results and/or resolution of the complaint.</p>	<p>https://www.northcarolina.edu/sites/default/files/documents/student_complaint_policy.pdf</p>
North Dakota University System	<p>Complaints to the North Dakota University System (NDUS) office regarding North Dakota degree-granting post-secondary institutions authorized or exempted in NDCC and those participating in the National State Authorization Reciprocity Agreement (SARA).</p> <p>The North Dakota State Board of Higher Education has delegated to NDUS college and university officials authority and responsibility to resolve student and other complaints. Absent applicable law or policy establishing another remedy, the first step in resolving student or other complaints or grievances is to attempt to resolve the matter directly with the administration of the involved institution under established institution complaint or grievance procedures. Every North Dakota institution (private, for-profit, and public) is required to establish, publish, and enforce policies related to redress of complaints and grievances. With limited exceptions, a student or other person who contacts the NDUS office regarding complaints regarding exempted or authorized North Dakota institutions or those</p>	<p>https://ndus.edu/state-authorization-sara/</p>

	<p>participating in the SARA will be referred to college or university officials responsible for resolving those matters. In the event that institutional processes do not result in a successful resolution of a complaint, NDUS is responsible for final resolution of any such complaints originating at any authorized, exempted, or SARA participant institution, public or private. Conversely, if you are a North Dakota resident attending a distance education program at a SARA institution in another state, you will need to begin the complaint process at the institution you attend. In the event that institutional processes do not result in a successful resolution of your complaint, the SARA Portal Agency of that state is responsible for final resolution of the complaint.</p>	
Ohio Department of Higher Education	<p>STEP 1 - If a student has concerns related to classroom situations or administrative actions, he/she should contact the faculty or staff member(s) with whom there has been a conflict. It may be possible to resolve the concerns without the need for formal institutional action. However, if the student's complaint is not resolved satisfactorily, or if the complaint cannot be resolved by contacting the faculty or staff member(s), the student should proceed to STEP 2.</p> <p>STEP 2 - The student should file a complaint through the institution of higher education's established complaint process. Information on the process can usually be found in the institution's academic catalog, student handbook or website. If the student is unable to resolve the complaint in this manner, the student should contact the Ohio Department of Higher Education using the online complaint form found below. Please note that the complaint must be received within two years of the completion of the institution's complaint process.</p> <p>STEP 3 - After receiving a complaint through the ODHE complaint form, the Chancellor's staff will review the submitted materials. If needed, the ODHE will contact the person submitting the complaint for any required additional information or clarifications. The Ohio Department of Higher Education will then send a copy of the complaint to the institution against which the complaint has been filed and ask for a response within three weeks. After receiving the college or university's response, the Chancellor's staff will determine whether the institution's student complaint process has been followed and exhausted and what additional steps or follow-up, if any, will be taken. The Chancellor's staff will inform both parties involved in the complaint of the outcome of our review in writing. Depending on the complexity of the complaint, most follow-up contact regarding the complaint will be completed within 4 to 6 weeks.</p>	https://www.ohiohighered.org/students/complaints
Oklahoma State Regents for Higher Education	<p>This complaint form applies to the following:</p> <ul style="list-style-type: none"> • A student who attends a degree-granting institution that has a physical presence in the state of Oklahoma and/or • A student who attends an institution that 1) has its principal or campus or central administrative unit domiciled in Oklahoma and 2) is participating in the State Authorization Reciprocity Agreement (SARA).* <p>If the student pursues the complaint via the institution's formal procedures for complaints to the highest level possible and still perceives the concerns</p>	https://www.okhighered.org/current-college-students/complaints.shtml

	<p>have not been adequately addressed, the student may file a complaint against a higher education institution in Oklahoma with the Oklahoma State Regents for Higher Education (OSRHE).</p> <p>Complaints must be submitted on the official student complaint form. OSRHE staff request permission to contact the institution on the student's behalf to identify any possible resolution.</p>	
Oregon Higher Education Coordinating Board	<p>All degree-granting private postsecondary institutions offering academic programs in Oregon, or to Oregon students from outside the state, must be approved by the HECC Office of Academic Policy and Authorization, Office of Degree Authorization (ODA).</p> <p>If you wish to submit a complaint about a school authorized/regulated by the Office of Degree Authorization</p>	https://www.oregon.gov/highered/institutions-programs/private/Pages/private-postsecondary-complaints.aspx
Pennsylvania Department of Education	<p>If a student believes that the issue was not resolved by the university, the student may file a complaint with the State System's Office of the Chancellor.</p> <ol style="list-style-type: none"> 1. All complaints must be submitted by the student using the System's official complaint form, available at http://www.passhe.edu/StudentComplaints, and as attached. 2. The completed form must be signed by the student and mailed or emailed to Pennsylvania's State System of Higher Education, Academic and Student Affairs Division, Office of the Chancellor, 2986 North Second Street, Harrisburg, PA 17110; 717- 720-4200; studentcomplaints@passhe.edu. 3. The complaint must identify specific fundamental elements, policies, or procedures that have been allegedly violated. The complainant should identify all steps already taken to resolve the complaint within the process provided for by the university. 4. Complaints may be assigned to a staff member for substantive review. The State System recognizes the importance of resolution of complaints as promptly as is feasible, consistent with fairness to the complainant and the university. 	http://www.passhe.edu/inside/policies/Policies_Procedures_Standards/Student%20Complaint%20Process%202016-26.pdf
Puerto Rico Council on Education	<p>Please note, the Puerto Rico Council on Education provides all student complaint information in Spanish. Please see the link provided to submit a link.</p>	http://www.agencias.pr.gov/agencias/cepr/inicio/Pages/default.aspx
Rhode Island Office of the Postsecondary Commissioner	<p>The United States Department of Education Regulation 34 CFR 600.9, the "Program Integrity Rule," as part of its state authorization provisions, requires states to provide a process for students to file complaints relating to programs offered by postsecondary educational institutions authorized under Title IV of the Higher Education Act of 1965, as amended. The specific types of complaints covered by these regulations are:</p> <p>Allegations of state consumer protection violations, including, but not limited to fraud and false advertising;</p> <p>Allegations that state laws or rules addressing the licensure of postsecondary institutions have been violated; and</p> <p>Allegations regarding the quality of education or other accreditation requirements.</p>	https://www.riopc.edu/page/student_complaint/

	<p>If your complaint regards other matters, you are encouraged to seek resolution from that institution first through the institution's internal complaint procedure. In accordance with the Council on Postsecondary Education's Student Complaint Procedure (S-16, section I), if the institution's internal procedure fails to resolve the complaint, the Office of the Postsecondary Commissioner will then refer the student and/or third-party individuals with complaints related to federal or state laws or regulations to the appropriate federal or state agency. In addition, students or other individuals with complaints involving an allegation of criminal and/or illegal activity will be referred to their campus police department, their local police department, or the Rhode Island State Police. Complaints involving allegations of discrimination will be referred to the institution's Affirmative Action Office and/or Rhode Island Commission for Human Rights (or the applicable federal EEOC office).</p> <p>If your complaint deals with an online course or program, the Office can help you seek resolution pursuant to the Council on Postsecondary Education's Student Complaint Procedure (S-16, section II).</p>	
South Carolina Commission on Higher Education	<p>Step 1 - If a student has concerns related to classroom situations or administrative actions, he/she should contact the faculty or staff member(s) with whom he/she has a conflict. It may be possible to resolve the concerns without the need for formal institutional action. However, if the student's complaint is not resolved satisfactorily, or if the complaint cannot be resolved by contacting the faculty or staff member(s), the student should proceed to Step 2.</p> <p>Step 2 - The student should file a complaint through the institution's complaint process. Information about the process can usually be found in the institution's academic catalog, student handbook, or website. Many institutions have an ombudsman to mediate on behalf of the student. If the student is still unable to resolve the complaint, the student should proceed to Step 3</p> <p>Step 3 - Investigate to where assistance may be available from other entities.</p> <p>Step 4 - If the complaint cannot be resolved through the above channels, the student may file a complaint with the Commission. Complete and submit the Commission's complaint form Mail the complaint and required documentation to:</p> <p>SC Commission on Higher Education Academic Affairs Attn: Student Complaint 1122 Lady Street, Suite 300 Columbia, SC 29201 or E-mail: submitcomplaint@che.sc.gov</p>	<p>https://www.che.sc.gov/HE_Docs/academicaffairs/license/Complaint_Procedures_and_Form.pdf</p>

South Dakota Board of Regents	<p>13-48-40. Complaints--Enforcement by attorney general. The Office of Attorney General, Division of Consumer Protection, shall review and act on any complaint, as the term is defined by § 13-48-34, concerning postsecondary institutions providing educational programs at physical locations in the state, including, as necessary, requiring a postsecondary institution to cease its operations in the state. If a complaint relates to a postsecondary institution controlled by the Board of Regents, the attorney general shall refer the matter to the Board of Regents. If a complaint relates to a postsecondary institution with oversight by the South Dakota Board of Technical Education, the attorney general shall refer the matter to the South Dakota Board of Technical Education. In all other cases, the attorney general shall refer the complaint to the institution and provide the institution with no less than thirty days to respond to the matters set forth in the complaint, including an opportunity to demonstrate any actions the institution has taken or plans to take in response to the complaint, and to consider whether the complainant has exhausted all available administrative remedies within the institution's policies and procedures. In administering the requirements of this section, the attorney general may refer a complaint to an institution's accrediting agency for review and investigation, with the accrediting agency providing a report of the agency's investigation to the attorney general for further disposition. In enforcing this chapter, the attorney general has all the enforcement powers, authorities, and remedies provided by chapter 37-24.</p> <p>Source: SL 2012, ch 100, § 7; SL 2018, ch 9, § 4.</p>	http://sdlegislature.gov/Statutes/Codified_Laws/DisplayStatute.aspx?Type=Statute&Statute=13-48-40
Southern Association of Colleges and Schools Commission on Colleges	<p>A formal complaint is one that is (1) submitted in writing using the SACSCOC "Complaint Form" (appended to the end of this document), (2) signed by the person submitting the complaint (complainant), (3) two print copies of the form and any supporting documentation, and (4) sent via ground mail to:</p> <p>President Southern Association of Colleges and Schools Commission on Colleges 1866 Southern Lane Decatur, GA 30033-4097</p>	https://sacscoc.org/app/uploads/2020/01/Complaint-Policy-1.pdf
Tennessee Higher Education Commission	<p>DPSA has the authority to review complaints for purposes of determining whether an institution violated one its internal policies or a DPSA rule or statute. DPSA does not have the authority to review complaints alleging a violation of federal laws or rules (including violations dealing with the administration or disbursement of Federal Student Aid). If you would like to file a complaint complete the Complaint Review Form.</p>	https://www.tn.gov/the/bureaus/student-aid-and-compliance/postsecondary-state-authorization/request-for-complaint-review.html
Texas Higher Education Coordinating Board	<p>The first step for current, former, or prospective students who would like to file a formal complaint against a Texas higher education institution is to exhaust all of the institution's student complaint or grievance procedures as required by Texas Administrative Code (TAC), Section 1.116(b).</p> <p>After all of the institution's student complaint or grievance procedures have been exhausted, if the matter remains unresolved, a formal complaint may</p>	http://www.theccb.state.tx.us/index.cfm?objectid=989FE9A0-2213-11E8-BC500050560100A9

	<p>be filed with the THECB.</p> <p>Before initiating an investigation, the THECB must receive the following:</p> <ul style="list-style-type: none"> Fully completed and signed THECB Student Complaint and Authorization Forms [PDF] - (Complaints from students with disabilities must also include an Authorization to Disclose Medical Record Information Form [PDF] if the complaint in any way involves alleged discriminatory treatment as a result of the disabilities); Documentation of the student's completion of the institution's complaint or grievance procedures, including the ultimate outcome of the procedures; and Evidence to support the complaint, such as copies of correspondence, enrollment agreements, course catalog information, and any other information believed to be relevant to the matter of the complaint. <p>The required documentation may be submitted to the THECB in one of the following three ways:</p> <ul style="list-style-type: none"> Completing the online student complaint form and uploading the required supporting documentation in Portable Document Format (PDF). To access the online student complaint form, submit an email to the THECB through the "Inquiries" link with "Student Complaint against a Higher Education Institution" selected as the Contact Reason. A few moments after the email is submitted, the online student complaint form will be presented for use. Submitting the required student complaint forms and documentation by email to studentcomplaints@theeb.state.tx.us. Email attachments should be submitted as PDF documents. or Mailing the required student complaint forms and documentation to Texas Higher Education Coordinating Board, Office of General Counsel, P.O. Box 12788, Austin, Texas 78711-2788. 	
Utah Division of Consumer Protection	Please see the complaint form in the link provided. Student can file complaints at any time.	https://dcp.utah.gov/complaints.html?f=c
Vermont Agency of Education	<p>Complaints are formal expressions of concern regarding an institution's compliance with the Standards for Accreditation. Complaints meeting seven criteria may be accepted by NEASC:</p> <ol style="list-style-type: none"> Focus on general institutional conditions, not individual grievances. Cite specific Standards or Criteria that may be violated and provide substantial evidence of such violation. Such evidence should state relevant and provable facts beyond general allegations. Demonstrate that a serious effort has been made to pursue grievance or complaint procedures provided within the institution. Be submitted through the U.S. Mail or by common carrier on the Commission's Complaint Form, signed, and include permission for the form and related materials to be forwarded to the 	https://education.vermont.gov/documents/postsecondary-program-complaint-resolution

	<p>institution. The Commission does not accept anonymous complaints.</p> <ol style="list-style-type: none"> 5. Include full disclosure about any other external channels the complainant is pursuing to resolve the complaint, including legal action. 6. Be submitted in a timely manner and refer to current or recent matters at the institution. Except in extraordinary circumstances, the Commission will not consider complaints if the conditions alleged occurred more than three years prior to the filing of the complaint. 7. Include a summary of the resolution the complainant is seeking. 	
<p>Virginia</p> <p>State Council of Higher Education in Virginia</p>	<p>In accordance with § VAC 40-31-100 of the Virginia Administrative Code, the State Council of Higher Education for Virginia (SCHEV) is responsible for investigating all written and signed student complaints against postsecondary educational institutions operating in Virginia.</p> <p>In order for SCHEV to initiate an investigation, the following must be true:</p> <ul style="list-style-type: none"> • The student has exhausted all available grievance procedures established by the institution. • The student is not satisfied with the resolution provided by the institution and is contacting SCHEV as a last resort in the grievance process. • The student has submitted the complaint to SCHEV electronically using the "Student Complaint Form" (below). The student's complaint must contain a detailed description of the claim, including dates, times, and full names of all involved, as well as the actions taken by both the student and the school to resolve the matter. • The student has electronically signed the form attesting to the truth and accuracy of the complaint. • The student recognizes that SCHEV will not investigate anonymous complaints. By signing the form, the student acknowledges that SCHEV may share the information provided with the school or other relevant organizations, in order to help resolve the dispute. SCHEV does not guarantee a resolution resulting from this submission or its investigation into the allegation. <p>Upon receiving a student complaint, SCHEV will open an investigation if the matter being disputed falls within its jurisdiction. If preliminary findings indicate a violation of SCHEV regulations by the institution, SCHEV shall attempt to resolve the complaint through mediation. All parties will be notified in writing of the outcome of the investigation. If the complaint is outside of SCHEV's jurisdiction, it may be directed to the institution's Board of Visitors, accrediting body, or to another agency that is authorized to address the concerns, if appropriate.</p> <p>The student may be contacted during the investigation to submit documented evidence of the allegations against the institution, which may include copies of enrollment agreement, contracts, syllabi, receipts, financial aid notices, promissory notes, or relevant correspondences from the institution related to the complaint. Students should not submit original documents, as they may not be returned.</p>	<p>https://www.schev.edu/index/students-and-parents/resources/student-complaints</p>

	<p>Students are reminded that they always have the right to seek advice from a private attorney. Students should be aware that submission of a complaint will be recorded and may be used for statistical reporting or other purposes.</p>	
Washington Student Achievement Council	<p>The Washington Student Achievement Council (WSAC) has the authority to investigate student complaints against specific schools. WSAC does not have complaint investigation authority over all schools and may not be able to investigate all student complaints.</p> <p>Before submitting a complaint form, please note the following:</p> <ul style="list-style-type: none"> • If a complaint is within WSAC's jurisdiction, a student must provide documentation that he/she has completed the school's complaint process - including any provisions for appeals. • WSAC cannot investigate complaints regarding grades, disciplinary actions, or conduct unless a student can provide evidence that the school has not followed published procedures or policies. • WSAC will not accept anonymous complaints or complaints that are currently in litigation. 	<p>https://www.wsac.wa.gov/student-complaints</p>
West Virginia Higher Education Policy Commission	<p>In order for Council/Commission to initiate an investigation, the following must be true:</p> <ul style="list-style-type: none"> • The student must have exhausted all available grievance procedures established by the institution of higher education. • The student must complete the "Student Complaint Form" and submit the form to the Council/Commission. • The student's complaint must contain a detailed description of the claim, including dates, times and full names of all involved, as well as the actions taken by both the student and the institution to attempt to resolve the matter. • The Student Complaint Form must be signed, attesting to the truth and accuracy of the complaint, and notarized, verifying the identity of the individual filing the complaint. • The student must sign and submit the Family Educational Rights and Privacy Act (FERPA) Consent and Release Form • The student must understand that the Council/Commission will not investigate anonymous complaints. <p>By signing and submitting the Student Complaint Form, the student acknowledges that the Council/Commission may share the information provided with the school, other relevant organizations, and individuals, in order to help resolve the matter in dispute.</p> <p>The Council/Commission does not guarantee a student</p> <ul style="list-style-type: none"> • acceptable remedy or resolution resulting from this submission or its investigation into the allegation. • The student understands and agrees that the decision rendered by the Chancellor of the Council/Commission is final. 	<p>http://www.wvhepc.edu/wp-content/uploads/2014/10/Student-Complaint-Process-revised.pdf</p>

Wisconsin Educational Approval Board	<p>Before filing a complaint with the EAP, state law requires students to try to resolve the matter with the school. Every EAP approved school has a process to resolve student complaints. If the matter is not resolved, a complaint may be filed with the EAP using the Student Complaint Form.</p> <p>Complaints must be filed within one year after the student's last recorded date of attendance. Upon receiving a complaint, it will be investigated by the EAP. If there is a finding of a violation by a school, the EAP will attempt, through mediation, to resolve the complaint. If an agreement cannot be reached with the school, the EAP may dismiss the complaint or conduct a hearing. This student complaint flowchart provides a visual overview of the process.</p> <p>Please note that under Wisconsin's Open Records Law (Wis. Stats., Ch. 19), complaints will generally be available for review on request from a member of the public after the EAP has acted. Please contact the EAP at (608) 266-1996 with questions about the complaint process.</p>	https://dsps.wi.gov/Pages/Programs/EducationalApproval/Student.aspx
Wyoming Department of Education	<p>A student MUST first exhaust the complaint/grievance procedures established by the institution.</p> <ol style="list-style-type: none"> 1. Quality of education pertains to an institution's: 1) courses and programs that require levels of student performance appropriate to a degree or certificate; 2) faculty and staff associated with the degrees and certificates it offers, as well as student services; and 3) the process is designed to promote continuous improvement. 2. Complaints related to quality of education should be submitted to the Private School Licensing Program in the Wyoming Department of Education (WDE) 	https://1ddlxtt2jowkvs672myo6z14-wpengine.netdna-ssl.com/wp-content/uploads/2018/08/Wyoming-Department-of-Education-Student-Complaint-Process.pdf

Student Grievance Procedure for Internal Complaints of Discrimination and Harassment

Students who believe they have been subjected to discrimination or harassment (other than sexual harassment) in violation of the Non-Discrimination Policy should follow the procedure outlined below. (Please note that students who believe they have been subjected to sexual harassment should follow the reporting process in the Sexual Misconduct & Relationship Violence Policy below.) This complaint procedure is intended to provide a fair, prompt and reliable determination about whether the campus Non-Discrimination Policy has been violated.

1. Complainants are encouraged to file a complaint as soon as possible after an alleged incident of discrimination has occurred. Any student who chooses to file a discrimination complaint should do so either with the campus Dean of Student Affairs or with the Campus Director/Dean of Academic Affairs and Operations. Online students should file complaints with SUOStudentAffairs@southuniversity.edu. The complaint should be presented in writing and it should describe the alleged incident(s) and any corrective action sought. The complaint should be signed by the complainant.
2. South University will investigate the allegations. **Both the accuser and the accused are entitled to have others present during a disciplinary proceeding. Both will be informed of the outcome of any campus disciplinary proceeding. For this purpose, the outcome of a disciplinary proceeding means only South University's final determination with respect to the alleged offense and any sanction that is imposed against the accused.** Both the complainant and the accused will have the opportunity to meet and discuss the

- allegations with the investigator and may offer any witnesses in support of their position to the investigator during the course of the investigation. A student may be accompanied during investigation meetings and discussions by one person (family member, friend, etc.) who can act as an observer, provide emotional support, and/or assist the student in understanding and cooperating in the investigation. The observer may not be an attorney, unless otherwise required by local law. The investigator may prohibit from attending or remove any person who disrupts the investigation in the investigator's sole discretion.
3. The student who made the complaint and the accused shall be informed promptly in writing when the investigation is completed, no later than 45 calendar days from the date the complaint was filed. The student who made the complaint shall be informed if there were findings made that the policy was or was not violated and of actions taken to resolve the complaint, if any, that are directly related to him/her, such as an order that the accused not contact the student who made the complaint. In accordance with school policies protecting individuals' privacy, the student who made the complaint may generally be notified that the matter has been referred for disciplinary action, but shall not be informed of the details of the recommended disciplinary action without the consent of the accused.
 4. The decision of the Investigator may be appealed by petitioning the Campus Director/President's Office of South University. The written appeal must be made within twenty calendar days of receipt of the determination letter. The Campus Director/President, or his or her designee, will render a written decision on the appeal within 30 calendar days from receipt of the appeal. The Campus Director/President's decision shall be final.
 5. South University will not retaliate against persons bringing forward allegations of harassment or discrimination.
 6. Matters involving general student complaints will be addressed according to the Student Complaint Procedures, a copy of which can be found in the Student Handbook or Academic Catalog.
 7. For more information about your rights under the federal laws prohibiting discrimination, please contact the Office for Civil Rights at the U.S. Department of Education or visit the website at <http://www.ed.gov/ocr>.

Arizona Residents-If the complaint cannot be resolved after exhausting the institution's grievance procedure, the student may file a complaint with the Arizona State Board for Private Postsecondary Education. The student must contact the State Board for further details. The State Board address is 1400 W. Washington Street, Room 260, Phoenix, AZ 85007, phone 602-542-5709, website address: www.ppse.az.gov.

Arkansas Students-Right to Appeal: If a complaint cannot be resolved after exhausting the institution's complaint procedures, the student may file a complaint with the Arkansas Department of Higher Education 423 Main Street Suite 400, Little Rock, AR 72201; Phone: 501-371-2000, website: www.adhe.edu.

Maryland Residents-If a complaint cannot be resolved after exhausting the institution's complaint procedures, the student may file a complaint with the Office of the Attorney General or the Maryland Higher Education Commission. Complaints should be directed to: Maryland Attorney General, Consumer Protection Division, 200 St. Paul St., Baltimore, MD 21202, 410-528-8662/888/743/0823 (toll free). South University is subject to investigation of complaints by the Office of the Attorney General of the Maryland Higher Education Commission.

New Mexico Residents-If the complaint cannot be resolved after exhausting the institution's grievance procedure, the student may file a complaint with the New Mexico Higher Education Department, 2048 Galisteo Street, Santa FE, NM 87505-2100, Phone: 505-476-8400 Fax: 505-476-8433, www.hed.state.nm.us.

Utah students may contact the Utah Division of Consumer Protection at any time to file a complaint. The Utah Division of Consumer Protection does not require Utah students to go through South University's complaint procedure. Utah Division of Consumer Protection (160 East 300 South, Salt Lake City, Utah 84111, 801-530-6601; consumerprotection@utah.gov; <http://consumerprotection.utah.gov/complaints/index.html>).

Virginia Residents-Complaints, which cannot be resolved by direct negotiation with the school in accordance to its written grievance policy, may be filed with the State Council of Higher Education for Virginia, 101 N. 14th Street, 9th Floor, James Monroe Building, Richmond, VA 23219.

Non-Discrimination Policy

South University does not discriminate or harass on the basis of race, color, national origin, sex, gender, sexual orientation, gender identity or expression, disability, age, religion, veteran's status, genetic marker, or any other characteristic protected by state, local or federal law, in our programs and activities. South University provides reasonable accommodations to qualified individuals with disabilities. South University will not retaliate against persons bringing forward allegations of harassment or discrimination. The campus Dean of Student Affairs has been designated to handle inquiries and coordinate the campus' compliance efforts regarding the Non-Discrimination policy. Please see the Appendix at the end of the catalog for contact information for each South University location.

No Harassment Policy

South University is committed to providing workplaces and learning environments that are free from harassment on the basis of any protected classification including, but not limited to race, sex, gender, color, religion, sexual orientation, age, national origin, disability, medical condition, marital status, veteran status, genetic marker or on any other basis protected by law. Such conduct is unprofessional, unproductive, illegal, and generally considered bad for business.

Consequently, all conduct of this nature is expressly prohibited, regardless of whether it violates any law. (Please note that sexual harassment is more thoroughly addressed in the Sexual Misconduct & Relationships Violence Policy below.)

Sexual Misconduct & Relationship Violence Policy; Procedures for Handling Sexual Misconduct and Relationship Violence Complaints

Note: Please click [here](#) to see the appendix for specific contact lists for each campus and online

South University values civility, dignity, diversity, education, honesty, and safety and is firmly committed to maintaining a campus environment free from all forms of sex discrimination, sexual harassment, and sexual assault. Sexual Misconduct and Relationship Violence, defined more specifically below, are inconsistent with these values, violate institutional policy, and will not be tolerated at South University and are expressly prohibited. Similarly, retaliation for having brought forward a concern or allegation or for participating in an investigation of a report of Sexual Misconduct or Relationship Violence is also expressly prohibited and is grounds for disciplinary action.

This Policy provides information regarding how an individual - whether a student, faculty member, or staff member - can make a report of Sexual Misconduct or Relationship Violence impacting a student and how South University will proceed once it is made aware of any such report.

For faculty and staff members who believe they are the victim of sexual misconduct, please follow our No Harassment policy in the Employee Handbook.

I. Preliminary Issues & Important Definitions

This Policy prohibits "Sexual Misconduct" and "Relationship Violence," broad categories encompassing the conduct defined below. Sexual Misconduct and Relationship Violence can be committed by anyone, including third parties, and can occur between people of the same sex or different sexes and regardless of one's biological sex or transgendered sex. This policy applies to Sexual Misconduct and Relationship Violence that is committed against a student when

that Sexual Misconduct or Relationship Violence occurs: (i) on campus; (ii) off-campus if in connection with a University-sponsored program or activity or in student housing; or (iii) off-campus if allegedly perpetrated by a fellow student, faculty member, staff member, or third party when the victim/reporting student reasonably believes that the off-campus conduct has created a hostile educational environment.

A. What is "Sexual Misconduct"?

Sexual Misconduct includes:

- **Sexual Assault:** Having or attempting to have sexual intercourse, cunnilingus, or fellatio without Consent (as defined below). Sexual intercourse is defined as anal or vaginal penetration by a penis, tongue, finger, or inanimate object.
- **Non-Consensual Sexual Contact:** Any intentional sexual touching with any body part or object by any person upon any person without Consent.
- **Sexual Exploitation:** An act attempted or committed through the abuse or exploitation of another person's sexuality. Examples include, but are not limited to, prostituting another student; inducing a student into sexual intercourse, sexual contact, or other sexual activity by implicit or explicit threat of exposure of personal information or academic consequences; non-consensual video or audio-taping of sexual activity; allowing others to observe a personal consensual sexual act without the knowledge or Consent of all involved parties; and knowingly transmitting or exposing another person to a sexually transmitted infection without the person's knowledge.
- **Indecent Exposure:** the exposure of the private or intimate parts of the body in a lewd manner in public or in private premises when the accused may be readily observed.
- **Sexual Harassment:** unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when it meets any of the following: (a) Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's academic status; or (b) Submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting such individual; or (c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive environment for working, learning, or living on campus.

B. What is "Relationship Violence"?

Relationship Violence includes:

- **Domestic Violence:** Violence, including but not limited to sexual or physical abuse or the threat of such abuse, committed by a current or former spouse or intimate partner or any other person from whom the student is protected under federal or applicable state law.
- **Dating Violence:** Violence, including but not limited to sexual or physical abuse or the threat of such abuse, committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. The existence of such a relationship is generally determined based on a consideration of the length and type of relationship and the frequency of interaction.
- **Stalking:** A course of conduct directed at a specific person that would cause a reasonable person to fear for their own safety or the safety of others or suffer substantial emotional distress. A course of conduct means two or more acts in which a person directly, indirectly or through third parties, by any action, method, device or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person or interferes with a person's property.

The following also constitute violations of this Policy:

- **Complicity:** Assisting, facilitating, or encouraging the commission of a violation of this Policy.

- Retaliation: Acts or attempted acts for the purpose of interfering with any report, investigation, or proceeding under this Policy, or as retribution or revenge against anyone who has reported Sexual Misconduct or Relationship Violence or who has participated (or is expected to participate) in any manner in an investigation, or proceeding under this Policy. Prohibited retaliatory acts include, but are not limited to, intimidation, threats, coercion, or discrimination. To be clear, retaliation against a Complainant for reporting an incident or against any witness who participates in an investigation is strictly prohibited.

C. Who are "Complainants" and "Respondents"?

South University is not a court of law. We also do not engage in victim-blaming or rushes to judgment. Therefore, without judgment, we refer to anyone who reports that s/he has experienced Sexual Misconduct as a "Complainant" and to anyone who reportedly has engaged in Sexual Misconduct as a "Respondent."

D. Defining Consent

In many cases of Sexual Misconduct, the central issue is consent or the ability to give consent. Consent is a voluntary agreement to engage in sexual activity. Consent to engage in sexual activity must exist from beginning to end of each instance of sexual activity. Past Consent does not imply future Consent, and Consent to engage in one form of sexual activity does not imply Consent to engage in a different form of sexual activity. Consent is demonstrated through mutually understandable words and/or actions that clearly indicate a willingness to engage in a specific sexual activity. Consent must be knowing and voluntary. To give Consent, a person must be awake, of legal age, and have the capacity to reasonably understand the nature of her/his actions. Individuals who are physically or mentally incapacitated cannot give Consent.

Silence, without actions evidencing permission, does not demonstrate Consent. Where force, threats, or coercion is alleged, the absence of resistance does not demonstrate Consent. Force, threats, or coercion invalidates Consent. The responsibility of obtaining Consent rests with the person initiating sexual activity. Use of alcohol or drugs does not diminish one's responsibility to obtain Consent or negate one's intent.

Consent to engage in sexual activity may be withdrawn by either person at any time. Once withdrawal of Consent has been clearly expressed, the sexual activity must cease.

Incapacitation is the inability, temporarily or permanently, to give Consent, because the individual is mentally and/or physically helpless due to drug or alcohol consumption, either voluntarily or involuntarily, due to an intellectual or other disability that prevents the student from having the capacity to give Consent, or the individual is unconscious, asleep or otherwise unaware that the sexual activity is occurring. In addition, an individual is incapacitated if he or she demonstrates that they are unaware of where they are, how they got there, or why or how they became engaged in a sexual interaction. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. Some indicators that an individual is incapacitated may include, but are not limited to, vomiting, unresponsiveness, inability to communicate coherently, inability to dress/undress without assistance, inability to walk without assistance, slurred speech, loss of coordination, lack of awareness of circumstances or surroundings, or inability to perform other physical or cognitive tasks without assistance.

E. Title IX Coordinator & Deputy Coordinators

The Title IX Coordinator for South University is: Alisa Krouse, Vice Chancellor for Student Success and Administration. The Title IX Coordinator is responsible for, among other things, coordinating the campus's efforts to comply with and carry out the campus's responsibilities under Title IX of the Education Amendments of 1972, including compliance with this policy. The Title IX Coordinator will help to coordinate any investigations under this Policy.

In addition, the University has other individuals who serve as Deputy Title IX Coordinators to help oversee investigations and determination proceedings under this Policy.

II. Reporting & Confidentiality

We encourage victims of Sexual Misconduct & Relationship Violence to talk to somebody about what happened - so they can get the support they need, and so the University can respond appropriately.

Different employees on campus have different abilities to maintain confidentiality:

- **CONFIDENTIAL REPORTING:** Some individuals are required to maintain near complete confidentiality. The Title IX Coordinator, Alisa Krouse (akrouse@southuniversity.edu) serves in this role. This individual can provide resources and generally talk to a victim without revealing any personally identifying information about an incident to the School. A victim can seek assistance and support from these individuals without triggering a School investigation.
- **NON-CONFIDENTIAL REPORTING.** Other than professional counsellors defined above, most other employees and contractors are required to report all the details of an incident to the Title IX coordinator. A report to these employees (called "responsible employees") constitutes a report to the University and generally obligates the University to investigate the incident and take appropriate steps to address the situation. The following campus employees (or categories of employees) are examples of responsible employees: the Title IX Coordinator, all Deputy Title IX Coordinators, Campus Director/President, Dean of Student Affairs, other Student Affairs staff, Housing staff, Academic Advisors, the Security Team (including contract security personnel), all full-time and adjunct Faculty, Human Resources, and Employee Relations.

The University will seek to protect the privacy and confidentiality of the individuals involved in any report of alleged Sexual Misconduct or Relationship Violence to the extent possible and allowed by law. The Title IX Coordinator will evaluate any request for confidentiality in the context of the University's responsibility to provide a safe and nondiscriminatory environment to all members of its community.

The University will complete any publicly available record-keeping, including Clery Act reporting and disclosure, without the inclusion of identifying information about the alleged victim. It will also maintain as confidential any interim measures or remedies provided to the alleged victim to the extent that maintaining confidentiality will not impair its ability to provide the interim measures or remedies.

In addition to internal reporting, the University strongly encourages anyone who believes they have experienced a sexual assault (or any other crime) to make a report to local law enforcement. Collection and preservation of evidence relating to the reported sexual assault is essential for law enforcement investigations, so prompt reporting of the incident to law enforcement is especially critical. Designated staff will, upon request, assist an individual in making a report to law enforcement as necessary and appropriate.

Although we strongly encourage complainants to report to local law enforcement, such a report is not a prerequisite to the University's review and investigation of any complaint covered by this Policy. The University will honor a Complainant's request not to report the matter to local law enforcement UNLESS we have a reasonable basis to believe that the safety and security of the campus community is at risk. In this event, the University will endeavor to notify a Complainant or Reporter of the institution's intent to report the matter to law enforcement in advance of any such report.

The University does not limit the time frame for reporting under this Policy, although a delay in reporting may impact the University's ability to take certain actions.

Other Code of Conduct Violations: The University encourages students who have been the victim of Sexual Misconduct or Relationship Violence to come forward. Students should not be discouraged from reporting such incidents because they fear discipline for their own violations of the Student Code of Conduct, such as use of alcohol in University housing. Therefore, the University has discretion not to pursue other violations of the Student Code of Conduct that occurred in the context of the reported incident of Sexual Misconduct or Relationship Violence.

III. Response Procedure

Students are encouraged to report any incident of Sexual Misconduct or Relationship Violence to the Title IX Coordinator, Deputy Title IX Coordinator, the Dean of Student Affairs, or the Campus Director/ President. If a report is made verbally, the University will request a written statement by the student.

Upon receipt of a report, the University will generally proceed as described below.

A. Investigation Commencement

The University will provide a timely and thorough investigation. Barring exigent circumstances, cases of Sexual Misconduct and Relationship Violence will generally be resolved within a 60 day period once the incident has been reported. An extension of time may be necessary if witnesses are unavailable or uncooperative or due to other extenuating circumstances beyond the control of the investigator.

B. Initial Response

Once the University is put on notice of possible Sexual Misconduct and Relationship Violence, the Complainant will be offered appropriate confidential support, accommodations, and other resources and will be notified of applicable policies and procedures. Accommodations include the ability to move to different housing, to change work schedules, to alter academic schedules, to withdraw from/retake a class without penalty, and to access academic support. The Respondent also will be offered appropriate resources and notified of applicable policies and procedures.

C. Interim Intervention

Pending a final determination, the Title IX Coordinator and/or Student Affairs staff will take appropriate interim measures. These measures may include, but are not limited to, the imposition of a no-contact order and/or employment, transportation, residence, and academic modifications. Student Affairs staff may limit a student or organization's access to certain University facilities or activities pending resolution of the matter. The University may impose an Interim Suspension on the Respondent pending the resolution of an alleged violation when the University determines, in its sole discretion, that it is necessary in order to protect the safety and well-being of members of the campus community.

D. Decision to Proceed to Investigation

If the Complainant is willing to participate in the review and investigation process, the University will proceed as described below in Section III (E).

If the Complainant requests a confidential investigation, the University will seek to protect the privacy and confidentiality of the Complainant to the extent possible and allowed by law. The Title IX Coordinator will evaluate any request for confidentiality in the context of the University's responsibility to provide a safe and nondiscriminatory environment to all members of its community.

If a confidential investigation is requested and agreed to, the University will investigate without revealing the name of the Complainant in any interview or email and will not ask questions that inadvertently or reasonably could reveal the identity of the Complainant.

If the Complainant asks that the report of sexual misconduct not be pursued, the University will consider the interests of the Complainant, the campus community, law enforcement, and/or other appropriate interests under the circumstances. The University, in consultation with the Title IX Coordinator, will make a final decision on whether and to what extent it will conduct an investigation, and notify the Complainant promptly.

In the event that a campus-wide alert related to the incident is deemed necessary, the campus shall generally attempt to notify the Complainant of the alert and its content before it is circulated. If the campus is unable to contact the Complainant in a timely fashion, or otherwise deems it necessary, the message may be sent without his/her review.

E. Investigation Procedure

Investigators do not function as advocates for either Complainants or Respondents. Investigators can, however, identify advocacy and support resources for either Complainants or Respondents.

The Respondent will receive written notice of the report and the nature of the alleged misconduct. He/She will be advised in writing of the investigation process and opportunity to provide any relevant evidence.

The Investigation will generally be conducted by the Dean of Student Affairs for the campus (or any other individual appointed by the Title IX Coordinator) if the Respondent is a student. If the Respondent is a faculty or staff member, Employee Relations will also participate in the investigation.

The investigator will separately interview both Complainant and Respondent. Both parties will be able to provide evidence and suggest other witnesses to be interviewed. The investigator will interview other relevant witnesses and review any other available relevant evidence. Both the Complainant and Respondent can have another individual present during their own respective interviews. If the Complainant or Respondent elects, they may have an attorney present during their own interview, but said attorney may not advocate during the interview.

F. Determinations

1. For cases where the Respondent is a student.

The investigator will present all evidence to the Title IX Coordinator (or his/her designated Deputy Title IX Coordinator). In all cases, the Title IX Coordinator or the designated Deputy Title IX Coordinator will be appropriately trained regarding handling and considering sexual misconduct and relationship violence cases.

The Title IX Coordinator will weigh the evidence presented and decide whether additional evidence is necessary for consideration. Ultimately, the Title IX Coordinator will make a determination of whether a violation of the Sexual Misconduct & Relationship Violence Policy or any other policy has occurred.

The University reserves the right to convene a Determination Panel to review the evidence and make the determination in appropriate circumstances.

2. For cases where the Respondent is a Faculty or Staff Member.

The investigator will present all evidence to the Ethics Committee of South University. The Ethics Committee will be appropriately trained regarding handling and adjudicating sexual misconduct and relationship violence cases. The Ethics Committee will weigh the evidence presented and make a determination whether a violation of the Sexual Misconduct & Relationship Violence Policy or any other policy has occurred.

G. Standard of Proof

In all cases under the Sexual Misconduct policy, the Title IX Coordinator (or designee) or the Ethics Committee will determine if a violation of policy has occurred by the preponderance of evidence standard. Thus, they will determine whether it is more likely than not that a violation has occurred.

H. Potential Sanctions

If a violation of policy has been found, the Title IX Coordinator or the Ethics Committee will impose appropriate sanctions, including but not limited to coaching, training, probation, suspension, or expulsion in the case of students or coaching, training, written warning, demotion, or termination in the case of employees.

I. Outcome Notifications

Both the Complainant and Respondent will be notified simultaneously in writing of the outcome of the investigation and of the sanctions imposed, if any.

J. Appeals

If the Complainant or Respondent is a student, he or she may appeal the outcome determination by written appeal to the Campus Director/President within 15 days of notification of the outcome. An appeal may be made based only on one or more of the following reasons:

1. New and significant evidence appeared that could not have been discovered by a properly diligent charged student or complainant before or during the original investigation and that could have changed the outcome.
2. The Finding is Arbitrary and Capricious: Reading all evidence in the favor of the non-appealing party, the finding was not supported by reasonable grounds or adequate consideration of the circumstances. In deciding appeals, the Campus Director/President is allowed to make all logical inferences in benefit of the non-appealing party.
3. Disproportionate Sanctions: The sanctions were disproportionate to the findings.

The appeal shall consist of a written statement requesting review of the conduct decision or sanction and explaining in detail the basis for the appeal. The Campus Director/ President, or designated representative, will notify the non-appealing party of the request for an appeal. Within five working days of receipt of the notice, the non-appealing party may submit a written statement to be included in the case file. The appeal may proceed without the non-appealing party's written statement if it is not submitted within the designated time limit.

The Campus President will endeavor to make a determination of the appeal within 15 business days of receipt. The President's decision is final.

Copyright Infringement

The unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject students and individuals to civil and criminal liabilities. Almost all of the music, movies, television shows, software, games and images found on the Internet are protected by federal copyright law. The owner of the copyright in these works has the right to control their distribution, modification, reproduction, public display and public performance. It is generally illegal therefore to use file sharing networks to download and share copyrighted works without the copyright owner's permission unless "fair use" or another exemption under copyright law applies.

Fair use under the federal Copyright Act allows the use without permission of copyrighted material for the purpose of criticism, comment, news reporting or teaching under certain limited circumstances. There is no blanket exception from liability for students or employees of educational institutions, however, and whether the use of copyrighted material without permission falls within "fair use" or one of the other exceptions in the Act depends on a very detailed, case-by-case analysis of various factors. Students should be aware that sharing music, videos, software and other copyrighted materials is very likely not to be considered a 'fair use' and therefore may be a violation of the law.

A violation of the institution's policy for use of its information technology system can result in termination of network access for the student and/or other disciplinary action including removal of the student from the institution. Moreover,

there are severe civil and criminal penalties for copyright infringement under federal law. A copyright owner is entitled to recover actual damages and profits resulting from an infringement, but also may recover statutory damages ranging from \$750 to \$30,000 per work for a non-willful infringement and up to \$150,000 for a willful infringement, even if there is no proof of actual damages, in addition to court costs and reasonable attorneys' fees. The government also can file criminal charges that can result in fines and imprisonment.

South University's policies in regard to copyright infringement via the Internet prohibit the illegal downloading or unauthorized distribution of copyrighted materials using the institution's information technology system. South University's policies prohibit use of the South University computer network to engage in illegal copying or distribution of copyrighted works such as by unauthorized peer-to-peer file sharing (i.e., the sharing of copyrighted works, typically in digital or electronic files, without permission).

Governance and Ownership

The South University Board of Trustees has approval authority over new campuses, senior administrative officers, the Strategic Plan, the annual budget, and further authority as outlined in the Bylaws of the South University Board of Trustees. The position of Chancellor is the highest administrative position at the South University. Campus presidents report to the Vice Chancellor.

South University Board of Trustees: 2020-2021

Michael Colegrove, Chief Executive Officer, Campus Safety Solutions; Vice President Emeritus University of the Cumberland

Kathleen Farley, Board Chair, Chief Executive Officer, Oasis Learning

William Fuqua, Managing Partner, Anesthesia Associates of Savannah

Mike Kendrick, Associate Dean for Global Business, Retired, Lipscomb University

Maria Russ, Pediatric Nurse Practitioner, Evening Pediatrics Urgent Care

Steven K. Yoho, Chancellor and Chief Executive Officer Ex Officio, South University

Ownership

South University, Savannah, LLC; 709 Mall Boulevard, Savannah, GA 31406; is owned by South University - Member, LLC; which is owned by Education Principle Foundation.

South University Campuses

South University's campuses are located in:

- South University, Austin (Round Rock, TX)
- South University, Columbia (Columbia, SC)
- South University, Montgomery (Montgomery, AL)
- South University, Richmond (Glen Allen, VA)
- South University, Virginia Beach (Virginia Beach, VA)
- South University, Savannah (Savannah, GA)
 - South University, Atlanta Off-Campus Instructional Site (Atlanta, GA)
 - South University, High Point Off-Campus Instructional Site (High Point, NC)
 - South University, Online Programs
- South University, Tampa (Tampa, FL)
 - Orlando Off-Campus Instructional Site (Orlando, FL)
- South University, West Palm Beach (Royal Palm Beach, FL)

For all the campuses listed above; Campus-based classes are offered days, evenings, and Saturdays and online 24 hours a day, seven days a week. Class schedules vary according to individual programs of study and by campus.

Campus facilities include faculty offices, lecture classrooms, and labs. To enhance South University's progressive learning environment, campuses are equipped with technology including wireless network, multiple student computer labs featuring Mac and PC work stations, and "smart" classrooms with remote A/V technology. On all its campuses, the University also provides amenities, including a bookstore for the purchase of textbooks and supplies, as well as a student lounge with vending machines.

Campus libraries provide scholarly resources and information services to support the curricula and programs of the University, foster academic and professional research by the University community, and facilitate critical thinking and lifelong learning by students. Library facilities offer comfortable seating and study space for students, wireless capabilities for laptop network connectivity, and reference and interlibrary loan services. Open-stack book collections provide access to reference and circulating materials, and program-specific resources to support class assignments. In addition, all authorized students and faculty have 24/7 access, on and off campus, to the University's online library portal with more than 60 databases in all disciplines, along with more than 50,000 digital textbooks, video clips, images, and full-text dissertations. On all its campuses, South University strives to create a comfortable atmosphere that supports and enhances student learning experiences. Faculty members serve as academic advisors to help students meet their individual goals for graduation. In addition, staff members are attuned to students needs outside the classroom. An annual Student Services survey is circulated to the student body on each campus. Students' responses to questions about the quality of campus services, activities, and amenities help the University administration address issues and prioritize concerns raised by students.

www.southuniversity.edu/austin

The University's Austin campus is conveniently located off Louis Henna Blvd. the intersection of I-35 and TX-45 in Round Rock just north of Austin. The facility includes faculty offices, lecture classrooms, and computer lab space. To enhance students' learning experience, the Austin campus is equipped with wireless internet access, video conferencing equipment, "smart" classroom technology, and student computer labs.

The Austin campus library provides scholarly resources and information services to support the curriculum and programs of the University, foster academic and professional research by the University community, and facilitate critical thinking and life-long learning by students. The library provides comfortable seating and study space for students, wireless capabilities for laptop network connectivity, and reference and interlibrary loan services. The open-stack book collection provides access to reference and circulating materials, and program specific resources to support class assignments. An online library portal with access to over 60 databases in all disciplines is available electronically 24/7 on and off campus to all authorized students and faculty. More than 50,000 digital textbooks, video clips, images and full text dissertations are also included in the library offerings.

South University, Austin offers students a broad-based core curriculum designed to promote critical thinking and effective verbal and written communication. The Austin campus provides a comprehensive education and gives students an opportunity to experience a philosophy that values both learning and a contribution and commitment to the advancement of community.

www.southuniversity.edu/columbia

The University's Columbia campus has a diverse student body enrolled in both day and evening class schedules. The wide range of academic offerings serves students with a variety of interests and provides an engaging mix of backgrounds that enhance the classroom experience.

South University's Columbia campus relocated to the Carolina Research Park in northeast Columbia in fall 2006. The campus features spacious classrooms, multiple computer labs, a fully equipped medical lab, and a student lounge. In 2010, South University opened a new facility on the Columbia campus to house the School of Pharmacy's second location.

Like other South University campuses, the Columbia campus is equipped with technology to support a progressive learning environment, a wireless network, multiple student computer labs featuring Mac and PC computers, and smart classrooms featuring remote A/V technology. The Columbia campus embodies South University's dedication to continually "set the standard for excellence," as evidenced by the resources and services provided for its students.

The library at the Columbia campus is designed to provide a pleasant environment where students may work, research and study and receive reference, technical, and interlibrary loan assistance from a capable library staff. The book collection provides access to reference, reserve, and circulating materials, program-specific resources to support class assignments, tutorial aides, and current events and recreational reading. The Academic Learning Center, which is located in the library, gives students a quiet environment to study and receive assistance.

Note: This South University campus is authorized under Federal law to enroll non-immigrant alien students.

South University's campus in Montgomery, AL, is located on the rapidly growing east side of the state's capital city. Montgomery is a hub of government, banking, and law, as well as one of the state's cultural and entertainment centers. Montgomery is situated in the middle of the southeastern states, less than a three-hour drive from Atlanta, Birmingham, and the Gulf of Mexico.

The Montgomery campus is located in two buildings on a 3.75 acre campus. The facilities include nursing, computer and health professions labs, comfortably outfitted classrooms, a student center, and a bookstore as well as faculty and administrative offices. A new facility housing the nursing and health science classrooms and labs opened in 2010.

The Montgomery campus library provides scholarly resources and information services to support the curriculum and programs of the University, foster academic and professional research by the University community, and facilitate critical thinking and life-long learning by students. The library provides comfortable seating and study space for students, wireless capabilities for laptop network connectivity, and reference and interlibrary loan services. The open-stack book collection provides access to reference and circulating materials, and program-specific resources to support class assignments. An online library portal with access to more than 60 databases in all disciplines is available electronically 24/7 on and off campus to all authorized students and faculty. More than 50,000 digital textbooks, video clips, images and full-text dissertations are also included in the library offerings.

South University's campus in Richmond, VA, is located in the Short Pump area northwest of the city on a 115-acre mixed-use tract containing retail businesses, offices, apartments, and condominiums. The campus occupies almost 30,000 square feet in a building constructed specifically for South University. The facility includes classrooms

equipped with the latest technology, as well as specialized laboratories for the Health Sciences, Nursing and Clinical Mental Health Counseling programs, a library, student lounge, computer lab and a bookstore, and faculty and administrative offices. Committed to help students accomplish their individual educational goals, faculty and staff interact with students in a friendly and professional academic environment.

South University's Richmond campus library provides scholarly resources and information services to support the curriculum and programs of the University, foster academic and professional research by the University community, and facilitate critical thinking and life-long learning by students. The library provides comfortable seating and study space for students, wireless capabilities for laptop network connectivity, and reference and interlibrary loan services. The open stack book collection provides access to reference and circulating materials, and program-specific resources to support class assignments. An online library portal with access to more than 60 databases in all disciplines is available electronically 24/7 on and off campus to all authorized students and faculty. More than 50,000 digital textbooks, video clips, images and full-text dissertations are included in the library offerings.

Computers for student use are available in the library, as well as in two computer labs with 48 work stations. Each workstation offers Internet access, online database services, a suite of office software, tutorials and class support-software.

Note: This South University campus is authorized under Federal law to enroll non-immigrant alien students.

Fax: 912-201-8070

www.southuniversity.edu/savannah

South University's expansive campus in Savannah, GA, is located on the city's south side. The original College of Business building was constructed in 1979. Beginning in 2000, the campus began to experience tremendous expansion and alteration. The College of Business building was renovated and the Health Professions Building opened in 2000 to house classroom and lab facilities for the Physician Assistant, Physical Therapist Assistant and Medical Assisting programs in addition to the campus library, student lounge, and administrative offices. The 25,000-square foot structure, located adjacent to the College of Business building, was designed with expansion in mind with computer and medical labs to meet the changing needs of South University's student body.

In 2002, South University announced the establishment of the South University School of Pharmacy on the Savannah campus, offering the University's first doctoral degree and becoming the first university or college in Savannah to offer a health professions doctorate. The School of Pharmacy facility on the west lawn was completed in 2004.

That same year, South University's Savannah campus expanded its health professions programs by offering a master's degree in anesthesia sciences with a fully equipped operating room and anesthesia laboratory. Also in 2004, Savannah launched its online programs with bachelor's degrees in business and information technology. In 2005 online degree programs expanded with the addition of undergraduate programs and master's level programs in business, health care and criminal justice.

The Savannah campus library provides comfortable seating and study space for students, wireless capabilities for laptop network connectivity, and reference and interlibrary loan services. The open-stack book collection provides access to reference and circulating materials, program-specific resources to support class assignments, tutorial aides, and current events and recreational reading. The adjoining research center, furnished with computer work stations, offers students access to the Internet, on-line database services, an office suite, tutorials and class-support software. The library also houses a computer lab, academic support center, conference room, study rooms, and a distance learning classroom. The staff is prepared to assist students and faculty with their research needs. Students and faculty may

request individual appointments with the librarians for research assistance and instruction or walk in for guidance on locating materials.

Note: This South University campus is authorized under Federal law to enroll non-immigrant alien students.

South University, Online Programs

In 2004, South University's Savannah campus launched online bachelor's degree programs in Information Technology and Business Administration. Designed to deliver the same quality instruction and personalized attention students enjoy on campus, these online programs enable students who do not live near a South University campus-or those who might not be able to attend classes at a set time and place-to pursue an academic degree through South University.

In 2005 South University added Bachelor of Science degree programs in Healthcare Management, Nursing, and Criminal Justice. More recently, the University added a Master of Business Administration (MBA), along with the MBA in Healthcare Administration, Master of Science in Nursing, and Master of Science in Criminal Justice. In 2013 South University added the Master of Public Health degree. The Bachelor of Science in Public Health degree was added in 2016.

South University strives to provide an excellent educational environment for students to explore the academic foundations that can lead to the pursuit of professional aspirations. Online programs at South University are an extension of South University's commitment to providing educational opportunities for the intellectual, social and professional development of a diverse student population.

Programs offered in the online modality from South University utilize an interactive learning method in which the educational experience becomes the shared responsibility of students in the classroom, and faculty members serve as facilitators of learning. Online students participate in an enriched learning experience that includes classroom lectures, discussions, demonstrations, field trips and guest speaker contributions, while enjoying the convenience of flexible, 24-hour access to the online classroom and course materials.

Online course lectures appear in written format and consist of an introduction to activities as well as explanations of textbook reading assignments. Lectures are intended to be catalysts for ongoing class discussions, and the faculty members facilitate discussion by providing additional insight to course subjects by joining and leading topic dialogues. Discussion boards allow for several topics to be addressed at once; therefore, many different sides of a topic can be examined for greater understanding. The faculty member guides discussions to ensure that students proceed toward an ultimate understanding of the subject matter.

The online library provides scholarly resources and information services to support the curriculum and programs of the University, foster academic and professional research by the University community, and facilitate critical thinking and life-long learning by students.

The online library provides access to more than 60 databases in all disciplines available electronically 24/7 to all authorized students and faculty. More than 50,000 e-books, video clips, images, and full-text dissertations are also included in the online library offerings. Online reference assistance is available through e-mail and telephone.

Note: International students present in F-1 visa status are not eligible for online only programs of study.

About Online Courses

Online course sessions run for 4 weeks, 5 weeks, or 10 weeks. Due to the intensive and interactive format of online courses, active participation in courses is a key component of learning and provides a clear indicator of the level of understanding a student has achieved with a topic of study. Part of a student's overall grade for an online course is earned through meeting participation requirements which have been established for all South University online courses. In addition, students will be required to complete and submit the results from study exercises and formal assignments as further demonstration of competency with the skills and concepts covered in a course.

Each online course has the same exit competencies as its campus-based equivalent. Online courses are designed to take advantage of technology, making the learning environment more efficient and maximizing relevance to prior learning and experiences.

Students should contact their academic advisor for information on the length of each course in their program of study.

Taking an Online Program

In order to participate in online classes, students must have computer hardware and software equivalent to the specifications indicated by South University. Prior to registration each quarter, South University provides students with a list of courses to be offered online and the technology requirements for each course. A list of technology requirements is available through the South University, Online Programs Web site (<http://southuniversity.edu>, select South University, Online Programs as the location) and the South University Academic Catalog. Because South University regularly evaluates hardware and software needs to ensure that students taking online courses are utilizing technology in parity with students taking the same courses onsite, students should check for technology updates on a quarterly basis.

Registration for Online Courses

Online students are preregistered for classes by their Academic Counselor. Students will receive their preregistration schedule via notification on the Campus Common. Should a student have a question about the schedule or wish to be contacted by his or her online academic advisor, the student will have the option to do so. South University cannot guarantee course availability for students who register after the preregistration period.

Registration is confirmed for the new student once the online orientation has been completed. Registration is confirmed for the continuing student once a schedule has been received and confirmed through correspondence with the student's academic advisor.

Student Services

Students taking online courses have access to South University business partners for purchasing textbooks, hardware and software. Information about these vendors is provided in the online orientation course. Links to these vendors are located within the online campus.

Career Services

South University, Online Programs maintain a Career Services Department to assist students with locating and securing full-time, entry-level, field-related employment upon graduation.

Although employment in full-time positions is not guaranteed by South University, it is vitally important to both the student and the University that each student obtain appropriate employment. Therefore, as students approach the final quarter of their programs, specific and personalized attention is provided in the preparation of professional resumes and cover letters as well as in job search strategies and interviewing skills.

For more information about the Career Services at South University, Online Programs, please contact 888-444-3404.

Student Support

The Student Support team is available to assist online students. As the primary point of contact, the Student Support team is able to answer most student questions. The team can be reached at 888-444-3404 or studentsupport@southuniversity.edu.

Campus Common

The Campus Common is the "community beyond the classroom." The Campus Common can be accessed from the Student Portal or the online classroom and is a resource for students providing information on many subjects including South University, Online Programs news, tutoring and online discussions.

The Campus Common is also a resource for students providing access information about their account including academics and financial aid. The Student Portal is the gateway to the online classroom and also allows student to view documents such as course catalogs and directories.

Student Financial Aid

South University has a Department of Financial Aid where online students and their families can develop a financial plan to help ensure students' completion of their programs. Specialists from this department will help students complete the federal and state applications for grants and loans applicable to the students' circumstances. Once a student's eligibility for financial aid has been determined, a financial aid specialist will help the student develop a plan for meeting educational expenses. Students may contact the Financial Aid Department by phoning 888-444-3404 or through an email link provided within the South University-Online Programs Web site [<http://southuniversity.edu>, select South University, Online Programs as the location]. Financial aid is available to those students who qualify.

Military Leave Policy for Iowa Residents

Iowa residents who are a member, or a spouse of a member if the member has a dependent child, of the Iowa National Guard or Reserve Forces of the United States and who is ordered to state military service or federal service or duty will be afforded the following options:

1. Withdraw from the student's entire registration and receive a full refund of tuition and mandatory fees.
2. Make arrangements with the student's instructors for course grades, or for incompletes that shall be completed by the student at a later date. If such arrangement is made, the student's registration shall remain intact and tuition and mandatory fees shall be assessed for the courses in full.
3. Make arrangement with only some of the student's instructors for grades, or for incompletes that shall be completed by the student at a later date. If such arrangements are made, the registration for those courses

shall remain intact and mandatory fees shall be assessed for those courses. Any course for which arrangement cannot be made for grades or incompletes shall be considered dropped and the tuition and mandatory fees for the course refunded.

Equipment

Prior to registration, students should obtain a technical specification list for hardware and software that supports the online courses. This list is always available from the download documents section of the online programs course catalog. Students may purchase necessary equipment through the hardware and software partners associated with South University, or through another vendor of choice.

South University, Tampa

4401 North Himes Avenue, Suite 175

Toll-Free: 800-846-1472

Fax: 813-393-3814

www.southuniversity.edu/tampa

Opened in June 2006, South University's Tampa campus is its second in the state of Florida. Centrally located near Raymond James Stadium in one of Florida's fastest growing communities, this campus affords students the opportunity to learn in classroom, laboratory, and community settings. South University's Tampa programs have affiliations with hundreds of local businesses and healthcare facilities, including national corporations and world-renown treatment centers.

Students may enjoy all the culture and excitement a large city has to offer. Major league sporting events, major concerts, theater, world-renowned restaurants, and a cosmopolitan social scene are all within easy reach. The diverse and vibrant student body thrives on the nurturing atmosphere fostered by faculty and staff. The campus is equipped with technology to support the learning environment, such as a simulation lab; skills labs for nursing, physician assistant, and physical therapist assistant; science lab; computer lab; and Academic Resource Center for tutoring and other academic support.

The Tampa campus library provides scholarly resources and information services to support the curriculum and programs of the University, foster academic and professional research by the University community, and facilitate critical thinking and lifelong learning by students.

The library provides comfortable seating and study space for students, wireless capabilities for laptop network connectivity, and reference and interlibrary loan services. The open-stack book collection provides access to reference and circulating materials, and program-specific resources to support class assignments. An online library portal with access to more than 60 databases in all disciplines is available electronically 24/7 on and off campus to all authorized students and faculty. More than 50,000 digital textbooks, video clips, images and full-text dissertations are also included in the library offerings.

Note: This South University campus is authorized under Federal law to enroll non-immigrant alien students.

Toll-Free: 877-206-1845

Fax: 757-493-6990

www.southuniversity.edu/virginia-beach

South University's Virginia Beach campus occupies 32,600 square feet in a large office park with easy access to and from Interstate 264. The campus facility includes nine classrooms plus Nursing, Physical Therapist Assistant, Anatomy and Physiology, and Counseling labs. Classrooms and laboratory space offer advanced "smart" technology to provide students and faculty with instructional equipment to facilitate learning. Also located on campus are administrative offices including admissions, the registrar, student affairs, financial aid, the library, and the office of the Campus Director of Academic Affairs and Operations.

The Virginia Beach campus library offers comfortable space for students to congregate for research, study, tutoring, or online work. Floor to ceiling windows open and illuminate the library's welcoming atmosphere, and ample study space encourages independent and collaborative student work. An online library portal with access to more than 60 databases in all disciplines is available electronically 24/7 to all authorized students and faculty on and off campus. Over 50,000 digital textbooks, video clips, images and full text dissertations are also included in the library offerings. The print collection has reference and circulating materials selected to support the programs offered at the school. The library's computer lab is available to students for homework and research, or it can be closed off from the main library and used for instruction.

Serving a diverse student body with both day and evening classes, South University's team of faculty and staff at the Virginia Beach campus are engaged in helping students achieve success. Faculty from a variety of disciplines are available in the Academic Success Center during designated hours, offering tutoring in a relaxed atmosphere. Embracing South University's commitment to critical thinking, the Virginia Beach campus provides the opportunity for an education that creates life-long learners.

Note: This South University campus is authorized under Federal law to enroll non-immigrant alien students.

South University, West Palm Beach

University Centre

9801 Belvedere Road

Royal Palm Beach, FL 33411

Phone: 561-273-6500

Toll-Free: 866-629-2902

Fax: 561-273-6420

www.southuniversity.edu/west-palm-beach

South University's campus in Royal Beach, FL, (West Palm Beach) is centrally located in Palm Beach County, close to beaches and accessible to Interstate 95 and the Palm Beach International Airport. In 2010, the West Palm Beach campus moved into a new facility designed specifically to support the campus's growing population. The location consists of a 32,000-square-foot, three-building campus. The West Palm Beach campus has engendered a relationship with the surrounding community, reaching out to its neighbors to participate in community activities and host special events.

A diverse, multicultural student body thrives on a supportive learning environment fostered by the faculty and staff. In keeping with South University's educational mission, they are committed to the academic success of their students and to producing graduates who are prepared for the challenges of entry into professional life.

The campus library provides individual and group study areas, a computer lab, and a diversified collection of audiovisual, and print materials. Professional librarians are available during all hours of operation to help students locating information and materials at South University's libraries and at others. An online library portal with access to more than 60 databases in all disciplines is available electronically 24/7 to all authorized students and faculty on and off campus. More than 50,000 digital textbooks, video clips, images, and full-text dissertations are also included in the library offerings. The collections include books, magazines, audiovisual and digital sources that support class assignments, tutorial needs, current events and recreational reading. The computer lab offers Internet access, online databases with indexing and full-text access to thousands of journals, tutorial programs, a suite of office software programs, and tutorial and other class support software.

Note: This South University campus is authorized under Federal law to enroll non-immigrant alien students.

College of Arts and Sciences

Degree programs in the College of Arts and Sciences are developed around a set of standards that offer students broad exposure to an area of study along with deep grounding in the student's chosen career field. Students may select a number of free electives to explore their interests, and they are offered elective options directly related to their chosen field. During the program, students explore the basic theories and concepts of their field, related applications, and current research in that field. The College of Arts and Sciences requires all students to complete courses related to research methods and data analysis as part of employment preparation, and to strengthen critical thinking skills and increase information literacy.

General Education

Overview

South University faculty and staff recognize that citizens of the future need to be flexible and broadly knowledgeable in order to adapt to continuously changing technologies, growing diversity across peoples and value systems, and rapid social and cultural change. With this in mind, the University has developed general education requirements that expose students to knowledge from a variety of areas, each framed through the lens of its own history and methodology. Through these required courses, students delve into the worlds of math and science, the humanities and the arts, and the social and behavioral sciences. Students have the opportunity to develop competencies in these areas while also gaining exposure to a range of human knowledge.

South University's general education curriculum challenges the individual to develop a deep and meaningful set of personal values and high ethical standards, along with a commitment to lifelong learning. The curriculum is designed to enhance critical and analytical thinking skills, encourage creativity, and build oral and written communication skills. For South University students, using technology in coursework and developing skills in assessing the merits of various sources of online information is also an important part of the general education experience.

The General Education curriculum at South University seeks to develop in students competencies that will support them as they progress through their programs. These competencies include the following:

Student Learning Outcomes

Graduates will be able to:

1. Communicate clearly, effectively, and sensitively in written, graphic, and oral modes appropriate to their fields.
2. Demonstrate basic skills and abilities in mathematical reasoning and the basic sciences.
3. Identify, locate, evaluate, and ethically utilize reliable information from a variety of sources.
4. Illustrate the capacity to think critically, analytically, and logically across multiple fields of inquiry.
5. Interpret and evaluate diverse historical, social, and cultural artifacts, systems, and events as products of the human experience.

Areas of Study

The general education requirements for South University comprise six areas. Each area represents a set of requirements designed to build basic skills and insights and to assure that each student experiences coursework in each of the areas of knowledge that together comprise the General Education curriculum. It is our belief that these components are directly associated with the qualities defining an educated professional and are necessary to seek entry-level employment in a

fast-paced, changing world. The components are designed to reflect the needs and expectations expressed by many employers of college graduates.

The framework shown below reflects minimum requirements to be met by all South University students at either the associate's or bachelor's degree levels. Programs may identify specific courses needed in that field as a part of the general education program while others may leave choices open to the interests and abilities of the student. The specific areas and course requirements will include the following, but students must check their program for specific courses needed to satisfy general education requirements.

General Education Areas and Approved Courses

A. Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*
- UVC4000 Career Exploration Seminar *4 credit hours*

B. Basic Communications

- COM2006 Interpersonal Communication *4 credit hours*
- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

C. Mathematics and Statistics

- MAT1001 College Algebra I *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*
- MAT2058 Statistics *4 credit hours*

D. Natural Sciences

- BIO1011 Anatomy and Physiology I *4 credit hours*
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours*
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*
- BIO1020 Biology I *4 credit hours*
- BIO1021 Biology II *4 credit hours*
- CHM1010 General Chemistry *4 credit hours*

E. Arts and Humanities

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- ENG2020 Introduction to Film Studies *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

F. Social and Behavioral Sciences

- ECO2071 Principles of Microeconomics *4 credit hours*
- ECO2072 Principles of Macroeconomics *4 credit hours*
- POL1150 Contemporary Issues *4 credit hours*
- POL2076 American Government *4 credit hours*
- PSY1001 General Psychology *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*
- SOC2010 Social Problems *4 credit hours*

Doctoral Degrees

Doctor of Ministry * (D.Min.)

Offered at South University, Online Programs.

The Doctor of Ministry degree at South University is a 96 credit hour program and is designed to be the first-professional degree to prepare ministry practitioners to seek or advance in vocational or bi-vocational ministry. The program can help to develop a student's understanding of the nature and purpose of ministry, enhance the student's competencies in ministry skills, and promote the student's growth in spiritual maturity.

The Doctor of Ministry (D.Min.) degree program at South University is designed to equip ministry practitioners to provide ministry leadership and spiritual care in the following roles:

- Pastors, ministry staff, and lay ministers in local churches/parishes
- Program staff leaders in parachurch organizations
- Chaplains and spiritual care coordinators in a variety of institutional settings
- Program staff leaders in non-profit service agencies, community development, advocacy and justice ministries
- Social entrepreneurs pursuing business as mission, and commercial and industrial chaplaincy

Program Student Learning Outcomes

Graduates will be able to:

1. Articulate a biblically informed and theologically reasoned understanding of the helping relationship that is consistent with the student's faith tradition and the needs of the student's chosen ministry setting.
2. Explain the nature of the practice of ministry and exhibit a commitment to its ethical and professional expectations appropriate to the context.
3. Display knowledge of the nature and causes of interpersonal conflict and strategies to resolve disputes and achieve resolution and reconciliation among parties in ministry settings.
4. Formulate an awareness of the diversity found in ministry, and an ability to work effectively with differences of religious beliefs (or none), denominational differences, racial and ethnic differences, generational differences and gender differences.
5. Acquire the specific skills required for competent practice of ministry in a variety of settings.
6. Engage complex issues and problems of ministry settings and demonstrate the capacity to design and implement strategies to successfully overcome and/or resolve them.

The Standard Track of the D.Min. program is designed for students seeking to prepare for vocational or bi-vocational ministry. Foundational courses provide an introduction and overview to the various disciplines required for effective ministry leadership. Ministry skills courses, advanced ministry studies courses, and the final project further integrate biblical and theological perspectives into the practice of ministry. Students can have the opportunity to gain lifelong learning skills that will enable them to continue their personal, intellectual and professional growth.

The Advanced Track of the D.Min. program is designed for students who have completed a graduate degree or a significant amount of coursework in biblical, theological, and ministry studies, and who are currently engaged in vocational ministry. Students in the Advanced Ministry Study can further develop their understanding of the nature and purpose of ministry, enhance their ministry skills, and continue their growth in spiritual maturity.

Doctor of Ministry Standard Track: 96 Credits

Orientation: 8 Credits

- MIN7000 Learning Skills for Ministry *4 credit hours*
- MIN7001 Academic Writing *4 credit hours*

Foundation: 28 Credits

- MIN7010 Biblical Interpretation *4 credit hours*

Final Project 12 credits

- MIN7500 Theology and Research in Ministry *4 credit hours*

Choose one of the following sequences:

Dissertation

- MIN8000 Dissertation I *4 credit hours*
- MIN8100 Dissertation I Extension A *0 credit hours*
- MIN8200 Dissertation I Extension B *0 credit hours*
- MIN8300 Dissertation I Extension C *0 credit hours*
- MIN8010 Dissertation II *4 credit hours*
- MIN8110 Dissertation II Extension A *0 credit hours*
- MIN8210 Dissertation II Extension B *0 credit hours*
- MIN8310 Dissertation II Extension C *0 credit hours*

Or

Ministry Project

- MIN8001 Ministry Project I *4 credit hours*
- MIN8101 Ministry Project I Extension A *0 credit hours*

- MIN8201 Ministry Project I Extension B *0 credit hours*
- MIN8301 Ministry Project I Extension C *0 credit hours*
- MIN8011 Ministry Project II *4 credit hours*
- MIN8111 Ministry Project II Extension A *0 credit hours*
- MIN8211 Ministry Project II Extension B *0 credit hours*
- MIN8311 Ministry Project II Extension C *0 credit hours*

Or

Supervisory Clinical Pastoral Education

- MIN8002 Supervisory Clinical Pastoral Education I *4 credit hours*
- MIN8102 Supervisory Clinical Pastoral Education I Extension A *0 credit hours*
- MIN8202 Supervisory Clinical Pastoral Education I Extension B *0 credit hours*
- MIN8302 Supervisory Clinical Pastoral Education I Extension C *0 credit hours*
- MIN8012 Supervisory Clinical Pastoral Education II *4 credit hours*
- MIN8112 Supervisory Clinical Pastoral Education II Extension A *0 credit hours*
- MIN8212 Supervisory Clinical Pastoral Education II Extension B *0 credit hours*
- MIN8312 Supervisory Clinical Pastoral Education II Extension C *0 credit hours*

**Opportunities to pursue Clinical Pastoral Education (CPE) are a unique feature of the D.Min. program. CPE Level I or Level II fulfills the ministry practicum requirement; students who have completed CPE Level II (4 credit hours) may elect to use Supervisory CPE for their final project if they have been accepted into a supervisory clinical pastoral education program.*

Doctor of Ministry Advanced Track: 96 Credits

Advanced standing credit is determined based on student's previous college work providing 56 credit hours of transfer credit.

Advanced Standing Credit: 56 Credits

Orientation: 8 Credits

- MIN7000 Learning Skills for Ministry *4 credit hours*
- MIN7001 Academic Writing *4 credit hours*

Foundation: 4 Credits

- MIN7060 Diversity in Ministry *4 credit hours*

Ministry Skills: 4 Credits

- MIN7063 Conflict Mediation and Reconciliation *4 credit hours*

Advanced Ministry Study: 12 Credits

- MIN7560 Person and Practice of Ministry *4 credit hours*

Electives

Choose two electives from the following:

- MIN7110 Biblical and Theological Perspectives on Health and Wholeness *4 credit hours*

- MIN7160 Ministry in the Local Church *4 credit hours*
- MIN7161 Ministry in Institutional Settings *4 credit hours*
- MIN7181 Lifespan Development *4 credit hours*
- MIN7561 Theology, Death and Dying *4 credit hours*
- MIN7563 Ministry with Disabled Persons *4 credit hours*

Final Project: 12 Credits

- MIN7500 Theology and Research in Ministry *4 credit hours*

Choose one of the following sequences:

Dissertation

- MIN8000 Dissertation I *4 credit hours*
- MIN8100 Dissertation I Extension A *0 credit hours*
- MIN8200 Dissertation I Extension B *0 credit hours*
- MIN8300 Dissertation I Extension C *0 credit hours*
- MIN8010 Dissertation II *4 credit hours*
- MIN8110 Dissertation II Extension A *0 credit hours*
- MIN8210 Dissertation II Extension B *0 credit hours*
- MIN8310 Dissertation II Extension C *0 credit hours*

OR

Ministry Project

- MIN8001 Ministry Project I *4 credit hours*
- MIN8101 Ministry Project I Extension A *0 credit hours*
- MIN8201 Ministry Project I Extension B *0 credit hours*
- MIN8301 Ministry Project I Extension C *0 credit hours*
- MIN8011 Ministry Project II *4 credit hours*
- MIN8111 Ministry Project II Extension A *0 credit hours*
- MIN8211 Ministry Project II Extension B *0 credit hours*
- MIN8311 Ministry Project II Extension C *0 credit hours*

Or

Supervisory Clinical Pastoral Education

- MIN8002 Supervisory Clinical Pastoral Education I *4 credit hours*
- MIN8102 Supervisory Clinical Pastoral Education I Extension A *0 credit hours*
- MIN8202 Supervisory Clinical Pastoral Education I Extension B *0 credit hours*
- MIN8302 Supervisory Clinical Pastoral Education I Extension C *0 credit hours*
- MIN8012 Supervisory Clinical Pastoral Education II *4 credit hours*
- MIN8112 Supervisory Clinical Pastoral Education II Extension A *0 credit hours*
- MIN8212 Supervisory Clinical Pastoral Education II Extension B *0 credit hours*
- MIN8312 Supervisory Clinical Pastoral Education II Extension C *0 credit hours*

**Opportunities to pursue Clinical Pastoral Education are a unique feature of the D.Min. program. CPE Level 1 or Level 2 fulfills the ministry practicum requirement; students who have completed CPE Level 2 (4 units) may elect to use Supervisory CPE for their final project if they have been accepted into a program.*

Note(s): This online program may not be available to residents of all states. Please contact an admissions representative for further information.

Master's Degrees

Clinical Mental Health Counseling (MA)

Offered at South University, Columbia; South University, South University, Richmond; South University, Savannah; South University, Virginia Beach; and South University, West Palm Beach.

Program Overview

The South University Master of Arts degree program in Clinical Mental Health Counseling is intended to meet the local and regional need for qualified counselors. The Master of Arts in Clinical Mental Health Counseling is designed to provide advanced and broad training for South University graduate students regarding theories, principles, and dynamic applications in the field. Students develop the skills necessary to engage in effective assessment and treatment practices, achieve competence for ethical, legal, and professional issues, and understand the significance and utility of research to the field. Faculty members are dedicated to maintaining high teaching standards, developing intellectual curiosity, advancing critical thinking, and engaging in service to the University, community, and profession.

The primary goals of the program are as follows:

- Promote the development of broad and comprehensive knowledge of the field of Clinical Mental Health Counseling.
- Promote critical/analytical thinking regarding concepts and applications in the field.
- Promote a thorough understanding of mental health assessment and treatment.
- Raise awareness of professionalism and issues impacting the profession.

The program is designed to provide an opportunity for its graduates to achieve initial eligibility criteria to become licensed in their state and certified as a National Certified Counselor (NCC) by the National Board for Certified Counselors (NBCC). The length of the Clinical Mental Health Counseling program varies in accord with the licensing requirements of the states in which the program is offered. As a result, the program may not meet the licensing requirements of all states. The student should contact the licensing board in the state in which they anticipate seeking licensure to determine the appropriate program. By way of illustration, the track offered at the Columbia campus is 91 credit hours and is designed to meet current state requirements for counseling programs in South Carolina. The program is 91 credit hours at the Austin, Richmond, Savannah and Virginia Beach campuses, which is designed to meet current licensure requirements for counseling programs in Texas, Georgia and Virginia. The state of Florida offers licensure for Counselors in Mental Health Counseling and also requires extra classes in Human Sexuality and Treatment of Substances Abuse. Therefore, the track offered at the West Palm Beach campus is 95 credit hours, which is designed to meet current state licensure requirements. After becoming licensed as a Mental Health Counselor in Florida for three years, dual licensure can be pursued through attaining a License as a Marriage and Family Therapist by taking the LMFT state exam.

The delivery structure of the program provides the opportunity for students who wish to balance the rigors of work and home while pursuing their master's degree. Although delivery will vary by campus location, classes generally meet each Saturday and weeknights as needed. The program is designed for students to complete the curriculum in 8 quarters. Each quarter, classes will be held on a weekly basis for a 10 week period with the 11th week designated for final exams.

Students who enroll in the program will be taught via two primary modes of instruction. The majority of the program will involve didactic and experiential classroom instruction. The second mode of instruction will focus on supervised field experiences. Students will be placed in actual counseling settings in the community and will practice counseling under the auspices of an onsite supervisor. Students in field placements will also receive weekly individual and group supervision from qualified faculty supervisors.

The objectives of the South University Clinical Mental Health Counseling program are to recruit eligible students from all areas and provide fair and equitable admissions criteria; make available a variety of instructional models and resources to provide the student with the most effective learning arrangements and to provide appropriate learning opportunities for counseling students that will prepare them to perform their expected competencies in an ethical, legal, safe, and effective manner upon graduation; prepare counseling students to communicate effectively; instill the importance and value of continued education and involvement in appropriate professional and community affairs after graduation; and encourage the counseling students to recognize their own strengths and limitations.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate knowledge, comprehension, synthesis, and application of the major theories comprising the foundation of counseling from a historical and contemporary perspective.
2. Demonstrate an awareness and comprehension of the normal and abnormal mechanisms of change within individuals across the lifespan.
3. Demonstrate an ability to properly identify, assess, conceptualize, diagnose, and treat mental disorders in the context of the accepted diagnostic nomenclature.
4. Gain an understanding and appreciation of the contributions of quantitative and qualitative research and the synergy among the theoretical, clinical and scientific components of the field.
5. Demonstrate an understanding of the impact of their personal view as it relates to their world view and the multidimensional nature of cultural influences as a Counselor Educator.
6. Demonstrate effective verbal and written communication skills necessary to interface with various constituents including clients, treatment teams, and public entities.
7. Demonstrate an appropriate level of professional development as evidenced by the knowledge and understanding of pertinent ethical and legal principles in the profession, in addition to current/emerging issues in the field.
8. Demonstrate a level of proficiency concerning the knowledge, skills, and competencies deemed appropriate for use in the profession as identified by the ongoing need for education and training beyond graduation.

Courses are taught according to the matriculation sequences provided by each campus and at the discretion of the school. Courses must be attempted in the curriculum sequence as defined by each campus. Curriculum content and sequence are subject to change with notification.

Master of Arts in Clinical Mental Health Counseling Program: 91 Credits, 10 quarter program

Curriculum for South University, Columbia; South University, Richmond; South University, Savannah and South University, Virginia Beach campuses only

Quarter 1: 9 Credits

- CNS6002 Counseling Theory 4.5 credit hours
- CNS6313 Professional Orientation and Ethics 4.5 credit hours
- CNS7900 Clinical and Professional Development Seminar 0 credit hours

Quarter 2: 8.5 Credits

- CNS6018 Psychopathology *4.5 credit hours*
- CNS6161 Counseling Techniques *4 credit hours*
- CNS7901 Clinical and Professional Development Seminar *0 credit hours*

Quarter 3: 9 Credits

- CNS6050 Lifespan Development *4.5 credit hours*
- CNS6051 Diagnostics of Psychopathology and Treatment *4.5 credit hours*
- CNS7902 Clinical and Professional Development Seminar *0 credit hours*
- CNS8100 Preliminary Clinical Evaluation *0 credit hours*

Quarter 4: 9 Credits

- CNS6509 Group Dynamics *4.5 credit hours*
- CNS6565 Multicultural Foundations *4.5 credit hours*
- CNS7903 Clinical and Professional Development Seminar *0 credit hours*

Quarter 5: 8.5 Credits

- CNS6425 Clinical Mental Health Counseling *4 credit hours*
- CNS6535 Clinical Mental Health Appraisal I *4.5 credit hours*
- CNS7904 Clinical and Professional Development Seminar *0 credit hours*

Quarter 6: 5.5 Credits

- CNS6529 Research and Statistical Evaluation *4.5 credit hours*
- CNS7010 Practicum IA (100 clinical hours) *1 credit hour*
- CNS7905 Clinical and Professional Development Seminar *0 credit hours*
- CNS8101 Preliminary Didactic Evaluation *0 credit hours*

Quarter 7: 9.5 Credits

- CNS6602 Lifestyle and Career Development *4.5 credit hours*
- CNS6850 Psychopharmacology *4 credit hours*
- CNS7011 Practicum IB (100 clinical hours) *1 credit hour*
- CNS7906 Clinical and Professional Development Seminar *0 credit hours*
- CNS8201 Clinical Evaluation *0 credit hours*

Quarter 8: 8 Credits

- CNS7510 Internship IA (200 clinical hours) *4 credit hours*
- CNS7907 Clinical and Professional Development Seminar *0 credit hours*
- CNS7950 Child/Adolescent Psychopathology and Treatment *4 credit hours*
- CNS8202 Didactic Evaluation *0 credit hours*

Quarter 9: 12 Credits

- CNS6901 Diagnosis and Treatment of Addictive Disorders *4 credit hours*
- CNS7610 Internship IIA (200 clinical hours) *4 credit hours*
- CNS7908 Clinical and Professional Development Seminar *0 credit hours*
- CNS7970 Crisis and Trauma *4 credit hours*

Quarter 10: 12 Credits

- CNS6709 Couples, Marital, and Family Dynamics *4 credit hours*
- CNS6775 Counseling Administration, Advocacy, Supervision and Policy *4 credit hours*
- CNS7611 Internship IIB (200 clinical hours) *4 credit hours*
- CNS7909 Clinical and Professional Development Seminar *0 credit hours*

Criminal Justice

Master's Degrees

Criminal Justice (MS)

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach.

The South University Master of Science in Criminal Justice degree program is designed for individuals employed in the criminal justice system, as well as those in other careers, both public and private, who wish to acquire further education in criminal justice. Prerequisites are limited so that qualified students with bachelor's degrees in related fields such as criminology, psychology, business or public administration, anthropology, political science, sociology or related social sciences may enroll along with students who have undergraduate degrees in criminal justice.

The program is primarily designed to foster a learning community of criminal justice professionals who will use their knowledge within law enforcement, correctional, political, and legal arenas. Program graduates will be prepared to seek admission to doctoral programs in criminal justice, criminology, and related fields, as well as to seek advancement within law enforcement, correctional, local and state government, and legal institutions.

The goals of the Master of Science in Criminal Justice degree program are to provide students with:

1. Professional skills necessary to assume leadership positions in the administration of criminal justice agencies.
2. Advanced knowledge and understanding of criminal justice institutions and processes, and current criminal justice policy.
3. Advanced knowledge and understanding of research methods and program evaluation techniques to effectively conduct and/or evaluate social policy research.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate mastery of skills in the areas of theoretical and applied criminal justice as well as in managerial principles and practices to effectively solve a variety of real-life problems within a complex organization.
2. Understand the relationship between crime theory, crime policy, and professional practice.
3. Demonstrate interactive skills and learn behavioral strategies for improving systemic communication within and between criminal justice agencies.
4. Demonstrate the ability to effectively interpret and make use of research methodology by completing a final research project prospectus on a topic related to professional practice in an actual criminal justice agency.

Master of Science in Criminal Justice: 48 credits

Foundation: 28 Credits

- MCJ5001 Foundations in Criminal Justice *4 credit hours*
- MCJ5003 Ethics and Moral Behavior in the Criminal Justice System *4 credit hours*
- MCJ5100 Advanced Research Methods and Analysis I *4 credit hours*
- MCJ6001 Criminal Justice Administration *4 credit hours*
- MCJ6003 Criminological Theory *4 credit hours*
- MCJ6004 Criminal Justice Planning & Innovation *4 credit hours*
- MCJ6405 Organizational Leadership *4 credit hours*

Program Elective (choose four): 16 Credits

- MCJ6002 Juvenile Justice Administration *4 credit hours*
- MCJ6401 Critical/Controversial Issues: Law Enforcement *4 credit hours*
- MCJ6404 Political Terrorism *4 credit hours*
- MCJ6410 Legal Issues in Criminal Justice Administration *4 credit hours*
- MCJ6505 Management of Critical Incidents *4 credit hours*
- MCJ6601 Resource and Agency Coordination *4 credit hours*
- MCJ6620 Special Topics in Homeland Security *4 credit hours*
- MCJ6701 Theory and Practice of Community Corrections and Re-entry Programs *4 credit hours*
- MCJ6705 Theory and Practice of Institutional Corrections *4 credit hours*

Note(s):

The student will choose four courses (16 credits) from the remaining graduate level criminal justice curriculum listed below or from other graduate offerings with the guidance and approval of the Program Director in Criminal Justice or appropriate Program Chair and with the advice of the related Program Director if courses from other programs are desired. The student should plan to take at least 50% of this part of the degree program in criminal justice courses. Students may construct an area of emphasis with the guidance of the Program Director or Chair or pursue a more general set of elective course courses. Students may emphasize a traditional area of the field such as Corrections or Homeland Security, but elective choices may also reflect the particular professional goals and aspirations of the student. Thus, courses in areas such as Public Administration, Business, or Clinical Mental Health Counseling may be included as desired and approved and if the student completes the required prerequisites for such courses. Please note that Financial Aid may not cover prerequisite courses. Please see the Coursework Taken Outside a Student's Degree Program Policy found in the Academic Affairs section of this catalog.

Capstone: 4 Credits

- MCJ6985 Applied Professional Project *4 credit hours*

Note(s):

Acceptance into a South University Criminal Justice program or its completion does not imply or guarantee that a student will be able to obtain employment in law enforcement, corrections, probation/parole, or related fields. The

student should contact the national, state, or local agency/institution in which he or she intends to gain employment for specific requirements and the application process.

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Bachelor's Degrees

Criminal Justice (BS)

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach

Bachelor of Science in Criminal Justice degree program is designed to give students broad perspectives on the causes of crime and critical insights to the functions of the components of the criminal justice system.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate mastery of skills in the areas of theoretical and applied criminal justice as well as in principles and practices to effectively solve a variety of field-based problems.
2. Understand the causes of crime and delinquency, the process of adjudicating criminal cases, and the major components of the criminal justice system.
3. Demonstrate effective communication and ethical skills as applied to the discipline.
4. Develop the techniques to effectively interpret and make use of research methodology and to apply scientific reasoning to the study of crime and justice.

Courses in the program deal with crime, violence, and other forms of deviance and the responses to these problems by police, courts, and corrections; contemporary criminal justice issues; and ethical concerns and research. Students in the criminal justice program have the opportunity to receive preparation for further study in graduate or professional schools as well as to seek entry-level positions in the criminal justice system upon graduation.

Bachelor of Science in Criminal Justice: 180 Credits

Area I General Education Requirements: 64 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT2058 Statistics *4 credit hours*

Choose two additional courses from the list below:

- MAT1001 College Algebra I *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*

Natural Sciences (choose two)

- BIO1020 Biology I *4 credit hours*
- BIO1021 Biology II *4 credit hours*
- CHM1010 General Chemistry *4 credit hours*

Arts and Humanities (choose two)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences

- PSY1001 General Psychology *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*

Choose one additional course from the list below:

- ECO2071 Principles of Microeconomics *4 credit hours*
- ECO2072 Principles of Macroeconomics *4 credit hours*
- POL2076 American Government *4 credit hours*
- SOC2010 Social Problems *4 credit hours*

Area II Foundation Requirements: 44 Credits

- BUS1038 Business Law I *4 credit hours*
- BUS2023 Business Communications *4 credit hours*
- MGT2037 Principles of Management *4 credit hours*

Elective Pool (eight courses or 32 credits)

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-Transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in Area I, Area II, or Area III, but not simultaneously in two areas. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

Area III Major Requirements: 72 Credits

Core: 44 Credits

- CRJ1001 Introduction to Criminal Justice System *4 credit hours*
- CRJ2100 Introduction to Law Enforcement *4 credit hours*
- CRJ2200 Introduction to Criminal Courts *4 credit hours*
- CRJ2300 Introduction to Corrections *4 credit hours*
- CRJ2800 Criminal Law and Procedures *4 credit hours*
- CRJ3003 Juvenile Delinquency *4 credit hours*
- CRJ3004 Race, Class, and Gender in Criminal Justice *4 credit hours*
- CRJ3005 Criminal Justice Management and Administration *4 credit hours*
- CRJ3011 Criminology *4 credit hours*
- CRJ3025 Comparative Criminal Justice Systems *4 credit hours*
- CRJ3500 Ethics in Criminal Justice *4 credit hours*

Program Electives (choose six): 24 Credits

Courses may be selected from this list to apply to Area II Foundation Requirements.

- CRJ3014 Criminal Justice and the Media *4 credit hours*
- CRJ3015 White Collar Crime *4 credit hours*
- CRJ3023 Organized Crime *4 credit hours*
- CRJ3024 Serial Killers and Mass Murderers *4 credit hours*
- CRJ3026 Concepts in Crime Mapping and Prevention *4 credit hours*
- CRJ3300 Community Based Corrections *4 credit hours*
- CRJ3600 Introduction to Forensics *4 credit hours*
- CRJ4001 Victimology *4 credit hours*

- CRJ4002 Restorative Justice *4 credit hours*
- CRJ4003 Critical Issues in Criminal Justice *4 credit hours*
- CRJ4009 Illegal Immigration and the Criminal Justice System *4 credit hours*
- CRJ4011 Terrorism and Homeland Security *4 credit hours*
- CRJ4015 Bloodstain Pattern Analysis *4 credit hours*
- CRJ4021 Cyber Crime *4 credit hours*
- CRJ4500 Violence in Society *4 credit hours*
- CRJ4600 Crime Scene Investigation and Case Management *4 credit hours*
- CRJ4650 Forensic Issues *4 credit hours*
- CRJ4995 Criminal Justice Internship I *4 credit hours*
(campus-based only)
- CRJ4996 Criminal Justice Internship II *4 credit hours*
(campus-based only)
- CRJ4997 Criminal Justice III *4 credit hours*
(campus-based only)
- CRJ4999 Senior Seminar (Capstone) *4 credit hours*

Note(s):

Acceptance into a South University Criminal Justice program or its completion does not imply or guarantee that a student will be able to obtain employment in law enforcement, corrections, probation/parole or related fields. The student should contact the national, state or local agency/institution in which the student intends to gain employment for specific requirements and the application process.

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Legal/Paralegal Studies

South University offers the Bachelor of Science in Legal Studies and the Associate of Science in Paralegal Studies in programs that allow a student completing Associate of Science courses to matriculate into the Bachelor of Science in Legal Studies program.

Bachelor's Degrees

Legal Studies (BS)

Legal/Paralegal Studies Curriculum

South University's Legal Studies (BS) and Paralegal Studies (AS) programs are designed to provide opportunities for students to prepare for a rapidly changing and challenging profession as a paralegal. The American Bar Association (ABA) defines a paralegal as "a person, qualified by education, training, or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible." Paralegals and legal assistants may not give legal advice, set fees, represent clients in court, or provide legal services to the public except as permitted by law. All students in South University Paralegal and Legal Studies programs receive instruction in legal ethics and how to avoid the unauthorized practice of law. Paralegals and legal assistants may not give legal advice, set fees, or represent clients

in court, and all students in South University legal studies programs receive instruction in legal ethics and how to avoid the unauthorized practice of law.

Coursework emphasizes development of keen analytical and critical thinking skills while fostering sensitivity to cultural and political diversity. Students use modern law office technology and software in courses taught in classrooms, computer labs, or in courses offered online through the Savannah campus. South University encourages students to commit to lifelong learning that is beneficial in obtaining employment following graduation and that may help them in advancing in their careers as paralegal professionals.

The American Bar Association (ABA) has approved the Associate of Science in Paralegal Studies and the Bachelor of Science in Legal Studies programs at the following South University campuses: Columbia and Savannah. Only the Savannah campus is approved by the ABA to offer the programs in a partially online format.

Admission to the Legal Studies (BS) and Paralegal Studies (AS) Degree Programs

Students seeking admission into these degree programs must meet all requirements for admission into the University. Students seeking admission as transfer students must meet additional standards stated in this section of the catalog as well as those required of all transfer students seeking to enroll in South University.

Students seeking to move between South University campuses are considered transfer students. This includes transfer between campus-based and the partially online program offered through the Savannah campus. Students wishing to transfer to the partially online program from a South University campus are required to transfer enrollment to the Savannah campus and through that campus to the partially online program.

Those seeking admission as a transfer student into the Legal Studies (BS) or Paralegal Studies (AS) program must provide additional documentation to aid in evaluation for admission and acceptance of transfer credit. Legal specialty courses taken at another college or university and transferred into a South University campus will not count in the student's GPA calculation. This does not include legal specialty courses taken at another South University campus or online. Although those courses will be designated for transfer credit, the grade will count in the student's GPA calculation.

Students may transfer up to 75* percent of the total work required for a degree in these programs but no more than 50 percent of the work to be applied toward the legal specialty course requirements for the degree. All courses to be applied toward the legal specialty course requirements must be evaluated (using the procedure found in the subsequent paragraph) and found to be essentially comparable to the course for which the student would receive credit in the South University program.

For legal specialty transfer courses, including courses taken from other South University campuses, the student should present the catalog description of the course from the source campus, college, or university. A syllabus or comparable document describing the course requirements, learning outcomes of the course, textbook and related materials used in the course, samples of work completed in the course, and grading criteria may also be required at the discretion of the Registrar or the Program Director making the evaluation. These materials will be referred to the appropriate Program Director or qualified faculty member for a final decision after the Registrar has reviewed the courses to assure the work meets the general transfer admission standards.

All students enrolling in the partially online program offered through the Savannah campus must document that at least four (4) legal specialty courses comprising at least sixteen (16) credit hours of credit were completed in a traditional classroom format. The program requires that LGS1005 Legal Research and Writing I be completed in a traditional classroom format. The student can complete any other three (3) legal specialty courses in a traditional classroom format with the approval of the Program Director in consultation with the Registrar.

