

MGT7105 : Seminar in Group and Team Behavior

Doctoral-level course focusing on topics related to groups and teams. Topics covered include team dynamics, team alignment, coaching teams, team management, motivation through team management, integrating teams into business strategy and evaluating teams. The study of multi-level analysis will be an important part of this course. This course will incorporate statistical concepts being covered in the first statistics for research methods course. Students will also develop resources to be used in teaching the course topics.
