

NSG4061_P : Caring for Adults IV - Practice

This course is designed to provide the student with clinical application of theoretical content from [NSG4060](#). This clinical practice offers students opportunities to provide supervised care for a culturally diverse adult population in critical/emergency acute care settings with complex health care problems including multiple system failure. Experiences include providing nursing care within the critical care units, emergency room & PACU. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice. The student must receive a satisfactory clinical evaluation in order to receive a passing grade for this course.