Students already enrolled in the partially online program seeking to meet the requirement that at least sixteen (16) credit hours of coursework must be completed in a traditional classroom format, including LGS1005 Legal Research

and Writing I, will work with their online Academic Counselor and the online Program Chair or Program Director to identify an acceptable college or university where such work may be completed. Targeted courses will be identified and pre-approved by the online Program Chair or Program Director working with the Academic Counselor and Registrar using the criteria listed above as applicable.

By completion of the LGS1001 course, partially online students must have pre-approvals for the four traditional-format classes in their file. Students may complete no more than three online legal specialty courses with South University before taking the four required traditional-format courses. Exceptions can be approved at the discretion of the Program Chair.

Bachelor of Science in Legal Studies

Offered at South University, Online Programs

The Bachelor of Science in Legal Studies degree program is designed to provide students with a broad academic background in general education, fundamental theoretical legal concepts, and practical applications. This program is designed for the student who has an interest in seeking an entry-level position upon graduation or who is ready to take the next step in his or her career in the legal field. The graduate will be prepared for challenging assignments, including investigating cases, researching the law, and preparing documents for litigation or business transactions, while working under the supervision of a licensed attorney.

Students pursuing the Bachelor of Science in Legal Studies program are required to follow the curriculum and transfer policies that are outlined at the beginning of this section of the catalog.

The coursework is designed to emphasize development of keen analytical and critical thinking skills, while fostering sensitivity to cultural and political diversity. Graduates can pursue entry-level positions as paralegals in law firms, banks, insurance companies, governmental agencies and corporations.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate knowledge of procedural law and substantive law by successfully completing advanced or specialized legal assignments performed in a law office or any organization involved with legal processes under the supervision of an attorney.
2. Demonstrate a proficiency in the skills required for the complexities of a modern technology-based law office.
3. Demonstrate an understanding of professional and ethical standards expected of a paralegal in a broader spectrum of legal practice.
4. Demonstrate enhanced communication skills, including public speaking, letter and memorandum writing, as well as complex legal drafting under the supervision of an attorney.
5. Demonstrate advanced legal research, acute critical thinking, reasoning, and analytical approaches to legal problem solving.

Bachelor of Science in Legal Studies: 180 Credits

Area I General Education Requirements: 64 Credits

Professional Development

- ITS1000 Computer and Internet Literacy 4 credit hours

- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics (choose three)

- MAT1001 College Algebra I *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*
- MAT2058 Statistics *4 credit hours*

Natural Sciences (choose two)

- BIO1020 Biology I *4 credit hours*

- LGS4051 Cyberlaw *4 credit hours*
- LGS4055 Intellectual Property *4 credit hours*
- LGS4060 Legal Externship II *4 credit hours*

Note(s):

All students enrolling in the partially online program offered through the Savannah campus must document that at least four legal specialty courses comprising at least 16 credit hours of credit were completed in a traditional classroom format.

**The program requires that LGS1005 Legal Research and Writing I be completed in a traditional classroom format. The student can complete any other three (3) legal specialty courses. In a traditional classroom format with the approval of the Program Director in consultation with the Registrar. The courses completed in a traditional campus-based classroom format must be comparable to the legal specialty courses offered at South University.*

Students in South University, Savannah's partially online Legal Studies Program should contact their academic counselor for information on completing these requirements.

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Associate Degrees

Paralegal Studies (AS)

Associate of Science in Paralegal Studies (AS)

Offered at South University, Online Programs

The Paralegal Studies (AS) program is designed to provide educational preparation for individuals to serve as paralegals or legal assistants. The program consists of specialized coursework and a supervised externship in selected legal settings such as law firms, real estate and title companies, banks and state or federal governmental agencies. Practical training is designed to prepare graduates working under the supervision of a licensed attorney to perform many tasks in a legal office, including, but not limited to, interviewing clients and witnesses, preparing legal documents and otherwise assisting attorneys with the preparation of their cases. The ABA defines a paralegal as "...a person, office, corporation, governmental agency or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible." Paralegals and legal assistants may not give legal advice, set fees, represent clients in court, or provide legal services to the public except as permitted by law. All students in the Paralegal Studies (AS) program receive instruction in legal ethics and how to avoid the unauthorized practice of law.

Students pursuing the Associate of Science in Paralegal Studies degree are required to follow the curriculum and transfer policies that are outlined at the beginning of the "Legal Studies" section of the catalog.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate knowledge of procedural law and substantive law by successfully completing legal assignments routinely performed in a law office or any organization involved with legal processes under the supervision of an attorney.
2. Demonstrate an awareness of the needs of a modern technology-based law office.
3. Demonstrate an understanding of professional and ethical standards expected of a paralegal.
4. Demonstrate communication skills, including public speaking, letter and memorandum writing, as well as legal drafting under the supervision of an attorney.
5. Demonstrate legal research, analytical and critical thinking skills, including reasoned approaches to legal problem solving.

Associate of Science in Paralegal Studies: 92 Credits

Area I General Education Requirements: 40 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics (choose one)

- MAT1001 College Algebra I *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*
- MAT2058 Statistics *4 credit hours*

Natural Sciences (choose one)

- BIO1020 Biology I *4 credit hours*
- BIO1021 Biology II *4 credit hours*
- CHM1010 General Chemistry *4 credit hours*

Arts and Humanities (choose one)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences (choose one)

- ECO2071 Principles of Microeconomics *4 credit hours*
- ECO2072 Principles of Macroeconomics *4 credit hours*
- POL2076 American Government *4 credit hours*
- PSY1001 General Psychology *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*
- SOC2010 Social Problems *4 credit hours*

Area II Foundation Requirements: 8 Credits

- BUS1038 Business Law I *4 credit hours*
- BUS2038 Business Law II *4 credit hours*

Area III Major Requirements: 44 Credits

Core

- LGS1001 The Legal Field: Law and Ethics *4 credit hours*
- LGS1004 Torts and Remedies *4 credit hours*
- LGS1005 Legal Research and Writing I *4 credit hours* *
- LGS1006 Legal Research and Writing II *4 credit hours*
- LGS2001 Civil Litigation *4 credit hours*
- LGS2002 Family Law *4 credit hours*
- LGS2003 Estate Planning and Probate *4 credit hours*
- LGS2004 Criminal Law *4 credit hours*

- LGS2007 Computers in the Legal Office *4 credit hours*

Electives (choose one)

- LGS2005 Real Estate Law *4 credit hours*
- LGS2008 Worker's Compensation Law *4 credit hours*
- LGS2010 Bankruptcy Law *4 credit hours*
- LGS2030 Administrative Law *4 credit hours*

Capstone:

- LGS2099 Paralegal Externship *4 credit hours*

Note(s):

All students enrolling in the partially online program offered through the Savannah campus must document that at least four legal specialty courses comprising at least 16 quarter credit hours were completed in a traditional classroom format.

**The program requires that LGS1005 Legal Research and Writing I be completed in a traditional classroom format. The student can complete any other three (3) legal specialty courses in a traditional classroom format with the approval of the Program Director in consultation with the Registrar. The courses completed on campus in a traditional classroom format must be comparable to the legal specialty courses offered at South University.*

Students in Savannah's partially online Legal Studies Program should contact their academic counselor for information on completing these requirements.

South University, Online Program Offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Psychology and Behavioral Sciences

Bachelor's Degrees

Psychology (BA)

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach

The Bachelor of Arts in Psychology degree program is designed to provide students with a broad background in general education, and to provide initial training and quality instruction for students wishing to seek entry-level positions in psychology or a graduate degree in the behavioral sciences upon graduation.

Psychology (BA)

Graduates will be able to:

1. Demonstrate knowledge of the major theories and content areas comprising the foundation of psychology.
2. Actively engage in the process of critically evaluating concepts, theories, research, and applications in the field.
3. Demonstrate an awareness and understanding of cultural factors impacting the field of Psychology according to historical and current issues.
4. Develop effective verbal and written communication skills necessary in the field. Specifically, students will demonstrate an ability to write and present psychological concepts including an ability to communicate clearly and effectively using APA style.
5. Apply the principles of scientific methodology according to human, social, and applied context.
6. Demonstrate awareness and understanding of current and future professional issues in the field of Psychology including an understanding of The Ethical Principles of Psychologists and Code of Conduct.
7. Demonstrate an understanding and articulate a need for continued professional growth in the field.
8. Understand and articulate the connection between theory, concepts, research and clinical application in the field for current and emerging issues.

Bachelor of Arts in Psychology: 180 Credits

Area I General Education Requirements: 64 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT2058 Statistics *4 credit hours*

Choose two additional courses from the following:

- MAT1001 College Algebra I *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*

- MAT1500 College Mathematics 4 credit hours

Natural Sciences (choose two)

- BIO1011 Anatomy and Physiology I 4 credit hours *
(must be taken concurrently with BIO1012 Anatomy and Physiology I Lab)
- BIO1012 Anatomy and Physiology I Lab 2 credit hours
- BIO1013 Anatomy and Physiology II 4 credit hours *
(must be taken concurrently with BIO1014 Anatomy and Physiology II Lab)
- BIO1014 Anatomy and Physiology II Lab 2 credit hours
- BIO1020 Biology I 4 credit hours
- BIO1021 Biology II 4 credit hours
- CHM1010 General Chemistry 4 credit hours

Note(s):

**NOTE: If a Psychology (BA) student chooses to take an Anatomy and Physiology course, only BIO 1011 and BIO 1013 satisfy the Natural Sciences requirement. Students enrolling in either course must, however, also take the related co-requisite lab courses: BIO 1012 and BIO 1014 respectively. Students electing this option for their Natural Sciences requirement will complete 184 credit hours of work for their degree, depending on their exact choice.*

Social and Behavioral Sciences

- POL2076 American Government 4 credit hours
- PSY1001 General Psychology 4 credit hours
- SOC1001 Introduction to Sociology 4 credit hours

Arts and Humanities (choose two)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages 4 credit hours
- ENG2003 World Literature II: From Enlightenment to Modernity 4 credit hours
- ENG2011 Introduction to American Literature: 1865 to present 4 credit hours
- ENG2020 Introduction to Film Studies 4 credit hours
- HIS1101 U.S. History I: Colonial to 1865 4 credit hours
- HIS1102 U.S. History II: 1865 to Present 4 credit hours
- HUM1001 History of Art through the Middle Ages 4 credit hours
- HUM1002 History of Art from the Middle Ages to Modern Times 4 credit hours
- HUM2101 World Civilization I: Prehistory to 1500 C.E. 4 credit hours
- HUM2102 World Civilization II: 1500 to Present 4 credit hours
- PHI2301 Introduction to Philosophy 4 credit hours
- REL1001 World Religions 4 credit hours

Area II Foundation Requirements: 32 Credits

Elective Pool (eight courses or 32 credit hours)

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in Area I, Area II, or Area III, but not simultaneously in two areas. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

Area III Major Requirements: 84 Credits

Core: 44 Credits

- PSY2007 Statistics for Behavioral Sciences 4 credit hours
(must be taken concurrently with PSY2008 Statistics for Behavioral Sciences Lab)
- PSY2008 Statistics for Behavioral Sciences Lab 2 credit hours
- PSY2010 Abnormal Psychology 4 credit hours
- PSY2022 Human Growth and Development 4 credit hours
- PSY2050 History and Systems 4 credit hours
- PSY2060 Research Methods 4 credit hours
(must be taken concurrently with PSY2061 Research Methods Lab)
- PSY2061 Research Methods Lab 2 credit hours
- PSY3001 Cognitive Psychology 4 credit hours
(must be taken concurrently with PSY3002 Cognitive Psychology Lab)
- PSY3002 Cognitive Psychology Lab 2 credit hours
- PSY3010 Social Psychology 4 credit hours
(must be taken concurrently with PSY3011 Social Psychology Lab)
- PSY3011 Social Psychology Lab 2 credit hours
- PSY3200 Biological Psychology 4 credit hours
- PSY3300 Personality 4 credit hours

Major Curriculum: 36 Credits

Students must take one course within each of the four areas below (16 credit hours) plus an additional 20 credit hours (5 courses) from any area below. Students should work with their academic counselor or program director to be sure they are making appropriate course choices.

Behavioral Health

- PSY4001 Addictions 4 credit hours
- PSY4030 Multicultural Psychology 4 credit hours
- PSY4400 Child and Adolescent Disorders 4 credit hours

- PSY4540 Introduction to Professional Counseling *4 credit hours*
- PSY4541 Introduction to Clinical Psychology *4 credit hours*
- PSY4600 Anxiety and Mood Disorders *4 credit hours*

Behavioral Neuroscience

- PSY3400 Sensation and Perception *4 credit hours*
- PSY3500 Motivation *4 credit hours*
- PSY4610 Advanced Analysis and Methods *4 credit hours*
- PSY4620 Learning and Memory *4 credit hours*
- PSY4630 Principles of Behavioral Neuroscience *4 credit hours*
- PSY4640 Comparative Cognition *4 credit hours*
- PSY4650 Human Neuropharmacology *4 credit hours*

Human Development

- PSY3520 Child/Adolescent Development *4 credit hours*
- PSY3530 Adult Development *4 credit hours*
- PSY3540 Elderly Development *4 credit hours*
- PSY3800 Introduction to Psychological Testing and Assessment *4 credit hours*
- PSY4040 Human Sexuality *4 credit hours*
- PSY4320 Psychology and Gender *4 credit hours*

Social/Organizational

- PSY4200 Psychology and the Media *4 credit hours*
- PSY4420 Health Psychology *4 credit hours*
- PSY4470 Forensic Psychology (formerly Psychology and Law) *4 credit hours*
- PSY4480 Psychology of Religion *4 credit hours*
- PSY4560 Industrial Organizational Psychology *4 credit hours*
- PSY4580 Psychometrics and Assessment *4 credit hours*

Capstone (choose one, 4 credit hours)

- PSY4800 Senior Seminar *4 credit hours*
OR
- PSY4900 Field Placement *4 credit hours*
OR
- PSY4861 Senior Thesis I *2 credit hours*
AND
- PSY4862 Senior Thesis II *2 credit hours*
Note: *Senior Thesis I and Senior Thesis II jointly count as one capstone option.*

Sciences

Associate of Science in Allied Health Science (AS)

Offered at South University, Austin; South University, High Point Off-Campus Instructional Site; South University, Montgomery; South University, Online Programs; South University, Orlando Off-Campus Instructional Site; South University, Savannah; South University, Tampa; and South University, West Palm Beach.

The Associate of Science in Allied Health Sciences degree program is designed to expose students to a broad education in general studies combined with an emphasis on life science subjects such as anatomy and physiology, chemistry, nutrition, and pathophysiology. It offers students interested in health careers a knowledge base from which they may achieve their professional goals. Students within this program may consider entry into the Bachelor of Science in Health Sciences or other professional programs upon graduation.

Program Student Learning Outcomes

Graduates should be able to:

1. Utilize the principles and theories of the natural, social, behavioral, and health sciences to serve as competent and considerate healthcare professionals.
2. Demonstrate effective and culturally sensitive written, oral and interpersonal communication skills with individuals, groups and peers in a variety of healthcare settings.
3. Identify and apply exemplary ethical and professional behaviors in various healthcare positions and organizations
4. Apply creative and critical thinking skills to identify, explore, and develop alternative solutions for a range of healthcare delivery system issues and challenges.
5. Effectively search, analyze and report on healthcare related data through the application of information technology and health management information systems.

Associate of Science in Allied Health Science: 90 Credits

Area I General Education Requirements: 40 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT1005 College Algebra II *4 credit hours* (MAT 1001 is the pre-req.)

Natural Sciences

- CHM1010 General Chemistry *4 credit hours*

Arts and Humanities (choose one)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences (choose one)

- ECO2071 Principles of Microeconomics *4 credit hours*
- ECO2072 Principles of Macroeconomics *4 credit hours*
- POL2076 American Government *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*
- SOC2010 Social Problems *4 credit hours*

Area II Foundation Requirements: 20 Credits

- AHS1001 Medical Terminology *4 credit hours*
- MAT2058 Statistics *4 credit hours*
Choose one additional Mathematics (MAT) course (4 credits) other than MAT1005 College Algebra II or MAT2058 Statistics.
- PHI2301 Introduction to Philosophy *4 credit hours*
- PSY1001 General Psychology *4 credit hours*

Area III Major Requirements: 30 Credits

- BIO1011 Anatomy and Physiology I *4 credit hours*
(must be taken concurrently with BIO1012 Anatomy and Physiology I Lab)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours*
(must be taken concurrently with BIO1014 Anatomy and Physiology II Lab)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*

- BIO2015 Human Pathophysiology 4 credit hours
- BIO2070 Microbiology 4 credit hours
(must be taken concurrently with BIO2071 Microbiology Lab or BIO2073 Microbiology Laboratory)
- BIO2071 Microbiology Lab 2 credit hours (online)
(required for BSN; RN to BSN students ONLY can take either)
OR
- BIO2073 Microbiology Laboratory 2 credit hours (campuses)
- NTR2050 Nutrition 4 credit hours
- PSY2022 Human Growth and Development 4 credit hours

Note(s): South University, Online Program Offerings may not be available to residents of all states. Please contact an admissions representative for further information.

College of Business

Purpose: The South University College of Business aims to provide motivated, life-long learners with a higher education experience that combines focused learning with personalized attention in a supportive environment.

Vision: South University College of Business will be recognized as the college of choice, which develops minds and creates opportunities through the use of innovative and diverse learning environments, enabling students to be ethically responsible leaders.

Values: The College of Business subscribes to three core values:

- Ethical Practices
- Student Success
- Quality Education

Accounting

Master's Degrees

Accounting (BS to MS)

Offered at South University, Online Programs

The BS (Bachelor of Science in Accounting) to MS (Master of Science in Accounting) degree program at South University is designed to prepare students for entry-level careers in professional accounting, including corporate and/or public accounting. The accounting and business coursework contained in the program may allow a student to qualify to take the Certified Public Accounting (CPA) Examination. Students should familiarize themselves with the specific candidacy requirements of the State Board of Accountancy in the particular state in which they wish to take the CPA examination.

Students who successfully complete all requirements of the BS (Bachelor of Science in Accounting) to MS (Master of Science in Accounting) program will be awarded both the Bachelor of Science in Accounting and the Master of Science in Accounting upon graduation from the graduate program (228 credit hours).

Program Student Learning Outcomes

Graduates will be able to:

1. Apply critical analysis skills to apply contemporary accounting principles and practices to the decisions faced by evolving business organizations.
2. Integrate principles of accounting, economics, finance, law, risk, and management to articulate innovative solutions to organizational challenges.
3. Integrate the auditing process, including the synthesis of information systems and communications, internal controls, and corporate governance.
4. Critique and apply the concepts, principles, and methods gleaned from professional and academic accounting research to challenges in the accounting profession.
5. Assess ethical, legal, and professional responsibilities required in the accounting profession.

Bachelor's Degrees

Accounting (BS)

Offered at South University, Online Programs.

South University, Online Program Offerings may not be available to residents of all states. Please contact an admissions representative for further information.

The Bachelor of Science in Accounting at South University is designed to prepare students for entry-level positions in corporate and/or public accounting. Additional graduate level coursework may be required to qualify to take the Certified Public Accounting (CPA) Examination in the states where South University has campuses offering the program. Students should familiarize themselves with the requirements of the State Board of Accountancy in the particular state in which they wish to take the exam. South University does not guarantee third-party certification/licensure. Outside agencies control the requirements for taking and passing certification/licensing exams and are subject to change without notice to South University.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate an awareness of how culture, society, ethics, law, politics, technology and economic principles provide a context for and affect the actions and decisions of business leaders and accounting professionals.
2. Exhibit: expertise in accounting standards, financial statements, auditing functions, budgeting, and taxation; an ability to apply generally accepted accounting principles; and the practical skills to be effective in entry-level positions.
3. Communicate clearly, both orally and in writing, their understanding of and solutions for common business problems.

4. Apply quantitative analysis and critical thinking skills to analyze business problems within and across functional business disciplines to positively affect financial performance.
5. Determine the extent of information needed, assess the needed information, evaluate information and its sources critically, use information effectively to accomplish a specific purpose, and access and use information ethically and legally.

- MGT4027 Global Business Management *4 credit hours*
- MGT4070 Strategic Management *4 credit hours*
- MIS3101 Application of Management Information Systems *4 credit hours*

Elective Pool 16 Credits

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in Area I, Area II, or Area III, but not simultaneously in two areas. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

- BUS3059 Quantitative Business Analysis 4 credit hours
- BUS4101 Quality Management 4 credit hours
- FIN3030 Corporate Finance 4 credit hours
- MGT3002 Organizational Behavior 4 credit hours
- MGT3045 Human Resources Management 4 credit hours
- MGT3102 Leadership 4 credit hours
- MGT4059 Advanced Operations Management 4 credit hours

Business Administration

Doctoral Degrees

Doctor of Business Administration (DBA)

Offered at South University, Online Programs; and South University, Savannah

The Doctor of Business Administration (DBA) degree program at South University is designed to prepare students to seek employment teaching business courses in higher education or to practice their profession in business or consulting. The program is organized around three core areas: field specialization, research methods/statistics, and quality teaching instruction.

The program focuses on the discipline of organizational behavior, which is the study of human behavior in organizations. The discipline draws from the areas of industrial, organizational, and social psychology.

The Doctor of Business Administration program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter.

The primary objective of the DBA degree program is to prepare graduates to seek employment in faculty positions in academic institutions. Another potential value of the degree program is that graduates may have the opportunity for advancement and for enhanced performance in their positions as senior executives and consultants. The DBA degree program is designed to help candidates develop skills in applied research by improving their methodological and analytical proficiency. These skills can help graduates advance in their academic careers or in their careers as senior managers or consultants.

Students have the opportunity to study the current research in the field, analyze and practice the research methods appropriate to the topics within the disciplines of organizational behavior and leadership, and develop appropriate methodologies to teach the topics to future students through the methods used in the discipline.

Online students are required to complete two residencies as part of the degree completion. One residency will take place early in the program and another will take place near the completion of their coursework prior to the start of their dissertation.

Program Distinctions

The South University DBA program is designed to be unique through the combination of the following items:

- Focuses on teaching, scholarship and service and as such mirrors the performance criteria for faculty within higher education.
- Includes instruction in quality methods of teaching in higher education through study and classroom observation.
- Includes a traditional preliminary exam and dissertation experience similar to PhD degree programs.
- Integrates management research paradigms as an organizing structure within content courses.

Program Student Learning Outcomes

Graduates will be able to:

1. Apply critical thinking skills to analyze and apply contemporary theory of organizational behavior and leadership within their discipline and make contributions to the business administration knowledge base.
2. Comprehend and apply the concepts, principles, and methods of researching business topics, and develop research designs using scientific investigation and systematic inquiry in an area of management. Emphasis will be placed upon directing research for peer reviewed journals, business practices, and consulting assignments.
3. Demonstrate a thorough understanding and practice of teaching and managing courses in higher education.
4. Demonstrate excellent oral and written communication related to the academic and professional environment. Students will demonstrate these skills in their coursework, instructional activities, and the dissertation.

Doctor of Business Administration: 72 Credits

Foundation: 4 Credits

- BUS7000 Introduction to the Professional Doctorate *4 credit hours*
- BUS7001 Virtual Residency I *0 credit hours* *

Master's Degrees

Business Administration (MBA)*

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach.

The South University Master of Business Administration (MBA) degree program is designed to provide students with a process based curriculum versus the standard functional based curriculum. The foundation provides a firm grounding in economics, decision-making, behavioral sciences, and strategic environment. The core presents a functional approach to the long and short run decisions that must be made to deliver goods and services to constituents.

The Master of Business Administration program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter. South University recommends that each graduate business student have a laptop computer. Laptop computers are needed for the multi-media classroom, business research and electronic communication.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate an ethical perspective as they assess decision-making processes, conflict, and other key macro and micro characteristics of organizations in diverse, global environments.
2. Influence individuals and organizations through the application of effective leadership and teamwork skills.
3. Apply effective communication skills in influencing others. They will create sustained, coherent arguments or explanations and reflections in their work.
4. Use critical thinking as they examine both qualitative and quantitative data, then synthesize and evaluate the information for use in problem recognition and problem solving.
5. Determine the information needed, assess the needed information, evaluate information and its sources critically, use information effectively to accomplish a specific purpose, and access and use information ethically and legally.

Master of Business Administration

Master of Business Administration: 48 Credits

Foundation: 20 Credits

- MBA5001 Organizational Behavior and Communication *4 credit hours*

Human Resources Management (MS)

Offered at South University, Austin; South University, Online Programs; and South University, Tampa.

The Masters of Science in Human Resource Management (HRM) degree program explores the multiple roles of HR practitioners, as well as the concepts, strategies and structures that impact and constraint organizations and its stakeholders. The graduate program examines the functional areas of HRM, employment and labor laws, generally accepted business practices, ethical principles, HR metrics and measurement and change management using consultative approaches through effective organizational leadership. Emphasis is placed on managing human capital and applying best-practice tools to meet organizational mission, goals and objectives. The program is identified as being aligned with the Society for Human Resource Management recommended minimum standards for degree-based coursework in human resources and integrates the Human Resources Competency Model components.

The Master of Science in Human Resources Management program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter.

Program Student Learning Outcomes

Graduates will be able to:

1. Evaluate strategic HRM practices and procedures in a systematic manner, including employee and labor relations, workplace safety, health and security, and global programs in terms of human and financial impact (direct and indirect) on the organization and in consideration of the local, national and global environment.
2. Apply ethical principles, generally accepted business practices, and employment and labor laws with stakeholders in the decision- making process about HR policies, practices, or initiatives.
3. Demonstrate the contribution of human resource planning, management and diversity initiatives to organizational stakeholders using generally accepted HR metrics and measurements.
4. Define staffing (recruitment and selection), training and development, retention and performance management concepts, processes and policies as part of an integrated whole, and not as an isolated functional area of HRM to develop programs that meet broader organizational needs and enable the organization to maintain a competitive advantage.
5. Develop classification, compensation, and benefits both direct and indirect that meet the strategies and constraints of the organization and its environments.
6. Analyze organizational development and change management principles using consultative approaches to realize the Human Resources vision through effective organizational leadership.

Master of Science in Human Resources Management: 48 Credits

- HRM5000 Strategic Human Resource Management *4 credit hours*
- HRM5010 Human Resource Planning *4 credit hours*
- HRM5020 Labor Laws and Ethical Standards *4 credit hours*
- HRM5030 Organizational Staffing *4 credit hours*
- HRM5040 Classification, Compensation, and Benefits *4 credit hours*
- HRM5050 Performance Management *4 credit hours*
- HRM5060 Training and Development *4 credit hours*
- HRM5070 Labor Unions, Workplace Safety, and Security *4 credit hours*
- HRM6000 International Human Resources Management *4 credit hours*
- HRM6010 Metrics and Measurement of Human Resources Management *4 credit hours*
- HRM6999 Capstone in Human Resources Management *4 credit hours*

Elective (Choose one course from the following):

- HRM5090 Internal Consulting *4 credit hours*
- HRM5080 Internship in Human Resources Management *4 credit hours*

Note(s):

South University, Online Program Offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Leadership (MS)

Offered at South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Savannah; and South University, Virginia Beach.

The Master of Science in Leadership degree program is designed to provide students the opportunity to develop skills in leadership, communication, problem solving and teamwork for use in a broad range of organizations. These skills are critical for successfully managing and leading organizations in today's dynamic organizational environment.

The Master of Science in Leadership program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter.

The 12-course (48 credit hours) program is designed for experienced professionals seeking to advance in their careers and for individuals with limited professional experience seeking to develop skills that can prepare them to seek employment managing and leading individuals, teams, departments and organizations.

Program Student Learning Outcomes

Graduates will be able to:

1. Assess how individuals, cultures, society, ethics, and psychological principles affect the actions and decisions of leaders as they influence individual and organizational stakeholders.
2. Influence others through effective communication skills that present clear, scholarly, and persuasive arguments.

3. Apply critical thinking to examine qualitative and quantitative data, including evaluation and synthesis of data for problem recognition and problem solving.
4. Demonstrate information literacy, including the ability to determine the extent of information needed, assess the needed information, evaluate information and its sources critically, and use information effectively, ethically, and legally to accomplish a specific purpose.

Master of Science in Leadership: 48 Credits

Foundation: Personal Leadership: 12 Credits

- LEA5100 Leadership, Organization Theory and Change *4 credit hours*

- MBA6501 Strategic Human Resources Management *4 credit hours*
- MBA6505 Organizational Development and Change Management *4 credit hours*

Capstone: 4 Credits

- LEA6999 Strategic Leadership and Implementation *4 credit hours*

Note(s):

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Public Administration (MPA)

Offered at South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Savannah and South University, Virginia Beach.

The Master of Public Administration degree program at South University is designed to address the needs of students for applied coursework in areas of critical importance to local, state, and national governmental and non-profit organizations. The program covers a broad range of governmental and nonprofit topics to help develop each student's knowledge, skills, and abilities. This degree program integrates knowledge from other areas to provide a combination of general and specialized information in a multi-disciplinary approach.

The Master of Public Administration program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter.

Program Student Learning Outcomes

Graduates will be able to:

1. Apply a broad conceptual framework to public administration issues, which will include economic, political, legal and social institutions and processes that affect the actions and decision of political leaders and public managers.
2. Communicate clearly, orally and in writing, their understanding of the challenges of government agencies and many public sector problems/issues and the multiple paths for solutions.
3. Demonstrate effective teamwork and communication skills in order to build strategic alliances within political and administrative structures.
4. Apply quantitative analysis and critical thinking skills.
5. Demonstrate attainment of discipline-specific knowledge and the practical skills to be effective in the field.

Master of Public Administration: 48 Credits

Core: 44 Credits

- MBA6501 Strategic Human Resources Management *4 credit hours*
- MPA5001 Foundations of Public Administration *4 credit hours*
- MPA5005 Public and Non-profit Organizational Behavior *4 credit hours*
- MPA5010 Public and Non-profit Budgeting and Accounting *4 credit hours*
- MPA6001 Research and Data Analysis in Public Administration *4 credit hours*
- MPA6100 Non-profit Fundraising and Volunteer Development *4 credit hours*
- MPA6105 Grant Writing and Contract Administration *4 credit hours*
- MPA6110 Management of Non-profit Organizations *4 credit hours*
- MPA6115 Program Evaluation of Public and Non-profit Organizations *4 credit hours*
- MPA6501 State and Local Government and Intergovernmental Relations *4 credit hours*
- MPA6505 Legislative and Judicial Process *4 credit hours*

Capstone: 4 Credits

- MPA6999 Strategic Challenges in Public Administration *4 credit hours*

Bachelor's Degrees

Business Administration (BBA)

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach.

The Bachelor of Business Administration degree program focuses on preparing students with the knowledge and skills they will need to pursue entry-level positions in business. With courses such as Strategic Management (MGT4070), Operations Management (MGT3059) and Business Simulation (BUS4098) students can discover how to adapt business strategies to accommodate changing marketplace conditions. Courses that include Project Management (MGT3035), Organizational Behavior (MGT3002) and Leadership (MGT3102) are designed to provide students with opportunities to understand and apply effective leadership skills. Through case studies and intensive projects, students will have the opportunity to gain the ability to assess organizational needs and implement effective improvement scenarios.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate the ability to determine the extent of information needed, assess the needed information, evaluate information and its sources critically, use information effectively to accomplish a specific purpose, and access and use information ethically and legally.
2. Demonstrate an ability to communicate clearly, both orally and in writing, their understanding of and solutions for common business problems.
3. Demonstrate effective teamwork and communication skills when working with team members with diverse backgrounds and abilities to realize important business objectives.
4. Demonstrate an ability to apply quantitative analysis and critical thinking skills to analyze business problems within and across functional business disciplines to positively affect financial performance.
5. Demonstrate attainment of discipline-specific knowledge and the practical skills to be effective in entry-level positions.

Bachelor of Business Administration: 180 Credits

Area I General Education Requirements: 64 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*

- MIS3101 Application of Management Information Systems *4 credit hours*
- MKT3010 Marketing Management *4 credit hours*

Elective Pool (eight courses or 32 credit hours)

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in Area I, Area II, or Area III, but not simultaneously in two areas. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

Choose eight courses from the following list:

- BUS3041 Managerial Communications *4 credit hours*
- BUS4100 Business Internship *4 credit hours*
- BUS4101 Quality Management *4 credit hours*
- FIN3030 Corporate Finance *4 credit hours*
- MGT3045 Human Resources Management *4 credit hours*
- MGT4027 Global Business Management *4 credit hours*
- MGT4059 Advanced Operations Management *4 credit hours*
- MKT4106 Advertising and Promotion *4 credit hours*

Note(s): South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Healthcare Management and Administration

Master's Degrees

Healthcare Administration (MBA)

Offered at South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach.

The Master of Business Administration, Healthcare Administration degree program is designed to prepare graduates to seek employment in a leadership role in the healthcare delivery system. The program is founded with the philosophy that healthcare leaders require strong business competencies and management skills to be successful. The curriculum is designed to prepare students with a sound foundation in business analysis and decision-making, followed by a specialization in healthcare administration.

The Master of Business Administration in Healthcare Administration program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter.

The foundation courses are designed to provide a firm grounding in decision-making, behavioral sciences, and strategic environment. The MBA degree program core presents a functional approach to the long run and short run decisions that must be made to deliver goods and services. The Healthcare Administration specialization core is designed to provide specialized management and capstone courses specific to the healthcare field.

Program Student Learning Outcomes

Graduates will be able to:

1. Integrate and apply the knowledge of business and healthcare concepts specific to structures and governance, finance, and the delivery of healthcare within the US healthcare system.
2. Evaluate and analyze the impact that current healthcare policies may have on healthcare services.
3. Develop proficiency in critical thinking, information literacy skills and knowledge in healthcare specific research, problem-solving and case study analysis.
4. Demonstrate exceptional communication skills including the use of appropriate computer skills for writing, research, and analytic papers.

Master of Business Administration, Healthcare Administration: 48 credits

- MBA5001 Organizational Behavior and Communication *4 credit hours*
- MBA5004 Managerial Economics *4 credit hours*
- MBA5005 Law and Ethics for Managers *4 credit hours*
- MBA5008 Quantitative Analysis and Decision Making *4 credit hours*
- MBA5009 Managerial Environment *4 credit hours*
- MBA6011 Strategic Marketing *4 credit hours*
- MHC6301 Healthcare Structure, Organization, and Governance *4 credit hours*
- MHC6305 Financial Management of Healthcare Organizations *4 credit hours*
- MHC6999 Case Studies in Healthcare Administration *4 credit hours*

Choose three of the following:

- MHA6050 Regulation and Policy in Healthcare *4 credit hours*
- MHC6302 Public Health Organization and Management *4 credit hours*
- MHC6303 Quality Performance and Management *4 credit hours*
- MHC6306 Human Resource Management in Healthcare Organizations *4 credit hours*

Note(s)

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Healthcare Administration (MHA)

Offered at South University, Online Programs; South University, Austin; South University, Savannah; and South University, West Palm Beach

The Master of Healthcare Administration (MHA) degree program at South University is designed to prepare students from a variety of backgrounds to seek employment in healthcare management and leadership upon graduation. The 12-course (48 credits) program is founded with the philosophy that healthcare leaders require strong competencies in both healthcare and management to be successful. Specifically competencies are addressed in contemporary healthcare management and leadership strategies, present healthcare systems and organizations, policy evaluation and planning techniques, financial management, and business operations. The curriculum is designed to provide students with a sound foundation in solving the problems of today's health systems, a greater understanding of management issues and to prepare them to seek employment in middle and senior management roles in health administration of hospitals and other health services organizations, as well as the private and public health infrastructure.

The Master of Healthcare Administration program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter.

Program Student Learning Outcomes

Graduates will be able to:

1. Interpret the knowledge in healthcare management principles and content specific to finance, economics, strategy, human resources, information management, and ethics.
2. Evaluate the impact of healthcare policy and law on the delivery and services provided by the industry
3. Integrate market research with strategic planning in healthcare, evaluating a wide array of business processes and tools in healthcare operations management.
4. Assess managerial and leadership challenges in healthcare
5. Demonstrate the ability to communicate and present information that is concise, clear, organized, supported, and persuasive in a professional manner appropriate to the healthcare industry.

Master of Healthcare Administration: 48 Credits

- MHA5010 Healthcare Management and Organizational Behavior *4 credit hours*
- MHA5020 Healthcare Organizations and Administration *4 credit hours*
- MHA5030 Current Economics in Healthcare *4 credit hours*
- MHA6050 Regulation and Policy in Healthcare *4 credit hours*
- MHA6060 Health Law and Ethics *4 credit hours*
- MHA6080 Healthcare Planning and Marketing *4 credit hours*

- MHA6100 Executive Leadership in Healthcare Organizations *4 credit hours*
- MHA6120 Management Information Systems in Healthcare *4 credit hours*
- MHC6303 Quality Performance and Management *4 credit hours*
- MHC6305 Financial Management of Healthcare Organizations *4 credit hours*
- MHC6306 Human Resource Management in Healthcare Organizations *4 credit hours*
- MHA6999 Seminar in Healthcare Cases *4 credit hours*

Bachelor's Degrees

Healthcare Management (BS)

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach

The Bachelor of Science in Healthcare Management degree program is based on the premise that successful healthcare managers need to have strong business skills. This program is designed to provide students with the necessary foundation to seek entry-level employment in the healthcare services industry. The foundation of management theory and business course skills affords students the opportunity to use the analytic approaches in their healthcare management courses that can be transferred into the healthcare services environment.

Program Student Learning Outcomes

Graduates will be able to:

1. Analyze real world business problems in healthcare organizations understanding the framework in which healthcare services are produced, coordinated, consumed, and reimbursed.
2. Integrate human resource, marketing, finance, and information management skills into the analysis for healthcare settings.
3. Develop ethical and professional solutions for healthcare business challenges.
4. Analyze contemporary strategic planning and decision-making in healthcare to assess alternative management solutions in healthcare related problems and challenges.
5. Evaluate critical issues in acute and long-term care environments from the perspectives of the healthcare stakeholders.

Bachelor of Science in Healthcare Management: 180 Credits

Area I General Education Requirements: 64-68 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT2058 Statistics *4 credit hours*

Choose two additional courses from the following:

- MAT1001 College Algebra I *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*

Natural Sciences (choose two)

- BIO1020 Biology I *4 credit hours*
- BIO1021 Biology II *4 credit hours*
- CHM1010 General Chemistry *4 credit hours*
- BIO1011 Anatomy and Physiology I *4 credit hours* *
(*must be taken concurrently with BIO1012 Anatomy and Physiology I Lab*)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours* *
(*must be taken concurrently with BIO1014 Anatomy and Physiology II Lab*)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*

Note(s):

**If a BS Healthcare Management student chooses to take an Anatomy and Physiology course, only BIO1011 and BIO1013 satisfy the Natural Sciences requirement. Students enrolling in either course must, however, also take the related co-requisite lab courses: BIO1012 and BIO1014 respectively. Students electing this option for their Natural Sciences requirement will complete up to 184 credit hours of work for their degree, depending on their exact choice.*

Arts and Humanities (choose two)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*

- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences

- ECO2071 Principles of Microeconomics *4 credit hours*
- ECO2072 Principles of Macroeconomics *4 credit hours*

Choose one additional course from the following:

- PSY1001 General Psychology *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*

Area II Foundation Requirements: 28 Credits

- ACC1001 Accounting I *4 credit hours*
- ACC1002 Accounting II *4 credit hours*
- ACC1003 Accounting III *4 credit hours*
- AHS1001 Medical Terminology *4 credit hours*
- BUS2023 Business Communications *4 credit hours*
- HCM1201 Introduction to Healthcare Insurance Coding, Billing, and Reimbursement *4 credit hours*
- HCM2004 Introduction to Healthcare Management *4 credit hours*

Area III Major Requirements: 88 Credits

Core

- HCM2005 Healthcare Delivery and Organization *4 credit hours*
- HCM3002 Economics of Healthcare *4 credit hours*
- HCM3004 Ethics and Law for Administrators *4 credit hours*
- HCM3005 Healthcare Finance *4 credit hours*
- HCM3006 Healthcare Marketing and Strategy *4 credit hours*
- HCM3008 Health Information Management Systems *4 credit hours*
- HCM3010 Long-Term Care *4 credit hours*
- HCM3020 Managed Care *4 credit hours*
- HCM3046 Managing the Healthcare Workforce *4 credit hours*
- HCM4002 Risk Management in Healthcare Settings *4 credit hours*
- HCM4005 Managerial Epidemiology in Healthcare Administration *4 credit hours*
- HCM4007 Leadership in Healthcare Organizations *4 credit hours*

Capstone Sequence

- HCM4012 Case Studies in Healthcare Administration *4 credit hours*
- HCM4025 Strategic Management in Healthcare Organizations *4 credit hours*

Elective Pool (eight courses or 32 credit hours)

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in Area I, Area II, or Area III, but not simultaneously in two areas. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

Choose eight courses from the following list:

- BUS1038 Business Law I 4 credit hours
- BUS1101 Introduction to Business 4 credit hours
- HCM3020 Managed Care 4 credit hours
- HCM3030 Federal and State Healthcare Programs 4 credit hours
- HCM4010 Leadership in Healthcare Organizations - Internship 4 credit hours
- MGT2037 Principles of Management 4 credit hours
- MIS3101 Application of Management Information Systems 4 credit hours
- PHE2001 Introduction to Public Health 4 credit hours
- PHE3050 Public Health Policy 4 credit hours **
- PRL2100 Introduction to Public Relations 4 credit hours
- PSY2010 Abnormal Psychology 4 credit hours **
- SOC2010 Social Problems 4 credit hours **

Note(s):

*** Requires a prerequisite that may or may not satisfy Area I. If not, then prerequisite must be selected as an elective.*

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Information Systems and Technology

Master's Degrees

Master of Science in Information Systems (MS)

Offered at South University, Austin; South University, Montgomery; South University, Online Programs; South University, Orlando Off-Campus Instructional Site; South University, Richmond; South University, Tampa; and South University, Virginia Beach.

The Master of Science in Information Systems (MSIS) program prepares students for a career or advancement within the Information Systems (IS) profession, or related fields. The program is designed for professionals and continuing students with diverse backgrounds. The MSIS program curriculum focuses on merging business and IS theories while emphasizing practical applications.

The core competencies of the MSIS program covers a wide range of topics, including business intelligence, data management, knowledge acquisition, information technology (IT) governance, service management, IS development and auditing, systems analysis and design, object-oriented enterprise modeling, information security, and risk management.

The program aims to equip students with analytical and critical-thinking skills to identify and solve problems within an interrelated systems context. Students learn to define problems and communicate solutions effectively by using oral, visual, and analytical means, as well as utilizing frameworks such as business cases, service level agreements, use cases, and corporate dashboards.

The MSIS program draws on recognized industry frameworks, best practices, and standards through alignment with certifications established by the Information Systems Audit and Control Association (ISACA®), the Information Technology Infrastructure Library (ITIL®), and the Project Management Institute (PMI®). To aid the academic and professional advancement of students through hands-on experience, the MSIS program incorporates technology resources via the IBM Academic Initiative.

The program emphasizes project-based learning and students perform an IT/IS industry analysis of skills, certifications, technologies, and methodologies required in their targeted careers. This leads to the development of a portfolio of projects, which is vetted by industry experts. This approach is also supported by an elective internship course.

The Master of Science in Information Systems program is delivered in two modalities: fully online and blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online on alternating weeks over the 11-week quarter.

Program Student Learning Outcomes

After completion of the Master of Science in Information Systems, graduates will be able to:

1. Articulate the utilization of Information Systems (IS) resources (people, processes, technology, and data) to support enterprise strategy.
2. Utilize industry standards and guidelines in the analysis and development of IS resources.
3. Analyze the strategic use of IS resources for a project or organizational goal.
4. Practice the use of an Enterprise Architecture methodology through the domains of Business Intelligence, IT Governance, and Systems Development.

Master of Science in Information Systems: 48 Credits

Foundation of Business Courses (Choose 1): 4 Credits

- LEA5125 Leadership Ethics, Culture, and Politics *4 credit hours*
- MBA5001 Organizational Behavior and Communication *4 credit hours*
- MBA5004 Managerial Economics *4 credit hours*
- MBA5005 Law and Ethics for Managers *4 credit hours*
- MBA5008 Quantitative Analysis and Decision Making *4 credit hours*

Foundation Information Systems and Technology: 8 Credits

- MIS5020 Information Systems Fundamentals *4 credit hours*
- MIS5030 Emerging Technologies *4 credit hours*

Core: 28 Credits

- MIS6000 Principles of System Development *4 credit hours*
- MIS6010 Project Management *4 credit hours*
- MIS6020 Corporate Information Systems Management *4 credit hours*
- MIS6210 Decision Support Systems *4 credit hours*
- MIS6211 Data Management *4 credit hours*
- MIS6230 IT Audit, Control, and Compliance *4 credit hours*
- MIS6250 Organizational Information Security *4 credit hours*

Elective (Choose 1): 4 Credits

- MIS6160 Information Design and Usability *4 credit hours*
- MIS6161 Human Computer Interaction *4 credit hours*
- MIS6212 Cognitive Computing *4 credit hours*
- MIS6231 Risk Management *4 credit hours*
- MIS6262 Network Operations Management *4 credit hours*
- MIS6990 Information Systems Internship *4 credit hours*

Capstone: 4 Credits

- MIS6995 Information Systems Capstone *4 credit hours*

Note(s):

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Bachelor's Degrees

Information Technology with Specializations (BS)

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia Beach

The Bachelor of Science in Information Technology degree program focuses on preparing students with the knowledge and skills needed to understand the theoretical and applied uses of information technology in a variety of business settings. Case studies and hands-on lab projects can help students gain the communication skills, critical thinking and technical competencies required in the current technology-oriented workplace.

Building upon a strong set of Information Technology foundational courses, the program gives students the opportunity to choose one of three areas of specialization: Comprehensive, Cybersecurity or Management. The specialization options give students the ability to focus on a specific IT discipline of interest or to obtain a broader skill set across multiple IT disciplines.

The Bachelor of Science in Information Technology degree program culminates in a capstone project that focuses on the student's overall course of study and allows the student the opportunity to apply the concepts and skills learned in real and simulated business situations.

The comprehensive specialization is intended for students who are interested in acquiring a broad skill set in essential IT disciplines. The comprehensive option covers the knowledge areas of database development and administration, information systems security, multimedia and web development, and network administration and management. This specialization is well suited for students who wish to develop across-the-board IT competencies, are not set on any specific IT professional work role and seek the flexibility to pursue different IT career opportunities upon graduation.

The cybersecurity specialization targets a growing demand for IT experts specialized in cybersecurity, to operate, maintain, protect and defend the mission-critical assets of organizations. This specialization track is designed per the guidelines of the National Initiative for Cybersecurity Education (NICE) Cybersecurity Workforce Framework (CWF), a partnership between government, academia, and the private sector focused on cybersecurity education and workforce development. The program learning outcomes are mapped to the NICE CWF work categories, specialty areas, work roles, and knowledge areas, to achieve direct relevancy with cybersecurity jobs in demand. The program also aligns its learning outcomes with best practices from prominent professional certifications, such as Certified Information Systems Security Professional (CISSP) from the International Information Systems Security Certification Consortium (ISC)², and Certified Ethical Hacker (CEH) from EC-Council. Throughout the program, students combine theoretical and hands-on practice using a virtual-lab and cybersecurity resources, such as the IBM-cybersecurity technology suite.

The Information Technology Management specialization combines the development of essential IT skills (systems lifecycle management, networking, data management, and helpdesk administration), IT security skills, IT governance skills and IT operational skills, to enable the planning and implementation of reliable IT in an organization (planning of capacity, continuity, availability, and security.) This program will prepare students to exercise a leadership role within the IT department of an organization by being able to apply an IT-as-a-service approach in the planning and management of the IT infrastructure and services.

Modern enterprises have expressed a growing need for professionals with Information Technology Management (IT Management) skills, due to the strategic role IT plays in today's organization. The role of the IT Manager has evolved from being merely a technology specialist, to being a custodian of the enterprise's IT infrastructure and resources, and a steward of IT governance and strategy. The IT Manager is also responsible for interpreting and implementing rules and regulations like Sarbanes Oxley (SOX) and managing critical IT services for the enterprise at large, its partners, and its customers.

In addition to strong foundational course work focused on IT competencies, the program emphasizes the necessary management, business, and communication skills required for managing budgets, projects and IT operations. The program includes core and elective courses to help graduates build mastery in Industry Standards and prepare them for Industry Certifications:

- PMI Professional in Business Analysis
- Certified Associate in Project management (CAPM) - PMI
- Information Technology Infrastructure Library (ITIL)
- ISO20000 Information Technology Service Management
- Certified in the Governance of Enterprise IT (CGEIT)
- NIST 800.xxx and ISO 2700x
- ITIL, ISO 20000, COBIT

Program Student Learning Outcomes

Upon completion of the BSIT Program, graduates will be able to:

1. Articulate clear, accurate and precise solutions to IT and discipline-specific problems.
2. Demonstrate effective teamwork and communication skills in various organizational situations.

3. Recognize and explain the societal, legal and ethical factors impact on individuals and organizations in various information technology contexts.
4. Demonstrate attainment of IT and discipline-specific body-of-knowledge competencies, by defining concepts, recognizing applied usage, describing methodologies, determining governance and technical measures, and applying best practices effectively and accurately in all phases of the IT delivery lifecycle.

Comprehensive specialization graduates will also be able to:

- a) Analyze information technology problems and use current technical concepts and critical thinking skills to devise technical solutions.
- b) Use and apply current techniques, tools, and practices in the core IT areas to implement solutions to IT problems. These include the areas of networking, database technology, Web-based applications, human-computer interface, computer security, and software development.

Cybersecurity specialization graduates will also be able to:

- a) Assess cybersecurity threats and vulnerabilities of information systems and infrastructures and analyze the cybersecurity risk impacts on enterprises.
- b) Design robust, layered controls to safeguard mission-critical assets of enterprises.

Management specialization graduates will also be able to:

- a) Articulate processes for procurement, funding, and other information technology value-chain applications.
- b) Devise processes and controls to achieve information systems compliance and alliance with the organization's strategic goals.

Bachelor of Science in Information Technology with Specializations: 180 credits

Area I General Education Requirements: 48 credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT2058 Statistics *4 credit hours*

Choose two additional courses from the list below:

- MAT1001 College Algebra I *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*

Natural and Physical Sciences (choose one)

- BIO1020 Biology I *4 credit hours*
- BIO1021 Biology II *4 credit hours*
- CHM1010 General Chemistry *4 credit hours*

Arts and Humanities (choose one)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- ENG2020 Introduction to Film Studies *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences (choose one)

- ECO2071 Principles of Microeconomics *4 credit hours*
- ECO2072 Principles of Macroeconomics *4 credit hours*
- POL2076 American Government *4 credit hours*
- PSY1001 General Psychology *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*
- SOC2010 Social Problems *4 credit hours*

Area II Foundation Requirements: 52 credits

- ITS1101 Foundations of Information Technology *4 credit hours*
- ITS2103 Networking Fundamentals *4 credit hours*
- ITS2104 Programming Logic *4 credit hours*
- ITS2105 Programming I *4 credit hours*
- ITS2110 Database Design and Development *4 credit hours*

Elective Pool (eight courses or 32 credit hours)

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in the program across Areas I, II, III and IV. For example, if a course from the Area III Specialization group is completed, it cannot be used to meet an Elective requirement. Also, students should be sure to select elective courses for which they will have met the required prerequisites. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

- ITS4090 Applied Systems Analysis II *4 credit hours*
- ITS4099 IT Research *4 credit hours*
- ITS4105 Network Administration I *4 credit hours*
- ITS4106 Network Administration II *4 credit hours*
- ITS4107 Designing and Maintaining Network Implementations *4 credit hours*
- ITS4108 Network Programming *4 credit hours*
- ITS4110 Digital Audio and Imaging for Multimedia and Web *4 credit hours*
- ITS4111 Web Authoring Tools *4 credit hours*
- ITS4112 Web Programming *4 credit hours*
- ITS4113 Database Systems for Website Applications *4 credit hours*
- ITS4114 Advanced Database Design and Development *4 credit hours*
- ITS4115 Database Administration *4 credit hours*
- ITS4116 Database Programming *4 credit hours*
- ITS4117 Web Stack Construction *4 credit hours*
- ITS4200 Information Technology Internship *4 credit hours*
- ITS4211 Network Security *4 credit hours*
- ITS4221 Application Software Security *4 credit hours*
- ITS4222 IT Governance *4 credit hours*
- ITS4223 Information Technology Service Management *4 credit hours*
- ITS4224 Foundations of Enterprise Architecture *4 credit hours*
- ITS4232 Information Systems Security I
- ITS4238 Healthcare Information Systems Security and Privacy *4 credit hours*
- ITS4239 Incident Response *4 credit hours*
- MAT1005 College Algebra II *4 credit hours*
- MIS3101 Application of Management Information Systems *4 credit hours*

Area III Major Requirements: 80 credits

Common Core: 32 credits

- ITS3101 Advanced Operating Systems and Architecture *4 credit hours*
- ITS3102 SQL Development *4 credit hours*
- ITS3103 Advanced Networking *4 credit hours*
- ITS3104 IT Security *4 credit hours*
- ITS3110 Applied Systems Analysis *4 credit hours*
- ITS4011 IT Project Management *4 credit hours*
- ITS4103 IT Capstone *4 credit hours*
- ITS4109 Server Technology *4 credit hours*

Select One Specialization: 48 credits

Specialization in Comprehensive

- ITS1103 Ethics and Information Technology *4 credit hours*
- ITS2108 Human Computer Interface *4 credit hours*
- ITS2111 Multimedia Web Development *4 credit hours*

- ITS4090 Applied Systems Analysis II *4 credit hours*
- ITS4099 IT Research *4 credit hours*
- ITS4105 Network Administration I *4 credit hours*
- ITS4115 Database Administration *4 credit hours*
- ITS4211 Network Security *4 credit hours*
- ITS4222 IT Governance *4 credit hours*
- ITS4224 Foundations of Enterprise Architecture Prerequisites *4 credit hours*
- MIS3101 Application of Management Information Systems *4 credit hours*

Choose one course from the list below:

- ITS3100 Software Engineering Fundamentals *4 credit hours*
- ITS4113 Database Systems for Website Applications *4 credit hours*
- ITS4114 Advanced Database Design and Development *4 credit hours*
- ITS4200 Information Technology Internship *4 credit hours*

Specialization in Cybersecurity

- ITS2101 Applied Calculus for IT *4 credit hours*
- ITS3105 Programming II *4 credit hours*
- ITS4000 Cybersecurity Research *4 credit hours*
- ITS4117 Web Stack Construction *4 credit hours*
- ITS4211 Network Security *4 credit hours*
- ITS4221 Application Software Security *4 credit hours*
- ITS4232 Information Systems Security I *4 credit hours*
- ITS4233 Information Systems Security II *4 credit hours*
- ITS4234 Ethical Hacking I *4 credit hours*
- ITS4235 Ethical Hacking II *4 credit hours*
- ITS4236 Cyber Forensics *4 credit hours*
- ITS4239 Incident Response *4 credit hours*

Specialization in Management

- ACC1001 Accounting I *4 credit hours*
- BUS1101 Introduction to Business *4 credit hours*
- BUS2023 Business Communications *4 credit hours*
- FIN2030 Introduction to Finance *4 credit hours*
- ITS4105 Network Administration I *4 credit hours*
- ITS4222 IT Governance *4 credit hours*
- ITS4223 Information Technology Service Management *4 credit hours*
- ITS4224 Foundations of Enterprise Architecture Prerequisites *4 credit hours*
- ITS4232 Information Systems Security I *4 credit hours*
- MGT2037 Principles of Management *4 credit hours*
- MIS3101 Application of Management Information Systems *4 credit hours*

Choose one course from the list below:

- BUS3001 Ethics in Organizations *4 credit hours*
- ITS3100 Software Engineering Fundamentals *4 credit hours*
- ITS4099 IT Research *4 credit hours*
- ITS4113 Database Systems for Website Applications *4 credit hours*
- ITS4114 Advanced Database Design and Development *4 credit hours*

- ITS4200 Information Technology Internship *4 credit hours*
- ITS4238 Healthcare Information Systems Security and Privacy *4 credit hours*

Note(s):

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

College of Health Professions

The College of Health Professions offers degrees at the doctorate, master's, bachelor's, and associate's levels. Programs are designed to provide academic, administrative, technical, clinical, and ethical training for a variety of healthcare professions.

Ever mindful of the need to seek the highest degree of professionalism, the faculty strives to blend the teaching of theory, clinical application, and high ethical standards. Graduates of South University's health professions programs are prepared to seek entry-level employment in hospitals, private physician practices, community clinics and agencies, research organizations, pharmaceutical firms, and academic institutions.

All baccalaureate- and associate-level degree programs are built on a strong foundation of general studies including mathematics, physical sciences, language arts and social sciences. The master's degree programs are designed to help prepare students to deliver professional services. All programs are geared toward educating individuals for successful careers in public, private and governmental healthcare and counseling services.

Students wishing to enter a program in the College of Health Professions should be aware that a prior felony conviction may restrict an individual's ability to obtain professional licensure or certification. Acceptance into a South University program or its completion does not imply or guarantee that a student will be able to obtain such licensure or certification.

Doctor of Occupational Therapy

Doctoral Degrees

Occupational Therapy (OTD)

Offered at South University, West Palm Beach.

South University's post-professional Doctor of Occupational Therapy degree program is an innovative graduate curriculum that is designed to build the profession's capacity to empower the advanced clinical-scholar. The program emphasizes advanced leadership, advanced pedagogy, and advanced clinical knowledge that is consistent with the vision of South University where critical thinking, professionalism and community service which are tantamount to transformative learning.

The Doctor of Occupational Therapy degree program is designed to give students the opportunity to integrate the art and science of occupational therapy that collaborates creatively with clients to improve health and their participation in life. Through engagement in diverse learning opportunities within the classroom and community, students may graduate as competent, ethically-sound practitioners who will intuitively employ evidence-based practices throughout the many emerging therapeutic approaches. Thus, graduates of the program promote health and well-being through engagement in therapeutic occupations (e.g. everyday life activities) that enhance quality of life for persons in the communities wherever they live, work and play.

Program Student Learning Outcomes

The post-professional Doctor of Occupational Therapy degree program and its faculty-mentors are committed to developing advanced clinical-scholars who are able to:

- Apply the knowledge, skills and abilities necessary to make well-informed judgments regarding content validity in research as well as implement evidenced-based clinical practices throughout the spectrum of care.

- Advocate for clients, communities and entire populations' right to receive prompt and effective occupational therapy services and employ newly gained transformative knowledge to develop and secure policies at local, state, regional and national levels.
- Employ critical thinking, life-long learning, and analytical methodologies to leverage and justify resources that enhance the effectiveness of advanced therapeutic interventions.
- Critically examine the rapid changes occurring throughout the health care landscape as well as understand issues regarding managed care, third party reimbursement, access to specialty care, and how occupational therapy will weave meaningful occupation into contemporary practice models.
- Collaborate with peers, faculty-mentors, subject matter experts, researchers and practitioners regarding material from peer-reviewed publications and do so during synchronous and asynchronous postings and during formal class presentations.
- Become a self-directed learner consistent with an advanced scholar who is able to understand scientific evidence so that he/she is able to critically analyze, interpret and synthesize data while applying it within specific practice areas.

Capstone Project

The Capstone Project (made up of OTD7040, OTD7041, OTD7042, OTD7043, OTD7044, OTD7045, OTD7046), an advanced experiential and research-based project, is considered the pinnacle of the student's combined experiences within the OTD degree program. The faculty-mentor(s), OTD-Program Director, and Capstone Advisory Committee (CAC) are responsible for assisting each student in developing his/her project. The faculty mentor may be experienced in the health care industry, academia, or research as their scholarly work is deemed central to evidence based practice and/or translational research related to the student's Capstone Project. Additional members may be added to the committee upon request.

The Capstone Project is directly influenced by the knowledge obtained within the advanced academic environment of the OTD program; however, it can also be shaped by external influences, such as, from the information obtained while working with the student's subject matter expert (SME) or Capstone Advisory Committee (CAC). Students focus on projects geared toward a service-industry need, specific product, an assessment tool or a detailed document that may address critical issues in the field. The series of courses allow students an opportunity to document, implement, and/or evaluate their Capstone Project methodically and in a structured manner. As such, the course is structured (e.g., development of hypotheses, gathering empirical data, analysis, and implications and outcomes) to elevate the capstone project to a point where significant discovery occurs.

On Campus Intensive

The On Campus Intensive (OCI) is an advanced experiential learning opportunity where OTD students meet and collaborate, critically analyze, and debate course material presented by their classmates and faculty-mentors. The OCI also serves as a formalized and structured process whereby students can meet with their Capstone Advisory Committee (CAC) chairperson (e.g. the CAC chair will always default to an OTD faculty-mentor) and receive guidance and instruction relating directly to their capstone project; Attendance at the OCI is mandatory. If a student is unable to attend the scheduled OCIs, due to a medical or family emergency, he/she is encouraged to contact the Program Director as soon as possible. If attendance at an OCI event was impeded due to health related issues, then medical documentation will be required. It is the student's responsibility to obtain any information missed during the scheduled OCI.

Applicants who fully meet entrance criteria and have a master's degree in Occupational Therapy from an accredited institution will matriculate through Track A for their core and elective courses. Total credit hours required to graduate with a practice (clinical) Doctorate degree in Occupational Therapy at South University is 58 credit hours in this track. Occupational Therapists with a master's in Occupational Therapy may graduate in a shorter period of time than do their colleagues with a bachelor's degree.

Applicants with a bachelor's degree in Occupational Therapy and a related master's degree in Health Sciences, such as, a Master in Health Service Administration, Master in Clinical Social Work, Master in Health Science, Master of Science in Nursing, Master in Public Health, or Master of Business Administration-with an emphasis on healthcare will also matriculate into Track A.

Applicants with a baccalaureate degree in Occupational Therapy from an accredited institution will matriculate into Track B, unless they can demonstrate proof of having taken the required prerequisite courses at an approved institution. Total credit hours required to graduate with a practice (clinical) Doctorate degree in Occupational Therapy at South University is 74 credit hours in this track. Occupational Therapists with a bachelor's degree in Occupational Therapy may require a longer period of time to graduate than do their master's trained colleagues. This is based on the requirement of taking prerequisite courses embedded within the Doctor of Occupational Therapy curriculum.

Any prerequisite courses considered for transfer will be evaluated by the Program Director for Occupational Therapy.

Doctor of Occupational Therapy Standards of Professionalism

Because practitioners of Occupational Therapy are called to the highest professional ethics and understanding that this responsibility begins prior to receipt of a degree, South University post-professional Doctor of Occupational Therapy degree program students must uphold the following principles of conduct and integrity. These principles promote honesty, trust, and cooperation among the students, their colleagues, the faculty, their patients, as well as, their profession. Students in South University's Doctor of Occupational Therapy degree program are expected to demonstrate behavior appropriate for an advanced clinical career in allied health care and/or occupational therapy education. Appropriate behavior is characterized by honesty, trustworthiness, professional demeanor, respect for the rights of others, personal accountability, and concern for the welfare of patients. Violations of these principles of professionalism may result in referral to the Student Progressions Committee.

Doctor of Occupational Therapy: 58 Credits

Track A

- OTD7000 Introduction to Advanced Doctoral Studies *3 credit hours*
- OTD7021 Historical Perspectives in Occupational Therapy *3 credit hours*
- OTD7022 Introduction to Neuro-Occupations *3 credit hours*
- OTD7023 Critical Analysis of Health Promotion and Healthcare Policy *3 credit hours*
- OTD7025 Healthcare Management and Program Development *3 credit hours*
- OTD7030 Multidisciplinary Integration of Occupation and Clinical Intervention *3 credit hours*
- OTD7031 Research Methodologies and Inquiry *4 credit hours*
- OTD7032 Clinical Doctoral Outcome Measures I *4 credit hours*
- OTD7033 Clinical Doctoral Outcome Measures II *4 credit hours*
- OTD7035 Professional Development in Advanced Scholarship and Practice I *1 credit hour*
- OTD7036 Professional Development in Advanced Scholarship and Practice II *1 credit hour*
- OTD7037 Professional Development in Advanced Scholarship and Practice III *1 credit hour*
- OTD7039 Critical Analysis of Occupational Therapy Practice *4 credit hours*
- OTD7040 Critical Analysis of Capstone Project Trajectory I *1 credit hour*
- OTD7041 Critical Analysis of Capstone Project Trajectory II *1 credit hour*
- OTD7042 Critical Analysis of Capstone Project Trajectory III *1 credit hour*
- OTD7043 Critical Analysis of Capstone Project Trajectory IV *1 credit hour*
- OTD7044 Critical Analysis of Capstone Project Trajectory V *1 credit hour*
- OTD7045 Critical Analysis of Capstone Project Trajectory VI *1 credit hour*

- OTD7046 Critical Analysis of Capstone Project Trajectory VII *1 credit hour*
- OTD7047 Advanced Clinical and Professional Ethics *4 credit hours*
- OTD7050 Critical Analysis of Capstone Project with Presentation *4 credit hours*

Elective Courses: Select Two

- OTD7051 Educational Theory and Practice *3 credit hours*
- OTD7052 The American Professorate: A Faculty Perspective *3 credit hours*
- OTD7053 Emerging Issues in Advanced Geriatric Practice *3 credit hours*
- OTD7054 Current Topics in Pediatric Intervention and Practice *3 credit hours*
- OTD7055 Current Topics in Behavioral Health Intervention *3 credit hours*
- OTD7056 Current Topics in Adult Rehabilitation Intervention *3 credit hours*
- OTD7057 Exploration of Leadership in Occupational Therapy *3 credit hours*
- OTD7058 Leadership, Patient Advocacy, and Social Policy *3 credit hours*

Track B: 74 Credits

Prerequisite Competency Courses: 16 Credits

- OTD6820 Occupational Therapy Perspectives in Diversity and Multiculturalism *4 credit hours*
- OTD6821 Introduction to Research Methodologies and Evidence-Based Practice *4 credit hours*
- OTD6822 Contemporary and Emerging Trends in Occupational Therapy and the Health Care Industry *4 credit hours*
- OTD6823 Perspective in Health Care Ethics *4 credit hours*

Core: 58 Credits

- OTD7000 Introduction to Advanced Doctoral Studies *3 credit hours*
- OTD7021 Historical Perspectives in Occupational Therapy *3 credit hours*
- OTD7022 Introduction to Neuro-Occupations *3 credit hours*
- OTD7023 Critical Analysis of Health Promotion and Healthcare Policy *3 credit hours*
- OTD7025 Healthcare Management and Program Development *3 credit hours*
- OTD7030 Multidisciplinary Integration of Occupation and Clinical Intervention *3 credit hours*
- OTD7031 Research Methodologies and Inquiry *4 credit hours*
- OTD7032 Clinical Doctoral Outcome Measures I *4 credit hours*
- OTD7033 Clinical Doctoral Outcome Measures II *4 credit hours*
- OTD7035 Professional Development in Advanced Scholarship and Practice I *1 credit hour*
- OTD7036 Professional Development in Advanced Scholarship and Practice II *1 credit hour*
- OTD7037 Professional Development in Advanced Scholarship and Practice III *1 credit hour*
- OTD7039 Critical Analysis of Occupational Therapy Practice *4 credit hours*
- OTD7040 Critical Analysis of Capstone Project Trajectory I *1 credit hour*
- OTD7041 Critical Analysis of Capstone Project Trajectory II *1 credit hour*
- OTD7042 Critical Analysis of Capstone Project Trajectory III *1 credit hour*
- OTD7043 Critical Analysis of Capstone Project Trajectory IV *1 credit hour*
- OTD7044 Critical Analysis of Capstone Project Trajectory V *1 credit hour*
- OTD7045 Critical Analysis of Capstone Project Trajectory VI *1 credit hour*

- OTD7046 Critical Analysis of Capstone Project Trajectory VII *1 credit hour*
- OTD7047 Advanced Clinical and Professional Ethics *4 credit hours*
- OTD7050 Critical Analysis of Capstone Project with Presentation *4 credit hours*

Elective Courses: Select Two

- OTD7051 Educational Theory and Practice *3 credit hours*
- OTD7052 The American Professorate: A Faculty Perspective *3 credit hours*
- OTD7053 Emerging Issues in Advanced Geriatric Practice *3 credit hours*
- OTD7054 Current Topics in Pediatric Intervention and Practice *3 credit hours*
- OTD7055 Current Topics in Behavioral Health Intervention *3 credit hours*
- OTD7056 Current Topics in Adult Rehabilitation Intervention *3 credit hours*
- OTD7057 Exploration of Leadership in Occupational Therapy *3 credit hours*
- OTD7058 Leadership, Patient Advocacy, and Social Policy *3 credit hours*

Note(s):

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Anesthesiologist Assistant

Master's Degrees

Anesthesia Science (MMSc)

Offered at South University, Savannah and South University, West Palm Beach

Mission

The mission of South University's Anesthesia Science (MMSc) degree program (Anesthesiologist Assistant Program) is to prepare competent entry-level anesthesiologist assistants in the cognitive, psychomotor, and affective learning domains who will practice in the anesthesia care team model. Students will have the opportunity to learn to provide safe and efficacious anesthesia care to patients of all ages and degrees of illness for a complete range of surgical procedures.

The program strives to enhance the overall knowledge and practice of the anesthesia care team by providing students with proficiencies in physiology, pharmacology, patient monitoring, anesthesia equipment and the principles of safe anesthesia care.

Program Student Learning Outcomes

Graduates will be able to:

1. Demonstrate the fundamental skills necessary for safe and efficacious delivery of anesthesia to a wide variety of patient populations and surgical specialties.
2. Apply knowledge in biomedical and anesthesia sciences to the safe and efficacious delivery of anesthesia.

3. Exhibit professionalism, including ethical and moral behavior as befits an Anesthesiologist Assistant.
4. Practice effective verbal and written communication skills needed to be an effective member of the Anesthesia Care Team.
5. Promote lifelong learning and apply evidence-based medicine to clinical decision-making through the use of information literacy skills.

Master of Medical Science in Anesthesia Science: 169 Credits

Quarter I: 18 Credits

34 hours clinical experience

- ANS5001 Clinical Anesthesia I *1 credit hour*
 - ANS5020 Medical Terminology *1 credit hour*
 - ANS5081 Principles of Airway Management I *2 credit hours*
 - ANS5100 Physics of Anesthesia *2 credit hours*
 - ANS5120 Introduction to Anesthesia Delivery Systems & Equipment *2 credit hours*
 - ANS5160 Introduction to Clinical Anesthesia *3 credit hours*
 - ANS5181 Anesthesia Laboratory I *1 credit hour*
 - ANS5191 Anesthesia Simulation I *1 credit hour*
 - ANS5931 Anatomy & Physiology I *4 credit hours*
 - ANS5941 Anatomy & Physiology Lab I *1 credit hour*
- Basic life support certification will be accomplished during Quarter I*

Quarter II: 20 Credits

120 hours clinical experience

- ANS5012 Clinical Anesthesia II *4 credit hours*
- ANS5182 Anesthesia Laboratory II *1 credit hour*
- ANS5192 Anesthesia Simulation II *1 credit hour*
- ANS5221 Principles of Instrumentation and Patient Monitoring I *2 credit hours*
- ANS5345 Anesthesia Principles and Practice I *3 credit hours*
- ANS5932 Anatomy & Physiology II *4 credit hours*
- ANS5942 Anatomy & Physiology Lab II *1 credit hour*
- PHA5001 General Pharmacology I *4 credit hours*

Quarter III: 20 Credits

150 hours clinical experience

- ANS5013 Clinical Anesthesia III *5 credit hours*
- ANS5183 Anesthesia Laboratory III *1 credit hour*
- ANS5193 Anesthesia Simulation III *1 credit hour*
- ANS5201 Cardiovascular Physiology for Anesthesia Practice I *2 credit hours*
- ANS5222 Principles of Instrumentation and Patient Monitoring II *2 credit hours*

- ANS5346 Anesthesia Principles and Practice II *3 credit hours*
- ANS5421 Pharmacology in Anesthesia Practice I *2 credit hours*
- PHA5002 General Pharmacology II *4 credit hours*

Quarter IV: 20 Credits

170 hours clinical experience

- ANS5014 Clinical Anesthesia IV *5 credit hours*
- ANS5184 Anesthesia Laboratory IV *1 credit hour*
- ANS5194 Anesthesia Simulation IV *1 credit hour*
- ANS5202 Cardiovascular Physiology for Anesthesia Practice II *3 credit hours*
- ANS5300 Pulmonary Physiology for Anesthesia Practice *2 credit hours*
- ANS5347 Anesthesia Principles and Practice III *3 credit hours*
- ANS5422 Pharmacology in Anesthesia Practice II *2 credit hours*
- ANS5510 AA Professional Seminar *1 credit hour*
- ANS5601 Regional Anesthesia Practice I *2 credit hours*

Quarter V: 20 Credits

180 hours clinical experience

- ANS5015 Clinical Anesthesia V *6 credit hours*
 - ANS5140 Pre-anesthetic Evaluation *3 credit hours*
 - ANS5302 Pulmonary Physiology for Anesthesia Practice II *2 credit hours*
 - ANS5348 Anesthesia Principles and Practice IV *3 credit hours*
 - ANS5502 Advanced Anesthesia Systems and Monitoring *2 credit hours*
 - ANS5520 Advanced Airway Management *2 credit hours*
 - ANS5602 Regional Anesthesia Practice II *2 credit hours*
- Advanced Cardiac Life Support and PALS certification will be obtained during this quarter.*

Note(s):

A Comprehensive Examination covering the material from the first five quarters will be administered to determine the preparedness of each student to advance to senior clinical year. Failure to successfully master the exam will result in remediation and necessary extension of the student's program by at least one Quarter.

Quarter VI: 18 Credits

480 hours clinical experience

- ANS6011 Clinical Anesthesia I *16 credit hours*
- ANS6021 Senior Seminar I *1 credit hour*
- ANS6041 Anesthesia Review I *1 credit hour*

Quarter VII: 18 Credits

495 hours clinical experience

- ANS6012 Clinical Anesthesia II *16 credit hours*
- ANS6022 Senior Seminar II *1 credit hour*
- ANS6042 Anesthesia Review II *1 credit hour*

Quarter VIII: 17 Credits

480 hours clinical experience

- ANS6013 Clinical Anesthesia III *15 credit hours*
- ANS6023 Senior Seminar III *1 credit hour*
- ANS6043 Anesthesia Review III *1 credit hour*

Quarter IX: 18 Credits

480 hours clinical experience

- ANS6014 Clinical Anesthesia IV *16 credit hours*
- ANS6024 Senior Seminar IV *1 credit hour*
- ANS6044 Anesthesia Review IV *1 credit hour*

Note(s):

The curriculum is dynamic and changes may be made to update and improve the curriculum at any time. Should the curriculum depart from that published above, on the recommendation of the curriculum committee, the Council of Deans and the Council of Presidents before matriculation, a letter identifying the changes will be mailed to all students that have been accepted into the incoming class. At this point, students may elect to continue with their planned matriculation accepting the changes in the curriculum, or cancel their registration and receive a full refund of their deposit without a penalty.

Generally, examinations for classroom and laboratory work will be administered outside of normal class periods. Occasionally, exams, review sessions, and special certification classes (Basic Life Support, Advanced Cardiac Life Support, and Pediatric Advanced Life Support) may involve weekends. Clinical rotations may involve evenings, nights and weekends during the second year, depending upon the rotation and the clinical site. Clinical sites may require students to take in-house call. When a student, in their second year, participates in daytime operating room assignments and is expected to remain in-house for call or extended clinical opportunities that exceed midnight, the student will have the next 12 hours free of clinical obligations. By official request, special arrangements will be made for students who have religious obligations that may conflict with educational program activities.

Physician Assistant

Master's Degrees

Physician Assistant (MS)

Offered at South University, Austin; South University, Richmond; South University, Savannah; South University, Tampa and South University, West Palm Beach.

Note: All Physician Assistant program policies apply to all students, principal faculty, and the program director regardless of location. (i.e., didactic or clinical)

Physician assistants perform many medical functions under the supervision of a licensed physician, including, but not limited to, evaluation, monitoring, diagnostics, therapeutics, counseling, and referral. The scope of the practice varies according to state laws, the medical setting, and the training of the physician assistant.

Vision Statement

The South University, Master of Science in Physician Assistant (MSPA) degree program strives to provide educational experiences where faculty, staff, clinical instructors, students, and other health care providers work together in an atmosphere of mutual respect, cooperation, and commitment. The program's primary focus is on the development of physician assistants capable of expanding into clinical leadership roles by demonstrating proficiency in critical thinking and creative problem solving, utilizing evidence-based skills gained through innovative approaches.

Mission Statement

The South University, Master of Science in Physician Assistant (MSPA) program exists to educate a diverse student population as providers of high quality, cost-efficient health care who will make a positive impact while practicing the art and science of medicine with physician collaboration.

Program Goals

- The program will recruit a highly qualified, diverse student cohort that will foster success in the program.
- The program will strive to adequately prepare graduating students to achieve a first-time pass rate that exceeds the national average upon completion of the Physician Assistant National Certification Examination (PANCE).
- The program will provide students service learning opportunities that allow them to use their skills and education to demonstrate compassion and commitment to the community.

Physician Assistant Learning Outcomes (Graduate Competencies)

The following are the program learning outcomes (Graduate Competencies) for the South University Physician Assistant program.

Prior to graduation from the program, students will:

- PLO-1. Integrate behavioral, social, and medical knowledge established from the evolving biomedical and clinical sciences in recognizing, evaluating, and managing patient disease states across the lifespan during acute, chronic, preventative, and emergent encounters.
- PLO-2. Demonstrate the interpersonal and communication skills required to sustain effective, multi-directional information exchange within a diverse population of patients, their caregivers, and members of the healthcare team.
- PLO-3. Demonstrate the ability to elicit an accurate patient history, perform an appropriate physical examination, and perform appropriate clinical procedures using essential clinical and technical skills to provide quality patient care.
- PLO-4. Collaborate effectively as part of an interdisciplinary healthcare team through clinical reasoning and problem-solving skills to formulate a logical differential diagnosis, select and interpret appropriate diagnostic studies, and synthesize a comprehensive, patient-centered management plan for the promotion of wellness and disease prevention.
- PLO-5. Demonstrate the ability to interpret and integrate an evidence-based approach to clinical and professional practice through clinical reasoning, problem-solving, and decision-making processes to improve patient care practices.
- PLO-6. Demonstrate professionalism through personal behaviors, sensitivity, and accountability essential to patients, society, and the profession.

Comprehensive Exams

Completion of the didactic phase of the curriculum requires completion of a formative evaluation. The formative evaluation consists of written, skills performance and professionalism components, is administered at the end of the didactic training period. This evaluation is used to identify individual and collective weaknesses within the cohort that should be remediated and strengthened during the clinical phase of the program.

Successful completion of the program requires satisfactory completion of a comprehensive summative evaluation. The comprehensive summative evaluation consisting of written, skills performance and professionalism evaluation components is administered up to four (4) months before the completion of the clinical training period.

The test is designed to evaluate student's mastery of multiple student learning outcomes in the cognitive, psychomotor, and affective domains. This evaluation is used to identify competence for entry into the Physician Assistant profession and thus eligibility for graduation.

There are three (3) distinct components of the graduate candidate's summative evaluation; written exam, clinical performance and final professional evaluation. Each must be successfully completed in order to earn a passing grade for the senior seminar.

PA Certification

Graduation from an accredited physician assistant program permits students to sit for the Physician Assistant National Certifying Examination (PANCE), administered by the National Commission on Certification of Physician Assistants, Inc. (NCCPA). The PANCE is designed to assess essential medical and surgical knowledge of graduate Physician Assistants in conducting a variety of healthcare functions normally encountered in practice.

South University does not guarantee third-party certification/ licensure. Outside agencies control the requirements for taking and passing certification/licensing exams and are subject to change without notice to South University.

Master of Science in Physician Assistant (MSPA) Degree: 174 Credits

Didactic Phase (Physician Assistant Course Sequence)

1st Quarter: 17 Credits

- PAS5100 Physical Diagnosis I *3 credit hours*
- PAS5102 Medical Interviewing and Documentation *3 credit hours*
- PAS5125 Medical Anatomy and Physiology I *4 credit hours*
- PAS5135 Laboratory Diagnostics *3 credit hours*
- PAS5173 Professional Seminar I *2 credit hours*
- PAS5200 Physical Diagnosis Lab I *1 credit hour*
- PAS5225 Medical Anatomy and Physiology I Lab *1 credit hour*

2nd Quarter: 21 Credits

- PAS5115 Physical Diagnosis II *3 credit hours*
- PAS5126 Medical Anatomy and Physiology II *4 credit hours*
- PAS5370 Medical Ethics *2 credit hours*
- PAS5180 Clinical Medicine and Pharmacotherapeutics I *8 credit hours*
- PAS5215 Physical Diagnosis Lab II *1 credit hour*
- PAS5226 Medical Anatomy and Physiology II Lab *1 credit hour*
- PAS5295 Applied Learning Experience I *1 credit hour*
- PAS5480 Clinical Medicine and Pharmacotherapeutics I Lab *1 credit hour*

3rd Quarter: 18 Credits

- PAS5124 Essentials of Behavioral Medicine *3 credit hours*
- PAS5130 Diagnostic Methods *4 credit hours*
- PAS5181 Clinical Medicine and Pharmacotherapeutics II *8 credit hours*
- PAS5296 Applied Learning Experience II *2 credit hours*
- PAS5481 Clinical Medicine and Pharmacotherapeutics II Lab *1 credit hour*

4th Quarter: 21 Credits

- PAS5143 Special Populations in Primary Care I *3 credit hours*
- PAS5160 Public Health and Evidence Based Medicine *4 credit hours*
- PAS5365 Surgery and Procedures I *4 credit hours*
- PAS5182 Clinical Medicine and Pharmacotherapeutics III *8 credit hours*
- PAS5297 Applied Learning Experience III *1 credit hour*
- PAS5482 Clinical Medicine and Pharmacotherapeutics III Lab *1 credit hour*

5th Quarter: 23 Credits

- PAS5144 Special Populations in Primary Care II *4 credit hours*
- PAS5366 Surgery and Procedures II *2 credit hours*
- PAS5174 Professional Seminar II *3 credit hours*
- PAS5183 Clinical Medicine and Pharmacotherapeutics IV *8 credit hours*
- PAS5190 Essentials of Emergency Medicine *4 credit hours*
- PAS5298 Applied Learning Experience IV *1 credit hour*
- PAS5483 Clinical Medicine and Pharmacotherapeutics IV Lab *1 credit hour*

Didactic Phase Total: 100 Credits

Clinical Phase

- PAS6200 Clinical Rotation I *8 credit hours*
- PAS6205 Clinical Rotation II *8 credit hours*
- PAS6210 Clinical Rotation III *8 credit hours*
- PAS6215 Clinical Rotation IV *8 credit hours*
- PAS6220 Clinical Rotation V *8 credit hours*
- PAS6225 Clinical Rotation VI *8 credit hours*
- PAS6230 Clinical Rotation VII *8 credit hours*
- PAS6235 Clinical Rotation VIII *8 credit hours*
- PAS6320 Special Topics in Clinical Practice I *2 credit hours*
- PAS6330 Special Topics in Clinical Practice II *2 credit hours*
- PAS6340 Special Topics in Clinical Practice III *2 credit hours*
- PAS6350 Physician Assistant Senior Seminar *4 credit hours*

Clinical Phase Total: 74

Required Program Total Credits: 174

The courses below are offered on an as needed basis:

- PAS5499 Independent Study I *8 credit hours*
- PAS5599 Independent Study II *8 credit hours*

Note(s):

No physician assistant credits from another institution may transfer into the didactic or clinical phase. Master of Science in Physician Assistant students must complete the entire 27 month program (174 credit hours) at South University.

Medical Assisting

Associate Degrees

Associate of Science in Medical Assisting (AS)

Offered at South University, Columbia; South University, Montgomery; South University, Online; and South University, Savannah.

**Note: The online Associate of Science in Medical Assisting may not be available to residents of all states. Please contact an admissions representative for further information.*

Medical assistants are multi-skilled allied health professionals who perform a wide range of roles in physicians' offices, clinics, and other healthcare settings. They are proficient in a multitude of clinical and administrative tasks and are widely viewed by doctors as vital members of the healthcare delivery team.

- The medical assisting program emphasizes students' mastery of clinical and administrative competencies. These competencies are validated through performance on tests, terminal performance objectives, and clinical externship. Student training culminates in a required unpaid, supervised practicum. Demonstrate the effective utilization of communication and inter-personal relationship skills.
- Demonstrate knowledge of basic math and science skills.
- Identify skills required to develop and maintain professionalism.
- Demonstrate knowledge of medical assisting administration procedures.
- Demonstrate knowledge of medical assisting clinical procedures.
- Demonstrate knowledge of anatomy, physiology, and pathophysiology principles.
- Demonstrate knowledge of medical terminology and its application.
- Demonstrate application of psychology principles.
- Demonstrate knowledge of medical law and ethics.

Associate of Science in Medical Assisting: 92 Credits

Curriculum for South University, Columbia; South University, Montgomery; South University, Online; and South University, Savannah only.

Area I General Education Requirements: 42 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT1500 College Mathematics *4 credit hours*

Natural Sciences

- BIO1011 Anatomy and Physiology I *4 credit hours*
(*must be taken concurrently with BIO1012 Anatomy and Physiology I Lab*)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*

Arts and Humanities (choose one)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences

- PSY1001 General Psychology *4 credit hours*

Area II Major Program Requirements: 50 Credits

Core: 42 Credits

- AHS1001 Medical Terminology *4 credit hours*
- AHS2005 Clinical Competencies I *4 credit hours*
- AHS2006 Clinical Competencies II *4 credit hours*
- AHS2007 Clinical Laboratory Competencies *4 credit hours*
- AHS2087 Medical Office Procedures *4 credit hours*
- AHS2090 Medical Insurance and Coding *4 credit hours*
- AHS2092 Computers in the Medical Office *4 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours*
(*must be taken concurrently with BIO1014 Anatomy and Physiology II Lab*)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*

- BIO2015 Human Pathophysiology *4 credit hours*
- BUS2023 Business Communications *4 credit hours*

Capstone

- AHS2095 Medical Assisting Certification Review *2 credit hours*
- AHS2098 Medical Assisting Practicum *6 credit hours*

Occupational Therapy Assistant Program

The occupational therapy assistant works under the supervision of the occupational therapist to help individuals regain or accommodate to decreased range of motion, muscle strength, coordination, perception and activities of daily living, which includes dressing, eating, toileting, hygiene and home management.

The Associate of Applied Science and the Associate of Science degrees in the Occupational Therapy Assistant (OTA) degree program are dedicated to providing educational opportunities of the intellectual, social and professional development of a diverse student population. Through its carefully balanced and sequenced curricular design over eight quarters or nine quarters, the Occupational Therapy Assistant program is designed to prepare qualified graduates to seek entry-level employment as occupational therapy practitioners. The program prepares students with knowledge and skills for competent entry-level practice in a variety of contexts for an ever-changing world. The Occupational Therapy Assistant program further seeks to lead the profession and community through its contributions in educational leadership, community and professional service, lifelong learning, and scholarship.

The Professional Phase of the Occupational Therapy Assistant program is delivered on campus at each of the campuses where the program is offered. It is offered on the Virginia Beach campus in two modalities: fully campus-based or blended. Students enrolled in the blended modality meet face-to-face in the classroom and asynchronously online over the 11-week quarter.

Program Student Learning Outcomes

The OTA program goals address student competency in the following areas

1. Prepare occupational therapy assistants who appreciate and adapt to diverse and alternative cultures, settings, systems, processes, and ideas. (adaptation thread)
2. Foster student skill in accessing relevant literature and information, using research-based evidence to make informed decisions in occupational therapy practice. (information literacy thread)
3. Cultivate student skill in effective critical thinking, problem-solving, and clinical reasoning with clients across the lifespan in diverse practice settings. (critical thinking thread)
4. Foster development of student's communication skills to promote effective, appropriate interaction with all stakeholders. (professionalism thread)
5. Instill in the student the values, attitudes and behaviors consistent with the occupational therapy profession's philosophy, standards and ethics. (professionalism thread)
6. Provide the student with opportunities to acquire skills in advocacy for the profession of occupational therapy to other professionals, service providers, consumers, third-party payers, regulatory bodies, professional associations and the public. (professionalism thread)
7. Provide the student with a challenging curriculum is designed to prepare graduates to deliver occupational therapy assistant services with entry-level competency under the supervision of an occupational therapist in a variety of practice settings. (professionalism and critical thinking threads)
8. Impart to the student a passion for lifelong professional development to meet changing societal needs. (lifelong learning thread)

9. Provide ongoing opportunities for stakeholders in the OTA program to have input into the development and evaluation of the OTA program to ensure the program remains true to its mission and philosophy.
(information literacy thread)

Accreditation

The Occupational Therapy Assistant program at South University, Columbia, Richmond, Virginia Beach, and Tampa are accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 6116 Executive Boulevard, Suite, North Bethesda, MD 20852-4929. ACOTE's telephone number c/o AOTA is (301) 652-AOTA. <http://www.acoteonline.org>. Graduates of the program will be eligible to sit for the national certification examination for the occupational therapy assistant administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be a Certified Occupational Therapy Assistant (COTA). In addition, most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure. More information on ACOTE may be obtained at <http://www.acoteonline.org>.

Associate of Applied Science in Occupational Therapy Assistant: 109 Credits

Offered South University, Richmond and South University, Virginia Beach only. Both campuses offer the eight-quarter sequence and the South University, Virginia Beach campus also offers a nine-quarter sequence.

This program is a technical program and credits generally earned in this program are not applicable to other degrees.

Area I Core Curriculum: 43 Credits

1st Quarter

- AHS1001 Medical Terminology 4 credit hours
- ENG1100 Composition I 4 credit hours
- PSY1001 General Psychology 4 credit hours
- MAT1001 College Algebra I 4 credit hours
- OR
- MAT1005 College Algebra II 4 credit hours

2nd Quarter

- BIO1011 Anatomy and Physiology I 4 credit hours
(must be taken concurrently with BIO 1012 Anatomy and Physiology I Lab)
- BIO1012 Anatomy and Physiology I Lab 2 credit hours
- ENG1200 Composition II 4 credit hours
- PSY2022 Human Growth and Development 4 credit hours

3rd Quarter

- BIO1013 Anatomy and Physiology II 4 credit hours
(must be taken concurrently with BIO 1014 Anatomy and Physiology II Lab)

- BIO1014 Anatomy and Physiology II Lab *2 credit hours*
 - OTA1001 Introduction to Occupational Therapy *3 credit hours*
 - COM2006 Interpersonal Communication *4 credit hours*
- OR
- SPC1026 Public Speaking *4 credit hours*

Area II Professional Curriculum: 66 Credits - 8 Quarter Sequence of Courses (Richmond and Virginia Beach)

4th Quarter

- OTA1011 Medical Conditions *3 credit hours*
- OTA1020 Occupational Analysis I *4 credit hours*
- OTA1031 Occupational Therapy in Mental Health *5 credit hours*
- OTA1039 Level I Fieldwork in Mental Health *1 credit hour*
- OTA1045 Professional Documentation *1 credit hour*

5th Quarter

- OTA2020 Occupational Analysis II *4 credit hours*
- OTA2031 Occupational Therapy for Children and Adolescents *5 credit hours*
- OTA2039 Level I Fieldwork for Children and Adolescents *1 credit hour*
- OTA2041 Movement for Human Occupation *4 credit hours*

6th Quarter

- OTA2051 Occupational Therapy for Adults and the Elderly *5 credit hours*
- OTA2059 Level I Fieldwork for Adults and the Elderly *1 credit hour*
- OTA2060 Occupational Therapy Management *4 credit hours*
- OTA2071 Community Practice *2 credit hours*
- OTA2080 Professional Issues *2 credit hours*

7th Quarter

- OTA2380 Level II Fieldwork A *8 credit hours*
- OTA2385 Fieldwork Seminar A *4 credit hours*

8th Quarter

- OTA2390 Level II Fieldwork B *8 credit hours*
- OTA2395 Fieldwork Seminar B *4 credit hours*

Area II Professional Curriculum: 66 Credits - 9 Quarter Sequence of Courses (Virginia Beach campus only)

4th Quarter

- OTA1020 Occupational Analysis I *4 credit hours*
- OTA1031 Occupational Therapy in Mental Health *5 credit hours*
- OTA1039 Level I Fieldwork in Mental Health *1 credit hour*
- OTA1045 Professional Documentation *1 credit hour*

5th Quarter

- OTA1011 Medical Conditions *3 credit hours*
- OTA2031 Occupational Therapy for Children and Adolescents *5 credit hours*
- OTA2039 Level I Fieldwork for Children and Adolescents *1 credit hour*

6th Quarter

- OTA2020 Occupational Analysis II *4 credit hours*
- OTA2041 Movement for Human Occupation *4 credit hours*
- OTA2060 Occupational Therapy Management *4 credit hours*

7th Quarter

- OTA2051 Occupational Therapy for Adults and the Elderly *5 credit hours*
- OTA2059 Level I Fieldwork for Adults and the Elderly *1 credit hour*
- OTA2071 Community Practice *2 credit hours*
- OTA2080 Professional Issues *2 credit hours*

8th Quarter

- OTA2380 Level II Fieldwork A *8 credit hours*
- OTA2385 Fieldwork Seminar A *4 credit hours*

9th Quarter

- OTA2390 Level II Fieldwork B *8 credit hours*
- OTA2395 Fieldwork Seminar B *4 credit hours*

Occupational Therapy Assistant (AS)

Associate of Science in Occupational Therapy Assistant: 109 Credits

Offered at South University, Columbia and South University, Tampa

Area I Core Curriculum: 43 Credits

1st Quarter

- AHS1001 Medical Terminology *4 credit hours*
- ENG1100 Composition I *4 credit hours*
- PSY1001 General Psychology *4 credit hours*
- MAT1001 College Algebra I *4 credit hours*
OR
- MAT1005 College Algebra II *4 credit hours*

2nd Quarter

- BIO1011 Anatomy and Physiology I *4 credit hours*
(*must be taken concurrently with BIO1012 Anatomy and Physiology I Lab*)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- ENG1200 Composition II *4 credit hours*
- PSY2022 Human Growth and Development *4 credit hours*

3rd Quarter

- BIO1013 Anatomy and Physiology II *4 credit hours*
(*must be taken concurrently with BIO1014 Anatomy and Physiology II Lab*)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*
- OTA1001 Introduction to Occupational Therapy *3 credit hours*
- COM2006 Interpersonal Communication *4 credit hours*
OR
- SPC1026 Public Speaking *4 credit hours*

Area II Professional Curriculum: 66 Credits

4th Quarter

- OTA1011 Medical Conditions *3 credit hours*
- OTA1020 Occupational Analysis I *4 credit hours*
- OTA1031 Occupational Therapy in Mental Health *5 credit hours*
- OTA1039 Level I Fieldwork in Mental Health *1 credit hour*
- OTA1045 Professional Documentation *1 credit hour*

5th Quarter

- OTA2020 Occupational Analysis II *4 credit hours*
- OTA2031 Occupational Therapy for Children and Adolescents *5 credit hours*
- OTA2039 Level I Fieldwork for Children and Adolescents *1 credit hour*
- OTA2041 Movement for Human Occupation *4 credit hours*

6th Quarter

- OTA2051 Occupational Therapy for Adults and the Elderly *5 credit hours*
- OTA2060 Occupational Therapy Management *4 credit hours*
- OTA2059 Level I Fieldwork for Adults and the Elderly *1 credit hour*
- OTA2071 Community Practice *2 credit hours*
- OTA2080 Professional Issues *2 credit hours*

7th Quarter

- OTA2380 Level II Fieldwork A *8 credit hours*
- OTA2385 Fieldwork Seminar A *4 credit hours*

8th Quarter

- OTA2390 Level II Fieldwork B *8 credit hours*
- OTA2395 Fieldwork Seminar B *4 credit hours*

Physical Therapist Assistant Program

In keeping with the stated purpose of South University, the Physical Therapist Assistant (PTA) program strives to produce physical therapist assistants who, under the direction and supervision of physical therapists, reflect the highest standards of practice and conduct within the profession of physical therapy.

