

NSG4053_P : Caring for Adults III - Practice

This course is designed to provide the student with clinical application of theoretical content from [NSG4052](#). This practicum offers students opportunities to provide supervised care for a culturally diverse adult population in acute care and home health settings with health care problems related to musculoskeletal, urinary, hematological and male reproductive alterations. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course.
