

# NSG6320 : Practicum I: Adult Health - Adults and Gerontology

In this course the student analyzes and provides in depth care of alterations in adult health in non-acute, community-office-outpatient clinic settings. Patient management will be focused upon evidence-based practice and the nursing process. This is an advanced nursing practice experience for the beginning Adult-Gerontology Primary Care ARNP (Advanced Registered Nurse Practitioner) student with mentoring, coaching and precepting by an approved and currently licensed physician or ARNP. A minimum grade of B is required to successfully complete this course. Learners must successfully complete all aspects of the practicum, or they must repeat all components of the course.