A physical therapist assistant is an educated health care provider who works under the supervision of a licensed physical therapist. Duties include assisting the physical therapist in implementing treatment programs according to the plan of care, training patients in exercise and activities of daily living, conducting treatments using special equipment, administering modalities and other treatment procedures and reporting to the physical therapist on the patient's responses. (www.apta.org)

Program Student Learning Outcomes

Graduates will be able to:

1. Provide safe, efficient, efficacious interventions within the plan of care established by the physical therapist.
2. Communicate using effective and culturally-competent verbal, nonverbal, written, and digital communication.
3. Provide effective education to patients, caregivers, and members of the healthcare team.
4. Demonstrate the ability to appropriately and efficiently utilize resources to provide high- value physical therapy services.
5. Recognize the importance of maintaining competence in applicable areas of physical therapy practice.
6. Demonstrate the ability to work within the guidelines and standards established by regulatory, professional, and organizational entities.
7. Demonstrate behaviors consistent with the Core Values of the profession of physical therapy.

Graduation from a CAPTE accredited physical therapist assistant education program or its equivalency and passage of the National Physical Therapy Exam (NPTE) is required for licensure. Graduation from this program does not guarantee licensure as a PTA, and it is the student's responsibility to be aware of the licensure requirements in each state. Complete information on practice acts and regulations can be obtained from the individual state licensing boards or through The Federation of State Boards of Physical Therapy (www.fsbpt.org). Specific information regarding application for licensure will be available to the student during the last term of study.

Associate of Applied Science in Physical Therapist Assistant: 110 Credits

Offered at South University, Richmond; and South University, Virginia Beach.

This program is a technical program and credits generally earned in this program are not applicable to other degrees.

Area I General Education: 36 Credits

(Quarters 1 - 3)

Mathematics/Science

- BIO1011 Anatomy and Physiology I *4 credit hours*
(*must be taken concurrently with BIO 1012 2 credit hours Anatomy and Physiology I Lab*)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours*
(*must be taken concurrently with BIO 1013 Anatomy and Physiology II 4 credit hours Anatomy and Physiology II*)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*
Math Elective (MAT1001, MAT1005 or MAT1500) *4 credit hours*

Humanities

- ENG1100 Composition I *4 credit hours*
English Elective:
- ENG1200 Composition II *4 credit hours*
OR
- ENG1300 Composition III *4 credit hours*
- Approved Communications Elective (COM2006 or SPC1026) *4 credit hours*

Social Sciences

- AHS1001 Medical Terminology *4 credit hours*
- Approved Social Science Elective (*PSY1001 or SOC1001*) *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours* *
**Required if the student is also required to take MAT0099*

Area II Technical Phase: 74 Credits

4th Quarter

- PTA1001 Introduction to Physical Therapist Assistant *4 credit hours* **
- PTA1003 Pathophysiology *4 credit hours*
- PTA1005 Kinesiology *6 credit hours*
- PTA1006 Testing and Measurement for the Physical Therapist Assistant *6 credit hours*

5th Quarter

- PTA2000 Habilitation/Rehabilitation *6 credit hours*
- PTA2024 Therapeutic Interventions I *6 credit hours*
- PTA2047 Essentials of Clinical Care *2 credit hours*

6th Quarter

- PTA2025 Therapeutic Interventions II *6 credit hours*
- PTA2046 Advanced Habilitation/Rehabilitation *6 credit hours*
- PTA2050 Professional Seminar *4 credit hours*

7th Quarter

- PTA2048 Clinical Externship I *8 credit hours*
- PTA2049 Current Rehabilitation Issues *4 credit hours*

8th Quarter

- PTA2099 Clinical Externship II *12 credit hours*

Note(s): **PTA1001 may also be taken in the quarter preceding the Technical Phase of the program.

Physical Therapist Assistant (AS)

Associate of Science in Physical Therapist Assistant: 110 Credits

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Savannah; South University, Tampa; and South University, West Palm Beach.

Area I General Education: 36-40 Credits

(Quarters 1-3 for the Associate of Science (AS) in Physical Therapist Assistant)

Mathematics/Science

- BIO1011 Anatomy and Physiology I *4 credit hours*
(must be taken concurrently with BIO1012 Anatomy and Physiology I Lab)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours*
(must be taken concurrently with BIO1014 Anatomy and Physiology II Lab)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*
- Math Elective (MAT1001, MAT1005 or MAT1500)

Humanities

- ENG1100 Composition I *4 credit hours*
English Elective:
- ENG1200 Composition II *4 credit hours*
OR
- ENG1300 Composition III *4 credit hours*
- Approved Communications Elective (COM2006 or SPC1026) *4 credit hours*

Social Sciences

- AHS1001 Medical Terminology *4 credit hours*
 - Approved Social Science Elective (PSY1001 or SOC1001) *4 credit hours*

- *Required if the student is also required to take MAT0099*

Area II Technical Phase: 74 Credits

The South University, Montgomery; South University, Savannah; and South University, West Palm Beach campuses follow a 9-quarter sequence of courses:

4th Quarter

- PTA1001 Introduction to Physical Therapist Assistant *4 credit hours*
- PTA1003 Pathophysiology *4 credit hours*
- PTA1005 Kinesiology *6 credit hours*

5th Quarter

- PTA1006 Testing and Measurement for the Physical Therapist Assistant *6 credit hours*
- PTA2000 Habilitation/Rehabilitation *6 credit hours*

6th Quarter

- PTA1008 Modalities *6 credit hours*
- PTA2021 Therapeutic Exercise and Orthopedic Applications *6 credit hours*

7th Quarter

- PTA2046 Advanced Habilitation/Rehabilitation *6 credit hours*
- PTA2050 Professional Seminar *4 credit hours*
- PTA2057 Physical Therapy through the Lifespan *2 credit hours*

8th Quarter

- PTA2058 Clinical Externship I *9 credit hours*
- PTA2059 Current Rehabilitation Issues *3 credit hours*

9th Quarter

- PTA2099 Clinical Externship II *12 credit hours*

South University, Austin; South University, Columbia; and South University, Tampa follow an 8-quarter sequence of courses:

Area II Technical Phase: 74 Credits

4th Quarter

- PTA1001 Introduction to Physical Therapist Assistant *4 credit hours* **
- PTA1003 Pathophysiology *4 credit hours*
- PTA1005 Kinesiology *6 credit hours*
- PTA1006 Testing and Measurement for the Physical Therapist Assistant *6 credit hours*

5th Quarter

- PTA2000 Habilitation/Rehabilitation *6 credit hours*
- PTA2024 Therapeutic Interventions I *6 credit hours*
- PTA2047 Essentials of Clinical Care *2 credit hours*

6th Quarter

- PTA2046 Advanced Habilitation/Rehabilitation *6 credit hours*
- PTA2025 Therapeutic Interventions II *6 credit hours*
- PTA2050 Professional Seminar *4 credit hours*

7th Quarter

- PTA2048 Clinical Externship I 8 *credit hours*
- PTA2049 Current Rehabilitation Issues 4 *credit hours*

8th Quarter

- PTA2099 Clinical Externship II 12 *credit hours*

Note(s): ***PTA1001 may also be taken in the quarter preceding the Technical Phase of the program.*

College of Nursing and Public Health

Limited Access Program

Nursing is a limited access program. Qualified applicants are considered for selection after successful completion of all prerequisite courses and all admission requirements. (Please refer to Procedure for Admission to the Doctor of Nursing Practice Program in the Admission section of this catalog). The nursing program supports the South University policy of nondiscrimination.

Acceptance into a South University nursing program or its completion does not imply or guarantee that a student will be able to obtain licensure or certification. The student should contact the state licensing board of nursing and/or the respective national professional certification body for specific requirements regarding application and the application process.

Graduate Nursing

Doctoral Degrees

Nursing Practice (DNP**)

Offered at South University, Savannah; South University, Tampa; and South University, Online Programs.

Program Description

The Doctor of Nursing Practice (DNP) program in the College of Nursing is designed as the highest degree for advanced nurses who wish to maintain nursing practice as their area of professional emphasis. The DNP program provides options for current nurse practitioners and other advanced practice nurses to incorporate progressive and thoughtful clinical practice, inquiry, and leadership competencies into their clinical practice repertoire.

The DNP program is offered as a post-master's program, providing a pathway for master's prepared nurses to achieve doctoral level competencies consistent with a clinical program of study. Coursework in the program emphasizes current topics in nursing, experiences, and scholarship. The program is offered in an online format as well as a hybrid format incorporating both online and campus-based educational experiences that support ongoing education for working nurses. Courses are provided online or in a blended format with the practice component (i.e., advanced nursing field experiences which are guided by agency mentors) provided campus-based in the students' geographical regions.

In 2004 the American Association of Colleges of Nursing (AACN) endorsed the DNP degree and proposed that the DNP is the terminal degree for nursing practice. The Essentials for Doctoral Education for Advanced Nursing Practice (AACN, 2006) outlines the eight competencies that are the foundation for all DNP graduates, regardless of specialty. The South University College of Nursing is uniquely qualified to provide the framework for this practice doctorate degree. As an integrated, national system of higher education, the exposure to outstanding faculty, coupled with state-of-the-art online coursework and industry-standard practice opportunities in the student's geographical area provides a dynamic environment for DNP students to grow into new leadership roles and clinical arenas.

****NOTE:** *Minnesota residents are not eligible to enroll in the online programs for the Doctor of Nursing Practice, Post Graduate Certificates in Nursing, the Master of Science in Nursing or the RN to Master of Science in Nursing.* For more information about the Doctor of Nursing Practice within the nursing profession, please visit the American Association of Colleges of Nursing website at <http://www.aacn.nche.edu/DNP/index.htm>.

Program Student Learning Outcomes

Graduates should be able to:

1. Provide the highest level of nursing practice through integration of advanced competencies in leadership, ethics and the practice sciences, including biophysical, psychosocial, analytical, organizational, and public health sciences.
2. Demonstrate organizational and care systems leadership for quality improvement through advancing nursing practice.
3. Use contemporary healthcare science to advocate through policy change for resolution of complex healthcare problems and disparities.
4. Evaluate scientific findings for health promotion and disease prevention and impact on transformative care and outcomes.
5. Integrate information technology and informatics to provide scalable solutions for real-world systems problems.

Doctor of Nursing Practice: 66 credits

Program credits are determined based on evaluation of MSN program of study and clinical/practicum hour attainment.

Foundation: 28 Credits

- NSG7000 Organization and Systems Leadership for Nursing *4 credit hours*
- NSG7005 Clinical Prevention and Population Health *4 credit hours*
- NSG7010 Healthcare Policy *4 credit hours*
- NSG7015 Financial Management and Resource Utilization *4 credit hours*
- NSG7020 Evidence, Effectiveness, and Clinical Quality *4 credit hours*
- PHE5015 Principles of Epidemiology *4 credit hours*
- PHE5020 Biostatistical Methods *4 credit hours*

Specializations (Students select Two or Four Courses):16 Credits*

Administration Specialization

- MHC6301 Healthcare Structure, Organization, and Governance *4 credit hours*
- MHC6302 Public Health Organization and Management *4 credit hours*
- MHC6303 Quality Performance and Management *4 credit hours*
- MPA5001 Foundations of Public Administration *4 credit hours*
- MPA5005 Public and Non-profit Organizational Behavior *4 credit hours*
- MPA5010 Public and Non-profit Budgeting and Accounting *4 credit hours*
- MPA6001 Research and Data Analysis in Public Administration *4 credit hours*
- MPA6105 Grant Writing and Contract Administration *4 credit hours*
- MPA6115 Program Evaluation of Public and Non-profit Organizations *4 credit hours*
- MPA6501 State and Local Government and Intergovernmental Relations *4 credit hours*
- MPA6505 Legislative and Judicial Process *4 credit hours*
- MPA6520 Legal Environment of Public Administration *4 credit hours*

Information Technology Specialization

- MIS5020 Information Systems Fundamentals *4 credit hours*
- MIS6000 Principles of System Development *4 credit hours*
- MIS6010 Project Management *4 credit hours*
- MIS6020 Corporate Information Systems Management *4 credit hours*

Leadership Specialization

- LEA5100 Leadership, Organization Theory and Change *4 credit hours*
- LEA5125 Leadership Ethics, Culture, and Politics *4 credit hours*
- LEA5130 Team Building and Group Dynamics *4 credit hours*
- LEA6175 International Leadership *4 credit hours*
- LEA6185 International Negotiations *4 credit hours*
- LEA5140 Emotional Intelligence and Leadership *4 credit hours*
- LEA6150 Coaching and Professional Development *4 credit hours*
- LEA6180 Strategic Negotiations *4 credit hours*

Public Health Specialization

- PHE6202 Program Planning and Evaluation *4 credit hours*
- PHE6210 Health Promotion and Disease Prevention *4 credit hours*
- PHE6220 Evidence-based Public Health Practice *4 credit hours*
- PHE6201 Public Health Policy Research *4 credit hours*
- PHE6402 Public Health Law and Ethics *4 credit hours*
- PHE6404 Grant and Contract Proposal Writing in Public Health *4 credit hours*

Note(s): *Students are required to complete 2 program elective courses (8 credits). Students may also elect to complete 4 courses (16 credits) across the different program elective areas to earn a General specialization or to complete 4 courses within a single program elective area to earn an Administration, Information Technology, Leadership, Project

Management, or Public Health specialization. In all cases, students should work closely with their Academic Counselor and Faculty Mentor to select appropriate coursework that meets their career needs and course prerequisites.

Clinical Field Experience: 12 or 18 Credits**

- NSG7200 Advanced Nursing Field Experience I 4 or 6 credit hours
- NSG7205 Advanced Nursing Field Experience II 4 or 6 credit hours
- NSG7210 Advanced Nursing Field Experience III 4 or 6 credit hours

*Note(s): **Students entering the DNP program with 500 or more hours of documented, post-baccalaureate clinical experience must take the DNP Clinical Field Experience coursework at 6 credits each. Students entering the DNP program with less than 500 hours of documented, post-baccalaureate clinical experience must take NSG 7220 prior to their enrollment in NSG7200 to reach the minimum 500 hours of documented, post-baccalaureate clinical experience. NSG7220 may be repeated up to three times. In all cases, students should work closely with their Academic Counselor and Faculty Mentor to schedule the appropriate clinical and field experience coursework needed to reach the total minimum required 1,000 documented hours of, post-baccalaureate clinical experience- required upon completion of the DNP program.*

Capstone in Applied Practice: 4 Credits

- NSG8100 Capstone in Applied Practice I 1 credit hour
- NSG8105 Capstone in Applied Practice II 1 credit hour
- NSG8110 Capstone in Applied Practice III 1 credit hour
- NSG8115 Capstone in Applied Practice IV 1 credit hour

*Note(s): **South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

Post Graduate Certificates

Adult-Gerontology Primary Care Nurse Practitioner (PGC)

Program Description

The Post Graduate Certificate in Adult-Gerontology Primary Care Nurse Practitioner is a 36-credit hour program designed for individuals who hold a master's degree in nursing that has prepared them for practice in another advanced role or in an advanced nursing specialty. The certificate program aims to provide students the knowledge and decision making skills to provide direct advanced practice nursing health care services to adults (ages 18+).

Post-master's students must successfully complete graduate didactic and clinical requirements of the master's specialization and are expected to master the same outcome competencies as master's students pursuing the MSN in Nursing with a specialization in Adult-Gerontology Primary Care Nurse Practitioner, including the master's core competencies and the specialization competencies.

Courses may be waived if the individual's master's transcript indicates that s/he has successfully completed the required course or its equivalent. Waivers and exceptions will be determined for individual students through a gap analysis as determined by the Program Director or College Dean.

Program Student Learning Outcomes

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice.
3. Create comprehensive plans of action that address the health promotion and disease prevention needs of individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of healthcare delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and an analysis of systems of healthcare.
6. Model a professional leadership role that fosters improvement of healthcare and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in various aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice.

Specialized Program Student Learning Outcomes:

1. Integrate specialty standards of advanced practice nursing to deliver culturally competent, quality health care services to individuals, families, populations and systems.
2. Exercise effective leadership, critical thinking and communication skills in the development and implementation of advanced nursing practice services in Primary Care.
3. Integrate professional nursing standards, values and accountability into role and self-development as an advanced practice nurse.
4. Utilize information technology and an evidence-based research approach development of nursing knowledge and design of health care services for clients, populations and systems.
5. Ensure advanced levels of clinical judgment, systems thinking, and accountability in the implementation and evaluation of evidenced based care to diverse individuals and populations.

Adult Gerontology Primary Care Nurse Practitioner Post Graduate Certificate: 36 Credits

- NSG6001 Advanced Nursing Practice I *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6020 Advanced Health and Physical Assessment *6 credit hours*
- NSG6021 Pre-Clinical Evaluation *0 credit hours **
- NSG6320 Practicum I: Adult Health - Adults and Gerontology *6 credit hours*
- NSG6330 Practicum II Adult and Gerontology: Reproductive Health *6 credit hours*
- NSG6340 Practicum III: Adult Health - Primary Care *6 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Note(s):

**If the student receives a failing grade in NSG6021, the student must enroll in and successfully pass the following four (4)-credit course: NSG6023 Nurse Practitioner Enhancement.*

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information

Family Nurse Practitioner (PGC)

Offered at South University, Columbia; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; and South University, Virginia Beach.

Program Description

The Post Graduate Certificate in Family Nurse Practitioner is a 42-credit hour program designed for individuals who hold a master's degree in nursing that has prepared them for practice in another advanced role or in an advanced nursing specialty. The certificate program provides students the knowledge and decision making skills to provide direct advanced practice nursing health care services to individuals across the life span.

Post-master's students must successfully complete graduate didactic and clinical requirements of the master's specialization and are expected to master the same outcome competencies as master's students pursuing an MSN with a specialization in Family Nurse Practitioner, including the master's core competencies and the specialization competencies.

Courses may be waived if the individual's master's transcript indicates that s/he has successfully completed the required course or its equivalent. Waivers and exceptions will be determined for individual students through a gap analysis as determined by the Program Director or College Dean.

Program Student Learning Outcomes

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice.
3. Create comprehensive plans of action that address the health promotion and disease prevention needs of individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of healthcare delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and an analysis of systems of healthcare.
6. Model a professional leadership role that fosters improvement of healthcare and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in various aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice.

Specialized Program Student Learning Outcomes:

1. Integrate specialty standards of advanced practice nursing to deliver culturally competent, quality health care services to individuals, families, populations and systems.
2. Exercise effective leadership, critical thinking and communication skills in the development and implementation of advanced nursing practice services in Primary Care.
3. Integrate professional nursing standards, values and accountability into role and self-development as an advanced practice nurse.
4. Utilize information technology and an evidence-based research approach development of nursing knowledge and design of health care services for clients, populations and systems.
5. Ensure advanced levels of clinical judgment, systems thinking, and accountability in the implementation and evaluation of evidenced based care to diverse individuals and populations.

Family Nurse Practitioner Post Graduate Certificate: 42 Credits

- NSG6001 Advanced Nursing Practice I 4 credit hours
- NSG6005 Advanced Pharmacology 4 credit hours
-
- NSG6020 Advanced Health and Physical Assessment 6 credit hours
- NSG6021 Pre-Clinical Evaluation 0 credit hours *
- NSG6420 Practicum I: Family Health - Adult and Gerontology 6 credit hours
- NSG6430 Practicum II: Family Health- Women's Health 6 credit hours
- NSG6435 Practicum III: Family Health - Pediatrics 6 credit hours
- NSG6440 Practicum IV: Family Health - Primary Care 6 credit hours
- NSG6999 Graduate Project in Nursing 4 credit hours

Note(s):

**If the student receives a failing grade in NSG6021, the student must enroll in and successfully pass the following four (4)-credit course: NSG6023 Nurse Practitioner Enhancement.*

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Nurse Administrator Post Graduate Certificate (PGC)*

South University no longer accepts applications for entrance into the Nurse Administrator Post Graduate Certificate program offered online or campus-based.

Program Description

The Post-graduate Certificate in Nursing program with a specialization in Nurse Administrator is comprised of courses in leadership, administration, financial and resource management and two practicum courses. Under the guidance of the approved preceptor, the practicum courses provide an opportunity for the student to enact the role of health facility administrator in the clinical setting.

Post-master's students must successfully complete graduate didactic and clinical requirements of the master's specialization and are expected to master the same outcome competencies as master's students pursuing the specialization in Nurse Administrator, including the master's core competencies and the specialization competencies.

Courses may be waived if the individual's master's transcript indicates that s/he has successfully completed the required course or its equivalent. Waivers and exceptions will be determined for individual students through a gap analysis as determined by the Program Director or College Dean.

Program Student Learning Outcomes

Upon completion of the Post-graduate Certificate Program in Nursing with a The 21st century nurse administrator will transform care of patients and communities through ethical nursing leadership that is evidence-based, outcome-oriented and focused on nursing excellence. The Specialization in Nurse Administrator from South University prepares the next generation of nursing leaders through innovative, blended coursework delivered online. The program is targeted to the working professional nurse who seeks to develop the knowledge, skills and abilities to practice within a role of leadership such as a Chief Nursing Officer, Associate Chief Nursing Officer, Director of Nursing or Nurse Manager. The student will complete 240 practicum hours during progression through the program.

Program curriculum for the Specialization in Nurse Administrator concentration includes key attributes from the American Association of Colleges of Nursing (AACN) Essentials of Masters Education for Advanced Practice Nursing (1996), The American Organization of Nurse Executives (AONE) Nurse Executive Competencies (2005), and the American Nurses Association (ANA) Scope of Practice for Nurse Administrators (2009).

Program Student Learning Outcomes

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice.
3. Create comprehensive plans of action that address the health promotion and disease prevention needs of individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of healthcare delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and an analysis of systems of healthcare.
6. Model a professional leadership role that fosters improvement of healthcare and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in various aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice.

Specialized Program Student Learning Outcomes:

Graduates should be able to:

1. Apply concepts and theories of organizational management and nursing administration to the design of complex healthcare delivery systems.
2. Incorporate the use of technology, contemporary practice, ethics, and professional standards into the ongoing delivery of healthcare.
3. Integrate concepts of health policy, regulation, and financing to the organization of healthcare delivery, with a focus on parsimonious and responsible use of resources.
4. Lead efforts in designing innovative patient safety and quality improvement efforts and effective evaluation of nursing outcome measures.
5. Employ evidence-based practice in the care of patients with chronic and/or acute illnesses across the lifespan, or in structuring nursing interventions designed to promote health.
6. Facilitate the professional development and socialization of diverse nurse populations.
7. Function as change agents and leaders in healthcare settings domestically and abroad.
8. Contribute to the development of the science of nursing by engaging in scholarly activities and by promoting the translation of nursing science into patient care outcomes.

Nurse Administrator 28 Credits**

- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6601 Managing Complex Healthcare Systems *4 credit hours*
- NSG6605 Quality Outcomes and Financial Management in Healthcare Organizations *4 credit hours*
- NSG6620 Practicum I: Quantitative Skills in Nursing Administration *4 credit hours*
- NSG6630 Practicum II: Qualitative Skills in Nursing Administration *4 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*
- MHC6306 Human Resource Management in Healthcare Organizations *4 credit hours*

Note(s):

**South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

***Students wishing to further develop their advanced practice skills should take NSG5003 Advanced Pathophysiology, NSG6001 Advanced Nursing Practice I, and NSG6005 Pharmacology. Students wishing to further develop their management, administration, and technology skills may take LEA5100 Leadership, Organization Theory and Change, LEA5130 Team Building and Group Dynamics, MIS5010 Information Technology Infrastructure, and/or PMC6601 Foundations of Project Management in place of NSG 5003, NSG 6001, and/or NSG 6005. In all cases students should work closely with their Academic Advisors or Academic Counselors to select appropriate coursework that meets their career needs and course prerequisites.*

Nurse Educator Post Graduate Certificate (PGC)**

Offered at South University, Online Programs

Program Description

The Post-graduate Certificate in Nursing program with a specialization in Nurse Educator is comprised of courses in teaching and learning strategies, curriculum development, evaluation, and two practicum courses. Under the guidance of an approved preceptor, the practicum courses provide an opportunity for the student to enact the role of the nurse educator in clinical and academic settings.

Post-master's students must successfully complete graduate didactic and clinical requirements of the master's specialization and are expected to master the same outcome competencies as master's students pursuing the specialization in Nurse Educator, including the master's core competencies and the specialization competencies.

Courses may be waived if the individual's master's transcript indicates that s/he has successfully completed the required course or its equivalent. Waivers and exceptions will be determined for individual students through a gap analysis as determined by the Program Director or College Dean.

Program Student Learning Outcomes

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice.
3. Create comprehensive plans of action that address the health promotion and disease prevention needs of individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of healthcare delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and an analysis of systems of healthcare.
6. Model a professional leadership role that fosters improvement of healthcare and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in various aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice.

Specialized Student Learning Outcomes:

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice
3. Create comprehensive plans of action that addresses the health promotion and disease prevention needs of diverse individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of health care delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and in analysis of systems of health care
6. Model a professional leadership role that fosters improvement of health care and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in all aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice

Nurse Educator Post Graduate Certificate: 34 Credits

- NSG6003 Teaching and Learning Strategies in Nursing *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6020 Advanced Health and Physical Assessment *6 credit hours*
- NSG6102 Evaluation of Educational Outcomes in Nursing *4 credit hours*
- NSG6103 Curriculum Design and Evaluation in Nursing Education *4 credit hours*
- NSG6203 Practicum in Nursing Education I *4 credit hours*
- NSG6204 Practicum in Nursing Education II *4 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Note(s): ***South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

Nurse Informatics Post Graduate Certificate

Offered at South University, Online Programs.

The 21st century nurse informaticist will transform care of patients and communities by optimizing information management and communication. These activities include the design and use of informatics solutions and technology to support all areas of nursing practice, including the direct provision of care, establishing effective administrative systems, designing useful decision support systems, managing and delivering educational experiences, enhancing lifelong learning, and supporting nursing research. The Master of Science in Nursing program with a specialization in Nursing Informatics at South University is designed to prepare the next generation of nursing leaders to develop the knowledge, skills, and abilities to develop and implement information management systems in a variety of settings including home health and hospice agencies, nursing homes, public and community health agencies, physician offices, ambulatory care centers, medical device vendors, large and small software companies, web content providers, disease management companies, and government agencies. Students will complete 240 practicum hours during progression through the program.

Program curriculum for the MSN with a specialization in Nursing Informatics includes key attributes from the American Association of Colleges of Nursing (AACN) Essentials of Masters Education for Advanced Practice Nursing (2011), the Alliance for Nursing Informatics (2010), and the ANA Scope and Standards of Practice (2008). Students completing this program will be eligible to sit for the AACC certification examination.

Specialization Outcomes

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice.
3. Create comprehensive plans of action that address the health promotion and disease prevention needs of individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of healthcare delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and an analysis of systems of healthcare.
6. Model a professional leadership role that fosters improvement of healthcare and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in various aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice.

Specialized Program Student Learning Outcomes:

Graduates should be able to:

1. Evaluate information requirements for nursing practice.
2. Use principles of database management to collect and analyze the comprehensive data, information, and knowledge pertinent to a situation in nursing practice.
3. Use principles of project management to develop and implement a plan that prescribes strategies, alternatives, and recommendations to attain expected nursing informatics outcomes.
4. Integrate current theories of technology implementation to influence the identified plan, enhance the abilities of other professionals, and effect change in nursing practice.
5. Analyze computer and information technologies for their application to nursing practice.
6. Collaborate with professionals in other informatics-related disciplines to develop informatics solutions to nursing problems.
7. Develop strategies for introducing, modifying, and evaluating information systems for nursing practice.

Nurse Informatics Post Graduate Certificate 28 Credits

- MIS5010 Information Technology Infrastructure *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6650 Introduction to Nursing Informatics *4 credit hours*
- NSG6652 Issues and Trends in Nursing Informatics *4 credit hours*
- NSG6670 Practicum I: Database Management in Nursing Informatics *4 credit hours*
- NSG6680 Practicum II: Project Management in Nursing Informatics *4 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Notes: **South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Master's Degrees

Master of Science in Nursing (MSN)**

The Master of Science in Nursing degree program (MSN) is designed to develop and enhance the knowledge and skills of registered nurses. It is also designed for those nurses who want to pursue advanced positions in today's challenging healthcare environment. The program, based on the American Association of Colleges of Nursing Master's Essentials, blends nursing theory with advanced practice concepts that prepare students to work within a healthcare organization or educational setting.

All applicants to the MSN program must hold a valid and unencumbered license as a registered nurse in all US states or territory in which the student is licensed, including the state in which the student completes all assignments for the program. (Note that military, federal, and foreign educated nurses must meet this state requirement for nursing licensure). An unencumbered license(s) must be maintained throughout the program. Additionally, all applicants must successfully complete a criminal background check and a drug screening. Clinical affiliation agencies may require additional personal testing.

The program consists of five core courses and courses in an area of specialization in education, administration, informatics, and various nurse practitioner programs. Program includes practica and experiences in areas of specialization.

Courses may be waived if the individual's master's transcript indicates that s/he has successfully completed the required course or its equivalent. Waivers and exceptions will be determined on the written request of individual students through a transcript analysis as determined by the Program Director, Chair, or College Dean.

Program Student Learning Outcomes

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice.
3. Create comprehensive plans of action that address the health promotion and disease prevention needs of individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of healthcare delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and an analysis of systems of healthcare.
6. Model a professional leadership role that fosters improvement of healthcare and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in various aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice.

Master of Science in Nursing (Specialization in Adult-Gerontology Primary Care Nurse Practitioner)

Offered at South University, Online Programs.

The Master of Science in Nursing with a specialization in Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP) degree program is designed to prepare advanced practice nurses for the current and evolving primary healthcare system. The South University College of Nursing program focuses on advanced health sciences knowledge and skills to prepare advanced clinicians to deliver leading edge, primary healthcare to adolescents through the entire adult-gerontology age spectrum. AGPCNP students share select course content with fellow students in the Family Nurse Practitioner (FNP) programs where appropriate. This structure exposes students to a variety of expert specialty faculty and supports development of inter-specialty relationships in client management.

The South University program is designed to prepare graduates to provide the full range of primary care services to individuals from adolescence, adulthood, older adults, to the frail elderly. Competencies include provision of preventive care as well as diagnosis and management of common acute and chronic health problems. In addition to direct patient care, students also participate in clinical translational efforts, education, and policy activities relevant to advanced practice nursing and diverse population health care issues. National certification is available upon program completion through the national certifying bodies (ANCC; AANPCP).

The South University College of Nursing Master of Science in Nursing with a specialization Adult-Gerontology Primary Care Nurse Practitioner degree program meets the core competencies for Adult-Gerontology Primary Care Nurse Practitioner as outlined by the National Organization for Nurse Practitioner Faculties (NONPF). These competencies include:

1. Providing health promotion, health protection, disease prevention, and treatment.
2. Assessing health status.
3. Diagnosing health status.
4. Creating a plan of care and implementation of treatment
5. Ensuring a professional, collegial, and collaborative approach to care.
6. Serving as a teacher and coach to patients.
7. Committing to advancing the profession.
8. Assisting patients in managing and negotiating the healthcare delivery system.
9. Monitoring and ensuring high quality healthcare practice
10. Demonstrating cultural competence

Specialization Outcomes

Graduates should be able to:

1. Integrate specialty standards of advanced practice nursing to deliver culturally competent, quality health care services to individuals, families, populations and systems.
2. Exercise effective leadership, critical thinking and communication skills in the development and implementation of advanced nursing practice services in Primary Care.
3. Integrate professional nursing standards, values and accountability into role and self-development as an advanced practice nurse.
4. Utilize information technology and an evidence-based research approach development of nursing knowledge and design of health care services for clients, populations and systems.
5. Ensure advanced levels of clinical judgment, systems thinking, and accountability in the implementation and evaluation of evidenced based care to diverse individuals and populations.

Master of Science in Nursing (Specialization in Adult-Gerontology Primary Care Nurse Practitioner): 56 Credits

MSN Core Courses: 20 Credits

- NSG5000 Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice *4 credit hours*
- NSG5002 Advanced Theoretical Perspectives for Nursing *4 credit hours*
- NSG5003 Advanced Pathophysiology *4 credit hours*
- NSG6002 Health Policy and Health Promotion in Advanced Nursing Practice *4 credit hours*
- NSG6101 Nursing Research Methods *4 credit hours*

Specialization in Adult-Gerontology Primary Care Nurse Practitioner: 36 Credits

- NSG6001 Advanced Nursing Practice I *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6020 Advanced Health and Physical Assessment *6 credit hours*
- NSG6021 Pre-Clinical Evaluation *0 credit hours* *
- NSG6320 Practicum I: Adult Health - Adults and Gerontology *6 credit hours*
- NSG6330 Practicum II Adult and Gerontology: Reproductive Health *6 credit hours*
- NSG6340 Practicum III: Adult Health - Primary Care *6 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Note(s):

**If the student receives a failing grade in NSG6021, the student must enroll in and successfully pass the following four (4) credit course: NSG6023 Nurse Practitioner Enhancement.*

Students are required to complete a minimum of 600 hours in four supervised clinical practicum courses that are designed to provide the opportunity for skill development and practice in the Adult Health Nurse Practitioner role.

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Master of Science in Nursing (Specialization in Family Nurse Practitioner)

Offered at South University, Austin; South University, Columbia; South University, High Point Off-Campus Instructional Site; South University, Montgomery; South University, Online Programs; South University, Orlando Off-Campus Instructional Site; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach.

The Master of Science in Nursing with a specialization in Family Nurse Practitioner (FNP) degree program is designed to prepare advanced practice nurses for the current and evolving primary healthcare system. The South University College of Nursing program focuses on advanced health sciences knowledge and skills to prepare advanced clinicians to deliver leading edge, community-based primary healthcare to individuals and families across the lifespan. The program places a strong emphasis on health promotion as well as the development of positive health behaviors for clients at different developmental and age stages. FNP students share select course content with fellow students in the

Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP) programs where appropriate. This structure exposes students to a variety of expert specialty faculty and supports development of inter-specialty relationships in client management.

The South University program is designed to prepare graduates to provide the full range of primary care services to individuals during the ante- partum period, infancy, childhood and adolescence through the adult lifespan. Competencies include provision of preventive care to children and adults as well as the diagnosis and management of common acute and chronic health problems. In addition to direct patient care, students also participate in clinical translational efforts, education, and policy activities relevant to advanced practice nursing and diverse population healthcare issues. National certification is available upon program completion through the national certifying bodies (ANCC; AANPCP).

The South University College of Nursing Master of Science in Nursing with a specialization in Family Nurse Practitioner degree program meets the Core Competencies for Family Nurse Practitioners outlined by the National Organization for Nurse Practitioner Faculties (NONPF). Upon graduation and entry into practice, family nurse practitioners are proficient in the following areas:

1. Providing health promotion, health protection, disease prevention, and treatment.
2. Assessing health status.
3. Diagnosing health status.
4. Creating a plan of care and implementation of treatment.
5. Ensuring a professional, collegial, and collaborative approach to care.
6. Serving as a teacher and coach to patients.
7. Committing to advancing the profession.
8. Assisting patients in managing and negotiating the healthcare delivery system.
9. Monitoring and ensuring high quality healthcare practice.
10. Demonstrating cultural competence

The plan of study and required courses for the Master of Science in Nursing with a specialization in Family Nurse Practitioner degree program includes the Master's Core requirements (20 credits) with the addition of the following clinical course requirements (42 credits):

Specialization Outcomes

Graduates will be able to:

1. Integrate specialty standards of advanced practice nursing to deliver culturally competent, quality healthcare services to individuals, families, populations and systems.
2. Exercise effective leadership, critical thinking and communication skills in the development and implementation of advanced nursing practice services in primary care.
3. Integrate professional nursing standards, values and accountability into role and self-development as an advanced practice nurse.
4. Utilize information technology and an evidence-based research approach in the development of nursing knowledge and design of healthcare services for clients, populations and systems.
5. Ensure advanced levels of clinical judgment, systems thinking, and accountability in the implementation and evaluation of evidenced based care to diverse individuals and populations.

Master of Science in Nursing (Specialization in Family Nurse Practitioner): 62 Credits

MSN Core Courses: 20 Credits

- NSG5000 Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice *4 credit hours*
- NSG5002 Advanced Theoretical Perspectives for Nursing *4 credit hours*
- NSG5003 Advanced Pathophysiology *4 credit hours*
- NSG6002 Health Policy and Health Promotion in Advanced Nursing Practice *4 credit hours*
- NSG6101 Nursing Research Methods *4 credit hours*

Specialization in Family Nurse Practitioner: 42 Credits

- NSG6001 Advanced Nursing Practice I *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6020 Advanced Health and Physical Assessment *6 credit hours*
- NSG6021 Pre-Clinical Evaluation *0 credit hours* *
- NSG6420 Practicum I: Family Health - Adult and Gerontology *6 credit hours*
- NSG6430 Practicum II: Family Health- Women's Health *6 credit hours*
- NSG6435 Practicum III: Family Health - Pediatrics *6 credit hours*
- NSG6440 Practicum IV: Family Health - Primary Care *6 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Note(s):

**If the student receives a failing grade in NSG6021, the student must enroll in and successfully pass the following four (4) credit course: NSG6023 Nurse Practitioner Enhancement.*

Students are required to complete a minimum of 780 hours in the five supervised clinical practicum courses that are designed to provide the opportunity for skill development and practice in the Family Nurse Practitioner role.

South University, Online Programs may not be available to residents of all states. Please contact an admissions representative for further information.

Master of Science in Nursing (Specialization in Nurse Administrator)

Offered at South University, Online Programs.

The 21st century nurse administrator will transform care of patients and communities through ethical nursing leadership that is evidence-based, outcome-oriented and focused on nursing excellence. The Master of Science in Nursing with a specialization in Nurse Administrator degree program at South University is designed to prepare the next generation of nursing leaders through innovative, blended coursework delivered online. The program is targeted to the working professional nurse who seeks to develop the knowledge, skills and abilities to practice within a role of leadership such as a Chief Nursing Officer, Associate Chief Nursing Officer, Director of Nursing or Nurse Manager. The student will complete 240 practicum hours during progression through the program.

Program curriculum for the MSN with a Specialization in Nurse Administrator concentration includes key attributes from the American Association of Colleges of Nursing (AACN) Essentials of Masters Education for Advanced Practice Nursing (1996), The American Organization of Nurse Executives (AONE) Nurse Executive Competencies (2005), and the American Nurses Association (ANA) Scope of Practice for Nurse Administrators (2009).

Specialization Outcomes

Graduates should be able to:

1. Apply concepts and theories of organizational management and nursing administration to the design of complex healthcare delivery systems.
2. Incorporate the use of technology, contemporary practice, ethics, and professional standards into the ongoing delivery of healthcare.
3. Integrate concepts of health policy, regulation, and financing to the organization of healthcare delivery, with a focus on parsimonious and responsible use of resources.
4. Lead efforts in designing innovative patient safety and quality improvement efforts and effective evaluation of nursing outcome measures.
5. Employ evidence-based practice in the care of patients with chronic and/or acute illnesses across the lifespan, or in structuring nursing interventions designed to promote health.
6. Facilitate the professional development and socialization of diverse nurse populations.
7. Function as change agents and leaders in healthcare settings domestically and abroad.
8. Contribute to the development of the science of nursing by engaging in scholarly activities and by promoting the translation of nursing science into patient care outcomes.

Master of Science in Nursing (Specialization in Nurse Administrator): 48 Credits

Core 20 Credits

- NSG5000 Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice *4 credit hours*
- NSG5002 Advanced Theoretical Perspectives for Nursing *4 credit hours*
- NSG5003 Advanced Pathophysiology *4 credit hours* *
- NSG6002 Health Policy and Health Promotion in Advanced Nursing Practice *4 credit hours*
- NSG6101 Nursing Research Methods *4 credit hours*

Specialization in Nurse Administrator: 28 Credits

- MHC6306 Human Resource Management in Healthcare Organizations *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours* *
- NSG6601 Managing Complex Healthcare Systems *4 credit hours*
- NSG6605 Quality Outcomes and Financial Management in Healthcare Organizations *4 credit hours*
- NSG6620 Practicum I: Quantitative Skills in Nursing Administration *4 credit hours*
- NSG6630 Practicum II: Qualitative Skills in Nursing Administration *4 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Note(s):

**Students wishing to further develop their advanced practice skills should take NSG5003 Advanced Pathophysiology, NSG6001 Advanced Nursing Practice I, and NSG6005 Advanced Pharmacology. Students wishing to further develop*

their management, administration, and technology skills may take LEA5100 Leadership, Organization Theory and Change, LEA5130 Team Building and Group Dynamics, MIS5010 Information Technology Infrastructure, and/or PMC6601 Foundations of Project Management in place of NSG5003, NSG6001, and/ or NSG6005. In all cases students should work closely with their Academic Advisors or Academic Counselors to select appropriate coursework that meets their career needs and course prerequisites.

***South University, Online Programs may not be available to residents of all states. Please contact an admissions representative for further information.*

Master of Science in Nursing (Specialization in Nurse Educator)

Offered at South University, Online Programs, South University, Tampa.

Nurse educators combine clinical expertise and a passion for teaching into rich and rewarding careers. These professionals, who work in the classroom and the practice setting, are responsible for preparing and mentoring current and future generations of nurses. Nurse educators play a pivotal role in strengthening the nursing workforce, serving as role models and providing the leadership needed to implement evidence-based practice.

Nurse educators are responsible for designing, implementing, evaluating and revising academic and continuing education programs for nurses. These include formal academic programs that lead to a degree or certificate, or more informal continuing education programs designed to meet individual learning needs. Students will complete 300 practicum hours during progression through the program.

Specialization Outcomes

Graduates should be able to:

1. Synthesize theories and concepts from nursing and other disciplines for application in advanced nursing roles.
2. Analyze current scientific research for application of findings to initiate change and to improve practice
3. Create comprehensive plans of action that addresses the health promotion and disease prevention needs of diverse individual, family, and community populations.
4. Formulate a plan for ongoing contributions to improvement of health care delivery and development of health policy in a cost-effective manner.
5. Apply an ethical decision-making process in professional practice and in analysis of systems of health care
6. Model a professional leadership role that fosters improvement of health care and advocates scholarly activities to advance self and profession.
7. Employ informatics and technology in all aspects of the advanced nursing leadership role.
8. Practice within ethical-legal guidelines, professional policies and regulations, and standards of practice associated with a specialty area of advanced nursing practice

Master of Science in Nursing (Specialization in Nurse Educator): 54 Credits

MSN Core 20 Credits

- NSG5000 Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice *4 credit hours*
- NSG5002 Advanced Theoretical Perspectives for Nursing *4 credit hours*
- NSG5003 Advanced Pathophysiology *4 credit hours*
- NSG6002 Health Policy and Health Promotion in Advanced Nursing Practice *4 credit hours*
- NSG6101 Nursing Research Methods *4 credit hours*

Specialization in Nurse Educator: 34 Credits

- NSG6003 Teaching and Learning Strategies in Nursing *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6020 Advanced Health and Physical Assessment *6 credit hours*
- NSG6102 Evaluation of Educational Outcomes in Nursing *4 credit hours*
- NSG6103 Curriculum Design and Evaluation in Nursing Education *4 credit hours*
- NSG6203 Practicum in Nursing Education I *4 credit hours*
- NSG6204 Practicum in Nursing Education II *4 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Note(s):

South University, Online Programs may not be available to residents of all states. Please contact an admissions representative for further information.

****NOTE:** *Minnesota residents are not eligible to enroll in the online programs for the Doctor of Nursing Practice, Post Graduate Certificates in Nursing, the Master of Science in Nursing or the RN to Master of Science in Nursing.*

Master of Science in Nursing (Specialization in Nursing Informatics)

Offered at South University, Online Programs.

The 21st century nurse informaticist will transform care of patients and communities by optimizing information management and communication. Nursing (RN to MSN)***

Offered at South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Savannah; South University, Tampa; and South University, Virginia Beach.

The RN to Master of Science in Nursing program allows students with strong academic backgrounds to reduce the number of courses required in the undergraduate component of the program. Students substitute certain graduate courses for undergraduate nursing courses. The program includes integrated practica experience, didactic instruction, and a summative project to assess individual student learning outcomes.

Students who successfully complete all requirements of RN to Master of Science in Nursing program will be awarded the Master of Science in Nursing degree.*

* Note: Students interested in a BSN should confer with their Academic Counselor or Program Director. This policy is effective on and after Fall 2019 term.

RN to Master of Science in Nursing***

Area I: General Education: 76 Credits

A transcript evaluation is completed for each student to transfer in up to 90 general education credits. For students to receive block transfer credit for General Education courses, they must meet the standard outlined in the General Education Transfer Credit policy.

Professional Development

- AHS1001 Medical Terminology *4 credit hours*
- ITS1000 Computer and Internet Literacy *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT1001 College Algebra I *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*
- MAT2058 Statistics *4 credit hours*

Natural Sciences

- BIO1011 Anatomy and Physiology I *4 credit hours*
(must be taken concurrently with BIO1012 Anatomy and Physiology I Lab)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours*
(must be taken concurrently with BIO1014 Anatomy and Physiology II Lab)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*

Arts and Humanities (chose two)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences

- PSY1001 General Psychology *4 credit hours*
- PSY2022 Human Growth and Development *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*

General Education Elective (Choose Two)

- BIO1020 Biology I *4 credit hours*
- BIO1021 Biology II *4 credit hours*
- ECO2071 Principles of Microeconomics *4 credit hours*
- ECO2072 Principles of Macroeconomics *4 credit hours*
- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- MAT1500 College Mathematics *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- POL2076 American Government *4 credit hours*

- REL1001 World Religions *4 credit hours*

Area II Foundation Requirements: 14 Credits

- BIO2070 Microbiology *4 credit hours*
(*must be taken concurrently with BIO2071 or BIO2073*)
- BIO2071 Microbiology Lab *2 credit hours (online)*
OR
- BIO2073 Microbiology Laboratory *2 credit hours (campuses)*
(*required for BSN; RN to BSN students ONLY can take either*)
- CHM1010 General Chemistry *4 credit hours*
- NTR2050 Nutrition *4 credit hours*

Undergraduate Nursing (45 transfer credits + 36 credits from South University)

- NSG3007 Foundations for Professional Nursing *4 credit hours*
- NSG3029 Foundations of Nursing Research *4 credit hours*
- NSG3039 Information Management and Technology *4 credit hours*
- NSG4028 Concepts of Teaching and Learning *4 credit hours*
- NSG4029 Leadership in a Diverse Society *4 credit hours*
- NSG4055 Illness and Disease Management Across the Life Span *4 credit hours*
- NSG4067 Gerontological Nursing *4 credit hours*
- NSG4068 Trends in Healthcare Policy *4 credit hours*
- NSG4074 Health Promotion and Clinical Prevention *4 credit hours*

Graduate Nursing (Students must complete core credits and one specialization)

MSN Core: 20 Credits

- NSG5000 Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice *4 credit hours*
- NSG5002 Advanced Theoretical Perspectives for Nursing *4 credit hours*
- NSG5003 Advanced Pathophysiology *4 credit hours* **
- NSG6002 Health Policy and Health Promotion in Advanced Nursing Practice *4 credit hours*
- NSG6101 Nursing Research Methods *4 credit hours*

Specialization in Adult-Gerontology Primary Care Nurse Practitioner: 36 Credits for Specialization, 227 Total Credits for Program

Offered at South University, Online Programs.

- NSG6001 Advanced Nursing Practice I 4 credit hours
 - NSG6005 Advanced Pharmacology 4 credit hours
 -
 - NSG6020 Advanced Health and Physical Assessment 6 credit hours
 - NSG6021 Pre-Clinical Evaluation 0 credit hours *
 - NSG6320 Practicum I: Adult Health - Adults and Gerontology 6 credit hours
 - NSG6330 Practicum II Adult and Gerontology: Reproductive Health 6 credit hours
 - NSG6340 Practicum III: Adult Health - Primary Care 6 credit hours
 - NSG6999 Graduate Project in Nursing 4 credit hours
- *If the student receives a failing grade in NSG6021, the student must enroll in and pass the following four (4)-credit hour course: NSG6023 Nurse Practitioner Enhancement.*

Specialization in Family Nurse Practitioner: 42 Credits for Specialization, 233 Total Credits for Program

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; and South University, Tampa.

- NSG6001 Advanced Nursing Practice I 4 credit hours
 - NSG6005 Advanced Pharmacology 4 credit hours
 - NSG6020 Advanced Health and Physical Assessment 6 credit hours
 - NSG6021 Pre-Clinical Evaluation 0 credit hours *
 - NSG6420 Practicum I: Family Health - Adult and Gerontology 6 credit hours
 - NSG6430 Practicum II: Family Health- Women's Health 6 credit hours
 - NSG6435 Practicum III: Family Health - Pediatrics 6 credit hours
 - NSG6440 Practicum IV: Family Health - Primary Care 6 credit hours
 - NSG6999 Graduate Project in Nursing 4 credit hours
- *If the student receives a failing grade in NSG2021, the student must enroll in and successfully pass the following four (4)-credit course NSG6023 Nurse Practitioner Enhancement*

Specialization in Nurse Administrator: 28 Credits for Specialization, 219 Total Credits for Program

Offered at South University, Online Programs.

- MHC6306 Human Resource Management in Healthcare Organizations 4 credit hours
- NSG6005 Advanced Pharmacology 4 credit hours *
- NSG6601 Managing Complex Healthcare Systems 4 credit hours
- NSG6605 Quality Outcomes and Financial Management in Healthcare Organizations 4 credit hours
- NSG6620 Practicum I: Quantitative Skills in Nursing Administration 4 credit hours
- NSG6630 Practicum II: Qualitative Skills in Nursing Administration 4 credit hours
- NSG6999 Graduate Project in Nursing 4 credit hours

Specialization in Nurse Educator: 34 Credits for Specialization, 225 Total Credits for Program

Offered at South University, Online Programs.

- NSG6003 Teaching and Learning Strategies in Nursing *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours*
- NSG6020 Advanced Health and Physical Assessment *6 credit hours*
- NSG6102 Evaluation of Educational Outcomes in Nursing *4 credit hours*
- NSG6103 Curriculum Design and Evaluation in Nursing Education *4 credit hours*
- NSG6203 Practicum in Nursing Education I *4 credit hours*
- NSG6204 Practicum in Nursing Education II *4 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Specialization in Nursing Informatics: 28 Credits for Specialization, 219 Total Credits for Program

Offered at South University, Online Programs.

- IST5010 Information Technology Infrastructure *4 credit hours*
- NSG6005 Advanced Pharmacology *4 credit hours* *
- NSG6650 Introduction to Nursing Informatics *4 credit hours*
- NSG6652 Issues and Trends in Nursing Informatics *4 credit hours*
- NSG6670 Practicum I: Database Management in Nursing Informatics *4 credit hours*
- NSG6680 Practicum II: Project Management in Nursing Informatics *4 credit hours*
- NSG6999 Graduate Project in Nursing *4 credit hours*

Note(s):

***Students wishing to further develop their advanced practice skills should take NSG5003 Advanced Pathophysiology, NSG6001 Advanced Nursing Practice I, and NSG6005 Advanced Pharmacology. Students wishing to further develop their management, administration, and technology skills may take LEA5100 Leadership, Organization Theory and Change, LEA5130 Team Building and Group Dynamics, MIS5010 Information Technology Infrastructure and/or PMC6601 Foundations of Project Management in place of NSG5003, NSG6001, and/or NSG6005. In all cases students should work closely with their Academic Advisors or Academic Counselors to select appropriate coursework that meets their career needs and course prerequisites.*

****South University, Online Program Offerings may not be available to residents of all states. Please contact an admissions representative for further information.*

Standardized Testing Policy

All students enrolled in an MSN course will be required to utilize the standardized testing policy in place at the time of their course.

1. Standardized testing platform

- a. The selected 3P exam: The minimum score for the exam is average/score identified by the vendor that equates with a minimum passing score of 80%.
- b. The Pre-Predictor exam: A minimum score identified by the vendor that equates with a minimum passing score of 80%. The Pre-Predictor exam is 10% of the MSN FNP (NSG6440) and MSN AGPCNP (NSG6430) course grade.
- c. The University Predictor: A minimum score identified by the vendor that equates with a minimum passing score of 80%. The University Predictor exam is worth 25% (100 points) of the final grade in MSN FNP (NSG6440) and AGPCNP (NSG6340).

2. Remediation

- a. Individualized and faculty driven remediation provides an opportunity for students to review study and acquire additional knowledge. Remediation is intended to help students recover important information that was missed when taking the assessment and improve the opportunity to be successful on the second attempt of any exam.
- b. In addition to faculty driven remediation, self-review is required for all standardized testing assessments. Students are required to use their test results to complete remediation.
- c. Failure to comply with the standardized testing policy may result in a course failure.
- d. Retesting is required for any student who scores lower than the minimum passing score on the 3P exam. Retesting of the 3P exam will take place during the final week of NSG6023.
- e. A different test version will be used for retesting. Students who score the minimum passing score or higher on the 3P exam in NSG6023 will receive an 80% for the grade. Students who do not score the minimum passing score will be dismissed from the MSN nurse practitioner programs.
- f. The Dean's or designee's approval is required for reordering of standardized testing products.

NSG6020 Advanced Health and Physical Assessment (FNP, AGNP, & NE)	Recommended: Students purchase a Dermatology resource to supplement learning from Physical Assessment Course Assignment: 10% of the course grade
NSG6021	Concurrent course with NSG6020. The student must meet the benchmarked score on the 3-P exam to pass the course. If unsuccessful, the student will be enrolled into NSG6023.

	Course assignments per syllabus.
NSG6420 (FNP) or NSG6320 (AGNP) Practicum I-Family or Adult Health: Adults and Gerontology	Course Assignments: 10% of the course grade
NSG6430 (FNP) Practicum II Women's Health	Course Assignments: 10% of the course grade
NSG6330 AGNP Reproductive Health	Course Assignments: 10% of the course grade
NSG6435 (FNP) Practicum III: Family Health Pediatrics	Course Assignments: 10% of the course grade
NSG6340 (AGNP) Practicum III: Adult Health: Primary Care	<p>Access to an online review course continues. Students must complete all assignments with a score of 80% or better. Students must complete all the online review materials and assignments to be eligible to take the Predictor exam.</p> <p>Completion of Online review materials and assignments: 15% Discussions: 5% Assigned Case Studies: 10% Exam #1: 10% Exam #2: 10% Final Exam: 20% Pre-Predictor: 10% University Predictor Exam: 25% SOAP Notes: 10%</p>
NSG6440 (FNP) Practicum IV (IV: Family Health: Primary Care)	<p>Access to an online review course continues. Students must complete all assignments with a score of 80% or better. Students must complete all the online review materials and assignments to be eligible to take the University Predictor exam.</p> <p>Completion of Online review materials and assignments: 15% Pre-Predictor: 10% University Predictor Exam: 25% Assigned Case Studies: 20% Remediation of Areas of <80% on Pre-Predictor: 10%</p>

	Comprehensive Final Exam: 35%
	Class Discussion/Participation 5% (online)
	Case Studies/Participation 5% (campus-based)

Undergraduate Nursing

Bachelor's Degrees

Bachelor of Science in Nursing (BSN)

Offered at South University, Austin; South University, Columbia; South University, High Point Off-Campus Instructional Site; South University, Montgomery; South University, Orlando Off-Campus Instructional Site; South University, Richmond; South University, Tampa; South University, Virginia Beach; and South University, West Palm Beach

The BSN degree program is designed to provide students with a solid educational foundation that prepares individuals for entry into the nursing profession. The BSN graduate will be able to incorporate the concepts of caring, communication, critical thinking, professionalism, and holism to provide care for individuals, families and communities. The comprehensive theoretical and clinical practice components aim to allow South University BSN graduates to make a smooth transition into professional nursing practice. Graduates of the South University Bachelor of Science in Nursing program are encouraged to continue the educational process and are prepared for the challenges of graduate study.

The BSN degree program is designed for the non-registered nurse student. Students may complete prerequisite courses in as few as six quarters and then apply for admission to the nursing program, which is taught over seven quarters. The program allows highly motivated full-time students to complete the program of study in nursing in a concentrated period of time. After successful completion of the nursing program, the graduate must pass the National Council Licensure Examination Registered Nurse (NCLEX-RN) in order to obtain licensure and begin practice as a registered nurse.*

**South University does not guarantee third-party certification/licensure. Outside agencies control the requirements for taking and passing certification/licensing exams and are subject to change without notice to South University.*

Program Student Learning Outcomes

Graduates should be able to:

1. Synthesize knowledge from nursing, the physical and social sciences, arts, and humanities in the practice of professional nursing practice.
2. Apply critical thinking skills in establishing priorities, delegating responsibility, formulating decisions, and maintaining accountability in the practice of professional nursing through the application of nursing standards.
3. Integrate care and concern for humanity, with scholarly research and systematic inquiry to deliver evidenced based, comprehensive, and holistic nursing care which promotes health and quality of life.
4. Utilize informatics and technology to adapt to the challenges of nursing practice of today and the future.

5. Demonstrate professionalism by advocating for legal, ethical, financial and political issues involving healthcare.
6. Communicate effectively and collaboratively within nursing and other healthcare disciplines to empower patients experiencing health challenges through education and promotion of health and well-being.
7. Utilize the nursing process to collaborate with consumers and other health professionals to initiate improvements in healthcare and promote health and well-being in persons, families and communities.
8. Demonstrate a self-awareness of and commitment to excellence in nursing practice through the pursuit of community, educational, and organizational opportunities to enhance personal and professional growth.
9. Provide holistic caring to diverse patient populations, across the lifespan in a variety of settings with technical proficiency that integrates foundational, discipline-specific and interdisciplinary knowledge essential for professional practice.

Bachelor of Science in Nursing: 180 Credits

Area I General Education Requirements: 68 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*

Choose one additional course:

- UVC1000 Strategies for Success *4 credit hours*
- Advisor approved elective *4 credit hours*

Note: If you are planning to earn the Associate of Science in Allied Health Science as you progress in the pre-professional phase of the Bachelor of Science in Nursing please review the following note carefully and consult with your academic counselor if you have questions.

Note: UVC1000 is recommended if student is interested in obtaining an AHS

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Choose one additional course from the list below:

- COM2006 Interpersonal Communication *4 credit hours*
- SPC1026 Public Speaking *4 credit hours*

Mathematics and Statistics

- MAT1005 College Algebra II *4 credit hours*
- MAT2058 Statistics *4 credit hours*

Choose one additional course from the list below:

- MAT1001 College Algebra I *4 credit hours*

Natural Sciences

- BIO1011 Anatomy and Physiology I *4 credit hours*
(*must be taken concurrently with BIO1012 Anatomy and Physiology I Lab*)
- BIO1012 Anatomy and Physiology I Lab *2 credit hours*
- BIO1013 Anatomy and Physiology II *4 credit hours*
(*must be taken concurrently with BIO1014 Anatomy and Physiology II Lab*)
- BIO1014 Anatomy and Physiology II Lab *2 credit hours*

Arts and Humanities (choose two)

- ENG2002 World Literature I: From the Ancient World to the Middle Ages *4 credit hours*
- ENG2003 World Literature II: From Enlightenment to Modernity *4 credit hours*
- ENG2011 Introduction to American Literature: 1865 to present *4 credit hours*
- HIS1101 U.S. History I: Colonial to 1865 *4 credit hours*
- HIS1102 U.S. History II: 1865 to Present *4 credit hours*
- HUM1001 History of Art through the Middle Ages *4 credit hours*
- HUM1002 History of Art from the Middle Ages to Modern Times *4 credit hours*
- HUM2101 World Civilization I: Prehistory to 1500 C.E. *4 credit hours*
- HUM2102 World Civilization II: 1500 to Present *4 credit hours*
- PHI2301 Introduction to Philosophy *4 credit hours*
- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences

- PSY1001 General Psychology *4 credit hours*
- PSY2022 Human Growth and Development *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*

*Note(s): *PSY2022 is required by CCNE for all BSN students. Per the Department of Behavioral Sciences, the course meets the South University General Education requirements for Social and Behavioral Sciences for Nursing students ONLY.*

Area II Foundation Requirements: 22 Credits

- BIO2015 Human Pathophysiology *4 credit hours*
- BIO2070 Microbiology *4 credit hours*
(*must be taken concurrently with BIO2073 Microbiology Laboratory*)
- BIO2073 Microbiology Laboratory *2 credit hours (campuses)*
- CHM1010 General Chemistry *4 credit hours*
- NTR2050 Nutrition *4 credit hours*
- General Education Elective *4 credit hours*
Note: AHS1001 Medical Terminology is recommended if student is interested in obtaining an AHS

Area III Major Requirements: 90 Credits

Core

- NSG3001 Introduction to the Profession of Nursing *4 credit hours*
- NSG3008 Principles of Assessment Lab *3 credit hours*
- NSG3009 Principles of Assessment *3 credit hours*
- NSG3022 Pharmacotherapeutics I *3 credit hours*
- NSG3023 Fundamentals of Nursing *3 credit hours*
- NSG3024 Fundamentals of Nursing Skills Lab *4 credit hours*
- NSG3027 Fundamentals of Nursing Practice *2 credit hours*
- NSG3032 Pharmacotherapeutics II *3 credit hours*
- NSG3036 Introduction to Nursing Research *3 credit hours*
- NSG3037 Caring for Adults I *4 credit hours*
- NSG3038 Caring for Adults I-Practice *4 credit hours*
- NSG3045 Caring for Adults II - Practice *3 credit hours*
- NSG3046 Caring for Adults II *3 credit hours*
- NSG3047 Caring for Women and Neonates *3 credit hours*
- NSG3048 Caring for Women and Neonates-Practice *4 credit hours*
- NSG3068 Caring for Diverse & Vulnerable Populations I *3 credit hours*
- NSG4052 Caring for Adults III *2 credit hours*
- NSG4053 Caring for Adults III - Practice *3 credit hours*
- NSG4056 Caring for Children *3 credit hours*
- NSG4057 Caring for Children - Practice *4 credit hours*
- NSG4058 Caring for Persons with Psychiatric/Mental Health Problems *3 credit hours*
- NSG4059 Caring for Persons with Psychiatric/Mental Health Problems - Practice *4 credit hours*
- NSG4060 Caring for Adults IV *2 credit hours*
- NSG4061 Caring for Adults IV - Practice *3 credit hours*
- NSG4069 Caring for Diverse and Vulnerable Populations II *2 credit hours **
- NSG4070 Legal and Ethical Issues in Nursing *2 credit hours*
- NSG4071 Transition into Professional Nursing *6 credit hours*
- NSG4073 Transition into Professional Nursing Preceptorship *4 credit hours*

Application Process and Deadline

The College of Nursing and Public Health admits two classes of students per year to each campus-based BSN programs. Application packets and deadlines are available on each campus. Fully completed application materials (including evidence of completion of all prerequisite courses) are due by the posted deadline, usually the first day of the quarter before admission (ex., first day of summer quarter for fall quarter program start). Incomplete or late applications will not be considered.

Math Proficiency Examinations

Students will be tested at various intervals throughout the nursing program to assess math proficiency as a method to promote safe medication administration practices. Students are required to pass math examinations each quarter in order to participate in clinical practice courses and to remain in the nursing program. Students are encouraged to prepare for the math competency test using their textbook, the ATI dosage calculation programs or a South University tutor prior to the first day of each quarter.

Math Competency Examinations. Junior level students (Quarters 1-3) must receive a score of 80% or higher on all math examinations. Senior level (Quarters 4-6) students must receive a score of 90% or higher on all math examinations. Quarter 7 students must receive a score of 100% on the math examination. A maximum of three opportunities are allowed to pass the math requirement each quarter (see schedule below). Structured remediation will be offered to students who are not successful on the math competency test.

A student who is not successful on the third math competency attempt or students who do not test according to the schedule outlined below will earn a NCF in the associated nursing course. In addition, the student will withdraw from the other nursing courses in which the student is enrolled (per the College of Nursing and Public Health Withdrawal Policy). The student can request to be readmitted (per the BSN Program Reinstatement Policy), to the Nursing program the next time the courses from which the student withdrew are offered. Math competency examinations are administered in the following courses.

Quarter	Course	Suggested Testing Schedule
1	NSG3008/NSG3011	Weeks 6, 7, and 8 (suggested)
2	NSG3024	Weeks 6, 7, and 8 or Week 1 (suggested M, W, F)
3	NSG3034/NSG3037	Week 1 (suggested M,W, F)
4	NSG3044/NSG3046	Week 1 (suggested M,W, F)
5	NSG4052	Week 1 (suggested M,W, F)
6	NSG4060	Week 1 (suggested M,W, F)
7	NSG4071	Week 1 (suggested M,W, F)

Assessment through Standardized Tests

Achievement Examinations and NCLEX-RN Preparation

The South University Nursing Faculty is committed to assisting students to achieve success on the National Council Licensing Examination-Registered Nurse (NCLEX-RN). Successful completion of this examination is required for entry into the practice of professional nursing. In addition to faculty prepared examinations, nursing students take a series of achievement examinations throughout the various courses in the nursing program to prepare for taking the NCLEX-RN. The examinations are used to measure student nursing knowledge, acquired nursing skills and competencies. Students failing to achieve the national average on any achievement test must provide evidence of remediation to their faculty advisors.

South University provides students with ample educational resources including library resources, CDs, DVDs, computer software programs, and access to a variety of nursing education websites such as atitesting.com. Students are required to attend NCLEX-RN review courses during the final quarter of the program.

ATI Policy

The following policy describes the use of the Assessment Technologies Inc. (ATI) Comprehensive Assessment and Review Program (CARP) as a component of admission, progression, and graduation in nursing program at South University. This policy has been developed to establish guidelines to prepare students for the NCLEX-RN licensure examination and to identify at-risk students. All students have the opportunity for review and remediation to enhance their success in the program and on NCLEX-RN after graduation.

1. Admission

The ATI Test of Essential Academic Skills (TEAS) is a requirement of the admission process. The TEAS is used to determine academic preparedness of pre-licensure nursing students in Reading, Math, Science, and English and Language Usage. Students must achieve a "Proficient" level to be considered for admission to the nursing program. Applicants are limited to testing twice within a 12 month period with a minimum of one month between testing.

2. Comprehensive ATI Program

Students have access to and are assigned to utilize the comprehensive ATI package. ATI Resources are listed below along with corresponding courses.

NSG3001 Introduction to the Profession of Nursing	<p>Tutorial: ATI Nursing Getting Started: Steps to success <i>Practice Assessment: Self-assessment Inventory</i></p> <p><i>Achieve</i></p> <ul style="list-style-type: none"> • Test taking skills • Study Skills • Classroom Skills • Challenges for English as second Language (ESL) Students <p>Proctored Assessment: <i>Critical Thinking Assessment-Entrance:</i></p>

3. ATI Testing

A. Content Mastery Series

The ATI review and remediation Content Mastery Series is used as a component of formative and summative academic assessment in the BSN program. Students must provide documentation of completion of assigned non-proctored ATI Content Mastery and/or Targeted Medical Surgical Assessment Series exams with a score of 85% prior to taking proctored examinations. Practice exam results are administered with rationales disabled.

Students are required to take the Proctored Assessments listed below. A minimum score of Level 2 is the goal.

Course	Exam
NSG3023 Fundamentals of Nursing	Fundamentals
NSG3042/NSG3047 Caring for Women and Neonates	Maternal Newborn
NSG4050/NSG4056 Caring for Children	Nursing Care for Children
NSG4069 Caring for Diverse and Vulnerable Populations II	Community Health
NSG4060 Caring for Adults IV	Adult Medical Surgical
NSG4058/NSG4062 Caring for Psychiatric/Mental Health Problems	Mental Health
NSG4071 Transition in the Profession of Nursing	Leadership Pharmacology Comprehensive Predictor

Practice Assessments:

Students are required to take practice assessments A and B. Remediation will be completed based on the first attempt on both of the practice assessments. An overall score of 85% is required on both practice assessments. Rationales will be enabled after the first attempt for each practice assessment. Students must upload evidence of remediation and practice assessment results for both exams into the Bright Space course by no later than 11:59 pm on the day prior to the scheduled proctored assessment in order to take the exam.

Proctored Assessments:

Remediation is required for the Proctored Assessment regardless of the level achieved for any areas with a score less than 70%. Students are required to complete remediation for the Proctored Assessment prior to taking the final examination.

Retesting is required for any student not achieving a minimum grade of Level 2 on the proctored assessment. A different test version will be utilized for retesting. ATI assessment activities are valued at 5-10% of the course grade. Grades will be assigned based upon the results of the first attempt on the Proctored Assessment. See table below for grading:

Level Earned	Grade Assigned
Level 3 (First Attempt)	100
Level 2 (First Attempt)	90
Level 1 (First Attempt)	Retake Required
Level 3 (Second Attempt)	85
Level 2 (Second Attempt)	80
Level 1 (Second Attempt)	Score earned on exam
Failure to remediate	0

A student not achieving a Level 2 on retesting is strongly encouraged to complete additional remediation.

B. Remediation

Remediation provides an opportunity for students to review, study and acquire additional knowledge. Remediation is intended to help students recover important information that was missed when taking the initial assessment.

Remediation is required for all ATI Practice and First Attempt proctored assessments. Remediation templates are available on the ATI student homepage. Students must utilize their test results to complete remediation. Content areas with a score equal to or less than 70% require remediation. Additionally, remediation may be completed on the ATI website under focused review. Faculty assign students with remediation activities based upon student test results. Remediation strategies may include but are not limited to the following:

ATI Active Learning Templates

- Review assessment results and determine appropriate template to use. Use the templates to perform detailed remediation of assessment content. Students may type into the template or print and handwrite. Completed remediation documents are to be submitted to the faculty member by the required due date.

Short Answer Remediation

- Individualized attention to those areas missed on a test can be addressed through short essays. To be considered remedial, a student must print out the ATI test results listing those items and topics missed. Using the review manuals provided by ATI, the student must then address each of the areas with a score less than 70%, writing a short paragraph discussing the essential content, and identifying the appropriate reference area in the book.

C. Comprehensive Predictor Exam

The proctored ATI RN Comprehensive Predictor Exam is a component of NSG4071. Students must pass the examination within two attempts during this course with a score commensurate with a 90% probability of passing NCLEX-RN on the first attempt. The first and second attempts must be completed by the scheduled deadline date. If student fails to achieve a 90% prediction to pass NCLEX on the first attempt, remediation will be required prior to the second attempt.

The faculty member will determine when the student is ready for re-testing.

Grading for the Comprehensive Predictor Exam (calculated as 10% of grade in NSG4071) is provided on the table below:

Prediction Level Earned	Grade Assigned
Equal to or greater than 90% Prediction Level (First attempt)	100
Less than 90% Prediction Level (First attempt)	Retake Required
Equal to or greater than 90% Prediction Level (Second attempt)	90
Less than 90% Prediction Level (Second attempt)	Percentage scored on the retake exam is assigned as grade

4. NCLEX-RN Reviews

Two ATI NCLEX-RN reviews are provided for all nursing students.

1. ATI Live Campus Review

The Comprehensive Live NCLEX Review is an all-inclusive, live study session covering essential nursing content that aligns with the NCLEX test plan. Led by a master's-degreed nurse educator, the engaging, interactive format reviews all content areas and includes test-taking strategies, critical-thinking exercises and Q&A practice.

South University provides access to ATI live reviews on campus or students may be referred to an alternate location.

2. Virtual ATI Review

"The Virtual-ATI NCLEX review is an innovative, online partnership that provides a

12-week access to interactive online review resources to prepare nursing graduates for NCLEX success. The review is guided by a Master's-prepared nurse educator and is individualized to each graduate. The program directly aligns with the current NCLEX® test plan, and takes place in an online classroom that provides access to a variety of on-demand resources including online learning activities, NCLEX test-taking strategies, content-based case studies, concept maps, NCLEX subscale-specific quiz questions, and alternate item format quiz questions that are all accessible by computer, tablet, and mobile devices." (ATI website).

- Students will begin the V-ATI during WEEK 6 of Quarter 7
- Participation and successful completion of VATI from the Beginning of the Review through Stage 4 will represent 10% of the NSG4071 course grade.
- Ongoing engagement is expected for the 45 days prior to graduation. Continued engagement is recommended post-graduation until the Green Light is achieved.
- Students may pay for an extension if more time is needed to complete the review.
- Students are advised to take the NCLEX within 3 weeks of receiving the Green Light.

Failure to comply with the ATI testing policy may result in a course failure.

Course Week /ATI Enrollment Week	Modules	Grade Percentage
Week6 ATI Week 1	Beginning Review Test Taking Strategies Module <ul style="list-style-type: none"> • Completing Survey • Online Classroom Orientation • Nurse Logic Advanced Assessments 	20%
Week 7 ATI Week 2	Stage 1 - Fundamentals Module	20%
Week 8 ATI Week 3	Stage 2 - Pharmacology Module	20%
Week 9 &10 ATI Week 4 & 5	Stage 3- Medical- Surgical Module	20%
Week 11 ATI Week 6	Stage 4 - Maternal Newborn	20%
	Total Grade Possible	100%
Post-Graduation (Recommended)		
ATI Week 7	Nursing Care of Children Mental Health	75% Stage
ATI Week 8	Leadership Virtual-ATI Predictor Post-Predictor Review	100% Stage
ATI Week 9 -12	Green Light Post-Green Light Review	Green Light
NCLEX within 3 weeks of ATI Course "Green Light"		

RN to Bachelor of Science in Nursing (BSN)

Offered at South University, Austin; South University, Columbia; South University, High Point Off-Campus Instructional Site; South University, Montgomery; South University, Online Programs; South University, Richmond; South University, Savannah; South University, Tampa; South University, Orlando Off-Campus Instructional Site; South University, Virginia Beach; and South University, West Palm Beach.

The RN to BSN degree program at South University is designed to enhance the professional knowledge and employment scope for the licensed registered nurse. Concepts of nursing research and community health are key components of the curriculum. These educational experiences are designed to prepare professional nurses for practice today and well into the future. Graduates of the RN to BSN degree completion program meet the same program student learning outcomes whether in the campus-based BSN degree program or the online RN to BSN degree program.

Potential students must be comfortable with technology, self-motivated, able to solve problems independently, have good organizational skills, good writing skills, and are prepared to invest time to their studies in both the campus-based and online nursing programs. Forty-five credit hours of nursing credit will be accepted toward the BSN degree based upon graduation from an accredited school of nursing.

Program Student Learning Outcomes

Students graduating from the RN to Bachelor of Science in Nursing degree program will have demonstrated their acquisition of competencies and proficiencies related to the following:

1. Synthesize knowledge from nursing, the physical and social sciences, arts, and humanities in the practice of professional nursing practice.
2. Apply critical thinking skills in establishing priorities, delegating responsibility, formulating decisions, and maintaining accountability in the practice of professional nursing through the application of nursing standards.
3. Integrate care and concern for humanity, with scholarly research and systematic inquiry to deliver evidenced based, comprehensive, and holistic nursing care which promotes health and quality of life.
4. Utilize informatics and technology to adapt to the challenges of nursing practice of today and the future.
5. Demonstrate professionalism by advocating for legal, ethical, financial and political issues involving health care.
6. Communicate effectively and collaboratively within nursing and other healthcare disciplines to empower patients experiencing health challenges through education and promotion of health and well-being.
7. Utilize the nursing process to collaborate with consumers and other health professionals to initiate improvements in healthcare and promote health and well-being in persons, families and communities.
8. Demonstrate a self-awareness of and commitment to excellence in nursing practice through the pursuit of community, educational, and organizational opportunities to enhance personal and professional growth.
9. Provide holistic caring to diverse patient populations, across the lifespan in a variety of settings with technical proficiency that integrates foundational, discipline-specific and interdisciplinary knowledge essential for professional practice.

RN to BSN: 180 Credits

Area I: General Education: 76 Credits

A transcript evaluation is completed for each student to transfer in up to 90 general education credits. For students to receive block transfer credit for General Education courses, they must meet the standard outlined in the General Education Transfer Credit policy.

Professional Development

- AHS1001 Medical Terminology *4 credit hours*
- ITS1000 Computer and Internet Literacy *4 credit hours*

Basic Communications

- ENG1100 Composition I *4 credit hours*
- ENG1200 Composition II *4 credit hours*
- ENG1300 Composition III *4 credit hours*

Public Health and Health Sciences

Master's Degrees

Master of Public Health (MPH)

Offered at South University, Atlanta Off-Campus Instructional Site; South University, Online Programs; South University, Savannah; and South University, Virginia Beach.

The Master of Public Health (MPH) degree program at South University is a 56-credit program designed to educate students and working professionals about areas of critical importance to local, national, and international public health challenges. The MPH program is organized around a curriculum which consists of core competencies, principal courses, and a practicum experience. The core courses cover the five main areas of public health competencies. The

principal courses are designed to cover a broad range of topics to help develop each student's knowledge, skills, and abilities in public health practice and to further develop the skillsets of working professionals in the public health field. Lastly the students take part in a practicum experience that synthesizes information learned throughout the program and as such should be taken as the last course in the program.

Program Student Learning Outcomes

Graduates should be able to:

1. Utilize core public health concepts in the areas of biostatistics, epidemiology, social and behavioral sciences, health services administration, and environmental health.
2. Assess the public health conditions, including assets and deficiencies, of populations.
3. Demonstrate the ability to plan, implement, and evaluate programs and services designed to address public health conditions.
4. Employ an "ecological approach" to public health, with emphasis on the linkages and relationships among the multiple determinants of health to assure conditions that protect and promote the health of populations.
5. Analyze health disparities to design appropriate and culturally competent prevention and intervention strategies.
6. Apply theoretical knowledge in field-based settings that incorporates the eight competency domains for public health professionals:
7. Demonstrate skills in public health research and communication.
8. Apply critical thinking skills within the context of public health policy, practice, and research.

Master of Public Health Degree Program: 56 Credits

Core Courses: 20 Credits

- PHE5001 Social and Behavioral Aspects of Public Health *4 credit hours*
- PHE5005 Introduction to Health Services and Research *4 credit hours*
- PHE5010 Environmental and Occupational Health *4 credit hours*
- PHE5015 Principles of Epidemiology *4 credit hours*
- PHE5020 Biostatistical Methods *4 credit hours*

Principal Courses: 32 Credits

- PHE6201 Public Health Policy Research *4 credit hours*
- PHE6202 Program Planning and Evaluation *4 credit hours*
- PHE6203 Public Health Informatics *4 credit hours*
- PHE6210 Health Promotion and Disease Prevention *4 credit hours*
- PHE6220 Evidence-based Public Health Practice *4 credit hours*
- PHE6250 Case Studies in Public Health *4 credit hours*
- PHE6402 Public Health Law and Ethics *4 credit hours*
- PHE6404 Grant and Contract Proposal Writing in Public Health *4 credit hours*

Practicum Experience: 4 Credits

- PHE6980 Practicum in Public Health *4 credit hours*

Note(s)

South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Bachelor's Degrees

Bachelor of Science in Health Science (BS)

Offered at South University, Columbia; South University, Richmond; and South University, Virginia Beach.

The Bachelor of Science in Health Science degree program is designed to provide a firm foundation for competency development in health sciences or in public health that prepares graduates to seek entry-level employment in a range of positions in the healthcare industry. Such employment occurs at facilities including health practitioners' offices, hospitals, home healthcare services, outpatient care services, nursing care facilities, health insurance companies, and state and government healthcare programs. The program is designed to prepare students for graduate study and the recognition of the need and ability to engage in continued personal and professional growth in the healthcare field.

The Core Curriculum of the University which is completed in the first two years of the program is designed to provide students with a foundation in the humanities, mathematics and science. During the second two years, the curriculum provides for a broad focus on essential business knowledge, the evolving healthcare delivery system in the United States, and knowledge development and utilization in the health sciences.

The specialization in Public Health provides the educational underpinnings needed for entry-level positions in the Public Health profession. A variety of career paths exists for students completing the specialization in Public Health. While a portion of these students may obtain employment within for-profit entities, other individuals would likely seek entry-level employment within the public and not-for-profit sectors for which knowledge of and skills in Public Health are important. The emphasis on specialized knowledge in Public Health at the upper division level allows for a compelling educational pathway from the undergraduate program in Health Science to graduate study, either at the master's level or doctoral level, in Public Health. The specialization is designed to provide beginning application skills, in the areas of policy, planning and evaluation, management and administration, and healthcare law.

After successful completion of the Health Science program, students receive a Bachelor of Science in Health Science degree. Completion of the first two years of the BS in Health Science degree program may provide students with the required prerequisite courses to apply for professional programs such as the Bachelor of Science in Nursing degree program. However, admission to these programs is competitive at most institutions (including South University) and is not guaranteed. Students interested in transferring credit must consult with the institution that they wish to attend in order to determine if and under what circumstances courses will transfer. This consultation should occur before taking the courses. Please be aware that some institutions will not accept online science and laboratory courses for transfer credit.

Program Student Learning Outcomes

Graduates should be able to:

1. Utilize the principles and theories of the natural, social, behavioral, and health sciences to serve as competent and considerate healthcare professionals.
2. Demonstrate effective and culturally sensitive written, oral and interpersonal communication skills with individuals, groups and peers in a variety of healthcare settings.
3. Identify and apply exemplary ethical and professional behaviors in various healthcare positions and organizations.

4. Apply creative and critical thinking skills to identify, explore, and develop alternative solutions for a range of healthcare delivery system issues and challenges.
5. Effectively search, analyze and report on healthcare related data through the application of information technology and health management information systems.
6. Effectively apply organizational and management skills that incorporate knowledge of the political, financial, economic, and public health issues which impact the healthcare delivery system.

Upon completion of the Bachelor of Science in Health Science with a specialization in Public Health, graduates should be able to:

1. Describe the interaction between resource management, organizational theory, marketing and public policy to safeguard and sustain the public health of individuals and populations.
2. Apply principles of public health planning collaboratively with health service providers, policy makers, and healthcare consumers in the implementation and evaluation of health promotion programs.
3. Identify and analyze current and emerging issues facing the health of diverse communities and populations.
4. Describe and critically evaluate public health research questions to proactively develop and design innovative healthcare programs.
5. Prepare for continued studies in advanced Public Health degree programs.

Bachelor of Science in Health Science: 182 Credits

Area I General Education Requirements: 68 Credits

Professional Development

- ITS1000 Computer and Internet Literacy *4 credit hours*
- UVC1000 Strategies for Success *4 credit hours*

Basic Communications

- REL1001 World Religions *4 credit hours*

Social and Behavioral Sciences

- ECO2071 Principles of Microeconomics *4 credit hours*
- PSY1001 General Psychology *4 credit hours*
- SOC1001 Introduction to Sociology *4 credit hours*

Area II Major Foundation Requirements: 16 Credits

- AHS1001 Medical Terminology *4 credit hours*
- CHM1010 General Chemistry *4 credit hours*
- NTR2050 Nutrition *4 credit hours*
- PSY2022 Human Growth and Development *4 credit hours*

Area III Major Requirements: 98 Credits

Core

- BIO2015 Human Pathophysiology *4 credit hours*
- BIO2070 Microbiology *4 credit hours*
(must be taken concurrently with BIO2071 Microbiology Lab or BIO2073 Microbiology Laboratory)
- BIO2071 Microbiology Lab 2 credit hours (online)
(required for BSN; RN to BSN students ONLY can take either)
OR
- BIO2073 Microbiology Laboratory 2 credit hours (campuses)
- BIO3344 Principles of Genetics *4 credit hours*
- HCM2005 Healthcare Delivery and Organization *4 credit hours*
- HSC2010 Medical Sociology *4 credit hours*
- HCM3030 Federal and State Healthcare Programs *4 credit hours*
- HSC4010 Epidemiology and Disease Control *4 credit hours*
- HSC4021 Health Promotion and Wellness *4 credit hours*
- PHE2001 Introduction to Public Health *4 credit hours*
- PHE3001 Legal and Ethics Issues in Public Health *4 credit hours*
- PHE4120 Health Disparities and Minority Health *4 credit hours*

Choose two courses from the following:

- HSC3002 Environmental Health *4 credit hours*

- HSC4000 Contemporary Issues in Aging *4 credit hours*
- HSC4040 Emergency and Disaster Management *4 credit hours*

Elective Pool (five courses or 20 credit hours)

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in Area I, Area II, or Area III, but not simultaneously in two areas. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

Recommended electives include:

- ECO2072 Principles of Macroeconomics *4 credit hours*
- HCM3002 Economics of Healthcare *4 credit hours*
- HCM3010 Long-Term Care *4 credit hours*
- HCM3020 Managed Care *4 credit hours*
- HSC3002 Environmental Health *4 credit hours*
- HSC3004 Complementary and Alternative Health *4 credit hours*
- HSC3015 Behavioral Health *4 credit hours*
- HSC3070 Medical Informatics *4 credit hours*
- HSC4000 Contemporary Issues in Aging *4 credit hours*
- HSC4040 Emergency and Disaster Management *4 credit hours*
- MGT3045 Human Resources Management *4 credit hours*
- PHE3025 Research Methods in Public Health *4 credit hours*
- PHE3040 Healthcare Law *4 credit hours*
- PHE3050 Public Health Policy *4 credit hours*
- PHE4015 Introduction to Global Health *4 credit hours*
- PHE4030 Foundation of Health Communication *4 credit hours*
- PHE4055 Public Health Planning and Evaluation *4 credit hours*
- PHE4070 Management and Administration of Public Health Systems *4 credit hours*
- PHE4095 Special Topics in Public Health *4 credit hours*

Specializations (choose one): 24 Credits

Generalist Track

- HCM3010 Long-Term Care *4 credit hours*
- HCM3020 Managed Care *4 credit hours*
- HSC3004 Complementary and Alternative Health *4 credit hours*
- HSC3015 Behavioral Health *4 credit hours*
- HSC4060 Working with Healthcare Professionals *4 credit hours*
- PHE3070 Medical and Public Health Informatics *4 credit hours*

Public Health

- PHE3025 Research Methods in Public Health *4 credit hours*

- PHE3050 Public Health Policy 4 credit hours
- PHE3070 Medical and Public Health Informatics 4 credit hours
- PHE4015 Introduction to Global Health 4 credit hours
- PHE4055 Public Health Planning and Evaluation 4 credit hours
- PHE4070 Management and Administration of Public Health Systems 4 credit hours

Note(s): South University, Online Program offerings may not be available to residents of all states. Please contact an admissions representative for further information.

Bachelor of Science in Public Health (BS)

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Orlando Off-Campus Instructional Site; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia, Beach; and South University, West Palm Beach.

The Bachelor of Science in Public Health degree program is designed to provide students with the knowledge and practical skills required of a public health professional and advocate for population health. The curriculum is designed to provide a broad general education, strong foundation in the human health and disease sciences, and core areas of public health. The curriculum aligns with the competencies expected of a public health practitioner by providing courses in health communication, health disparities, legal and ethical issues, management of public health systems, and policy and research. Students develop the ability to apply core concepts to assess the health needs of diverse populations at the local, national and international levels, plan and evaluate programs, and communicate and advocate health promotion. Graduates are prepared to contribute to delivery of the essential services of public health in health agencies at the government or community-based level and in the private sector, continue to learn throughout their professional careers, and to pursue graduate study in public health and the health sciences.

Program Student Learning Outcomes

Graduates should be able to:

1. Explain and apply the basic concepts of public health including an historical perspective to the practice of public health at the local, national and global level.
2. Recognize the biological and chemical basis of human health and disease and utilize that knowledge as a foundation for promoting health and wellness across the lifespan.
3. Relate the interconnectedness among physical, social, biological and environmental factors to their impact on the health of individuals and communities and reasons for health disparities.
4. Evaluate the collection methods, source and quality of health information and data as it relates to individual and community health and the evidence based practice of public health at the local, national and global levels.
5. Compare and contrast various governmental and non-governmental healthcare agencies, organizations and systems in the United States and around the world and their role in individual and public health.
6. Describe how legislation, ethics and economics impact public health policy and the effects on both individual and population health.
7. Discuss the role of public health professionals in the health of populations by identifying the needs of a community and the development and evaluation of health education programs.
8. Identify and assess methods and communication strategies including social media and electronic technology for health education and promotion campaigns and develop plans for communicating public health specific information to a diverse population.
9. Apply the skills required to assess public health needs of a community or population at the local and global levels and plan, implement, and evaluate programs to meet those needs.

- BIO2071 Microbiology Lab *2 credit hours (online)*
- BIO2073 Microbiology Laboratory *2 credit hours (campuses)*
- BIO3344 Principles of Genetics *4 credit hours*
- HCM2005 Healthcare Delivery and Organization *4 credit hours*
- HSC2010 Medical Sociology *4 credit hours*
- HSC3002 Environmental Health *4 credit hours*
- HSC4010 Epidemiology and Disease Control *4 credit hours*
- HSC4021 Health Promotion and Wellness *4 credit hours*
- PHE2001 Introduction to Public Health *4 credit hours*
- PHE3001 Legal and Ethical Issues in Public Health *4 credit hours*
- PHE3025 Research Methods in Public Health *4 credit hours*
- PHE3050 Public Health Policy *4 credit hours*
- PHE3070 Medical and Public Health Informatics *4 credit hours*
- PHE4015 Introduction to Global Health *4 credit hours*
- PHE4030 Foundation of Health Communication *4 credit hours*
- PHE4055 Public Health Planning and Evaluation *4 credit hours*
- PHE4070 Management and Administration of Public Health Systems *4 credit hours*
- PHE4120 Health Disparities and Minority Health *4 credit hours*
- PHE4200 Capstone in Public Health *4 credit hours*

Elective Pool (16 credits):

Transfer students may transfer any course to help fulfill the elective pool requirements, provided the course meets the standards of the Credit for Transcribed and Non-transcribed Work policy found in the Academic Affairs section of this catalog.

Non-transfer students, with their advisor's consultation and approval may choose courses from any department recommended and listed course or more broadly from any course offered by South University. Work from other fields must include any required prerequisite courses in the elective field.

A course can be used to meet only one requirement in Area I, Area II, or Area III, but not simultaneously in two areas. Students should work with their academic advisor or counselor to be sure they are making appropriate course choices.

- BIO1021 Biology II *4 credit hours*
- BUS2023 Business Communications *4 credit hours*
- HCM3006 Healthcare Marketing and Strategy *4 credit hours*
- HCM3008 Health Information Management Systems *4 credit hours*
- HSC3004 Complementary and Alternative Health *4 credit hours*
- HCM3020 Managed Care *4 credit hours*
- HCM3030 Federal and State Healthcare Programs *4 credit hours*
- HSC4000 Contemporary Issues in Aging *4 credit hours*
- HSC4030 Women and Minority Health Issues *4 credit hours*
- HSC4040 Emergency and Disaster Management *4 credit hours*
- UVC4000 Career Exploration Seminar *4 credit hours*

Bachelor of Science in Public Health for Medical Assisting Program graduates

Offered at South University, Austin; South University, Columbia; South University, Montgomery; South University, Online Programs; South University, Orlando Off-Campus Instructional Site; South University, Richmond; South University, Savannah; South University, Tampa; South University, Virginia, Beach; and South University, West Palm Beach.

This program is for South University graduates from the Associate of Science in Medical Assisting program. All other students will be evaluated on a course by course basis.

The Bachelor of Science in Public Health program allows students who have completed the Medical Assisting degree to gain additional knowledge to advance their career in healthcare. This includes health promotion, disease prevention, access to healthcare, health disparities, and development of health policies.

The Bachelor of Science in Public Health degree program is designed to provide students with the knowledge and practical skills required of a public health professional and advocate for population health. The curriculum is designed to provide a broad general education, strong foundation in the human health and disease sciences, and core areas of public health. The curriculum aligns with the competencies expected of a public health practitioner by providing courses in health communication, health disparities, legal and ethical issues, management of public health systems, and policy and research.

Students develop the ability to apply core concepts to assess the health needs of diverse populations at the local, national and international levels, plan and evaluate programs, and communicate and advocate health promotion. Graduates are prepared to contribute to delivery of the essential services of public health in health agencies at the government or community-based level and in the private sector, continue to learn throughout their professional careers, and to pursue graduate study in public health and the health sciences.

Program Student Learning Outcomes

Graduates should be able to:

1. Explain and apply the basic concepts of public health including an historical perspective to the practice of public health at the local, national and global level.
2. Recognize the biological and chemical basis of human health and disease and utilize that knowledge as a foundation for promoting health and wellness across the lifespan.
3. Relate the interconnectedness among physical, social, biological and environmental factors to their impact on the health of individuals and communities and reasons for health disparities.
4. Evaluate the collection methods, source and quality of health information and data as it relates to individual and community health and the evidence based practice of public health at the local, national and global levels.
5. Compare and contrast various governmental and non-governmental healthcare agencies, organizations and systems in the United States and around the world and their role in individual and public health.
6. Describe how legislation, ethics and economics impact public health policy and the effects on both individual and population health.
7. Discuss the role of public health professionals in the health of populations by identifying the needs of a community and the development and evaluation of health education programs.
8. Identify and assess methods and communication strategies including social media and electronic technology for health education and promotion campaigns and develop plans for communicating public health specific information to a diverse population.
9. Apply the skills required to assess public health needs of a community or population at the local and global levels and plan, implement, and evaluate programs to meet those needs.

Bachelor of Science in Public Health: 182 credits

Remaining credits after transfer credits are applied (94 credits)

Area I General Education Requirements (12 credits)

Mathematics and Statistics

- MAT1001 College Algebra I 4 credit hours
- MAT2058 Statistics 4 credit hours

Social and Behavioral Sciences

- ECO2071 Principles of Microeconomics 4 credit hours

Area II Foundation Requirements (12 credits)

School of Pharmacy

Offered at South University, Columbia; and South University, Savannah

South University's Doctor of Pharmacy program is accredited by the Accreditation Council for Pharmacy Education, - 135 South LaSalle Street, Suite 4100, Chicago, IL 60603. TEL (312) 664-3575, FAX (312) 664-4652, www.acpeaccredit.org. The South University's Doctor of Pharmacy program is one of four Schools of Pharmacy in the state of Georgia and one of a few ACPE-accredited Doctor of Pharmacy degree programs in the country to offer an enhanced curriculum.

School of Pharmacy Mission Statement

To prepare pharmacists for life-long learning in the practice of collaborative patient-centered care, and promote excellence in teaching, scholarship and service.

Doctoral Degrees

Doctor of Pharmacy (PharmD)

Accelerated Program

One of only a limited number of accelerated Doctor of Pharmacy Degree programs nationwide through full-time continuous enrollment, South University provides four academic years of study within three calendar years. After being accepted to the South University School of Pharmacy, students begin a 12-quarter schedule.

Curriculum

The carefully structured curriculum is designed to prepare graduates for high standards of contemporary pharmacy practice as well as the evolution of the profession.

Teaching Method

In a setting of collaborative learning and teamwork, the program interrelates the basic sciences and practice.

Technology and Facilities

The South University School of Pharmacy offers personalized and technical instructional delivery utilizing industry-standard equipment and facilities.

The role of pharmacists in the medical field is changing and evolving to meet the demands of the profession and society. The Doctor of Pharmacy degree program's curriculum at South University is structured to produce graduates who can adapt to the profession's changes while also maintaining high standards of pharmacy practice. South University's progressive curriculum is designed to incorporate technology in addition to a traditional classroom setting.

South University Campus and Affiliations with Healthcare Facilities

The South University School of Pharmacy in Savannah is a 40,000-square-foot, freestanding, facility designed specifically to house a modern pharmacy school. The building provides instructional, laboratory, and office facilities for pharmacy students, faculty and administrators. This facility also provides two large modern lecture halls and an adequate number of small classrooms to facilitate small group instruction.

