

NSG4071 : Transition into Professional Nursing

This course is designed to assist the student in making the transition into professional practice. Students select, research, analyze and evaluate current issues affecting the nursing profession. This course explores selected topics involving socioeconomics of the healthcare environment, organizational structure and culture, healthcare delivery systems and the impact of political issues on the profession of nursing. Professional roles & responsibilities in leadership, management, consumer advocacy and a commitment to lifelong learning and professional growth are reinforced. Components of Professionalism (competency, legal, ethical, political and economic issues) and Critical Thinking are incorporated throughout this course to enable students to integrate theory and practice.

Credits 6.0

Prerequisites

All courses in Quarter 1-6
