

NSG4052 : Caring for Adults III

This course concentrates on caring for adults with male reproductive, renal and urological, hematological and musculoskeletal alterations. Concepts of pathophysiology, pharmacotherapeutics, and holistic assessment are integrated throughout the course to promote assimilation of learning. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice.

Credits 2.0