A General Purpose Laboratory is located in the building. This laboratory includes rooms for patient counseling practice and teaching physical assessment. All rooms have videotape/playback capabilities. In addition, a sterile products room and a model pharmacy are available. This practice laboratory accommodates up to 34 students per class, and is designed to emulate real practice settings as well as to provide maximum use in the academic program. There is also a 32-station Analytical Chemistry Laboratory that is used for chemistry, pharmaceuticals, and professional laboratory courses. A Drug Information Center on the first floor provides an active learning center in the School of Pharmacy.

Practice sites have been recruited to support the experiential component of the curriculum. Early activity will be focused on the introductory practice experiences. Students will be precepted at sites in all three phases of practice experience: introductory, intermediate and advanced. Experiential sites will include, but not be limited to, chain and independent community pharmacies, teaching and community hospitals, long term care facilities, managed care facilities, pharmaceutical companies, home infusion therapy companies, regulatory agencies, family practice clinics and a veterinary hospital, among others.

On June 14, 2010, South University opened the doors to the second campus offering the Doctor of Pharmacy degree program. The School of Pharmacy occupies a new building in Columbia, SC, on the existing South University campus. The building is complete with a pharmacy practice lab, mock pharmacy and patient assessment labs affording students the opportunity to develop dispensing, compounding, intravenous admixture and patient assessment/counseling skills. The laboratory in Columbia accommodates 48 students and is a complete practice and chemistry laboratory in one. An onsite Drug Information Center provides information to consumers and healthcare professionals as well as serves as an advanced rotation site for students.

The South University, Columbia faculty, in conjunction with the South University, Savannah faculty, are a combination of professionals who enable South University to utilize Tandberg distance education, and other modern technologies in combination with live instruction, and who provide the pharmacy education required for students to develop the professional skills to serve patients.

South University has developed a program that is visionary in its approach to educating Pharmacy students, with a carefully structured curriculum designed to prepare graduates for both high standards of contemporary pharmacy practice and the evolution of the profession. At South University, we have integrated Medicinal Chemistry, Pharmacology, and Therapeutics into one combined continuing course sequence developed in full collaboration by science and practice faculty. The resulting efficiency allows a rigorous comprehensive didactic component in a curriculum that contains 12 months of full-time rotations using an accelerated, full-time 12-quarter schedule designed to deliver four academic years in three calendar years.

Program Student Learning Outcomes:

Domain 1: Foundational Knowledge

- 1.1. Apply principles of chemistry, biochemistry, and pharmacology to medication safety and efficacy.
- 1.2. Apply the principles of pharmaceutical science and calculations to drug design and drug delivery systems.
- 1.3. Apply pharmacokinetic, pharmacodynamic, and pharmacogenomic principles to therapeutic strategies.
- 1.4. Compare and contrast the physiology and biochemistry of normal body system function to that of abnormal function.

- 1.5. Critically analyze literature related to drugs and diseases to enhance clinical decision-making.

Domain 2: Essentials for Practice and Care

- 2.1. Collect subjective and objective patient information to identify medication and medical-related problems.
- 2.2. Assess and analyze information to determine effectiveness of therapy, identify problems, and prioritize needs to achieve optimal patient care.
- 2.3. Design an individual patient-centered care plan in collaboration with the patient and other health care professionals that is evidence-based and cost-effective to maximize desired effects.
- 2.4. Implement the care plan in collaboration with the patient, caregiver, and other healthcare professionals.
- 2.5. Follow-up and monitor the care plan to evaluate its effectiveness and modify the plan as needed.

Domain 3: Approach to Practice and Care of Individual Patients

- 3.1. Demonstrate accurate, safe, and time-sensitive preparation, dispensing, and administration of pharmaceuticals.
- 3.2. Manage pharmacy resources to optimize pharmacotherapy outcomes for individual patients.
- 3.3. Educate patients and health care providers.

Domain 4: Approach to Practice and Care of Populations

- 4.1. Demonstrate skills needed to participate in, or provide, preventive services.
- 4.2. Apply research processes to ensure informed decision-making.

Personal and Professional Development

- 5.1. Examine personal attributes that may enhance or limit personal and professional growth.
- 5.2. Demonstrate responsibility for creating and achieving shared goals, regardless of organizational position.
- 5.3. Engage in innovative and creative methods to accomplish goals.
- 5.4. Demonstrate professional citizenship in the delivery of patient care, distribution of medications, and the promotion of wellness and disease prevention.
- 5.5. Advocate for the profession and patients.
- 5.6. Effectively communicate verbally and nonverbally when interacting with an individual, group, or organization.
- 5.7. Demonstrate problem solving skills including the ability to think critically, exercise professional judgment, and articulate and defend a decision.
- 5.8. Exhibit behaviors and values that are consistent with the trust bestowed to the profession by patients, other healthcare providers, and society.
- 5.9. Demonstrate knowledge of, and compliance with, federal and state laws/regulations governing the practice of pharmacy.

Create Value for Stakeholders of the Health Care System

- 6.1. Demonstrate the ability to create a business plan and/or strategy to launch a new service, product, or business line or improve an existing one.
- 6.2. Demonstrate the ability to apply performance improvement strategies to monitor the quality of a service, product, or business.
- 6.3. Demonstrate the ability to apply business and financial management tools to monitor the performance of a service, product, or business.

Doctor of Pharmacy Degree Program Curriculum and Courses: 220.5 Credits

1st Quarter (Summer Quarter) 18 Credits

- PHA3101 Biochemistry I *3 credit hours*
- PHA3113 Pathophysiology I *5 credit hours*
- PHA3118 Introduction to Medicinal Chemistry *4 credit hours*
- PHA3119 Professional Practice and Informatics *2 credit hours*
- PHA3127 Pharmaceutical Calculations *3 credit hours*
- PHA3145 Integrated Pharmacy Skills Laboratory I *1 credit hour*

2nd Quarter (Fall Quarter) 17.5 Credits

- PHA3102 Biochemistry II *3 credit hours*
- PHA3114 Pathophysiology II *4 credit hours*
- PHA3116 Pharmaceutics I *4 credit hours*
- PHA3136 Integrated Pharmacy Skills Laboratory II *2 credit hours*
- PHA3150 Health Care Systems *2 credit hours*
- PHA3152 Communications *2.5 credit hours*

3rd Quarter (Winter Quarter) 18 Credits

- PHA3109 Microbiology/Immunology *5 credit hours*
- PHA3110 Molecular Biology *3 credit hours*
- PHA3117 Pharmaceutics II *2 credit hours*
- PHA3124 Pharmacotherapy I *2 credit hours*
- PHA3137 Integrated Pharmacy Skills Laboratory III *2 credit hours*
- PHA3162 Integrated Sequence I *4 credit hours*

4th Quarter (Spring Quarter) 18 Credits

- PHA4212 Pharmacokinetics I *4 credit hours*
- PHA4225 Pharmacotherapy II *3 credit hours*
- PHA4238 Integrated Pharmacy Skills Laboratory IV *1 credit hour*
- PHA4254 Pharmacy Law/Ethics *2 credit hours*
- PHA4264 Integrated Sequence II - Infectious Disease *5 credit hours*
- PHA4265 Integrated Sequence III - Inflammation *3 credit hours*

5th Quarter (Summer Quarter) 16 Credits

- PHA4280 Community Professional Practice Experience *8 credit hours*
- PHA4281 Institutional Professional Practice Experience *8 credit hours*

6th Quarter (Fall Quarter) 18 Credits

- PHA4228 Pharmacokinetics II *3 credit hours*
- PHA4236 Leadership and Advocacy *1 credit hour*
- PHA4335 Clinical Epidemiology and Biostatistics *3 credit hours*
- PHA4367 Integrated Sequence IV - Autonomics *5 credit hours*
- PHA4368 Integrated Sequence V - GI/Hepatic Therapeutics *3 credit hours*
Elective *3 credit hours*

7th Quarter (Winter Quarter) 16 Credits

- PHA5333 Drug Information, Literature Evaluation, Research Design and Methods *3 credit hours*
- PHA5353 Pharmacy Practice Management *3 credit hours*
- PHA5369 Integrated Sequence VI - Cardiology *7 credit hours*
- PHA5370 Integrated Sequence VII - Renal Therapeutics *3 credit hours*

8th Quarter (Spring Quarter) 17 Credits

- PHA5331 Applied Pharmaceutical Care I *4 credit hours*
- PHA5371 Integrated Sequence VIII - Central Nervous System *6 credit hours*
- PHA5372 Integrated Sequence IX - Endocrine Therapeutics *4 credit hours*
- Electives *3 credit hours*

9th Quarter (Summer Quarter)

- PHA5332 Applied Pharmaceutical Care II *3 credit hours*
- PHA5350 Health Economics and Outcomes Assessment *2 credit hours*
- PHA5351 Integrated Sequence XI - Hematology/Oncology *3 credit hours*
- PHA5352 Complementary and Preventive Medicine *2 credit hours*
- PHA5373 Critical Care *4 credit hours*
- Electives *3 credit hours*

10th, 11th, and 12th Quarters (Fall/Winter/Spring Quarters) 65 Credits

Advanced Professional Practice Experience Rotations*

Students are required to take the following:

- PHA6503 Essential Knowledge of Practice Review I *3 credit hours*
- PHA6504 Essential Knowledge of Practice Review II *3 credit hours*
- PHA6505 Essential Knowledge of Practice Review III *3 credit hours*
- PHA6525 APPE I: Advanced Community Rotation *8 credit hours*
- PHA6526 APPE II: Ambulatory Care Rotation *8 credit hours*
- PHA6527 APPE III: Inpatient General Medicine Rotation *8 credit hours*
- PHA6528 APPE IV: Advanced Institutional Rotation *8 credit hours*

Students are required to take three of the following:

- PHA6529 APPE V: Elective - Institutional Care Rotation I 8 *credit hours*
- PHA6530 APPE VI: Elective - Institutional Care Rotation II 8 *credit hours*
- PHA6531 APPE VII: Elective - Institutional Care Rotation III 8 *credit hours*
- PHA6532 APPE VIII: Elective - Community Care Rotation I 8 *credit hours*
- PHA6533 APPE IX: Elective - Community Care Rotation II 8 *credit hours*
- PHA6534 APPE X: Elective - Community Care Rotation III 8 *credit hours*
- PHA6535 APPE XI: Elective - Non-Patient Care Rotation 8 *credit hours*
- PHA6536 APPE XII: Elective - Administrative Rotation 8 *credit hours*

One additional elective is available and will add one credit to the program for a total of 221.5 credit hours.

- PHA6339 Grand Rounds 1 *credit hour* (Optional additional elective)

Note(s): **Students are required to take 7 of the 12 listed rotations (56 credit hours) along with the 3 Essential Knowledge of Practice Review courses (9 credit hours) for a total of 65 required credit hours. Students will take PHA6525, PHA6526, PHA6527, PHA6528, PHA6503, PHA6504, PHA6505 and any combination of three of the following: PHA6529, PHA6530, PHA6531, PHA6532, PHA6533, PHA6534, PHA6535, and PHA6536. In addition, Grand Rounds (PHA6339) is an optional elective that students may elect to take in one of the last three quarters of the curriculum and will be scheduled at the discretion of the School of Pharmacy.*

Elective Pool

These courses are elective courses that are available for student to take in fulfillment of the 9 hours of electives needed to fulfill the hour requirements for graduation (220.5) from the School of Pharmacy. They can be chosen by the student when offered. Note electives are based on faculty expertise and availability. As new faculty are hired additional electives may be offered.

- PHA4243 Drug and Chemical Toxicology 3 *credit hours*
- PHA4246 Cultural Competence for Healthcare Providers 3 *credit hours*
- PHA4248 Immersive Lifestyle 3 *credit hours*
- PHA4249 Understanding Clinical Decision Making 3 *credit hours*
- PHA4371 Special Topics in Pharmaceutical Science - Elective 3 *credit hours*
- PHA4372 Special Topics in Practice: Hormone Dependent Cancers 3 *credit hours*
- PHA4374 Developing the Pharmacy Leader - Elective 3 *credit hours*
- PHA5307 A Practical Approach to Substance Abuse, Addiction and Recovery - Elective 3 *credit hours*
- PHA5362 Medication Therapy Management 3 *credit hours*
- PHA5376 Advanced Wound Care - Elective 3 *credit hours*
- PHA5378 Medical Spanish Communication - Elective 3 *credit hours*
- PHA5379 Postgraduate Opportunities, Pharmacy Residencies - Elective 1 *credit hour*
- PHA5390 Strategies for Enhancing Professional Communication - Elective 3 *credit hours*
- PHA6500 Essential Knowledge of Practice Review I 3 *credit hours*
- PHA6501 Essential Knowledge of Practice Review II 3 *credit hours*
- PHA6502 Essential Knowledge of Practice Review III 3 *credit hours*

Pharmacy/Business Joint Degree (PharmD/MBA)

Offered at South University, Columbia and South University, Savannah to students enrolled in the Doctor of Pharmacy Degree program.

South University offers the opportunity to pursue the Master of Business Administration (MBA) degree simultaneously with the Doctor of Pharmacy (PharmD) degree. This presents the student with the prospect of earning both degrees with an expected substantial time savings over that required to earn each degree separately. Completion of degree requirements for the PharmD degree is expected to precede those of the MBA degree.

The South University Master of Business Administration program prepares students for leadership positions in profit and not for profit organizations. These positions require strong competencies in the fundamentals of business and management. The curriculum is designed to provide students a sound foundation in basic business skills followed by cross-functional core courses covering the best practices for business decisions to deliver goods and services to constituents.

Admission Requirements

Doctor of Pharmacy students with a grade point average of 2.70 or higher and not on academic or professional probation may apply to the MBA program upon completion of the equivalent of 120 undergraduate quarter hours.

Satisfactory Progress

The guidelines outlined in the Catalog and repeated in the School of Pharmacy Handbook will apply to courses taken to fulfill the requirements for the Pharm. D. degree. However, for subsequent courses taken to fulfill the requirements for the MBA degree, the guidelines outlined in the Catalog and repeated in the College of Business Handbook will apply. In addition, students with a grade of 2.00 or less in any course will be required to meet with the Pharm. D/MBA Directors of the Program to discuss their academic progress.

Sequence of Courses

After completion of the equivalent of 120 undergraduate quarter hours and acceptance to the MBA program, students may proceed to the fundamental and core courses. Upon completion of the core courses, students proceed to the specialization courses in the area of Pharmacy Administration. Upon completion of these specialization courses, students proceed to the MBA6999 Strategic Development and Implementation course. This completes the requirements for the MBA.

Master of Business Administration

Master of Business Administration with Pharmacy Administration Specialization: 48 Credits

Foundation: 16 Credits

- MBA5001 Organizational Behavior and Communication *4 credit hours*
- MBA5004 Managerial Economics *4 credit hours*
- MBA5005 Law and Ethics for Managers *4 credit hours*
- MBA5009 Managerial Environment *4 credit hours*

Core: 12 Credits

- MBA6010 Managerial Finance *4 credit hours*
- MBA6011 Strategic Marketing *4 credit hours*
- MBA6012 Operations and Supply Chain Management *4 credit hours*

Pharmacy Administration Specialization: 16 Credits

- PHA4335 Clinical Epidemiology and Biostatistics *3 credit hours*
- PHA5333 Drug Information, Literature Evaluation, Research Design and Methods *3 credit hours*
- PHA5350 Health Economics and Outcomes Assessment *2 credit hours*
- PHA5353 Pharmacy Practice Management *3 credit hours*
- PHA6339 Grand Rounds *1 credit hour*

Choose one course from the two courses listed below

- MHA6050 Regulation and Policy in Healthcare *4 credit hours*
- MHC6303 Quality Performance and Management *4 credit hours*

Note(s):

(PHA6536 APPE XII Elective Administrative Rotation will be required as part of the Pharm. D. course credits)

Capstone

- MBA6999 Strategic Development and Implementation *4 credit hours* (Quarter 13)

Course Timing

- Two foundation courses completed as electives during quarters 8 and 9
- Two foundation courses completed in quarters 10 and 11
- Four specialization courses completed during quarters 6, 7, and 9
- Three core, one specialization, and capstone course completed in quarters 12, 13, and 14
- One rotation must be in Pharmacy Administration

MBA with Pharmacy Administration Specialization Course Calendar

Quarter 1* through 6 all students follow the Pharmacy curriculum outline for the PharmD program. Beginning in Quarter 8 PharmD/MBA students will add the MBA required courses to their Quarterly enrollment as follows:

QUARTER	REQUIRED COURSES
Q6	PHA4335 Clinical Epidemiology and Biostatistics
Q7	PHA5333 Drug Information Research Design and PHA5353 Pharmacy Practice Management
Q8	MBA5001 Organization Behavior and Communication as SOP Elective
Q9	MBA5005 Law and Ethics for Managers as SOP Elective and PHA5350 Health Economics and Outcomes Assessment
Q10	MBA5009 Managerial Environment
Q11	MBA5004 Managerial Economics

Q12	MBA6010 Managerial Finance
Q13	MBA6011 Strategic Marketing and MBA6012 Operations and Supply Chain Management
Q14	MBA6999 Strategic Development and Implementation Choice of one (1) of the following: MHC6303 Quality Performance and Management <u>or</u> MHA6050 Regulation and Policy in Healthcare

*Quarter 1 for the Pharm D program begins in the 2nd quarter of the calendar year.

Course Descriptions

Course Numbering System. South University courses are numbered according to the general level of instruction. Although there are exceptional cases, most courses numbered at the 1000 and 2000 levels are designed for freshmen and sophomore students; courses numbered at the 3000 and 4000 levels are intended for junior and senior students. Developmental courses are designated by a 0099 course number. Courses are assigned letters by the department/major area in which they are taught and are listed in alphabetical order.

Courses may be offered in a variety of combined instructional modalities including (but not limited to) campus-based, online, blended/hybrid, video conferencing, externship and clinical (e.g., internship, practicum, experiential) formats. Academic offerings are subject to change at the discretion of the institution. If no prerequisite is indicated, none is required.

South University reserves the right to cancel any scheduled class if 10 or fewer students are registered. Not all courses are offered at all campuses. Some courses are offered only through the online programs. Please contact the particular campus for current course availability.

Course descriptions describe the learning opportunities that are provided through the classroom and coursework. It is each student's responsibility to participate in the activities that will lead to successfully meeting the learning outcomes.

Accounting

ACC1001 Accounting I

Prerequisite(s): None

Corequisite(s): None

ACC1001 is the first of a three-course sequence focusing on how stakeholders rely upon accounting information to assist them in their decision making activities. ACC1001 introduces accounting as the "language of business"--the tool used to communicate the effects of an organization's business activities on its income, financial position, and cash flows. The course provides an overview of the financial accounting system, including: the role of accounting in business; the format, content, and use of financial statements; the impact of transactions on the financial statements; the regulatory environment of accounting; and the accounting standard-setting process. *4 credit hours*

ACC1002 Accounting II

Prerequisite(s): ACC1001 with a grade of "C" or better

Corequisite(s): None

ACC1002 is the second of a three-course sequence focusing on how stakeholders rely upon accounting information to assist them in their decision making activities. ACC1002 continues the study of the financial accounting system, including a study of the time value of money and the effects of various financing, investing, and operating activities on a firm's earnings, financial position, and cash flows. It also begins the study of managerial accounting systems as an invaluable source of information to support managers' decision-making activities and introduces a host of alternative cost concepts, including the concept of different costs for different purposes. *4 credit hours*

ACC1003 Accounting III

Prerequisite(s): ACC1002 with a grade of "C" or better

Corequisite(s): None

ACC1003 is the third of a three-course sequence focusing on how stakeholders rely upon accounting information to assist them in their decision making activities. ACC1003 continues the study of the managerial accounting system, including a focused study of product costing using both traditional and activity-based approaches, the uses of cost-based information in decision making, the use of budgeting to accomplish organization objectives, traditional and contemporary approaches to performance management for all levels of responsibility centers, and capital budgeting. *4 credit hours*

ACC2003 Business Taxation

Prerequisite(s): ACC1001

Corequisite(s): None

This course introduces the student to many of the common tax issues that normally confront small businesses. Some of the issues addressed include income, employment, sales, and property taxes considerations. *4 credit hours*

ACC2010 Automated Accounting Systems and Processes I

Prerequisite(s): ACC1002, ITS1000

Corequisite(s): None

This course explores how to implement and use automated accounting systems. Topics may include setting up a chart of accounts, journalizing business transactions for sales and expenses, creating receivables and payables schedules, and producing financial statements for small and medium size businesses. *4 credit hours*

ACC2015 Automated Accounting Systems and Processes II

Prerequisite(s): ACC2010

Corequisite(s): None

This course continues the exploration of how to implement and use automated accounting systems. Topics may include transferring information from different software packages into the accounting system, payroll, inventories, cash budgeting, and financial ratios. *4 credit hours*

ACC3010 Accounting Information Systems

Prerequisite(s): ACC1003 with a grade of "C" or better

Corequisite(s): None

This course provides students with an integrated view of business processes/cycles, information processes, and accounting procedures. Topics may include how business and information processes impact business strategy, with internal controls embedded to mitigate different types of risk. Emphasis is placed on linkages between financial and managerial accounting techniques and business processes. *4 credit hours*

ACC3020 Intermediate Financial Accounting I

Prerequisite(s): ACC1002 with a grade of "C" or better

Corequisite(s): None

This course explores Generally Accepted Accounting Principles (GAAP) associated with preparing and reporting a corporation's balance sheet, income statement, and statement of cash flows. Topics may include the regulatory environment surrounding financial accounting, measurement and reporting of balance sheet assets, and fundamental revenue and expense recognition principles. *4 credit hours*

ACC3025 Intermediate Financial Accounting II

Prerequisite(s): ACC3020

Corequisite(s): None

This course continues the exploration of Generally Accepted Accounting Principles (GAAP) associated with a preparing and reporting corporation's balance sheet, income statement, and statement of cash flows. Topics may include the measurement and reporting of balance sheet liabilities and equity, more advanced revenue and expense recognition situations, and accounting corrections and changes. *4 credit hours*

ACC3040 Cost Accounting

Prerequisite(s): ACC3010

Corequisite(s): None

This course explores cost accumulation and budgeting systems applicable to manufacturing, service, and informational organizations. Students relate cost accounting information to management planning and decision-making activities. Topics may include job order, process, and activity-based costing systems. *4 credit hours*

ACC3045 Intermediate Cost Management

Prerequisite(s): ACC3040

Corequisite(s): None

This course continues the exploration of cost management techniques and approaches used in manufacturing, service, and information organizations. Topics may include performance measurement and reporting systems, Total Quality Management (TQM), cost allocations, decision support for managerial decision making, theory of constraints, and economic value added. *4 credit hours*

ACC4010 Federal Taxation I

Prerequisite(s): ACC3025

Corequisite(s): None

This course explores the U.S. Internal Revenue Code applicable to individual income taxes. Topics may include taxable income, deductions, exemptions, property transactions, filings, and individual tax planning. *4 credit hours*

ACC4035 Governmental and Not-for-Profit Accounting

Prerequisite(s): ACC3025

Corequisite(s): None

This course explores accounting principles applicable to governmental (state and local), health care, educational, and other not-for-profit organizations. Topics may include the regulatory environment (which includes standard setting bodies such as the Governmental Accounting Standards Board [GASB]), fund accounting, reporting requirements, financial management, and budgets. *4 credit hours*

ACC4050 Internal Auditing and Assurance

Prerequisite(s): ACC3025, MAT2058

Corequisite(s): None

This course emphasizes fundamental assurance theories, concepts, and techniques associated with internal auditing. Topics may include the regulatory environment applicable to internal auditing, risk assessment, internal controls, evidential matter, audit reporting, and fraud. *4 credit hours*

ACC5001 Ethics and Accounting

Prerequisite(s): None

Corequisite(s): None

This course is designed to evaluate issues related to ethical reasoning, integrity, objectivity, independence, and other core values as defined by the American Institute of Certified Public Accountants (AICPA). *4 credit hours*

ACC5005 Financial Accounting and Reporting

Prerequisite(s): AMBA students: MBA5009

Corequisite(s): None

This course explores financial accounting (as defined by Generally Accepted Accounting Principles or GAAP) and reporting in a variety of decision and industry contexts. Topics may include preparing and reporting a corporation's balance sheet, income statement, and statement of cash flows. Topics may include the regulatory environment surrounding financial accounting, measurement and reporting of balance sheet assets, fundamental revenue and expense recognition principles, and analysis of a firm's financial statements. *4 credit hours*

ACC5328 Intermediate Financial Accounting III

Prerequisite(s): ACC5001

Corequisite(s): None

This course continues the exploration of Generally Accepted Accounting Principles (GAAP) and International Financial Reporting Standards (IFRS) associated with complex financial transactions that are fundamental to modern corporations. Topics may include asset and/or utility acquisition through leases, accounting for employee pensions and post-retirement benefits, accounting for federal income taxes, and financial instruments. Students may also prepare more sophisticated financial statements to report the effect of complex financial transactions. Emphasis is placed on current professional research in financial accounting and reporting and analyzing and solving problems within the accounting profession. *4 credit hours*

ACC5335 Governmental and Not-for-Profit Accounting

Prerequisite(s): ACC5001

Corequisite(s): None

This course explores accounting principles applicable to governmental (state and local), health care, educational, and other not-for-profit organizations. Topics may include the regulatory environment (which includes standard setting bodies such as the Governmental Accounting Standards Board [GASB]), fund accounting, reporting requirements, financial management, and budgets. Emphasis is placed on current professional research in governmental and not-for-profit accounting and analyzing and solving problems within the accounting profession. *4 credit hours*

ACC5348 Advanced Financial Accounting

Prerequisite(s): ACC5328, ACC5335

Corequisite(s): None

This course explores Generally Accepted Accounting Principles (GAAP) associated with a corporation's merger, acquisition, and foreign transactions and operations. Topics may include partnership transactions, International Financial Reporting Standards (IFRS), and advanced tools and techniques for governmental and not-for-profit entities. *4 credit hours*

ACC5360 External Auditing and Assurance

Prerequisite(s): ACC5328

Corequisite(s): None

This course explores assurance concepts associated with external auditing. Topics include the regulatory environment applicable to external auditing, generally accepted auditing standards (GAAS), audit reporting, professional conduct and ethics, audit responsibilities and objectives, audit evidence, audit planning and analytical procedures, and information systems auditing. Emphasis is placed on current professional research in external auditing and assurance and analyzing and solving problems within the accounting profession. *4 credit hours*

ACC5372 Federal Taxation II

Prerequisite(s): ACC5001

Corequisite(s): None

This course explores the U.S. Internal Revenue Code applicable to corporate income taxes. Topics include taxable income, expenses, equity transactions, filings, and corporate tax planning. Emphasis is placed on current professional research in corporate taxation and analyzing and solving problems within the accounting profession. *4 credit hours*

ACC6311 Advanced Accounting Information Systems

Prerequisite(s): ACC5335

Corequisite(s): None

This course continues the exploration of accounting information systems by examining the impact industry models and paradigms have on accounting information systems. Industries may include healthcare, financial services, information technology and software, manufacturing, and hospitality services. *4 credit hours*

ACC6315 Accounting Services Consulting

Prerequisite(s): ACC5001

Corequisite(s): None

This course explores the potential consulting models, policies, and procedures associated with other professional accounting services. Topics may include client marketing, engagement management, consulting categories, scope of services, risk mitigation, and customer service. *4 credit hours*

ACC6330 Advanced Financial Reporting

Prerequisite(s): ACC5348

Corequisite(s): None

This course explores reporting as specified by the Securities and Exchange Commission (SEC) under a variety of business and corporate circumstances. Topics may include the regulatory environment applicable to corporate entities (which includes reporting requirements under Sarbanes-Oxley), accounting restatements, forecasts, and projections. *4 credit hours*

ACC6342 Corporate Controllershship

Prerequisite(s): ACC5348 or ACC6330

Corequisite(s): None

This course explores the knowledge, skills, abilities, and professional experience needed to become a successful corporate controller of a U.S. business organization. Topics may include strategic alignment of operating and financial systems, systems implementation, corporate reporting, budgetary control, and risk analysis. *4 credit hours*

ACC6345 Intermediate Cost Management

Prerequisite(s): ACC5328

Corequisite(s): None

This course continues the exploration of cost management techniques and approaches used in manufacturing, service, and information organizations. Topics may include performance measurement and reporting systems, total quality management (TQM), cost allocations, decision support for managerial decision making, theory of constraints, and economic value added. Emphasis is placed on current professional research in cost management and analyzing and solving problems within the accounting profession. *4 credit hours*

ACC6362 Forensic and Fraud Auditing

Prerequisite(s): ACC5348

Corequisite(s): None

This course explores the historical and current fraud environment faced by business organizations. Topics include fraud investigation, loss exposure, fraud risks, and control policies. *4 credit hours*

ACC6374 Advanced Taxation

Prerequisite(s): ACC5372

Corequisite(s): None

This course explores the U.S. Internal Revenue Code applicable to estates, trusts, gifts, partnerships, and other corporate entities. Topics include advanced tax planning, tax research, and tax implications of management decisions. *4 credit hours*

ACC6999 Capstone Review

Prerequisite(s): Course must be taken during student's last session in the program.

Corequisite(s): None

This comprehensive overview course integrates graduate accounting and taxation concepts and skills acquired from previous courses. The course prepares students to take the uniform Certified Public Accountant (CPA) Examination for Certification in Accountancy. This course will review the Financial Accounting and Reporting, Auditing and Attestation, Regulation, and Business Environment and Concepts sections of the CPA Exam. The simulation question requirements of the CPA Exam will also be reviewed. *4 credit hours*

Allied Health Sciences

AHS1001 Medical Terminology

Prerequisite(s): ENG0099 or exemption from ENG0099

Corequisite(s): None

Medical Terminology is designed to provide the allied health student with a basic knowledge of the language of health care, medical terminology, as well as the ability to read and comprehend the fundamental terminology used in a variety of medical records and reports. The course focuses on the definition, spelling, and pronunciation of medical terms relating to the human body and disease. *4 credit hours*

AHS2005 Clinical Competencies I

Prerequisite(s): BIO2015 with a minimum grade of C (or concurrent)

Corequisite(s): BIO2015

Clinical Competencies I is designed to furnish the medical assisting student with the theory, rationale and technical application of the medical assisting profession. Theoretical and practical applications are presented, demonstrated and practiced by the student to prepare for professional practice. Areas studied include obtaining a health history and vital signs, proper documentation, performing ECGs and assisting the physician with routine and specialty examinations. Students are required to obtain Standard First Aid Certification and Healthcare Provider CPR Certification to meet the objectives of this course. *4 credit hours*

AHS2006 Clinical Competencies II

Prerequisite(s): BIO2015 with a minimum grade of C (or concurrent)

Corequisite(s): BIO2015

Clinical Competencies II is a continuation of Clinical Competencies I. The course is designed to furnish the medical assisting student with the theory, rationale, and technical application of the medical assisting profession. Theoretical and practical applications are presented, demonstrated, and practiced by the student to prepare for professional practice in the areas of microbiology, specimen collection, sterile techniques, and specialty examinations. Pharmacological principles including dosage calculations, administration of intradermal, subcutaneous, and intramuscular injections are also covered. *4 credit hours*

AHS2007 Clinical Laboratory Competencies

Prerequisite(s): BIO2015 with a minimum grade of C (or concurrent)

Corequisite(s): BIO2015

Clinical Laboratory Competencies is designed to furnish the medical assisting student with the theory, rationale, and technical applications of the medical assisting profession. Theoretical and practical applications are presented, demonstrated, and practiced by the student in the areas of hematology and clinical chemistry. Hematological screening and diagnostic procedures include aseptic blood collection (both venous and capillary) and miscellaneous Clinical Laboratory Improvement Amendments (CLIA) waived tests such as erythrocyte sedimentation rates, coagulation studies, and chemical and microscopic evaluation of urine specimens are covered. *4 credit hours*

AHS2087 Medical Office Procedures

Prerequisite(s): BIO2015 with a minimum grade of C (or concurrent) and ITS1000

Corequisite(s): BIO2015

Medical Office Procedures is designed to furnish the Medical Assisting student with basic knowledge of administrative medical office management. Techniques, methods and procedures covered include patient reception, record management, billing, scheduling, and human resource management. Medical law, ethics, and bioethics in the ambulatory health care setting are also the focus of this course. *4 credit hours*

AHS2090 Medical Insurance and Coding

Prerequisite(s): BIO2015 with a minimum grade of C (or concurrent)

Corequisite(s): BIO2015

Medical Insurance and Coding is an introduction to medical insurance and diagnostic and procedural coding. The course is designed to furnish the student with the basic knowledge of medical insurance, Diagnosis-Related Groups (DRG), alternative health delivery systems, Resource-Based Relative Value Scale (RBRVS), and diagnostic and procedural coding. *4 credit hours*

AHS2092 Computers in the Medical Office

Prerequisite(s): BIO2015 with a minimum grade of C (or concurrent) and ITS1000

Corequisite(s): BIO2015

This course provides students with the opportunity to use Electronic Health Records (EHRs) simulation software application in performing basic accounting procedures, data entry of patient information, scheduling appointments, submitting electronic claims, and printing financial and practice management reports. Students will become familiar with the concepts and federal laws governing EHRs. *4 credit hours*

AHS2095 Medical Assisting Certification Review

Prerequisite(s): AHS2005, AHS2006, AHS2007, AHS2087, AHS2090 and AHS2092

Corequisite(s): AHS2098

This course consists of a comprehensive review to prepare students for industry-recognized national credentialing exams in Medical Assisting. Topics will include medical terminology, anatomy and physiology, pathophysiology, pharmacology, and clinical laboratory and administrative procedures. *2 credit hours*

AHS2098 Medical Assisting Practicum

Prerequisite(s): AHS2005, AHS2006, AHS2007, AHS2087, AHS2090 and AHS2092

Corequisite(s): AHS2095

Students will be placed in a physician's office, clinic, group practice, or other healthcare setting to perform clinical and administrative duties appropriate to the Medical Assisting field. Twenty hours of supervised, unpaid training will be performed weekly for a total of 200 hours. *6 credit hours*

Anesthesia Science

ANS5001 Clinical Anesthesia I

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Survey the foundations of the clinical practice of anesthesia through one-on-one supervised instruction in operating rooms and ancillary anesthetizing locations. Study operating room practices, including traffic control, sterile technique, conduct and uniform policy, personnel, and professionalism. *1 credit hour*

ANS5012 Clinical Anesthesia II

Prerequisite(s): ANS5001

Corequisite(s): None

Begin to practice clinical anesthesia during required general rotations. Gain experience executing the foundations of the clinical practice of anesthesiology through one-on-one supervised instruction in the operating room and ancillary procedural locations. Apply classroom reading and learning to firsthand clinical encounters. *4 credit hours*

ANS5013 Clinical Anesthesia III

Prerequisite(s): ANS5012

Corequisite(s): None

Continue to practice clinical anesthesia during required general rotations. Gain experience executing the foundations of the clinical practice of anesthesiology through one-on-one supervised instruction in the operating room and ancillary procedural locations. Increasingly apply classroom reading and learning to firsthand clinical encounters. *5 credit hours*

ANS5014 Clinical Anesthesia IV

Prerequisite(s): ANS5013

Corequisite(s): None

Continue to practice clinical anesthesia during required general rotations. Gain experience executing the foundations of the clinical practice of anesthesiology through one-on-one supervised instruction in the operating room and ancillary procedural locations. Increasingly apply classroom reading and learning to firsthand clinical encounters. *5 credit hours*

ANS5015 Clinical Anesthesia V

Prerequisite(s): ANS5014

Corequisite(s): None

Continue to practice clinical anesthesia during required general rotations. Gain experience executing the foundations of the clinical practice of anesthesiology through one-on-one supervised instruction in the operating room and ancillary procedural locations. Increasingly apply classroom reading and learning to firsthand clinical encounters. *6 credit hours*

ANS5020 Medical Terminology

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Explore the methods of word formulation used in modern medical terminology. Apply known methods of terminology formation to understand and identify standard abbreviations, surgical procedures, and other necessary information used in the clinical practice of anesthesia. *1 credit hour*

ANS5081 Principles of Airway Management I

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Study basic airway management techniques, including bag/mask ventilation, oral and nasal airway procedures, laryngeal mask airway placement, and alternative device placement. Examine pediatric airway considerations and difficult airway management, as well as extubation and complications of airway management. *2 credit hours*

ANS5100 Physics of Anesthesia

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Investigate the basic physical principles and processes applied to the clinical practice of anesthesia, including gas laws, fluid mechanics, heat transfer, vaporization, diffusion, solubility, and time constants. Examine the hazards of anesthesia and the surgical environment to patients and providers, including fire, lasers, and ionizing radiation. Apply the principles of electrical circuit theory as a model for anesthesia equipment and physiologic systems. *2 credit hours*

ANS5120 Introduction to Anesthesia Delivery Systems & Equipment

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Examine the anatomy of the anesthesia delivery system, including pipeline/cylinder gas distribution systems, breathing circuits, vaporizers, ventilators, scavenge of waste gases, suction, and resuscitation equipment. Describe the safety features of anesthesia delivery systems and discuss accounts of critical incidents involving anesthesia equipment. Understand American Society of Anesthesiologists (ASA) monitoring standards and explain how to employ the standards in anesthesia care. *2 credit hours*

ANS5140 Pre-anesthetic Evaluation

Prerequisite(s): ANS5160

Corequisite(s): None

Introduce pre-anesthetic evaluation techniques and procedures to properly create and implement a complete anesthetic plan. Practice patient history-taking skills to inquire about pertinent information that could affect the anesthetic plan. Perform thorough physical examinations and determine necessary pre-operative testing. Explore optimization of common comorbidities and how disease processes can alter patient anesthetic care. *3 credit hours*

ANS5160 Introduction to Clinical Anesthesia

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Study anesthesia and operating room fundamentals, including commonly used medications, procedures surrounding different types of anesthesia, standards of patient monitoring, and clinical management during the perioperative period. Understand ethical and professional duty as an anesthesiologist assistant as it relates to patient confidentiality and standard of care. *3 credit hours*

ANS5181 Anesthesia Laboratory I

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Learn hands-on skills for understanding and using the anesthesia machine, breathing circuit, and mechanical ventilator. Gain experience using introductory airway management techniques necessary for anesthesia practice. Work in small groups with instructors to practice IV insertion and drug administration using aseptic techniques. Skills learned in the lab are applied during clinical education and in the anesthesia simulation courses. *1 credit hour*

ANS5182 Anesthesia Laboratory II

Prerequisite(s): ANS5181

Corequisite(s): None

Learn and practice hands-on techniques for airway management, patient positioning, and hemodynamic monitoring used in anesthesia practice. Work in small groups with instructors to master procedural skills and discuss the appropriate use of these skills as part of clinical care. Skills learned in the lab are applied during clinical education and in the anesthesia simulation courses. *1 credit hour*

ANS5183 Anesthesia Laboratory III

Prerequisite(s): ANS5182

Corequisite(s): None

Learn techniques for lung isolation, crisis resource management, and advanced treatment algorithms for cardiac events during the perioperative period. Practice procedural skills and discuss the appropriate use of these skills as part of clinical care. Skills learned in the lab are applied during clinical education and in the anesthesia simulation courses. *1 credit hour*

ANS5184 Anesthesia Laboratory IV

Prerequisite(s): ANS5183

Corequisite(s): None

Learn techniques for performing pediatric airway management, ultrasound imaging, neuraxial blockade, and central venous cannulation. Work in small groups with instructors to practice procedural skills and discuss the appropriate use

of these skills as part of clinical care for adult and pediatric patients. Skills learned in the lab are applied during clinical education and in the anesthesia simulation courses. *1 credit hour*

ANS5191 Anesthesia Simulation I

Prerequisite(s): Admission to the Anesthesiologist Assistant Program

Corequisite(s): None

Establish the clinical skills of a novice anesthesiologist assistant student. Apply American Society of Anesthesiologists (ASA) standard monitoring, perform a basic pre-anesthetic patient interview, demonstrate airway management techniques, manage an adult patient during the perioperative phase of a general anesthetic, and practice communication skills as appropriate for a member of the Anesthesia Care Team while using a high-fidelity patient simulator for the assigned tasks in the course. *1 credit hour*

ANS5192 Anesthesia Simulation II

Prerequisite(s): ANS5191

Corequisite(s): None

Establish the clinical skills of an anesthesiologist assistant student. Perform pre-operative interview and physical exam, conduct a complete anesthetic from induction through extubation, and assess and manage a difficult airway. Continue to practice clinical and communication skills as appropriate for a member of the Anesthesia Care Team while using a high-fidelity patient simulator for the assigned tasks in the course. *1 credit hour*

ANS5193 Anesthesia Simulation III

Prerequisite(s): ANS5192

Corequisite(s): None

Establish the clinical skills of an anesthesiologist assistant student. Practice advanced clinical decision-making during the course of an anesthetic, including use of crisis resource management principles and advanced cardiac life support algorithms. Continue to hone clinical and communication skills as appropriate for a member of the Anesthesia Care Team while using a high-fidelity patient simulator for the assigned tasks in the course. *1 credit hour*

ANS5194 Anesthesia Simulation IV

Prerequisite(s): ANS5193

Corequisite(s): None

Establish the clinical skills of an anesthesiologist assistant student. Practice advanced clinical decision-making during the course of an anesthetic, including use of crisis resource management principles in specialized patient populations. Continue to hone clinical and communication skills as appropriate for a member of the Anesthesia Care Team while using a high-fidelity patient simulator for the assigned tasks in the course. *1 credit hour*

ANS5201 Cardiovascular Physiology for Anesthesia Practice I

Prerequisite(s): ANS5932

Corequisite(s): None

Develop fundamental knowledge of the form and function of the human cardiovascular system. Understand the impact of anesthesia on hemodynamic variables and stability. Learn the physiologic causes of normal and abnormal clinical findings and apply them to properly care for patients in the perioperative setting. *2 credit hours*

ANS5202 Cardiovascular Physiology for Anesthesia Practice II

Prerequisite(s): ANS5201

Corequisite(s): None

Further explore the structure and function of the human cardiovascular system with a focus on intrinsic mechanisms and extrinsic mediators of hemodynamic control. Examine the cardiovascular response to normal and pathological situations. Understand how disease states impair function and apply that knowledge to anesthetic principles. *3 credit hours*

ANS5221 Principles of Instrumentation and Patient Monitoring I

Prerequisite(s): ANS5160

Corequisite(s): None

Examine the fundamental principles of measurement, application, and interpretation of the primary monitoring modalities used in anesthesia practice, including electrocardiogram (ECG), invasive and non-invasive blood pressure, pulse oximetry and plethysmography, capnography, and neuromuscular junction monitoring. *2 credit hours*

ANS5222 Principles of Instrumentation and Patient Monitoring II

Prerequisite(s): ANS5221

Corequisite(s): None

Further examine the fundamental principles of measurement, application, and interpretation of advanced monitoring modalities used in anesthesia practice, including global delivery of oxygen, central venous and pulmonary artery pressure, cardiac output, coagulation/hemostasis, level of consciousness, and fetal monitoring. Analyze electrical risks to the patient in the operating room environment and explore the use of cardiac assist devices and ultrasound for the care of patients. *2 credit hours*

ANS5300 Pulmonary Physiology for Anesthesia Practice

Prerequisite(s): ANS5932

Corequisite(s): None

Examine the function and processes of the human pulmonary system with particular emphasis on the application of concepts to the clinical practice of anesthesia. *2 credit hours*

ANS5302 Pulmonary Physiology for Anesthesia Practice II

Prerequisite(s): ANS5300

Corequisite(s): None

Explore the anatomy, function, and processes of the human pulmonary system with emphasis on the pathophysiology of pulmonary disease and how these disease states impact the care of the patient receiving anesthesia. *2 credit hours*

ANS5345 Anesthesia Principles and Practice I

Prerequisite(s): ANS5160

Corequisite(s): None

Through classroom lectures, problem-based learning discussions, and applicable independent studies, explore the development of a complete anesthetic plan that focuses on unique patient considerations, including age, comorbidities, surgical procedure, and disease states. Examine commonly used anesthetic drugs, protocols employed in the management of major events, and professional and ethical dilemmas encountered in the modern practice of anesthesiology. *3 credit hours*

ANS5346 Anesthesia Principles and Practice II

Prerequisite(s): ANS5345

Corequisite(s): None

Through classroom lectures, problem-based learning discussions, and applicable independent studies, continue to explore the development of a complete anesthetic plan that focuses on unique patient considerations, including age, comorbidities, surgical procedure, and disease states. Examine commonly used anesthetic drugs, protocols employed in the management of major events, and professional and ethical dilemmas encountered in the modern practice of anesthesiology. *3 credit hours*

ANS5347 Anesthesia Principles and Practice III

Prerequisite(s): ANS5346

Corequisite(s): None

Through classroom lectures, problem-based learning discussions, and applicable independent studies, continue to explore the development of a complete anesthetic plan that focuses on unique patient considerations, including age, comorbidities, surgical procedure, and disease states. Examine commonly used anesthetic drugs, protocols employed in the management of major events, and professional and ethical dilemmas encountered in the modern practice of anesthesiology. *3 credit hours*

ANS5348 Anesthesia Principles and Practice IV

Prerequisite(s): ANS5347

Corequisite(s): None

Through classroom lectures, problem-based learning discussions, and applicable independent studies, further explore the development of a complete anesthetic plan that focuses on unique patient considerations, including age, comorbidities, surgical procedure, and disease states. Examine commonly used anesthetic drugs, protocols employed in the management of major events, and professional and ethical dilemmas encountered in the modern practice of anesthesiology. *3 credit hours*

ANS5421 Pharmacology in Anesthesia Practice I

Prerequisite(s): ANS5140

Corequisite(s): None

Examine drugs specifically related to the practice of anesthesia, including inhaled and intravenous anesthetics, opioids, local anesthetics, neuromuscular blockers and reversal agents, and intravenous fluids. Develop strategies for the best use of various anesthetic drugs during the perioperative period. *2 credit hours*

ANS5422 Pharmacology in Anesthesia Practice II

Prerequisite(s): ANS5421

Corequisite(s): None

Further examine drugs specifically related to the practice of anesthesia, including adrenergic agonists and antagonists, anti-dysrhythmics, anticoagulants and procoagulants, antiemetics, respiratory pharmacotherapies, and blood products. Develop strategies for the best use of various anesthetic drugs during the perioperative period. *2 credit hours*

ANS5502 Advanced Anesthesia Systems and Monitoring

Prerequisite(s): ANS5120 and ANS5222

Corequisite(s): None

Through classroom lecture and sessions in the anesthesia learning laboratory, broaden knowledge and expand

understanding of anesthesia delivery systems, modes of ventilation, and advanced patient monitoring, including transesophageal echocardiography, non-invasive cardiac output, and arterial, central venous, and pulmonary artery pressure monitoring. *2 credit hours*

ANS5510 AA Professional Seminar

Prerequisite(s): Permission of the faculty

Corequisite(s): None

Through classroom teaching and interactive discussions this course presents an introduction/overview of the Anesthesiologist Assistant (AA) profession. Emphasis is placed upon the inception, history, and evolution of the AA profession; AA relationships with the supervising physician, the patient; responsibilities including the concepts of privilege, confidentiality and informed consent. The scope of AA practice, medical informatics systems and the concept of the quality of care and safety will also be introduced. Students will participate in class discussions and role playing exercises to explore the ethical and legal aspects of practicing as an Anesthesiologist Assistant. *1 credit hour*

ANS5520 Advanced Airway Management

Prerequisite(s): ANS5081

Corequisite(s): None

Develop strategies to recognize difficult airways and expand understanding of management techniques for both adult and pediatric difficult airway clinical scenarios. Analyze the American Society of Anesthesiologists (ASA) Difficult Airway Algorithm and discuss fiber optic strategies, invasive airway techniques, and airway management for central nervous system (CNS) injury and burn victims. *2 credit hours*

ANS5601 Regional Anesthesia Practice I

Prerequisite(s): Permission of the faculty

Corequisite(s): None

Explore fundamental techniques of regional anesthesia, including positioning and use of pertinent equipment, such as ultrasound. Understand the anatomy specific to neuraxial and upper extremity peripheral nerve blockade. Discuss the pharmacology and use of local anesthetics pertaining to regional anesthesia. Describe the indications for use and management of potential complications of regional blocks. Practice hands-on techniques during the accompanying course workshops. *2 credit hours*

ANS5602 Regional Anesthesia Practice II

Prerequisite(s): ANS5601

Corequisite(s): None

Further explore fundamental techniques of regional anesthesia, including positioning and use of pertinent equipment such as ultrasound. Understand the anatomy specific to lower extremity, head and neck, thoracic, and abdominal plane nerve blockade. Discuss the indications for use and management of potential complications of regional blocks. Practice hands-on techniques during the accompanying course workshops. *2 credit hours*

ANS5931 Anatomy & Physiology I

Prerequisite(s): Admission to South University Anesthesiologist Assistant Program

Corequisite(s): ANS5941

Examine human anatomy and physiology to include discussion of cellular and subcellular mechanisms of normal function. Apply knowledge of human structure and function to clinical practice. Explore variations from normal structure and function and the means by which the variations contribute to disease states. Focus is placed on human tissues and the cardiovascular, nervous, respiratory, and digestive systems. *4 credit hours*

ANS5932 Anatomy & Physiology II

Prerequisite(s): ANS5931, ANS5941

Corequisite(s): ANS5942

Further examine human anatomy and physiology to include discussion of cellular and subcellular mechanisms of normal function. Apply knowledge of human structure and function to clinical practice. Explore variations from normal structure and function and the means by which the variations contribute to disease states. Focus is placed on the integumentary, gastrointestinal, musculoskeletal, endocrine, immune, renal, and reproductive systems. *4 credit hours*

ANS5941 Anatomy & Physiology Lab I

Prerequisite(s): Admission to South University Anesthesiologist Assistant Program

Corequisite(s): ANS5931

Apply information and knowledge from ANS5931 Anatomy & Physiology I Lecture in a laboratory setting. Work in small groups with an instructor to identify relevant structures using multiple learning modalities, including models, dissections, radiographic images, virtual software, and other learning aids. *1 credit hour*

ANS5942 Anatomy & Physiology Lab II

Prerequisite(s): ANS5931 and ANS5941

Corequisite(s): ANS5932

Apply information and knowledge from ANS5932 Anatomy & Physiology II Lecture in a laboratory setting. Work in small groups with an instructor to identify relevant structures using multiple learning modalities, including models, dissections, radiographic images, virtual software, and other learning aids. *1 credit hour*

ANS5995 Individual Tutorial

Prerequisite(s): Permission of the faculty

Corequisite(s): None

Permits first year students to study a particular problem or area of emphasis in anesthesiology, with more breadth or greater depth than covered in the normal curriculum, under the direction of a faculty member. Pass/Fail *Variable credit hours*

ANS5996 Individual Directed Study

Prerequisite(s): Permission of faculty

Corequisite(s): None

Permits first year students to study a particular problem or area of emphasis in anesthesiology, with more breadth or greater depth than covered in the normal curriculum, under the direction of a faculty member. Pass/Fail *Variable credit hours*

ANS5998 Remedial Studies

Prerequisite(s): Permission of the faculty

Corequisite(s): None

Permits first year students to enroll for review, under the direction of a faculty member, an area of emphasis in anesthesiology for which the student is having difficulty. Pass/Fail *1 credit hour*

ANS6011 Clinical Anesthesia I

Prerequisite(s): ANS5015

Corequisite(s): None

Practice clinical anesthesia during required rotations through general and subspecialty areas over the course of the final year. Gain firsthand experience through one-on-one supervised instruction in the operating room and ancillary procedural locations. *16 credit hours*

ANS6012 Clinical Anesthesia II

Prerequisite(s): ANS6011

Corequisite(s): None

Practice clinical anesthesia during required rotations through general and subspecialty areas over the course of the final year. Gain firsthand experience through one-on-one supervised instruction in the operating room and ancillary procedural locations. *16 credit hours*

ANS6013 Clinical Anesthesia III

Prerequisite(s): ANS6012

Corequisite(s): None

Practice clinical anesthesia during required rotations through general and subspecialty areas over the course of the final year. Gain firsthand experience through one-on-one supervised instruction in the operating room and ancillary procedural locations. *15 credit hours*

ANS6014 Clinical Anesthesia IV

Prerequisite(s): ANS6013

Corequisite(s): None

Practice clinical anesthesia during required rotations through general and subspecialty areas over the course of the final year. Gain firsthand experience through one-on-one supervised instruction in the operating room and ancillary procedural locations. *16 credit hours*

ANS6021 Senior Seminar I

Prerequisite(s): Permission of the program director

Corequisite(s): None

Learn how to critically evaluate and analyze evidence-based medicine in the field of anesthesiology. Develop and deliver cohesive class presentations of a clinical case vignette, hazards and complications scenario, or other relevant topic in current anesthesia practice using recent peer-reviewed medical literature. *1 credit hour*

ANS6022 Senior Seminar II

Prerequisite(s): Permission of the program director

Corequisite(s): None

Develop and deliver cohesive class presentations of a clinical case vignette, hazards and complications scenario, or relevant topic in current anesthesia practice using recent peer-reviewed medical literature. *1 credit hour*

ANS6023 Senior Seminar III

Prerequisite(s): ANS6022

Corequisite(s): None

Develop and deliver cohesive class presentations of a clinical case vignette, hazards and complications scenario, or relevant topic in current anesthesia practice using recent peer- reviewed medical literature. *1 credit hour*

ANS6024 Senior Seminar IV

Prerequisite(s): ANS6023

Corequisite(s): None

Develop and deliver cohesive class presentations of a clinical case vignette, hazards and complications scenario, or relevant topic in current anesthesia practice using recent peer- reviewed medical literature. *1 credit hour*

ANS6041 Anesthesia Review I

Prerequisite(s): ANS5348

Corequisite(s): None

Students are required to read specific chapters in a comprehensive Anesthesiology review textbook during the second year and knowledge is assessed weekly on the assigned topics. *1 credit hour*

ANS6042 Anesthesia Review II

Prerequisite(s): ANS6041

Corequisite(s): None

Students are required to read specific chapters in a comprehensive Anesthesiology review textbook during the second year and knowledge is assessed weekly on the assigned topics. *1 credit hour*

ANS6043 Anesthesia Review III

Prerequisite(s): ANS6042

Corequisite(s): None

Students are required to read specific chapters in a comprehensive Anesthesiology review textbook during the second year and knowledge is assessed weekly on the assigned topics. *1 credit hour*

ANS6044 Anesthesia Review IV

Prerequisite(s): ANS6043

Corequisite(s): None

Students are required to read specific chapters in a comprehensive Anesthesiology review textbook during the second year and knowledge is assessed weekly on the assigned topics. *1 credit hour*

ANS6995 Individual Clinical Practicum

Prerequisite(s): Permission of the faculty

Corequisite(s): None

Permits students to enroll for review and participation in, a subspecialty area of clinical anesthesia. Minimum of 30 clinical hours for each credit hour enrolled. *Variable credit hours*

ANS6996 Individual Directed Study

Prerequisite(s): Permission of the faculty

Corequisite(s): None

Permits senior students to study a particular problem or area of emphasis in anesthesiology that is not covered in the program curriculum, under the direction of a faculty member. *Variable credit hours*

Biology

BIO1011 Anatomy and Physiology I

Prerequisite(s): ENG0099, MAT0099, AHS1001 with grades of "C" or better

Corequisite(s): BIO1012

BIO1011-Anatomy and Physiology I is an introduction to the structures and functions of the human body including the characteristics of life, homeostasis, organizational levels, basic metabolism, the cell, tissues, organs, organ systems, the organism, integumentary system, skeletal system, muscular system, nervous system and the special senses. *4 credit hours*

BIO1012 Anatomy and Physiology I Lab

Prerequisite(s): ENG0099, MAT0099, AHS1001 with grades of "C" or better

Corequisite(s): BIO1011

BIO1012, Anatomy and Physiology I Lab is designed to support, amplify, and clarify the material presented in the theory class BIO1011 through demonstration and exercises utilizing charts, models, tissues, and organs, as well as typical laboratory equipment. Laboratory topic content shall follow the theory class very closely *2 credit hours*

BIO1013 Anatomy and Physiology II

Prerequisite(s): ENG0099, MAT0099, AHS1001, BIO1011, BIO1012 with grades of "C" or better

Corequisite(s): BIO1014 or the equivalent

BIO1013, Anatomy and Physiology II is a continuation of Anatomy and Physiology I. BIO1013 is an introduction to the structure and functions of the human body including the endocrine system, circulatory system, respiratory system, GI system, urinary system, reproductive system, and genetics. *4 credit hours*

BIO1014 Anatomy and Physiology II Lab

Prerequisite(s): ENG0099, MAT0099, AHS1001, BIO1011, BIO1012 with grades of "C" or better

Corequisite(s): BIO1013

BIO1014, Anatomy and Physiology II Lab is designed to support, amplify, and clarify the material presented in the theory class BIO1013 through demonstration and exercises utilizing chart, models, tissues, and organs, as well as typical laboratory equipment. The second part of the term will include a whole specimen dissection, which will assist the comprehensive review of both BIO1011 and BIO1013. Laboratory topic content shall follow the theory class very closely. *2 credit hours*

BIO1020 Biology I

Prerequisite(s): MAT0099 or exemption from developmental mathematics, ENG1100

Corequisite(s): ENG1100

Principles of Biology I is the first in a two-course sequence in biology. The course introduces scientific methods,

biological chemistry, cells, energy for life, basic genetics, biotechnology, and the principles of evolution. Students will also complete writing assignments that develop their skills as scientifically literate citizens. *4 credit hours*

BIO1021 Biology II

Prerequisite(s): BIO1020 with a grade of "C" or better

Corequisite(s): None

Principles of Biology II is the second course in a two course sequence in biology. This course continues the study of human biology with the role of endocrine and nervous systems in homeostatic regulation. Other topics covered are human reproduction, development, evolution, and advanced genetics. Ecological concepts are also discussed. The student will complete writing assignments that serve to increase knowledge of the scientific literature. *4 credit hours*

BIO2015 Human Pathophysiology

Prerequisite(s): BIO1013, BIO1014 with a grade of "C" or better

Corequisite(s): None

Human Pathophysiology is an introductory study of disease processes in humans. Etiology, clinical manifestations, complications, common treatments, and diagnostic findings are examined based on a body systems approach. This course emphasizes physiological alterations resulting in disease and illness. *4 credit hours*

BIO2070 Microbiology

Prerequisite(s): BIO1014, CHM1010 with grades of "C" or better

Corequisite(s): BIO2071 or BIO2073

Microbiology introduces the student to microorganisms with particular emphasis on their role in health, wellness and disease. Economic, social and cultural issues related to utilization, control, and research of the monera, protista, fungi, bacteria and viruses are also considered. *4 credit hours*

BIO2071 Microbiology Lab

Prerequisite(s): CHM1010, BIO1013, BIO1014 with grades of "C" or better

Corequisite(s): BIO2070

Microbiology introduces the student to microorganisms with particular emphasis on their role in health, wellness and disease. In this course students perform laboratory exercises, experiments and tests that correlate with the lecture material of BIO2070. Emphasis is placed on aseptic technique, proper handling of lab specimens, universal precautions and proper waste disposal. BIO2071 must be taken concurrently with BIO2070. This laboratory course is for online students only. *2 credit hours*

BIO2073 Microbiology Laboratory

Prerequisite(s): BIO1013, BIO1014, CHM1010 with grades of "C" or better

Corequisite(s): BIO2070

Microbiology introduces the student to microorganisms with particular emphasis on their role in health, wellness and disease. In this course students perform laboratory exercises, experiments and tests that correlate with the lecture material of BIO2070. Emphasis is placed on use of a microscope, aseptic technique, proper handling of lab specimens, universal precautions and proper waste disposal. This laboratory course is for campus students only. *2 credit hours*

BIO3344 Principles of Genetics

Prerequisite(s): BIO1013, BIO1014 with grades of "C" or better

Corequisite(s): None

This course provides an introduction to genetics, current applications of genetic techniques, exploration of the human genome project and its implications, along with the genetic components of immunology and cancer. *4 credit hours*

Business Administration

BUS1038 Business Law I

Prerequisite(s): None

Corequisite(s): None

Business Law I is a survey of American law and procedure covering the legal environment, operation of the legal system, completion of contracts, torts, constitutional law, criminal law, intellectual property and more. Both the text and case study methods may be utilized. *4 credit hours*

BUS1101 Introduction to Business

Prerequisite(s): None

Corequisite(s): None

A basic exposure to business principles, functions, and practices that prepares students with the knowledge to pursue specific areas of study associated with business enterprise such as economics, marketing, finance, human resource management, information technology, operations, ethics, and entrepreneurship. Awareness of the significance of business in the free enterprise system is developed through topical research, discussion, and writing projects. *4 credit hours*

BUS2023 Business Communications

Prerequisite(s): ENG1100

Corequisite(s): None

This course is designed to prepare students to organize and compose effective business correspondence and business. Focus will be on various types of business communication encountered in management functions, including creating documents, preparing presentations, managing meetings, providing leadership, and building teams. The course will address both internal and external organizational communications as well as professional career preparation. *4 credit hours*

BUS2038 Business Law II

Prerequisite(s): BUS1038

Corequisite(s): None

This course covers the law of business entities, including agencies, partnerships, and corporations. This course will also cover property concepts, sales, negotiable instruments, agency and employment law. *4 credit hours*

BUS3001 Ethics in Organizations

Prerequisite(s): BUS1101

Corequisite(s): None

This course is designed to present ethical principles and decision-making models for people in organizations. Making ethical choices in a variety of personal and organizational situations is covered. *4 credit hours*

BUS3041 Managerial Communications

Prerequisite(s): BUS2023, MGT2037

Corequisite(s): None

This course will help students to develop leadership skills through improved communication. Focus will be on those types of communication encountered in management functions: creating documents, presentations, leadership, managing meetings, building teams, internal and external organizational communication and professional career preparation. *4 credit hours*

BUS3055 Business Law for Commercial Transactions

Prerequisite(s): BUS1038

Corequisite(s): None

The course presents a comprehensive study of advanced legal topics in commercial transactions for students interested in pursuing careers in accounting or other professions, which require detailed understanding of business law concepts. Topics covered include types of business organizations, securities regulations, sales, negotiable instruments, secured transactions, bankruptcy, insurance, accountants' liability and employment law. *4 credit hours*

BUS3059 Quantitative Business Analysis

Prerequisite(s): MAT2058

Corequisite(s): None

This course is designed to provide students with a sound conceptual understanding of the role that quantitative analysis plays in the decision making process. It emphasizes the application of a variety of techniques to the solution of business and economic problems to help students become effective users and evaluators of quantitative and qualitative information in making decisions. *4 credit hours*

BUS3060 Business Analytics

Prerequisite(s): MAT2058

Corequisite(s): None

In this course, students learn to use business analytic tools to make decisions about measurable business performance and help improve the outcome. This course provides students with concepts and tools needed to understand and apply analytical tools in the analysis of quantitative and qualitative data. The emphasis is on application and interpretation of the results, in addition to theory and calculations. Students use Microsoft Excel for data analysis. *4 credit hours*

BUS4098 Business Simulation

Prerequisite(s): For Bachelor of Business Administration Students: ACC1003, BUS2023, BUS3055, BUS3059, FIN4060, MGT3059, MKT2010

For BS Accounting and BS to MS Accounting Students: ACC1003, BUS2023, BUS3055, FIN2030, MGT3059, MKT2010

Corequisite(s): None

In this course, students act as managers of a firm operating in a simulated industry. They are responsible for developing a strategic plan, creating execution plans, monitoring results and modifying execution plans to achieve success in competition with others in the simulated industry. *4 credit hours*

BUS4100 Business Internship

Prerequisite(s): ACC1003, BUS1038, BUS2023, FIN2030, MGT2037, MKT2010

Corequisite(s): None

The internship experience is designed specifically to enable the student to apply classroom knowledge to the work environment, and to better prepare the student to enter the business world. This course is a faculty supervised and evaluated field experience in business management, with a major project as an end product. Students will work with Career Services or the appropriate Department Chair, Program Director, or designee to identify a potential internship site location. Once an acceptable organization and site supervisor are found, the College of Business must approve the organization to be utilized for this purpose. The site supervisor, student, and faculty coordinator, as defined in the College of Business Internship Courses Student Handbook, will arrange for the student to have an opportunity to realize the goals and objectives and apply competencies of this course to real-work situations. Please refer to the Internship Learning Agreement in the College of Business Internship Courses Student Handbook for further information regarding requirements prior to participating in an internship. Minimum of 120 contact hours. This course is Pass/Fail (P/F). *4 credit hours*

BUS4101 Quality Management

Prerequisite(s): MGT2037, MAT2058

Corequisite(s): None

This course will introduce students to the philosophy and techniques of total quality management applied to business, governmental, and not-for-profit organizations. Students will explore the fundamentals of quality management with emphasis on the best practices of high-performing organizations as measured by assessment tools such as the Baldrige Performance Excellence Program. Students will learn the proper application and use of techniques such as Statistical Process Control, Six Sigma, and process management. *4 credit hours*

BUS7000 Introduction to the Professional Doctorate

Prerequisite(s): Admission to the Doctor in Business Administration

Corequisite(s): None

This course focuses on student familiarity with the doctoral structure and program resources at South University. The class discusses how the program is appropriate to those seeking to further their careers in higher education and business pursuits. The course sets the stage for students to understand the responsibilities of those who hold a terminal degree to provide teaching, scholarship, and service to the academic and professional communities they serve. Topics include the online library, how to analyze and critique the work of others, an overview of preliminary exams, the dissertation process, and opportunities to serve in academic/professional communities as students and professionals. Additional topics to be covered may include research in business, ethics in business research, thinking like a researcher, and an overview of the research process and style. *4 credit hours*

BUS7001 Virtual Residency I

Prerequisite(s): None

Corequisite(s): MGT7110

The doctoral residencies are a requirement for online students in the DBA program. These are a time for faculty, staff, and cohorts to meet in a collegial learning opportunity. Residencies are designed as a time for students and faculty to work together collaboratively and to support the creation of a community of scholars. Students will spend class time in faculty and staff led presentations and will have the opportunity to network and share their experiences in the program. They will also be able to work collaboratively on their scholarship during the residencies, and opportunities to provide service to the academic community will be discussed. The South University DBA has two residencies. All DBA students in the online program are required to participate in these two residencies; these residencies are part of the complete requirements for the program. *0 credit hours*

BUS7002 Virtual Residency II

Prerequisite(s): None

Corequisite(s): Fully Online Students Only: MGT7205

The doctoral residencies are a requirement for online students in the DBA program. These are a time for faculty, staff, and cohorts to meet in a collegial learning opportunity. Residencies are designed as a time for students and faculty to work together collaboratively and to support the creation of a community of scholars. Students will spend class time in faculty and staff led presentations and will have the opportunity to network and share their experiences in the program. They will also be able to work collaboratively on their scholarship during the residencies, and opportunities to provide service to the academic community will be discussed. The South University DBA has two residencies. All DBA students in the online program are required to participate in these two residencies; these residencies are part of the complete requirements for the program. *0 credit hours*

BUS7100 Research Methods I

Prerequisite(s): MGT7100 and graduate statistics foundation course

Corequisite(s): None

Doctoral-level course focusing on the ethics and process of business research. Topics include the research process, clarifying the research question using secondary data, developing the research design, qualitative research, observational studies, surveys, and experiments. Students will test their understanding of these concepts through discussion of how each of these concepts is used in the articles covered in the content area courses. Additionally, students will explore how they can use their research to provide meaningful service to their academic/professional community. *4 credit hours*

BUS7105 Research Methods II

Prerequisite(s): MGT7100, BUS7100

Corequisite(s): None

As a continuation of the first Research Methods course, this course is a doctoral-level study in research methods focusing on measurement, scales, questionnaires and instruments, sampling, preparation of the data, descriptive statistics, hypothesis testing, measures of association and multivariate analysis. *4 credit hours*

BUS7200 Statistics for Research Methods I

Prerequisite(s): BUS7100, MGT7100

Corequisite(s): None

This course focuses on building statistical models for professional research, including distribution assumptions, tests of hypotheses, confidence intervals, collinearity, outliers, transformations, general F test, analysis of variance, and multiple comparisons. Additional topics include generalized linear regression, best model selection, and the linear model approach to analysis of variance and analysis of covariance. *4 credit hours*

BUS7205 Statistics for Research Methods II

Prerequisite(s): BUS7105, BUS7200

Corequisite(s): None

This course focuses on building multivariate models for professional research, and studies topics such as MANOVA, MANCOVA, factor analysis, and discriminant analysis. Additional topics include data mining and predictive modeling for large datasets, with a focus on logistic regression, survival analysis, and classification trees. *4 credit hours*

BUS8000 Comprehensive Exam

Prerequisite(s): MGT7200, MGT7205, BUS7205

Corequisite(s): INS7200 and/or INS7115

Successful completion of the comprehensive examination indicates the student's broad expertise of the degree's content focus and readiness to complete the dissertation. In addition, successful completion of this examination demonstrates doctoral level mastery of the knowledge and competencies required of a doctoral program graduate. The responses must demonstrate a high level of critical thinking and demonstrate the ability to analyze, synthesize, evaluate, and apply theoretical constructs and research findings to professional practice and contemporary issues in organizations. The exam includes four individual tests, each of which must be passed successfully within two attempts before progressing to the dissertation phase of the program. This course is Pass/Fail (P/F). *0 credit hours*

BUS8100 Doctoral Dissertation Research Development

Prerequisite(s): BUS8000

Corequisite(s): None

The purpose of this course is for students to develop a viable doctoral dissertation research topic that will lead to the creation of the dissertation proposal. Students explore alternative topics and research questions of interest, focusing on those that can be developed into a dissertation that makes an original contribution to the academic literature. This course is Pass/Fail/Limited Progress (P/F/LP) *4 credit hours*

BUS8100E Doctoral Dissertation Research Development Extension

Prerequisite(s): BUS8000

Corequisite(s): None

This course is an extension of BUS8100 to allow the student additional time to complete the required progress toward completion of the dissertation. Repetition of an extension course will override the prior grade earned in the extension course and will not count as additional credits toward the degree. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8105 Doctoral Dissertation Proposal

Prerequisite(s): BUS8100

Corequisite(s): None

The purpose of this course is for students to refine the work completed in BUS8100, to develop the literature review, and begin development of the methodology section of their dissertation. Students will refine their draft work of Chapter One and Chapter Two using dissertation committee feedback. The course requires students to present their dissertation proposals for faculty feedback. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8105E Doctoral Dissertation Proposal Extension

Prerequisite(s): BUS8100

Corequisite(s): None

This course is an extension of BUS8105 to allow the student additional time to complete the required progress toward completion of the dissertation. Repetition of an extension course will override the prior grade earned in the extension course and will not count as additional credits toward the degree. This course is a Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8110 Doctoral Dissertation Proposal Defense

Prerequisite(s): BUS8105

Corequisite(s): None

The purpose of this course is for students to refine the work completed in BUS8105 and to develop the methodologies and procedures that will be used in their dissertation. Students will refine their draft proposals using dissertation committee feedback. The course requires students to present their dissertation proposals for faculty feedback. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8110E Doctoral Dissertation Proposal Defense Extension

Prerequisite(s): BUS8105

Corequisite(s): None

This is an extension of the BUS8110 course to allow the student additional time to complete the required progress toward completion of the dissertation. Repetition of an extension course will override the prior grade earned in the extension course and will not count as additional credits toward the degree. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8115 Doctoral Dissertation Preparation

Prerequisite(s): BUS8110 and accepted dissertation proposal

Corequisite(s): None

The purpose of this course is for students to collect and analyze data using the previously identified methods for their individual dissertation plans. Students will draft the reporting and analysis of data results as well as provide formal conclusions and recommendations from the data analysis. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8115E Doctoral Dissertation Preparation Extension

Prerequisite(s): BUS8110

Corequisite(s): None

This course is an extension of the BUS8115 to allow the student additional time to complete the required progress toward completion of the dissertation. Repetition of an extension course will override the prior grade earned in the extension course and will not count as additional credits toward the degree. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8120 Doctoral Dissertation Defense

Prerequisite(s): BUS8115

Corequisite(s): None

The purpose of this course is for students to finalize all data collection and analysis and revise the dissertation draft into the final submission to the Dissertation Committee. Students will defend the dissertation as the culmination of this course. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

BUS8120E Doctoral Dissertation Defense Extension

Prerequisite(s): BUS8115

Corequisite(s): None

This is an extension of the BUS8120 course to allow the student additional time to complete the required progress toward completion of the dissertation. Repetition of an extension course will override the prior grade earned in the

extension course and will not count as additional credits toward the degree. This course is Pass/Fail/Limited Progress (P/F/LP). *4 credit hours*

MBA5001 Organizational Behavior and Communication

Prerequisite(s): None

Corequisite(s): None

This course addresses the issues of motivation, leadership, and communications. Included are negotiation, conflict resolution, and teambuilding. *4 credit hours*

MBA5004 Managerial Economics

Prerequisite(s): None

Corequisite(s): None

This course provides an overview of microeconomic concepts and applications to common business problems. Topics include supply and demand analysis, cost analysis, economics of scale, basic market types and their characteristics, pricing, risk analysis and the role of government in economic affairs. *4 credit hours*

MBA5005 Law and Ethics for Managers

Prerequisite(s): None

Corequisite(s): None

This course provides a framework for managers to understand and assess the ethical and legal responsibilities of managers and the implications of their decisions. The course introduces an ethical framework for managers and explores the constitutional foundation for laws and regulations that affect businesses, employment and civil rights laws, contracts, intellectual property, corporate governance, securities and financial transactions and international law. *4 credit hours*

MBA5008 Quantitative Analysis and Decision Making

Prerequisite(s): MBA5009; for Master of Science in Information Systems students: None

Corequisite(s): None

This course presents students with quantitative tools for effective business analysis and decision-making. In addition to a review of basic inferential statistics, the course includes tools such as chi-squared tests, nonparametric statistics, correlation and regression analysis, time-series analysis and forecasting, and decision analysis. *4 credit hours*

MBA5009 Managerial Environment

Prerequisite(s): None

Corequisite(s): None

This course instills crucial analytical, communication and planning skills which are essential for success in the programs and in management careers. Topics covered in statistics, finance and accounting provide a vital foundation for expected performance in the program. Critical thinking and analytical skills will be developed as students become acquainted with the expectations of graduate business programs. *4 credit hours*

MBA6010 Managerial Finance

Prerequisite(s): MBA5009

Corequisite(s): None

In this course students learn to apply analytical tools to making strategic financial decisions that add value to the shareholder. Students will learn to use financial statement analysis tools, value long-term securities, relate risk and

return, perform financial forecasting, evaluate assets and portfolios, determine the firm's cost of capital and design an optimal financial structure. *4 credit hours*

MBA6011 Strategic Marketing

Prerequisite(s): None

Corequisite(s): None

This course provides a framework for examining key strategic marketing issues faced by modern organizations and helps students to develop an understanding of the marketing environment, customer and their buying behavior, the marketing research process, new product development, marketing channels, and marketing communication and advertising. *4 credit hours*

MBA6012 Operations and Supply Chain Management

Prerequisite(s): MBA5009

Corequisite(s): None

This course introduces students to the management activities involved in operating organizations within a global supply chain context. Students will learn how business functions (such as marketing, operations, and finance) interact to support decisions for successful execution of the organization's strategic plan. *4 credit hours*

MBA6501 Strategic Human Resources Management

Prerequisite(s): None

Corequisite(s): None

This course explores human resources from a strategic perspective to help an organization achieve its goals. Topics may include investments in human resources, workforce demographic trends, theories of human resource management, workforce training and development, workforce utilization and assessment, and performance management systems. *4 credit hours*

MBA6505 Organizational Development and Change Management

Prerequisite(s): MBA Students: MBA5001; accelerated MBA Students and Master of Science in Leadership Students: None

Corequisite(s): None

This course explores the theoretical grounding and practical approaches necessary to effectively diagnose organizational problems, develop intervention approaches, and implement organizational solutions. Topics may include entering and contracting, organizational diagnostic models, organizational surveys, change impediments, managing the change process, organizational/interpersonal/group interventions, and evaluation approaches. *4 credit hours*

MBA6710 Entrepreneurial Organizations and Small Businesses

Prerequisite(s): None

Corequisite(s): None

This course focuses on the unique characteristics, needs, and implications of entrepreneurial organizations and small businesses in the U.S. and global economies. Topics may include the life cycle of entrepreneurial organizations and small businesses, entrepreneurial leadership and the role of the entrepreneur, functional needs of these enterprises, and evaluation of recent new ventures. *4 credit hours*

MBA6999 Strategic Development and Implementation

Prerequisite(s): MBA Students: MBA5001, MBA5004, MBA5005, MBA6010, MBA6011, MBA6012; MBA accelerated Students: MBA5009

Corequisite(s): None

This course explores the methods of directing a firm, or a significant division thereof in an internationally competitive environment. Students will develop an understanding of the way in which general managers formulate and implement business level strategy and corporate level strategy in today's market economy. These techniques will incorporate tools and perspectives for international and cooperative strategy. In this course students will also develop skills and perspectives in corporate leadership, corporate parenting, and corporate entrepreneurship. *4 credit hours*

Chemistry

CHM1010 General Chemistry

Prerequisite(s): MAT0099 plus one other MAT course

Corequisite(s): None

CHM1010 is a survey course of general chemistry, organic chemistry and biochemistry. Fundamental concepts and principles will be presented including atomic theory, bonding, nomenclature, solutions, acids and bases, and an introduction to organic chemistry and biochemistry. Emphasis will be placed on the application of these topics in various health fields. This overview provides the health-care worker the ability to appreciate physiological and therapeutic processes at the molecular level. The course will also explore the role of chemistry in society today by applying a problem solving approach to understanding chemistry. *4 credit hours*

Communications

COM2006 Interpersonal Communication

Prerequisite(s): None

Corequisite(s): None

This course examines the fundamental role of communication in establishing and maintaining relationships. By surveying leading research and theories in interpersonal communication, students explore scholarly perspectives on how individuals enter into, maintain, and terminate relationships. Conceptual perspectives examined will include communicative competence, relational development, interaction process, codes, and context. This course has a prescriptive orientation, meaning that it is geared toward learning how to be a more competent communicator by being oriented towards others. *4 credit hours*

Counseling

CNS6002 Counseling Theory

Prerequisite(s): None

Corequisite(s): None

The basic theory, principles, and techniques of counseling and its application to professional counseling settings are explained. Also considered are the various theories of counseling and issues (e.g., counselor self-evaluation (moral), ethical, and legal) in the practice of professional counseling. *4.5 credit hours Quarter 1 or Approval of the Program Director*

CNS6006 Counseling Theory Seminar

Prerequisite(s): None

Corequisite(s): None

The basic theory, principles, and techniques of counseling and its application to professional multicultural counseling settings are explained. Also considered are the various theories, principles and techniques of counseling and issues (e.g., counselor self-evaluation (moral), ethical, and legal) in the practice of professional counseling. An orientation to wellness and prevention as desired counseling goals, essential interviewing and counseling skills, and consultation theories and their application in various professional settings will be integrated in this course. An understanding of the family and systems theories will be conveyed. This coursework will conclude with crisis intervention and suicidal prevention models. This course is designed for students pursuing North Carolina Licensure requirements of this core course. *0.5 credit hour*

CNS6018 Psychopathology

Prerequisite(s): None

Corequisite(s): None

This course involves an introduction to the study of abnormal behaviors in children, adolescents, and adults. The etiology, definition, prevalence rate, and morbidity of disorders in the DSM-IV-TR are reviewed. The course will focus on an introduction to the science and art of clinical assessment as the foundation of practice in mental health settings and the use of assessment techniques in a professional and ethical manner. In part, adjustment disorders, V codes, and the ICD system will be studied. Students will primarily concentrate on serious mental disorders in the context of normal lifecycle transitions and review various methods of treatment related to the disorders covered. The course will make a concerted effort to apply the above to the "real world" of mental health professionals by examining treatment and assessment considerations. *4.5 credit hours Quarter 2 or Approval of the Program Director*

CNS6050 Lifespan Development

Prerequisite(s): None

Corequisite(s): None

This course includes studies that provide a broad understanding of the nature and needs of individuals at all levels of development: normal and abnormal behavior; personality theory; lifespan theory; and learning theory within cultural contexts. Appropriate strategies for facilitating development over the lifespan are also integrated into the course. *4.5 credit hours Quarter 1 or Quarter 3 or Approval of the Program Director*

CNS6051 Diagnostics of Psychopathology and Treatment

Prerequisite(s): None

Corequisite(s): None

This course provides advanced training in the assessment, diagnosis, and treatment of serious psychopathology as depicted in the standard nomenclature of the DSM-IV-TR and subsequent revisions/editions. Students will focus on the descriptions, etiology, and major diagnostic categories in order to effectively utilize Axis I through Axis V diagnostic dimensions to develop appropriate treatment options. In addition, students will learn how to utilize the International Classification of Diseases (ICD) and Clinical Modification System according to the latest version. Upon completing the course, students will have an understanding of the techniques practitioners use in the diagnosis and treatment of psychopathology. *4.5 credit hours Quarter 3 or Approval of the Program Director*

CNS6056 Lifespan Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course includes studies that provide a broad understanding of the nature and needs of individuals at all levels of development: normal and abnormal behavior; personality theory; lifespan theory; and learning theory within cultural contexts including an understanding of developmental crises, disability, psychopathology, and situational and environmental factors that affect both normal and abnormal behavior. Included in this course are current understandings about neurobiological behavior; theories and models of individual, cultural, couple, family, and community resilience; theories and etiology of addictions and addictive behaviors, including strategies for prevention, intervention, and treatment; and theories for facilitating optimal development and wellness over the life span.

Appropriate strategies for facilitating development over the lifespan are also integrated into the course. In addition, the coursework shall highlight the effects of crises, disasters, and other trauma-causing events on persons of all ages. This course is designed for students who are desiring to fulfill the North Carolina Licensure requirements of this core course. Austin, Columbia, Richmond, Savannah, and Virginia Beach Campuses. *0.5 credit hour*

CNS6161 Counseling Techniques

Prerequisite(s): None

Corequisite(s): None

A fundamental study of the helping relationship is provided. The course provides a broad understanding of philosophical bases of helping processes: counseling theories and their application: basic and advanced helping skills; consultation theories and their application: client and helper self-understanding and self-development; and facilitation of client change. *4 credit hours Quarter 2 or Approval of the Program Director*

CNS6313 Professional Orientation and Ethics

Prerequisite(s): None

Corequisite(s): None

This course will provide an in-depth review of the multifaceted aspects (historical, philosophical, societal, cultural, economic, political), professional identity (e.g., roles, functions), and practice issues (e.g., managed care, reimbursement, expert witness status) specific to Clinical Mental Health Counselors. The course also examines ethical and legal standards (ACA and AMHCA Code of Ethics), risk management, and professional credentialing according to the Foundations of Clinical Mental Health Counseling. *4.5 credit hours Quarter 1 or Approval of the Program Director*

CNS6317 Professional and Ethical Issues Seminar

Prerequisite(s): None

Corequisite(s): None

This course will provide an in-depth review of the multifaceted aspects (historical, philosophical, societal, cultural, economic, political), professional identity (e.g., roles, functions, self-care), and practice issues (e.g., managed care, reimbursement, expert witness status) specific to Clinical Mental Health Counselors. The course also examines ethical and legal standards (ACA and AMHCA Code of Ethics), risk management, supervision models, practices, and professional credentialing according to the Foundations of Clinical Mental Health Counseling. This course shall include the counselors' roles and responsibilities as members of an interdisciplinary emergency management response team during a local, regional, or national crisis, disaster or other trauma-causing event. This course is designed for students pursuing North Carolina Licensure requirements of this core course. *0.5 credit hour*

CNS6425 Clinical Mental Health Counseling

Prerequisite(s): None

Corequisite(s): None

This course will provide an introduction to the field of clinical mental health counseling according to clinical and professional issues. Specifically, students will examine treatment delivery systems and gain an understanding of the dynamic interplay of professionals within these systems. The course will also focus on program analysis via theory and empirical methods. *4 credit hours Quarter 3 or Quarter 5 or Approval of the Program Director*

CNS6504 Group Dynamics Seminar

Prerequisite(s): None

Corequisite(s): None

A broad understanding of group development, dynamics, methods, and counseling theories is explored. Group leadership styles are discussed in addition to basic and advanced group counseling theories, methods, and skills. Different approaches to conducting group counseling are reviewed in addition to the appropriate counselor self-evaluation (e.g., moral), ethical, and legal considerations in the field of professional counseling. This course is designed for students pursuing North Carolina Licensure requirements of this core course. *0.5 credit hour*

CNS6509 Group Dynamics

Prerequisite(s): None

Corequisite(s): None

A broad understanding of group development, dynamics, and counseling theories is explored. Group leadership styles are discussed in addition to basic and advanced group counseling methods and skills. Different approaches to conducting group counseling are reviewed in addition to the appropriate counselor self-evaluation (e.g., moral), ethical, and legal considerations in the field of professional counseling. *4.5 credit hours Quarter 4 or Approval of the Program Director*

CNS6529 Research and Statistical Evaluation

Prerequisite(s): None

Corequisite(s): None

Studies that provide a basic understanding of types of research are presented: basic statistics; research report development; and research implementation. Other areas studied include program evaluation; needs assessment; publication of research information; parametric and non-parametric statistics; quantitative and qualitative research designs; the use of computers for data management and analysis; including ethical and legal considerations pertinent to the professional counselor. *4.5 credit hours Quarter 4 in the 8 Quarter program or Quarter 6 in 10 Quarter program or Approval of the Program Director*

CNS6532 Research and Evaluation Seminar

Prerequisite(s): None

Corequisite(s): None

Studies that provide a basic understanding of types of research are presented: basic statistics; research report development; and research implementation. The research includes studies that provide a broad understanding of the importance of research in advancing the counseling profession. Other areas studied include program evaluation; needs assessment; publication of research information; parametric and non-parametric statistics; quantitative and qualitative research designs; the use of computers for data management and analysis; including ethical and legal considerations pertinent to the professional counselor including culturally relevant strategies for interpreting and reporting the results

of research and program evaluation studies. This course is designed for students pursuing North Carolina Licensure requirements of this core course. *0.5 credit hour*

CNS6535 Clinical Mental Health Appraisal I

Prerequisite(s): None

Corequisite(s): None

A broad understanding of group and individual educational and psychometric theories, ethical, and legal approaches to appraisal is the goal of this course; also examined are data and information gathering methods; validity and reliability; psychometric statistics; factors influencing appraisals; and use of appraisal results in helping processes. Also, the specific ability to select, administer and interpret tests and inventories to assess abilities, interests, and identify career options is considered. *4.5 credit hours Quarter 3 in the 8 Quarter program or Quarter 5 in 10 Quarter program or Approval of the Program Director*

CNS6538 Clinical Mental Health Appraisal Seminar

Prerequisite(s): None

Corequisite(s): None

A broad understanding of group and individual educational and psychometric theories are covered in this course. Studies that provide a broad understanding of historical perspectives concerning the nature and meaning of assessment as well as basic concepts of standardized and non-standardized testing and other assessment techniques. Ethical and legal approaches to appraisal is the goal of this course. Also examined are data and information gathering methods; validity and reliability; psychometric statistics; factors influencing appraisals; social and cultural factors related to the assessment and evaluation; and ethical strategies for selecting, administering, and interpreting assessment, evaluation instruments and techniques in counseling and use of appraisal results in helping processes. Also, the specific ability to select, administer and interpret tests and inventories to assess abilities, interests, and identify career options is considered. This course is designed for students pursuing North Carolina Licensure requirements of this core course. *0.5 credit hour*

CNS6565 Multicultural Foundations

Prerequisite(s): None

Corequisite(s): None

This course includes studies of multicultural and pluralistic trends including characteristics and concerns of diverse groups; attitudes and behavior based on factors such as age, race, religious preference, physical disability, social class, sexual orientation, ethnicity and culture, family patterns, and gender. This course is meant to sensitize students to the impact of culture on the counselor's understanding of individuals from diverse backgrounds, counselor self-evaluation (e.g., moral), ethical, and legal considerations in the context of professional counseling. *4.5 credit hours Quarter 2 in the 8 Quarter program or Quarter 4 in 10 Quarter program or Approval of the Program Director*

CNS6568 Multicultural Foundations Seminar

Prerequisite(s): None

Corequisite(s): None

This course includes studies of multicultural and pluralistic trends including characteristics and concerns of diverse groups; providing an understanding of theories of multicultural counseling, identity development, and social justice while examining attitudes and behavior based on factors such as age, race, religious preference, physical disability, social class, sexual orientation, ethnicity and culture, family patterns, gender and review of the processes of intentional and unintentional oppression and discrimination. This course is meant to sensitize students to the impact of culture on the counselor's understanding of individuals from diverse backgrounds, counselor self-evaluation (e.g., moral), ethical, and legal considerations in the context of professional counseling. This coursework shall include study of attitudes, beliefs, understandings, and acculturative experiences, including specific experiential learning activities designed to

foster students' understanding of self and culturally diverse clients. This course is designed for students pursuing North Carolina Licensure requirements of this core course. *0.5 credit hour*

CNS6602 Lifestyle and Career Development

Prerequisite(s): None

Corequisite(s): None

This course includes studies that provide an understanding of career development theories and decision-making models; occupational and educational information sources and systems; assessment instruments and techniques relevant to career planning and decision-making; career, lifestyle, and leisure counseling, guidance and education; and career development program planning, resources, and effectiveness evaluation. Students also focus on counseling techniques involving special populations, the role of technology, counselor self-evaluation (e.g., moral), ethical, and legal considerations. *4.5 credit hours Quarter 4 or Quarter 7 or Approval of the Program Director*

CNS6605 Lifestyle and Career Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course includes studies that provide an understanding of career development theories and decision-making models; occupational and educational information sources and systems; assessment instruments and techniques relevant to career planning and decision-making; career, lifestyle, and leisure counseling, guidance and education; and career development program planning, resources, and effectiveness evaluation in a global economy. Students also focus on counseling techniques involving special populations, the role of technology, counselor self-evaluation (e.g., moral), ethical, and legal considerations. The coursework shall increase the knowledge of the interrelationships among and between work, family, and other life roles and factors, including the role of multicultural issues in career development. This course is designed for students pursuing North Carolina Licensure requirements of this core course. *0.5 credit hour*

CNS6709 Couples, Marital, and Family Dynamics

Prerequisite(s): None

Corequisite(s): None

A broad theoretical and practical foundation for counseling couples and families is emphasized. It provides a survey of current approaches in family, couples and marital counseling with an emphasis on various systemic models of family functioning and therapeutic intervention. This course provides an analysis of the importance of family, social and community systems in the treatment of mental and emotional disorders. *4 credit hours Quarter 8 in the 8 Quarter program or Quarter 10 in 10 Quarter program or Approval of the Program Director*

CNS6775 Counseling Administration, Advocacy, Supervision and Policy

Prerequisite(s): None

Corequisite(s): None

A study of mental health services and program management involving administration, finance, and budgeting in the private and public sectors, in addition to both individual and group private practice models. Students will be exposed to the foundations and practices of clinical supervision in the context of professional development. The course will also provide knowledge concerning community consultation and strategies for engaging in advocacy for the profession, including public policy and governmental relations. *4 credit hours Quarter 8 in the 8 Quarter program or Quarter 10 in 10 Quarter program or Approval of the Program Director*

CNS6800 Human Sexuality

Prerequisite(s): None

Corequisite(s): None

This course is designed for the counseling professional whose work will bring them in contact with client issues associated with human sexuality. Students will: develop their knowledge base in human sexuality, increase understanding of the varied sexuality issues that may be brought up in a counseling session, learn appropriate assessment and intervention skills when working with clients experiencing problems with their sexuality, and increase awareness of their own beliefs and perceptions related to sexuality issues. The goal of this course is to assist students in becoming more effective in identifying, assessing and intervening with human sexuality in the counseling field. *4 credit hours Quarter 4 or Approval of the Program Director*

CNS6850 Psychopharmacology

Prerequisite(s): None

Corequisite(s): None

The course is designed to expose students to the taxonomy, side effects, and contraindications of commonly prescribed psychopharmacological medications. It is intended that students will gain an understanding of the contributions of medication regarding mental illness and an awareness of the collaborative relationship with medical personnel in the field of mental health counseling. *4 credit hours Quarter 7 or Approval of the Program Director*

CNS6901 Diagnosis and Treatment of Addictive Disorders

Prerequisite(s): None

Corequisite(s): None

This course will introduce students to the history, philosophy, and trends in addictions counseling. Students will examine prevalence rates, etiology, course, duration, and the diagnostic features of disorders within a biopsychosocial context and through use of the DSM. Additionally, multiple treatment modalities will be explored with regard to inpatient, outpatient, residential, and self-help strategies. *4 credit hours Quarter 5 in the 8 Quarter program or Quarter 9 in 10 Quarter program or Approval of the Program Director*

CNS7010 Practicum IA (100 clinical hours)

Prerequisite(s): None

Corequisite(s): None

In this initial, supervised field placement experience, the student is required to spend a minimum of 10 hours per week at the field placement site and to have a minimum of 40 direct contact (counseling) hours with clients, receive 10 hours of individual supervision, and receive 15 hours of group supervision during the academic term. During the practicum, the student will apply knowledge and skills learned throughout the curriculum in work with actual clients. This course is taken by students pursuing the Clinical Mental Health Counseling track and students pursuing the advanced training required to assess and treat serious problems as categorized in the standard diagnostic nomenclature in the state of South Carolina. *1 credit hour Quarter 4 in the 8 Quarter program or Quarter 6 in 10 Quarter program or Approval of the Program Director*

CNS7011 Practicum IB (100 clinical hours)

Prerequisite(s): CNS7010

Corequisite(s): None

In this second course, supervised field placement experience, the student is required to spend a minimum of 10 hours per week at the field placement site and to have a minimum of 40 direct contact (counseling) hours with clients, receive 10 hours of individual supervision, and receive 15 hours of group supervision during the academic term. During the

practicum, the student will apply knowledge and skills learned throughout the curriculum in work with actual clients. This course is taken by students pursuing the Clinical Mental Health Counseling track and students pursuing the advanced training required to assess and treat serious problems as categorized in the standard diagnostic nomenclature in the state of South Carolina. *1 credit hour Quarter 5 in the 8 Quarter program or Quarter 7 in 10 Quarter program or Approval of the Program Director*

CNS7510 Internship IA (200 clinical hours)

Prerequisite(s): CNS7010 and CNS7011

Corequisite(s): None

During this internship experience, the student is expected to perform activities a regularly employed staff member would perform. Students are required to spend a minimum of 20 hours per week at the field placement site and to have a minimum of 90 direct service hours (minimum of 9 hours/ week) with clients, receive a minimum of 25 hours of supervision during the academic term of which 10 hours must be individual supervision and 15 hours group supervision. *4 credit hours Quarter 6 in the 8 Quarter program or Quarter 8 in 10 Quarter program or Approval of the Program Director*

CNS7610 Internship IIA (200 clinical hours)

Prerequisite(s): CNS7010, CNS7011 and CNS7510

Corequisite(s): None

During this internship experience, the student is expected to perform activities a regularly employed staff member would perform. Students are required to spend a minimum of 20 hours per week at the field placement site and to have a minimum of 90 direct service hours (minimum of 9 hours/ week) with clients, receive a minimum of 25 hours of supervision during the academic term of which 10 hours must be individual supervision and 15 hours group supervision. *4 credit hours Quarter 7 in the 8 Quarter program or Quarter 9 in 10 Quarter program or Approval of the Program Director*

CNS7611 Internship IIB (200 clinical hours)

Prerequisite(s): CNS7010, CNS7011, CNS7510 and CNS7610

Corequisite(s): None

During this internship experience, the student is expected to perform activities a regularly employed staff member would perform. Students are required to spend a minimum of 20 hours per week at the field placement site and to have a minimum of 90 direct service hours (minimum of 9 hours/ week) with clients, receive a minimum of 25 hours of supervision during the academic term of which 10 hours must be individual supervision and 15 hours group supervision. *4 credit hours Quarter 8 in the 8 Quarter program or Quarter 10 in 10 Quarter program or Approval of the Program Director*

CNS7900 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 1 or Approval of the Program Director*

CNS7901 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 2 or Approval of the Program Director*

CNS7902 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 3 or Approval of the Program Director*

CNS7903 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 4 or Approval of the Program Director*

CNS7904 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge

regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 5 or Approval of the Program Director*

CNS7905 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 6 or Approval of the Program Director*

CNS7906 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as a academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 7 or Approval of the Program Director*

CNS7907 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 8 or Approval of the Program Director*

CNS7908 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. Pass/Fail 0 credit hours *Quarter 9 or Approval of the Program Director*

CNS7909 Clinical and Professional Development Seminar

Prerequisite(s): None

Corequisite(s): None

This course is designed to serve as an academic, clinical and professional development opportunity for students to gain 1) additional experience and knowledge regarding case conceptualizations and clinical skill development, 2) professional presentation experience in the context of campus and system-wide audiences, 3) advanced knowledge regarding ethical, legal, and professional issues in the profession, 4) exposure to techniques that will enhance their professional development and marketability following graduation in the context of employment and/or graduate studies at the doctoral level. *Pass/Fail 0 credit hours Quarter 10 or Approval of the Program Director*

CNS7950 Child/Adolescent Psychopathology and Treatment

Prerequisite(s): None

Corequisite(s): None

This course involves an in-depth analysis of abnormal behaviors in children and adolescents. The etiology, definition, prevalence rate, and morbidity of disorders in the DSM-IV-TR are reviewed. The course will focus on an introduction to the science and art of clinical assessment as the foundation of practice in mental health settings and the use of assessment techniques in a professional and ethical manner, toward the implementation of treatment. In part, adjustment disorders, V codes, and the ICD system will be studied. Students will primarily concentrate on serious mental disorders in the context of normal lifecycle transitions and review various methods of treatment related to the disorders covered. The course will make a concerted effort to apply the above to the "real world" of mental health professionals by examining treatment and assessment considerations. *4 credit hours Quarter 6 in the 8 Quarter program or Quarter 8 in 10 Quarter program or Approval of the Program Director*

CNS7970 Crisis and Trauma

Prerequisite(s): None

Corequisite(s): None

This course will provide an understanding of biopsychosocial factors involved with the presentation of mental illness. In particular, students will learn the advanced skills necessary for conducting intake interviews, mental status examinations, and treatment planning for mental illnesses for the purpose of assessing, diagnosing, planning treatment intervention, and managing caseloads in a clinical mental health setting. *4 credit hours Quarter 7 in the 8 Quarter program or Quarter 9 in 10 Quarter program or Approval of the Program Director*

CNS8100 Preliminary Clinical Evaluation

Prerequisite(s): None

Corequisite(s): None

This experience is designed to serve as a preliminary examination of the knowledge and skills obtained/achieved by a student, to date, in the program. The bodies of knowledge include (yet are not limited to) Clinical Intervention and Professional Practice Issues. The examination is comprised of 1) Clinical Case Conceptualizations and a 2) Mental Status Examination. Students must pass all portions of the exam in order to advance in the program. Those desiring to take the examination must have student status (as defined by South University) in order to enroll and sit for the exam. *Pass/Fail 0 credit hours Quarter 3 or Approval of the Program Director*

CNS8101 Preliminary Didactic Evaluation

Prerequisite(s): None

Corequisite(s): None

This experience is designed to serve as a preliminary examination of the knowledge and skills obtained/achieved by a student, to date, in the program. The bodies of knowledge include (yet are not limited to) Human Growth and Development, Social and Cultural Foundations, Helping Relationships, Group Work, Career and Lifestyle Development, Appraisal, Research and Program Evaluation, Professional Orientation and Ethics, Fundamentals of Counseling, Assessment and Career Counseling, and Group Counseling. The examination is comprised of a multiple choice exam. Students must pass all portions of the exam in order to advance in the program. Those desiring to take the examination must have student status (as defined by South University) in order to enroll and sit for the exam. Pass/Fail *0 credit hours Quarter 4 in the 8 Quarter program or Quarter 6 in 10 Quarter program or Approval of the Program Director*

CNS8201 Clinical Evaluation

Prerequisite(s): None

Corequisite(s): None

This experience is designed to serve as the formal examination of the knowledge and skills obtained/achieved by a student, to date, in the program. The bodies of knowledge include (yet are not limited to) Clinical Intervention and Professional Practice Issues. The examination is comprised of 1) Clinical Case Conceptualizations and a 2) Mental Status Examination. Students must pass all portions of the exam in order to advance in the program. Those desiring to take the examination must have student status (as defined by South University) in order to enroll and sit for the exam. Pass/Fail *0 credit hours Quarter 5 in the 8 Quarter program or Quarter 7 in 10 Quarter program or Approval of the Program Director*

CNS8202 Didactic Evaluation

Prerequisite(s): None

Corequisite(s): None

This experience is designed to serve as the formal examination of the knowledge and skills obtained/achieved by a student, to date, in the program. The bodies of knowledge include (yet are not limited to) Human Growth and Development, Social and Cultural Foundations, Helping Relationships, Group Work, Career and Lifestyle Development, Appraisal, Research and Program Evaluation, Professional Orientation and Ethics, Fundamentals of Counseling, Assessment and Career Counseling, and Group Counseling. The examination is comprised of a multiple choice exam. Students must pass all portions of the exam in order to advance in the program. Those desiring to take the examination must have student status (as defined by South University) in order to enroll and sit for the exam. Pass/Fail *0 credit hours Quarter 6 in the 8 Quarter program or Quarter 8 in 10 Quarter program or Approval of the Program Director*

Criminal Justice

CRJ1001 Introduction to Criminal Justice System

Prerequisite(s): None

Corequisite(s): None

This course is intended to be an examination of the criminal justice system and will provide a core understanding of the history, processes and functions of the three primary components: law enforcement, corrections and the court system. Emphasis will be placed on contemporary problems in the definition of law, strategies of policing, judicial systems, enforcement of the law, correctional practices and sentencing. This course will familiarize students with the operation

of the criminal justice system and law enforcement in the United States and provide an appreciation for the diverse values and viewpoints that make up that system. *4 credit hours*

CRJ2100 Introduction to Law Enforcement

Prerequisite(s): CRJ1001

Corequisite(s): None

This course is intended to be an overview of contemporary policing in the United States. The course explores the principles of policing, history of police, police administration and police operations. The overall goal of the course is to familiarize students with the field of law enforcement in the United States. *4 credit hours*

CRJ2200 Introduction to Criminal Courts

Prerequisite(s): CRJ1001

Corequisite(s): None

This course provides a comprehensive look at the criminal court system in the United States. All levels are explored (local, state, federal, and international courts). Courtroom work groups as well as the roles of judges are examined. Relevant issues such as judicial selection, judicial decision making, and judicial review are covered. Trends in the court system will also be discussed. *4 credit hours*

CRJ2300 Introduction to Corrections

Prerequisite(s): CRJ1001

Corequisite(s): None

This course provides a broad examination of the American correctional system. The course considers the purposes of punishment and examines correctional facilities as well as community-based corrections. The student will examine the challenges related to operating a facility, including respecting the rights of inmates while ensuring safety and security. The course concludes with a review of key contemporary issues, including the death penalty. *4 credit hours*

CRJ2800 Criminal Law and Procedures

Prerequisite(s): CRJ1001

Corequisite(s): None

This course begins with an introduction to the nature of criminal law, including the definitions and elements of crimes and defenses available to those being prosecuted. The course then examines the procedures that take place after an arrest is made, including pre-trial activities, courtroom processes, jury procedures, and appeals. *4 credit hours*

CRJ3003 Juvenile Delinquency

Prerequisite(s): CRJ1001

Corequisite(s): None

This course examines the nature and extent of delinquency, as well as theories of delinquency and the various causes. In addition, an overview of the juvenile justice system will be presented. Specifically, issues and trends regarding juveniles and the police, the juvenile court system, and juvenile corrections will be examined. Current methods of treatment and prevention will also be discussed. *4 credit hours*

CRJ3004 Race, Class, and Gender in Criminal Justice

Prerequisite(s): CRJ1001, CRJ2100, CRJ2200, CRJ2300

Corequisite(s): None

This course will focus on theoretical foundations and current research on theories of racial, ethnic, class, and gender

discrimination within America's criminal justice system. Emphasis will be placed on the most recent research on patterns of criminal behavior and victimization, police practices, court processing and sentencing, the death penalty, and correctional programs as they relate to minority groups. *4 credit hours*

CRJ3005 Criminal Justice Management and Administration

Prerequisite(s): CRJ1001, CRJ2100, CRJ2200, CRJ2300

Corequisite(s): None

This course covers modern management theory and the application of management techniques to the criminal justice system. This course focuses on criminal justice managers and supervisors, their jobs, and the complicated interrelationships between members of criminal justice agencies and the communities they serve. Topics covered include: leadership, organizational behavior, and employee supervision. *4 credit hours*

CRJ3011 Criminology

Prerequisite(s): CRJ1001, CRJ2100, CRJ2200, CRJ2300

Corequisite(s): None

This course focuses on the causes of crime and theories of criminal behavior including, biological, psychological and sociological theories. Students will also explore recent developments in criminological theory and current issues in criminology. *4 credit hours*

CRJ3014 Criminal Justice and the Media

Prerequisite(s): CRJ3011

Corequisite(s): None

Criminal Justice and the Media will explore the relationship between the mass media, crime and the criminal justice system in the United States. It will examine the role media plays in the social construction of crime and justice, and the impact of the media on attitudes and perceptions of crime and criminality. Particular attention is paid to the relationship of the media and crime prevention, and the impact of the media on the operations of the agencies in the criminal justice system from law enforcement to corrections. *4 credit hours*

CRJ3015 White Collar Crime

Prerequisite(s): None

Corequisite(s): None

This course examines the various types of "white-collar" and economic crimes in America. These include corporate crimes, such as consumer fraud and stock fraud, environmental crimes, corruption, medical crime, and computer-based crime. Students will learn about pyramid schemes, e-mail and Web-based crimes, boiler-room operations, and criminal organizations posing as religions or charities. *4 credit hours*

CRJ3023 Organized Crime

Prerequisite(s): None

Corequisite(s): None

This course is intended to provide a historical review of activities of national and international organized groups. Emphasis is placed on the nature and concept of organized crime, both traditional and nontraditional, as well as the rise of the modern street gang. Cultural and social implications of the presence of organized crime and emerging strategies used in the fight against organized crime are examined in depth. *4 credit hours*

CRJ3024 Serial Killers and Mass Murderers

Prerequisite(s): CRJ1001, CRJ2100, CRJ2200, CRJ2300

Corequisite(s): None

This course involves the exploration into serial killers and mass murderers, and the impact each has on society and individual victims. This course examines issues of causation and the social environmental linkage of recent and notorious cases including the mind set of offenders. *4 credit hours*

CRJ3025 Comparative Criminal Justice Systems

Prerequisite(s): CRJ1001, CRJ2100, CRJ2200, CRJ2300

Corequisite(s): None

This course examines systems of law, police, courts, and corrections in different countries to show the various ways policing, adjudication and corrections systems can be organized and operated. *4 credit hours*

CRJ3026 Concepts in Crime Mapping and Prevention

Prerequisite(s): CRJ1001

Corequisite(s): None

This course is intended to be an overview of the various facets of crime mapping and prevention theories including, criminal behavior and victimology. Emphasis will be placed on understanding the role of place and space in crime theory, in analyzing crime patterns, and how the environment can be altered to prevent crime and/or reduce the fear of crime. *4 credit hours*

CRJ3300 Community Based Corrections

Prerequisite(s): CRJ1001, CRJ2300

Corequisite(s): CRJ2300

This course will introduce students to the procedures, practices, and personnel involved in community-based corrections. Students will learn about the wide array of effective punishments and treatment programs that constitute alternatives to incarceration, and which are designed to meet the level of risk posed by, and the needs of, each individual. These include probation, parole, electronic monitoring, house arrest, day-treatment centers, boot camps, restitution, fines, and more. *4 credit hours*

CRJ3500 Ethics in Criminal Justice

Prerequisite(s): CRJ1001, CRJ2100, CRJ2200, CRJ2300

Corequisite(s): None

This course examines ethical issues faced by actors in the criminal justice system. The focus will be placed on the philosophical and practical approaches to solve ethical dilemmas within the complicated criminal justice system. *4 credit hours*

CRJ3600 Introduction to Forensics

Prerequisite(s): CRJ1001

Corequisite(s): None

This course will be an in-depth look at specific areas of forensic science. The course will focus on the Crime Scene, Physical Evidence, Organic and Inorganic Analysis, Paint Analysis, Fire and Explosion Investigation, Fingerprints, and Impressions. *4 credit hours*

CRJ4001 Victimology

Prerequisite(s): CRJ3011

Corequisite(s): None

The course is a comprehensive look at the theories of victimology and the interaction of crime victims with others in the criminal justice system. *4 credit hours*

CRJ4002 Restorative Justice

Prerequisite(s): CRJ1001, CRJ2100

Corequisite(s): None

This course defines restorative justice and its values, explores its foundational underpinnings, and details ways to build restorative justice into policy and practice. The course will expose students to how restorative justice fits into our criminal justice system and how it can be applied effectively. *4 credit hours*

CRJ4003 Critical Issues in Criminal Justice

Prerequisite(s): CRJ1001, CRJ2100, CRJ2200, CRJ2300

Corequisite(s): None

This course examines contemporary issues involving the criminal justice system. Students will investigate all sides of current controversies and analyze their impact on the institutions that comprise the system *4 credit hours*

CRJ4009 Illegal Immigration and the Criminal Justice System

Prerequisite(s): CRJ1001

Corequisite(s): None

This course provides an in-depth overview of immigration policy in the United States with a focus on how immigration patterns, laws, and related policies have affected the criminal justice system. Current issues related to immigration and its effects on American society will be analyzed including ways immigrants find their way into the United States, find work, residency issues, and the roles of the criminal justice system in responding to the presence of documented and undocumented immigrants. Proposed changes to immigration law and policies, including criminal justice system responses, will also be examined. *4 credit hours*

CRJ4011 Terrorism and Homeland Security

Prerequisite(s): CRJ1001

Corequisite(s): None

This course focuses on the theories of domestic and international terrorism and the criminal justice response to homeland security. *4 credit hours*

CRJ4015 Bloodstain Pattern Analysis

Prerequisite(s): CRJ3600

Corequisite(s): None

This course explains the underlying scientific principles involved in bloodstain pattern analysis, which helps in the reconstruction of violent crime scenes. Topics include, the general properties of blood, droplet directionality, documenting bloodstains, and dealing with the risk of blood borne pathogens. *4 credit hours*

CRJ4021 Cyber Crime

Prerequisite(s): CRJ1001, CRJ2100

Corequisite(s): None

This course is designed to introduce the student to the investigation of computer crime and the forensic examination of digital evidence. This course involves intensive study of the history and terminology of computer crime; the types of crimes committed in cyberspace; a behavioral profile of computer offenders; legal issues in cyberspace; the proper collection and preservation of digital evidence, and an overview of computer forensics. *4 credit hours*

CRJ4500 Violence in Society

Prerequisite(s): CRJ1001

Corequisite(s): None

This course will provide an overview of violence and its impact on society. This course examines a number of different types of both individual and collective violent acts and the behaviors, ideas, perceptions, and justifications that connect these different types of violence. The course will also look at violence prevention and possible solutions for violence reduction. *4 credit hours*

CRJ4600 Crime Scene Investigation and Case Management

Prerequisite(s): CRJ1001, CRJ3600

Corequisite(s): None

This course covers crime scene investigation and reconstruction, focusing on effective methodologies and efficient investigation of crime scenes and criminal tools including fundamental collection, preservation and management techniques, documentation protocols, and proper courtroom presentation techniques. *4 credit hours*

CRJ4650 Forensic Issues

Prerequisite(s): CRJ1001, CRJ3600

Corequisite(s): None

This course will be an in-depth look at specific areas of forensic science. The course will focus on the collection, preservation, and examination of physical evidence, drug analysis, toxicology, biological evidence, firearms, documents, fingerprints, and digital evidence. *4 credit hours*

CRJ4995 Criminal Justice Internship I

Prerequisite(s): Agreement of the Department Chair or respective Program Director

Corequisite(s): None

The internship/practicum program within South University's Department of Criminal Justice is designed specifically to enable the student to apply classroom knowledge to the work environment, and to better prepare the graduate to seek entry-level employment in the criminal justice field. It will expose the student to the qualifications and requirements of various employing agencies and give him or her experience to meet those requirements. It is intended that the student will participate in the work of the internship/practicum agency, and when possible, make contributions. Students are expected to complete 120 total hours at the internship site. *4 credit hours*

CRJ4996 Criminal Justice Internship II

Prerequisite(s): Agreement of the Department Chair or respective Program Director

Corequisite(s): None

The internship/practicum program within South University's Department of Criminal Justice is designed specifically to enable the student to apply classroom knowledge to the work environment, and to better prepare the graduate to seek

entry-level employment in the criminal justice field. It will expose the student to the qualifications and requirements of various employing agencies and give him or her experience to meet those requirements. It is intended that the student will participate in the work of the internship/practicum agency, and when possible, make contributions. Students are expected to complete 120 total hours at the internship site. *4 credit hours*

CRJ4997 Criminal Justice Internship III

Prerequisite(s): Agreement of the Department Chair or respective Program Director

Corequisite(s): None

The internship/practicum program within South University's Department of Criminal Justice is designed specifically to enable the student to apply classroom knowledge to the work environment, and to better prepare the graduate to seek entry-level employment in the criminal justice field. It will expose the student to the qualifications and requirements of various employing agencies and give him or her experience to meet those requirements. It is intended that the student will participate in the work of the internship/practicum agency, and when possible, make contributions. Students are expected to complete 120 total hours at the internship site. *4 credit hours*

CRJ4999 Senior Seminar (Capstone)

Prerequisite(s): Completion of all CRJ courses or Co-Completion

Corequisite(s): None

The Senior Seminar (Capstone) course is designed to provide students the opportunity to reflect upon their Criminal Justice education and demonstrate the specific competencies acquired from prior coursework. This course is designed to ensure that graduates of the Criminal Justice program are equipped with the knowledge and skills necessary to pursue further study in the discipline or seek entry-level positions within criminal justice agencies or related professional organizations. The Capstone course emphasizes the connection between scholarship, policy and practice. *4 credit hours*

MCJ5001 Foundations in Criminal Justice

Prerequisite(s): None

Corequisite(s): None

This course is intended to be an overview of the historical and contemporary criminal justice system and an introductory look at student research interests. Emphasis will be placed on the relationships among law enforcement, courts, and corrections with an introduction to the basic categories of criminal behavior. The overall goal of the course is to prepare the individual for success as a graduate student and in the study of criminal justice. Students will learn to recognize and utilize appropriate scholarly sources, how to critique those sources, and use them to develop a topic suitable for a capstone project. *4 credit hours*

MCJ5003 Ethics and Moral Behavior in the Criminal Justice System

Prerequisite(s): None

Corequisite(s): None

This advanced course in ethics and moral behavior discusses, examines, considers and critiques the various facets of justice, crime, and ethics within the criminal justice system. A major emphasis will be placed on the theoretical foundations of ethics as they apply to the fields of criminal justice practice. Students will examine the diverse values and ethical dilemmas that arise in law enforcement, the courts and corrections. In addition, we will explore the same concerns in the formulation of crime control policies at the federal, state, and local levels. *4 credit hours*

MCJ5100 Advanced Research Methods and Analysis I

Prerequisite(s): Undergraduate course in Statistics or equivalent

Corequisite(s): None

This course will provide an overview of research methods and data analysis in criminal justice and will focus on both quantitative and qualitative methods of research. This course will cover several topics including approaches to theory and method, research ethics, research design, descriptive statistics, sampling, survey research methods, as well as participant observation and case studies. This course will introduce the student to the application of Minitab statistical software. *4 credit hours*

MCJ6001 Criminal Justice Administration

Prerequisite(s): None

Corequisite(s): None

This course is a critical examination of theories, concepts, and principles concerned with organizational behavior and functions of personnel administration with special attention paid to criminal justice applications. More specifically, this covers how these concepts may be practically applied to administrative and managerial practices in criminal justice organizations. *4 credit hours*

MCJ6002 Juvenile Justice Administration

Prerequisite(s): None

Corequisite(s): None

This class will provide an assessment of the current policies and practices of agencies that process youthful offenders. Students will examine, discuss and critique the underlying philosophy, procedures, and administration of the juvenile justice system. Major concerns will center on the effectiveness of the contemporary juvenile court, including an assessment of the policies and practices of agencies involved in processing youthful offenders through the juvenile court system. Student discussions will relate these issues to current and developing public policy. *4 credit hours*

MCJ6003 Criminological Theory

Prerequisite(s): None

Corequisite(s): None

This course provides a comprehensive analysis of major classical and current criminological perspectives including social, behavioral and biochemical theories of crime. Particular attention is given to sociological constructions of criminality. *4 credit hours*

MCJ6004 Criminal Justice Planning & Innovation

Prerequisite(s): None

Corequisite(s): None

This course discusses the application of planning theory and techniques to the criminal justice system as well as to agency specific problems. The class emphasizes problem identification, goal-setting, forecasting, and the selection of alternative courses of action. Students become familiar with computerized data analysis and case study simulation in order to illustrate suitable planning techniques as well as pitfalls that can be avoided by implementing such techniques. *4 credit hours*

MCJ6401 Critical/Controversial Issues: Law Enforcement

Prerequisite(s): None

Corequisite(s): None

This course focuses upon contemporary critical and controversial issues confronting law enforcement organizations. Discussions may include such topics as police functions; discovery of crime; gender, sexual orientation and/or race-

ethnicity issues; the changing role of the police; police training and abuse of authority; local, State and Federal interagency relations; domestic terrorism; police/media relations; police/community relations; civil liability; hazards of policing; and, progressive changes in law enforcement. *4 credit hours*

MCJ6404 Political Terrorism

Prerequisite(s): None

Corequisite(s): None

This course presents an overview of the characteristics and causes of terrorism emerging in the 21st century. Students are exposed to the emergence of modern terrorism from several different areas of the world as well as an analysis from a criminal justice perspective of terror movements affecting the United States. Relevant issues include domestic terrorism undertaken for political purposes in liberal states, state-sponsored international and domestic terrorism, and the dilemmas of counterterrorism in a democracy. *4 credit hours*

MCJ6405 Organizational Leadership

Prerequisite(s): None

Corequisite(s): None

This course provides a survey overview of the major theories and research on leadership and managerial effectiveness in formal organizations with practical suggestions for improving leadership skills. Students will focus on the practical and theoretical applications of charismatic and transformational leadership, creating and communicating vision and values, inspiring others to act, risk management, empowerment, building trust and teamwork, mentoring, managing change, and converting crisis into opportunity. *4 credit hours*

MCJ6410 Legal Issues in Criminal Justice Administration

Prerequisite(s): None

Corequisite(s): None

Using case law, this course examines a variety of legal issues critical to a thorough understanding of the various aspects of the criminal justice system. Case briefs in this course provide accurate and concise coverage of topics of vital importance to criminal justice managers and personnel including: law enforcement, prison law, probation, parole, the death penalty, juvenile justice, and sentencing mandates. *4 credit hours*

MCJ6505 Management of Critical Incidents

Prerequisite(s): None

Corequisite(s): None

This course will examine the policies and systems necessary to govern in a wide variety of emergency situations. It will explore appropriate responses to serious incidents and disasters. Students will learn the techniques involved in planning and preparing for crises, and forecasting potential crisis situations. *4 credit hours*

MCJ6601 Resource and Agency Coordination

Prerequisite(s): None

Corequisite(s): None

This course exposes students to large-scale coordination challenges involved in responding to critical incidents when dealing with the wide variety of resources and agencies involved. Topics may include identification, prioritization, and assessment of resources (including financial, human, information, and physical), and agencies (including local, state, national, and international). *4 credit hours*

MCJ6620 Special Topics in Homeland Security

Prerequisite(s): None

Corequisite(s): None

This course will focus on changes in American policy and contemporary issues confronting local, state and federal criminal justice agencies as they relate to homeland security. Specifically, students will analyze the issues, the organizations and the resources developed since 9/11 and explore the policies and practices that have been developed for this purpose. Additional topics may include the adjudication process as it relates to issues of national security and the correctional practices employed to maintain national security. *4 credit hours*

MCJ6701 Theory and Practice of Community Corrections and Re-entry Programs

Prerequisite(s): None

Corequisite(s): None

The theory, structure, functions, and effectiveness of community corrections programs are studied, with particular attention to the focus of de-institutionalization of offenders, community-based treatment centers, community service agencies, work-release programs, re-entry and current trends in community corrections. *4 credit hours*

MCJ6705 Theory and Practice of Institutional Corrections

Prerequisite(s): None

Corequisite(s): None

This course will examine the theory, structure, and effectiveness of institutional corrections including prisons and penitentiaries, the history and development of punishment and corrections in this country, and operation of institutions. Prisoners, prison life, and prisonization (imprisonment) are also addressed in this course. *4 credit hours*

MCJ6985 Applied Professional Project

Prerequisite(s): All Foundation Courses and completion of at least 40 credits in the student's program with a 3.0 CGPA or better

Corequisite(s): None

The focal point of this course is the completion of an applied research project or paper that addresses an issue or policy or practice central to the field of criminal justice. This paper or project should allow the student to draw upon theories and research findings related to the problem or issue, develop a plan for identifying central issues and problems, critique past approaches to the issue or problem, and suggest directions for future efforts devoted to understanding or solving the issue or problem. This paper or project may be entirely based in a review of relevant research and theoretical literature but it may also incorporate empirical experiences drawn from an internship experience that is a part of the student's program. *4 credit hours*

Economics

ECO2071 Principles of Microeconomics

Prerequisite(s): None

Corequisite(s): None

Microeconomics is the study of how individuals, households and firms make decisions about consumption and production which affect the supply and demand of goods and services. Other topics include the costs of production, behavior of firms, organization of industries, economics of labor markets, and theories of consumer choice. *4 credit hours*

ECO2072 Principles of Macroeconomics

Prerequisite(s): None

Corequisite(s): None

The study of macroeconomics includes the basic aspects of economic analysis of the business world. Students will develop an understanding of the monetary system, recession, inflation, and the main cycles of business activity *4 credit hours*

English

ENG0099 Principles of Composition

Prerequisite(s): None

Corequisite(s): None

This course provides a review of grammar, in-depth practice in constructing paragraphs, and an introduction to essay composition. The focus is on writing as a process: finding and organizing ideas, composing a first draft, rewriting subsequent drafts, and proofreading. A minimum grade of C is required to complete this course. *4 credit hours*

ENG1100 Composition I

Prerequisite(s): ENG0099, unless exempted

Corequisite(s): None

Students will be introduced to college-level writing processes, particularly planning, researching and writing essays. Emphasis will be placed on refining individual skills, writing styles and voices, types of essay and on effective writing procedures. Selected readings supplement the course and provide topics for discussion and writing assignments. A minimum grade of C is required to pass this course. *4 credit hours*

ENG1200 Composition II

Prerequisite(s): ENG1100

Corequisite(s): None

Focusing on the construction of effective researched written argument, this course refines composition techniques, develops abstract thinking processes, and promotes critical thinking. By locating and evaluating sources and incorporating appropriately vetted academic sources into their work, students will create well-supported arguments within appropriately documented academic essays. A minimum grade of C is required to pass this course. *4 credit hours*

ENG1300 Composition III

Prerequisite(s): ENG1100, ENG1200

Corequisite(s): None

In this course students write analytical and critical essays about fiction, drama, and poetry. Emphasis is placed on literal and figurative interpretations, structural analysis, and variations in thematic and critical reading approaches. A minimum grade of C is required to pass this course. *4 credit hours*

ENG2002 World Literature I: From the Ancient World to the Middle Ages

Prerequisite(s): ENG1300

Corequisite(s): None

Organized by period, genre and theme, this course explores global viewpoints as expressed in novels, poems, plays,

short fiction, and philosophical and theological works from the very first written texts up until the middle ages. Parallels and contrasts will be drawn between cultures and across time. *4 credit hours*

ENG2003 World Literature II: From Enlightenment to Modernity

Prerequisite(s): ENG1300

Corequisite(s): None

Organized by period, genre and theme, this course explores global viewpoints as expressed in novels, poems, plays, short fiction, and philosophical and theological works from the period of the late 17th century to the present day. Parallels and contrasts will be drawn between cultures and across time. *4 credit hours*

ENG2011 Introduction to American Literature: 1865 to present

Prerequisite(s): ENG1300

Corequisite(s): None

Organized by period, genre, and theme, this course explores viewpoints expressed in American literature, including prose and poetry from 1845 to the present. Parallels and contrasts will be drawn both synchronically and diachronically among different genres and themes. *4 credit hours*

Finance

FIN2030 Introduction to Finance

Prerequisite(s): ACC1001, BUS1101

Corequisite(s): None

This course exposes the student to a wide range of important issues in managerial and personal finance, including such topics as the role of finance in organizations, principles of financial analysis, forecasting and working capital management, and the basics of analysis and evaluation of investments such as stocks, mutual funds and bonds. *4 credit hours*

FIN3030 Corporate Finance

Prerequisite(s): FIN2030

Corequisite(s): None

An introductory course in the financial management of non-financial corporations, this course focuses on the role of interest rates and capital markets in the economy. A variety of topics are addressed, including the structure and analysis of financial statements, time value of money circulations, and the valuation of income-producing physical assets. *4 credit hours*

FIN4060 Financial Statement Analysis

Prerequisite(s): ACC1002, FIN2030

Corequisite(s): None

This course covers the decision-making principles of accounting and finance in an integrated manner. Material includes the recognition and understanding of the estimates and assumptions underlying financial statements. *4 credit hours*

Health Sciences

HSC2010 Medical Sociology

Prerequisite(s): BIO2015 or PTA1003 with a grade of C or better

Corequisite(s): None

This course explores the societal context of health, illness, and the health care system in American Society.

Determinants and measurement of health and disease are examined and the study of epidemiology and public health is evaluated. *4 credit hours*

HSC3000 Ethics in Healthcare

Prerequisite(s): HCM2005

Corequisite(s): None

This course introduces health sciences students to ethical and bioethical issues confronting health care professionals and practitioners within the practice setting. We will explore the fundamental principles and nature of moral responsibility with the focus on facilitating students towards gaining a critical understanding of their own ethical opinions. Concepts of autonomy, duty, justice, truth, rights and equality are analyzed through lectures and other

delivery methods, giving particular attention to their practice implications for health care practitioners. *4 credit hours*

HSC3002 Environmental Health

Prerequisite(s): BIO2015, CHM1010, PHE2001 with a grade of C or better

Corequisite(s): None

This course explores the relationship and impact of the environment to health and illness in human populations. An exploration of man-made and natural environmental hazards will be discussed. Environmental health and risk assessment will be discussed as well as interventions. Environmental policy and practices will be viewed from the public health perspective and include the study of energy, waste, environmental justice and regulation. *4 credit hours*

HSC3004 Complementary and Alternative Health

Prerequisite(s): BIO2015, NTR2050 with a grade of C or better

Corequisite(s): None

This course reviews and compares traditional medicine to complementary or alternative health measures. Examination of current trends will focus on the business practices and practitioners involved in these alternative healing therapies. Various types of Alternative and Complementary medicine will be evaluated based on scientific research, including Systematized Practices, such as traditional Chinese and Ayurveda medicine; Botanical Healing, such as herbs, nutritional supplements and homeopathy; Manual Healing Methods, including chiropractic, massage, and pressure point therapies; and Mind-Body Techniques, such as yoga, meditation, hypnotherapy, and biofeedback. *4 credit hours*

HSC3015 Behavioral Health

Prerequisite(s): HSC2010

Corequisite(s): None

This course reviews the major issues and trends impacting the behavioral health industry and discusses the business and clinical environment of various types of behavioral health organizations including accreditation standards, reimbursement and patient care issues. *4 credit hours*

HSC3070 Medical Informatics

Prerequisite(s): BIO2015, HSC2010, HCM2005

Corequisite(s): None

This course details the history of medical information and biomedical communication. Participants will study information resources and services related to the transfer of information in the health sciences and integral computer applications to health sciences libraries including the organizational structure of medical knowledge. The course will

familiarize students with the concept of information management and the application of information technology to health care. Participants will analyze current issues in the health care field and the relationship to health sciences libraries and information centers. *4 credit hours*

HSC4000 Contemporary Issues in Aging

Prerequisite(s): HSC2010, PHE2001 with a grade of C or better

Corequisite(s): None

This course reviews current issues facing the elderly as they relate to physical changes, health concerns, social adjustments, economic pressures and public policy for this growing segment of the US population. Discussion will also include comparison of these issues within the international community and research in the field of gerontology. *4 credit hours*

HSC4010 Epidemiology and Disease Control

Prerequisite(s): BIO2015, HSC2010, PHE2001 with grades of 'C' or better

Corequisite(s): None

This course introduces the history and development of epidemiology in healthcare with a focus on disease identification and control. A special section is devoted to the detection and response to bioterrorism and pandemics. *4 credit hours*

HSC4021 Health Promotion and Wellness

Prerequisite(s): HSC2010, PHE2001 with grades of 'C' or better

Corequisite(s): None

This course introduces basic concepts, strategies and methods of health promotion and disease prevention. It reviews the major issues and trends impacting the field of health promotion and wellness within the context of public health, and provides a broad overview of policy formation planning, implementation and evaluation. *4 credit hours*

HSC4030 Women and Minority Health Issues

Prerequisite(s): HSC2010, PHE2001 with a grade of C or better

Corequisite(s): None

This course explores the health problems and issues unique to women and minorities, including access to healthcare resources and the delivery of quality healthcare services. *4 credit hours*

HSC4040 Emergency and Disaster Management

Prerequisite(s): HSC2010, HCM3030

Corequisite(s): None

This course explores the organization and delivery of emergency and disaster management services, from local first responders, to hospital emergency rooms to state and federal emergency and disaster relief. *4 credit hours*

HSC4060 Working with Healthcare Professionals

Prerequisite(s): HSC4021

Corequisite(s): None

This course explores the unique working environment, professional culture and job requirements of physicians, nurses, and physician extenders and offers tools for effectively working with and managing these professionals. *4 credit hours*

Healthcare Administration

MHA5010 Healthcare Management and Organizational Behavior

Prerequisite(s): None

Corequisite(s): None

This course focuses on the understanding and development of management skills for continued effectiveness in healthcare leadership. Students learn to distinguish the differences between management and leadership and to understand the implications of each. Theories and strategies are studied as they relate to best practices in healthcare management, including areas of conflict management, implementing change, and effective collaboration and communication. *4 credit hours*

MHA5020 Healthcare Organizations and Administration

Prerequisite(s): None

Corequisite(s): None

This course provides an understanding of the organization and delivery of health services, drawing on theory from the social science and business disciplines. Topics include organization of healthcare delivery, accreditation and regulation, organizational theory, integration/continuum of care perspectives, organizational models, adoption of innovations, provider relationships and network structures, and impact of the Affordable Care Act (ACA) on healthcare management. *4 credit hours*

MHA5030 Current Economics in Healthcare

Prerequisite(s): None

Corequisite(s): None

This course covers an introduction to the business enterprise and current business practices applied to the current healthcare economic market. It will provide a critical balance between review, criticism and prescription of important topics in healthcare economics that are affecting the nation today. Economic theory will be critically reviewed as applied to the health sector through economic evaluation tools. The course critically examines economic theory as applied to the health sector and reviews the government role in making the healthcare sector not only more equitable but also more efficient. *4 credit hours*

MHA6050 Regulation and Policy in Healthcare

Prerequisite(s): None

Corequisite(s): None

This course is designed to provide students with knowledge about the concepts and practices of regulation and healthcare policy. Students will learn how policymaking relates to decisions that affect and regulate healthcare providers and patients. They will also gain insight into how they can influence the policymaking process including using healthcare data to formulate plans to improve healthcare service delivery. Students have an opportunity to assess and apply risk management information in situations relative to effective health facility operations in accordance with established laws *4 credit hours*

MHA6060 Health Law and Ethics

Prerequisite(s): None

Corequisite(s): None

This course offers a review of recent developments in healthcare liability, negligence theory, formulation of contracts, law of agency, labor law, documentation procedures, evaluation of evidence in litigation, theory of the case, settlement of claims, values clarification, and current ethical issues in the practice of healthcare administration. *4 credit hours*

MHA6080 Healthcare Planning and Marketing

Prerequisite(s): None

Corequisite(s): None

This course focuses on multi-range strategies in the integrated healthcare industry. Topics covered include historical perspectives of planning, market demographic analysis, strategic decision making, and comparative analysis of planning models. These principles are applied to the specialized theories and methods of marketing and promoting in the healthcare industry. Topics covered include strategic planning and marketing, market research, market performance, marketing health programs, competitor analysis, promotional strategies, provider referrals, and consumer behaviors. *4 credit hours*

MHA6100 Executive Leadership in Healthcare Organizations

Prerequisite(s): None

Corequisite(s): None

This course focuses on elements and qualities of proactive leadership needed in the healthcare industry today. Patterns of behavior that drive success as well as failure will be reviewed to determine the role of both personal and team values in improving behavior, performance, and morale. This course will offer strategies for strengthening leadership competencies and creating a self-development plan for a career in healthcare leadership. *4 credit hours*

MHA6120 Management Information Systems in Healthcare

Prerequisite(s): None

Corequisite(s): None

This course is a broad overview of Health Care Management Information Systems. Topics include information system design, management and maintenance applied to various healthcare settings. The many components regarding system architecture analysis and design, software evaluation and testing, system life cycle, replacement planning and electronic data interchange and current software applications are reviewed and analyzed. Additional special topics related to IS regulations, standards, and securities are discussed. *4 credit hours*

MHA6999 Seminar in Healthcare Cases

Prerequisite(s): Must be taken during final quarter or session or with permission of Program Director

Corequisite(s): None

This course is designed to bring together knowledge gained from the previous program courses. The focus of the course is on the application of knowledge in the management of a healthcare organization broadly emphasizing complex healthcare administration concepts covered throughout the program of study. This course is designed to demonstrate the skills needed to perform the management role by making day-to-day and strategic decisions involving human resources, financial, information system, planning, and operational issues. *4 credit hours*

MHC6301 Healthcare Structure, Organization, and Governance

Prerequisite(s): None

Corequisite(s): None

This course examines the way health care organizations are structured, organized, and governed to achieve optimum performance. Explores the various sub-systems of healthcare delivery and the way in which these interrelate in the marketplace. *4 credit hours*

MHC6302 Public Health Organization and Management

Prerequisite(s): None

Corequisite(s): None

This course examines the assessment and understanding of the health status of populations, determinates of health and illness, and health risks and behaviors in diverse populations. It also reviews federal and state emergency management procedures and services with lessons learned from recent national and foreign disasters. *4 credit hours*

MHC6303 Quality Performance and Management

Prerequisite(s): None

Corequisite(s): None

This course examines the quality assessment of both business practices and health care delivery focusing on outcome measurements, process/outcome relationships, and methods for process improvement. Quality management tools and techniques are reviewed with a focus on patient safety, clinical quality, care outcomes, and cost benefit analysis in patient care. *4 credit hours*

MHC6305 Financial Management of Healthcare Organizations

Prerequisite(s): MBA5009. For Master in Healthcare Administration students: None.

Corequisite(s): None

This course examines budgeting, reimbursement, financial planning, capital planning, financial statement analysis, and financial decision making in health care organizations *4 credit hours*

MHC6306 Human Resource Management in Healthcare Organizations

Prerequisite(s): None

Corequisite(s): None

Presentation of human resource management principles as applied in healthcare organizations. Examines the unique aspects of managing healthcare professionals including recruitment and retention, staff privileges, legal issues, job design and analysis, compensation, and labor relations. *4 credit hours*

MHC6999 Case Studies in Healthcare Administration

Prerequisite(s): To be taken during final quarter or session of program; or with permission of Program Director

Corequisite(s): None

Through the application of cases in health care administration, students are provided an opportunity to draw upon and apply material covered throughout the program of study and to demonstrate skills in continuous learning through information access, synthesis and use in critical thinking. *4 credit hours To be taken during final quarter or session of program; or with permission of Program Director.*

Healthcare Management

HCM1201 Introduction to Healthcare Insurance Coding, Billing, and Reimbursement

Prerequisite(s): ENG1200, AHS1001, 1 Natural Science Course

Corequisite(s): None

Insurance coding and processing functions are performed by specialists employed in health care settings. In this course students assign and report ICD, CPT and HCPCS codes on insurance claims for diagnoses and procedures/services

provided to patients in a variety of health care environments. The insurance, billing and coding course offers students the fundamentals of claims and reimbursement that is an essential part of the health care industry. *4 credit hours*

HCM2004 Introduction to Healthcare Management

Prerequisite(s): ENG1200 or ENG1300

Corequisite(s): None

This course provides an introduction of traditional management concepts needed in managing healthcare organizations. Students learn about general challenges and complexities of managing in the healthcare setting, focusing on the unique characteristics of health care delivery in the U.S. *4 credit hours*

HCM2005 Healthcare Delivery and Organization

Prerequisite(s): AHS1001, ENG1200 or ENG1300, ECO2071 or ECO2072

Corequisite(s): None

This course is an introduction to the healthcare delivery system. It provides an overview of the various forces and elements that shape the way healthcare is delivered and received in the United States. It covers the structure and function of the health organizations, professions, and delivery systems across the continuum of care. *4 credit hours*

HCM3002 Economics of Healthcare

Prerequisite(s): ECO2071, ECO2072, HCM2005

Corequisite(s): None

This course examines the application of both microeconomic and macroeconomic principles in the healthcare industry. *4 credit hours*

HCM3004 Ethics and Law for Administrators

Prerequisite(s): HCM 2005

Corequisite(s): None

This course examines Health Law and Ethics from an administrative perspective. Students learn to integrate ethical and legal aspects into administrative decision making. *4 credit hours*

HCM3005 Healthcare Finance

Prerequisite(s): HCM2005, ACC1001, ACC1002

Corequisite(s): None

This course covers the unique structure and process of financial management in healthcare organizations. Students learn to examine and understand statements of profit and loss, balance sheets and cash flow statements in order to make administrative decisions regarding operations and resource allocation. The unique healthcare reimbursement system is given special attention. *4 credit hours*

HCM3006 Healthcare Marketing and Strategy

Prerequisite(s): HCM2005

Corequisite(s): None

This course examines the role and function of marketing and strategy development in healthcare organizations. Marketing concepts including market research, segmentation, branding and advertising are reviewed. Strategy development includes the role of vision and mission, internal and external assessment, developing strategic initiatives, tactical planning and strategic execution. *4 credit hours*

HCM3008 Health Information Management Systems

Prerequisite(s): HCM2005

Corequisite(s): None

This course examines the design, operation, application and future of health information management systems. *4 credit hours*

HCM3010 Long-Term Care

Prerequisite(s): HCM2005

Corequisite(s): None

This course includes a historical, philosophical and managerial overview of long-term care from senior housing, congregate living, assisted living to skilled nursing care. The course will analyze the underpinnings of the profession, including the demographics of aging, the role of financing and the evolving marketplace. The course will include a focus on the role of health care delivery within long-term care settings, with attention devoted to quality of care, various models of care, and the future of long-term care in an aging society. *4 credit hours*

HCM3020 Managed Care

Prerequisite(s): HCM2005

Corequisite(s): None

This course reviews the major issues and trends impacting the managed care industry and provides an overview of different types of managed care organizations, considering both provider and payer sponsored systems. The business and financial relationship between managed care organizations and providers is explored. The Affordable Care Act (ACA) is embedded in this course for a clear understanding of its impact on consumer healthcare insurance and benefits. *4 credit hours*

HCM3030 Federal and State Healthcare Programs

Prerequisite(s): None

Corequisite(s): None

This course reviews the organization and delivery of federal and state healthcare programs and the impact these programs have on the financing, regulation, and quality of the overall healthcare delivery system. Special focus is provided on the mechanisms and impact of federal and state reimbursement of healthcare services. *4 credit hours*

HCM3046 Managing the Healthcare Workforce

Prerequisite(s): None

Corequisite(s): None

This course focuses on the fundamental concepts and practical tools necessary for managing healthcare employees with special emphasis on the complex factors that influence the performance of this unique workforce. Students will be able to describe the managerial activities related to developing and maintaining the healthcare workforce and explain the different scopes of practice, levels of education, and practice settings that contribute to the complexity of managing this workforce. *4 credit hours*

HCM4002 Risk Management in Healthcare Settings

Prerequisite(s): HCM3004

Corequisite(s): None

In this course, we examine various risk factors and methods of managing risk in healthcare organizations. *4 credit hours*

HCM4005 Managerial Epidemiology in Healthcare Administration

Prerequisite(s): HCM2005

Corequisite(s): None

This course applies and integrates the principles and tools of epidemiology and will illustrate how the manager can use epidemiological concepts and tools to improve management decisions in a health care environment. Topics include a focused look at how epidemiology and the study of population health is measured, studied, and can be applied to a variety of healthcare environments. *4 credit hours*

HCM4007 Leadership in Healthcare Organizations

Prerequisite(s): HCM3002, HCM3004, HCM3005, HCM3006, HCM3008

Corequisite(s): None

This course is designed to prepare students with leadership fundamentals in healthcare organizations. This includes content in interpersonal skills, leadership, ongoing professional development, and strategic management. This course is normally taught in conjunction with HCM4010 Leadership in Healthcare Organizations - Internship. *4 credit hours*

HCM4010 Leadership in Healthcare Organizations - Internship

Prerequisite(s): HCM3002, HCM3005, HCM3006, HCM3008 with grades of "C" or better

Corequisite(s): HCM4007

The internship experience is designed specifically to enable the student to apply classroom knowledge to the work environment, and to better prepare the student to enter the healthcare industry. This course is a faculty supervised and evaluated field experience in healthcare management, with a major project as an end product. Students will work with Career Services or the appropriate department designee to identify a potential internship site location. Once an acceptable organization and site supervisor are found, South University must approve the organization to be utilized for this purpose. The Site Manager, student, and Faculty Coordinator, as defined in the College of Business Internship Courses Student Handbook, arrange for the student to have an opportunity to realize the goals and objectives and apply competencies of this course to real life situations. Please refer to the Internship Learning Agreement in the College of Business Internship Courses Student Handbook for further information regarding requirements prior to participating in an internship. Minimum of 120 contact hours. This course is Pass/Fail. *4 credit hours*

HCM4012 Case Studies in Healthcare Administration

Prerequisite(s): HCM4007

Corequisite(s): HCM4025

This is one of two capstone courses which provide students with the opportunity to integrate the skills and knowledge learned in the liberal arts foundation with their learned conceptual and technical competencies, through case studies *4 credit hours*

HCM4025 Strategic Management in Healthcare Organizations

Prerequisite(s): HCM4007

Corequisite(s): HCM4012

This capstone course integrates the information presented through the HCM core courses to the concept of strategic management. Students will apply their knowledge and skills of healthcare management to the strategic planning process. *4 credit hours*

History

HIS1101 U.S. History I: Colonial to 1865

Prerequisite(s): ENG1100

Corequisite(s): None

This course covers main themes of American history from the country's beginnings until the end of the reconstruction period following the Civil War. The concepts, chief actors, and major events of this period of time will be studied, and the student will analyze the historic concepts of cultural expansion and development found in the history of America. The process of national growth required by foreign and domestic influences will also be examined. *4 credit hours*

HIS1102 U.S. History II: 1865 to Present

Prerequisite(s): ENG1100

Corequisite(s): None

This course covers main themes of American history from reconstruction to the present day. The concepts, chief actors, and major events of this period of time will be studied, and the student will analyze the historic concepts of cultural expansion and development found in the history of America. The process of national growth required by foreign and domestic influences will also be examined. *4 credit hours*

Hospitality Management

HSM1100 Introduction to the Hospitality Industry

Prerequisite(s): None

Corequisite(s): None

This introductory course provides students with an overview of the hospitality industry which includes various operational segments, career opportunities, historical perspectives on tourism and hospitality, and a comprehensive look at each department within the foodservice and lodging industry. *4 credit hours*

HSM1200 Service Quality Management

Prerequisite(s): HSM1100

Corequisite(s): None

This course focuses on service delivery and methods for implementation and improvement within the service delivery process. Special emphasis will be placed on management and supervision techniques in service quality along with steps in critically evaluating and implementing a quality service plan within hospitality based establishment. *4 credit hours*

HSM1500 Purchasing and Cost Control

Prerequisite(s): HSM1100

Corequisite(s): None

This course is designed to introduce students to the principles of effective product identification and the cost controls necessary to support a hospitality operation, namely within the foodservice segment. Topics may include the process of procurement of goods, understanding various forms of product distribution, product identification, costing procedures, inventory management, value analysis, and proper record keeping. *4 credit hours*

HSM2100 Foodservice Operations Management

Prerequisite(s): HSM1100

Corequisite(s): None

This course focuses on the management of a variety of foodservice concepts which will include the understanding and the management of foodservice segments based on level of service, menu, theme, and price points. Topics may include how to manage each type of operating segment and how to maximize profitability based on specific management techniques within each foodservice segment. *4 credit hours*

HSM2200 Lodging Operations Management

Prerequisite(s): HSM1100

Corequisite(s): None

This course will explore the different service levels contained within the lodging industry as a whole. Students will first learn about lodging service levels based upon price points and amenities offerings in determining the lodging concept. Topics may include lodging operations and how to manage them within the multiple departments, including front desk, housekeeping, marketing and sales, food and beverage, and engineering. *4 credit hours*

Human Resources Management

HRM5000 Strategic Human Resource Management

Prerequisite(s): None

Corequisite(s): None

The course examines the context of strategic human resource management and develops a framework and conceptual model. Trends are explored that impact strategic HRM practices, including viewing the employee as "human capital." The course also addresses the practice and implementation of strategic human resource management through discussion of issues and development of specific programs and policies. Topics include: staffing, training, performance management, compensation, labor relations, employee separation, and managing a global workforce. *4 credit hours*

HRM5010 Human Resource Planning

Prerequisite(s): None

Corequisite(s): None

This course studies theories and practices relevant to staffing work organizations including: principles of human resource strategy and the link to business strategy; fit and flexibility in the design of human resource systems; approaches to evaluating and assessing the contribution and effectiveness of human resource systems; the value and challenges of a diverse workforce, and the characteristics related to primary and secondary types of diversity. *4 credit hours*

HRM5020 Labor Laws and Ethical Standards

Prerequisite(s): HRM5000

Corequisite(s): None

This course provides an introduction to employment and labor laws for non-legal professionals in human resources management and labor relations. Acknowledgement is made that the field of employment and labor law is constantly changing. Thus, the complex terrain of federal and state employment laws, with expanded coverage of issues currently in the forefront, such as family and medical leave, sexual harassment, workplace torts, employment-at-will (EAW), OSHA, ERISA and Title VII of the Civil Rights Act, among other topics are examined. Another distinguishing aspect of this course is the treatment of ethical standards behavior as a catalyst to resolve difficult choices through self-

reflection. Topics related to ethical standards include: right versus right, why ethics matter, ethical fitness, resolution principles and ethics in the twenty-first century. *4 credit hours*

HRM5030 Organizational Staffing

Prerequisite(s): HRM5000

Corequisite(s): None

This course examines and studies the challenges of a comprehensive staffing model that identifies the key components of staffing, including external influences (economic, laws and regulations), staffing strategy and planning, job analysis, measurement, external and internal recruitment, decision making, and selection. *4 credit hours*

HRM5040 Classification, Compensation, and Benefits

Prerequisite(s): HRM5000

Corequisite(s): None

This course is designed to provide the student with both the theoretical and practical knowledge to design, administer and evaluate classification, compensation and benefit systems. The application of both tangible and intangible forms of compensation to attract, motivate and retain employees is addressed. Topics include: the context of compensation practice, the criteria used to compensate employees, compensation system design issues, employee benefits, challenges of compensating key strategic employee groups, and pay and benefits from a global perspective. *4 credit hours*

HRM5050 Performance Management

Prerequisite(s): HRM5000

Corequisite(s): None

This course provides a comprehensive analysis of how human resource management facilitates the process of employee evaluation within an organization through the development of performance management systems, performance appraisals, measurement tools, and the important role of feedback, coaching, appraisal training programs and employee development. This course will also examine the relationship of organizational strategy, core values, goals, and execution of its mission and vision to measuring human resource effectiveness. *4 credit hours*

HRM5060 Training and Development

Prerequisite(s): HRM5000

Corequisite(s): None

This course balances between research and real company practices as they relate to the fundamentals of training and development. Topics include: the forces influencing working and learning, the strategic training process, needs assessment, determining whether outcomes are appropriate, approaches to employee development, training issues resulting from the external environment, career management, and the future of training and development. *4 credit hours*

HRM5070 Labor Unions, Workplace Safety, and Security

Prerequisite(s): HRM5000

Corequisite(s): None

The course presents a comprehensive study of employee labor relations and processes. Topics covered include: union organizing; negotiating a labor agreement; economic issues; contract administration; labor arbitration; employee relations; and workplace health, safety, and security. *4 credit hours*

HRM5080 Internship in Human Resources Management

Prerequisite(s): HRM5010, HRM5020, HRM5030, HRM5040, HRM5050, HRM5060

Corequisite(s): None

The goal of this course is to provide an opportunity to the MS HRM student to gain experience toward becoming a professional who is both highly self-directing and able to use consultative supervision. The internship is designed specifically to enable the MS-HRM student to apply classroom knowledge to the work environment, and to better prepare the student to enter and progress through the Human Resource Management Industry. This course is a faculty supervised and evaluated field experience in the student's chosen domain of professional interest. Minimum 120 contact hours are required. This course is Pass/Fail (P/F).

Students will work with Career Services or the appropriate Department Chair, Program Director, or designee to identify a potential internship site location. Once an acceptable organization and site supervisor are found, South University must approve the organization to be utilized for this purpose. The Site Supervisor, student, and Faculty Coordinator, as defined in the College of Business Internship Courses Student Handbook, arrange for the student to have an opportunity to realize the goals and objectives and apply competencies of the MS HRM program to real life situations.

Please refer to the Internship Learning Agreement in the College of Business Internship Courses Student Handbook for further information regarding requirements prior to participating in an internship. *4 credit hours*

HRM5090 Internal Consulting

Prerequisite(s): HRM5000

Corequisite(s): None

Using an internal consulting approach, this course explores the processes for planning and directing organizational development and change, with consideration for the reasons behind the change. In addition, the course covers the management and leadership of organizational change in the 21st century, including issues of managing growth, resistance to change, intervention phases, crisis management, and inter- and intra-group conflict and power. *4 credit hours*

HRM6000 International Human Resources Management

Prerequisite(s): HRM5000

Corequisite(s): None

This course examines how human resources management practices within a global context are distinctive from domestic human resources management. Students will analyze the challenges that multinational corporations are confronted with, which include cultural, political, social, and legal issues; the level of managerial skills and education; and technological development in the host country. Issues such as expatriation versus local management, selecting and preparing for international assignments, cultural adaptation at the individual and system level, and the influence of globalization on future HRM practices are also examined. *4 credit hours*

HRM6010 Metrics and Measurement of Human Resources Management

Prerequisite(s): HRM5000

Corequisite(s): None

This course explores the theory and practice of choosing, implementing and using metrics to improve decision-making, optimize organizational effectiveness and maximize the value of HR investments. The "LAMP" methodology (Logic, Analytics, Measures and Process) is used to demonstrate how to manage, measure, and analyze the value of every area of HR that impacts strategic value. Topics include: hiring, training, leadership development, health and wellness, absenteeism, retention and employee engagement. *4 credit hours*

HRM6999 Capstone in Human Resources Management

Prerequisite(s): Must be taken in final quarter or session of program, or with permission of Program Director.

Corequisite(s): None

This capstone course integrates subject matter from specialized human resources management (HRM) courses in the program. Major topics include the strategic role of HRM, managing HR within a strategic framework, HR operations within an organization and the application of legal requirements related to HRM. Use of the case method will draw significantly on students' prior management HRM study and experience. As part of the course requirements, students will take a SHRM-CP certification practice test. *4 credit hours*

Humanities

ENG2020 Introduction to Film Studies

Prerequisite(s): ENG1200 or ENG1300

Corequisite(s): None

Organized by period, genre and theme, this course explores contemporary viewpoints as expressed by select film screenings from the Criterion Collection through Alexander Street Press (subscription held by South University), which can range from the crusading pastiche by Ingmar Bergman's *The Seventh Seal* (1957) to the sardonic humor of Monty Python's *Life of Brian* (1979) and even the postmodern and magical realism of *Being John Malkovich* (1999). Parallels and contrasts will be drawn between intellectual history and cultures across flexible time stamps. Further, this course is designed to provide a foundation for future film study; exposure to a wide range of cinematic styles and approaches; and to move the student from a passive observer toward a critical, active "reader" of film. Students will learn the elements of cinematic language (including narrative, mise-en-scene, cinematography, acting, editing, and sound) and will use that knowledge to analyze the way filmmakers convey information, story, and meaning, develop style, and elicit audience response within a single scene and over the course of an entire feature film. Students should be aware that the films they will watch will hold a variety of ratings, from G to R, and that some films will contain scenes with sexual and violent content. *4 credit hours*

HUM1001 History of Art through the Middle Ages

Prerequisite(s): ENG1100

Corequisite(s): ENG1100

This course is a history of art from the prehistoric/tribal period through the Middle Ages. Students will analyze the formal elements of each period style, as well as the historical, social, and cultural influences that shaped art at various point in history and across cultures. *4 credit hours*

HUM1002 History of Art from the Middle Ages to Modern Times

Prerequisite(s): ENG1100

Corequisite(s): ENG1100

This course is a history of art from the Renaissance to present day. The concepts, historical themes, and social/cultural influences on the art and architecture of the periods will be studied. Students will analyze the formal elements of each period style, as well as the external themes and influences that shaped art at various point in history and across cultures. *4 credit hours*

HUM2101 World Civilization I: Prehistory to 1500 C.E.

Prerequisite(s): ENG1200 or ENG1300

Corequisite(s): ENG1200 or ENG1300

This course covers the major themes and events in world history from prehistoric times to 1500. The course will focus

on history from a variety of perspectives: social, cultural interactions, environmental, political, economic, and the people and events that shaped our world's history. Various themes that appear across time will be explored from the perspective that all cultures and all events are influenced by the interactions with other peoples, geography, and the environment; and in turn these events influence and shape future events. *4 credit hours*

HUM2102 World Civilization II: 1500 to Present

Prerequisite(s): ENG1200 or ENG1300

Corequisite(s): ENG1200 or ENG1300

This course covers the major themes and events in world history from 1500 to the present. The course focuses on history from a variety of perspectives: social, cultural interactions, environmental, political, economic, and the people and events that shaped our world's history. Various themes that appear across time will be explored from the perspective that all cultures and all events are influenced by the interactions with other peoples, geography, and the environment; and in turn these events influence and shape future events. *4 credit hours*

Information Systems

MIS3101 Application of Management Information Systems

Prerequisite(s): None

Corequisite(s): None

The course provides an introduction to applications of business modeling such as entity-relationship diagrams and dataflow diagrams. This course emphasizes application of management information system tools to support modeling. *4 credit hours*

MIS5010 Information Technology Infrastructure

Prerequisite(s): None

Corequisite(s): None

Concepts, systems development and effective use of up-to-date tools and application software, focusing on IT infrastructure, systematic approach to management, processes involved in managing IT infrastructures, best practices to IT service support and service delivery, the place of IT infrastructure and IT service in an organization, IT management frameworks, and concepts of the work processes used to manage an IT infrastructure. *4 credit hours*

MIS5020 Information Systems Fundamentals

Prerequisite(s): None

Corequisite(s): None

Real-world projects dealing with issues related to development, management and maintenance of medium-size and large-scaled information systems with an emphasis on business information systems for a distributed environment. The identification of vulnerabilities and risks inherent in the operation of information systems are also explored. *4 credit hours*

MIS5030 Emerging Technologies

Prerequisite(s): None

Corequisite(s): None

This course will teach students how organizations can effectively and efficiently evaluate new trends and emerging technologies in areas related to Information Technology including data and knowledge management, information

networks, applications, and hardware. Knowledge from this course should enable students to help their organizations in areas related to defining, selecting, adopting, and managing new and emerging information technologies. *4 credit hours*

MIS6000 Principles of System Development

Prerequisite(s): MIS5020

Corequisite(s): None

System development and design and software engineering methodologies, with emphasis on object-oriented analysis, design and implementation of information systems, distributed information systems, information systems life cycle models, and platforms with discussions of requirements definition and management, modeling quality assurance and development environments. *4 credit hours*

MIS6010 Project Management

Prerequisite(s): MIS6000

Corequisite(s): None

System development and design and software engineering methodologies, with tools and techniques for the successful management of IT projects, project selection and approval, planning, estimation techniques, scheduling methods, budgeting, IT project organizations, and project control and assessment. Students explore each of the nine domains of project management including project planning, scheduling, risk management, cost management, and effective project control, as well as the associated pre-project and post-project activities that need to be performed for a project. *4 credit hours*

MIS6020 Corporate Information Systems Management

Prerequisite(s): MIS5020

Corequisite(s): None

The course includes case studies to provide an overview of contemporary information systems management in a digital enterprise. It focuses on the relevant issues of effective management of information services activities and highlights the areas of greatest potential application of the technology. The course emphasizes the skills and knowledge to identify and communicate business system needs, select the right information systems and integrate these systems into organizations to improve business performance. The course covers areas needed to prepare for the CGEIT (Certified in the Governance of Enterprise IT) certification exam from the Information Systems Audit and Control Association (ISACA). *4 credit hours*

MIS6160 Information Design and Usability

Prerequisite(s): MIS6000, MIS6010, MIS6020

Corequisite(s): None

Design elements, methods, and software metrics for usability assessment and improvement of interface design and architecture. This course emphasizes the critical need for site design for efficient user navigation to needed materials from the information services of large organizations. *4 credit hours*

MIS6161 Human Computer Interaction

Prerequisite(s): MIS6000, MIS6010, MIS6020

Corequisite(s): None

This course is a study of effective and productive interfaces. Topics may include design and evaluation of interactive computer systems, input and output devices, screen layouts, machine design, health issues and ergonomics, and organizational impacts. *4 credit hours*

MIS6210 Decision Support Systems

Prerequisite(s): MIS6211

Corequisite(s): None

This course provides an introduction to analysis, design, and implementation of decision support systems for engineering and business applications. Through an examination of the course concepts related to decision support systems, it will become apparent how decision support systems can assist and improve upon organizational decision-making measures. Operation research modeling techniques and software are integrated with databases systems and computer interfaces to create systems that aid managerial decision making. Structure, models, and modern corporate decision support applications are emphasized through the use of cases to provide a hands-on approach designed to enhance student model-building. *4 credit hours*

MIS6211 Data Management

Prerequisite(s): MIS5020

Corequisite(s): None

This course covers theories, practices and techniques applicable to modeling, designing, developing and managing data assets under varied production operations for large organizations. Database architectures for large-scale commercial products, or production-grade services will be explored, while exposing students to the use of data management systems to collect data, manage organizational data resources, and disseminate information, this course provides students with a comprehensive view of the business data life cycle, from system requirements to data preparation and warehousing. *4 credit hours*

MIS6212 Cognitive Computing

Prerequisite(s): IST6000 or MIS6000

Corequisite(s): None

This course is an introduction to computational theories of human cognition such as knowledge representation, problem solving, search, natural language processing, learning, etc. In addition to covering the fundamentals of Artificial Intelligence, the course also provides an opportunity to explore the contemporary cognitive computing topics such as data mining, machine learning, predictive analytics, big data and its applications. This is designed as a graduate seminar like course emphasizing study and discussion of a collection of contemporary technical papers. The students are expected to achieve an overview of recent research and application areas of cognitive computing. *4 credit hours*

MIS6230 IT Audit, Control, and Compliance

Prerequisite(s): MIS6000

Corequisite(s): None

This course critically examines Information Systems Audit, Control (governance), and Compliance concepts and management practices in the context of Information Systems Management. The course will introduce the fundamentals of information technology (IT) auditing and assurance methodologies, major rules of regulatory compliance (SOX, HIPAA, etc.) as well as IT governance frameworks such as COBIT. The course covers areas needed to prepare for the Certified in the Governance of Enterprise IT (CGEIT) Certification from the Information Systems Audit and Control Association (ISACA). *4 credit hours*

MIS6231 Risk Management

Prerequisite(s): MIS6000

Corequisite(s): None

This course covers the foundation of risk management in technology related areas. Students will be introduced to the concepts and framework of information risk management and fundamentals, information assurance, risk management

requirements at an organizational level, risk assessment/mitigation strategies, and tools to monitor risk management solutions. The course covers areas needed to prepare for the CRISC (Certified in Risk and Information Systems Control) certification exam from the Information Systems Audit and Control Association (ISACA). *4 credit hours*

MIS6250 Organizational Information Security

Prerequisite(s): MIS6000, MIS6020

Corequisite(s): None

The use of pervasive technology means an overabundance of information sharing, including personally identifiable, confidential, and secret information. This course teaches students through examination of concepts related to information security methods of identifying and categorizing information risk that can be used to improve organizational effectiveness. By understanding aspects of information from technical, formal, and informal approaches, students will better understand the challenges modern organizations face securing data in order to design appropriate solutions unique to individual requirements for both small business and enterprise environments. Structure, models, and modern awareness campaigns are explored to provide a hands-on approach designed to enhance student learning. The course covers areas needed to prepare for the CISM (Certified Information Security Manager) certification exam from the Information Systems Audit and Control Association (ISACA). *4 credit hours*

MIS6262 Network Operations Management

Prerequisite(s): IST6000 or MIS6000

Corequisite(s): None

This course focuses on planning and designing a network infrastructure for an enterprise, including designing the domain architecture, while accounting for the evolution of inputs and outputs, to suitably satisfy customer needs. The course addresses the criteria and methods to be applied in evaluating and selecting optimum networking technologies and management tools for an enterprise, as well as planning and strategizing resources for a given network infrastructure (servers, network elements, storage). Some key networking technologies are based on the notion of virtualization. Virtualization relies on a technology platform for the creation of logical instances of IT resources. A transparency layer allows physical IT resources to map to multiple virtual images of themselves so that their underlying capabilities can be shared by multiple users. The course covers the different types of IT network resources that can be virtualized, including servers, storage, network and power. At the end of the course, the students will tackle the development of a business continuity plan, with emphasis on planning and delivering network services to support the business objectives of the organization, including monitoring, reporting, troubleshooting, and automating response capabilities. *4 credit hours*

MIS6990 Information Systems Internship

Prerequisite(s): MIS6000, MIS6010, MIS6020, MIS6211

Corequisite(s): None

The goal of this course is to provide an opportunity to the MSIS student to gain value-adding experience toward becoming a professional who is both highly self-directing and able to use consultative supervision. The internship is designed specifically to enable the MSIS student to apply classroom knowledge to the work environment, and to better prepare the student to enter the Information Systems industry. This course is a faculty supervised and evaluated field experience in the student's chosen domain of professional interest. Students will work with Career Services or the appropriate Department Chair, Program Director, or designee to identify a potential internship site location. Once an acceptable organization and site supervisor are found, South University must approve the organization to be utilized for this purpose. The Site Supervisor, student, and Faculty Coordinator, as defined in the College of Business Internship Courses Student Handbook, arrange for the student to have an opportunity to realize the goals and objectives and apply competencies of the MSIS program to real life situations. Please refer to the Internship Learning Agreement in the College of Business Internship Courses Student Handbook for further information regarding requirements prior to participating in an internship. This course is Pass/Fail. *4 credit hours*

MIS6995 Information Systems Capstone

Prerequisite(s): MIS6000, MIS6010, MIS6020

Corequisite(s): None

The course provides students an opportunity to demonstrate professional competencies and capabilities covered in the MIS curriculum by conducting a study in an advanced IT or IS related topic or undertaking the analysis, design, and implementation of a real world application. *4 credit hours*

Information Technology

ITS1000 Computer and Internet Literacy

Prerequisite(s): None

Corequisite(s): None

This course is for students to obtain basic knowledge and skills in using computer office production software and Internet features. A broad range of software applications, such as word processing, spreadsheets, presentation software, and Internet usage concepts will be covered. *4 credit hours*

ITS1101 Foundations of Information Technology

Prerequisite(s): None

Corequisite(s): None

This course introduces students to the fundamental areas of Information Technology, including computer organization, computer communication, operating systems, and current computing technologies. This course is designed as a general framework for information technology and serves as a foundation for the Information Technology major. *4 credit hours*

ITS1103 Ethics and Information Technology

Prerequisite(s): None

Corequisite(s): None

This course examines ethical dilemmas specific to the IT industry through a systematic approach of the basic principles of ethics and the relationship of these principles to a technological and global society. Ethical decision-making and practical applications of ethics in a contemporary society are also explored. *4 credit hours*

ITS1105 Theory of Computation

Prerequisite(s): ITS1101

Corequisite(s): None

This course introduces students to the foundations of computational theory. Topics that will be covered include truth tables, Boolean logic, state-based computing, logic, computability, algorithms, and computational complexity. This course will deliver the foundational information for further study of computer architecture and software engineering. *4 credit hours*

ITS2021 Spreadsheet and Database Applications

Prerequisite(s): None

Corequisite(s): None

This course provides students the opportunity to obtain basic knowledge and skills in using spreadsheet and database software. A broad range of software applications, concepts, and problems will be covered. *4 credit hours*

ITS2101 Applied Calculus for IT

Prerequisite(s): MAT1005

Corequisite(s): None

This course covers fundamental techniques and methods of calculus as it applies to information technology. This course utilizes the universal language of calculus to formulate and understand practical IT problems, utilizing examples and exercises pertinent to IT applications. The student gains computational knowledge and skills that are relevant to IT professionals. *4 credit hours*

ITS2103 Networking Fundamentals

Prerequisite(s): ITS1101

Corequisite(s): None

This course introduces students to the study of basic networking terminology, concepts, components (hardware) and basic network design. Investigation of functions required to operate computer communications networks will also be addressed. *4 credit hours*

ITS2104 Programming Logic

Prerequisite(s): None

Corequisite(s): None

This course introduces the beginning programmer to structured program logic without focusing on any particular language. Much emphasis is placed on developing sound programming techniques including flowcharting and naming conventions. *4 credit hours*

ITS2105 Programming I

Prerequisite(s): ITS2104

Corequisite(s): None

This course builds on the foundation developed in ITS2104 Programming Logic. Students are introduced to the elements of structured programming-related components, such as overall program design, data types, variables, arrays, operators, control statements, classes, objects, methods, and inheritance. The course also introduces the concepts of packages and interfaces, as well as exception handling. *4 credit hours*

ITS2108 Human Computer Interface

Prerequisite(s): ITS1101

Corequisite(s): None

This course introduces Interaction Design, a broad scope of issues, topics and paradigms, which has traditionally been the scope of Human Computer Interaction (HCI) and Interaction Design (IS). Students will formulate a design project, applying usability concepts and intuitive design. Students will construct interactive designs for specific software interfaces appropriate for the client and/or target audience. *4 credit hours*

ITS2110 Database Design and Development

Prerequisite(s): ITS2104

Corequisite(s): None

This course introduces students to database basic concepts, conceptual data models with case studies, common data manipulation languages, logical data models, database design, facilities for database security/integrity, and applications. *4 credit hours*

ITS2111 Multimedia Web Development

Prerequisite(s): ITS1101

Corequisite(s): None

This course will provide a basic understanding of the methods and techniques of developing a simple to moderately complex website. Using the current standard Web page languages, students will be instructed on creating and maintaining a website. The aid of Web Development software will be introduced in this course along with fundamental media creation. *4 credit hours*

ITS3100 Software Engineering Fundamentals

Prerequisite(s): ITS2105

Corequisite(s): None

This course introduces the principles of software development, addressing both procedural and object-oriented development. Topics include: requirements, analysis, design, coding, testing, verification, and maintenance. Students will design and implement a project. *4 credit hours*

ITS3101 Advanced Operating Systems and Architecture

Prerequisite(s): ITS2105

Corequisite(s): None

This course serves as a survey of the structure and functions of operating systems, process communication techniques, high-level concurrent programming, virtual memory systems, elementary queuing theory, security, and distributed systems using case studies of modern operating systems. *4 credit hours*

ITS3102 SQL Development

Prerequisite(s): ITS2110

Corequisite(s): None

This course continues the concepts introduced in ITS2110 and introduces students to advanced database design concepts and further mastery of the SQL language, including advanced querying, SQL database creation, and SQL database updates. Throughout this course, the student will gain practical experience in database creation, updating, management, and optimization in the SQL language. *4 credit hours*

ITS3103 Advanced Networking

Prerequisite(s): ITS2103

Corequisite(s): None

This course continues the concepts introduced in ITS2103 and introduces students to the study of advanced network planning, protocols, and strategies for effective connectivity and deployment. Students will study the current generation of wireless technology, mobile networking technology, satellite networking, and connectivity protocols for widespread and global networks *4 credit hours*

ITS3104 IT Security

Prerequisite(s): ITS2103

Corequisite(s): None

This course presents a comprehensive introduction to computer security issues in the areas of integrity, confidentiality, and availability. There is an emphasis on applying security to home and networked computers along with practical considerations of improving system security. Techniques and common means of attack and defense are

reviewed. Topics include threats, vulnerabilities, security management, encryption, laws, and ethics of hacking. *4 credit hours*

ITS3105 Programming II

Prerequisite(s): ITS2105

Corequisite(s): None

This course provides a more in-depth use of software design and implementation aspects introduced in ITS2105 Programming I and applies in more depth the elements of object-oriented design (OOD) and programming (OOP). In addition, the course expands the scope of software development by addressing the concepts of multithreaded programming, metadata, string handling, library features, GUI (Graphical User Interface) implementation, interfacing with a database, interactive debugging techniques, and recursion. *4 credit hours*

ITS3110 Applied Systems Analysis

Prerequisite(s): ITS2105

Corequisite(s): None

This course introduces students to System Development Life Cycle (SDLC) containing system analysis, design, development and implementation. The course will explain about conventional and current approach for SDLC and explain the role of Computer Aided Systems Engineering (CASE) tools, software, communications and data base technology in practicing various steps of SDLC. *4 credit hours*

ITS4000 Cybersecurity Research

Prerequisite(s): ENG1300, ITS3110

Corequisite(s): None

This course is designed to provide cybersecurity students with a guide to future research in the field of cybersecurity. The purpose of this course is to facilitate students moving into industry with an understanding of how to remain current in their field and to contribute in a research environment in further graduate study. This is a culmination of prior academic work and it is recommended that, at a minimum, the completion of all prior major common core curriculum courses be completed before taking this course. Students may opt to complete some, or all, of their major core courses before taking this course. The outcome of this course is a fundamental literature review and problem presentation suitable for further research and study focusing on topics pertinent to the field of cybersecurity. *4 credit hours*

ITS4011 IT Project Management

Prerequisite(s): ITS3110

Corequisite(s): None

This course focuses on the information technology project management process and development of the project team as key to the successful achievement of IT projects. The process examines the main elements required in every proposal/plan: time frame and budget. Key areas of IT project teams serve to support the fundamental approach that every project team is tailored to achieve project results efficiently and effectively. *4 credit hours*

ITS4090 Applied Systems Analysis II

Prerequisite(s): ITS3110, ENG1300

Corequisite(s): None

This is the second course covering the in-depth process of the System Development Life Cycle (SDLC). This course focuses on development strategies, validation and verification testing, deployment, maintenance, and revision. Additional topics include quality management, fault tolerance, requirements feedback, and system assessment. *4 credit hours*

ITS4099 IT Research

Prerequisite(s): ITS3110, ENG1300

Corequisite(s): None

This course is designed to provide students with a guide to future research in the field of information technology. The purpose of this course is to facilitate students moving into industry with an understanding of how to remain current in their field and to contribute in a research environment in further graduate study. The outcome of this course is a fundamental literature review and problem presentation suitable for further research and study. *4 credit hours*

ITS4103 IT Capstone

Prerequisite(s): ITS4011

Corequisite(s): None

This course will focus on the refinement of previous works into a comprehensive portfolio representative of IT skills. Emphasis will be on development, design, craftsmanship and presentation. In addition, the students will go through a number of activities that will help them to develop career building skills, such as résumé and cover letter design and other career related considerations. Minimum of 120 contact hours. *4 credit hours*

ITS4105 Network Administration I

Prerequisite(s): ITS2103

Corequisite(s): None

This course provides an overview of implementing Local Area Network (LAN) network management tools through the study of Transmission Control Protocol/Internet Protocol (TCP/IP), hardware routers and client/server architecture related to configuring network services, e.g. Dynamic Host Configuration Protocol (DHCP) scope and policies. Routing, Internet Control Message Protocol (ICMP), troubleshooting, non-broadcast IP networks and subnet/supernet and connectivity will also be addressed. *4 credit hours*

ITS4106 Network Administration II

Prerequisite(s): ITS3103

Corequisite(s): None

This course provides an in depth study of cloud computing technology. The course content is aligned with the curriculum of the CompTIA Cloud+ Certification. The course is design oriented, focusing on topics such as cloud architecture, virtualization, cloud services, DevOps, cloud security and reliability, and quality of service. Students will be introduced to cloud related areas of network administration, cloud delivery model considerations, cost metrics and pricing models, service quality metrics and SLAs, that are related to the day-to-day job of network administration. *4 credit hours*

ITS4107 Designing and Maintaining Network Implementations

Prerequisite(s): ITS4106

Corequisite(s): None

This course provides an in-depth knowledge of data communications and networking requirements including networking and telecommunications technologies, hardware, and software. Emphasis is on the analysis and design of networking applications in organizations. *4 credit hours*

ITS4108 Network Programming

Prerequisite(s): ITS4106

Corequisite(s): None

This course is designed to prepare students to write programs that operate across network connections. The basic principles of programming general client/server applications in Perl and interacting with a variety of common servers will be addressed. *4 credit hours*

ITS4109 Server Technology

Prerequisite(s): ITS2103, ITS3101

Corequisite(s): None

This course integrates different aspects of server-based technologies and the practical requirements and implementations of secure communication. Topics will include password authentication in the Apache web server; using password authentication in PHP scripting for both Internet and Intranet applications; administering user accounts through database operation; and, using email to validate/confirm user account information. *4 credit hours*

ITS4110 Digital Audio and Imaging for Multimedia and Web

Prerequisite(s): ITS2111

Corequisite(s): None

This course examines the use of audio, video and other digital media as corporate, educational and personal communication. Students will configure and apply a number of compression techniques and file formats to different media, and evaluate the effective use of digital media. Students will also publish the course project to the Web. *4 credit hours*

ITS4111 Web Authoring Tools

Prerequisite(s): ITS2111

Corequisite(s): None

Students learn and practice the principles of multimedia authoring using software similar to Flash as a development tool and Extensible Markup Language (XML) based web multimedia approaches such as Synchronized Multimedia Integration Language (SMIL) and Scalable Vector Graphics (SVG). Students develop presentations targeted to the various media players/browsers, integrating video clips, rolling text documents with hyperlink, background music, animation sequences, and slideshows of still and moving images with narration. *4 credit hours*

ITS4112 Web Programming

Prerequisite(s): ITS2104

Corequisite(s): None

This course will introduce industry standard programming languages including Structured Query Language (SQL) and Java to develop or manage web applications. Error and exception handling techniques, stored procedures and functions, concurrency issues, etc. will be addressed. *4 credit hours*

ITS4113 Database Systems for Website Applications

Prerequisite(s): ITS2110

Corequisite(s): None

This course examines how databases are used to support websites and organizations using case studies. Students will develop dynamic websites with web applications that link databases to websites, pull web data and content in and out of databases and integrate a variety of coding and scripting technologies to enhance the functionality and flexibility of

websites. Emphasis is placed on web performance tuning, and the application and maintenance of databases to web development. *4 credit hours*

ITS4114 Advanced Database Design and Development

Prerequisite(s): ITS2110

Corequisite(s): None

This course represents the practical and demanding challenges of creating web applications for ecommerce, with an emphasis on the Structured Query Language (SQL) queries necessary to build complex relations. In creating the "shopping cart" project for this course, the students will design a normalized database. This course will review Hypertext Preprocessor (PHP) code structures as well as provide basic instruction in Object-Oriented techniques. Also, this course will show students how to document and evaluate their work, within codified goals and test protocols. *4 credit hours*

ITS4115 Database Administration

Prerequisite(s): ITS3102

Corequisite(s): None

This course provides students with an in-depth coverage of tasks an administrator performs which include, but are not limited to creating and managing database users, implementing a security system, designing a backup strategy, performing recovery, tuning databases to optimize performance and troubleshooting. *4 credit hours*

ITS4116 Database Programming

Prerequisite(s): ITS2105

Corequisite(s): None

In this course, students will be introduced to the Data Access Object (DAO) hierarchy which provides the background for the development of sophisticated relational database applications using the control based methods and object programming methods for data. Remote Data Objects (RDO), Active Data Objects (ADO), structured query language (SQL) and how to combine SQL with Visual Basic controls will also be covered. *4 credit hours*

ITS4117 Web Stack Construction

Prerequisite(s): ITS2105

Corequisite(s): None

This course guides students through the development of enterprise-quality web applications using current web development frameworks. The course adopts a step-by-step approach by example to web application development using open source technologies, including but not limited to, HTML5, CSS3, Javascript, Node.js, a JavaScript-based framework. In this course, students will:

- create a frontend with React
- create a backend with Node.js, Express and MongoDB
- setting up a database with MongoDB to connect the frontend to the backend creating a full stack

The React, ExpressJS and Node.js combination provides tools to run web applications on both the client and the server side. Throughout the course, the students learn foundational security concepts and best practices pertaining to enterprise-quality web development, which are applied to secure end-to-end web applications from common cyber threats. *4 credit hours 4 credit hours*

ITS4200 Information Technology Internship

Prerequisite(s): ITS4090

Corequisite(s): None

The goal of this course is to produce a professional who is both highly self-directing and able to use consultative supervision. The internship program is designed specifically to enable the IT student to apply classroom knowledge to the work environment, and to better prepare the student to enter the Information Technology industry. This course is a faculty supervised and evaluated field experience in the student's chosen profession. Students will work with Career Services or the appropriate Department Chair, Program Director, or designee to identify a potential internship site location. Once an acceptable organization and site supervisor are found, South University must approve the organization to be utilized for this purpose. The Site Supervisor, student, and Faculty Coordinator, as defined in the College of Business Internship Courses Student Handbook, arrange for the student to have an opportunity to realize the goals and objectives and apply competencies of this course to real life situations. Please refer to the Internship Learning Agreement in the College of Business Internship Courses Student Handbook for further information regarding requirements prior to participating in an internship. Minimum of 120 contact hours. This course is Pass/Fail (P/F). *4 credit hours*

ITS4211 Network Security

Prerequisite(s): ITS3104

Corequisite(s): None

The course covers the network security principles and applications, including authentication applications, IP security, Web security, network management security, wireless security and system security. *4 credit hours*

ITS4221 Application Software Security

Prerequisite(s): ITS3104

Corequisite(s): None

The course is a study of security concepts in developing software applications. This course discusses design principles for secure software development, and some of the security issues in current programming and scripting languages, database systems and web servers. *4 credit hours*

ITS4222 IT Governance

Prerequisite(s): ITS3104

Corequisite(s): None

This course discusses the fundamental concepts of IT Governance, Audit and Control process that are utilized in a plethora of environments including but not limited to government, financial, mortgage, service and healthcare industries. Control frameworks, control objectives and the logging, monitoring and reporting and subsequent change management of controls is examined. Students will be exposed to a process for creating a control structure with goals and objectives, auditing a given IT infrastructure against it, and establishing remediation procedures. The primary framework employed is ISACA's COBIT 5.0 open standard framework which is also an integral part of the CISA (Certified Information System Auditor), CISM (Certified Information Security Manager), and CGEIT (Certified in the Governance of Enterprise IT) professional certifications. *4 credit hours*

ITS4223 Information Technology Service Management

Prerequisite(s): ITS3103

Corequisite(s): None

Managing IT in today's business environment entails more than managing the technology within IT. With business demands for IT services increasing, Information Technology Service Management (ITSM) involves organizing IT as a set of services that are aligned to business needs. With the change in focus of the IT function to a service provider from a technology provider, it is imperative to focus on strategic and important business outcomes, and not just technology

outcomes. This course focuses on concepts, techniques, and technologies that help IT function as a service provider closely aligned with business needs. This course also will examine the relationships of the ITSM process with other governance processes (e.g., COBIT, EA), business processes (e.g., COSO, Business Process Management, CMMI, SOX) as well as industry frameworks and methodologies (e.g., ITIL). *4 credit hours*

ITS4224 Foundations of Enterprise Architecture

Prerequisite(s): ITS3101

Corequisite(s): None

An enterprise is a collection of organizations that share a common set of goals and objectives. Enterprise architecture is fast emerging as a key function that enables synergy between IT and business strategy and delivery as well as IT in an enterprise. This course provides students with an understanding of advanced concepts and practices in establishing and running ongoing Enterprise Architecture (EA) programs. It also provides students with a theoretical and practical understanding of the subject areas related to EA. Special emphasis is placed on the emerging technologies such as SDN, SOA, EA3, and cloud computing. To appreciate the foundations and decision-making framework of EA some time will be devoted to understand the business processes and strategies. *4 credit hours*

ITS4231 Case Studies in Computer Security

Prerequisite(s): ITS3104

Corequisite(s): None

This course presents the tools and tactics of forensic analysis in the context of electronic data tracking and recovery. Students will participate in an in-depth study of the practical aspects of computer security, including the study of vulnerabilities and tools used in their discovery. This course focuses on case studies as the primary means of exploring attacks and investigations. *4 credit hours*

ITS4232 Information Systems Security I

Prerequisite(s): ITS3101, ITS3104, ITS3110

Corequisite(s): None

This course is the first course in a two-course sequence on information systems security. The course covers the material needed to prepare for the Certified Information Systems Security Professional (CISSP) certification from the International Information System Security Certification Consortium, (ISC)². The course covers the domains of security and risk management, asset security, security engineering, and communication and network security. Security and risk management addresses the framework and policies, concepts, principles, structures, and standards used to establish criteria for the protection of information assets and assess the effectiveness of that protection. Asset security examines the concepts, principles, structures, and standards used to monitor and secure assets and controls used to enforce various levels of confidentiality, integrity, and availability. Security engineering describes the concepts, principles, structures, and standards used to design, implement, monitor, and secure, operating systems, equipment, networks, applications, and controls to achieve required levels of confidentiality, integrity, and availability. Communication and network security encompasses the structures, transmission methods, transport formats, and security measures used to provide confidentiality, integrity, and availability for transmissions over private and public communications networks and media. The course includes interactive learning resources and a virtual lab. *4 credit hours*

ITS4233 Information Systems Security II

Prerequisite(s): ITS4232

Corequisite(s): None

This course is the second course in a two-course sequence on information systems security. The course covers the material needed to prepare for the Certified Information Systems Security Professional (CISSP) certification from the International Information System Security Certification Consortium, (ISC)². The course covers the domains of identity and access management, information security, security operations, and software development security. Access management examines all operational levels of an organization: facilities, support systems, information systems, and

personnel. Information security covers the continued confidentiality- integrity-availability of an organization's assets. Security operations identifies critical information and the execution of selected measures to mitigate threats to critical information. Software development security examines the application of information systems security principles in the software development lifecycle. The course includes interactive learning resources and a virtual lab. The student is expected to have taken Information Systems Security I or equivalent. *4 credit hours*

ITS4234 Ethical Hacking I

Prerequisite(s): ITS3101, ITS3110, ITS4211, ITS4221

Corequisite(s): None

This course is the first course in a two-course sequence on ethical hacking. An ethical hacker is a skilled professional who is proficient at examining vulnerabilities in target systems and applying knowledge and tools like those used by malicious hackers, but in a lawful and legitimate manner, to assess the security posture of target systems. The course covers the material needed to prepare for the Certified Ethical Hacker (CEH) certification from the International Council of E-Commerce Consultants (EC-Council). The course examines the specific network security discipline of ethical hacking from a technology-neutral perspective. In this first course, the student learns about threats, vulnerabilities, and exploitation techniques with computer systems, applications, and networks. The main topics covered include: cryptography, *footprinting*, *scanning*, *enumeration*, system hacking, malware, *sniffers*, and social engineering. The student gains knowledge through lectures and assignments, and hands-on experience through interactive practices, virtual-lab challenges and exercises that supplement the theory. The course assumes basic knowledge of network concepts and issues, computer hardware and software systems, as well as applications. *4 credit hours*

ITS4235 Ethical Hacking II

Prerequisite(s): ITS4234

Corequisite(s): None

This course is the second course in a two-course sequence on ethical hacking. An ethical hacker is a skilled professional who is proficient at examining vulnerabilities in target systems and applying knowledge and tools like those used by malicious hackers, but in a lawful and legitimate manner, to assess the security posture of target systems. The course covers the material needed to prepare for the Certified Ethical Hacker (CEH) certification from the International Council of E-Commerce Consultants (EC-Council). In this second course, the student learns ethical-hacking principles and acquires practical skills in the following areas: denial of service, session hijacking, web servers and applications, SQL injection, hacking Wi-Fi and Bluetooth, mobile device security, evasion, cloud technologies and security, and physical security. The student gains knowledge through lectures and assignments, and hands-on experience through interactive practices, virtual-lab challenges and exercises that supplement the theory. The course assumes basic knowledge of network concepts and issues, computer hardware and software systems, as well as applications, and the completion of Ethical Hacking I or equivalent. *4 credit hours*

ITS4236 Cyber Forensics

Prerequisite(s): ITS4235

Corequisite(s): None

Cyber forensics goes beyond just analyzing computer hard drives or detecting intrusions to infrastructures. The term "cyber forensics" is the term adopted by the US Department of Defense, which indicates that the practice of forensics covers digital forensics, network forensics, and application forensics. The course is designed to be aligned with the common body of knowledge of the Computer Hacking Forensic Investigator Certification from the EC-Council. The course covers established digital forensics disciplines and new domains, such as mobile forensics, cloud forensics, and anti-forensics. The course examines digital forensics techniques and procedures, standards and best practices, as well as legal considerations and ethics. The student learns how to obtain digital evidence that is accurate, complete, and reliable. The course also examines the application of the cyber forensics competencies to different information security areas, such as e-discovery, malware analysis, and incident response. The course includes a hands-on component, which consists of demonstrations and virtual-lab assignments. *4 credit hours*

ITS4238 Healthcare Information Systems Security and Privacy

Prerequisite(s): ITS3104

Corequisite(s): None

This course covers the core domain knowledge needed to implement, manage, or assess the appropriate security and privacy controls of a healthcare organization.

The course is aligned with the material needed to prepare for the HealthCare Information Security and Privacy Practitioner (HCISPP) from the International Information System Security Certification Consortium, (ISC)². The student in this course learns about the best practices and techniques to protect healthcare organizations' assets, including their sensitive data, against emerging threats and breaches. The course examines essential domains of knowledge from the field of information security with focus on the healthcare industry. These are: healthcare industry, regulatory environment, privacy and security in healthcare, information governance and risk management, information risk assessment, and third-party risk management. *4 credit hours*

ITS4239 Incident Response

Prerequisite(s): ITS4232

Corequisite(s): None

This course teaches the fundamental skills to recognize and respond to IT security incidents in an organization. Examples of IT security incidents include network security incidents, malware incidents, and unauthorized intrusions. The course covers essential principles and techniques for detecting, handling and responding to current and emerging IT security threats. This includes examining risk assessment methodologies, identifying laws and policies that are pertinent to incident handling, organizing and managing incident response teams, conducting training in incident management, and recovering from incidents. Throughout the course, the students apply the concepts learned on how to tackle different types of incident scenarios through hands-on labs. Upon completing this course, the students will be equipped to develop incident handling and response measures and react efficiently and effectively to IT security incidents. *4 credit hours*

Instruction

INS7115 College Teaching

Prerequisite(s): INS7200

Corequisite(s): None

This course introduces students to the quality methods of teaching in the face-to-face or online classroom. Students are required to fulfill classroom observation hours and reflect on those observations. Students in the online modality complete the learning module that all online instructors must complete. Campus-based students practice their teaching skills with their peers. *4 credit hours*

INS7200 Instructional Design

Prerequisite(s): MGT7205

Corequisite(s): None

This course provides students with an in-depth exploration of the instructional design process in higher education. From analysis through evaluation and implementation, the course includes practice in all phases. The course focuses on design issues including course planning, selection of instructional strategies, assessment of instruction, and course evaluation and revision. Students practice the design of effective instruction based on principles from instructional design theory. *4 credit hours*

Leadership

LEA5100 Leadership, Organization Theory and Change

Prerequisite(s): None

Corequisite(s): None

Leading organization wide structural and cultural change is a significant challenge facing today's organizations. This course will explore the nature of these changes, the basis for their adoption, and both the management and leadership of organizational change in the 21st century, including issues of managing growth, resistance to change, intervention phases, crisis management, inter and intra-group conflict/power. *4 credit hours*

LEA5125 Leadership Ethics, Culture, and Politics

Prerequisite(s): None

Corequisite(s): None

This course compares and contrasts the disciplines of leadership and management with an emphasis on fostering organization culture and personal ethics. Topics include historical and contemporary leadership and management theories, current leadership research, and the practice of leadership and management across a wide variety of organizational contexts. *4 credit hours*

LEA5130 Team Building and Group Dynamics

Prerequisite(s): Master of Science in Leadership Students: LEA5100 and LEA5125. Master of Science in Public Relations Students: LEA5100. Doctor of Nursing Practice Students: None.

Corequisite(s): None

This course focuses on the theories and applications of team building and group dynamics, with an emphasis on leadership opportunities in small and large groups. *4 credit hours*

LEA5140 Emotional Intelligence and Leadership

Prerequisite(s): Master of Science in Leadership Students: LEA5100 and LEA5125. Doctor of Nursing Practice Students: None

Corequisite(s): None

This course explores a variety of leadership approaches, with a special emphasis on leading with emotional intelligence. Topics include the roles and functions of messages and messaging activities, empathy and self-awareness, and emotional intelligence used in the practice and outcomes of leadership. *4 credit hours*

LEA6150 Coaching and Professional Development

Prerequisite(s): Master of Science in Leadership Students: LEA5100 and LEA5125. Doctor of Nursing Practice Students: None

Corequisite(s): None

This course explores the theories and applications of coaching and professional development by a leader with individuals on his/her staff. Topics include coaching strategies employed across a variety of situational contexts and organizational and professional development employed by leaders. *4 credit hours*

LEA6175 International Leadership

Prerequisite(s): Master of Science in Leadership Students: LEA5100, LEA5125, MBA5001, LEA5130, LEA5140. Doctor of Nursing Practice Students: None

Corequisite(s): None

This course explores a variety of leadership approaches, with a special emphasis on leading with emotional intelligence. Topics include the roles and functions of messages and messaging activities, empathy and self-awareness, and emotional intelligence used in the practice and outcomes of leadership. *4 credit hours*

LEA6180 Strategic Negotiations

Prerequisite(s): Master of Science in Leadership Students: LEA5100, LEA5125, MBA5001, LEA5130, LEA5140.
Doctor of Nursing Practice Students: None

Corequisite(s): None

This course explores the theories and applications of single and multiparty negotiations in a wide variety of organizational contexts. Topics may include the exploration of negotiation as an art and science, consideration of negotiating behaviors and characteristics, and strategies to achieve negotiation success for the stakeholders involved. *4 credit hours*

LEA6185 International Negotiations

Prerequisite(s): LEA6175, LEA6180

Corequisite(s): None

This course continues to develop applications of single and multiparty negotiations in international organizational contexts. Topics include advanced role playing among different stakeholders, impact of culture and political differences, and coalition building strategies. *4 credit hours*

LEA6999 Strategic Leadership and Implementation

Prerequisite(s): Must be completed during final quarter or session of program

Corequisite(s): None

This capstone course explores the methods of providing leadership in a firm, or a significant division thereof in an internationally competitive environment. Students will develop an understanding of the way in which general managers integrate leadership and strategy in today's market economy. *4 credit hours*

Legal Studies

LGS1001 The Legal Field: Law and Ethics

Prerequisite(s): None

Corequisite(s): None

This course examines the American legal system with an emphasis on the methods and institutions of the law and the role of the legal assistant in the judicial system. The rights and responsibilities of paralegals, both professional and ethical, are described. Duties and opportunities for paralegals are discussed. Law office management procedures are introduced to the student. Prospective paralegals will be introduced to the practical workings of the legal system while acquiring needed skills to assist a supervising attorney. The course will focus on basic legal terminology, legal doctrines, procedures, court systems, research functions, analysis of case law and usage of computers and technology in the law office. *4 credit hours*

LGS1004 Torts and Remedies

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

The course familiarizes the student with the substantive law of torts. A tort is a civil wrong, other than a breach of

contract that causes injury for which our legal system provides a remedy. Concentration will be in three main areas - intentional torts, strict liability torts, and negligence law. The student will study torts related to property, personal injury and economic relations. The course will also examine various equitable remedies. Finally, students will analyze the specific elements required to establish defenses, damages, and immunities. *4 credit hours*

LGS1005 Legal Research and Writing I

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course is designed to familiarize students with primary and secondary sources of law; judicial reports, statutes, citators, digests, annotated law reports, legal treatises, and periodicals; legislative session laws, codifications, and histories; executive branch pronouncements (primarily regulation). The course should enable the student to undertake, under the supervision of a lawyer, legal research and preparation of memoranda, briefs, and client letters, while accurately citing research sources. The course will include an overview of the legal system and the sources of law generated by each branch of government. There will be a thorough review of citation forms, basic research skills, and legal writing exercises. *4 credit hours*

LGS1006 Legal Research and Writing II

Prerequisite(s): LGS1001, LGS1005

Corequisite(s): LGS1001

In this course, the student will continue to experience "legal method" by conducting detailed research and by preparing legal briefs and memoranda. This course is intended to enhance the basic legal method skills developed in the LGS1005 course. The concentration will be on library research, including computer- assisted and test-assisted methods, giving special emphasis to Westlaw and other legal research online databases. Students will be required to present conclusions of their research in concise, grammatically correct, well-reasoned legal briefs and memoranda. *4 credit hours*

LGS2001 Civil Litigation

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course examines civil procedures and the court system including the role of judges, attorneys and juries. Venue, jurisdiction and ethical considerations area studied. The course enables students, under the supervision and control of an attorney, to assist in pre-trial practice, including drafting complaints, answers and pre-trial motions; preparing witnesses, conducting preliminary investigations; and assisting in the preparation of the case for trial. *4 credit hours*

LGS2002 Family Law

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

An examination of the subjects and preparation of documents for adoption, legal separation, divorce, marriage, annulment, and child visitation and custody will be made in this course. The student will be prepared to assist in the interviewing of clients and the drafting of petitions and agreements. In addition, this course is a study of the general principles of family law. The legal definition of the family is examined, as are the rights and responsibilities of each family member. The course gives a practical overview of the creation and dissolution of the family by examination of the laws relating to divorce, child custody and support, and alimony. This course also describes how technology, like the introduction of DNA testing, is changing the legal landscape of domestic law. The elements of the marital relationship are explored as well as non-ceremonial types of marriages. Also examined is the relationship of family law to other areas of the law. *4 credit hours*

LGS2003 Estate Planning and Probate

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course examines the transferring of assets, trusts, wills, gifts, administration of decedents' estates, federal and state taxes and administrator's responsibilities. Students will be exposed to the practical application of estate planning through the hands-on review of considerations, problems, and documents related to this area. They will also use and become familiar with software designed to expedite the process of drafting legal documents. *4 credit hours*

LGS2004 Criminal Law

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course familiarizes the student with substantive criminal law and criminal procedures. It enables the student, under the supervision of a lawyer, to prepare pre-trial pleadings, interview witnesses, and conduct trial and post-trial proceedings. This course shall contain a survey of the vast field called "criminal law." The course will begin with a discussion of the source of much of today's criminal law, the great English legal tradition of the "common law." A general review of the guiding legal principles of the criminal law, the principles of criminal liability, including the liability of multiple actors; uncompleted crimes and defenses will be carefully examined. Specific crimes such as murder, burglary, rape, arson, theft, and various "public disorder" crimes will be studied, also. Theories of prosecution and punishment will be analyzed. A discussion on computer and Internet related crimes will be discussed as well. This course should give each student a practical, useful understanding of criminal law, criminal procedure, and the criminal justice system. The use of the actual criminal laws of the state will be stressed. The roles of the various participants in the system will be explained and examined (judges, lawyers, victims, peace officers, etc.). Invited speakers will provide the students with personal accounts of their role within the system. Class discussions will stress the relationship between the material being studied by the class and the material's application to the daily functions of our community's and nation's courts. *4 credit hours*

LGS2005 Real Estate Law

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course develops the student's understanding of ownership, deeds, mortgages, easements, landlord/tenant relations, liens and eviction procedures. An examination is made of the mechanics of transferring interest in real property. It deals with the nature of real property interests, sources of law, methods of conveyance, the financing of real estate transactions, contracts for sale, methods of encumbering property, the role of the real estate broker, title searches, title insurance and real estate closings. Emphasis is placed upon local laws and methods of practice, including the use of present day technology. Further, the course is designed to teach the prospective paralegal how to assist an attorney in closing a real estate transaction. *4 credit hours*

LGS2007 Computers in the Legal Office

Prerequisite(s): LGS1001, ITS1000

Corequisite(s): LGS1001

This course introduces paralegal students to the uses of computer software in the law office including drafting legal documents, legal timekeeping and billing, docket control and litigation support. Other specialized legal software is introduced as appropriate. During hands-on training with macros, merges and tables, the student will use the advanced features of software document assembly and office procedure programs to complete complex operations and save time in the law office. Students will learn how to design, maintain and complete forms processing. Organizing the computer directories and files for easy retrieval and use in the law office will be covered. The course will, additionally cover Power Point presentations for trial. *4 credit hours*

LGS2008 Worker's Compensation Law

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course is a detailed study of worker's compensation law covering the procedures used to initiate and process worker's compensation claims. Students will have the opportunity to draft relevant forms as well as to study employer responsibility, risk management, and litigation. Worker's compensation laws are designed to ensure that employees who are injured or disabled on the job are provided with fixed monetary awards, eliminating the need for litigation. These laws also provide benefits for dependents of those workers who are killed because of work-related accidents or illnesses. Some laws also protect employers and fellow workers by limiting the amount an injured employee can recover from an employer and by eliminating the liability of co-workers in most accidents. State worker's compensation statutes establish this framework for most employment. Federal statutes are limited to federal employees or those workers employed in some significant aspect of interstate commerce. *4 credit hours*

LGS2010 Bankruptcy Law

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course provides an overview of the federal bankruptcy law and rights of creditors and debtors. Emphasis is placed upon bankruptcy procedures in Chapter 7, 11, 12, and 13 of the U.S. Bankruptcy Code. Upon completion, students under the supervision of an attorney should be able to prepare and file bankruptcy forms, collection letters, and UCC search and post-judgment collection such as garnishment. *4 credit hours*

LGS2030 Administrative Law

Prerequisite(s): LGS1001

Corequisite(s): LGS1001

This course presents basic concepts of administrative law and procedure in federal and state agencies. Topics include representing clients before administrative bodies, agency operation, adjudication, constitutional questions, statutory issues, and appeals. Students will learn both formal and informal advocacy techniques. This course will offer a practical approach to administrative law with hands on learning of documents, forms, and the legal theories behind them. *4 credit hours*

LGS2099 Paralegal Externship

Prerequisite(s): All LGS1000 and LGS2000 level courses

Corequisite(s): All LGS1000 and LGS2000 level courses

In this course, students are given the opportunity to validate their skills through a 120-hour supervised, unpaid externship experience. Students are assigned to private legal offices, government legal departments or corporate legal departments where they perform the various responsibilities of the paralegal. Students must contact the paralegal department chairman the quarter before enrolling in this course regarding approval of site selection and schedule. The student will be placed in an attorney's office, corporate or governmental legal department where he or she will perform legal and administrative duties appropriate to the paralegal field. Students are expected to perform their work and duties in a professional manner. Each student is required to meet with the extern coordinator at a regularly scheduled class meeting for purposes of providing an opportunity for interaction with other students and the coordinator. This creates an environment where the students will receive guidance and answers to pertinent questions. During the course the students are required to complete certain assignments and a final written report. Students are expected to complete 120 total hours at the internship site. Overall, the student must receive a satisfactory grade of at least 70% (C) in the externship course in order to be eligible to receive a paralegal degree and receive placement assistance. Failure to attain the required grade will necessitate repeating the externship. *4 credit hours*

LGS3009 International Law

Prerequisite(s): LGS1001

Corequisite(s): None

This course will acquaint the student with the principles, laws, and organizations that impact on the management of an international business transaction. Topics include basic principles, such as human rights, treaties, sovereign immunity and dispute resolution that govern relations between nations. At the end of this course, students will be able to analyze the risks involved in international trade and to create an import/export business. As an introduction to the study of international business law, the student will study the function and importance of public international law as well as the role of public and private international organizations in setting standards and guidelines for international business. *4 credit hours*

LGS3040 Constitutional Law

Prerequisite(s): LGS1001

Corequisite(s): None

This course is designed to give the student a basic understanding of constitutional law. The course will provide an overview of the Constitution itself, coupled with the beliefs and purpose of its framers. We will also examine the ongoing controversies over jurisprudence of original intent versus the evolutionary interpretation of the Constitution. Topics covered will include separation of powers in the national government, regulation of commerce, taxing and spending powers, war and national defense, conduct of foreign relations, state and local powers, limitations on the exercise of government powers, and the bill of rights. *4 credit hours*

LGS3050 Immigration Law

Prerequisite(s): LGS1001

Corequisite(s): None

This is a practical course on immigration law and procedures including the history and administration of US immigration law. Topics include citizenship, admission to the U.S., and refugees, and political asylum. Students will gain experience in filling out numerous immigration forms, including application for naturalization and application for employment authorization. *4 credit hours*

LGS3060 Contract Law for Paralegals

Prerequisite(s): LGS1001, BUS1038

Corequisite(s): None

This course is designed to provide students with a strong foundation in basic concepts of contract law from formation of contracts (offer, acceptance, consideration, capacity, intent and mistake) to more complex issues presented by advancements in technology in business and the law. Students will learn to analyze a variety of contracts, develop defenses to breach of contract claims and handle "bad faith" claims that paralegals face in modern legal or business offices. Upon completion of the course students will be able to draft a contract, identify various defenses and identify ways of voiding a contract. *4 credit hours*

LGS3065 Criminal Procedure

Prerequisite(s): LGS1001, LGS2004

Corequisite(s): None

This course mixes the study of our constitution and common law in regard to the procedural steps in a criminal prosecution from arrest through trial. Pre-Trial through Post-trial motions and remedies are also covered. The primary focus is based on criminal defense since the cases studied apply equally to the defense and prosecution. Students will review at least one pivotal US Supreme Court case in each chapter and apply the law to hypothetical situations

presented in the text. Discussion Questions and Hypothetical Questions are presented in each chapter to sharpen student's critical thinking skills so they will understand the procedural safeguards that stem from the federal constitution. *4 credit hours*

LGS4005 Advanced Legal Research and Writing

Prerequisite(s): LGS1001, LGS1006

Corequisite(s): None

This course is a comprehensive examination of legal resources and references. It allows the student to apply analytical and logical skills to draft legal documents such as a memorandum of law and an appellate court brief. *4 credit hours*

LGS4008 Litigation Support Management

Prerequisite(s): LGS1001, LGS2001

Corequisite(s): None

This is an intensive drafting course where students have the opportunity to concentrate on preparing complex pleadings and motions relating to the pre-trial, trial, and appeal processes. The focus is on developing practical skills and the legal analysis necessary to identify and pursue an appropriate cause of action in a civil case. *4 credit hours*

LGS4010 Evidence

Prerequisite(s): LGS1001, LGS2001

Corequisite(s): None

This course is designed to provide a thorough study of the rules of evidence. Emphasis will be placed on application of the rules in preparing and presenting evidence for trial. We will examine the role evidence plays in the legal system and the paralegals responsibility in finding, collecting, handling, labeling, and preparing evidence for litigation. Each assignment will be designed for coverage in a single class period; however, occasionally an assignment will require additional time. As class time and circumstances permit, support assignments of library materials may be given. *4 credit hours*

LGS4020 Advanced Real Estate Law

Prerequisite(s): LGS1001, LGS2005

Corequisite(s): None

This course is an advanced study of real property law relating to title examination, foreclosures, and preparation of commercial closing documents. There is an emphasis on practical work including examination of titles by obtaining information from the public records and drafting title insurance forms. By studying problems, techniques, and solutions, transactional matters will be covered. Course coverage should include the study of condominiums, planned unit developments, mortgage financing problems, and construction liens. This in-depth course in real estate law will integrate traditional learning with computerized data research and document assembly programs. *4 credit hours*

LGS4030 Employment Law

Prerequisite(s): LGS1001

Corequisite(s): None

This course is designed to provide students with an overview of the legal relationship between the employer and the employee. Areas covered include federal and state laws governing discrimination, wrongful termination, unionization, and privacy. Students will get practical experience in drafting an employment policy manual that addresses sexual harassment, Americans with Disabilities Act, and other employment issues. Other topics studied include pre-employment concerns, employee benefits, and other ethical issues in employment law. *4 credit hours*

LGS4045 Advanced Technology for Paralegals

Prerequisite(s): LGS1001, LGS2007

Corequisite(s): None

The purpose of this course is to explore electronically stored information (ESI) with an emphasis on managing ESI. Students will analyze the leading cases, existing and pending rules, and prepare several drafting assignments, including motions and supporting memoranda. Student will learn about emerging technologies of electronic filing of court documents with an understanding of the architecture and usability of popular litigation support and trial presentation software used currently in law offices. Students will be given different client scenarios and generate associated legal content. *4 credit hours*

LGS4050 Environmental Law

Prerequisite(s): LGS1001

Corequisite(s): None

This course is a thorough overview of the government systems that form environmental policy. This course covers the federal environmental statutes, including National Environmental Policy Act, Comprehensive Environmental Response, Compensation and Liability Act, Endangered Species Act, Clean Water Act, Toxic Substances Control Act, Resources Conservation and Recovery Act and Clean Air Act. Administrative procedures used to enforce the various domestic and international laws additionally will be covered. This course will provide students with a working knowledge of the laws that have the most practical significance for practicing environmental lawyers and paralegals. *4 credit hours*

LGS4051 Cyberlaw

Prerequisite(s): LGS1001

Corequisite(s): None

This course introduces paralegal students to the legal environment of cyberlaw in law firms, businesses and governmental agencies. Cyberlaw transcends many areas of legal practice. Responsibility for managing digital data is increasingly being delegated to paralegals working under the supervision of licensed attorneys. In the twenty-first century attorneys, businesses, and governmental agencies frequently utilize electronic communications to transmit documents. On-line aspects of business include contract formation and signing, intellectual property protections, tort law and invasions of privacy, security and encryption and the proper creation, protection and use of software. This course covers topics that paralegals employed in such firms would benefit from in the digital age. *4 credit hours*

LGS4055 Intellectual Property

Prerequisite(s): LGS1001

Corequisite(s): None

This course explores the areas of patent, trademark and copyright and how they are bound up with antitrust law and government regulations. Topics include competition among businesses and protection of intellectual property in the global market place. Students will apply substantive legal concepts to protection of intellectual property, including poetry, lyrics, advertising, inventions, and product names. *4 credit hours*

LGS4060 Legal Externship II

Prerequisite(s): All legal courses or concurrent; or approval of Program Director* *Students who have previously completed a paralegal externship may, with the approval of their program director, enroll in LGS 4060 as an approved LGS elective without having completed all their 3000 and 4000 level LGS courses beforehand.

Corequisite(s): See prerequisites

This course is a supervised practical experience in a law firm, corporate legal department, or government entity. It

provides the student with the opportunity to make a transition from classroom knowledge and theory to practical applications. This course is highly recommended for students who have never worked in a legal setting. The goal of this class is to assist legal studies students in bridging the gap between the classroom and the world of legal offices, corporations, public agencies, and organizations, i.e. the legal assistant's "work world." Students are expected to complete 120 total hours at the internship site. *4 credit hours*

LGS4075 Legal Topics Seminar

Prerequisite(s): All required legal studies courses

Corequisite(s): See prerequisites

This capstone class will be conducted in a seminar format where students can apply their broad knowledge of the paralegal profession through specific projects integrating work related competencies with academic information. Students will review the various skills learned in the legal studies curriculum and take a comprehensive outcome assessment exam. The major objective of this course is successful completion of the capstone project. *4 credit hours*

Management

MGT2037 Principles of Management

Prerequisite(s): BUS1101 (College of Business students only)

Corequisite(s): None

The latest major approaches and techniques of management are studied, including planning, systems management, new organizational concepts, computer influence, controlling, and quantitative measurement. *4 credit hours*

MGT2040 Fundamentals of Strategic Negotiations

Prerequisite(s): None

Corequisite(s): None

The course explores the terminology, theories, and application of negotiations in a wide variety of organizational contexts. The primary focus for this class is single party negotiations although concepts related to multiparty and complex negotiations will be introduced. Consideration will be given to defining a successful negotiation outcome as well as to the behaviors and strategies that contribute to negotiation success. *4 credit hours*

MGT3002 Organizational Behavior

Prerequisite(s): MGT2037

Corequisite(s): None

This course advances the concepts learned in the Principles of Management course. In addition, behavioral concepts are applied to motivation, leadership, work groups, and communication. *4 credit hours*

MGT3035 Fundamentals of Project Management

Prerequisite(s): ACC1003, MGT2037

Corequisite(s): None

This course will provide the student with an understanding of the main principles of project management. It will provide real-world examples of how and when to apply these principles, including financial, accounting, and budgeting considerations. An overview and usage of project planning software package will also be provided. *4 credit hours*

MGT3045 Human Resources Management

Prerequisite(s): None

Corequisite(s): None

This course represents a realistic study of the principles and practices of personnel management, major factors in personnel problems and labor relations, and the organization of personnel work. Attention is also given to the task of procuring, developing, maintaining, and using an effective team. *4 credit hours*

MGT3050 Organizational Change Management

Prerequisite(s): MGT2037

Corequisite(s): None

The methods and processes of planned change are examined. This course will emphasize design and implementation of continuous improvement systems and issues related to constant change. Change models are examined and students are given opportunities to apply these models to case studies and scenarios. Students are given the skills and tools to facilitate organizational change processes in organizations. *4 credit hours*

MGT3059 Operations Management

Prerequisite(s): MGT2037

Corequisite(s): None

This course focuses on the production and operations component of business. Topics include operations strategy, forecasting of demand, design of goods and services, process, capacity and location planning, scheduling of jobs and projects, and job design. Students will learn to use basic decision tools to analyze and make decisions in these topic areas. *4 credit hours*

MGT3102 Leadership

Prerequisite(s): MGT3002

Corequisite(s): None

This course examines the art and science of leadership in complex organizations. The roles of leaders and managers at different levels of the organizational structure are analyzed. Students are given opportunities to investigate personal characteristics of effective leaders. Through experiential activities, students discover the implications of collaborative management and effective leadership on the organization's performance and gain insights into their own leadership styles. *4 credit hours*

MGT4027 Global Business Management

Prerequisite(s): MGT2037, ECO2071, ECO2072

Corequisite(s): None

Students study the basis for transacting business among countries, the mechanics of international trade and foreign exchange transactions, the characteristics of international management, and the different perspectives on organizational behavior, human resource management, management styles and business ethics practiced in different cultural settings. Business in the international environment is interpreted from a strategic management and marketing perspective that yields practical guidance concerning the management of firms and social responsibility. *4 credit hours*

MGT4054 Small Business Management

Prerequisite(s): MGT2037, MKT3010, FIN2030

Corequisite(s): None

In this course, students study the special problems of initiating and managing a small business. The course integrates

the functions of finance, marketing and management and stresses the special discipline and characteristics required of the small business entrepreneur. *4 credit hours*

MGT4059 Advanced Operations Management

Prerequisite(s): MGT3059

Corequisite(s): None

This course provides an analysis of supply chain and operations management for products and services and the dynamic interaction of companies along an integrated supply chain. Topics include supply chain strategy, outsourcing, inventory management, aggregate planning, Material Requirements Planning (MRP) and Enterprise Resource Planning (ERP), scheduling, advanced production planning, and maintenance and reliability. *4 credit hours*

MGT4070 Strategic Management

Prerequisite(s): Bachelor of Business Administration Students: ACC1003, BUS2023, BUS3055, BUS3059, FIN4060, MGT3059, MKT2010. For BS Accounting and BS to MS Accounting Students: ACC1003, BUS2023, BUS3055, BUS3059, FIN2030, MGT3059, MKT2010

Corequisite(s): None

This capstone course is intended to integrate subject matter from more specialized business courses and related areas of study to help students develop conceptual skills needed in management. Major topics include the development of organizational strategy, decision making within a strategic framework, the planning process, formulation of objectives and policies, and the management of change. Use of the case method will draw significantly on students' prior management study and experience. Students will review business concepts for all areas of the business curriculum and demonstrate proficiency in the common professional components required of effective business managers and leaders through a standardized business test. *4 credit hours*

MGT7100 Seminar in Organizational Behavior

Prerequisite(s): Online Students: BUS7000

Corequisite(s): Campus-based Students: BUS7000

Doctoral level course focusing on topics related to individual behavior including individual personality, decision making, motivation, satisfaction, positive and negative reactions at work, conflict, and impression management. Students will be exposed to literature reviews of weekly topics and will discuss how to develop appropriate literature reviews for peer reviewed journals. The class will also begin to examine the basic design of research articles and analyze the research paradigms employed at the individual level of analysis. This course will incorporate research concepts being covered in the first research methods course. Students will also develop resources to be used in teaching the course topics. *4 credit hours*

MGT7105 Seminar in Group and Team Behavior

Prerequisite(s): MGT7100

Corequisite(s): None

Doctoral-level course focusing on topics related to groups and teams. Topics covered include team dynamics, team alignment, coaching teams, team management, motivation through team management, integrating teams into business strategy and evaluating teams. The study of multi-level analysis will be an important part of this course. This course will incorporate statistical concepts being covered in the first statistics for research methods course. Students will also develop resources to be used in teaching the course topics. *4 credit hours*

MGT7110 Seminar in Organizational Theory

Prerequisite(s): MGT7100 and Completion of Residency I (online program only)

Corequisite(s): Completion of Residency I (online program only)

Doctoral level course focusing on theoretical and pragmatic topics related to organizational theory. Topics include organizational design, strategy, environment, structure, process, people, coordination, context, partnerships, and diagnosis. Students will be exposed to literature reviews of weekly topics and will discuss how to develop appropriate literature reviews for peer reviewed journals. Research paradigms at the organizational level of analysis will be explored. Students will develop a research proposal up to the point of data collection and will discuss how they would collect and analyze the data. This course will incorporate research concepts being covered in the first research methods course and first statistics for research methods course. Students will also develop resources to be used in teaching the course topics. *4 credit hours*

MGT7115 Seminar in Leadership

Prerequisite(s): MGT7100

Corequisite(s): None

Doctoral-level course focused on effective organizational leadership. Topics include leader attributes and behaviors, leader/follower interaction, approaches to leadership, theories of leadership, leading change, strategic leadership, and global leadership. The focus will start with the leader as individuals, followed by leading others and leading organizations. Students will develop a research proposal up to the point of data collection and will discuss how they would collect and analyze the data. This course will incorporate research concepts being covered in the second research methods course. Students will also develop resources to be used in teaching the course topics. *4 credit hours*

MGT7200 Seminar in Organizational Development and Change

Prerequisite(s): MGT7105, MGT7110, MGT7115

Corequisite(s): None

Doctoral-level course focusing on topics related to organizational development and change within organizations. Topics covered include the history of organizational development, strategies for change, transforming organizations, organizational learning, implementation issues, and challenges and opportunities for organizational development. Students will develop a research proposal up to the point of data collection and will discuss how they would collect and analyze the data. This course will incorporate research concepts being covered in the second statistics for research methods course. Students will also develop resources to be used in teaching the course topics. *4 credit hours*

MGT7205 Seminar in Ethics and Social Responsibility

Prerequisite(s): MGT7200

Corequisite(s): BUS7002 (online program only)

Doctoral level course focusing on topics related to business ethics including corporate social responsibility, stakeholder relationships, ethical leadership, trust and trustworthiness, morality and justice, international business ethics, and teaching business ethics. Students will be exposed to literature reviews of weekly topics and will discuss how to develop appropriate literature reviews for peer reviewed journals. The class will also begin to examine the basic design of research articles and analyze research paradigms employed at the individual and organizational levels of analysis. Students will develop a research proposal up to the point of data collection and will discuss how they would collect and analyze the data. This course will incorporate research concepts being covered in the second statistics for research methods course. Students will also develop resources to be used in teaching the course topics. *4 credit hours*

Marketing

MKT2010 Principles of Marketing

Prerequisite(s): BUS1101

Corequisite(s): None

This is an introductory course in the primary activities and practices of domestic and global marketing. It provides an overview of the marketing environment, consumer behavior, market segmentation and target marketing, branding, the distribution of goods and services, the pricing system, promotional and communication activities, and new product development. *4 credit hours*

MKT3010 Marketing Management

Prerequisite(s): MKT2010, MAT2058

Corequisite(s): None

This course studies the marketing process and the business environment in which it operates. The emphasis is on the role of the marketing manager and the basis for strategic and tactical marketing decisions required for achieving the firm's strategic business goals. *4 credit hours*

MKT4106 Advertising and Promotion

Prerequisite(s): MKT3010

Corequisite(s): None

This course helps students understand how to plan, develop and execute integrated marketing communications programs using the tools of advertising, direct marketing, sales promotion, public relations, Internet advertising, and personal selling. *4 credit hours*

Mathematics

MAT0099 Principles of Algebra

Prerequisite(s): None

Corequisite(s): None

The course is designed to develop the basic concepts in algebra that are needed as background for intermediate algebra and college math. The approach emphasizes the relationship between arithmetic and algebra, using graphs and applications to motivate students and provide real-world examples. The course begins with signed numbers, proceeds to solving linear equations, and concludes with the Rectangular Coordinate System and graphs. A minimum grade of C is required to pass this course. *4 credit hours*

MAT1001 College Algebra I

Prerequisite(s): MAT0099 (or equivalent)

Corequisite(s): None

The course is designed to develop the concepts needed for College Algebra II using graphs and applications to motivate students and provide real-world examples. The course covers the solution of systems of linear equations, exponents and polynomials, factoring, rational expressions, functions, and quadratic equations. MyMathLab or a comparable resource may be used for lecture, homework and assessment assignment delivery. *4 credit hours*

MAT1005 College Algebra II

Prerequisite(s): Grade of "C" or better in MAT1001 (or equivalent)

Corequisite(s): None

College Algebra provides students with lecture and extensive practice in the concepts required as background for Pre-Calculus and Calculus. The course emphasizes the graphs and properties of functions in general, with emphasis on linear, quadratic, polynomial, rational, exponential, and logarithmic functions. MyMathLab or a comparable resource may be used for lecture, homework and assessment assignment delivery. *4 credit hours*

MAT1500 College Mathematics

Prerequisite(s): MAT0099 or equivalent

Corequisite(s): None

College Mathematics covers the fundamentals of several areas of mathematics, including set theory, logic, geometry, graph theory, probability, and statistics. MyMathLab or a comparable resource may be used for lecture, homework and assessment assignment delivery. *4 credit hours*

MAT2058 Statistics

Prerequisite(s): Either MAT1005, or MAT1001 and MAT1500

Corequisite(s): None

Statistics provides students with lecture and extensive practice in the concepts of descriptive and inferential statistics. The course emphasizes practical calculation and application. It begins with sample statistics and population parameters, proceeds to measures of central tendency, dispersion, and position, introduces the least-squares best-fit line and several key probability distributions, and concludes with the sampling distribution of sampling means, and hypothesis testing. MyStatLab or a comparable resource may be required in the course. *4 credit hours*

Ministry

MIN7000 Learning Skills for Ministry

Prerequisite(s): None

Corequisite(s): None

This course offers an introduction and orientation to advanced professional ministry studies. It is designed to assist students in clarifying their career objectives by focusing on vocation/calling, personal gifting, strengths and limitations. It will also orient students by offering an overview of the program from beginning to end, examining in turn the kinds of disciplines they will encounter. Finally, the course will also explore the various academic skills required to successfully complete the program and serve in ministry effectively, including reading, research and writing, critical thinking skills, computer skills, constructive conversation, personal organization and time management, and planning a course of studies. *4 credit hours*

MIN7001 Academic Writing

Prerequisite(s): None

Corequisite(s): None

This foundational course develops students' critical thinking and academic writing competencies. Students engage in learning activities to become better readers of academic texts, to understand the process of academic research and writing, and to become better writers. Emphasis is placed on understanding similarities and differences between various academic writing genres, correctly using Chicago Manual of Style guidelines, and conducting research appropriate to their assignments. Students develop a scholar-practitioner perspective through reading, writing, and

reflection within the context of ministry. Students will be evaluated on their writing skills in this course. The course is Pass/Fail. *4 credit hours*

MIN7010 Biblical Interpretation

Prerequisite(s): None

Corequisite(s): None

This course is an introduction to the methods and principles of biblical interpretation and personal Bible study. It includes a survey of the various kinds of biblical literature and offer guidance on how to dig further into the original setting and meaning of Scripture. The course will also examine the major approaches to biblical interpretation in the history of Christianity. Finally, the course addresses the role of proper biblical interpretation in spiritual life and ministry. *4 credit hours*

MIN7011 Old Testament Context and Theology

Prerequisite(s): None

Corequisite(s): None

This course provides a survey of Old Testament literature in its historical and cultural context. It focuses on variety of themes in the Old Testament including creation, anthropology, sin, covenants, sacrifices, law, and prophecy. Students will study various theological approaches to the Hebrew scriptures with special attention to the historical interpretation of the theology of the Old Testament. *4 credit hours*

MIN7012 New Testament Context and Theology

Prerequisite(s): None

Corequisite(s): None

This course surveys the different kinds of literature in the New Testament in its literary, historical and cultural contexts. It also addresses key themes in the New Testament including Christology, sacrifices, law, ecclesiology, and prophecy. Students will study various theological approaches to the New Testament with special attention to the historical interpretation of the theology of the New Testament and the methods of interpreting the gospels and Paul's writings. *4 credit hours*

MIN7020 Theology Survey

Prerequisite(s): None

Corequisite(s): None

This course offers students an introduction to the study of theology, including theological methodology and the main topics of systematic theology. It presents brief surveys of the nature and character of the Triune God, revelation and the Bible, theological anthropology, Christology and salvation, the Holy Spirit, the Church, and eschatology. Particular attention will be given in each case to the significance of Christian doctrine in ministry. *4 credit hours*

MIN7040 World Religions

Prerequisite(s): None

Corequisite(s): None

This course surveys the major world religions and several newer religions found in North America. By better understanding their beliefs and practices the course aims to equip students to minister more effectively in religiously diverse settings. Note: this course does not include apologetic strategies for evangelism/proselytism. It will encourage students to carefully consider how best to present their own convictions through constructive engagement with persons of other religious traditions or of no religious affiliation. *4 credit hours*

MIN7050 Christian Spiritual Formation

Prerequisite(s): MIN7000

Corequisite(s): None

This course presents an overview of the biblical principles of the Christian life and a survey of key historical figures and developments in the Catholic and Protestant Western tradition. It will address the issue of pastoral identity as participation in the ongoing ministry of Christ on behalf of the world, and explore the primary spiritual disciplines of prayer, study, worship, solitude, fellowship, and service from the perspective of leadership in pastoral ministry. *4 credit hours*

MIN7051 Community and Discipleship

Prerequisite(s): None

Corequisite(s): None

Participants in this course will survey the biblical and theological foundations of community and discipleship, and the process of spiritual transformation. Specific attention will be given to strategies for gathering and leading small groups, and to effective practices in making disciples. Students will develop personal strategies for small groups and discipleship in their own ministries. *4 credit hours*

MIN7060 Diversity in Ministry

Prerequisite(s): None

Corequisite(s): None

This course examines the many forms of diversity in North American culture and in ministry. Beginning with biblical and theological perspectives on diversity, the course will address racial/ethnic diversity, gender, class and socio-economic status, religious diversity, and sexual orientation. Each topic will be analyzed in the context of pastoral ministry, and students will be able to develop personal strategies for engaging people of many different backgrounds. *4 credit hours*

MIN7061 Leadership and Management in Ministry

Prerequisite(s): None

Corequisite(s): None

This course gives students an overview of the basic models of leadership drawn from biblical and theological sources as well as contemporary leadership theory in business, non-profit, and ministry settings. Students will develop an understanding of their own personal leadership styles from the perspective of leadership development theory, and will examine the various roles and tasks of leadership. Attention will also be given to racial/ethnic, gender, and socio-economic factors in diversity, power dynamics, conflict, and trust and credibility. *4 credit hours*

MIN7062 Communication Skills for Ministry

Prerequisite(s): None

Corequisite(s): None

Participants in this course will learn the basic theory of communication and develop skills in the practices of effective communication for ministry leaders. The theoretical foundations will draw on biblical and theological resources as well as contemporary communication theory. A variety of communication forms will be addressed, including preaching, teaching, one-on-one, small groups, writing, and social media. Attention will also be given to the communication needs of different audiences and to the dynamics of cross-cultural communication. *4 credit hours*

MIN7063 Conflict Mediation and Reconciliation

Prerequisite(s): None

Corequisite(s): None

Participants in this course will develop skills of mediating conflict and promoting reconciliation in the context of pastoral ministry. The course will consider biblical and theological resources as well as sociological and psychological research for understanding the causes of conflict and God's intention for reconciliation. Using case studies and role-play, students will have supervised opportunities to try out methods of resolving conflict. *4 credit hours*

MIN7080 Introduction to Pastoral Counseling

Prerequisite(s): None

Corequisite(s): None

The basic theory, principles, and techniques of counseling and its application to professional counseling settings are explained. Also considered are the various theories of counseling and issues, e.g., counselor self-evaluation (moral), ethical, and legal, in the practice of professional counseling. *4 credit hours*

MIN7110 Biblical and Theological Perspectives on Health and Wholeness

Prerequisite(s): MIN7010

Corequisite(s): None

This course explores the meaning of health and wellness in the Bible and examines different interpretations of the texts in their application in the ministry of healing. Consideration will also be given to perspectives on healing in other religious traditions. Students will be encouraged to develop their own theological understanding of healing and wholeness as a foundational perspective for their own ministry. *4 credit hours*

MIN7160 Ministry in the Local Church

Prerequisite(s): None

Corequisite(s): None

This course provides an introduction and orientation to ministry leadership in the local church setting. Building from foundational biblical and theological perspectives on pastoral ministry, it will examine various pastoral roles and tasks, including preaching/teaching, worship/liturgy, pastoral care, fellowship, evangelism and new member assimilation. Special attention will be given to developing a pastoral awareness of the cultural context of the local church. *4 credit hours*

MIN7161 Ministry in Institutional Settings

Prerequisite(s): None

Corequisite(s): None

This course provides an overview and orientation to pastoral ministry in institutional settings, including hospitals, care facilities, correctional facilities, first responders (fire/police/FEMA), residential recovery programs, recreation and retirement developments. It will equip participants to recognize and understand the unique opportunities in chaplaincy, and to formulate personal ministry strategies suited to their calling and vocation. While the primary focus of attention will be given to the theology of chaplaincy ministry from a Christian perspective, chaplaincy ministries in other faith traditions will also be addressed. *4 credit hours*

MIN7181 Lifespan Development

Prerequisite(s): None

Corequisite(s): None

This course includes studies that provide a broad understanding of the nature and needs of individuals at all levels of development: normal and abnormal behavior; personality theory; lifespan theory; and learning theory within cultural contexts. Appropriate strategies for facilitating development over the lifespan are also integrated into the course. *4 credit hours*

MIN7500 Theology and Research in Ministry

Prerequisite(s): MIN7000

Corequisite(s): None

This course provides students with an opportunity to develop their own theology of ministry and begin laying the academic foundations for their dissertation or ministry project. Biblical and theological resources for a theology of ministry will be examined, and students will explore different models of integrating theology and ministry. Considerable attention will also be given to the process of research in ministry and writing. *4 credit hours*

MIN7560 Person and Practice of Ministry

Prerequisite(s): None

Corequisite(s): None

This course surveys the complex of issues related to ministerial integrity. It address a number of issues, including but not limited to: the minister's personal life, relations with members of the congregation, relations with those in authority, interactions with peers, and engagement with the wider community. Particular attention will be given to issues of financial impropriety and sexual misconduct. *4 credit hours*

MIN7561 Theology, Death and Dying

Prerequisite(s): None

Corequisite(s): None

The course provides a foundation for ministry with the dying and the grieving with a survey of biblical and theological resources as well as insights from the social sciences on grief and loss. Particular attention will be given to the Christian tradition of the *ars moriendi* (art of dying). The course will also assist the student in developing skills for ministry with the dying and their families and friends. *4 credit hours*

MIN7562 Homiletics

Prerequisite(s): None

Corequisite(s): None

Students in this course will develop skills in preparing and delivering sermons. Particular attention will be given to different types of sermons as well as understanding the setting and audience for their teaching and preaching. Each student will prepare and deliver at least one sermon and will receive feedback from the instructor and his or her peers. *4 credit hours*

MIN7563 Ministry with Disabled Persons

Prerequisite(s): None

Corequisite(s): None

Participants in this course will develop skills for ministry to and with disabled persons. The course provides a foundation for ministry from biblical and theological resources, as well as perspectives from the social sciences.

Attention will be given to the different forms of disability, as well as legal and ethical issues involved in ministry to and with disabled persons. *4 credit hours*

MIN7565 Principles and Practice of Worship

Prerequisite(s): None

Corequisite(s): None

This course offers a foundation for understanding the ministry of worship from biblical and theological perspectives. It also examines the various elements of corporate worship and the organization of the worship ministry. Special issues in worship will also be considered, including the variety of worship styles, the use of media, and cultural and generational diversity. *4 credit hours*

MIN7580 Ministry with Families

Prerequisite(s): None

Corequisite(s): None

This course develops a comprehensive understanding of the family from biblical and theological perspectives and from the social sciences, in particular family systems theory. It will assist students in developing pastoral care strategies with couples and families. Particular attention will be given to gaining skills in pre-marital and marital counseling, and counseling parents. *4 credit hours*

MIN7590 Ministry Practicum I

Prerequisite(s): Approval of Program Director or Chair

Corequisite(s): None

Students serve in a pastoral capacity in a local church or institutional setting under the supervision of a ministry mentor. Students who are already serving in a part- or full-time ministry capacity will be assigned a ministry mentor who will work with them in the context of their own setting. The scope of the residency will vary depending on the previous ministry experience of the student. The residency focuses on further development of specific ministry skills such as preaching, teaching, leadership, and pastoral care and counseling. Particular attention is given to the integration of foundational theology and theory with the practice of ministry. Students must have completed at least 48 units in the program or through advanced standing or transfer of credit before enrolling in the Ministry Practicum. The practicum requires a minimum of 120 hours of supervised ministry observation/participation. This is a Pass/Fail course. *4 credit hours*

MIN7591 Clinical Pastoral Education, Level 1A

Prerequisite(s): Approval of Program Director or Chair, Admission to an Accredited ACPE Program **Corequisite(s):** None

This course parallels Clinical Pastoral Education, Level 1 (Unit 1). Participants will gain skills in but not limited to the following areas: 1) pastoral functioning, 2) self-awareness of attitudes, values, assumptions, strengths and weaknesses, 3) interpersonal awareness through giving and receiving peer critique, 4) integration of theological and theoretical concepts into practice of ministry, 5) the practice of clinical learning. The course includes at least 120 hours of supervised ministry participation/observation. *4 credit hours*

MIN7592 Clinical Pastoral Education, Level 2A

Prerequisite(s): Approval of Program Director or Chair, Admission to an Accredited ACPE Program

Corequisite(s): None

This course parallels Clinical Pastoral Education, Level 2 (Units 3). Participants will further develop skills in but not limited to the following areas: 1) pastoral functioning, 2) self-awareness of attitudes, values, assumptions, strengths and

weaknesses, 3) interpersonal awareness through giving and receiving peer critique, 4) integration of theological and theoretical concepts into practice of ministry, 5) the practice of clinical learning. The course includes at least 120 hours of supervised ministry participation/observation. *4 credit hours*

MIN7690 Ministry Practicum II

Prerequisite(s): MIN7590

Corequisite(s): None

Students serve in a pastoral capacity in a local church or institutional setting under the supervision of a ministry mentor. Students who are already serving in a part- or full-time ministry capacity will be assigned a ministry mentor who will work with them in the context of their own setting. The scope of the residency will vary depending on the previous ministry experience of the student. The residency focuses on further development of specific ministry skills such as preaching, teaching, leadership, and pastoral care and counseling. Particular attention is given to the integration of foundational theology and theory with the practice of ministry. Students must have completed at least 48 units in the program or through advanced standing or transfer of credit before enrolling in the Ministry Practicum. The practicum requires a minimum of 120 hours of supervised ministry observation/participation. this is a Pass/Fail course. *4 credit hours*

MIN7691 Clinical Pastoral Education, Level 1B

Prerequisite(s): MIN7591

Corequisite(s): None

This course is built on Clinical Pastoral Education, Level 1 (Units 1 and 2). Participants will gain skills in but not limited to the following areas: 1) pastoral functioning, 2) self-awareness of attitudes, values, assumptions, strengths and weaknesses, 3) interpersonal awareness through giving and receiving peer critique, 4) integration of theological and theoretical concepts into practice of ministry, 5) the practice of clinical learning. The course includes at least 120 hours of supervised ministry participation/observation. *4 credit hours*

MIN7692 Clinical Pastoral Education, Level 2B

Prerequisite(s): MIN7592

Corequisite(s): None

This course is built on Clinical Pastoral Education, Level 2 (Units 3 and 4). Participants will further develop skills in but not limited to the following areas: 1) pastoral functioning, 2) self-awareness of attitudes, values, assumptions, strengths and weaknesses, 3) interpersonal awareness through giving and receiving peer critique, 4) integration of theological and theoretical concepts into practice of ministry, 5) the practice of clinical learning. The course requires a minimum of 120 hours of supervised ministry observation / participation. *4 credit hours*

MIN8000 Dissertation I

Prerequisite(s): MIN7500

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *4 credit hours*

MIN8001 Ministry Project I

Prerequisite(s): MIN7500

Corequisite(s): None

In lieu of a dissertation student may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific

need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *4 credit hours*

MIN8002 Supervisory Clinical Pastoral Education I

Prerequisite(s): MIN7500, Approval from D.Min. Program Director or Chair, Admission to an Accredited ACPE Program

Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. NB: admission to Supervisory CPE requires completion of Levels 1 and 2, membership in ACPE, and an application to an ACPE Certification Committee. Only students admitted to Supervisory CPE and have approval from their Program Director may register for MIN8002. May be continued two or more times. The course requires a minimum of 120 hours of supervised ministry observation/participation. This course is pass/fail. *4 credit hours*

MIN8010 Dissertation II

Prerequisite(s): MIN8000

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *4 credit hours*

MIN8011 Ministry Project II

Prerequisite(s): MIN8001

Corequisite(s): None

In lieu of a dissertation students may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *4 credit hours*

MIN8012 Supervisory Clinical Pastoral Education II

Prerequisite(s): MIN8002

Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. NB: admission to Supervisory CPE requires completion of Levels 1 and 2, membership in ACPE, and an application to an ACPE Certification Committee. Only students admitted to Supervisory CPE may register for MIN8012. May be continued two or more times. This course requires a minimum of 120 hours of supervised ministry observation/participation. This course is pass/fail. *4 credit hours*

MIN8100 Dissertation I Extension A

Prerequisite(s): MIN7500

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *0 credit hours*

MIN8101 Ministry Project I Extension A

Prerequisite(s): MIN7500

Corequisite(s): None

In lieu of a dissertation students may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *0 credit hours*

MIN8102 Supervisory Clinical Pastoral Education I Extension A

Prerequisite(s): MIN7500, Approval from D.Min. Program Director or Chair, Admission to an Accredited ACPE Program

Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. NB: admission to Supervisory CPE requires completion of Levels 1 and 2, membership in ACPE, and an application to an ACPE Certification Committee. Only students admitted to Supervisory CPE and have approval from their Program Director may register for MIN8002. May be continued two or more times. The course requires a minimum of 120 hours of supervised ministry observation/participation. This course is pass/fail. *0 credit hours*

MIN8110 Dissertation II Extension A

Prerequisite(s): MIN8100

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *0 credit hours*

MIN8111 Ministry Project II Extension A

Prerequisite(s): MIN8001

Corequisite(s): None

In lieu of a dissertation students may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *0 credit hours*

MIN8112 Supervisory Clinical Pastoral Education II Extension A

Prerequisite(s): MIN8002

Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. NB: admission to Supervisory CPE requires completion of Levels 1 and 2, membership in ACPE, and an application to an ACPE Certification Committee. Only students admitted to Supervisory CPE may register for MIN8012. May be continued two or more times. This course requires a minimum of 120 hours of supervised ministry observation/participation. This course is pass/fail. *0 credit hours*

MIN8200 Dissertation I Extension B

Prerequisite(s): MIN7500

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *0 credit hours*

MIN8201 Ministry Project I Extension B

Prerequisite(s): MIN7500

Corequisite(s): None

In lieu of a dissertation students may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *0 credit hours*

MIN8202 Supervisory Clinical Pastoral Education I Extension B

Prerequisite(s): MIN7500, Approval from D.Min. Program Director or Chair, Admission to an Accredited ACPE Program
Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. NB: admission to Supervisory CPE requires completion of Levels 1 and 2, membership in ACPE, and an application to an ACPE Certification Committee. Only students admitted to Supervisory CPE and have approval from their Program Director may register for MIN8002. May be continued two or more times. The course requires a minimum of 120 hours of supervised ministry observation/participation. This course is pass/fail. *0 credit hours*

MIN8210 Dissertation II Extension B

Prerequisite(s): MIN8100

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *0 credit hours*

MIN8211 Ministry Project II Extension B

Prerequisite(s): MIN8001

Corequisite(s): None

In lieu of a dissertation students may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *0 credit hours*

MIN8212 Supervisory Clinical Pastoral Education II Extension B

Prerequisite(s): MIN8002

Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. NB: admission to Supervisory CPE requires completion of Levels 1 and 2, membership in ACPE, and an application to an ACPE Certification Committee. Only students admitted to Supervisory CPE may register for MIN8012. May be

continued two or more times. This course requires a minimum of 120 hours of supervised ministry observation/participation. This course is pass/fail. *0 credit hours*

MIN8300 Dissertation I Extension C

Prerequisite(s): MIN7500

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *0 credit hours*

MIN8301 Ministry Project I Extension C

Prerequisite(s): MIN7500

Corequisite(s): None

In lieu of a dissertation students may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *0 credit hours*

MIN8302 Supervisory Clinical Pastoral Education I Extension C

Prerequisite(s): MIN7500, Approval from D.Min. Program Director or Chair, Admission to an Accredited ACPE Program

Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. This extension course may be attempted if a grade of LP has been given for MIN8202 Supervisory CPE I Extension B. Students who do not successfully complete this extension course must retake MIN8002 Supervisory CPE I. This course is pass/fail/limited progress (P/F/LP). *0 credit hours*

MIN8310 Dissertation II Extension C

Prerequisite(s): MIN8100

Corequisite(s): None

Students may elect to write a research dissertation. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be repeated two or more times. This course is pass/fail. *0 credit hours*

MIN8311 Ministry Project II Extension C

Prerequisite(s): MIN8001

Corequisite(s): None

In lieu of a dissertation students may elect to write a ministry project. The ministry project is an in-depth analysis of the student's ministry setting and a detailed recommendation for a ministry program or initiative that addresses a specific need or opportunity. The project also includes a survey of relevant literature and research and a suitable theological and theoretical foundation or rationale. Students are able to register only if they have more than 12 units or less of other coursework remaining. May be continued two or more times. This course is pass/fail. *0 credit hours*

MIN8312 Supervisory Clinical Pastoral Education II Extension C

Prerequisite(s): MIN8002

Corequisite(s): None

In lieu of a dissertation or ministry project, students may elect to complete Supervisory Clinical Pastoral Education. NB: admission to Supervisory CPE requires completion of Levels 1 and 2, membership in ACPE, and an application to an ACPE Certification Committee. Only students admitted to Supervisory CPE may register for MIN8012. May be continued two or more times. This course requires a minimum of 120 hours of supervised ministry observation/participation. This course is pass/fail. *0 credit hours*

Nursing

NSG3001 Introduction to the Profession of Nursing

Prerequisite(s): Admission to the Bachelor of Science in Nursing program

Corequisite(s): NSG3008, NSG3009, NSG3022.

This course introduces professional nursing as a discipline-based profession, centered in the art of caring and integrating principles of holism in its foundation of service. Topics discussed include evolution and philosophy of nursing, theoretical foundations of practice, legal and ethical issues, healthcare delivery systems, finance and health care policy. Students are introduced to critical thinking, the nursing process and documentation. Students learn the unique contribution of nursing to society. The health-illness continuum, health promotion, basic human needs, therapeutic communication and nurse-client interactions are explored, including the interdisciplinary team approach. *4 credit hours*

NSG3005 Transition into Professional Nursing for RNs

Prerequisite(s): Admission into the RN to Bachelor of Science in Nursing program

Corequisite(s): None

This course introduces the student to baccalaureate nursing practice, centered in the art of caring and integrating principles of holism in its foundation of professional service. Students utilize critical thinking and communication skills as they explore issues related to the evolution and philosophy of nursing, theoretical foundations of practice, legal and ethical issues, health care delivery systems, finance and health care policy. *4 credit hours*

NSG3006 Professional Nursing Practice

Prerequisite(s): Admission into the RN to Bachelor of Science in Nursing or RN to Master of Science in Nursing program

Corequisite(s): None

This course provides an introduction to the theories, concepts, and knowledge necessary in professional nursing practice. Emphases are on professional role development; the value of life-long learning; and the trends, issues, values, and standards for advanced nursing practice. The student explores the application of five integral components of the nursing profession: Caring, Communication, Critical Thinking, Professionalism and Holism in the professional practice role. *2 credit hours*

NSG3007 Foundations for Professional Nursing

Prerequisite(s): Admission into the RN to Bachelor of Science in Nursing or RN to Master of Science in Nursing program

Corequisite(s): None

This course introduces the student to baccalaureate nursing practice centered in the art of caring and integrating principles of holism in its foundation of professional service. Students utilize critical thinking and communication skills

as they explore issues related to the evolution and philosophy of nursing, theoretical foundations of practice, health care delivery systems, finance, and health care policy focused on quality outcomes and patient safety. *4 credit hours*

NSG3008 Principles of Assessment Lab

Prerequisite(s): Admission to prelicensure BSN program

Corequisite(s): NSG3001, NSG3009, NSG3022

This laboratory course is designed to provide the student with practical application of NSG3009. Students will be expected to integrate all components of assessment to perform comprehensive holistic assessments. Students practice interviewing skills, obtain health histories, and perform physical assessments. Students must demonstrate competence of all assigned assessment skills and achieve 80% on a dosage calculation examination to pass the course. 60 total course hours. Course final grade is Pass or Fail (P/F). *3 credit hours*

NSG3009 Principles of Assessment

Prerequisite(s): Admission to the Bachelor of Science in Nursing program

Corequisite(s): NSG3001, NSG3008, NSG3022.

This course introduces the beginning level nursing student to a systems approach to physical assessment. Each physiological system will be studied with inclusion of normal or expected findings as well as abnormal or pathological findings. A lifespan approach and an end of course integration toward a comprehensive holistic assessment of person will be included. Therapeutic communication skills and cultural diversity issues are integrated. *3 credit hours*

NSG3011 Principles of Assessment Lab

Prerequisite(s): Admission to prelicensure BSN program

Corequisite(s): NSG3001, NSG3009, NSG3014

This laboratory course is designed to provide the student with practical application of NSG3009. Students will be expected to integrate all components of assessment to perform comprehensive holistic assessments. Students practice interviewing skills, obtain health histories, and perform physical assessments. Students must demonstrate competence of all assigned assessment skills and achieve 80% on a dosage calculation examination to pass the course. 4 credits/8 hours week. Course final grade is Pass or Fail (P/F) *4 credit hours*

NSG3012 Principles of Assessment for RNs

Prerequisite(s): Admission to the RN to Bachelor of Science in Nursing or RN to Master of Science in Nursing program

Corequisite(s): None

This course builds on the physical assessment skills of the registered nurse. The course takes a systems approach to physical assessment and includes both normal and abnormal findings. *4 credit hours*

NSG3014 Critical Reading, Studying and Thinking in Nursing

Prerequisite(s): Admission to the Bachelor of Science in Nursing program

Corequisite(s): NSG3001, NSG3009, NSG3011

Designed to equip nursing students with the active learning skills needed to excel in the nursing education program, emphasis is on critical reading, self-management and complex knowledge acquisition as well as development and application of critical thinking to actual material students are studying. Concrete strategies for preparing for and taking tests are included. *2 credit hours*

NSG3016 Caring for a Multicultural Society

Prerequisite(s): Admission to the RN to Bachelor of Science in Nursing or RN to Master of Science in Nursing program

Corequisite(s): None

This course focuses on ways to assist the nurse to provide holistic care in a multicultural society. Theories related to culture and caring, holism and spirituality are used as a foundation for understanding our multicultural world. Specific cultural practices, beliefs and issues affecting the health of persons and communities are studied. *2 credit hours*

NSG3022 Pharmacotherapeutics I

Prerequisite(s): Admission to the Bachelor of Science in Nursing program.

Corequisite(s): NSG3001, NSG3008, NSG3009

This course addresses the basic principles of pharmacology and studies drugs using a pharmacotherapeutic approach. The course focuses on the major pharmacological classifications and utilizes a prototypic approach. Current pharmacological principles, therapeutic effect, drug interactions, and side effects are emphasized. Drugs that affect neurological, cardiovascular, fluid and electrolyte, and hematological balance are included. *3 credit hours*

NSG3023 Fundamentals of Nursing

Prerequisite(s): NSG3001, NSG3008, NSG3009, NSG3022

Corequisite(s): NSG3024, NSG3027, NSG3032

This course focuses on holistic caring for basic human needs of individuals, families, and communities. Strategies to promote health and well-being are identified as well as care of persons with special needs including clients with immobility problems, skin integrity and wound problems, sensory alterations, the surgical client, elders and those requiring extended care. Components of professionalism (competency, legal, ethical, political and economic issues), communication, and critical thinking are incorporated throughout this course to enable students to integrate theory and practice. *3 credit hours*

NSG3024 Fundamentals of Nursing Skills Lab

Prerequisite(s): NSG3001, NSG3008, NSG3009, NSG3022

Corequisite(s): NSG3023, NSG3027, NSG3032

This laboratory course is designed to provide the student with practical application of NSG3023. This interactive course concentrates on psychomotor performance. Students will practice skills until proficient. Practice sessions may include class partners, simulations manikins, and a variety of supplies and equipment. Students must satisfactorily perform all assigned skills to successfully complete the course. Skills for this course will enable the student to care for persons with special needs including clients with immobility problems, skin integrity and wound problems, sensory alterations, the surgical client, elders and those requiring extended care. Components of professionalism (competency, legal, ethical, political and economic issues), communication, and critical thinking are incorporated throughout this course to enable students to integrate theory and practice for each skill. Students must demonstrate competence of all assigned assessment skills and achieve 80% on a dosage calculation examination to pass the course 4 credits/8 lab hours week. Course final grade is Pass or Fail (P/F). *4 credit hours*

NSG3027 Fundamentals of Nursing Practice

Prerequisite(s): NSG3001, NSG3008, NSG3009, NSG3022

Corequisite(s): NSG3023, NSG3024, NSG3032 This first clinical course is designed to provide the student with practical application of NSG3023 and NSG3024 and to assist the beginning level student to become grounded in caring for elders and persons requiring long-term care. This course is conducted in extended care facilities where students focus on the skills of communication, assessment, and assisting residents with personal hygiene, feeding and mobility. Components of Professionalism (competency, legal, ethical, political and economic issues), Communication, and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. Students must satisfactorily perform all assigned skills and perform satisfactorily to successfully complete the course. 60 practice hours. Course final grade is Pass or Fail (P/F). *2 credit hours*

NSG3028 Caring for the Community

Prerequisite(s): Admission to the RN to Bachelor of Science in Nursing or RN to Master of Science in Nursing program

Corequisite(s): None

This course focuses on the role of the nurse in the community and public health. The community and public health focus includes caring for people in the home, school, workplace, health department, as well as various agencies. Content focuses on the environment, epidemiological issues, and vulnerable populations across the lifespan, communicable disease, and health promotion. Perspectives on health care and community oriented nursing, influences on healthcare delivery, and conceptual and scientific approach applied to community oriented nursing are also emphasized. The principles of professional nursing care to culturally diverse individuals, families, and groups are integrated throughout the health-illness continuum. *4 credit hours*

NSG3029 Foundations of Nursing Research

Prerequisite(s): Admission to the RN to Bachelor of Science in Nursing or RN to Master of Science in Nursing program

Corequisite(s): None

This course guides registered nurse students to understand research methods and apply evidenced-based findings to professional nursing practice. Qualitative, quantitative and mixed methods will be examined. Also included is the evaluation of research for translation into clinical practice. *4 credit hours*

NSG3032 Pharmacotherapeutics II

Prerequisite(s): NSG3001, NSG3008, NSG3009, NSG3022

Corequisite(s): NSG3023, NSG3024, NSG3027 A continuation of NSG3022, this course addresses the basic principles of pharmacology and uses a pharmacotherapeutic focus to study drugs. The course focuses on the major pharmacological classifications and utilizes a prototypic approach. Current pharmacological principles, therapeutic effect, drug interactions, and side effects are emphasized. Content includes drugs that are used in the treatment of cardiovascular, endocrine, reproductive, respiratory, gastrointestinal, bone and joint, cancer, immunologic, inflammatory and infectious disorders. *3 credit hours*

NSG3033 Caring for Adults I

Prerequisite(s): NSG3022, NSG3023, NSG3024, NSG3027, and NSG3068 or NSG3069

Corequisite(s): NSG3032, NSG3034 or NSG3038, NSG3036

This course serves as the foundational course in caring for adults with health alterations from a holistic perspective. This unit of study concentrates on adults experiencing cardiovascular, respiratory, gastrointestinal, endocrine and related oncological alterations. Concepts of pathophysiology, diagnostics and treatments including

pharmacotherapeutics, are integrated throughout the course. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *5 credit hours*

NSG3034 Caring for Adults I - Practice

Prerequisite(s): NSG3022, NSG3023, NSG3024, NSG3027, NSG3069

Corequisite(s): NSG3032, NSG3033, NSG3036

This clinical practice course is designed to provide the student with application of theoretical content from NSG3033. Students, utilizing therapeutic communication, provide nursing care for adults experiencing health problems. The clinical focus is related to adults experiencing cardiovascular, pulmonary, gastrointestinal, endocrine, cancer and immunological disorders. Emphasis is placed on the processes used to implement care and meet the needs of ill adults and their families. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. 4 credits/120 clinical hours. Course final grade is Pass or Fail (P/F) *5 credit hours*

NSG3036 Introduction to Nursing Research

Prerequisite(s): NSG3023, NSG3024, NSG3027, NSG3032 For RN to Bachelor of Science in Nursing program Pre-requisites: Statistics (undergraduate or graduate course) and NSG3005

Corequisite(s): NSG3037, NSG3038, NSG3068

Students are introduced to concepts, issues and processes in nursing research and its application to practice. Emphasis is placed on the review, analysis, evaluation, and application of current nursing research. Selected research studies are critiqued. *3 credit hours*

NSG3037 Caring for Adults I

Prerequisite(s): NSG3022, NSG3023, NSG3024, NSG3027, NSG3069

Corequisite(s): NSG3032, NSG3034, NSG3036

This course serves as the foundational course in caring for adults with health alterations from a holistic perspective. This unit of study concentrates on adults experiencing cardiovascular, respiratory, endocrine and related oncological alterations. Concepts of pathophysiology, diagnostics and treatments including Pharmacotherapeutics, are integrated throughout the course. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *4 credit hours*

NSG3038 Caring for Adults I-Practice

Prerequisite(s): NSG3023, NSG3024, NSG3027, NSG3032

Corequisite(s): NSG3037, NSG3036

This clinical practice course is designed to provide the student with application of theoretical content from NSG3037. Students, utilizing therapeutic communication, provide nursing care for adults experiencing health problems. The clinical focus is related to adults experiencing cardiovascular, pulmonary, endocrine, cancer and immunological disorders. Emphasis is placed on the processes used to implement care and meet the needs of ill adults and their families. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. This is a pass/Fail course. 120 clinical hours *4 credit hours*

NSG3039 Information Management and Technology

Prerequisite(s): Admission to the RN to Bachelor of Science Nursing or RN to Master of Science in Nursing program

Corequisite(s): None

This course provides students with knowledge and skills to use information management and patient care technologies to deliver safe, efficient and effective care. Nursing's role in decision-making, product testing, asset acquisition, project management and change management will be addressed. *4 credit hours*

NSG3042 Caring for Women and Neonates

Prerequisite(s): NSG3032, NSG3033, NSG3034, NSG3036, NSG3069

Corequisite(s): NSG3043, NSG4069

This course provides the student with a foundation for caring for women and neonates. Emphasis is on caring for women before, during and after childbirth. Caring for the neonate is also addressed. Traditional and complementary treatments used in the management of women's health are explored. Students critically examine contemporary issues and concerns in gynecological and reproductive health care. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *4 credit hours*

NSG3043 Caring for Women and Neonates - Practice

Prerequisite(s): NSG3033, NSG3034, NSG3036, NSG3069

Corequisite(s): NSG3042, NSG4069

This course is designed to provide the student with clinical application of NSG3042. Clinical experiences are provided in acute care settings including maternity services and newborn nursery and neonatal intensive care settings. Selected community experiences are also included. Students utilize critical thinking skills in application of the nursing process in the care of the neonate and women. Components of Professionalism, (competency, legal, ethical, political and economic issues), Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. 150 clinical hours. Course final grade is Pass or Fail (P/F). *5 credit hours*

NSG3044 Caring for Adults II

Prerequisite(s): NSG3032, NSG3033, NSG3034, NSG3036

Corequisite(s): NSG3045

This course concentrates on caring for adults with neurological, integumentary, and sensory alterations. Concepts of pathophysiology, pharmacotherapeutics, and holistic assessment are integrated throughout the course to promote critical thinking and assimilation of learning. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *2 credit hours*

NSG3045 Caring for Adults II - Practice

Prerequisite(s): NSG3032, NSG3036, NSG3037 or NSG3033, NSG3038 or NSG3034

Corequisite(s): NSG3044 or NSG3046

This clinical practice course is designed to provide the student with application of theoretical content from NSG3044. Utilizing supervised acute, rehabilitative and community-based clinical experiences provides nursing care practice for adults and geriatric adults experiencing health problems primarily in the areas of neurology, integumentary and sensory alterations. Emphasis is placed on utilizing the nursing process to provide holistic care for a culturally diverse population. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. Students develop

increased nursing skills, including problem solving and decision making, as they work toward becoming independent. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *3 credit hours*

NSG3046 Caring for Adults II

Prerequisite(s): NSG3036, NSG3037, NSG3038, NSG3068

Corequisite(s): NSG3045

This course concentrates on caring for adults with neurological, gastrointestinal, integumentary, and sensory alterations. Concepts of pathophysiology, pharmacotherapeutics, and holistic assessment are integrated throughout the course to promote critical thinking and assimilation of learning. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *3 credit hours*

NSG3047 Caring for Women and Neonates

Prerequisite(s): NSG3036, NSG3037, NSG3038, NSG3068

Corequisite(s): NSG3048

This course provides the student with a foundation for caring for women and neonates. Emphasis is on caring for women before, during and after childbirth. Caring for the neonate is also addressed. Traditional and complementary treatments used in the management of women's health are explored. Students critically examine contemporary issues and concerns in gynecological and reproductive health care. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *3 credit hours*

NSG3048 Caring for Women and Neonates-Practice

Prerequisite(s): NSG3036, NSG3037, NSG3038, NSG3068

Corequisite(s): NSG3047

This course is designed to provide the student with clinical application of NSG3047. Clinical experiences are provided in acute care settings including maternity services and newborn nursery and neonatal intensive care settings. Selected community experiences are also included. Students utilize critical thinking skills in application of the nursing process in the care of the neonate and women. Components of Professionalism, (competency, legal, ethical, political and economic issues), Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. 120 Total course hours. Course final grade is Pass or Fail (P/F). *4 credit hours*

NSG3068 Caring for Diverse & Vulnerable Populations I

Prerequisite(s): NSG3023, NSG3024, NSG3027, NSG3032

Corequisite(s): NSG3036, NSG3037, NSG3038

This course focuses on caring for aggregates, particularly vulnerable populations. Concepts related to community and public health nursing are addressed. Among these are environment, epidemiological issues, and communicable disease. The nursing process is applied to groups and students are introduced to community-based care settings through observational experiences. *3 credit hours*

NSG3069 Caring for Diverse and Vulnerable Populations I

Prerequisite(s): NSG3023, NSG3024, NSG3027, NSG3032

Corequisite(s): NSG3033, NSG3034, NSG3036

This course focuses on caring for aggregates, particularly vulnerable populations. Concepts related to community and

public health nursing are addressed. Among these are environment, epidemiological issues, and communicable disease. The nursing process is applied to groups and students are introduced to community-based care settings through observational experiences. *4 credit hours*

NSG4028 Concepts of Teaching and Learning

Prerequisite(s): None

Corequisite(s): None

This course gives the registered nurse the opportunity to enhance his/her patient teaching skills and develop skills for staff education. Principles of learning, teaching strategies, communication and preparation of continuing education programs will be included. Considerations for teaching and learning with a diverse population will be explored. *4 credit hours*

NSG4029 Leadership in a Diverse Society

Prerequisite(s): None

Corequisite(s): None

This course prepares the registered nurse to utilize leadership and management theory and skills in professional practice. The need for cultural competence, effective communication skills, understanding of health care systems, commitment to quality improvement and patient safety initiatives are included. *4 credit hours*

NSG4045 Health Promotion Across the Life Span

Prerequisite(s): NSG3028, NSG3036

Corequisite(s): None

This course prepares the student to practice holistic health promotion across the life span. Content includes assessment and planning care for individuals, families and aggregates. Special emphasis will be given to diverse and vulnerable populations. *4 credit hours*

NSG4050 Caring for Children

Prerequisite(s): NSG3036, NSG3044, NSG3045, NSG3069

Corequisite(s): NSG4051, NSG4052, NSG4053

This course provides an understanding of the health care needs of children from birth through adolescence. Caring for the child and the family are addressed using the framework of holism. Health promotion, acute and chronic health concerns, and injury prevention are addressed with integration of child growth and development issues. Components of Professionalism (competency, legal, ethical, political, and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *4 credit hours*

NSG4051 Caring for Children - Practice

Prerequisite(s): NSG3036, NSG3044, NSG3045, NSG3069

Corequisite(s): NSG4050, NSG4052, NSG4053

This course is designed to provide the student with the clinical application of NSG4050. Supervised clinical experience takes place with children of various ages both in acute care and community settings. The students learn to care for children within the framework of holism and caring. Components of Professionalism (competency legal, ethical, political, and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *5 credit hours*

NSG4052 Caring for Adults III

Prerequisite(s): NSG3045, NSG3046

Corequisite(s): NSG4053

This course concentrates on caring for adults with male reproductive, renal and urological, hematological and musculoskeletal alterations. Concepts of pathophysiology, pharmacotherapeutics, and holistic assessment are integrated throughout the course to promote assimilation of learning. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *2 credit hours*

NSG4053 Caring for Adults III - Practice

Prerequisite(s): NSG3036, NSG3044 or NSG3046, NSG3045

Corequisite(s): NSG4052

This course is designed to provide the student with clinical application of theoretical content from NSG4052. This practicum offers students opportunities to provide supervised care for a culturally diverse adult population in acute care and home health settings with health care problems related to musculoskeletal, urinary, hematological and male reproductive alterations. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *3 credit hours*

NSG4055 Illness and Disease Management Across the Life Span

Prerequisite(s): BSN Students NSG3036; RN to Master of Science in Nursing and RN to Bachelor of Science in Nursing Students: None

Corequisite(s): None

This course focuses on current collaborative management of the most problematic national health topics and indicators across the lifespan. The government website Healthy People will serve as the course foundation. *4 credit hours*

NSG4056 Caring for Children

Prerequisite(s): NSG3036, NSG3037, NSG3038, NSG3068

Corequisite(s): NSG4057

This course provides an understanding of the health care needs of children from birth through adolescence. Caring for the child and the family are addressed using the framework of holism. Health promotion, acute and chronic health concerns, and injury prevention are addressed with integration of child growth and development issues. Components of Professionalism (competency, legal, ethical, political, and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *3 credit hours*

NSG4057 Caring for Children - Practice

Prerequisite(s): NSG3036, NSG3037, NSG3038, NSG3068

Corequisite(s): NSG4056

This course is designed to provide the student with the clinical application of NSG4056. Supervised clinical experience takes place with children of various ages both in acute care and community settings. The students learn to care for children within the framework of holism and caring. Components of Professionalism (competency legal, ethical, political, and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *4 credit hours*

NSG4058 Caring for Persons with Psychiatric/Mental Health Problems

Prerequisite(s): NSG3036, NSG3037, NSG3038, NSG3068

Corequisite(s): NSG4059

This course provides the essential theoretical content for the performance of the professional mental health/psychiatric nurse. The conceptual framework of mental health/mental disorders is integrated in caring for culturally diverse individuals, families, and groups throughout the health-illness continuum. Students are introduced to psychiatric disorders, treatment modalities, and contemporary issues that affect persons with mental health/psychiatric problems. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. Emphasis is placed on therapeutic communication. *3 credit hours*

NSG4059 Caring for Persons with Psychiatric/Mental Health Problems - Practice

Prerequisite(s): NSG3036, NSG3037, NSG3038, NSG3068

Corequisite(s): NSG4058

This course is designed to provide the student with clinical application of theoretical content from NSG4058. Clinical practice takes place in both in-patient psychiatric facilities and outpatient community settings utilizing the nursing process as well as critical thinking in caring for individuals experiencing specific psychiatric disorders. Group dynamics, treatment modalities, and strategies for prevention of mental illness are practiced. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *4 credit hours*

NSG4060 Caring for Adults IV

Prerequisite(s): NSG4052, NSG4053

Corequisite(s): NSG4061

This course concentrates on caring for critically ill adults. Content includes caring for patients experiencing acts of bioterrorism, conditions of cardiac failure, dysrhythmias, respiratory failure, Multiple Organ Failure, multiple traumas, and shock requiring care in emergent and critical care settings. The challenge of holistic caring in high technologic environments is addressed. Concepts of pathophysiology, pharmacotherapeutics, and holistic assessment are integrated throughout the course to promote assimilation of learning. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *2 credit hours*

NSG4061 Caring for Adults IV - Practice

Prerequisite(s): NSG4052, NSG4053

Corequisite(s): NSG4060

This course is designed to provide the student with clinical application of theoretical content from NSG4060. This clinical practice offers students opportunities to provide supervised care for a culturally diverse adult population in critical/emergency acute care settings with complex health care problems including multiple system failure. Experiences include providing nursing care within the critical care units, emergency room & PACU. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *3 credit hours*

NSG4062 Caring for Persons with Psychiatric/Mental Health Problems

Prerequisite(s): NSG3036, NSG3069, NSG4052, NSG4053

Corequisite(s): NSG4063

This course provides the essential theoretical content for the performance of the professional mental health/psychiatric nurse. The conceptual framework of mental health/mental disorders is integrated in caring for culturally diverse individuals, families, and groups throughout the health-illness continuum. Students are introduced to psychiatric disorders, treatment modalities, and contemporary issues that affect persons with mental health/psychiatric problems. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. Emphasis is placed on therapeutic communication. *4 credit hours*

NSG4063 Caring for Persons with Psychiatric/Mental Health Problems - Practice

Prerequisite(s): NSG3036, NSG3069, NSG4052, NSG4053

Corequisite(s): NSG4062

This course is designed to provide the student with clinical application of theoretical content from NSG4062. Clinical practice takes place in both in-patient psychiatric facilities and outpatient community settings utilizing the nursing process as well as critical thinking in caring for individuals experiencing specific psychiatric disorders. Group dynamics, treatment modalities, and strategies for prevention of mental illness are practiced. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *5 credit hours*

NSG4064 Financial Management for Nurses

Prerequisite(s): RN to Bachelor of Science in Nursing only: NSG3036

Corequisite(s): None

This course explores nursing finance and budgeting issues. The course will include an overview of the health care system, ethics, leadership and budgeting strategies. The use of information technology will be examined. *4 credit hours*

NSG4065 Complementary and Alternative Methods in Nursing

Prerequisite(s): RN to Bachelor of Science in Nursing only: NSG3036

Corequisite(s): None

This course explores complementary and alternative methods of healing. Principles of psychophysiology of healing will be discussed. Alternative therapies such as energy healing, imagery and music therapy will be examined. *4 credit hours*

NSG4066 Palliative Care

Prerequisite(s): RN to Bachelor of Science in Nursing only: NSG3036

Corequisite(s): None

In this course the student will explore concepts and issues in end of life care. Students will learn strategies to give optimum end of life care to the individual and the family. Symptom management, legal/ethical consideration, grief, and death will be covered. *4 credit hours*

NSG4067 Gerontological Nursing

Prerequisite(s): None

Corequisite(s): None

This course provides registered nurses with an overview of the common issues affecting the health care needs of gerontological adults. Theories of aging are reviewed as well as common physiological, psychological, and social changes experienced by the population. Students are provided with assessment tools and strategies to improve nursing practice with older adults. Major foci of this course include promoting wellness and safety, prevention and assessment of elderly neglect or abuse and other legal/ethical concerns. Health promotion of the Gerontologic client in diverse health care settings will be reviewed. *4 credit hours*

NSG4068 Trends in Healthcare Policy

Prerequisite(s): NSG3029 Foundations of Nursing Research

Corequisite(s): None

This course explores healthcare, financial and regulatory policies that prepare the Registered Nurse student for an enhanced role as policy maker and healthcare advocate. Economics of healthcare disparities in the healthcare system, legal and ethical issues as well as impact of social trends will be addressed. *4 credit hours*

NSG4069 Caring for Diverse and Vulnerable Populations II

Prerequisite(s): NSG3068

Corequisite(s): None

This community practice/seminar course builds on NSG3069. Concepts related to community, community-based and public health nursing are addressed. Students participate in public health and community-based experiences. Areas of clinical concentration include: disparity, vulnerability, socioeconomic determinants of health, environment, epidemiological issues, and communicable disease. Evidence-based practice for community and public health nursing is integrated into the clinical experience. The relationship of evidence to formation of health policy is explored. Students explore the impact of culture on the definition of health. *2 credit hours*

NSG4070 Legal and Ethical Issues in Nursing

Prerequisite(s): All courses in Quarter 1-6 (or last quarter of the undergraduate portion of the RN to Master of Science in Nursing) or by permission of the program director

Corequisite(s): Prelicensure BSN program all campuses: NSG4071 and NSG4072. RN to Bachelor of Science in Nursing program: NSG3005; RN to Master of Science in Nursing program: None

This course analyzes professional ethical and legal issues with the ensuing nursing dilemmas integrating the factors of professional laws/standards, personal ethical stance, social, spiritual, transcultural, economic, institutional and political climate. Legal and ethical practice issues will be reviewed. Emphasis is given to the resolution of ethical dilemmas through ethical reasoning and ethical and legal obligations in professional patient relationships. *2 credit hours*

NSG4071 Transition into Professional Nursing

Prerequisite(s): All courses in Quarter 1-6

Corequisite(s): NSG4070 and NSG4072

This course is designed to assist the student in making the transition into professional practice. Students select, research, analyze and evaluate current issues affecting the nursing profession. This course explores selected topics involving socioeconomics of the healthcare environment, organizational structure and culture, healthcare delivery systems and the impact of political issues on the profession of nursing. Professional roles & responsibilities in leadership, management, consumer advocacy and a commitment to lifelong learning and professional growth are

reinforced. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. *6 credit hours*

NSG4072 Transition into Professional Nursing Preceptorship

Prerequisite(s): Taken in the last quarter of the program or by permission of the program director

Corequisite(s): NSG4069, NSG4070

This course is designed to provide the student, under the direction of the clinical faculty, with a concentrated select clinical nursing practice experience in a preceptorship arrangement with a designated Registered Nurse Preceptor. Students complete 120 hours in the clinical setting. Students gradually assume increased levels of clinical responsibilities in the transition toward entry into practice. Components of professionalism (competency, legal, ethical, political and economic issues) and critical thinking are incorporated throughout this course to enable students to integrate clinical and leadership theory into practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *5 credit hours*

NSG4073 Transition into Professional Nursing Preceptorship

Prerequisite(s): Taken in the last quarter of the program or by permission of the program director

Corequisite(s): NSG4070, NSG4071

This course is designed to provide the student, under the direction of the clinical faculty, with a concentrated select clinical nursing practice experience in a preceptorship arrangement with a designated Registered Nurse Preceptor. Students complete 120 hours in the clinical setting. Students gradually assume increased levels of clinical responsibilities in the transition toward entry into practice. Components of professionalism (competency, legal, ethical, political and economic issues) and critical thinking are incorporated throughout this course to enable students to integrate clinical and leadership theory into practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course. Course final grade is Pass or Fail (P/F). *4 credit hours*

NSG4074 Health Promotion and Clinical Prevention

Prerequisite(s): None

Corequisite(s): NSG4076

This course focuses on nursing's role in health promotion and disease prevention in various community settings with emphasis on primary, secondary and tertiary levels of prevention among diverse and vulnerable clients and aggregates. *4 credit hours*

NSG4075 Holistic Professional Nursing

Prerequisite(s): Taken in the last quarter of the program or by permission of the program director

Corequisite(s): None

This course allows the student to develop and initiate a plan of care for aggregates in the community. The plan will include concepts discussed throughout the curriculum. The student will practice roles of provider, designer, manager, coordinator of care and member of a profession. *6 credit hours*

NSG4076 RN to BSN Capstone Synthesis

Prerequisite(s): None

Corequisite(s): NSG4074

In this clinical course, the student integrates and synthesizes the curricular components of assessment, health promotion/clinical prevention, research, professionalism, teaching, leadership, information management and technology, as well as healthcare policies to create and implement a clinical project relating to the healthcare needs of an aggregate within the community. Creation and implementation of the project will include direct and indirect care of

clients in the selected aggregate. (5 credits clinical) 1 clinical hour/30 clinical hours =150 practicum hours (110 indirect/40 direct). Online offerings of NSG4076 may not be available to residents of all states. *5 credit hours* NSG5000
Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice

NSG5000 Role of the Advanced Practice Nurse: Transformational Leadership in Advanced Practice

Prerequisite(s): Acceptance into the Master of Science in Nursing program

Corequisite(s): None

This course examines the role of the advanced practice nurse in the clinical, primary care, education, administration, research, healthcare specialty, health policy, and political arenas. The historical role of the nurse, nursing theory and leadership models within a variety of healthcare regulatory models provide the basis for self-reflection, self-mastery, professional integrity, and ethical decision making to help the student transition from clinical expert to the advanced practice role. A minimum grade of B is required to pass this course. *4 credit hours*

NSG5002 Advanced Theoretical Perspectives for Nursing

Prerequisite(s): None

Corequisite(s): None

This course explores theories related to nursing, health care and learning. Students will have the opportunity to analyze and critique various theories. Students will demonstrate how theory is applied to research. A minimum grade of a B is necessary to pass this course. *4 credit hours*

NSG5003 Advanced Pathophysiology

Prerequisite(s): None

Corequisite(s): None

This course builds on and applies concepts from the humanities, behavioral sciences, biological sciences and nursing science in an examination of pathophysiologic principles and common pathological conditions. The topics of cellular biology, genes and gene-environment interactions, mechanisms of self-defense, cellular proliferation, and pathophysiologic alterations related to organs and body systems, are addressed. The focus is on pathological conditions encountered in clinical practice across the life span of patients, including but not limited to geriatric, adult, and pediatric considerations. Emphasis is placed on regulatory and compensatory mechanisms as they relate to commonly occurring diseases. A minimum grade of B is required to pass this course. *4 credit hours*

NSG6001 Advanced Nursing Practice I

Prerequisite(s): NSG5000, NSG5002

Corequisite(s): NSG6005

The focus of this course is to synthesize content from advanced pathophysiology, pharmacology and evidence-based treatment modalities to develop expertise in disease management and collaborative practice. This course will prepare the learner to manage the most common health problems across the lifespan. A minimum grade of B is required to pass this course. *4 credit hours*

NSG6002 Health Policy and Health Promotion in Advanced Nursing Practice

Prerequisite(s): NSG5000

Corequisite(s): None

In this course, the learner cultivates an understanding of health care policy formation and evaluation, while examining the nursing role in public policy, finance and politics. The organization and delivery of healthcare is explored, applying the most current knowledge available in the areas of health promotion and disease prevention. Guidelines, initiatives,

mandates and recommendations from a wide range of agencies and organizations provide a solid foundation from which nurses in advanced practice roles can plan, implement and evaluate care designed to promote health and prevent disease. *4 credit hours*

NSG6003 Teaching and Learning Strategies in Nursing

Prerequisite(s): NSG5000, NSG5002, NSG5003. Post Graduate Certificate: None

Corequisite(s): None

Students in this course will examine learning theories, learning styles, and factors which influence motivation and learning in students, while applying evidenced-based teaching practices to create learning environments and teaching plans for both didactic and clinical settings to optimize student outcomes. Methods of evaluation will be examined and utilized to determine student outcomes. The emphasis is on innovative teaching strategies, utilizing technology, and collaboration of nurse educators in the in the didactic, simulation, and clinical settings. A minimum grade of B is required to pass this course. *4 credit hours*

NSG6005 Advanced Pharmacology

Prerequisite(s): NSG5000, NSG5002, NSG5003, NSG6002, NSG6101; Post-Graduate Certificate: None

Corequisite(s): None

In this course the student reviews and comprehends the principles of pharmacokinetics, pharmacodynamics, and pharmacotherapeutics of drugs commonly used in the management of acute and chronic illnesses across the lifespan. Emphasis is on the therapeutic decision-making in drug selection and monitoring therapeutic response for culturally diverse patients. Patient education, legal, ethical and economic issues are reviewed. A minimum grade of B is required to pass this course. *4 credit hours*

NSG6006 Pre-Specialty Evaluation

Prerequisite(s): NSG5000, NSG5002, and NSG6002 (for campus-based students)

Corequisite(s): NSG6002 (for online students)

This course is designed to assess the student's preparedness for progression into the Nurse Practitioner specialty courses. It is evaluated by an examination that assesses the student's core knowledge of theoretical perspectives in nursing, the roles of the advanced practice nurse, and health policy. Students must pass the exam in order to advance in the program. This course is a pass/fail/limited progress. *0 credit hours*

NSG6020 Advanced Health and Physical Assessment

Prerequisite(s): NSG5003, NSG6002, NSG6005

Corequisite(s): None

This course is designed to apply holistic health concepts by performing culturally sensitive comprehensive history taking, physical and psychological assessment of client's signs and symptoms, pathophysiologic changes, and psychosocial variations of the client including the individual, family, and community. The purpose of this comprehensive assessment is for the student to develop a thorough understanding of the client's health status in order to determine appropriate and effective health care strategies that include health promotion and illness prevention across the life span. Taking into consideration client's diverse needs, a major focus is on symptom/health problem assessment, client teaching using a culturally appropriate approach and the selection and interpretation of screening and diagnostic tests in order to formulate and effectively communicate differential diagnoses. The course will include 50 precepted clinical hours. (4 didactic, 1 lab, 1 clinical) (1 lab = 30 hours) (1 clinical hour = 50 clinical hours) Total clinical/lab hours = 80. A minimum grade of B is required to pass the didactic component. The clinical practicum is pass/fail. The clinical practicum must be passed in order to successfully complete the course. *6 credit hours*

NSG6021 Pre-Clinical Evaluation

Prerequisite(s): NSG5000, NSG5002, NSG5003, NSG6001, NSG6002, NSG6005, NSG6020 (PGC students' - first course)

Corequisite(s): NSG6020; PGC students - first course

This course is designed to assess the student's preparedness for the practicum experience. It is designed to evaluate students' knowledge in the areas of Advanced Pathophysiology, Advanced Pharmacology and Health Assessments. The examination is comprised of a standardized subs test called the 3P examination. Students must pass all portions of the exam in order to advance in the program. This is a pass/fail course. *0 credit hours*

NSG6023 Nurse Practitioner Enhancement

Prerequisite(s): NSG5003, NSG6005, NSG6020, NSG6021

Corequisite(s): None

This course is designed to assist the Nurse Practitioner student identify gaps in knowledge in the areas of Advanced Pharmacology, Advanced Pathophysiology and Advanced Physical Assessment. Based on those gaps the student will work to obtain the necessary knowledge and skills necessary to ensure basic competency and enter clinical preceptorships within the Nurse Practitioner Program. This course is Pass/Fail. *4 credit hours*

NSG6101 Nursing Research Methods

Prerequisite(s): NSG5000, NSG5002, NSG5003

Corequisite(s): None

This course prepares the graduate student to develop and refine essential skills necessary to strengthen critique of selected research studies. The student will identify a topic or problem using consideration of national/ international research imitates and priorities. The student will complete a NIH learning module which emphasizes ethical guidelines to protect the rights of human subjects. Both quantitative and qualitative research designs will be assessed for essential understanding of research elements. A minimum grade of B is required to pass this course. *4 credit hours*

NSG6102 Evaluation of Educational Outcomes in Nursing

Prerequisite(s): Master of Science in Nursing Only: NSG5000, NSG5002, NSG5003, NSG6003; Post-Graduate Certificate: None

Corequisite(s): None

This course focuses on the development of teaching and learning strategies designed to measure learner acquisition of nursing knowledge and achievement of performance standards for use in classroom, laboratory, and clinical practice settings. Content includes formative and summative assessment methodologies. Students will develop and analyze measurable assessments based upon program outcomes, accreditation and regulatory requirements. A minimum grade of B is required to pass this course. *4 credit hours*

NSG6103 Curriculum Design and Evaluation in Nursing Education

Prerequisite(s): Master of Science in Nursing Only: NSG5000, NSG5002, NSG5003; Post-Graduate Certificate: None
Corequisite(s): None

This course prepares the learner to design nursing curriculum and create program mission and philosophy statements. Students will explore the process for course design based upon current health care needs, nursing organizational standards, and evidence-based practices. Course organizational models will be analyzed. Students will develop course objectives and learning activities, and include interdisciplinary collaboration, technology, service learning, and global health. Methods to evaluate and revise curriculums will be examined. A minimum grade of B is required to pass this course. *4 credit hours*

NSG6203 Practicum in Nursing Education I

Prerequisite(s): MSN core courses (NSG5000, NSG5002, NSG5003, NSG6002, NSG6101), NSG6003, NSG6005, NSG6020, NSG6102, NSG6103)

Corequisite(s): None

In this course, the student participates in the direct care role, under the supervision of a clinical preceptor, to integrate direct care knowledge. The practicum area should be in an area where the student gains new, advanced knowledge to enhance their professional role. A minimum grade of a B is required to pass the didactic and practicum component. A minimum of 100 practicum hours is required (2 didactic hours and 2 practicum hours {1 practicum hour = 50 hours}) *4 credit hours*

NSG6204 Practicum in Nursing Education II

Prerequisite(s): MSN core courses (NSG5000, NSG5002, NSG5003, NSG6002, NSG6101), NSG6003, NSG6005, NSG6020, NSG6102, NSG6103, NSG6203)

Corequisite(s): NSG6999

In this course, the learner enacts the role of the nurse educator. The focus of this course is health across the life span. Content will include both didactic and clinical teaching experiences. This course involves obtaining a local mentor and practicing the role of the nurse educator. The learner will synthesize caring and holism into teaching experiences. The majority of course time will be spent in an educational setting mutually agreed upon by the instructor and the student. Online time will be used to analyze and evaluate this experience. A minimum grade of B is required to pass the didactic and practicum component. A minimum of 100 practicum hours is required. (2 didactic hours and 2 practicum hours {1 practicum hour = 50 hours}). *4 credit hours*

NSG6320 Practicum I: Adult Health - Adults and Gerontology

Prerequisite(s): NSG6005, NSG6020

Corequisite(s): None

In this course the student analyzes and provides in depth care of alterations in adult health in non-acute, community-office-outpatient clinic settings. Patient management will be focused upon evidence based practice and the nursing process. This is an advanced nursing practice experience for the beginning Adult-Gerontology Primary Care ARNP (Advanced Registered Nurse Practitioner) student with mentoring, coaching and precepting are provided by an approved preceptor. A minimum of 150 clinical hours, plus weekly seminar, are required for completion of this course ((3 didactic/3 clinical) 1 clinical = 50 hours). Please note that at least one of the practicum experiences must be completed with an Advanced Registered Nurse Practitioner. A minimum grade of B is required to pass the didactic component of this course and the clinical component must be passed to successfully complete this course. *6 credit hours*

NSG6330 Practicum II Adult and Gerontology: Reproductive Health

Prerequisite(s): NSG6005, NSG6020, NSG6320

Corequisite(s): None

In this course, the second of three practica required for the Adult Gerontology Primary Care Nurse Practitioner program, the student learns how to manage the primary health care of women from menarche to senescence. Focus is on health promotion, disease prevention, and the clinical management and referral of common, recurring health problems of women. The student identifies normal physiologic alterations associated with reproductive health, which are addressed with emphasis on health promotion behaviors. This is an advanced nursing practice experience for continuing level Adult Advanced Registered Nurse Practitioner students. Mentoring, coaching and precepting are provided by an approved preceptor. A minimum of 150 clinical hours, plus weekly seminar, are required for completion of this course ((3 didactic/3 clinical) 1 clinical = 50 hours). Please note that at least one of the practicum experiences must be completed with an Advanced Registered Nurse Practitioner. A minimum grade of B is required to

pass the didactic component of this course and the clinical component must be passed to successfully complete this course. *6 credit hours*

NSG6340 Practicum III: Adult Health - Primary Care

Prerequisite(s): NSG6005, NSG6020, NSG6021, NSG6320, NSG6330

Corequisite(s): NSG6999

This course culminates the student's role as the Adult-Gerontology Primary Care Nurse Practitioner through didactic and clinical experiences. Students continue to work with their approved local mentor and refine their practice of the Adult-Gerontology Primary Care Nurse Practitioner professional role. Emphasis is placed on a variety of primary care clinical experiences that build upon the student's knowledge base. Clinical experiences may include practice with specialty practices in addition to the focus on primary care. The student's level of function becomes more independent in practice. Using a seminar approach, students and faculty will analyze and evaluate these experiences based upon human diversity and social issues. This is an advanced nursing practice experience for continuing level Adult Advanced Registered Nurse Practitioner students. Mentoring, coaching and precepting are provided an approved preceptor. A minimum of 150 clinical hours, plus weekly seminar, are required for completion of this course ((3 didactic/3 clinical) 1 clinical = 50 hours). Please note that at least one of the practicum experiences must be completed with an Advanced Registered Nurse Practitioner. A minimum grade of B is required to pass the didactic component of this course and the clinical component must be passed to successfully complete this course. *6 credit hours*

NSG6420 Practicum I: Family Health - Adult and Gerontology

Prerequisite(s): NSG6005, NSG6020

Corequisite(s): None

In this course the student enact the role of the FNP (Family Nurse Practitioner) Advanced Practice Nurse through didactic and clinical experiences. The student obtains and collaborates with approved local preceptor and performs the role of a Family Nurse Practitioner in a clinical setting. The student creates a caring and holistic environment in their clinical experience. During a weekly seminar, the student and faculty analyze and evaluate these experiences. Patient management will be focused upon evidence based practice and the nursing process. This is an advanced nursing practice experience for the beginning family Advanced Registered Nurse Practitioner (ARNP) student with mentoring, coaching and precepting by an approved preceptor. Please note that at least one of the practicum experiences must be completed with an Advanced Registered Nurse Practitioner. A minimum of 150 clinical hours, plus weekly seminar, are required for completion of this course ((3 didactic/3 clinical) 1 clinical = 50 hours). A minimum grade of B is required to pass the didactic component of this course and the clinical component must be passed to successfully complete this course. This course includes 0.5 pharmacology credit hours. *6 credit hours*

NSG6430 Practicum II: Family Health- Women's Health

Prerequisite(s): NSG6005, NSG6020, NSG6420

Corequisite(s): None

In this course, the second of four practicums required for the Family Nurse Practitioner program, the student learns how to manage the primary health care of women from menarche to senescence. Focus is on health promotion, disease prevention, and the clinical management and referral of common, recurring health issues of women, including pregnancy. The student identifies normal physiologic alterations associated with reproductive health, which are addressed with emphasis on health promotion behaviors. This is an advanced nursing practice experience for continuing level Family ARNP students. Mentoring, coaching and precepting are provided by approved and currently licensed and certified physicians, Certified Nurse Midwives or ARNPs. A minimum grade of B is required to pass the didactic component. A minimum of 150 clinical hours, plus weekly seminar, are required for completion of this course ((3 didactic/3 clinical) 1 clinical = 50 hours). The clinical practicum is pass/fail. The clinical practicum must be passed in order to successfully complete the course. This course includes 0.5 pharmacology credit hours. *6 credit hours*

NSG6435 Practicum III: Family Health - Pediatrics

Prerequisite(s): NSG5003, NSG6005, NSG6020, NSG6420, NSG6430

Corequisite(s): None

The focus of this course is on advanced nursing and healthcare management of children and adolescents in Primary care. Course content includes developmental, physiological, pathological, and psychosocial changes relative to health maintenance, acute and chronic illnesses, and developmental transitions within the family context. This is an advanced nursing practice experience for continuing level Family (ARNP) Advanced Registered Nurse Practitioner students. Mentoring, coaching and precepting are provided by an approved preceptor. A minimum of 150 clinical hours, plus weekly seminar, are required for completion of this course ((3 didactic/3 clinical) 1 clinical = 50 hours). Please note that at least one of the practicum experiences must be completed with an A minimum grade of B is required to pass the didactic component of this course and the clinical component must be passed to successfully complete this course. *6 credit hours*

NSG6440 Practicum IV: Family Health - Primary Care

Prerequisite(s): NSG5000, NSG5002, NSG5003, NSG6002, NSG6420/6320, NSG6430, NSG6435

Corequisite(s): NSG6999

This course culminates the student's role as the Family Nurse Practitioner through didactic and clinical experiences. Students continue to work with their approved local preceptor/s and refine their practice of the FNP Advanced Practice Nurse professional role. Emphasis is placed on a variety of primary care clinical experiences that build upon the student's knowledge base. The student's level of function becomes more independent in practice. Students and faculty will analyze and evaluate these experiences on patients across the lifespan. A minimum grade of B is required to pass the didactic component of this course and the clinical component must be passed to successfully complete this course. Mentoring, coaching and precepting are provided by approved and currently licensed and certified physicians or Advanced Practice Registered Nurses. A minimum of 150 clinical hours are required for completion of this course ((3 didactic/3 clinical) 1 clinical = 50 hours). Please note a majority of the precepted experience need to be completed with an APRN. A minimum grade of B is required to pass the didactic component. The clinical practicum is pass/fail. The clinical practicum must be passed in order to successfully complete the course. This course includes 0.5 pharmacology credit hours. *6 credit hours*

NSG6601 Managing Complex Healthcare Systems

Prerequisite(s): NSG5000, NSG5002, NSG6002, NSG6101

Corequisite(s): None

This course examines the role of the nurse executive within complex health care environments, focusing on the conceptual frameworks of systems theory, complexity science, appreciative inquiry and organizational learning theory, as well as nursing administration models of organizational management. *4 credit hours*

NSG6605 Quality Outcomes and Financial Management in Healthcare Organizations

Prerequisite(s): NSG5000, NSG5002, NSG6002, NSG6101

Corequisite(s): None

This course provides an overview of quality, safety and performance improvement, including an analysis of care processes through evidence based practice, research and translation of innovation. In addition, this course provides an overview of healthcare financing and financial management for the nurse executive. Topics may include financial accounting, cost accounting, budgeting, capital expenditures, and reimbursement systems. *4 credit hours*

NSG6620 Practicum I: Quantitative Skills in Nursing Administration

Prerequisite(s): NSG6601, NSG6605

Corequisite(s): None

This course is the first course in a two-course series which synthesizes content from the specialty administrative courses into a culminating "clinical" nursing administrative experience. In both courses the learner enacts the role of the nurse administrator. Content will include didactic and clinical administrative experiences. The course involves obtaining a local mentor and practicing the administrative role under guided mentorship. The majority of didactic course work includes practical experience with budgets, developing and honing leadership style and expertise, initiating collaborative practice and teambuilding, as well as working with change and motivational theories. The learner will incorporate the five pillars of the conceptual framework into administrative experiences. The majority of clinical time will be spent in an administrative organizational setting mutually agreed upon by the instructor, the mentor and the student. A minimum grade of a B is required to pass the didactic and practicum component. Online time will be used to analyze and evaluate this experience. A minimum of 100 practicum hours is required in the chosen administration setting (2 didactic hours and 2 practicum hours { 1 practicum hour = 50 hours}). *4 credit hours*

NSG6630 Practicum II: Qualitative Skills in Nursing Administration

Prerequisite(s): NSG6620

Corequisite(s): None

This course is the second in the set of two culminating administrative curricular experiences. It expands on previous didactic and clinical coursework, through didactic work in management areas such as quality management, patient care outcomes, and measurement of health care outcomes. Emphasis is placed on long-term and strategic planning, incorporating personnel management tactics such as performance evaluation, and collective bargaining. The student will continue to assimilate knowledge inclusive of the five pillars of caring, communication, critical thinking, professionalism, and holism into the administrative experience. A minimum grade of a B is required to pass the didactic and practicum component. Online time will be used to analyze and evaluate this experience. A minimum of 100 practicum hours is required in the chosen administration setting (2 didactic hours and 2 practicum hours { 1 practicum hour = 50 hours}). *4 credit hours*

NSG6650 Introduction to Nursing Informatics

Prerequisite(s): NSG5000, NSG5002, NSG6002, NSG6101 and MIS5010

Corequisite(s): None

This course explores the role of the nurse informaticist using the ANA (American Nurses Association) Scope and Standards of Practice for Nursing Informatics. Informatics theories, including Rogers Theory of Diffusion of Innovation, the Technology Acceptance Model, and Locsin's Technology Competence as Caring in Nursing will be examined. *4 credit hours*

NSG6652 Issues and Trends in Nursing Informatics

Prerequisite(s): NSG6650

Corequisite(s): None

This course examines issues and trends in nursing informatics from sources such as professional and governmental regulations, academic and professional literature, and case studies. Topics may include the Health Information Portability and Accountability Act, meaningful use, and Health Level 7, with an emphasis on how these issues affect nursing informaticists in their current and future roles. *4 credit hours*

NSG6670 Practicum I: Database Management in Nursing Informatics

Prerequisite(s): NSG6652

Corequisite(s): None

This course is the first course in a two-course series which synthesizes content from the specialty informatics courses into a culminating "clinical" nursing informatics experience. In both courses the learner enacts the role of nursing informatics professional. Content will include didactic and clinical informatics experiences. The course involves obtaining a local mentor and practicing the informatics role under guided mentorship. The didactic portion of this course will involve setting up and maintaining a database to address current challenges in nursing informatics. Data will be collected, stored, and analyzed using database software. The majority of clinical time will be spent in an informatics organizational setting mutually agreed upon by the instructor, the mentor, and the student. A minimum grade of a B is required to pass the didactic and practicum component. Online time will be used to analyze and evaluate this experience. A minimum of 100 practicum hours is required (2 didactic hours and 2 practicum hours { 1 practicum hour = 50 hours }). *4 credit hours*

NSG6680 Practicum II: Project Management in Nursing Informatics

Prerequisite(s): NSG6670

Corequisite(s): None

This course is the second course in a two-course series which synthesizes content from the specialty informatics courses into a culminating "clinical" nursing informatics experience. In both courses the learner enacts the role of nursing informatics professional. Content will include didactic and clinical informatics experiences. The course involves obtaining a local mentor and practicing the informatics role under guided mentorship. The didactic portion of this course will involve managing a nursing informatics project through the life cycle using project management software. The majority of clinical time will be spent in an informatics organizational setting mutually agreed upon by the instructor, the mentor, and the student. A minimum grade of a B is required to pass the didactic and practicum component. Online time will be used to analyze and evaluate this experience. A minimum of 100 practicum hours is required (2 didactic hours and 2 practicum hours { 1 practicum hour = 50 hours }). *4 credit hours*

NSG6999 Graduate Project in Nursing

Prerequisite(s): NSG6101 and successful completion of at least one graduate practicum in Nursing

Corequisite(s): None

The capstone project is a synthesis and application of advanced nursing knowledge, scholarship, and research to initiate change and to improve practice. The student's inquiry is focused in the area of their advanced nursing knowledge and on evidenced-based nursing practice issues to develop solutions using available evidence. The student develops a scholarly capstone that will either demonstrate an application of evidence to practice for a substantive change or of a quality improvement initiative to advance the practice of nursing. Emphasis is placed on application of evidence-based research methodology, scholarly writing, and critical thinking. The scholarly capstone is presented in both written and oral forms. A minimum grade of B is required to pass this course. *4 credit hours*

NSG7000 Organization and Systems Leadership for Nursing

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program

Corequisite(s): None

The course emphasizes leadership development for complex organizations and systems through a process of self-inquiry. The developmental needs of the student are identified. Unique leadership characteristics are examined and enhanced under the lens of transformational change. Course content focuses on synthesis of theoretical leadership concepts with personal and professional values. The learner will incorporate the five pillars of the conceptual framework into administrative experiences. Topics are rooted in teaching solutions to real problems facing contemporary business leaders. The content emphasizes leadership development, core business skills, ethical comportment and social responsibility. The outcome of the course is a deeper knowledge of leadership, greater

confidence, and a keen awareness of the values that guide executive decisions. A grade of B or better is necessary to successfully complete this course. *4 credit hours*

NSG7005 Clinical Prevention and Population Health

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program

Corequisite(s): None

This course provides students with conceptual frameworks for advanced public health nursing practice, as well as exploring the contributions of population science to the health of the public. Analysis of population-focused nursing research and public health nursing management strategies is explicitly incorporated. Nursing models, theories, and evidence for critiquing and designing population-focused interventions form the basis for this course. Students apply principles, theory, and research about epidemiology/public health/public health nursing interventions in resolution of population-focused health issues. Collaborating with community-based partners to achieve public health objectives is expected. A grade of B or better is necessary to successfully complete this course. *4 credit hours*

NSG7010 Healthcare Policy

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program

Corequisite(s): None

This course advances students' abilities to analyze the politics, institutions, norms, and key stakeholders involved in agenda-setting, legitimating, and decision-making of health policy in the United States. Students learn to utilize analytical frameworks to explain how the policymaking process works, relates to the substance of policy, and applies to contemporary healthcare and nursing issues. Specific methods and strategies which healthcare providers use to influence health policy are explored with respect to grassroots organizing, advocacy, building coalitions among stakeholders, lobbying, working with media, developing and sustaining relationships with legislators and providing expert professional testimony as part of the policy-making process. The focus of dialogue includes ethical principles, as well as legal and regulatory issues that impact the health of the public. The preferences of individuals (politics), economic, psychological, social and technological determinants will be examined. The course also examines the impact of policy on the healthcare workforce, especially on nursing deployment and utilization. A grade of B or better is necessary to successfully complete this course. *4 credit hours*

NSG7015 Financial Management and Resource Utilization

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program

Corequisite(s): None

This course focuses on complex variables that influence financial management and resource utilization in nursing and healthcare. The conceptual basis and methods of financial analysis and decision making pertinent to healthcare delivery systems are examined. Healthcare economics, marketing principles, human resource management, and the influence of health policy and Healthy People 2020 objectives that impact current healthcare environments are explored. A grade of B or better is necessary to successfully complete this course. *4 credit hours*

NSG7020 Evidence, Effectiveness, and Clinical Quality

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program

Corequisite(s): None

The goal of this course is to provide students with the knowledge and skills necessary to assume a leadership role in transforming care in complex organizations and environments. This course provides the metrics for assessment, use, and evaluation of scientific data into evidence-based nursing practice. The steps in translating evidence into practice are explored. Knowledge assessment, clinical effectiveness, and tools for applying evidence to practice are emphasized. Strategies for creating a culture of evidence-based practice are embedded in course requirements. Barriers to evidence-based practice are identified. A grade of B or better is needed in order to successfully pass this course. *4 credit hours*

NSG7200 Advanced Nursing Field Experience I

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program ; The student must possess more than 460 post-BSN clinical hours. NSG7000, NSG7005, NSG7010, NSG7015, NSG7020, NSG8100, PHE5015, PHE5020, and DNP program electives.

Corequisite(s): None

Theory, evidence, and the systematic translation of nursing science into practice provide the basis for DNP practical experiences across the program of study. Students investigate clinical problems and refine their clinical translational capabilities within the context of the broader health care system. Clinical learning is directed toward systematic application of knowledge and scientific discovery in resolving new or persistent problems affecting the safety and quality of patient care. Mentored clinical application of evidence-based knowledge and skills, as well as independent investigation and evaluation of outcomes, support knowledge acquisition, as well as integration of the DNP role into the complex circumstances of contemporary nursing practice. Leadership, consultation, advocacy, fiscal accountability and interdisciplinary collaboration serve as core competencies to effect organizational change. A grade of B or better is necessary to successfully complete this course. A minimum of 30 clinical hours for each enrolled credit is required. *4 or 6 credit hours*

NSG7205 Advanced Nursing Field Experience II

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program; The student must possess more than 460 post-BSN clinical hours. NSG7000, NSG7005, NSG7010, NSG7015, NSG7020, NSG8100, PHE5015, PHE5020, and DNP program electives.

Corequisite(s): None

Theory, evidence, and the systematic translation of nursing science into practice provide the basis for DNP practical experiences across the program of study. Students investigate clinical problems and refine their clinical translational capabilities within the context of the broader health care system. Clinical learning is directed toward systematic application of knowledge and scientific discovery in resolving new or persistent problems affecting the safety and quality of patient care. Mentored clinical application of evidence-based knowledge and skills, as well as independent investigation and evaluation of outcomes, support knowledge acquisition, as well as integration of the DNP role into the complex circumstances of contemporary nursing practice. Leadership, consultation, advocacy, fiscal accountability and interdisciplinary collaboration serve as core competencies to effect organizational change. A grade of B or better is necessary to successfully complete this course. A minimum of 30 clinical hours for each enrolled credit is required. *4 or 6 credit hours*

NSG7210 Advanced Nursing Field Experience III

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program; The student must possess more than 460 post-BSN clinical hours. NSG7000, NSG7005, NSG7010, NSG7015, NSG7020, NSG8100, PHE5015, PHE5020, and DNP program electives.

Corequisite(s): None

Theory, evidence, and the systematic translation of nursing science into practice provide the basis for DNP practical experiences across the program of study. Students investigate clinical problems and refine their clinical translational capabilities within the context of the broader health care system. Clinical learning is directed toward systematic application of knowledge and scientific discovery in resolving new or persistent problems affecting the safety and quality of patient care. Mentored clinical application of evidence-based knowledge and skills, as well as independent investigation and evaluation of outcomes, support knowledge acquisition, as well as integration of the DNP role into the complex circumstances of contemporary nursing practice. Leadership, consultation, advocacy, fiscal accountability and interdisciplinary collaboration serve as core competencies to effect organizational change. A grade of B or better is necessary to successfully complete this course. A minimum of 30 clinical hours for each enrolled credit is required. *4 or 6 credit hours*

NSG7220 Evidence Based Transition Practicum

Prerequisite(s): Admission to the Doctor of Nursing Practice (DNP) program. Student must possess less than 460 post-BSN clinical hours.

Corequisite(s): None

This clinical course explores the nature of evidence in practice as it relates to the discipline of nursing. This course will emphasize critical appraisal of nursing research as evidence, knowledge development activities in practice and activities aimed at improving the reliability of healthcare practice and outcomes in the clinical setting. This course awards 1 credit hour per 30 clinical hours completed and can be taken up to three (3) times for a total of not more than 16 credit hours. Variable of up to 6 credit hours each time the course is taken based on the credit hours needed to complete the program. For more information please see the South University credit hour definition policy. A minimum of 30 clinical hours for each enrolled credit is required. *1-6 credit hours*

NSG8100 Capstone in Applied Practice I

Prerequisite(s): NSG7000, NSG7005, NSG7010, NSG7015, NSG7020, NSG7220 (if required)

Corequisite(s): None

This integrated scholarly effort is presented in a series of four sequential one-credit offerings that provide the DNP student with substantive opportunities to engage in exploration of a critical clinical question. This comprehensive exploration is conducted as a mentored experience and includes identification, development, implementation, evaluation and dissemination of an independent scholarly project. This scholarly project focuses on problems of practice within a defined organization or within specific populations. Each course builds on the existing knowledge and practice expertise of the DNP student within the broader context of translating science into clinical practice or solving for intractable clinical problems in which outcomes management, including quality and safety, are essential. The range of projects varies according to the interest of the individual DNP student. *1 credit hour*

NSG8105 Capstone in Applied Practice II

Prerequisite(s): NSG7000, NSG7005, NSG7010, NSG7015, NSG7020, NSG8100, NSG7220 (if required)

Corequisite(s): NSG7200

In this second of the four-course series, the DNP student works with a faculty mentor to refine the project design and apply contemporary investigative methods to structure data collection. Additionally, the DNP student will complete CITI/NIH training and submit an IRB application for Human subjects review where appropriate, prior to beginning data collection for this scholarly project. Students must successfully complete an oral defense of the project prior to implementation. Each student will be required to submit individual objectives at the beginning of the semester for each of the four courses. The objectives will be signed by the student and the mentor. The student will be evaluated according to the requirements of the course within the context of the agreed-upon objectives. A grade of B or better is necessary in order to successfully pass this course. *1 credit hour*

NSG8110 Capstone in Applied Practice III

Prerequisite(s): NSG8105

Corequisite(s): NSG7205

In this third course of a four-course series, the DNP student implements the evidence-based scholarly project specific to a population of interest within an identified clinical setting. Continued and ongoing interaction with the assigned mentor is expected and modifications of protocols are completed, where indicated, at this time. . Each student will be required to submit individual objectives at the beginning of the semester for each of the four courses. The objectives will be signed by the student and the mentor. The student will be evaluated according to the requirements of the course within the context of the agreed-upon objectives. A grade of B or better is needed in order to pass this course. *1 credit hour*

NSG8115 Capstone in Applied Practice IV

Prerequisite(s): NSG7000, NSG7005, NSG7010, NSG7015, NSG7020, NSG8100, NSG8105, NSG8110, NSG7220 (if required)

Corequisite(s): NSG7210

In this fourth and final course, the DNP student conducts the data analysis and writes the discussion section of the scholarly project. The discussion focuses on evaluation of the evidence generated in the scholarly project and the actual or potential impact of the project on identified health care outcomes. Students disseminate their findings through a final oral presentation (defense) and preparation of a manuscript suitable for a peer-reviewed publication. Each student will be required to submit individual objectives at the beginning of the semester for each of the four courses. The objectives will be signed by the student and the mentor. The student will be evaluated according to the requirements of the course within the context of the agreed-upon objectives. A B or better is necessary to successfully complete this course. *1*

credit hour

Nutrition Science

NTR2050 Nutrition

Prerequisite(s): CHM1010, BIO1013 and BIO1014 with grades of C or better in each of these courses

Corequisite(s): None

This course surveys the principles necessary to promote optimum nutrition throughout the life cycle. Consideration is given to informed evaluation of areas of controversy, as well as influence of socioeconomic and culture on nutritional practices. *4 credit hours*

Occupational Therapy

OTD6820 Occupational Therapy Perspectives in Diversity and Multiculturalism

Prerequisite(s): None

Corequisite(s): None

The student will develop an in-depth understanding of multiculturalism at an individual and societal level to help raise their awareness and sensitivity to the various issues that affect diverse cultural and linguistic groups. This course will allow students to explore and analyze the issues of language, culture, ethnicity, racism, diversity, inclusion, and access to multicultural education. This course serves to enhance the students' ability to understand and navigate around the many barriers that impede their diverse population's access to health care services. Various perspectives with regards to cultural belief about health, illness, and treatment are explored, debated, and discussed among a diverse population of students, faculty, and guest-lecturers. *4 credit hours*

OTD6821 Introduction to Research Methodologies and Evidence-Based Practice

Prerequisite(s): None

Corequisite(s): None

The student will be introduced to the various reasons, types, and processes involved in graduate level research. Exposure to critical review of published, peer reviewed research with specific emphasis on Evidence-Based Practice and the use of research in clinical decision making. The student will gain insight as to why data analysis (e.g. trends, contrasts and comparing interventions, and validating ones' practice interventions) assists them in the justification and the authentication of their therapeutic milieu. *4 credit hours*

OTD6822 Contemporary and Emerging Trends in Occupational Therapy and the Health Care Industry

Prerequisite(s): None

Corequisite(s): None

The student will be exposed to the many emerging trends found in occupational therapy specifically and health care in general. The course will sensitize the student towards the obstacles, both administrative and policy-wide, that currently impact the delivery of occupational therapy services to would be clients. Areas of critical discussion will be managed care initiatives, affordable care act (ACA), reimbursement, primary care shortages, the greying of America, and cost-containment efforts by federal agencies. *4 credit hours*

OTD6823 Perspective in Health Care Ethics

Prerequisite(s): None

Corequisite(s): None

The student will explore how current societal values are reflected in legal and medically oriented ethical policies that affect both the public and the private sectors. Students will examine and analyze the various contemporary ethical issues and make measured decisions to resolve personal, professional and organizational ethical conflicts. The student will utilize the AOTA Code of Ethics, Core Values and Standards of Practice, as well as, other guiding principles for ethical decision making throughout their professional and practice decision making strategies. *4 credit hours*

OTD7000 Introduction to Advanced Doctoral Studies

Prerequisite(s): None

Corequisite(s): None

The student will become oriented to the advanced curriculum and flow of the post professional occupational therapy program. The information regarding what a professional or clinical doctorate in occupational therapy is will be disseminated and clarified, as well as, what can be expected of self-directed and distance-based education. The student will use instructional methodologies with guided collaborative group-discussions that require peer-2-peer and per-to-faculty/mentor exchanges to foster substantive and critical discussions, essential in advancing the graduate learning experience. This course will begin as part of the 3-day campus-based intensive and continue with threaded asynchronous discussions once the student returns to their home of residence. The three day intensive course will allow students to become familiar with the institution's data-base of digital peer reviewed journals, as well as, research materials that can be accessed from the comfort of their homes. *3 credit hours*

OTD7021 Historical Perspectives in Occupational Therapy

Prerequisite(s): OTD7000

Corequisite(s): None

The student will gain knowledge of the occupational therapy profession's roots and origins and trace its growth from the time of the founding fathers at the National Society for the Promotion of Occupational Therapy (NSPOT) in Clifton Springs, NY to more contemporary times. The growth of the profession will be analyzed from several critical perspectives, such as sentinel world events (e.g. WWI and WWII, Vietnam-Conflict, and more recently OIF/OEF) and the driving forces of policy change more close to home (e.g. the Great Depression, the Technological Revolution and Titles 19 & 20, The Education for all Handicapped Act, ADA Legislation and BBA). The student will look at the driving forces and key leaders that have become steering mechanisms for the growing allied health profession. The course will also look at the transformative changes that lie ahead, as well as, understand how the AOTA's Centennial Vision 2017 will become our professional road-map for the coming decades. *3 credit hours*

OTD7022 Introduction to Neuro-Occupations

Prerequisite(s): OTD7000

Corequisite(s): None

The student will gain insight and knowledge on the Neuro-Occupation frame of reference. The Course examines the blending of neuroscience with occupations. This course examines how the nervous system and occupation are considered to be integrated, dynamically interactive and influenced by ones' environment (Padilla and Payton, 1997). The student will learn how the neuro-occupation frame of reference reflects a core feature of occupational therapy practice as it relates to occupation in physical, social, cultural and environmental settings. The course also explores how occupation influences the Central Nervous System (CNS) and conversely. The course offers an in-depth overview of theories, such as, systems-theory, non-linear dynamics, chaos-theory, and complexity theory and looks at how they contribute the framework of neuro-occupation. *3 credit hours*

OTD7023 Critical Analysis of Health Promotion and Healthcare Policy

Prerequisite(s): OTD7000

Corequisite(s): None

The student will obtain a well-structured understanding of how occupation and occupational therapy interventions improve the health of entire populations. Focused efforts that employ health promotion (e.g. occupational-health & wellness programs), health education and injury prevention enhance overall occupational health and prevent recurring injury and occupational disability. Industries across the U.S. are buying into this health-delivery concept and are eager in the reduction of occupational related injuries, as well as, optimizing employee output. Another focal-point of this course is to examine the regulatory agencies that offer oversight to the provider, as well as, the systematic delivery of patient care. The student does this while examining health care trends, policies, and current views on disabilities and the laws that protect the disabled population. *3 credit hours*

OTD7025 Healthcare Management and Program Development

Prerequisite(s): OTD7000

Corequisite(s): None

The student examines the various core-components of program development and planning, as well as, forecasting the future financial growth of a clinic, health delivery center, entire organization or academic program. The student will become efficient with use of SWOT analysis (Strengths-Weakness-Opportunities and Threats), Top-Down Approach, Continuous Program Improvement or PIP (Program Improvement Plans) to facilitate program growth, expansion and maturity within current managed-care delivery models. This course assesses the need for health care service coordination, as well as, integration, program marketing, strategic-planning-initiatives (SPIs), and entrepreneurial business practices. *3 credit hours*

OTD7030 Multidisciplinary Integration of Occupation and Clinical Intervention

Prerequisite(s): OTD7000

Corequisite(s): None

The student will immerse him/herself in the interdisciplinary service model and gain insight into interdisciplinary, cross-disciplinary, and interoperability practices that enhance service delivery (Interprofessional practice; current terminology). The student will explore and analyze advanced collaborative approaches that are viewed to be service-multipliers and they will leverage this knowledge to improve efficiency and effectiveness of occupational therapy services. The student will critically analyze comprehensive treatment plans from various practice settings (e.g. pediatrics, outpatient-services, acute-care, older-adult populations, and behavioral health settings) and make collaborative recommendations on how to maximize interdisciplinary service delivery. *3 credit hours*

OTD7031 Research Methodologies and Inquiry

Prerequisite(s): None

Corequisite(s): None

The student will gain appreciation and a new-found understanding for scientific inquiry. The student will become reacquainted with quantitative and qualitative, as well as, blended research methodologies, and through inquiry, be able to justify their particular therapeutic interventions. The student will assess and review the evolution and implementation of evidence-based practice and be able to weave this model (or) mindset into everyday use. The student will explore the relevance of using evidence-based model (EBP), gathering various types of evidence, and using this data in forecasting future trends or document unmet needs. This course will allow the student to synthesize research, inquiry, and analytical trends to promote occupation and occupational therapy in "real-life-settings". *4 credit hours*

OTD7032 Clinical Doctoral Outcome Measures I

Prerequisite(s): OTD7031

Corequisite(s): None

The student will examine the various components of grant-writing with a specific focus on occupational therapy and rehabilitation sciences. The student will gain insight into the use of appropriate terminology for writing a grant, as well as, how to develop a budget, and understand how to make the funded grant into a long-term or legacy program. The student will become comfortable navigating through the various parts of an Institutional Review Board (IRB) and acknowledge how this instrument is employed in the protection of human subjects. The student will also gain familiarity with the IRB components ranging from the cover-letter to the conflict of interest documentation. Finally, the student will be able to formulate a proper research question and will be able to selectively locate the targeted research information to best develop a well-directed research question. The learned contents of OTDS 7032 (module I) will be used exclusively in OTDS 7033 (module II) to refine the student's research question and then formulate their research proposal in the form of a manuscript (*Publishing not required). *4 credit hours*

OTD7033 Clinical Doctoral Outcome Measures II

Prerequisite(s): OTD7032

Corequisite(s): None

The student will continue to develop the research proposal by conceptualizing how the program would be developed. Once the student has formulated the problem statement or question he/she will finalize the request for proposal (RFP), as well as, the grant narrative that best identify what criteria is needed for funding. The student will also critically evaluate how their review audience understands the research proposal and if the funding agency's philosophical viewpoint is compatible with the proposing agent (e.g. researcher, group, or facility). The student will fully understand the structured process and guidelines of grant writing and use this as the "blue-print" in the development of their research proposal. *4 credit hours*

OTD7035 Professional Development in Advanced Scholarship and Practice I

Prerequisite(s): None

Corequisite(s): None

The student will gain in-depth insight into the various issues that impact rehabilitative science and occupational therapy practice communities. The student will critically assess the many barriers encountered by practitioners, as well as, their clients' access to quality care. The course also addresses practice trends, opportunities for growth and the increasing state and federal oversight, as well as, procedural mandates. This diverse experiential course is provided primarily through visiting lectureships from subject matter experts, industry leaders, and experienced practitioners and academicians. The intent of the multifaceted course is to alert occupational therapists, of the many contemporary issues that has and/or will impact them and provoke reflective discussion/debate *1 credit hour*

OTD7036 Professional Development in Advanced Scholarship and Practice II

Prerequisite(s): OTD7035

Corequisite(s): None

The student will gain in-depth insight into the various issues that impact rehabilitative science and occupational therapy practice communities. The student will critically assess the many barriers encountered by practitioners, as well as, their clients' access to quality care. The course also addresses practice trends, opportunities for growth and the increasing state and federal oversight, as well as, procedural mandates. This diverse experiential course is provided primarily through visiting lectureships from subject matter experts, industry leaders, and experienced practitioners and academicians. The intent of the multifaceted course is to alert occupational therapists, of the many contemporary issues that has and/or will impact them and provoke reflective discussion/debate. This course is the second of a three part course offering. *1 credit hour*

OTD7037 Professional Development in Advanced Scholarship and Practice III

Prerequisite(s): OTD7035, OTD7036

Corequisite(s): None

The student will gain in-depth insight into the various issues that impact rehabilitative science and occupational therapy practice communities. The student will critically assess the many barriers encountered by practitioners, as well as, their clients' access to quality care. The course also addresses practice trends, opportunities for growth and the increasing state and federal oversight, as well as, procedural mandates. This diverse experiential course is provided primarily through visiting lectureships from subject matter experts, industry leaders, and experienced practitioners and academicians. The intent of the multifaceted course is to alert occupational therapists, of the many contemporary issues that has and/or will impact them and provoke reflective discussion/debate. This course is the third of a three part course offering. *1 credit hour*

OTD7039 Critical Analysis of Occupational Therapy Practice

Prerequisite(s): OTD7000

Corequisite(s): None

The student will critically evaluate the various viewpoints of internal and external stakeholders. The student will become familiar with the expectations, whether actual or false, of the profession's academic, clinical and research outcomes. The student will also gain insight into the factors that have and will continue to shape the occupational therapy profession for years to come. An exploration of contemporary practice issues, such as, delineation of OT services within the Allied Health Model, the marketing of the occupational therapy brand of treatment to the various end-users, straying too far from the profession's original core-values, and the hyper-specialization of OT practice, are just a few of in-depth discussions that will be explored in this course. *4 credit hours*

OTD7040 Critical Analysis of Capstone Project Trajectory I

Prerequisite(s): OTD7021, OTD7023

Corequisite(s): None

The student will engage in a transformative and closely supervised "Capstone-Project" that is based upon a particular area of interest or expertise. This course is based on a well-orchestrated and planned out process that assists the student in identifying his/her core-idea (discernible project, theme, need or issue, etc.); followed by offering them the structure (e.g. tools) needed to successfully produce a tangible, scholarly, and professional looking project. The capstone project is considered an advanced scholarly body of work requiring research, professional writing, observational-skills, collaboration, and critical analysis. This course employs a common thread of research and refinement throughout a seven part series that begins in OTD 7040 and culminates in OTD 7046, as well as, with OTD 7050 the delivery of the formal presentation. The student and/or faculty-mentor will identify a subject matter expert(s) in the respective specialty area and the faculty-mentor will serve as the liaison between the student and the SME. The capstone project is viewed as a rigorous experiential learning experience that infuses knowledge learned throughout the entire program

which allows the student to present a well-polished and professionally appealing body of work that is held to the highest academic standards. The Capstone Project Trajectories are mapped out to overlap in research, synthesis of data, assembly of the tangible project, and documenting/archiving the scholarly body of work. The Capstone Project Trajectories are essentially divided into three distinct phases (Phase One: Trajectories I, II, & III; Phase Two: Trajectories IV & V; and Phase Three: Trajectories VI & VII). These courses are further delineated in the Capstone Project Management Tool found in the OTD Student Manual (Supplemental Capstone Guidance Section). This course is the first of a seven part course offering. *1 credit hour*

OTD7041 Critical Analysis of Capstone Project Trajectory II

Prerequisite(s): OTD7040

Corequisite(s): None

The student will engage in a transformative and closely supervised "capstone-Project" that is based upon a particular area of interest or expertise. This course is based on a well-orchestrated and planned out process that assists the student in identifying his/her core-idea (discernible project, theme, need or issue, etc.); followed by offering them the structure (e.g. tools) needed to successfully produce a tangible, scholarly, and professional looking project. The capstone project is considered an advanced scholarly body of work requiring research, professional writing, observational-skills, collaboration, and critical analysis. This course employs a common thread of research and refinement throughout a seven part series that begins in OTD 7040 and culminates in OTD 7046, as well as, with OTD 7050 the delivery of the formal presentation. The student and/or faculty-mentor will identify a subject matter expert(s) in the respective specialty area and the faculty-mentor will serve as the liaison between the student and the SME. The capstone project is viewed as a rigorous experiential learning experience that infuses knowledge learned throughout the entire program which allows the student to present a well-polished and professionally appealing body of work that is held to the highest academic standards. The Capstone Project Trajectories are essentially divided into three distinct phases (Phase One: Trajectories I, II, & III; Phase Two: Trajectories IV & V; and Phase Three: Trajectories VI & VII). These courses are further delineated in the Capstone Project Management Tool found in the OTD Student Manual (Supplemental Capstone Guidance Section). This course is the second of a seven part course offering. *1 credit hour*

OTD7042 Critical Analysis of Capstone Project Trajectory III

Prerequisite(s): OTD7041

Corequisite(s): None

The student will engage in a transformative and closely supervised "capstone-Project" that is based upon a particular area of interest or expertise. This course is based on a well-orchestrated and planned out process that assists the student in identifying his/her core-idea (discernible project, theme, need or issue, etc.); followed by offering them the structure (e.g. tools) needed to successfully produce a tangible, scholarly, and professional looking project. The capstone project is considered an advanced scholarly body of work requiring research, professional writing, observational-skills, collaboration, and critical analysis. This course employs a common thread of research and refinement throughout a seven part series that begins in OTD 7040 and culminates in OTD 7046, as well as, with OTD 7050 the delivery of the formal presentation. The student and/or faculty-mentor will identify a subject matter expert(s) in the respective specialty area and the faculty-mentor will serve as the liaison between the student and the SME. The capstone project is viewed as a rigorous experiential learning experience that infuses knowledge learned throughout the entire program which allows the student to present a well-polished and professionally appealing body of work that is held to the highest academic standards. The Capstone Project Trajectories are essentially divided into three distinct phases (Phase One: Trajectories I, II, & III; Phase Two: Trajectories IV & V; and Phase Three: Trajectories VI & VII). These courses are further delineated in the Capstone Project Management Tool found in the OTD Student Manual (Supplemental Capstone Guidance Section). This course is the third of a seven part course offering. *1 credit hour*

OTD7043 Critical Analysis of Capstone Project Trajectory IV

Prerequisite(s): OTD7042

Corequisite(s): None

The student will engage in a transformative and closely supervised "capstone-Project" that is based upon a particular area of interest or expertise. This course is based on a well-orchestrated and planned out process that assists the student in identifying his/her core-idea (discernible project, theme, need or issue, etc.); followed by offering them the structure (e.g. tools) needed to successfully produce a tangible, scholarly, and professional looking project. The capstone project is considered an advanced scholarly body of work requiring research, professional writing, observational-skills, collaboration, and critical analysis. This course employs a common thread of research and refinement throughout a seven part series that begins in OTD 7040 and culminates in OTD 7046, as well as, with OTD 7050 the delivery of the formal presentation. The student and/or faculty-mentor will identify a subject matter expert(s) in the respective specialty area and the faculty-mentor will serve as the liaison between the student and the SME. The capstone project is viewed as a rigorous experiential learning experience that infuses knowledge learned throughout the entire program which allows the student to present a well-polished and professionally appealing body of work that is held to the highest academic standards. The Capstone Project Trajectories are essentially divided into three distinct phases (Phase One: Trajectories I, II, & III; Phase Two: Trajectories IV & V; and Phase Three: Trajectories VI & VII). These courses are further delineated in the Capstone Project Management Tool found in the OTD Student Manual (Supplemental Capstone Guidance Section). This course is the fourth of a seven part course offering. *1 credit hour*

OTD7044 Critical Analysis of Capstone Project Trajectory V

Prerequisite(s): OTD7043

Corequisite(s): None

The student will engage in a transformative and closely supervised "capstone-Project" that is based upon a particular area of interest or expertise. This course is based on a well-orchestrated and planned out process that assists the student in identifying his/her core-idea (discernible project, theme, need or issue, etc.); followed by offering them the structure (e.g. tools) needed to successfully produce a tangible, scholarly, and professional looking project. The capstone project is considered an advanced scholarly body of work requiring research, professional writing, observational-skills, collaboration, and critical analysis. This course employs a common thread of research and refinement throughout a seven part series that begins in OTD 7040 and culminates in OTD 7046, as well as, with OTD 7050 the delivery of the formal presentation. The student and/or faculty-mentor will identify a subject matter expert(s) in the respective specialty area and the faculty-mentor will serve as the liaison between the student and the SME. The capstone project is viewed as a rigorous experiential learning experience that infuses knowledge learned throughout the entire program which allows the student to present a well-polished and professionally appealing body of work that is held to the highest academic standards. The Capstone Project Trajectories are essentially divided into three distinct phases (Phase One: Trajectories I, II, & III; Phase Two: Trajectories IV & V; and Phase Three: Trajectories VI & VII). These courses are further delineated in the Capstone Project Management Tool found in the OTD Student Manual (Supplemental Capstone Guidance Section). This course is the fifth of a seven part course offering. *1 credit hour*

OTD7045 Critical Analysis of Capstone Project Trajectory VI

Prerequisite(s): OTD7021, OTD7023, OTD7040, OTD7041, OTD7042, OTD7043, OTD7044

Corequisite(s): None

This course is the sixth of seven. The student will engage in a transformative and closely supervised "capstone-Project" that is based upon a particular area of interest or expertise. This course is based on a well-orchestrated and planned out process that assists the student in identifying his/her core-idea (discernible project, theme, need or issue, etc.); followed by offering them the structure (e.g. tools) needed to successfully produce a tangible, scholarly, and professional looking project. The capstone project is considered an advanced scholarly body of work requiring research, professional writing, observational-skills, collaboration, and critical analysis. This course employs a common thread of research and refinement throughout a seven part series that begins in OTD 7040 and culminates in OTD 7046, as well as, with OTD 7050 the delivery of the formal presentation. The student and/or faculty-mentor will identify a subject matter expert(s) in the respective specialty area and the faculty-mentor will serve as the liaison between the student and the SME. The

capstone project is viewed as a rigorous experiential learning experience that infuses knowledge learned throughout the entire program which allows the student to present a well-polished and professionally appealing body of work that is held to the highest academic standards. This course is the sixth of a seven part course offering. *1 credit hour*

OTD7046 Critical Analysis of Capstone Project Trajectory VII

Prerequisite(s): OTD7021, OTD7023, OTD7040, OTD7041, OTD7042, OTD7043, OTD7044, OTD7045

Corequisite(s): None

The student will engage in a transformative and closely supervised "capstone-Project" that is based upon a particular area of interest or expertise. This course is based on a well-orchestrated and planned out process that assists the student in identifying his/her core-idea (discernible project, theme, need or issue, etc.); followed by offering them the structure (e.g. tools) needed to successfully produce a tangible, scholarly, and professional looking project. The capstone project is considered an advanced scholarly body of work requiring research, professional writing, observational-skills, collaboration, and critical analysis. This course employs a common thread of research and refinement throughout a seven part series that begins in OTD 7040 and culminates in OTD 7046, as well as, with OTD 7050 the delivery of the formal presentation. The student and/or faculty-mentor will identify a subject matter expert(s) in the respective specialty area and the faculty-mentor will serve as the liaison between the student and the SME. The capstone project is viewed as a rigorous experiential learning experience that infuses knowledge learned throughout the entire program which allows the student to present a well-polished and professionally appealing body of work that is held to the highest academic standards. This course is the seventh of a seven part course offering. *1 credit hour*

OTD7047 Advanced Clinical and Professional Ethics

Prerequisite(s): OTD7000, OTD7021, OTD7023

Corequisite(s): None

The student will be introduced to the fundamentals of clinical (practice) ethics and be able to place contemporary clinical issues within a broader context of the health care landscape. The student will become familiar with the ethical questions surrounding major health related topics, such as, patient-provider relationships and trust, cultural competence, advance directives, organ transplantation, the rationing of health-care services, life-sustaining treatments and end of life issues. Students will apply critical thinking skills to help them explore and deliberate on the various sentinel events that occur in and around the healthcare industry as a whole. At the commencement of this course the student will be able to extrapolate how profound and sentinel events affect the timely delivery of occupational therapy services. *4 credit hours*

OTD7050 Critical Analysis of Capstone Project with Presentation

Prerequisite(s): OTD7040 through OTD7046

Corequisite(s): None

The student will, in this threaded course, reflect on the totality of his/her project and experience the satisfaction seeing it culminate in a completed, tangible and/or functioning product. The capstone course is meant to hone the student's preexisting skills and add new-found insight into scholarship, collaborative exchanges and self-directed learning. The skills obtained in this threaded course may be used as the building blocks to program development, organizational improvement, niche-development, expansion of evidence based-practice and professional growth and mentorship. The student will gain insight into collaborative partnerships and how to leverage their subject matter expert's knowledge-base in order to produce a definitive understanding of his/her project. The premise of this course is to allow the student's project to reach its natural conclusion, based on introspective views, as well as, the comprehensive knowledge regarding the subject matter. Based on this premise, the student will formally present findings regarding their project, among peers, SMEs, faculty-mentors and distinguished guests. *4 credit hours*

OTD7051 Educational Theory and Practice

Prerequisite(s): None

Corequisite(s): None

The student will explore the various styles of providing instruction to graduate-level students, as well as, become familiar with the emerging types of pedagogy advancing access to education through distanced based pathways. The student will better understand the how cyber-education increases access to content and specialized education, particularly the underserved or geographically displaced populations. The student will also contrast and compare their own teaching styles and explore other contemporary styles used in current occupational therapy programs. This course will allow the student gain an appreciation for the art and science of pedagogy and how future generations of OT students will be oriented and introduced into the ranks of occupational therapy. *3 credit hours*

OTD7052 The American Professorate: A Faculty Perspective

Prerequisite(s): None

Corequisite(s): None

The student will explore and examine the many issues that currently impact graduate education in occupational therapy. The course explores the changing nature of the clinical-educator, as well as, what academic career tracks are and how post professional educators progress through them. Students will also explore the shortages among qualified faculty in allied health education, the growing workload for OT faculty, academic freedom, faculty tenure, and the primary functions of departmental chairs. *3 credit hours*

OTD7053 Emerging Issues in Advanced Geriatric Practice

Prerequisite(s): None

Corequisite(s): None

The student will examine the emerging health issues within the geriatric and aged populations. The student will assess issues, such as, aging in place, the changing demographics of caregiving, driving with advanced age, health and wellness, fall prevention and home safety, community access and mobility, access to primary and specialty care, dementia related illnesses, and exploration of retirement and leisure interests. The course will allow clinicians, who are interested in geriatric care, as well as, issues affecting the adult population, to explore how the U.S. health care system will be overburdened by escalating needs and resource allocation within the next two decades. The student will engage in collaborative discussions, and will examine functional solutions to facilitate access to health care services among this client population. *3 credit hours*

OTD7054 Current Topics in Pediatric Intervention and Practice

Prerequisite(s): None

Corequisite(s): None

The student will examine the practice and diagnostic issues that abound in this specialty practice area. The student critically analyzes patient-verses-provider advocacy and will assess current provider models for the socio-economically disadvantaged or marginalized child. Complex issues such as, developmentally challenged children and mainstreaming, children with HIV+/AIDs, domestic child abuse, grade-school bullying, complication from premature child-birth, birth defects and congenital deformities, adolescence access to drugs and alcohol, body image disorders (e.g. bulimia & anorexia) and childhood anxiety disorders and depression. Critical thinking and collaborative discussions will focus on our current health care system's approach to acute care, rehabilitation, and legacy-programs, as well as, third-party payers (e.g. insurance companies) unrealistic views of patient/client progression. The course will provide an overview of pediatric practice settings, such as, neonatology (NICU), early intervention (school based programs), formative years-&-adolescence (outpatient/home health), and will discuss current measures to standardize pediatric interventions. *3 credit hours*

OTD7055 Current Topics in Behavioral Health Intervention

Prerequisite(s): None

Corequisite(s): None

The student will critically explore the absence, and more recently, the resurgence of occupational therapy intervention within the specialty area of mental health. The student will assess contemporary and emerging (or) novel practice settings for occupational therapist within the broader umbrella of behavioral health. Such Practice settings include, but are not be limited to, mental health in long term care facilities, wounded warriors and veterans, school and community based programs, and outpatient programs for adolescents and adults. The student will obtain additional insight into the collaborative efforts of the behavioral health team, which include case managers, psychiatrists, psychologists, social workers, mental health nurses, family physicians, pharmacists, mental health counselors, and child health-care advocates. The student will also explore AOTA's drive to rebalance contemporary curriculums related to mental health instruction. *3 credit hours*

OTD7056 Current Topics in Adult Rehabilitation Intervention

Prerequisite(s): None

Corequisite(s): None

The student will examine the broad and dynamic field of adult rehabilitation which includes physical medicine and rehabilitation (PM&R), outpatient therapy, acute-rehab, and home-bound services. The student will critically assess the barriers to access in rehab-services, the various clinical models, diminishing lengths of stay (LOS) and decreased reimbursement thresholds common to this field. The course will explore, through collaborative discussions, scholarly research, clinical-site interviews, and threaded discussions, the sentinel issues that impact, as well as, shape the future direction of this specialty area. The student will also explore the changing mindset of occupational therapists and begin to understand how some practitioners have become entrepreneurs and have built dynamic partnerships with other allied health practitioners and non-medical personnel (e.g. Pharmacists, PA's, SLP's, PT's and special-education/researchers). *3 credit hours*

OTD7057 Exploration of Leadership in Occupational Therapy

Prerequisite(s): None

Corequisite(s): None

The student will examine contemporary management and leadership styles employed throughout the many practice models common to occupational therapy. The course examines transformational leadership needed at every level of program service and development; moreover, it will assess what sorts of oversight that is needed at the departmental level, institutional or organizational level and regional or national levels. The student will contrast and compare program management and oversight in governmental, civilian, and private sectors. The student will also gain insight into mentorship initiatives employed to foster professional growth and development. The student will critically review and understand how AOTA will morph their vision and mission to reflect projected changes being mandated in its 2017 centennial vision. *3 credit hours*

OTD7058 Leadership, Patient Advocacy, and Social Policy

Prerequisite(s): None

Corequisite(s): None

The student will explore and examine how insightful leaders leverage their knowledge of their specific practice area to advocate for patient's right to access to care. The student will also assess the varying styles employed that make profound changes in clinical settings, academia, or research related work. As change agents, influential occupational therapists use their goal-driven focus and knowledge of the healthcare industry to make policy changes that benefit the patient, their organization, and the occupational therapy profession at large. The student will obtain in-depth knowledge about how leadership and patient advocacy can be comingled to form an impenetrable alliance that places the needs of the ill, infirmed, and marginalized client before the needs of third party payers. *3 credit hours*

OTD8035-8037 Professional Development in Advanced Scholarship and Practice

Prerequisite(s): None

Corequisite(s): None

The POTD student will continue to develop the research proposal by conceptualizing how the program would be developed. Once the student has formulated the problem statement or question he/she will finalize the request for proposal (RFP), as well as, the grant narrative that best identify what criteria is needed for funding. The student will also critically evaluate how their reviewing audience understands the research proposal and if the funding agency's philosophical view-point is compatible with the proposing agent (e.g. researcher, group, or facility). The student will fully understand the structured process and guidelines of grant writing and use this as the "blue-print" in the development of their research proposal. OTDS 632-II course builds upon the information obtained exclusively in OTDS 632-I and student's research statement (question), along with the grant narrative, will underscore the direction and focus of the their research proposal. *1 credit hour*

Occupational Therapy Assistant

OTA1001 Introduction to Occupational Therapy

Prerequisite(s): Eight/Nine Quarter Program: Application into the Professional OTA Curriculum; this course must be taken as a prerequisite in the quarter before student hopes to start in the Professional OTA Curriculum.

Corequisite(s): None

This course introduces concepts of human occupation and the framework for practice and examines the role of occupational therapy in a variety of settings. Topics include history and philosophical principles, meaning of occupation, the Occupational Therapy Framework: Domain and Process; Standards of Practice; Code of Ethics, current and emerging practice areas, roles of the registered occupational therapist and the certified occupational therapy assistant, evidence-based practice, credentialing requirements and professional associations. *3 credit hours*

OTA1011 Medical Conditions

Prerequisite(s): Eight Quarter Program: Admission to the Professional Curriculum of the OTA program; Nine Quarter Program: OTA1020, OTA1031, OTA1039, OTA1045

Corequisite(s): Eight Quarter Program: OTA1020, OTA1031, OTA1039, OTA1045; Nine Quarter Program: OTA2031, OTA2039

The course will examine the etiology and symptoms of clinical conditions that are commonly referred to in occupational therapy. This includes topics on trauma, disease and congenital conditions that can impact human occupations and performance. Procedures and precautions ensuring safety of clients and caregivers will be reviewed. *3 credit hours*

OTA1020 Occupational Analysis I

Prerequisite(s): Admission to the Professional Curriculum of the OTA Program

Corequisite(s): Eight Quarter Program: OTA 1011, OTA 1031, OTA 1039, OTA 1045; Nine Quarter Program: OTA1031, OTA1039, OTA1045

This course will focus on the observations, analysis, and performance of human occupation in work, self-care, and play/leisure throughout the lifespan. The major emphasis of this course is analysis of occupations and occupational performance through activity analysis. The process of teaching and learning and the language of occupational therapy will be incorporated. *4 credit hours*

OTA1031 Occupational Therapy in Mental Health

Prerequisite(s): Eight/Nine Quarter Programs: Admission to the Professional Curriculum of the OTA program

Corequisite(s): Eight Quarter Program: OTA1011, OTA1020, OTA1039, OTA1045; Nine Quarter Program: OTA1020, OTA1039, OTA1045

This course will center on the occupational therapy process in relation to individuals with psychosocial conditions and/or challenges across the lifespan. Emphasis is placed on historical and theoretical overview, clinical characteristics and medical management, assessments and intervention, evidence-based practice, and issues impacting holistic psychosocial OT practice. Students are placed at Level I Fieldwork sites from 24-35 hours towards the end of the course for experiences which apply academic course preparation to psychosocial conditions, as part of OTA 1039 Level I Fieldwork in Mental Health. *5 credit hours*

OTA1039 Level I Fieldwork in Mental Health

Prerequisite(s): Eight/Nine Quarter Programs: Admission to the Professional Curriculum of the OTA program

Corequisite(s): Eight Quarter Program: OTA1011, OTA1020, OTA1031, OTA1045; Nine Quarter Program: OTA1020, OTA1031, OTA1045

Towards the end of the quarter in which students take OTA 1031 Occupational Therapy in Mental Health, students will be placed on a Level I Fieldwork experience for 24-35 hours that offers students an opportunity to observe and assist practitioners and/or staff working with people who have psychosocial conditions. Students will observe client assessment and intervention, as appropriate, and learn about issues impacting holistic psychosocial occupational therapy practice. The Level I Fieldwork experience provides opportunities to apply academic course preparation in a psychosocial setting. This course is Pass/Fail (P/F). *1 credit hour*

OTA1045 Professional Documentation

Prerequisite(s): Eight/Nine Quarter Programs: Admission to the Professional Curriculum of the OTA Program

Corequisite(s): Eight Quarter Program: OTA1011, OTA1020, OTA1031, OTA1039; Nine Quarter Program: OTA1020, OTA1031, OTA1039

This course provides training in professional documentation, record keeping for accountability and reimbursement. Focus is also on other verbal and nonverbal professional communication. Content includes structure and function of daily note writing, patient/client evaluation such as data gathering, reassessment, treatment recommendations, home programing and discharge planning. Students learn to write behavioral objectives and assist the occupational therapist with goal writing. Documentation for quality assurance, insurance systems, and various methods for documentation are explored. Legal and ethical implications for documentation are included. *1 credit hour*

OTA2020 Occupational Analysis II

Prerequisite(s): Eight Quarter Program: OTA1011, OTA1020, OTA1031, OTA1039, OTA1045; Nine Quarter Program: OTA1011, OTA2031, OTA2039

Corequisite(s): Eight Quarter Program: OTA2031, OTA2039, OTA2041; Nine Quarter Program: OTA2041, OTA2060

This course will focus on the development of skills in adapting and grading self-care, work, play and leisure occupations for individuals throughout the lifespan. Emphasis is also placed on the development of therapeutic use of self, and group assessment and occupation-based activities. Topics include standardized and non-standardized assessments/evaluations, assistive technology, and low vision adaptations. *4 credit hours*

OTA2031 Occupational Therapy for Children and Adolescents

Prerequisite(s): Eight Quarter Program: OTA1011, OTA1020, OTA1031, OTA1039, OTA1045; Nine Quarter Program: OTA1020, OTA1031, OTA1039, OTA1045

Corequisite(s): Eight Quarter Program: OTA2020, OTA2039, OTA2041; Nine Quarter Program: OTA1011, OTA2039

A review of human development from birth through adolescence provides an understanding of behavior in children and adolescents. Emphasis is placed on occupational performance of typical and atypical individuals, theory and application, frames of reference, evidence-based practice, the occupational therapy process, and roles of the OT and OTA in the delivery of holistic pediatric services in various practice settings. Students are placed at Level I Fieldwork sites for 24-35 hours towards the end of the course for experience which apply academic course preparation to children and adolescents, as part of OTA2039 level I Fieldwork in Children and Adolescents. *5 credit hours*

OTA2039 Level I Fieldwork for Children and Adolescents

Prerequisite(s): Eight Quarter Program: OTA1011, OTA1020, OTA1031, OTA1039, OTA1045; Nine Quarter Program: OTA1020, OTA1031, OTA1039, OTA1045

Corequisite(s): Eight Quarter Program: OTA2020, OTA2031, OTA2041; Nine Quarter Program: OTA1011, OTA2031

Towards the end of the quarter in which students take OTA 2031 Occupational Therapy for Children and Adolescents, students will be placed on a Level I Fieldwork experience for 24-35 hours that offers students an opportunity to observe and assist practitioners and/or staff working with typical and atypical children and adolescents. Student will observe client assessment and intervention, as appropriate, and learn about issues impacting holistic pediatric occupational therapy practice. The Level I Fieldwork experience provides opportunities to apply academic course preparation to practice settings working with children and adolescents. This course is Pass/Fail (P/F). *1 credit hour*

OTA2041 Movement for Human Occupation

Prerequisite(s): Eight Quarter Program: OTA1011, OTA1020, OTA1031, OTA1039, OTA1045; Nine Quarter Program: OTA1011, OTA2031, OTA2039

Corequisite(s): Eight Quarter Program: OTA2020, OTA2031, OTA2039; Nine Quarter Program: OTA2020, OTA2060

This course will focus on the development of skills in adapting and grading self-care, work, and leisure occupations for individuals throughout the lifespan. Students review origins and insertions of upper limb musculature while learning how to conduct tests for range of motion, muscle strength and coordination. The biomechanics portion of the course will address posture, balance and transfers. Students will explore movement and positioning using crutches, walkers, wheelchairs, mobile arm supports and suspension slings; movement will be applied to human occupation. *4 credit hours*

OTA2051 Occupational Therapy for Adults and the Elderly

Prerequisite(s): Eight Quarter Program: OTA2020, OTA2031, OTA2039, OTA2041; Nine Quarter Program: OTA2020, OTA2041, OTA2060

Corequisite(s): Eight Quarter Program: OTA2059, OTA2060, OTA2071, OTA2080; Nine Quarter Program: OTA2059, OTA2071, OTA2080

This course will emphasize occupational performance of typical and atypical individuals, theory and application, frames of reference, evidence-based practice, the occupational therapy process, and roles of the occupational therapist and occupational therapy assistant in the holistic delivery of physical rehabilitation services in various practice settings. Students are placed at Level I Fieldwork sites for 24-35 hours towards the end of the course for experiences which apply academic course preparation to behaviors of adult and the elderly populations, as part of OTA 2059 Level I Fieldwork for Adults and the Elderly. *5 credit hours*

OTA2059 Level I Fieldwork for Adults and the Elderly

Prerequisite(s): Eight Quarter Program: OTA2020, OTA2031, OTA2039, OTA2041; Nine Quarter Program: OTA2020, OTA2041, OTA2060

Corequisite(s): Eight Quarter Program: OTA2051, OTA2060, OTA2071, OTA2080; Nine Quarter Program: OTA2051, OTA2071, OTA2080

Towards the end of the quarter in which students take OTA 2051 Occupational Therapy for Adults and the Elderly, students will be placed on a Level I Fieldwork experience for 24-35 hours that offers students an opportunity to observe and assist practitioners and/or staff working with typical and atypical adults and the elderly. Students will observe client assessment and intervention, as appropriate, and learn about issues impacting holistic adult and the elderly occupational therapy practice. The Level I Fieldwork experience provides opportunities to apply academic course preparation to practice settings of adult and the elderly populations. This course is Pass/Fail (P/F). *1 credit hour*

OTA2060 Occupational Therapy Management

Prerequisite(s): Eight Quarter Program: OTA2020, OTA2031, OTA2039, OTA2041; Nine Quarter Program: OTA1011, OTA2031, OTA2039

Corequisite(s): Eight Quarter Program: OTA2051, OTA2059, OTA2071, OTA2080; Nine Quarter Program: OTA2020, OTA2041

This course examines basic management and support tasks relevant to the role of the occupational therapy assistant. Emphasis is placed on ethical and legal issues related to occupational therapy practice, the roles and functions of regulatory agencies, funding and reimbursement systems, and health care delivery systems. Students complete experiential learning with program development. *4 credit hours*

OTA2071 Community Practice

Prerequisite(s): Eight Quarter Program: OTA2020, OTA2031, OTA2039, OTA2041; Nine Quarter Program: OTA2020, OTA2041, OTA2060

Corequisite(s): Eight Quarter Program: OTA2051, OTA2059, OTA2060, OTA2080; Nine Quarter Program: OTA2051, OTA2059, OTA2080

The occupational therapy process will be explored in relation to populations of individuals in the community in various settings in all contexts throughout the lifespan. Focus will be on health literacy, wellness, prevention, maintenance and client advocacy as well as client/caregiver education and training. Home and community programming throughout the lifespan will also be addressed. *2 credit hours*

OTA2080 Professional Issues

Prerequisite(s): Eight Quarter Program: OTA2020, OTA2031, OTA2039, OTA2041; Nine Quarter Program: OTA2020, OTA2041, OTA2060
Corequisite(s): Eight Quarter Program: OTA2051, OTA2059, OTA2060, OTA2071; Nine Quarter Program: OTA2051, OTA2059, OTA2071

This course is designed to examine professional issues related to standards of practice and the code of ethics. Role delineation of the occupational therapist and occupational therapy assistant will be discussed as well as supervision requirements in fieldwork and in the professional field. Students will investigate professional issues, the role of agencies and associations that support and regulate occupational practice and advocacy roles of the occupational therapy assistant. Students will analyze issues and make decisions to resolve personal and organizational conflict in support of clinical practice. Student will use evidence based practice to support decisions made in collaboration with the OTR and other professionals. *2 credit hours*

OTA2380 Level II Fieldwork A

Prerequisite(s): Eight Quarter/Nine Quarter Programs: Completion of all didactic coursework in the Professional OTA Curriculum

Corequisite(s): Eight Quarter/Nine Quarter Programs: OTA2385

Level II Fieldwork A is a fulltime, eight-week fieldwork educational course for students to gain experience in an approved setting focused on helping individuals regain social, emotional, spiritual, occupational, intellectual and physical wellness. Students apply academic knowledge and skills to gain entry level competencies under the graded supervision of a licensed occupational therapist or occupational therapy assistant. 240 contact hours. Pass/Fail course. *8 credit hours*

OTA2385 Fieldwork Seminar A

Prerequisite(s): Eight Quarter/Nine Quarter Programs: Completion of all didactic coursework in the Professional OTA Curriculum

Corequisite(s): Eight Quarter/Nine Quarter Programs: OTA2380

This course assimilates and refines skills in clinical reasoning and clinical problem solving while supporting the use of evidence-based practice during Level II Fieldwork A. Based on real clinical scenarios, role delineation of the occupational therapist and occupational therapy assistant will be addressed as will ethics and confidentiality. *4 credit hours*

OTA2390 Level II Fieldwork B

Prerequisite(s): Eight Quarter/Nine Quarter Programs: Completion of all didactic coursework in the Professional OTA Curriculum

Corequisite(s): Eight Quarter/Nine Quarter Programs: OTA2395

Level II Fieldwork B is a fulltime, eight-week fieldwork educational course for students to gain experience in an approved setting focused on helping individuals regain social, emotional, spiritual, occupational, intellectual and physical wellness. Students are assigned to a setting offering diverse experiences from those gained in Level II Fieldwork A. Students apply academic knowledge and skills to gain entry level competencies under the graded supervision of a licensed occupational therapist or occupational therapy assistant. 240 contact hours. Pass/Fail. *8 credit hours*

OTA2395 Fieldwork Seminar B

Prerequisite(s): Eight Quarter/Nine Quarter Programs: Completion of all didactic coursework in the Professional OTA Curriculum

Corequisite(s): Eight Quarter/Nine Quarter Programs: OTA2390

Actual clinical problems, scenarios, and client cases will be used to assist the student in assimilating ethics, clinical information and knowledge related to skills in clinical reasoning and problem solving. Emphasis will also be placed on the use of evidence-based practice as it relates to the Level II Fieldwork experience. *4 credit hours*

Pharmacy

PHA3101 Biochemistry I

Prerequisite(s): None

Corequisite(s): None

This course is focused on fundamentals of Vitamins, enzymes, proteins, and nucleic acids as applied to biomedical sciences. This course will provide an understanding of the biochemical processes of these biomolecules and their clinical significance to the practice of pharmacy. *3 credit hours Quarter 1*

PHA3102 Biochemistry II

Prerequisite(s): None

Corequisite(s): None

This course is the second of a two course sequence and focuses on fundamentals of amino acids, nucleic acids, lipids, and enzymes as applied to medicine. This course will provide an understanding of the biochemical processes of these biomolecules and their clinical significance to the practice of pharmacy. *3 credit hours Quarter 2*

PHA3109 Microbiology/Immunology

Prerequisite(s): None

Corequisite(s): None

This course discusses bacterial, fungal, viral, and parasitic infections known to be pathogenic in humans in addition to the immune system's response to these foreign organisms. The processes of microbiology and immunology are foundational for treating infectious diseases in patients. *5 credit hours Quarter 3*

PHA3110 Molecular Biology

Prerequisite(s): None

Corequisite(s): None

The course will cover how the blueprints for cells and organisms are contained in the structure of molecules like DNA, RNA, and protein. Examples of minor structural changes in DNA (mutations) and their biochemical, pathological and health consequences are presented as well as how this information can be used in disease diagnosis and drug discovery. Disease states due to alterations in the proper function of DNA and RNA will be discussed throughout the course. Molecular mechanisms in place to maintain adequate cell number and control cell growth will also be covered. *3 credit hours Quarter 3*

PHA3113 Pathophysiology I

Prerequisite(s): None

Corequisite(s): None

This is the first of a two course sequence designed to explore the mechanisms of disease and tissue injury to organs and organ systems during selected pathophysiologic states with the goal of providing students with a rationale for drug therapy. Patient cases will be reviewed from a pharmacist's perspective. *5 credit hours Quarter 1*

PHA3114 Pathophysiology II

Prerequisite(s): None

Corequisite(s): None

This course is the second of a two course sequence designed to explore the mechanisms of disease and tissue injury to organs and organ systems during selected pathophysiologic states with the goal of providing students with a rationale for drug therapy. Patient cases will be reviewed from a pharmacist's perspective. *4 credit hours Quarter 2*

PHA3116 Pharmaceutics I

Prerequisite(s): None

Corequisite(s): None

The course will cover a historical perspective of the evolution of modern dosage forms, governing laws, basic fundamentals of physical pharmacy, pharmacokinetic principles, and topics pertinent to the design, production, and stability of drugs and dosage forms. Lectures will focus on the rationale for design, intended performance characteristics, and the proper use of dosage forms to optimize clinical outcomes. *4 credit hours Quarter 2*

PHA3117 Pharmaceutics II

Prerequisite(s): None

Corequisite(s): None

This course will cover the theoretical and practical topics involved in the design, production, stability and performance of dosage forms. The particular strengths and weaknesses of common dosage forms and their proper utilization will be emphasized. *2 credit hours Quarter 3*

PHA3118 Introduction to Medicinal Chemistry

Prerequisite(s): None

Corequisite(s): None

This course reinforces biochemistry with a review of drug chemistry and resultant biological events. Discussion focuses on biologically active compounds and cover base structures, parent compounds, metabolites, and structure modifications for altered therapeutic effects. *4 credit hours Quarter 1*

PHA3119 Professional Practice and Informatics

Prerequisite(s): None

Corequisite(s): None

This course introduces the knowledge, skills, attitudes, and abilities to prepare students for the profession of pharmacy. *2 credit hours Quarter 1*

PHA3124 Pharmacotherapy I

Prerequisite(s): None

Corequisite(s): None

This course is designed to provide didactic framework for the therapeutic management of numerous, common, self-limiting diseases that can be treated with nonprescription medications. Students will be assessed on their ability to make appropriate, rational recommendations to patients requesting assistance with self-care and nonprescription therapy. *2 credit hours Quarter 3*

PHA3127 Pharmaceutical Calculations

Prerequisite(s): None

Corequisite(s): None

This course introduces the mathematical processes and computations essential to the practice of pharmacy. Emphasis will be placed upon development of fundamental calculation skills necessary in subsequent curricular courses and in professional practice. *3 credit hours Quarter 1*

PHA3136 Integrated Pharmacy Skills Laboratory II

Prerequisite(s): None

Corequisite(s): None

Doctor of Pharmacy students are engaged in interactive laboratory sessions designed to provide a thorough understanding of pharmaceutical compounding, pharmaceutical science, and direct patient care. *2 credit hours Quarter 2*

PHA3137 Integrated Pharmacy Skills Laboratory III

Prerequisite(s): None

Corequisite(s): None

Doctor of Pharmacy students are engaged in interactive laboratory sessions designed to provide a thorough understanding of institutional pharmacy, pharmaceutical science, and direct patient care. *2 credit hours Quarter 3*

PHA3145 Integrated Pharmacy Skills Laboratory I

Prerequisite(s): None

Corequisite(s): None

In this course, Doctor of Pharmacy students will apply concepts and demonstrate pharmacy skills and techniques necessary for competent pharmacy practice. Students are expected to apply problem solving skills and critical thinking in independent and team-based settings. *1 credit hour Quarter 1*

PHA3150 Health Care Systems

Prerequisite(s): None

Corequisite(s): None

This course examines historical and current healthcare delivery in the United States. Discussion includes interprofessional collaborations within various practice settings as well as social, organizational, and financial aspects of providing patient care. *2 credit hours Quarter 2*

PHA3152 Communications

Prerequisite(s): None

Corequisite(s): None

This course is designed to teach effective communication strategies for use with patients, healthcare professionals, and other professional encounters. Students will learn to apply and integrate effective mode(s) of communication (verbal, nonverbal, written) and demonstrate that they have mastered effective communication skills. *2.5 credit hours Quarter 2*

PHA3162 Integrated Sequence I

Prerequisite(s): None

Corequisite(s): None

This course will explore the foundational principles of pharmacodynamics and biopharmaceutics. Students will apply the concepts of drug-receptor interactions, drug absorption, distribution, metabolism, elimination, and pharmacogenomics to predict drug activity/efficacy, drug interactions, and adverse effects for the rational treatment of disease as a pharmacist. *4 credit hours Quarter 3*

PHA4212 Pharmacokinetics I

Prerequisite(s): None

Corequisite(s): None

This course introduces the conceptual and mathematical expressions of Absorption, Distribution, Metabolism and Excretion processes. Students will derive pharmacokinetic parameters to calculate dosages by various routes of administration to achieve plasma drug concentrations within therapeutic range. *4 credit hours Quarter 4*

PHA4225 Pharmacotherapy II

Prerequisite(s): None

Corequisite(s): None

This course is designed to provide didactic framework for the therapeutic management of numerous, common, self-limiting diseases that can be treated with nonprescription medications. Students will be assessed on their ability to make appropriate, rational recommendations to patients requesting assistance with self-care and nonprescription therapy. *3 credit hours Quarter 4*

PHA4228 Pharmacokinetics II

Prerequisite(s): None

Corequisite(s): None

This course utilizes patient demographics, drug interactions, disease states and conditions (erratic absorption, organ dysfunction, obesity, pregnancy) in pharmacokinetic models to carry out patient-specific dosage calculations of drugs with a narrow therapeutic index in order to maximize efficacy and minimize toxicity. *3 credit hours Quarter 6*

PHA4236 Leadership and Advocacy

Prerequisite(s): None

Corequisite(s): None

This course exposes students to concepts of leadership skills and advocacy. *1 credit hour Quarter 6*

PHA4238 Integrated Pharmacy Skills Laboratory IV

Prerequisite(s): None

Corequisite(s): None

In this course, Doctor of Pharmacy students will apply concepts and demonstrate pharmacy skills and techniques necessary for competent pharmacy practice. Students are expected to apply problem solving skills and critical thinking in independent and team-based settings *1 credit hour Quarter 4*

PHA4241 Occupational and Environmental Toxicology - Elective

Prerequisite(s): None

Corequisite(s): None

This course is designed to complement Chemical and Drug Toxicology (PHA 4243) offered in Quarter 6; however, Chemical and Drug Toxicology (PHA 4243) is not a pre-requisite. Course material for Occupational and Environmental Toxicology (PHA 4241) is presented by students using a seminar format that is evaluated by faculty members with supplemental faculty and guest lecturers to cover certain specialty topics. Topics will provide an in-depth evaluation of toxic agents and organisms exposed to patients in an occupational and environmental setting and will include the biochemical, molecular, pathophysiologic, and clinical factors involved with these toxicities. Patient cases are included in lecture discussions in order for students to better understand application of information in clinical practice. Grading is based on the seminar presentation, weekly quizzes and a final exam; a provision is made for students to drop their lowest quiz grade. *3 credit hours*

PHA4243 Drug and Chemical Toxicology

Prerequisite(s): None

Corequisite(s): None

The course provides a study of the toxicity of natural agents and manufactured products. Discussions include review of biochemical, molecular, pathophysiologic, and clinical factors such as signs and symptoms of toxicity, management strategies and antidotes. *3 credit hours*

PHA4246 Cultural Competence for Healthcare Providers

Prerequisite(s): None

Corequisite(s): None

This course will be a blended format featuring in-class lectures, discussions, case studies and activities. Students will be exposed to patient and healthcare provider scenarios of different races, cultures and lifestyles, and will discuss the healthcare beliefs and habits generally attributed to the different groups. Students will explore the potential impact of cultural values, beliefs, and practices on patient care outcomes. Students will be given the skills to begin to develop a culturally competent practice. *3 credit hours*

PHA4247 Pharmaceutical Care for Patients with Diabetes - Elective

Prerequisite(s): At least 6th quarter standing in the PharmD program

Corequisite(s): None

This course will provide the student with a detailed review of diabetes pathophysiology and management including special emphasis on diet and pharmaceutical management. The course will give the student a foundation of knowledge to help practice medication therapy management for patients with diabetes. Students will also be given projects throughout the quarter that teach them empathy for the patient with diabetes (i.e. keeping food diaries, taking blood sugar, etc.) Upon successful completion of the course, the student will be awarded a certificate stating that they have completed APhA's Pharmaceutical Care for Patients with Diabetes course. *3 credit hours*

PHA4248 Immersive Lifestyle

Prerequisite(s): None

Corequisite(s): None

Critical role of the pharmacists as emerging health care providers is assisting make practical and sustainable life style modifications. Understanding barriers to healthy lifestyles is central to helping patients becomes successful in implementing change. Students will increase their knowledge regarding lifestyle medicine and motivational interviewing, and engage in physical activity. *3 credit hours*

PHA4249 Understanding Clinical Decision Making

Prerequisite(s): None

Corequisite(s): None

The intent of this course is to provide students with practical knowledge and insight into the rationale for the use of medications in clinical practice. Application of primary literature and guidelines in a clinical setting will be addressed. *3 credit hours*

PHA4254 Pharmacy Law/Ethics

Prerequisite(s): None

Corequisite(s): None

This course will include an introduction to the law and ethics of the practice of pharmacy. *2 credit hours Quarter 4*

PHA4264 Integrated Sequence II - Infectious Disease

Prerequisite(s): None

Corequisite(s): None

This course is designed to orient students to antimicrobial principles and pertinent disease -state management strategies through utilization of patient-specific and laboratory generated clinical parameters. Specifically, familiarization with the pharmacology, medicinal chemistry and therapeutic application of antibiotics, antivirals and antifungals will be stressed. *5 credit hours Quarter 4*

PHA4265 Integrated Sequence III - Inflammation

Prerequisite(s): None

Corequisite(s): None

Students will study the molecular basis and drug designs to combat inflammation. Patient Cases and the drug classes covered are: Nonsteroidal Anti-Inflammatory Drugs (NSAIDs), Disease-Modifying Anti-Rheumatic Drugs (DMARD), Opioid and Non-Opioid Analgesics, and Glucocorticoids, along with therapeutic approaches and patient care to Gout, Osteoarthritis and Rheumatoid Arthritis. *3 credit hours Quarter 4*

PHA4280 Community Professional Practice Experience

Prerequisite(s): None

Corequisite(s): None

The introductory community pharmacy practice rotation is designed to expose the student to a variety of patient care services in the community pharmacy practice site. The goal of the rotation is to teach the student to integrate basic pharmacy related concepts to patient care as an independent practitioner in an outpatient pharmacy setting. The primary focus should be on distributive functions but should include at an introductory level direct patient care (e.g., administration of immunizations, health-related screenings, self-care, medication therapy management services, and collaborative practice), pharmacy operations management, and personnel management. *8 credit hours Quarter 5*

PHA4281 Institutional Professional Practice Experience

Prerequisite(s): None

Corequisite(s): None

The introductory institution pharmacy practice rotation is designed to expose the student to the inpatient drug distribution facility of a hospital or other institutional health care setting. The goal of the rotation is to teach the student to integrate basic pharmacy related concepts to pharmacy practice in the inpatient setting and to provide a basic understanding of how distributive, clinical, and administrative aspects of pharmacy practice are intertwined. *8 credit hours Quarter 5*

PHA4301 Pharmacologic and Non-Pharmacologic Treatment of Obesity in Adult Patients - Elective

Prerequisite(s): At least Sixth quarter standing in the Doctor of Pharmacy program or permission of the instructor and the office of the dean

Corequisite(s): None

This course provides the student with a detailed review of the pharmacologic and non-pharmacologic treatment of obesity in adult patients. Pharmacologic treatments covered include the noradrenergic sympathomimetic agents and lipase inhibitors. Non-pharmacologic treatments covered include caloric restriction, exercise, and surgery. The biochemistry, metabolism, and hormonal control of proteins, carbohydrates, and lipids will be reviewed. Calculations of BMI, IBW, and caloric requirements will be emphasized for determining an appropriate weight loss plan.

Additionally, students are required to present on a weight-loss topic of their choice. Presentation topics may include investigational weight-loss agents, fad diets, dietary supplements, or herbal therapies. *3 credit hours*

PHA4302 Healthcare and Societal Skills for Geriatric Care - Elective

Prerequisite(s): At least Eighth quarter standing in the Doctor of Pharmacy program or permission of the instructor and the office of the dean

Corequisite(s): None

The format of the course will involve lectures from the course coordinators and lectures from faculty, residents, and guest speakers. Courteous, respectful and attentive behavior is required at all class meetings. It will also require students to participate in small group sessions that will be both traditional case based learning as well as non-traditional group exercises designed to grow emotional awareness surrounding patient care. This course is offered in the second and/or third year to provide students with a broad perspective on issues of end of life care. As students presently enrolled in South University School of Pharmacy will face the challenge of caring for the Baby Boomer generation as they advance into the later stages of life, it will be beneficial to have an understanding of the issues relative to this generation's care. It will be beneficial for Pharmacists to be emotionally sound and prepared to assist patients as they face end of life, the families who remain behind, and themselves as they come to accept this inevitable part of their practice. This course will give students insight into the importance of the pharmacist as a trusted and desired part of the elderly patient's care and aid students in developing identity as pharmacists and direct patient care providers. It will facilitate communication with other health care professionals through improved understanding of the special and specific needs of the elderly. The course will examine challenges facing families and the moral and ethical dilemmas found when caring for those who can't make their own decisions. *3 credit hours*

PHA4303 Quality Improvement and Patient Safety - Elective

Prerequisite(s): At least sixth quarter standing in the Doctor of Pharmacy program or permission of the instructor and the Office of the Dean

Corequisite(s): None

The purpose of this course is to provide students with the knowledge and skills to become change agents in the healthcare improvement process. Students gain experience with quality improvement, patient safety, teamwork, leadership, and patient-centered processes. This course includes online modules which offer 22.5 hours of continuing education to pharmacists, physicians and nurses. Additionally, recitations periods are incorporated to enhance student understanding of topics. *3 credit hours*

PHA4335 Clinical Epidemiology and Biostatistics

Prerequisite(s): None

Corequisite(s): None

The course will cover fundamental statistical theory, epidemiological research design, and sources of error. These concepts will be directly applied to the comprehension of clinical research articles. *3 credit hours Quarter 6*

PHA4367 Integrated Sequence IV - Autonomics

Prerequisite(s): None

Corequisite(s): None

This course is a continuum of Integrated Sequences I - III with an emphasis on the Autonomic Nervous System. The course is devoted to discussing the pharmacological treatment, dosing, and monitoring of autonomic nervous system therapeutic agents. The course will provide students with the information that they need to develop rational therapeutic recommendations to various healthcare providers and patients. *5 credit hours Quarter 6*

PHA4368 Integrated Sequence V - GI/Hepatic Therapeutics

Prerequisite(s): None

Corequisite(s): None

This course is designed to familiarize the student with the anatomy and physiology of the gastrointestinal tract and accessory organs. It is a continuum of the Integrated Sequence of Medicinal Chemistry, Pharmacology and Therapeutics with an emphasis on specific therapeutic classes and chemical subclasses of drugs, their relationships to drug structure and activity in regards to the dynamics of disposition, metabolism, and both primary and secondary receptor interactions. Students will learn how to formulate a complete therapeutic plan which includes identifying goals for therapy, choosing the appropriate medication and dose based on drug and patient variables, and developing suitable monitoring parameters. *3 credit hours Quarter 6*

PHA4371 Special Topics in Pharmaceutical Science - Elective

Prerequisite(s): None

Corequisite(s): None

This course consists of student-driven research. *3 credit hours*

PHA4372 Special Topics in Practice: Hormone Dependent Cancers

Prerequisite(s): None

Corequisite(s): None

This course is focused on the current understanding of etiology of hormone dependent malignancies with emphasis on prostate and breast cancers. Foundation topics such as cell cycle and cell cycle regulations, parameters that are used to describe compound activity as well as general characteristics of malignancies will be covered. The class will also discuss drug development in these diseases, issues of resistance to drugs and how the increased understanding of intratumoral hormone biosynthesis has led to development of new drugs. *3 credit hours Quarter 8*

PHA4373 Special Projects in Pharmaceutical Science - Elective

Prerequisite(s): None

Corequisite(s): None

This course consists of student-driven research. *3 credit hours*

PHA4374 Developing the Pharmacy Leader - Elective

Prerequisite(s): None

Corequisite(s): None

This course will provide the student with foundational concepts and skills in leadership and advocacy to prepare them for leadership roles as a student and as a pharmacist. Students will develop an understanding of the components that make leadership successful and their personal strengths as a leader. *3 credit hours*

PHA4421 Advanced Infectious Diseases Seminar - Elective

Prerequisite(s): At least 6th quarter standing in the Doctor of Pharmacy program or permission of the instructor and the Office of the Dean

Corequisite(s): None

This course is designed as an advanced seminar that builds upon the general topics presented in Integrated Sequence II - Infectious Disease (PHA4264). It is NOT a review of those concepts and will assume a level of mastery equivalent to at least a grade of "B" in that earlier course. Students who did not perform at a grade level of B or better in Integrated Sequence II - Infectious Disease will require and be expected to have completed extensive pre-study review (on their

own) PRIOR to the start of this seminar. Failure to do so will most likely result in a poor grade in this course. This course will also focus on areas not covered in Integrated Sequence II - Infectious Disease such as applied clinical microbiology, infection control, antimicrobial stewardship, travel medicine, principles of research and other areas. As a seminar, this course is predominately STUDENT LED and FACULTY FACILITATED. Students will be expected to deliver and lead seminar presentations, explain the latest infectious disease practice guidelines and orally defend their presentations to course faculty and guests. The advanced infectious disease seminar is designed for students contemplating a career within the infectious disease or critical care specialties and may provide a competitive advantage for students planning to enter post-graduate residency and fellowship training. This course will seek to enhance students' presentation, argument and defense skills as well as critical writing skills. The seminar will be largely student led and will be highly interactive - with grades being influenced by the degree of student preparation and participation. *3 credit hours*

PHA5001 General Pharmacology I

Prerequisite(s): Admission to the Master of Medical Science in Anesthesia Science

Corequisite(s): None

Pharmacology PHA 5001 is the first part of a two-part Pharmacology series that is designed to give a broad overview of basic and applied principles of pharmacology to health science professionals. The first block of PHA 5001 covers basic pharmacological principles with a particular emphasis on two key concepts in pharmacology: pharmacodynamics and pharmacokinetics. The second block of the course focuses on the drugs that target the sympathetic and parasympathetic divisions of the autonomic nervous system, whereas the third block of the course encompasses the drugs that selectively target the cardiovascular system. Classroom lectures will include general reviews on physiology and pathophysiology when appropriate. The material will be emphasized by reading assignments, homework, case studies, and classroom discussions. *4 credit hours*

PHA5002 General Pharmacology II

Prerequisite(s): PHA5001

Corequisite(s): None

Pharmacology PHA 5002 is the second part of a two-part Pharmacology series that is designed to give abroad overview of basic and applied principles of pharmacology to health science professionals. The first block of the course emphasizes local anesthetics, skeletal muscle relaxants, general anesthetics, antiemetics, drugs of abuse, opiates, drugs used to treat seizures, and sedative hypnotics. The second block of the course focuses on drugs used to treat anxiety, depression, mania, psychoses, neurodegenerative and movement disorders, and disorders of inflammation. The third block of the course encompasses the classes of drugs used to treat bacterial, fungal, and viral infections. Lectures will include general reviews on physiology and pathophysiology when appropriate. These materials will be emphasized by reading assignments, case studies, and classroom discussions *4 credit hours*

PHA5301 Research Study Development and Presentation - Elective

Prerequisite(s): Completion with passing grade in all core curriculum preceding the course

Corequisite(s): None

This course will be offered in the second year to give the students an introduction to various components of developing and presenting research studies. This course also allows the development and completion of activities that may be required in post graduate training or professional development within a future career. By completion of the course, a journal-worthy manuscript will have been written and a formal poster will have been printed and prepared for presentation at regional and/ or national professional conferences. Students will review approved secondary data sources for the purpose of developing a research topic, hypothesis, and design. Once a topic has been selected, a formal IRB application shall be drafted and submitted to the instructors for approval. The students will conduct the data analysis. Using the results a formal manuscript will be drafted in compliance with a selected journal's format. Additionally, a poster will be developed to enable design and presentation skills for a research project. Written

assignments and class activities will supplement class material and will assess the students' understanding of the course.
3 credit hours

PHA5302 Personal Finance for Pharmacists - Elective

Prerequisite(s): At least sixth quarter standing in the doctor of Pharmacy program or permission of the instructor and the office of the dean

Corequisite(s): None

This course is designed to use active-learning instruction, group discussion, exercises, and lectures to provide students with the knowledge and skill to manage their personal finances in an efficient manner. *3 credit hours*

PHA5303 Animal Venoms and Poisons - Elective

Prerequisite(s): At least sixth quarter standing in the Doctor of Pharmacy program or permission of the instructor and the Office of the Dean

Corequisite(s): None

The course will offer an in-depth study of venomous and poisonous animals including marine animals, terrestrial animals, invertebrates and vertebrates. Medicinal chemistry, biochemistry, and pathophysiology caused by animal toxins, as well as case-based pharmacotherapy options are discussed. Course material is presented primarily as faculty lectures, with student presentations also. Patient cases will be periodically discussed in class in order for students to better understand application of information in clinical practice. *3 credit hours*

PHA5304 Women's Health: Focus on Gynecology and Obstetrics - Elective

Prerequisite(s): At least eighth quarter standing in the doctor of Pharmacy program or permission of the instructor and the office of the dean

Corequisite(s): None

This course provides the student with a detailed review of the health issues that most commonly affect women with a focus on gynecology and obstetrics. Topics covered include menstruation related disorders, contraception, infertility, pregnancy, pregnancy induced complications, pharmacotherapy of labor and delivery, drugs in pregnancy and lactation, menopause, and female sexual dysfunction. Additionally, students are required to present on a women's health issue of their choice, which may cover gynecologic/obstetric related topics or general health issues commonly affecting women. Presentation topics may include post-partum depression, vaginal infections, cervical cancer prevention, breast cancer prevention, osteoporosis, recurrent UTIs, stress incontinence, aging, or rosacea. *3 credit hours*

PHA5305 Advanced Pharmacy Informatics: Clinical Application - Elective

Prerequisite(s): At least eighth quarter standing in the doctor of Pharmacy program or permission of the instructor and the office of the dean

Corequisite(s): None

This course provides the student with the basic tools and skills necessary to create, manipulate, and interpret information related to the clinical application of Pharmacy informatics. Students gain personal experience with utilizing medication safety, Pharmacy order entry, clinical surveillance, and clinical decision support software as well as Microsoft Office Excel and Access. This course includes both lectures and recitation periods to enhance student understanding of topics. *3 credit hours*

PHA5306 Seminars in Hematology and Oncology - Elective

Prerequisite(s): None

Corequisite(s): At least the ninth quarter in the Doctor of Pharmacy program and concomitantly enrolled in PHA5351 Integrated Sequence XI - Oncology/Hematology, or have permission of the instructor and the Office of the Dean

This course, via traditional didactic lectures, group discussion, and student presentations, will provide the student with unique perspective on the impact a pharmacist can have on the treatment of patients with cancer. This course will introduce students to disease states not covered in the Integrated Sequence Hematology/Oncology Series and will provide students with additional cases for understanding these difficult, yet intriguing disease states. Upon successful completion of this course, students will have gained a new understanding of the impact cancer has had and will continue to have on our society and will feel more confident assessing chemotherapy orders and associated supportive care medications. *3 credit hours*

PHA5307 A Practical Approach to Substance Abuse, Addiction and Recovery - Elective

Prerequisite(s): None

Corequisite(s): None

The intent of this course is to provide an overview of addictive disorders. Addiction principles, treatment programs, strategies for prevention, recovery principles, and legal issues surrounding substance abuse will be addressed. *3 credit hours*

PHA5308 Aromatherapy

Prerequisite(s): None

Corequisite(s): None

The course material covered in the Aromatherapy elective offers an in-depth study of topics such as the history and origin of aromatherapy, sources to obtain essential oils, databases and resources on essential oils, aromatherapy and their uses, and different delivery systems for use of essential oils. The chemical and clinical information of various essential oils are covered. Compounding of various aromatherapy dosage forms will be performed. Course material is presented primarily as faculty lectures with students compounding in the laboratory. Each student will perform a project whereby they visit local pharmacies or the natural products section of the pharmacy. Students will inquire about the education and training of the pharmacists on aromatherapy and complete a 1 page reflection on their findings. Patient cases will be discussed in class in order for students to better understand application of information in clinical practice. Grading is based on the pass/fail system. *3 credit hours*

PHA5329 Introduction to Long Term Care Pharmacy

Prerequisite(s): None

Corequisite(s): None

This course introduces the student to the career options of long term care and consultant pharmacy. Regulations concerning long term care facilities, including legal requirements and limitations for pharmacists and dispensing to patients in these facilities, will be addressed. Collaboration with other healthcare disciplines for patient care in residential facilities will be reviewed. Business models for consultant pharmacist services will be discussed. *3 credit hours*

PHA5331 Applied Pharmaceutical Care I

Prerequisite(s): None

Corequisite(s): None

This course challenges students to identify disease-state and medication related problems, develop patient care plans, and defend proposed recommendations. Students also develop physical assessment techniques to aid in evaluating disease-state status and drug therapy impact. *4 credit hours Quarter 8*

PHA5332 Applied Pharmaceutical Care II

Prerequisite(s): At least ninth quarter standing in the Doctor of Pharmacy program

Corequisite(s): None

This course engages students in a review of disease state management using the pharmacist patient care process. Additionally, collaboration, communication, and documentation are included as part of delivering patient-centered care.

3 credit hours Quarter 9

PHA5333 Drug Information, Literature Evaluation, Research Design and Methods

Prerequisite(s): None

Corequisite(s): None

This course engages students in drug information and literature retrieval, interpretation, and application to clinical practice including communication of findings to patients, healthcare professionals, and regulatory organizations. These skill sets assist pharmacists with conducting practice activities that promote optimal health outcomes while minimizing/avoiding adverse events. *3 credit hours Quarter 7*

PHA5343 Comprehensive Diabetes Management

Prerequisite(s): None

Corequisite(s): None

This course is a continuum of the diabetes portion of Endocrine Integrated Sequence delivered in Quarter 8. Students will review basics of diabetes pathophysiology, blood sugar/blood pressure/lipid/associated endocrine disorders goals, monitoring, and complications that arise from those with poorly controlled diabetes. This course will further prepare students to formulate a complete therapeutic plan in different types of patients with diabetes, which includes identifying goals for therapy, choosing the appropriate medication and dose based on drug and patient variables, and developing suitable monitoring parameters. In addition, students will become familiar with the side effects, contraindications, and drug interactions that are pertinent to individual drugs and drug classes. *3 credit hours*

PHA5345 Veterinary Pharmacy Elective

Prerequisite(s): None

Corequisite(s): None

The course material covered in Veterinary Pharmacy provides an overview of major medical conditions affecting common domestic animals (e.g., dogs, cats) and available treatment options. Emphasis is placed on the pharmacist's role in identifying suitable medications, both prescription and over-the-counter, based on the animal. Other topics covered in the course include unique pharmaceutical dosage forms and compounding preparations for animals. Course material is presented in a lecture format with projects and laboratory activities coinciding with lecture topics, giving students the opportunity to demonstrate their understanding. Grading is determined based on projects, laboratory activities, quizzes, and a final exam. *3 credit hours*

PHA5350 Health Economics and Outcomes Assessment

Prerequisite(s): None

Corequisite(s): None

This course will introduce pharmacoeconomic evaluation methods (e.g. cost-minimization, cost-utility, cost-benefit, and cost-effectiveness) as applied to pharmaceutical products and services. Quality of life and health outcomes research will also be explored from a pharmacist's perspective. *2 credit hours Quarter 9*

PHA5351 Integrated Sequence XI - Hematology/Oncology

Prerequisite(s): None

Corequisite(s): None

The Hematology/Oncology Integrated Sequence course incorporates the etiology and pathophysiology of major hematologic/oncologic conditions with evidence-based treatment, dosing, monitoring, and management of pharmacologic agents, and supportive care. This course provides a fundamental overview of therapeutic classes of drugs utilized in the hematology/oncology setting with a specific focus on therapeutic mechanisms of actions, ADME, pharmacodynamics, pharmacogenomics, and adverse effects. This course will provide students with information essential to developing rational hematology/oncology therapeutic recommendations to healthcare providers and patients. *3 credit hours Quarter 9*

PHA5352 Complementary and Preventive Medicine

Prerequisite(s): None

Corequisite(s): None

This course explores evidence-based integrative medicine by focusing on complementary and alternative therapies as part of disease-state management and prevention. *2 credit hours Quarter 9*

PHA5353 Pharmacy Practice Management

Prerequisite(s): None

Corequisite(s): None

This course is designed to introduce students to the essentials of pharmacy practice management. Human resource management principles and issues, accounting principles, and financial analytical techniques will be covered. Selected issues relevant to community and health-systems pharmacy will be covered through lectures and case studies. A major focus of the course is to understand and apply a variety of managerial principles and functions to directing, supervising, and developing pharmacy operations and services. *3 credit hours Quarter 7*

PHA5362 Medication Therapy Management

Prerequisite(s): None

Corequisite(s): None

The Medication Therapy Management (MTM) elective is intended to train student pharmacists to effectively employ all core elements of the MTM process. *3 credit hours*

PHA5369 Integrated Sequence VI - Cardiology

Prerequisite(s): None

Corequisite(s): None

This course is designed to familiarize the student with the anatomy and physiology of the cardiovascular system. It is a continuum of the Integrated Sequence of Medicinal Chemistry, Pharmacology and Therapeutics with an emphasis on specific therapeutic classes and chemical subclasses of drugs, their relationships to drug structure and activity in regards to the dynamics of disposition, metabolism, and both primary and secondary receptor interactions. Students will learn how to formulate a complete therapeutic plan which includes identifying goals for therapy, choosing the appropriate medication and dose based on drug and patient variables, and developing suitable monitoring parameters. *7 credit hours Quarter 7*

PHA5370 Integrated Sequence VII - Renal Therapeutics

Prerequisite(s): None

Corequisite(s): None

This course is a continuum of the Integrated Sequences. The focus is on the interrelationships to pathophysiology of renal diseases, and their clinical significance to therapeutic monitoring and decision making. Since there is overlap in medications used in both renal and cardiology systems, pharmacology and medicinal chemistry concepts covered in the Cardiology Integrated Sequence will be applied, but not specifically covered in this course. An emphasis on specific therapeutic classes and chemical subclasses of drugs, their relationships to drug structure and activity in regards to the dynamics of disposition, metabolism, and both primary and secondary receptor interactions is covered when it has not been addressed in the Cardiology Integrated Sequence. *3 credit hours Quarter 7*

PHA5371 Integrated Sequence VIII - Central Nervous System

Prerequisite(s): None

Corequisite(s): None

This course is a continuum of the Integrated Sequence modules with an emphasis on the central nervous system. The course is devoted to discussing specific therapeutic classes and chemical subclasses of drugs, their relationships to drug structure and activity with regard to the dynamics of disposition, metabolism, and both primary and secondary receptor interactions. The course will provide students with the information they need to develop rational therapeutic recommendations and discuss the clinical significant of therapeutic monitoring. *6 credit hours Quarter 8*

PHA5372 Integrated Sequence IX - Endocrine Therapeutics

Prerequisite(s): None

Corequisite(s): None

This course is designed to familiarize the student with the anatomy and physiology of the endocrine system. It is a continuum of the Integrated Sequence of Medicinal Chemistry, Pharmacology and Therapeutics with an emphasis on specific therapeutic classes and chemical subclasses of drugs, their relationships to drug structure and activity in regards to the dynamics of disposition, metabolism, and both primary and secondary receptor interactions. Students will learn how to formulate a complete therapeutic plan which includes identifying goals for therapy, choosing the appropriate medication and dose based on drug and patient variables, and developing suitable monitoring parameters. *4 credit hours Quarter 8*

PHA5373 Critical Care

Prerequisite(s): None

Corequisite(s): None

The mission of this course is to continue the Integrated Sequence curriculum with a focus on acute care topics presented from a therapeutics perspective. Emphasis is placed on the mechanisms of drug actions as related to the pathophysiology of diseases and their clinical significance for therapeutic monitoring. A large portion of the course will be devoted to discussing the clinical management of specialty patient populations. The course will provide students with the information that they need to develop rational therapeutic recommendations for various healthcare providers and patients. *4 credit hours Quarter 9*

PHA5375 Special Projects in Pharmaceutical Sciences - Coffee I - Elective

Prerequisite(s): None

Corequisite(s): None

This course provides the student the opportunity to experience and develop practical skills involved in identification, separation and quantitative determination of drugs and novel molecules of pharmaceutical interest. The course involves

the preparation of reagents, buffers and mobile phase which requires determination of pH, use of analytical balance, ultrasound degasification, vacuum ultra-filtration as well as handling, mounting, assembling, columns, guard columns, fitting tubes and all the accessories involved in the high performance liquid chromatography technique. The student will be trained to follow the 'good laboratory practice' (GMP), developing good analytical laboratory skills. Additionally, the student will be familiarized with the use of the appropriate software to set up and control the experiments as well as understand and be able to draw conclusions about the data collected and utilize that as a feedback to improve and optimize the method. Besides the practical aspect, the student will familiarize with the basic principles and the rationale underlying the research project which is on coffee and health. *3 credit hours*

PHA5376 Advanced Wound Care - Elective

Prerequisite(s): None

Corequisite(s): None

This course will train students to impact outcomes and change the quality of life for patients with chronic wounds. This course will provide alternate approaches to the standard of care that result in improved wound healing trajectories for the patients our students will serve. *3 credit hours*

PHA5378 Medical Spanish Communication - Elective

Prerequisite(s): None

Corequisite(s): None

This course is designed to offer an introduction to medical Spanish for pharmacy students. The students will gain basic communications skills necessary to conduct educate or counsel patients in Spanish. *3 credit hours*

PHA5379 Postgraduate Opportunities, Pharmacy Residencies - Elective

Prerequisite(s): None

Corequisite(s): None

This elective course offers a candid review of postgraduate opportunities with emphasis on residencies and post-graduate research training. Through faculty led topic discussions and the completion of assignments, students will learn the benefits of a pharmacy residency and post-graduate research training, the usual requirements, and the diversity of training environments. Students will also appreciate the necessary steps to find and secure a postgraduate year one (PGY1) residency or post-graduate research training. *1 credit hour*

PHA5381 Fundamentals of Neonatology - Elective

Prerequisite(s): None

Corequisite(s): None

This course is intended to develop an appreciation for the unique aspects of the neonatal patient. This course will cover interpretation of patient assessment, laboratory and radiographic information, therapeutic rationale and pharmacokinetics adjustments if warranted. *3 credit hours*

PHA5383 Advanced Pharmacotherapy in Primary Care - Elective

Prerequisite(s): At least ninth quarter standing in the Doctor of Pharmacy program

Corequisite(s): None

The purpose of this course, in the 9th quarter, is to increase students' knowledge of: 1) disease states common in the adult ambulatory care patient and 2) pharmacy practice in the acute care setting. The primary focus of each class session will be the physiological alterations associated with ambulatory and acute illnesses and the evidence-based rationale for various therapeutic maneuvers commonly utilized in these patients. The course will be a combination of group discussion, student presentation of cases, and independent study. It is the intention of the course coordinators to

initially assign patient cases in which students' support treatment of ambulatory or acute patient care disease states; then further transitioning the patient into an acute or ambulatory care state which will require students' to support a different treatment rationale. This is an elective course for students in the second year, which is designed to provide reinforcement of and exposure to ambulatory care and acute care topics beyond those presented in the required Integrated Sequence courses. *3 credit hours*

PHA5384 Special Project in Pharmaceutical Sciences

Prerequisite(s): None

Corequisite(s): None

This course provides the student the opportunity to experience and develop practical skills involved in identification, separation and quantitative determination of drugs and novel molecules of pharmaceutical interest. The course involves the preparation of reagents, buffers and mobile phase which requires determination of pH, use of analytical balance, ultrasound degasification, vacuum ultra-filtration as well as handling, mounting, assembling, columns, guard columns, fitting tubes and all the accessories involved in the high performance liquid chromatography technique. The student will be trained to follow the 'good laboratory practice' (GMP), developing good analytical laboratory skills. Additionally, the student will be familiarized with the use of the appropriate software to set up and control the experiments as well as understand and be able to draw conclusions about the data collected and utilize that as a feedback to improve and optimize the method. Besides the practical aspect, the student will familiarize with the basic principles and the rationale underlying the research project which is on coffee and health. *3 credit hours*

PHA5385 Special Projects in Pharmaceutical Sciences - Coffee III - Elective

Prerequisite(s): None

Corequisite(s): None

This course provides the student the opportunity to experience and develop practical skills involved in identification, separation and quantitative determination of drugs and novel molecules of pharmaceutical interest. The course involves the preparation of reagents, buffers and mobile phase which requires determination of pH, use of analytical balance, ultrasound degasification, vacuum ultra-filtration as well as handling, mounting, assembling, columns, guard columns, fitting tubes and all the accessories involved in the high performance liquid chromatography technique. The student will be trained to follow the 'good laboratory practice' (GMP), developing good analytical laboratory skills. Additionally, the student will be familiarized with the use of the appropriate software to set up and control the experiments as well as understand and be able to draw conclusions about the data collected and utilize that as a feedback to improve and optimize the method. Besides the practical aspect, the student will familiarize with the basic principles and the rationale underlying the research project which is on coffee and health. *3 credit hours*

PHA5390 Strategies for Enhancing Professional Communication – Elective

Prerequisite(s): None

Corequisite(s): None

This elective course is designed to enhance students' command of both the written and oral vernacular. Special emphasis shall be placed on honing students' abilities to accurately distill then convey complex scientific and health-related material to a variety of audiences. Successful completion of this course shall endow students with a newfound confidence in their communications abilities, with direct benefits for their patients, students, and community healthcare partners. *3 credit hours*

PHA6339 Grand Rounds

Prerequisite(s): None

Corequisite(s): None

A administrative / management / academic non-patient care rotation gives the doctor of pharmacy student an opportunity to acquire first-hand experience in the managerial, administrative, and alternative aspects of pharmacy practice. The experience focuses on the application of management principles in a professional practice setting. The administrative experience can be done at a variety of sites including hospitals, independent and chain community pharmacies, health maintenance organizations, managed care programs, third-party programs, colleges of pharmacy, and manufacturers. To accommodate the needs of the student and best use the resources of the site, the content of the rotation is flexible. It is recognized that each site has its own unique strengths to share with students. At the beginning of the experience, the preceptor and student should jointly select objectives from the attached "menu" below, keeping in mind other practical goals or objectives may also be pursued. It is recommended that approximately four objectives be selected, with about one week devoted to each and allowing for ad hoc experiences to occur. *1 credit hour Quarter 10, 11, 12*

PHA6500 Essential Knowledge of Practice Review I

Prerequisite(s): None

Corequisite(s): Advanced Pharmacy Practice Experience Courses

This course is the first part of a three course sequence and will consist of a self-paced guided review of relevant material covered during the didactic portion of the curriculum in order to assist them in a comprehensive preparation for the North American Pharmacy Licensure Exam (NAPLEX). Students will review assigned video lectures in alignment with topics presented in the text book based on a pre-set schedule. *3 credit hours Quarter 10*

PHA6501 Essential Knowledge of Practice Review II

Prerequisite(s): None

Corequisite(s): Advanced Pharmacy Practice Courses

This course is the second part of a three course sequence and will consist of a self-paced guided review of relevant material covered during the didactic portion of the curriculum in order to assist them in a comprehensive preparation for the North American Pharmacy Licensure Exam (NAPLEX). Students will review assigned video lectures in alignment with topics presented in the text book based on a pre-set schedule. *3 credit hours Quarter 10, 11, 12*

PHA6502 Essential Knowledge of Practice Review III

Prerequisite(s): None

Corequisite(s): Advanced Pharmacy Practice Experience Courses

This course is the third part of a three course sequence and will consist of a self-paced guided review of relevant material covered during the didactic portion of the curriculum in order to assist them in a comprehensive preparation for the North American Pharmacy Licensure Exam (NAPLEX). Students will review assigned video lectures in alignment with topics presented in the text book based on a pre-set schedule. *3 credit hours Quarter 10, 11, 12*

PHA6503 Essential Knowledge of Practice Review I

Prerequisite(s): None

Corequisite(s): PHA6525, PHA6526, PHA6527, PHA6528, PHA6529, PHA6530, PHA6531, PHA6532, PHA6533, PHA6534, PHA6535, and PHA6536

This course is the first part of a three course sequence and will consist of a self-paced guided review of relevant material covered during the didactic portion of the curriculum in order to assist students in a comprehensive preparation

for the North American Pharmacy Licensure Exam (NAPLEX). Students will review assigned video lectures in alignment with topics presented in the textbook based on a pre-set schedule. *3 credit hours Quarter 10*

PHA6504 Essential Knowledge of Practice Review II

Prerequisite(s): None

Corequisite(s): PHA6525, PHA6526, PHA6527, PHA6528, PHA6529, PHA6530, PHA6531, PHA6532, PHA6533, PHA6534, PHA6535, and PHA6536

This course is the second part of a three course sequence and will consist of a self-paced guided review of relevant material covered during the didactic portion of the curriculum in order to assist students in a comprehensive preparation for the North American Pharmacy Licensure Exam (NAPLEX). Students will review assigned video lectures in alignment with topics presented in the textbook based on a pre-set schedule. *3 credit hours Quarter 11*

PHA6505 Essential Knowledge of Practice Review III

Prerequisite(s): None

Corequisite(s): PHA6525, PHA6526, PHA6527, PHA6528, PHA6529, PHA6530, PHA6531, PHA6532, PHA6533, PHA6534, PHA6535, and PHA6536

This course is the third part of a three course sequence and will consist of a self-paced guided review of relevant material covered during the didactic portion of the curriculum in order to assist students in a comprehensive preparation for the North American Pharmacy Licensure Exam (NAPLEX). Students will review assigned video lectures in alignment with topics presented in the textbook based on a pre-set schedule. *3 credit hours Quarter 12*

PHA6525 APPE I: Advanced Community Rotation

Prerequisite(s): None

Corequisite(s): None

Advanced community pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the outpatient setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory community pharmacy experiences through greater emphasis on direct patient care (e.g., administration of immunizations, health-related screenings, self-care, medication therapy management services, and collaborative practice), pharmacy operations management, and personnel management while still participating in patient counseling and distributive functions.(minimum 200 contact hours). *8 credit hours Quarter 10, 11, 12*

PHA6526 APPE II: Ambulatory Care Rotation

Prerequisite(s): None

Corequisite(s): None

Ambulatory care experiences provide evidence-based, patient-centered collaborative care in the outpatient setting to meet the medication management needs of patients in the treatment of chronic disease. These pharmacists promote health and wellness, disease prevention and education, and medication management of chronic illnesses such as diabetes, hypertension, coronary artery disease / dyslipidemia, asthma / chronic obstructive pulmonary disease, and heart failure. Other chronic diseases encountered by the ambulatory care pharmacist may include chronic kidney disease, chronic infectious diseases, and other chronic diseases responsive to infusion therapy that do not require hospitalization. Pharmacist delivered ambulatory care occurs in institutional health system-based clinics, community-based clinics, government-funded clinics, and managed care organizations as well as the community pharmacy setting where comparable care is provided. (minimum 200 contact hours). *8 credit hours Quarter 10, 11, 12*

PHA6527 APPE III: Inpatient General Medicine Rotation

Prerequisite(s): None

Corequisite(s): None

General medicine (acute care) experiences provide comprehensive, evidence-based, individualized, patient-centered care to adult inpatients typically located on a general medicine floor. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and practice as an integrated member of the inter-professional health care team. Typical patients present with the following medical problems: cardiac, pulmonary, renal, hepatic, neurologic, gastrointestinal, endocrine and infectious diseases. The experience incorporates all elements of care from medication reconciliation, medication therapy recommendations and monitoring, discharge counseling, and transitions of care. (minimum 200 contact hours). *8 credit hours Quarter 10, 11, 12*

PHA6528 APPE IV: Advanced Institutional Rotation

Prerequisite(s): None

Corequisite(s): None

Advanced institutional pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the institutional health-system setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory institutional pharmacy experiences through greater emphasis on broad-based operational duties, regulatory compliance, medication procurement, and formulary and personnel management while still participating in distributive functions (e.g. sterile and non-sterile compounding, dispensing technologies). *8 credit hours Quarter 10, 11, 12*

PHA6529 APPE V: Elective - Institutional Care Rotation I

Prerequisite(s): None

Corequisite(s): None

Advanced institutional pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the institutional health-system setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory institutional pharmacy experiences through greater emphasis on broad-based operational duties, regulatory compliance, medication procurement, and formulary and personnel management while still participating in distributive functions (e.g. sterile and non-sterile compounding, dispensing technologies). Minimum of 200 contact hours. *8 credit hours Quarter 10, 11, 12*

PHA6530 APPE VI: Elective - Institutional Care Rotation II

Prerequisite(s): None

Corequisite(s): None

Advanced institutional pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the institutional health-system setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory institutional pharmacy experiences through greater emphasis on broad-based operational duties, regulatory compliance, medication procurement, and formulary and personnel management while still participating in distributive functions (e.g. sterile and non-sterile compounding, dispensing technologies). Minimum of 200 contact hours. *8 credit hours Quarter 10, 11, 12*

PHA6531 APPE VII: Elective - Institutional Care Rotation III

Prerequisite(s): None

Corequisite(s): None

Advanced institutional pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the institutional health-system setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory institutional pharmacy experiences through greater emphasis on broad-based operational duties, regulatory compliance, medication procurement, and formulary and personnel management while still participating in distributive functions (e.g. sterile and non-sterile compounding, dispensing technologies). Minimum of 200 contact hours. *8 credit hours Quarter 10, 11, 12*

PHA6532 APPE VIII: Elective - Community Care Rotation I

Prerequisite(s): None

Corequisite(s): None

Advanced community pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the outpatient setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory community pharmacy experiences through greater emphasis on direct patient care (e.g., administration of immunizations, health-related screenings, self-care, medication therapy management services, and collaborative practice), pharmacy operations management, and personnel management while still participating in patient counseling and distributive functions. Minimum of 200 contact hours. *8 credit hours Quarter 10, 11, 12*

PHA6533 APPE IX: Elective - Community Care Rotation II

Prerequisite(s): None

Corequisite(s): None

Advanced community pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the outpatient setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory community pharmacy experiences through greater emphasis on direct patient care (e.g., administration of immunizations, health-related screenings, self-care, medication therapy management services, and collaborative practice), pharmacy operations management, and personnel management while still participating in patient counseling and distributive functions. Minimum of 200 contact hours. *8 credit hours Quarter 10, 11, 12*

PHA6534 APPE X: Elective - Community Care Rotation III

Prerequisite(s): None

Corequisite(s): None

Advanced community pharmacy experiences provide comprehensive, evidence-based, individualized, patient-centered care to a diverse population in the outpatient setting. Pharmacists are expected to be accountable for the patient's drug therapy outcomes and work collaboratively with other healthcare professionals. This experience is distinguished from introductory community pharmacy experiences through greater emphasis on direct patient care (e.g., administration of immunizations, health-related screenings, self-care, medication therapy management services, and collaborative practice), pharmacy operations management, and personnel management while still participating in patient counseling and distributive functions. Minimum of 200 contact hours. *8 credit hours Quarter 10, 11, 12*

PHA6535 APPE XI: Elective - Non-Patient Care Rotation

Prerequisite(s): None

Corequisite(s): None

An administrative / management / academic non-patient care rotation gives the doctor of pharmacy student an opportunity to acquire first-hand experience in the managerial, administrative, and alternative aspects of pharmacy practice. The experience focuses on the application of management principles in a professional practice setting. The administrative experience can be done at a variety of sites including hospitals, independent and chain community pharmacies, health maintenance organizations, managed care programs, third-party programs, colleges of pharmacy, and manufacturers. To accommodate the needs of the student and best use the resources of the site, the content of the rotation is flexible. It is recognized that each site has its own unique strengths to share with students. At the beginning of the experience, the preceptor and student should jointly select objectives from the attached "menu" below, keeping in mind other practical goals or objectives may also be pursued. It is recommended that approximately four objectives be selected, with about one week devoted to each and allowing for ad hoc experiences to occur. Minimum of 200 contact hours. *8 credit hours Quarter 10, 11, 12*

PHA6536 APPE XII: Elective - Administrative Rotation

Prerequisite(s): None

Corequisite(s): None

An administrative / management / academic non-patient care rotation gives the doctor of pharmacy student an opportunity to acquire first-hand experience in the managerial, administrative, and alternative aspects of pharmacy practice. The experience focuses on the application of management principles in a professional practice setting. The administrative experience can be done at a variety of sites including hospitals, independent and chain community pharmacies, health maintenance organizations, managed care programs, third-party programs, colleges of pharmacy, and manufacturers. To accommodate the needs of the student and best use the resources of the site, the content of the rotation is flexible. It is recognized that each site has its own unique strengths to share with students. At the beginning of the experience, the preceptor and student should jointly select objectives from the attached "menu" below, keeping in mind other practical goals or objectives may also be pursued. It is recommended that approximately four objectives be selected, with about one week devoted to each and allowing for ad hoc experiences to occur. (Minimum 200 contact hours). *8 credit hours Quarter 10, 11, 12*

Philosophy

PHI2301 Introduction to Philosophy

Prerequisite(s): ENG1200 or ENG1300

Corequisite(s): ENG1200 or ENG1300

This course introduces students to philosophical thinking. Students will confront fundamental questions of self and identity, of freedom and determinism, of belief and truth, and of ethics and morality. Critical thinking activities will challenge students to incorporate philosophy into their personal and professional lives by applying the questions of philosophy to themselves and their world. *4 credit hours*

Physical Therapist Assistant

PTA1001 Introduction to Physical Therapist Assistant

Prerequisite(s): Eight / Nine Quarter Programs: Satisfactory completion of all required general education courses. (Eight Quarter Program: This course can also be taken in the quarter prior to the technical phase.)

Corequisite(s): Eight Quarter Program: PTA1003, PTA1005, PTA1006; Nine Quarter Program: PTA1003, PTA1005
This course introduces the student to ethical conduct, standards of practice, the role and responsibilities of a physical therapist assistant, the history of physical therapy and the American Physical Therapy Association (APTA), documentation, problem-oriented medical records, and patient-therapist communication. Students may take this course in the last quarter of general education courses. *4 credit hours*

PTA1003 Pathophysiology

Prerequisite(s): Eight Quarter/Nine Quarter Programs: Satisfactory completion of all required general education courses

Corequisite(s): Eight Quarter Program: PTA1001 (co-requisite or prerequisite), PTA1005, PTA1006; Nine Quarter Program: PTA1001, PTA1005

Pathophysiology is an introductory study of disease processes in humans. Disease signs, symptoms, complications, as well as physical, clinical, and laboratory findings are reviewed by body system. Emphasis is placed on those conditions which will be seen by physical therapists or which, if present, will have an impact on the physical therapy care of patients. Treatment, medication, prognosis, precautions, and ramifications for physical therapy are also presented. *4 credit hours*

PTA1005 Kinesiology

Prerequisite(s): Eight Quarter/Nine Quarter Programs: Satisfactory completion of all required general education courses

Corequisite(s): Eight Quarter Program: PTA1001 (corequisite or prerequisite), PTA1003, PTA1006; Nine Quarter Program: PTA1001, PTA1003

This course covers the scope of the biomechanically appropriate movement of the body parts with regard to muscle action, neuromuscular innervations, neuromuscular function and dysfunction related to abnormal postures and motion. *6 credit hours*

PTA1006 Testing and Measurement for the Physical Therapist Assistant

Prerequisite(s): Eight Quarter Program: Satisfactory completion of all required general education courses; Nine Quarter Program: PTA1001, PTA1003, PTA1005

Corequisite(s): Eight Quarter Program: PTA1001 (co-requisite or prerequisite), PTA1003, PTA1005; Nine Quarter Program: PTA2000

This course prepares the student to assess accurately and objectively the parameters of strength, motion, muscle length, mass, dimensions, response to exercise, and functional abilities evaluated by the physical therapist in order to determine progress toward therapist established goals of treatment. The understanding of the use of these measures to document progress and to guide the treatment program will be developed. *6 credit hours*

PTA1008 Modalities

Prerequisite(s): Nine Quarter Program: PTA1006, PTA2000

Corequisite(s): Nine Quarter Program: PTA2021

This course addresses the techniques and effects of physical agents such as thermal, ultrasound, biofeedback, diathermy, compression, traction, hydrotherapy, and electrical stimulation as treatment and/or facilitator. *6 credit hours*

PTA2000 Habilitation/Rehabilitation

Prerequisite(s): Eight Quarter Program: PTA1001, PTA1003, PTA1005, PTA1006; Nine Quarter Program: PTA1001, PTA1003, PTA1005

Corequisite(s): Eight Quarter Program: PTA2024, PTA2047; Nine Quarter Program: PTA1006

This course allows the student to apply aspects of pathophysiology, body structure and function, and activity as it applies to basic physical therapy procedures utilized to safely guide the patient to maximum independence in activities of daily living (ADLs) and mobility. The student will learn and apply basic principles of body mechanics and the application of these to safe patient handling. The student will learn to assess needs and instruct in ADL techniques, as well as to fit and instruct patients in the safe use of assistive and orthotic devices. Instruction in wound care, in lower extremity amputations and prosthetics, in wheelchair management, in architectural barriers, and in pulmonary care is provided. Intervention techniques pertinent to the above topics are taught and practiced to develop the fundamentals of patient care. *6 credit hours*

PTA2021 Therapeutic Exercise and Orthopedic Applications

Prerequisite(s): Eight Quarter Program: PTA2000, PTA2047; Nine Quarter Program: PTA1006, PTA2000

Corequisite(s): Eight Quarter Program: PTA2046, PTA2050; Nine Quarter Program: PTA1008

PTA2021 studies the use of exercise techniques to impact the musculoskeletal system to increase strength, normalize range of motion, improve balance and coordination in the performance of movement, correct postural dysfunction, and promote wellness. Students will also study measurement techniques appropriate to exercise programs. *6 credit hours*

PTA2024 Therapeutic Interventions I

Prerequisite(s): PTA1001, PTA1003, PTA1005, PTA1006

Corequisite(s): PTA2000, PTA2047

This course presents the biophysical principles, physiological effects, and clinical application of physical agents, including thermal agents, electrical currents and electromagnetic agents, and mechanical agents. Foundational concepts in therapeutic exercise are introduced, including interventions to promote health and wellness, prevent injuries, and improve movement and function. Special considerations for older individuals, the cardiovascular system, and the lymphatic system are also addressed. *6 credit hours*

PTA2025 Therapeutic Interventions II

Prerequisite(s): PTA2000, PTA2024, PTA2047

Corequisite(s): PTA2046, PTA2050

This course expands on the concepts and techniques presented in Therapeutic Interventions I to address the management of cardiopulmonary and musculoskeletal conditions through advanced application of physical agents, manual techniques, therapeutic exercise, and functional training. Clinical problem-solving and decision-making in the implementation and modification of physical therapy interventions is emphasized. *6 credit hours*

PTA2046 Advanced Habilitation/Rehabilitation

Prerequisite(s): Eight Quarter Program: PTA2000, PTA2047; Nine Quarter Program: PTA1008, PTA2021

Corequisite(s): Eight Quarter Program: PTA2025, PTA2050; Nine Quarter Program: PTA2050, PTA2057

This course introduces the student to the theory and practice of advanced rehabilitation techniques for the complex and multiply diagnosed individual. Emphasis is on the patient with neurological dysfunction, as well as those with special rehabilitation needs due to mental and cognitive disorders. *6 credit hours*

PTA2047 Essentials of Clinical Care

Prerequisite(s): PTA1001, PTA1003, PTA1005, PTA1006

Corequisite(s): PTA2000, PTA2024

Students will integrate didactic and laboratory learning by demonstrating selected clinical competencies under the direct supervision of a physical therapist or physical therapist assistant. Competencies will focus on safety, professional clinical behaviors, and practice of clinical skills. This course includes unpaid clinical externship hours. *2 credit hours*

PTA2048 Clinical Externship I

Prerequisite(s): PTA2025, PTA2046, PTA2047

Corequisite(s): PTA2049

This is a 240-hour unpaid clinical externship through which students perform and validate their professional competencies under the direct supervision of a license physical therapist or physical therapist assistant. Pass/Fail. *8 credit hours*

PTA2049 Current Rehabilitation Issues

Prerequisite(s): PTA2025, PTA2046, PTA2050

Corequisite(s): PTA2048

This is a lecture discussion course consisting of presentations designed to acquaint the student with the latest practice techniques and venues used in the care of patients requiring physical therapy intervention. Presentations will be made by local clinicians as well as by students, based on an independent study conducted during the full-time clinical rotation, PTA2048. *4 credit hours*

PTA2050 Professional Seminar

Prerequisite(s): Eight Quarter Program: PTA2000, PTA2024, PTA2047; Nine Quarter Program: PTA1008, PTA2021

Corequisite(s): Eight Quarter Program: PTA2025, PTA2046; Nine Quarter Program: PTA2046, PTA2057

This course expands on evidence-based practice and teaches foundational principles for independent, lifelong learning. Students will also apply knowledge and skills from previous coursework to prepare for work as physical therapist assistants in a variety of settings. Emphasis is placed on ethical conduct, practice regulation, community service and effective communication skills. *4 credit hours*

PTA2057 Physical Therapy through the Lifespan

Prerequisite(s): PTA1008, PTA2021

Corequisite(s): PTA2046, PTA2050

This course focuses on a review of pathologies that could require physical therapy intervention in clients through the life span. The course will include discussion of diagnoses and associated physical therapy interventions for the neonate, child, and adolescent; physical therapy interventions for women's health issues including pregnancy; the effect of aging on multiple systems; and end of life care. It is meant as a final preparatory course before the student goes out into the clinic. *2 credit hours*

PTA2058 Clinical Externship I

Prerequisite(s): PTA2046, PTA2050, PTA2057

Corequisite(s): PTA2059

This is a 280-hour unpaid clinical externship through which students perform and validate their professional competencies under the direct supervision of a license physical therapist or physical therapist assistant. Pass/Fail. *9 credit hours*

PTA2059 Current Rehabilitation Issues

Prerequisite(s): PTA2046, PTA2050, PTA2057

Corequisite(s): PTA2058

This course promotes student integration of knowledge and skills from previous coursework and the first clinical experience. Students gain foundations in career readiness and lifelong learning, while investigating the role of the physical therapist assistant in specialty areas of physical therapy and working with diverse patient populations. Students will perform therapeutic interventions in wound care, lymphedema management, and vestibular rehabilitation. *3 credit hours*

PTA2099 Clinical Externship II

Prerequisite(s): Eight Quarter Program: PTA2048, PTA2049; Nine Quarter Program: PTA2058, PTA2059

Corequisite(s): Eight/Nine Quarter Programs: None

This is a 360-hour unpaid clinical externship through which students perform and validate their professional competencies under the direct supervision of a licensed physical therapist or physical therapist assistant. Pass/Fail. *12 credit hours*

Physician Assistant

PAS5100 Physical Diagnosis I

Prerequisite(s): Admission to the PA Program

Corequisite(s): PAS5200 Physical Diagnosis I Lab

Diagnostic skills build critical thinking and decision-making competencies to assess patients across the life span. Students learn patient communication skills, techniques of interviewing, and physical diagnostic techniques to complete the comprehensive physical examination of the relevant regions and systems of the body. Through discussion and case-based analysis, students master the skills required to complete a comprehensive physical examination. A separate laboratory course (PAS 5200) provides students with the opportunity to demonstrate the skills needed to perform a complete physical examination of the body systems covered in this course. *3 credit hours*

PAS5102 Medical Interviewing and Documentation

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to introduce students to the art of medical communication. This encompasses the skills of medical interviewing and other forms of communication with patients, their families, and their caregivers. Students will learn the components of a complete medical history. In addition, they will learn interviewing skills that will allow them to efficiently elicit a patient history in an accurate and empathetic manner. Students will be exposed to and begin to develop skills in oral case presentations. Students will also learn how to properly document medical interviews and other patient encounters. *3 credit hours*

PAS5105 Epidemiology and Biostatistics

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course provides a broad overview to familiarize Physician Assistant students with the basic concepts of public health and preventative medicine. Epidemiological concepts include the distribution, prevalence, causation, mode of transmission, dissemination, control, and preventative countermeasures of infectious and non-communicable diseases; and environmental occupational, behavioral, and chronic disabling conditions. Students are introduced to approaches to evaluate the validity of research data and the content of articles that appear in the medical literature *3 credit hours*

PAS5115 Physical Diagnosis II

Prerequisite(s): Admission to the PA Program

Corequisite(s): PAS5215 Physical Diagnosis Lab II

Diagnostic skills build critical thinking and decision-making competencies to assess patients across the life span. Students continue learning patient communication skills, techniques of interviewing, and physical diagnostic techniques to complete the comprehensive physical examination of the relevant regions and systems of the body. Through discussion and case-based analysis, students further master the skills required to complete a comprehensive physical examination. A separate laboratory course (PAS 5215) allows the student an opportunity to demonstrate the skills needed to perform a complete physical examination of the body systems covered in this course. *3 credit hours*

PAS5124 Essentials of Behavioral Medicine

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course will examine the most significant power of a health care provider to act as a behavioral change agent and a catalyst for patients to modify a variety of self-injurious life styles or habits. A health care provider, such as a PA, has the capacity to assist patients to make such changes not only through technologic expertise, but in his/her ability to educate patients in daily healthy living. Through the use of lecture on the principles of behavioral science, this course explores how a PA may appropriately assess normal and abnormal human behavior including common psychiatric disorders. It will also provide a knowledge base for the different treatment regimens that are utilized to treat psychiatric disorders. *3 credit hours*

PAS5125 Medical Anatomy and Physiology I

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

Medical Anatomy and Physiology I is the first course of a two quarter sequence in which the student will build upon information learned in the basic anatomy and physiology prerequisite courses. General review of all anatomic and physiologic concepts and systems will be undertaken. Class sessions will focus on an in-depth look at human anatomy and physiology with an emphasis on cellular and sub-cellular mechanisms of normal function. Introductory information will be provided as to clinical application of anatomic and physiologic variations from normal and the means by which these variations can contribute to disease. A clinical application lab will correspond to the lecture course. *4 credit hours*

PAS5126 Medical Anatomy and Physiology II

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

Medical Anatomy and Physiology II is the second course of a two quarter sequence in which the student will build upon information learned in the basic anatomy and physiology prerequisite courses. General review of all anatomic and physiologic concepts and systems will be undertaken. Class sessions will focus on an in-depth look at human anatomy and physiology with an emphasis on cellular and sub-cellular mechanisms of normal function. Introductory information

will be provided as to clinical application of anatomic and physiologic variations from normal and the means by which these variations can contribute to disease. A clinical application lab will correspond to the lecture course. *4 credit hours*

PAS5130 Diagnostic Methods

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to provide a comprehensive overview of basic diagnostic methods. The course provides a comprehensive overview of electrocardiography with a focus on recognition of abnormalities, emphasizing the electrical system of the heart enabling the student to identify normal/abnormal wave shape of 12-lead EKGs using a systematic approach to ECG analysis. The course also explores the characteristics of the hexaxial system, wave shape distortion, and patterns of aberrant conduction. The second component of the course focuses on radiologic imaging designed to assist Physician Assistant students to understand, appropriately select, and correctly interpret the many imaging modalities and techniques currently available for examination of patients. *4 credit hours*

PAS5132 Essentials of Clinical Geriatrics

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course demonstrates new changes in clinical geriatric medicine and the ways in which care for the elderly is being organized. Instruction provides the Physician Assistant student, as a future healthcare practitioner, an excellent understanding of the expanding area of geriatrics and prepares the Physician Assistant student to appropriately evaluate, diagnose, monitor, treat, counsel, and refer elderly patients. Students are given formal instruction on process of death and dying. The interpretation and evaluation of medical literature is also emphasized. *4 credit hours*

PAS5135 Laboratory Diagnostics

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The analytical procedures discussed in this course reflect the most recent or commonly performed techniques in the clinical laboratory. Clinical chemistry principles, ordering and interpretation of diagnostics tests, procedures, and correlations are discussed to provide information for appropriate clinical intervention. Emphasis will be placed on clinical reasoning, critical thinking and formulation of a final diagnosis. *3 credit hours*

PAS5138 Fundamentals of Surgery

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course is designed to provide the physician assistant with an early introduction to the evaluation and management of various surgical conditions. Students will initially focus on pre/postoperative evaluation, wound care, assessment and management of trauma patients, and fluid and blood replacement. In the second portion, a systematic approach to surgical diseases, conditions and procedures is used. The course will also reinforce knowledge and instruction on knot tying, suturing and surgical instrumentation. *4 credit hours*

PAS5143 Special Populations in Primary Care I

Prerequisite(s): Admission to the PA program

Corequisite(s): None

Managing medical diseases and disorders across the lifespan with attention to the diverse population allows students to apply the medical knowledge gained in the classroom. Pediatric, geriatric, disability status, gender identity, and social determinants of health are factors attributed to patient compliance and outcomes. Through discussion, analysis, and

case-based scenarios, students evaluate differing beliefs, values, and expectations in health care policy and patient advocacy which affect communication and decision-making. *3 credit hours*

PAS5144 Special Populations in Primary Care II

Prerequisite(s): Admission to the PA program

Corequisite(s): None

Managing medical diseases and disorders across the lifespan with attention to the diverse population allows students to apply the medical knowledge gained in the classroom. Pediatric, geriatric, disability status, gender identity, and social determinants of health are factors attributed to patient compliance and outcomes including substance use disorders. Through discussion, analysis, and case-based scenarios, students continue to evaluate differing beliefs, values, and expectations which affect patient education, counseling, and decision-making. *4 credit hours*

PAS5147 Clinical Procedures

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to provide students fundamental concepts and skills required to perform common clinical procedures based on current practice standards. Students will receive knowledge of key indications, contraindications, risks, and benefits of basic procedural skills often performed in various practice settings. A basic review of the appropriate anatomy and physiology will be included. The laboratory environment will provide students an opportunity to perform and practice these procedures. *2 credit hours*

PAS5160 Public Health and Evidence Based Medicine

Prerequisite(s): Admission to the PA Program

Corequisite(s): None

Public health and disease surveillance are integral in preventative medical care incorporating evidence-based medicine. Students research population health concepts derived from the medical literature as they relate to the treatment of their patients. Through research, analysis, and discussion, students incorporate evidence-based medicine into preventative care management of patients. *4 credit hours*

PAS5173 Professional Seminar I

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course presents an introduction/overview of the Physician Assistant (PA) profession. Emphasis is placed upon the inception, history, and evolution of the PA profession throughout the fields of medicine and surgery; PA relationships with the supervising physician, the patient; responsibilities including the concepts of privilege, confidentiality and informed consent. This course will also explore a broad spectrum of patient types which the physician assistant will be providing care for in practice. Age, culture, language, lifestyle, and religion all have considerable impact on how patients access and respond to health care services. In addition, the physician assistant student's own background and beliefs will form the basis of their attitudes and behaviors. Pass/Fail *2 credit hours*

PAS5174 Professional Seminar II

Prerequisite(s): Admission to the Physician Assistant Program, PAS5173

Corequisite(s): None

This is the second seminar in a series of two which addresses a variety of topics in physician assistant professional development. The course also prepares the student for clinical rotations to include licensure, hospital credentials, liability, malpractice, safety, and building an individual portfolio. The course also prepares the student for clinical

rotations to include licensure, hospital credentials, liability, malpractice, safety, and building an individual portfolio. This is a pass/fail course. *3 credit hours*

PAS5180 Clinical Medicine and Pharmacotherapeutics I

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course is the first in a four-course sequence. The course is designed to teach students clinical medicine in an integrated and multidisciplinary approach. The course is primarily lecture based. Students are provided an intensive study of medical diseases and disorders across the lifespan in the system-based areas common to primary care practices including epidemiology, etiology, clinical manifestations, development of differential diagnoses, progression, therapeutic management, diagnostics, prevention, prognosis, and patient education. These sessions include an in-depth discussion of the pharmacology and use of various pharmacologic agents used in the management of disease. An understanding of the mechanism of actions, adverse reactions, drug/drug interactions and toxicology of the various pharmacologic agents are emphasized. *8 credit hours*

PAS5181 Clinical Medicine and Pharmacotherapeutics II

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course is the second course in a four-course sequence. The course is designed to teach students clinical medicine in an integrated and multidisciplinary approach. The course is primarily lecture based. Students are provided an intensive study of medical diseases and disorders across the lifespan in the system-based areas common to primary care practices including epidemiology, etiology, clinical manifestations, development of differential diagnoses, progression, therapeutic management, diagnostics, prevention, prognosis, and patient education. These sessions include an in-depth discussion of the pharmacology and use of various pharmacologic agents used in the management of disease. An understanding of the mechanism of actions, adverse reactions, drug/drug interactions and toxicology of the various pharmacologic agents are emphasized. *8 credit hours*

PAS5182 Clinical Medicine and Pharmacotherapeutics III

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course is the third course in a four-course sequence. The course is designed to teach students clinical medicine in an integrated and multidisciplinary approach. The course is primarily lecture based. Students are provided an intensive study of medical diseases and disorders across the lifespan in the system-based areas common to primary care practices including epidemiology, etiology, clinical manifestations, development of differential diagnoses, progression, therapeutic management, diagnostics, prevention, prognosis, and patient education. These sessions include an in-depth discussion of the pharmacology and use of various pharmacologic agents used in the management of disease. An understanding of the mechanism of actions, adverse reactions, drug/drug interactions and toxicology of the various pharmacologic agents are emphasized. *8 credit hours*

PAS5183 Clinical Medicine and Pharmacotherapeutics IV

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course is the final course in a four-course sequence. The course is designed to teach students clinical medicine in an integrated and multidisciplinary approach. The course is primarily lecture based. An understanding of the mechanism of actions adverse reactions, drug/drug interactions and toxicology of the various pharmacologic agents is emphasized. Students are provided an intensive study of medical diseases and disorders across the lifespan in the system-based areas common to primary care practices including epidemiology, etiology, clinical manifestations, development of differential diagnoses, progression, therapeutic management, diagnostics, prevention, prognosis, and

patient education. These sessions include an in-depth discussion of the pharmacology and use of various pharmacologic agents used in the management of disease. An understanding of the mechanism of actions, adverse reactions, drug/drug interactions and toxicology of the various pharmacologic agents are emphasized. *8 credit hours*

PAS5190 Essentials of Emergency Medicine

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

This course explores various types of medical and surgical conditions that present to a modern day emergency department and prepares the Physician Assistant student to evaluate, treat, and monitor such conditions. The increased use by patients of emergency departments for ambulatory and primary care is discussed, and students are provided mechanisms to evaluate resources that are needed and available to provide appropriate ambulatory, emergency, and tertiary care services in a hospital setting. A generalist approach to providing emergency care along with injury prevention is explored. *4 credit hours*

PAS5200 Physical Diagnosis Lab I

Prerequisite(s): Admission to the PA Program.

Corequisite(s): PAS5100 Physical Diagnosis I

Diagnostic skills build critical thinking and decision-making competencies to assess patients across the life span. Students demonstrate techniques of interviewing, physical diagnosis, and documentation to complete the comprehensive physical examination of the relevant regions and systems of the body. Through group practice, students master techniques necessary to complete a comprehensive physical examination. *1 credit hour*

PAS5215 Physical Diagnosis Lab II

Prerequisite(s): Admission to the PA Program.

Corequisite(s): PAS5115 Physical Diagnosis II

Diagnostic skills build critical thinking and decision-making competencies to assess patients across the life span. Students demonstrate techniques of interviewing, physical diagnosis, and documentation to complete the comprehensive physical examination of the relevant regions and systems of the body. Through group practice, students further master techniques necessary to complete a comprehensive physical examination. *1 credit hour*

PAS5225 Medical Anatomy and Physiology I Lab

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

Medical Anatomy and Physiology I Lab is the first course of a two quarter sequence in which the student will build upon information gained in the Medical Anatomy and Physiology lecture. General review of all anatomic and physiologic concepts will be undertaken. Lab sessions will focus on an in-depth look at human anatomy and physiology with an emphasis on the specific body systems and aspects of normal function. Introductory information will be provided for clinical application of anatomic and physiologic variations from normal and the means by which these variations can contribute to disease. This clinical lab application will correspond to the lecture course. *1 credit hour*

PAS5226 Medical Anatomy and Physiology II Lab

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

Medical Anatomy and Physiology II Lab is the second course of a two quarter sequence in which the student will build upon information gained in the Medical Anatomy and Physiology lecture. General review of all anatomic and physiologic concepts will be undertaken. Lab sessions will focus on an in-depth look at human anatomy and physiology

with an emphasis on the specific body systems and aspects of normal function. Introductory information will be provided for clinical application of anatomic and physiologic variations from normal and the means by which these variations can contribute to disease. This clinical lab application will correspond to the lecture course. *1 credit hour*

PAS5295 Applied Learning Experience I

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to provide students an opportunity to observe and participate in clinical experiences in a variety of community clinical sites, develop appropriate interpersonal skills in a medical setting and develop an understanding of the PA's role as a member of a healthcare team. Students will put into practice: initial interviewing and history taking skills and documentation skills learned during PAS5102 Medical Interviewing and Documentation, PAS5100 Physical Diagnosis I. This course is pass/fail. *1 credit hour*

PAS5296 Applied Learning Experience II

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to continue building students fundamental concepts in the physician assistant/patient relationship, skills needed to conduct complete medical histories and physical examination of patients of all ages, and methodologies commonly used to communicate medical information. Students will receive a more in depth experience in performing complete histories and physical examination by Learners will develop appropriate interpersonal skills in a medical setting and continue to develop an understanding of the PA's role as a member of the healthcare team. An added focus of this course will be to explore issues and current guidelines and recommendations for preventative medicine practices. Included in these lectures will be reviews of guidelines for vaccinations and immunizations across the life span. Guidelines for annual physical examinations by age group with recommendations for laboratory and diagnostic screening and evaluations. Pass/Fail *2 credit hours*

PAS5297 Applied Learning Experience III

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to provide students an opportunity to observe and participate in clinical experiences in a variety of community clinical sites, develop appropriate interpersonal skills in a medical setting and develop an understanding of the PA's role as a member of a healthcare team. Students will put into practice: initial interviewing and history taking skills and documentation skills learned during PAS5102 Medical Interviewing and Documentation, PAS 5110 Physical Assessment. Pass/Fail *1 credit hour*

PAS5298 Applied Learning Experience IV

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to provide students an opportunity to observe and participate in clinical experiences and procedures in a variety of settings as in their preceding ALE courses. The locations include multiple clinical office and hospital settings, as well as long-term care facilities. Students should continue to develop additional clinical knowledge and skills, cultivate interpersonal skills, and acquire further understanding of the Physician Assistant's role as a member of a healthcare team. These sites are assigned to coincide with didactic courses conducted during this quarter. The students will increasingly develop their patient interview and physical examination skills. The students complete a journal of one or more patient care experiences and specifics of their particular specialty clinical experience. This is a pass/fail course. *1 credit hour*

PAS5365 Surgery and Procedures I

Prerequisite(s): Admission to the PA Program

Corequisite(s): None

Surgical and clinical procedural competencies are essential for PA practice. Students examine the indications and risks associated with clinical procedures performed in various practice settings. Through lectures and labs, students focus on clinical and technical skills. *4 credit hours*

PAS5366 Surgery and Procedures II

Prerequisite(s): Admission to the PA Program.

Corequisite(s): None

Surgical and clinical procedural competencies are essential for PA practice. Students examine the indications and risks associated with clinical procedures performed in various practice settings. Through lectures and labs, students continue to apply clinical and technical skills. *2 credit hours*

PAS5370 Medical Ethics

Prerequisite(s): Admission to the PA Program.

Corequisite(s): None

The integration of law and ethics within the practice of medicine impacts patient management. Students will examine their professional responsibility, duty to treat, and patient advocacy through ethical problem-solving skills. Through discussion, analysis, and case-based scenarios, students will examine dilemmas faced by those in clinical practice. *2 credit hours*

PAS5382 Clinical Medicine and Pharmacotherapeutics III Lab

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

Small groups are specifically useful for developing higher order cognitive skills such as evaluation, problem solving, interpretation of complex concepts, and application of principles and basic information to practical problems. The small group is coordinated with the Clinical Medicine and Pharmacotherapeutics 3 lecture course in order to coordinate the skills learned in the classroom as well as to incorporate OSCE cases related to the classroom discussion. Pass/Fail *1 credit hour*

PAS5383 Clinical Medicine and Pharmacotherapeutics IV Lab

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

As a supplement to the lecture sequences, students will meet weekly for case based laboratories. These will be small group labs, facilitated by faculty group facilitators. The facilitator will have students work through case studies that correspond to current lecture sequences. The students will be given introductory information and must elicit the necessary information from a facilitator to lead to the formulation of an appropriate differential diagnosis, diagnosis and management plan. This lab will require that students incorporate patient history, physical assessment, scientific concepts, and diagnostic studies to ultimately come to a logical differential diagnosis and final diagnosis. Students will then be required to utilize their knowledge of clinical therapeutics and diseases to develop a rational plan of management. Medical decision making and logic will be a key focus in lab sessions. Pass/Fail *1 credit hour*

PAS5480 Clinical Medicine and Pharmacotherapeutics I Lab

Prerequisite(s): Admission to the PA Program.

Corequisite(s): PAS5180 Clinical Medicine and Pharmacotherapeutics I

The application of clinical medicine through clinical and technical skills, clinical reasoning and problem-solving abilities, interpersonal skills, and professional behaviors required for PA practice. Managing medical diseases and disorders across the lifespan in a systems-based approach allows students to apply the didactic knowledge gained in the classroom. Through small group instruction, students rotate through patient evaluation and management skills stations, clinical case scenarios, simulation and debriefing culminating in an Objective Structured Clinical Examination (OSCE) skills assessment in the laboratory. *1 credit hour*

PAS5481 Clinical Medicine and Pharmacotherapeutics II Lab

Prerequisite(s): Admission to the PA Program.

Corequisite(s): PAS5181 Clinical Medicine and Pharmacotherapeutics II

The application of clinical medicine through clinical and technical skills, clinical reasoning and problem-solving abilities, interpersonal skills, and professional behaviors required for PA practice. Managing medical diseases and disorders across the lifespan in a systems-based approach allows students to apply the didactic knowledge gained in the classroom. Through small group instruction, students continue to rotate through patient evaluation and management skills stations, clinical case scenarios, simulation and debriefing culminating in an Objective Structured Clinical Examination (OSCE) skills assessment in the laboratory. *1 credit hour*

PAS5482 Clinical Medicine and Pharmacotherapeutics III Lab

Prerequisite(s): Admission to the PA Program.

Corequisite(s): PAS5182 Clinical Medicine and Pharmacotherapeutics III

The application of clinical medicine through clinical and technical skills, clinical reasoning and problem-solving abilities, interpersonal skills, and professional behaviors are required for PA practice. Managing medical diseases and disorders across the lifespan in a systems-based approach allows students to apply the didactic knowledge gained in the classroom. Through small group instruction, students continue to rotate through patient evaluation and management skills stations, clinical case scenarios, simulation and debriefing culminating in an Objective Structured Clinical Examination (OSCE) skills assessment in the laboratory. *1 credit hour*

PAS5483 Clinical Medicine and Pharmacotherapeutics IV Lab

Prerequisite(s): Admission to the PA Program.

Corequisite(s): PAS5183 Clinical Medicine and Pharmacotherapeutics IV

The application of clinical medicine through clinical and technical skills, clinical reasoning and problem-solving abilities, interpersonal skills, and professional behaviors are required for PA practice. Managing medical diseases and disorders across the lifespan in a systems-based approach allows students to apply the didactic knowledge gained in the classroom. Through small group instruction, students continue to rotate through patient evaluation and management skills stations, clinical case scenarios, simulation and debriefing culminating in an Objective Structured Clinical Examination (OSCE) skills assessment in the laboratory. *1 credit hour*

PAS5499 Independent Study I

Prerequisite(s): Admission to the PA Program.

Corequisite(s): None

Permits students to enroll for review under the direction of a faculty member and area of emphasis in medicine in which the student is having difficulty. *8 credit hours*

PAS5599 Independent Study II

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

Permits students to enroll for review under the direction of a faculty member and area of emphasis in medicine in which the student is having difficulty. *8 credit hours*

PAS6152 Medical Literature in Clinical Practice

Prerequisite(s): Admission to the Physician Assistant Program

Corequisite(s): None

The purpose of this course is to teach students how to access and interpret medical literature. As life-long learners, Physician Assistants must be able to locate, understand, and apply concepts derived from the medical literature as they relate to the treatment of their patients. This course will focus on an evidence-based medicine approach to interpreting the medical literature. The University librarian will also teach students to search medical databases to efficiently locate appropriate material. The course will use definitions and concepts taught in the PAS5105 Epidemiology and Biostatistics course. *1 credit hour*

PAS6200 Clinical Rotation I

Prerequisite(s): Successful completion of the didactic phase of the Physician Assistant Program

Corequisite(s): None

Clinical Rotations I-VIII are designed to provide the student with supervised clinical practice experiences (SCPEs) that will reinforce knowledge gained in the didactic year while allowing the student to refine clinical and technical skills through clinical reasoning and problem-solving integration. The clinical experience also allows the student to begin assimilating into the professional role of the Physician Assistant (PA) while developing a working relationship with other members of the interprofessional healthcare team. The course is designed to give the student the opportunity to achieve the learning outcomes and clinical competencies in the syllabus under the supervision of a clinical preceptor. This rotation may be conducted in one of the required disciplines (i.e. Emergency Medicine, Internal Medicine, Family Medicine, Women's Health, Pediatrics, General Surgery, or Behavioral Medicine) or other various disciplines as a Clinical Elective. Based upon the assigned medical discipline, students will participate in the care of patients across the lifespan (e.g. infants, children, adolescents, adults, and/or elderly), through a variety of different encounters (e.g. acute, chronic, emergent, and/or preventative), and in various clinical settings (e.g. outpatient, inpatient, operating room, and/or emergency department). *8 credit hours*

PAS6205 Clinical Rotation II

Prerequisite(s): Successful completion of the didactic phase of the Physician Assistant Program

Corequisite(s): None

Clinical Rotations I-VIII are designed to provide the student with supervised clinical practice experiences (SCPEs) that will reinforce knowledge gained in the didactic year while allowing the student to refine clinical and technical skills through clinical reasoning and problem-solving integration. The clinical experience also allows the student to begin assimilating into the professional role of the Physician Assistant (PA) while developing a working relationship with other members of the interprofessional healthcare team. The course is designed to give the student the opportunity to achieve the learning outcomes and clinical competencies in the syllabus under the supervision of a clinical preceptor. This rotation may be conducted in one of the required disciplines (i.e. Emergency Medicine, Internal Medicine, Family Medicine, Women's Health, Pediatrics, General Surgery, or Behavioral Medicine) or other various disciplines as a Clinical Elective. Based upon the assigned medical discipline, students will participate in the care of patients across the lifespan (e.g. infants, children, adolescents, adults, and/or elderly), through a variety of different encounters (e.g. acute, chronic, emergent, and/or preventative), and in various clinical settings (e.g. outpatient, inpatient, operating room, and/or emergency department). *8 credit hours*

PAS6210 Clinical Rotation III

Prerequisite(s): Successful completion of the didactic phase of the Physician Assistant Program

Corequisite(s): None

Clinical Rotations I-VIII are designed to provide the student with supervised clinical practice experiences (SCPEs) that will reinforce knowledge gained in the didactic year while allowing the student to refine clinical and technical skills through clinical reasoning and problem-solving integration. The clinical experience also allows the student to begin assimilating into the professional role of the Physician Assistant (PA) while developing a working relationship with other members of the interprofessional healthcare team. PAS6235 Clinical Rotation VIII

Prerequisite(s): Successful completion of the didactic phase of the Physician Assistant Program

Corequisite(s): None

Clinical Rotations I-VIII are designed to provide the student with supervised clinical practice experiences (SCPEs) that will reinforce knowledge gained in the didactic year while allowing the student to refine clinical and technical skills through clinical reasoning and problem-solving integration. The clinical experience also allows the student to begin assimilating into the professional role of the Physician Assistant (PA) while developing a working relationship with other members of the interprofessional healthcare team. The course is designed to give the student the opportunity to achieve the learning outcomes and clinical competencies in the syllabus under the supervision of a clinical preceptor. This rotation may be conducted in one of the required disciplines (i.e. Emergency Medicine, Internal Medicine, Family Medicine, Women's Health, Pediatrics, General Surgery, or Behavioral Medicine) or other various disciplines as a Clinical Elective. Based upon the assigned medical discipline, students will participate in the care of patients across the lifespan (e.g. infants, children, adolescents, adults, and/or elderly), through a variety of different encounters (e.g. acute, chronic, emergent, and/or preventative), and in various clinical settings (e.g. outpatient, inpatient, operating room, and/or emergency department). *8 credit hours*

PAS6320 Special Topics in Clinical Practice I

Prerequisite(s): Successful completion of the didactic phase of the Physician Assistant Program

Corequisite(s): None

This is the first course in a three-course sequence designed to increase and enhance student learning during the clinical phase of the Physician Assistant Program. The course is designed to provide instruction on areas of clinical practice essential for the PA student to develop clinical skills and allows for formative and/or summative assessments of clinical competencies. While some professional topics are a regular part of the course on an annual basis, other clinical topics are inserted or removed as the knowledge and skills needs of each cohort are determined through various assessments. on areas of clinical practice essential for the PA student to develop clinical skills and allows for formative and/or summative assessments of clinical competencies. Other clinical topics are inserted or removed as the knowledge and skills needs of each cohort are determined through various assessments. This is a pass/fail course. *2 credit hours*

PAS6330 Special Topics in Clinical Practice II

Prerequisite(s): Successful completion of the didactic phase of the Physician Assistant Program

Corequisite(s): None

This is the second course in a three-course sequence designed to increase and enhance student learning during the clinical phase of the Physician Assistant Program. The course is designed to provide instruction on areas of clinical practice essential for the PA student to develop clinical skills and allows for formative and/or summative assessments of clinical competencies. While some professional topics are a regular part of the course on an annual basis, other clinical topics are inserted or removed as the knowledge and skills needs of each cohort are determined through various assessments. on areas of clinical practice essential for the PA student to develop clinical skills and allows for formative and/or summative assessments of clinical competencies. Other clinical topics are inserted or removed as the knowledge and skills needs of each cohort are determined through various assessments. This is a pass/fail course. *2 credit hours*

PAS6340 Special Topics in Clinical Practice III

Prerequisite(s): Successful completion of didactic phase of Physician Assistant Program

Corequisite(s): None

This is the final course in a three-course sequence designed to increase and enhance student learning during the clinical phase of the Physician Assistant Program. The course is designed to provide instruction on areas of clinical practice essential for the PA student to develop clinical skills and allows for formative and/or summative assessments of clinical competencies. While some professional topics are a regular part of the course on an annual basis, other clinical topics are inserted or removed as the knowledge and skills needs of each cohort are determined through various assessments. on areas of clinical practice essential for the PA student to develop competent clinical skills and allows for formative and/or summative assessments of clinical competencies. Other clinical topics are inserted or removed as the knowledge and skills needs of each cohort are determined through various assessments. This is a pass/fail course. *2 credit hours*

PAS6350 Physician Assistant Senior Seminar

Prerequisite(s): Admissions into the PA program.

Corequisite(s): None

This course is designed to be a capstone course in the physician assistant curriculum. It is designed to review competency and evaluate knowledge and skills deemed essential for successful completion of the program and entry into the PA profession. The course includes an extensive didactic review of medical topics in a system-based approach. Evaluations are conducted to assess each student's knowledge, interpersonal skills, patient care skills, critical thinking, problem solving, and professionalism. This is a pass/fail course. *4 credit hours*

Physics

PHY1020 Survey of General Physics

Prerequisite(s): MAT1001

Corequisite(s): None

This course serves a broad introduction to physics concepts, focusing on applying these concepts to real-world objects and processes. Themes to be explored will include the nature of physics, the atomic description of nature, the motion of objects, conservation of energy and momentum, principles of thermodynamics, electricity and magnetism, properties of light, and radiation. *4 credit hours*

Politics

POL1150 Contemporary Issues

Prerequisite(s): ENG1100

Corequisite(s): None

The course explores a series of public policy topics ranging from the economy, defense and security, individual rights, health care, immigration, energy and the environment. Students will develop critical thinking skills and gain an in-depth understanding of the historical background of selected policy topics. Students will develop the skills necessary for viewing and grasping policy topics from multiple perspectives, learn how to evaluate, synthesize, and debate policy issues, and become civically engaged and informed citizens. *4 credit hours*

POL2076 American Government

Prerequisite(s): ENG1200 or ENG1300

Corequisite(s): ENG1200 or ENG1300

This course introduces students to the American Government. By examining the struggle for power-the participants, the stakes, the processes, and the institutional arenas -- this course introduces the students to the political struggles that drive democracy. *4 credit hours*

Professional Development

UVC1000 Strategies for Success

Prerequisite(s): None

Corequisite(s): None

Designed to help entering students develop a more effective approach to college success, this course emphasizes positive self-evaluation, goal-setting and motivation; practical skills of successful students; effective use of the library and the many sources of information available; and the concepts and tools of critical thinking, and their applications. *4 credit hours*

UVC4000 Career Exploration Seminar

Prerequisite(s): None

Corequisite(s): Taken within 3 quarters (campus-based) or 9 classes from Graduation (South University, Online Programs)

Designed to help pending graduates develop an effective approach to the job search, this course emphasizes the understanding of industry expectations and job trends, assessing and developing skills for the work place, developing a

professional portfolio with cover letters and resumes, projecting professionalism, and the practical applications of networking, self-promotion, successful interviewing, salary negotiations, and overcoming rejection. *4 credit hours*

Project Management

PMC6601 Foundations of Project Management

Prerequisite(s): MBA5009; Master of Science in Nursing and Doctor of Nursing Practice students: None

Corequisite(s): None

This course introduces students to the challenges associated with projects in the business arena. The course introduces the terms and conceptual framework for Project Management as detailed in the ANSI Standard Guide to the Project Management Body of Knowledge (PMBOK Guide). The course focuses on the processes of project integration management including initiating projects, project planning, executing project plans, controlling and monitoring project work, and closing the project. The course reviews the nine knowledge areas in the PMBOK Guide as foundation for subsequent courses in the specialization. Students also analyze how project management disciplines such as leadership, ethics, strategic management, operations management, and human resources management utilize project management processes. The student is introduced to project management software that will be used throughout the specialization. *4 credit hours*

Psychology

PSY1001 General Psychology

Prerequisite(s): None

Corequisite(s): None

An introduction and overview of the major principles in the field of Psychology including: mental disorders, personality, social understanding, stress and coping, learning, memory, neuroscience, and consciousness. Students will also gain a broad understanding of how these areas are interconnected from a theoretical and practical worldview in addition to scientific modes of thought about behavior. This course contains a component of the Quality Enhancement Plan (QEP) initiative, "Keeping it Real: Classroom to Career," whose overarching goals are student success and early career engagement. *4 credit hours*

PSY2007 Statistics for Behavioral Sciences

Prerequisite(s): PSY1001 and MAT2058 with grades of "C" or better

Corequisite(s): PSY2008

An investigation of the methodological principles regarding behavioral science research, descriptive and inferential techniques, and the process of using these techniques for psychological experimentation and data analysis. *4 credit hours*

PSY2008 Statistics for Behavioral Sciences Lab

Prerequisite(s): PSY1001 and MAT2058 with grades of "C" or better

Corequisite(s): PSY2007

An understanding of the statistical principles associated with the study of behavioral science research through application and computerized data analysis (i.e., Minitab). *2 credit hours*

PSY2010 Abnormal Psychology

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): None

A survey of psychological disorders, contrasting theoretical views and representative research investigating these disorders. A concentration on classification, etiology, diagnosis, and treatment of mental disorders. *4 credit hours*

PSY2022 Human Growth and Development

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): None

In Human Growth and Development, students will learn the normal developmental stages of the human life cycle. The stages of human development will be examined within the context of the biological, psychological, sociological, intellectual and emotional processes. Relevant cross-cultural comparisons are used to illustrate the unity and diversity of human life. *4 credit hours*

PSY2050 History and Systems

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): None

A survey of the major and modern theories in psychology through an examination of historical controversies. An understanding of the roots of psychology in natural and social sciences. A consideration of the diversity of psychological study and the future of psychology. *4 credit hours*

PSY2060 Research Methods

Prerequisite(s): PSY2007 with a grade of "C" or better

Corequisite(s): PSY2061

Research design and methodology. An analysis of the approaches to developing, understanding, and interpreting psychological phenomena. Topics include experimental vs. non-experimental research such as survey, observation, case study, and archival data. An understanding of reliability, validity, and experimental control issues. *4 credit hours*

PSY2061 Research Methods Lab

Prerequisite(s): PSY2008 with a grade of "C" or better

Corequisite(s): PSY2060

An understanding of the methodological principles associated with behavioral science research through an application of the theoretical, conceptual, and practical principles. *2 credit hours*

PSY3001 Cognitive Psychology

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): PSY3002

Historical and current perspectives regarding the examination of human attention, language, vision, memory, and other forms of information processing (e.g., decision-making). *4 credit hours*

PSY3002 Cognitive Psychology Lab

Prerequisite(s): PSY2061 with a grade of "C" or better

Corequisite(s): PSY3001

The design, operation, analysis, and write-up of experiments which focus on human cognition (e.g., attention, memory and information processing). *2 credit hours*

PSY3010 Social Psychology

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): PSY3011

The study of intrapersonal and interpersonal processes such as conformity, social perception, attribution theory, altruism, aggression, prejudice, persuasion, group dynamics, self-concept and self-esteem. *4 credit hours*

PSY3011 Social Psychology Lab

Prerequisite(s): PSY2061 with a grade of "C" or better

Corequisite(s): PSY3010

An understanding of the methodological principles associated with research in social psychology. The application of psychosocial processes such as learning, attitudes, and social behaviors. *2 credit hours*

PSY3200 Biological Psychology

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): None

A study of the biological mechanisms of behavior in psychology. Topics include the development of the brain, brain-behavior relationships, hormones and sexual behavior, the biology of learning, memory, and mental disorders. Emphasis will be placed on human findings and applications *4 credit hours*

PSY3300 Personality

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): None

The major theoretical perspectives of personality development, structure, dynamics, assessment, and psychological adjustment. Additional topics include consideration of biological and environmental indices of personality. *4 credit hours*

PSY3400 Sensation and Perception

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): None

An understanding of the manner in which humans perceive and respond to internal and external stimuli. Areas of study include vision, audition, chemical, tactile, and proprioceptive senses, receptor mechanisms, psychophysical methods and perceptual phenomena. *4 credit hours*

PSY3500 Motivation

Prerequisite(s): PSY1001 with a grade of "C" or better

Corequisite(s): None

The examination of human motives and the impact of emotion on the decision making process. Consideration of

primary and secondary motivators regarding theoretical and practical application for reward, punishment, and avoidance scenarios. *4 credit hours*

PSY3520 Child/Adolescent Development

Prerequisite(s): PSY2022 with a grade of "C" or better

Corequisite(s): None

An understanding of the major developmental theories associated with childhood (age 3) through adolescence (age 21). The primary areas of exploration include cognitive, interpersonal, intrapersonal, physical, and emotional systems in addition to contextual approaches involved in understanding these systems. *4 credit hours*

PSY3530 Adult Development

Prerequisite(s): PSY2022 with a grade of "C" or better

Corequisite(s): None

An understanding of the major developmental theories associated with adulthood (ages 18 through 65). The primary areas of exploration include cognitive, interpersonal, intrapersonal, physical, and emotional systems in addition to the contextual approaches (i.e., typical life tasks) involved in understanding these systems *4 credit hours*

PSY3540 Elderly Development

Prerequisite(s): PSY2022 with a grade of "C" or better

Corequisite(s): None

An understanding of the major developmental theories associated with late adulthood (age 65 and older). The primary areas of exploration include death and dying, cognitive, interpersonal, intrapersonal, physical, emotional systems in addition to the contextual approaches (e.g., family dynamics, leisure, retirement, bereavement) involved in understanding these systems. *4 credit hours*

PSY3800 Introduction to Psychological Testing and Assessment

Prerequisite(s): PSY2010, PSY2022, and PSY3300 with grades of "C" or better

Corequisite(s): None

A survey and understanding of the application of psychological testing and measurement techniques, including self-report, interview, observation, and collateral information. The importance of test construction, utilization, and the psychometric background of tests will be considered for intellectual, emotional, behavioral, and personality applications. The course also will involve the ethical and pragmatic considerations involved with testing and measurement according to developmental level. *4 credit hours*

PSY4001 Addictions

Prerequisite(s): PSY2010, PSY2022, and PSY3300 with grades of "C" or better

Corequisite(s): None

A theoretical, conceptual, and practical overview of internal and external determinants of addictive behaviors across the lifespan. Assessment and treatment approaches will be discussed along with issues influencing recidivism. *4 credit hours*

PSY4030 Multicultural Psychology

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

The examination of psychological conditions according to varied populations including gender, ethnicity, religion,

geography, culture, age, sexual orientation, physical disability, education, and social class. This course is meant to expose students to the impact of these contexts on the intra- and interpersonal psychosocial framework for individuals across development. *4 credit hours*

PSY4040 Human Sexuality

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

A biopsychosocial understanding of the determinants of human sexual behavior. Developmental views of normal and abnormal sexual behavior, treatment, and cultural influences will also be highlighted. *4 credit hours*

PSY4200 Psychology and the Media

Prerequisite(s): PSY2010, PSY2022, and PSY3010 with grades of "C" or better

Corequisite(s): None

A historical and contemporary examination of the psychological influences of the media. Consideration of the local, regional, national, and international influences of varied information sources including television, the Internet, print media, electronic communication devices, and radio within a developmental context. *4 credit hours*

PSY4320 Psychology and Gender

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

A historical and contemporary examination of the psychological issues of gender from a social, emotional, personality, physiologic, geographic, and cultural perspective. Specific topics will include career development, marriage, family, sex role development and expectations, role conflict, achievement, and sexuality. *4 credit hours*

PSY4400 Child and Adolescent Disorders

Prerequisite(s): PSY2010, PSY2022, and PSY3300 with grades of "C" or better

Corequisite(s): None

An introduction to the field of abnormal child psychology and the associated major theories. Students will be exposed to the pathogenic process (i.e., developmental sequence) of psychological disorders from early childhood to late adolescence. A major goal of the course is to promote critical thinking on major issues such as the genetic, biological, and environmental influences on behavior, emotions, and personality in conjunction with associated assessment, diagnostic, and treatment procedures. *4 credit hours*

PSY4420 Health Psychology

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

An investigation of the major theories, strategies, and methods of understanding the psychological contributions to human health and disease. The psychological approaches to treating and preventing disease and unintentional injuries with a focus on health and safety promotion. *4 credit hours*

PSY4470 Forensic Psychology (formerly Psychology and Law)

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

This course introduces students to forensic psychology, which lies at the intersection between psychology and the justice system, and the fundamental legal principles and jurisdictional considerations involved therein. Topics will focus on the various responsibilities afforded to forensic psychologists, including competency evaluations for criminal defendants, child custody evaluations, threat assessments for schools, competency evaluations for the elderly, screening and selection of law enforcement applicants, assessment of post-traumatic disorder, and the delivery and assessment of intervention and treatment programs for juvenile and adult offenders. Lastly, as forensic psychologists must possess the ability to testify in court as an expert witness, the course will address how to reformulate psychological findings into the legal language of the courtroom. *4 credit hours*

PSY4480 Psychology of Religion

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

An examination of the contemporary issues in psychology regarding religious beliefs, values, experience, and practice. Additional topics include psychosocial comparisons of major religions, religious development, and the connection between religion and health-promotion. *4 credit hours*

PSY4540 Introduction to Professional Counseling

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

A survey and focus on the theoretical, conceptual, and practical application of counseling regarding assessment, treatment, diagnostic, and ethical issues in Professional Counseling. Students will gain an understanding of contemporary assessment and interview techniques for mental health disorders and the array of specialties in the counseling profession. *4 credit hours*

PSY4541 Introduction to Clinical Psychology

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better

Corequisite(s): None

This course will examine the theoretical, conceptual, and practical applications of psychology regarding assessment, treatment, diagnostics, and ethical issues in the field of clinical psychology. Students will gain an understanding of the contemporary assessment and interview techniques for mental health disorders and the subspecialties within clinical psychology. *4 credit hours*

PSY4560 Industrial Organizational Psychology

Prerequisite(s): PSY2022, PSY2010, and PSY3300 with grades of "C" or better

Corequisite(s): None

Industrial/organizational (I/O) psychology is an applied discipline of psychology that specializes in the theory and application of psychological principles to understanding behavior in the workplace and within organizations. This course examines the main aspects of I/O psychology including job analysis, training, performance, organizational culture and dynamics, leadership, worker satisfaction, improving the workplace environment, group behavior and conflict in the work place. *4 credit hours*

PSY4580 Psychometrics and Assessment

Prerequisite(s): PSY3010, PSY3011, PSY3300, and PSY3800 with grades of "C" or better

Corequisite(s): None

This course will examine the topic of psychometrics in reference to testing and assessment via paper and electronic surveys. Students will be exposed to the essential factors involved with survey design and research according to the current and future demands of social and occupational settings. *4 credit hours*

PSY4600 Anxiety and Mood Disorders

Prerequisite(s): PSY2010, PSY2022, and PSY3300 with grades of "C" or better

Corequisite(s): None

This course examines the major, minor, and associated categories of anxiety and mood disorders and the dynamic interplay of biological, psychological, and social factors in the development, course, and outcome of each of these disorders. Of specific focus are the etiology, prevalence rates, course, duration, assessment, diagnosis, and treatments related to each of the anxiety and mood disorders. Attention also will be drawn to the observed developmental differences and the relative contributions of research within these fields of study. Lastly, students will learn about ongoing changes in categorization, including emerging ideas about the "spectrum" disorders. *4 credit hours*

PSY4610 Advanced Analysis and Methods

Prerequisite(s): PSY2060, PSY2061, and PSY3800 with grades of "C" or better

Corequisite(s): None

This course will address multivariate research design and methodology. Students will be exposed to an analysis of the approaches to developing, understanding, and interpreting multivariate psychological phenomena. The primary topics will include MANOVA, MANCOVA, multiple regression, logistic regression. Additional areas will include a concentration on an understanding of reliability, validity, and experimental control issues. *4 credit hours*

PSY4620 Learning and Memory

Prerequisite(s): PSY3001 and PSY3200 with grades of "C" or better

Corequisite(s): None

To provide a comprehensive introduction to the theories and basic processes relevant to learning and behavior, with an emphasis on associative learning (classical and instrumental conditioning). We will discuss how these theories contain applicability to real world phenomena, such as training our pets, raising our children, treating mental illness, and treating drug addiction. In addition, you will gain exposure to the scientific method as well as improve your critical thinking skills through reading and critiquing scholarly work. *4 credit hours*

PSY4630 Principles of Behavioral Neuroscience

Prerequisite(s): PSY3001 and PSY3200 with grades of "C" or better

Corequisite(s): None

This course will emphasize familiarity with the basic anatomy and physiology of the human nervous system and its control of physical functions as well as cognitive and motor behaviors. By the very nature of the subject matter, the course requires learning the terminology that is typically used to describe components of the nervous system. In addition, students will learn to identify the components of the nervous system and their function. Much of this information is provided in the textbook, but lectures will provide important supplemental information. The course will also review the effects of pathology and injury to the nervous system on motor function, sensation, cognition and emotion. *4 credit hours*

PSY4640 Comparative Cognition

Prerequisite(s): PSY3001 and PSY3200 with grades of "C" or better

Corequisite(s): None

An exploration of the evolution and function of cognition across species. Topics include perception, attention, learning, tool use, categorization, decision making, memory, and language. By studying animal behavior, students will appreciate what makes humans unique. Material will be drawn from the fields of zoology, evolutionary biology, psychology, and neuroscience *4 credit hours*

PSY4650 Human Neuropharmacology

Prerequisite(s): BIO1020, PSY3200, and PSY4630 with grades of "C" or better

Corequisite(s): None

The nervous system uses a very precise system of neurochemical messengers to produce all aspects of sensation, perception, feelings, emotions, motivation, movement, and conscious experience. This course will address the role of neurochemicals in normal brain functioning and also describe how drugs are used to treat neurological and psychological disorders. Drug abuse and toxicology will also be discussed. *4 credit hours*

PSY4800 Senior Seminar

Prerequisite(s): PSY2010, PSY2022, PSY3010, and PSY3300 with grades of "C" or better and Senior Standing

Corequisite(s): None

The intensive examination of current and/or historical issues in the field of psychology in seminar format. *4 credit hours*

PSY4861 Senior Thesis I

Prerequisite(s): PSY2060 and PSY2061 with grades of "C" or better, Senior Standing, and a minimum GPA of 2.50 or higher

Corequisite(s): None

This course is designed to guide students toward the completion of a research proposal in the behavioral sciences. Historical and current theories will be investigated and applied to specific research hypotheses. Students will conduct literary research, identify a relevant and specific research topic, design strategies for assessment, and develop specific research hypotheses through the production of an undergraduate thesis proposal. *2 credit hours*

PSY4862 Senior Thesis II

Prerequisite(s): PSY4861 with a grade of "C" or better, Senior Standing, and a minimum GPA of 2.50 or higher

Corequisite(s): None

This course constitutes the completion of the senior thesis initially proposed in PSY4851. Students will complete the research project proposed in Senior Thesis I by collecting, analyzing, and interpreting data. Posters appropriate for presentation at a professional conference will be developed. *2 credit hours*

PSY4900 Field Placement

Prerequisite(s): PSY4540 or PSY4541 with a grade of "C" or better, Senior Standing, and a minimum GPA of 2.50 or higher

Corequisite(s): None

This field placement is designed to provide psychology majors with a shadowing experience that exposes them to the practice of psychology and other human services professions. Students are required to spend a minimum of 10 hours per week at the field placement site, a site that the student will secure and the field practicum instructor must approve.

In addition, students are required to participate in one and a half hours of weekly group supervision with the field practicum instructor and other students who are engaged in the field placement experience. Finally, students are required to participate fully in the didactic component of the course. The global aims of the field placement experience are for students to see the work of professionals first hand, integrate prior coursework with their field placement observations, and to gain insight into whether they are interested in pursuing a career in one of these areas. *4 credit hours*

Public Administration

MPA5001 Foundations of Public Administration

Prerequisite(s): None

Corequisite(s): None

This course provides students with the foundational concepts necessary to understand how the administrative process functions. Students will determine strategies that will allow agencies at the federal, state, and local levels to remain efficient and maintain strong institutional performance despite issues such as polarization, gridlock, shifting demographics and challenging economic and budgetary conditions.

4 credit hours

MPA5005 Public and Non-profit Organizational Behavior

Prerequisite(s): Fully online students: MPA5001

Corequisite(s): Campus-based students: MPA5001

This course addresses the issues of motivation, leadership, and communication within public and nonprofit organizations. Included are negotiation, conflict resolution, and team building. Special attention will be paid to the unique character of public and nonprofit organizations operating with a mission of public service and within the context of the political leadership and public constituencies. *4 credit hours*

MPA5010 Public and Non-profit Budgeting and Accounting

Prerequisite(s): MPA students: MPA5001; Master of Science in Public Relations and Doctor of Nursing Practice students: None

Corequisite(s): None

This course provides exposure to the key accounting concepts, basic financial statements and analytical techniques required for effective financial management in addition to the basic working capital, fixed assets and debt management concepts. The course will also provide students with basic financial management tools including cost accounting, ratio analysis and integrated financial planning/budgeting. The goal is to provide general managers with a working knowledge of essential financial management concepts and tools as well as the ability to understand and analyze financial statements of many types of organizations. This course assumes no knowledge of financial management. *4 credit hours*

MPA6001 Research and Data Analysis in Public Administration

Prerequisite(s): MPA5001

Corequisite(s): None

This course explores the concepts, principles, and methods of research in public administration, with application to administrative functions and decision making. Topics include literature reviews, research design, definition and measurement of variables, analysis and interpretation of data, and communication of research results. Emphasis is placed on the role and importance of scientific investigations and systematic inquiries in the development and planning of public policy related to public administration and its functions. *4 credit hours*

MPA6100 Non-profit Fundraising and Volunteer Development

Prerequisite(s): MPA5001

Corequisite(s): None

This course explores the goals, processes, and activities associated with fundraising and resource development including the resources provided by volunteers in the non-profit sector. Topics may include annual and capital campaign development, special events, planned giving, communication strategies, stakeholder relationships, automation techniques, and volunteer procedures (including recruitment, training, and recognition). Course will also address legal reporting requirements pertaining to contributions. *4 credit hours*

MPA6105 Grant Writing and Contract Administration

Prerequisite(s): MPA5001

Corequisite(s): None

This course examines the strategies and execution of grant and proposal writing as well as contract administration in the non-profit and governmental sectors. Topics may include research into funding sources, use of prospectus documents, preparation competitive proposals for grants and contracts, and peer review. Students will engage in all aspects of grant and proposal writing, including how to efficiently and effectively describe research and program design, outcomes, objectives and methodology, data management, evaluation, and budget development applied to the preparation of an actual proposal. Students will also examine the contract administrative responsibilities resulting from successful grants and contracts, including monitoring and reporting program and fiscal data. *4 credit hours*

MPA6110 Management of Non-profit Organizations

Prerequisite(s): MPA5001

Corequisite(s): None

This course explores the history, growth, and evolution of nonprofit organizations and examines the critical management and leadership challenges facing the professional manager in the nonprofit sector. Topics may include the role of the executive team, board of directors, full-time staff, and volunteers in identifying and realizing the mission of a nonprofit organization. In addition, students will study the legal framework and requirements for nonprofit organizations including those pertaining to lobbying and electoral politics. *4 credit hours*

MPA6115 Program Evaluation of Public and Non-profit Organizations

Prerequisite(s): MPA5001

Corequisite(s): None

This course examines the goals, methods, and techniques of program evaluation in governmental and non-profit organizations. Special emphasis is placed on how program evaluation relates to legislative and executive budgeting, program planning, and program implementation. *4 credit hours*

MPA6501 State and Local Government and Intergovernmental Relations

Prerequisite(s): MPA5001

Corequisite(s): None

This course analyzes the structure, principles, and operation of state and local government in the United States. It examines the governmental interrelationships contained in the American Federal system. Topics may include the analysis of the executive, legislative, and judicial functions of state and local governments, with special attention paid to the similarities and differences among the levels and branches of government as well as the complementary and conflictual relationships between the state and federal government levels. *4 credit hours*

MPA6505 Legislative and Judicial Process

Prerequisite(s): MPA5001

Corequisite(s): None

This course examines the process of enacting laws and performing other legislative/administrative/judicial functions in the U.S. Congress and state legislatures. Special attention is paid to the relationship between public administrators and the legislative and judicial processes. *4 credit hours*

MPA6520 Legal Environment of Public Administration

Prerequisite(s): MPA5001

Corequisite(s): None

This course focuses on the relationship between public administration and the law. Topics may include the role of public administrators in formulating law and policy through the rule-making process and administrative law, how case law is relevant to public organizations, managers, and the administration of governmental programs, and the liability of government in selected settings. *4 credit hours*

MPA6999 Strategic Challenges in Public Administration

Prerequisite(s): Must be taken in final quarter or session of degree completion

Corequisite(s): None

This course integrates knowledge, skills, and abilities from a wide variety of content areas to better meet the challenges faced by public administrators. Topics may include developing organizational strategy, executing decision making, shaping the planning process, and managing of organizational change. Use of the case method will draw significantly on students' prior public administration study and experience. *4 credit hours*

PUB2001 Introduction to Public Management

Prerequisite(s): None

Corequisite(s): None

The course provides students with an overview of the core theoretical principles of public administration and their practical application to the day-to-day implementation of public policies. Students explore the main functional areas within public administration at the federal, state, and local levels of government. The course places public administration practice in context with the broader political system and its importance in solving public problems. *4 credit hours*

Public Health

PHE2001 Introduction to Public Health

Prerequisite(s): AHS1001, ENG1100, and 1 natural science course with a grade of C or better in all courses

Corequisite(s): None

This course is designed to introduce the basic tenets, applications, and focus of public health. It will provide an introduction to public health terminology, history, core disciplines, professional roles and services, current public health challenges and the impact of public health efforts on population health. *4 credit hours*

PHE3001 Legal and Ethical Issues in Public Health

Prerequisite(s): HCM2005, PHE2001 with a grade of C or better

Corequisite(s): None

This course provides students with an overview and practical knowledge of public health law and ethics. Students will gain an understanding of the responsibility of government to protect the public health in the context of upholding individual rights. By the end of the course, students will be able to apply this knowledge to real-world applications of ethical decision making and gain a critical understanding of their own ethical opinions. *4 credit hours*

PHE3025 Research Methods in Public Health

Prerequisite(s): HSC4010, MAT2058 with a grade of C or better

Corequisite(s): None

This course provides students with an understanding of epidemiology and the philosophy and methods for health-related research. The course explores a wide range of topics, such as, research paradigms, research ethics, quantitative and qualitative research methods, descriptive and inferential statistics, hypothesis testing and writing research proposals. *4 credit hours*

PHE3040 Healthcare Law

Prerequisite(s): PHE3001 with a grade of C or better

Corequisite(s): None

This course presents an overview of the legal issues facing the health care and public health industry. The course provides students with a basic working knowledge of health law with a comprehensive review of a wide variety of health care and public health legal issues. *4 credit hours*

PHE3050 Public Health Policy

Prerequisite(s): HCM2005 with a grade of 'C' or better

Corequisite(s): None

This course presents an overview of the public policy facing the health care industry. The course provides students with a basic working knowledge of health policy with a comprehensive review of a wide variety of policy making, policy analysis, economic, and insurance issues. *4 credit hours*

PHE3070 Medical and Public Health Informatics

Prerequisite(s): PHE3001 with a grade of C or better

Corequisite(s): None

In today's information driven age, access to healthcare information is vital. In both healthcare and public health, there are numerous systems that track disease outbreaks, environmental risks, and vital statistics. This course seeks to train students in the use of traditional health information systems and electronic health records. This course will describe health information systems, management of these systems, data integrity and standards, functionality, privacy, security, and decision-making. Additionally, the course will discuss the use of these systems as it relates to population health. *4 credit hours*

PHE4015 Introduction to Global Health

Prerequisite(s): HSC4010, HSC4021, PHE3050 with a grade of C or better

Corequisite(s): None

This course introduces the student to theory and practice in the field of global health dealing with not only the health issues of developing countries but the threats to health extending beyond borders and affecting the global population.

Students will explore the determinants and disparities of health at the global level including poverty and health beliefs and behaviors; surveillance and intervention measures; global health policies; and the governmental and non-governmental agencies and collaborative efforts and obstacles in play to resolve global health issues. Case studies and examples of current global health challenges and outcomes will be discussed with a focus on factors contributing to the issues and collaborative approaches to delivering solutions. *4 credit hours*

PHE4030 Foundation of Health Communication

Prerequisite(s): PHE3050, HSC4021 with a grade of C or better

Corequisite(s): None

This course provides an overview of the health communication field and examines effective communication approaches. Students will learn how media can impact the health and well-being of populations at the personal, interpersonal, community, organizational, and policy level. Communication tools and technologies and strategies will be explored, as well as the importance of communication in advocacy for health promotion policies and programs. Students will develop a public health education piece addressing a current or emerging health information, prevention or emergency preparedness issue. *4 credit hours*

PHE4055 Public Health Planning and Evaluation

Prerequisite(s): HSC4021, PHE3025, & PHE3050 with grades of 'C' or better

Corequisite(s): None

This course explores the basic concepts and theories relating to health program planning and program evaluation. Topics may include community health assessment, program theory, and program implementation and evaluation. *4 credit hours*

PHE4070 Management and Administration of Public Health Systems

Prerequisite(s): PHE3050 with a grade of C or better

Corequisite(s): None

This course provides students with an understanding of the issues involved with the organization, management, and administration of U.S. public health services. *4 credit hours*

PHE4095 Special Topics in Public Health

Prerequisite(s): PHE3050

Corequisite(s): None

This course is designed to provide students with an in-depth analysis of emerging and important issues and topics in the field of public health. *4 credit hours*

PHE4120 Health Disparities and Minority Health

Prerequisite(s): HSC4010, HSC4021 with a grade of C or better

Corequisite(s): None

This course will examine the ways in which diverse personal, socio-cultural and institutional factors impact health, including race/ethnicity/culture, socioeconomic class, migration status, disability, gender, sexual orientation, sexism, place, age and spirituality. Strategies to reduce disparities and promote equity, cultural competency and advocacy will be examined. *4 credit hours*

PHE4200 Capstone in Public Health

Prerequisite(s): Completion of all courses in the Bachelor of Science in Public Health degree curriculum and approval of the Program Director or Department Chair. This course is taken as the last course in the program of study in the term/quarter prior to graduation. Any course in the curriculum with a requirement of a minimum grade must be completed with the required or higher grade prior to enrolling in this course.

Corequisite(s): None

This course provides students with the opportunity to apply the knowledge and skills acquired in the program courses to a real-world public health experience by identifying, assessing and addressing current issues in public health. Students will demonstrate their ability to integrate and adapt the competencies developed during the course of study to a comprehensive analysis of a public health problem that incorporates communication with working public health professionals and the opportunity to develop professional skills, practical experience and exploration of public health careers. Student must receive a grade of C or higher to pass this course. *4 credit hours*

PHE5001 Social and Behavioral Aspects of Public Health

Prerequisite(s): None

Corequisite(s): None

The course provides an overview of social and behavioral issues related to public health practice. Students will examine basic theories, concepts and models from various social and behavioral disciplines that are used in public health research and practice. Through analysis of social and behavioral models and theories, students will be able to apply these theories when solving public health problems. *4 credit hours*

PHE5005 Introduction to Health Services and Research

Prerequisite(s): PHE5001

Corequisite(s): None

This course examines the organization, delivery, and financing of the U.S. Healthcare system. Students use evidence from health services research to identify principles for application in various public health settings. For students intending to complete the applied research project at the end of their program, guidance is provided about the project and relevant agency selection. *4 credit hours*

PHE5010 Environmental and Occupational Health

Prerequisite(s): None

Corequisite(s): None

This course is a study of the major environmental and occupational factors that contribute to the development of health problems in industrialized and developed countries. *4 credit hours*

PHE5015 Principles of Epidemiology

Prerequisite(s): None

Corequisite(s): None

This course is a study of epidemiological methods to evaluate the patterns and determinants of health and diseases in populations. *4 credit hours*

PHE5020 Biostatistical Methods

Prerequisite(s): PHE5015, MAT2058

Corequisite(s): None

This course provides a problem-based understanding and application of parametric statistical assessments in the area of

public health practice, as well as exposure to more advanced methodologies such as ANOVA, linear and multiple regression methods, and categorical response variable analysis. Students will utilize statistical software to perform basic and advanced analyses. *4 credit hours*

PHE6201 Public Health Policy Research

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

This course is an analysis of current research in health policy including the history of issues, arguments for various positions, and the development of frameworks to enable development of positions on the issues. *4 credit hours*

PHE6202 Program Planning and Evaluation

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

This course provides a foundation for program planning and evaluation in public health. It provides basic planning principles, processes, and methods, and encourages a multi-disciplinary approach integrating the use of theory and practice. *4 credit hours*

PHE6203 Public Health Informatics

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

Topics may include informatics content applicable to administrative and clinical systems used in public health. Students will analyze the application of information science and technology to public health practice. *4 credit hours*

PHE6210 Health Promotion and Disease Prevention

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

This course provides skills and strategies for the development and implementation of health promotion and health education programs in various environments. Emphasis will be placed on how identification of risk factors, lifestyle, and behavior changes can promote positive healthy behaviors and prevent disease among individuals, groups, and communities. *4 credit hours*

PHE6220 Evidence-based Public Health Practice

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

Strategies will be presented for locating and utilizing scientific evidence to make programmatic and health policy decisions. Application of principles of scientific reasoning and systematic uses of data and information systems will be emphasized. *4 credit hours*

PHE6250 Case Studies in Public Health

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

Ecological approaches frame how prevention, control, health promotion, protection and emergency measures protect the public's health. Current topics may include health disparity, cultural competence, genomics, workforce planning, credentialing, and media communication. *4 credit hours*

PHE6402 Public Health Law and Ethics

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

The course explores the basic legal and ethical foundations of the public health legal system and examines the relationships among public health, the constitution, economics and human rights. *4 credit hours*

PHE6404 Grant and Contract Proposal Writing in Public Health

Prerequisite(s): Completion of PHE5001, PHE5005, PHE5010, PHE5015, PHE5020

Corequisite(s): None

This course examines the strategies and execution of grant and proposal writing as well as contract administration in the public health sectors. Topics may include research into funding sources, use of prospectus documents, preparation competitive proposals for grants and contracts, and peer review. Students will engage in all aspects of grant and proposal writing, including how to efficiently and effectively describe research and program design, outcomes, objectives and methodology, data management, evaluation, and budget development applied to the preparation of an actual proposal. Students will also examine the contract administrative responsibilities resulting from successful grants and contracts, including monitoring and reporting program and fiscal data. *4 credit hours*

PHE6980 Practicum in Public Health

Prerequisite(s): Principle and Core Courses with a 3.0 CGPA and approval of the Department Chair or Program Director

Corequisite(s): None

This course is a practical application of program knowledge, skills, and abilities to a real-world public health setting. The practicum involves placement of the student in a non-academic setting in the area where the student lives. The placement cannot be in the same department in which the student currently works and cannot assume the same role as the student currently works. Government agencies, community organizations, businesses, public health organizations, and social service agencies are all examples of the kinds of placements that would be appropriate. The student is expected to work with the agency/organization a minimum of twelve (12) hours a week for a minimum of 10 weeks and a minimum of 120 contact hours. In addition, the student is expected to maintain close contact with his/her faculty member as well as a preceptor from the agency/organization. The student is to write a report of his/her experience, describing the nature and operation of the placement setting, detailing his/her activities, responsibilities, and interactions with other individuals, and any public health insights gained from the experience. Where the student is given an issue or problem by the placement supervisor, its nature and outcome should also be included in the report, along with the methods used to address the issue or problem. *4 credit hours*

Public Speaking

SPC1026 Public Speaking

Prerequisite(s): None

Corequisite(s): None

This course is designed to prepare the student to develop and improve the ability to communicate. Self-expression, preparation of effective speeches, and development of speaking and listening skills will be the focus. *4 credit hours*

Religion

REL1001 World Religions

Prerequisite(s): ENG1100

Corequisite(s): ENG1100

This course surveys historical and contemporary world religions and religious movements from ancient to modern times. It will present the basic tenets of the belief systems of major religions and religious movements. The course will further ground the study of world religions in a variety of perspectives: social, cultural interactions, environmental, political, economic, and the people and events that influenced religious thought. This course retains a commitment to teaching religious studies as the secular study of beliefs, behaviors, and institutions in a manner that emphasizes systematic inquiry and cross-cultural perspectives. *4 credit hours*

Sociology

SOC1001 Introduction to Sociology

Prerequisite(s): ENG1100

Corequisite(s): None

This course introduces the study of human social development and social organizations and social institutions. Students will apply sociological perspectives to examine topics such as the development of self-concept, group dynamics, social deviance, gender equality, social class, racial and ethnic relations, demography and population, the family, religion, and education. *4 credit hours*

SOC2010 Social Problems

Prerequisite(s): SOC1001

Corequisite(s): None

This course exposes the student to social problems in the United States and globally. The student will learn the structural causes of social problems, the role that race/ethnicity, gender, and class play in social inequalities and the position the United States holds with respect to global social problems. Topics may include economic problems, environmental issues, problems of social inequality, deviance, and institutional problems. The student will also learn how to develop solutions to social problems. *4 credit hours*

Faculty and Staff

University Administration

Kelly Andrews, Regional Registrar

Dean Arneson, Dean, School of Pharmacy; PhD., PharmD., M.S., University of Nebraska Medical Center

Ken Baker, Vice President of Marketing

John Bialowas, Director of Facilities

Lisa Bottari, Centralized Financial Aid Processing and Packaging

Scott Busch, Director of Academic Resources and SIS training

James Caruso, Finance Director

Paula Catanese, Director of Talent Acquisition

April Curry, Regional Registrar

Toni Lynn DeBord, University Registrar

Deana Echols, Vice Chancellor for Compliance & Financial Aid

Hilary Donahoe, Benefits and Leave Administrator

Mary Gaynor, Director of Repayment Strategy

Cathy Girardeau, Director of Human Resources

T. Renee Griner, Business Office Manager

Lynne Haines, Vice Chancellor for Human Resources

Carey Holden, Director of HRIS

Alisa Krouse, Vice Chancellor for Student Success and Administration

Kezia Lilly, Dean, College of Nursing and Public Health; D.N.P., Case Western; P.G.C. Nursing Informatics, Kaplan; M.B.A.-H.C.A., University of Phoenix; M.S.N., University of Phoenix; B.S.N., Southwest Baptist University; A.S.N., Cox College of Nursing

Brian McAulay, Vice Chancellor for Academic Affairs; Ph.D. Temple University (Philadelphia); D.C. (Pennsylvania College of Chiropractic); B.Com. University of Toronto

Kim McClendon, Regional Financial Aid Director

Rick Mendoza, Vice Chancellor for Admissions

Lia Miller, Director of Federal Regulatory Affairs

Angela Moore, Human Resources Generalist

Cheryl Morene, Accounting Supervisor

Leslie Myers, Senior Clinical Director, Nursing and Associate Professor; Nursing; D.N.P., University of South Carolina; M.S. N., University of South Carolina; B.S.N, Clemson University

Josh Newton, Director of Reporting and Analytics

Gregory Reed, Controller

Tasha Richardson, Regional Registrar

Allene Scales, Director of Digital Resources

Gina Scarboro, Dean, College of Health Professions; Assistant Professor, Anesthesiologist Assistant; D.B.A., South University; M.M.Sc., Emory University; B.A., Oglethorpe University

Norm Seto, Reporting Analyst

Ebony Settles, University Director of Career Services & Alumni Relations

Nancy Speisser, Assistant Vice Chancellor for University Libraries; M.S.L.S., The Catholic University of America; B.A., Virginia Wesleyan College

Melinda Strickland, Director of Institutional Effectiveness

April Taylor, Dean, College of Arts and Sciences and Interim Dean, College of Business; Program Director and Assistant Professor, Legal Studies (Columbia campus); D.B.A., Argosy University; J.D., University of South Carolina; B.A., Benedict College

Teliah Walker, Human Resources Generalist

Ashley Weeks, Assistant Vice Chancellor for Admissions

Patrice Wilson, Assistant Vice Chancellor for Student Services

Steven Yoho, Chancellor, Ph.D., Ohio State University; M.S., West Virginia University; B.S., Oklahoma Christian College

South University, Austin

Vina Asayas, Director of Outreach and Community Development

Robert Asher, Faculty Instructor, Nursing; M.S.N., Independence University; B.S.N., University of Arlington

Brianna Barksdale, Faculty Instructor, Physical Therapist Assistant; M.H.A., Missouri State University; B.S., Missouri State University; A.A.S., Ozarks Technical Community College

Marcus Bell, Admissions Representative

Rachael Bennett, Assistant Professor, Undergraduate Nursing; A.S., Midland College; B.S.N., University of Texas; M.S.N., University of Texas

Evan Bettis, Assistant Professor, Undergraduate Public Health; M.Ed., University of Texas at Austin; B.A./B.S., University of Arkansas at Fayetteville

Katie Blakemore, Assistant Professor, Undergraduate Nursing; M.S.N., Maryville University St Louis, Missouri; B.S.N., University of Texas at Arlington; A.S., Angelina College

Amanda Bryson, Academic Coordinator of Clinical Education and Instructor, Physical Therapist Assistant; M.B.A., South University; B.S, Texas A & M University; A.A.S., Blinn College

Heather Chambless, Admissions Representative

Kristina Collins, Finance Counselor

Roxanne M. Garza, Director of Financial Aid

Moises Garcia Reyes, Administrative Assistant, Nursing

Andrea Halbach, Assistant Professor, Nursing; M.S.N. Grand Canyon University, Phoenix, AZ, B.S.N. Oakland University, Rochester Hills, MI

Preston Hamilton, Academic Counselor

Michelle Harstad, Admissions Representative

Shannon Herrin, Assistant Dean of the College of Health Professions, Program Director, and Assistant Professor, Physical Therapist Assistant; Ed.D., Hardin-Simmons University, D.P.T., Boston University; M.P.T., University of Texas Health Science Center, B.S.H.C.S., University of Texas Health Science Center

Christopher Hightower, IT Desktop Analyst

Johnny Howard, Program Director, Business; Ph.D., Northcentral University; M.B.A., American Intercontinental University, B.B.A., American Intercontinental University

Anna Jessup, Program Director, Nursing Bachelors and Masters; D.N.P., Texas Tech University Health Science Center Lubbock, TX, M.S.N., University of Texas, Austin, TX, B.S.N. Angelo State University, San Angelo, TX

Lisa Kirk, Senior Director of Admissions

Sylento Lewis, Dean of Academic Affairs and Operations; Ed.D., Walden University; M.Ed., American Intercontinental University; B.S., University of Arkansas at Pine Bluff

Odette Morgan, Receptionist

Jeffrey Musgrove, Campus President, D.B.A., Argosy University Sarasota, Fl., M.A., M.S. Webster University St Louis Missouri, B.S., University of Maryland College

Kierra Parks, Finance Counselor

Andrew Perry, Admissions Representative

Valerie Quest, Admissions Representative

Steve Renaud, Program Director and Assistant Professor, Psychology and Criminal Justice; Ph.D., University of Missouri-Columbia; M.A., Fairleigh Dickinson University; B.A., University of Texas-Austin

Monica Sowell, Assistant Professor, Undergraduate Nursing; D.N.P, University of Texas at Tyler; M.S.N., Western Governor's University; B.S.N., University of North Alabama; A.D.N., Victoria College

Robert Stanton, Program Director and Assistant Professor, General Studies; Ph.D., University of Leeds; M.A., University of Leeds; B.A. University of Wales

Claire Stigler, Program Director, Public Health; D.C., National University of Health Sciences; M.S., University of Indianapolis, B.S., Loyola University Chicago

Leanne Stigler, Academic Success Coordinator

Alicia Vela, Dean of Student Affairs; M.Ed. and Ed.D., Arizona State University B.A., Our Lady Lake University

Melody Yozzo, Program Director, Physician Assistant; D.H.E, A.T. Still University; M.H.S., University of Oklahoma Health Science Center; M.S., Oklahoma State University; B.S., BSCHC University of Missouri – Columbia
