

# OTA1039 : Level I Fieldwork in Mental Health

Towards the end of the quarter in which students take [OTA1031](#) Occupational Therapy in Mental Health, students will be placed on a Level I Fieldwork experience for 24-35 hours that offers students an opportunity to observe and assist practitioners and/or staff working with people who have psychosocial conditions. Students will observe client assessment and intervention, as appropriate, and learn about issues impacting holistic psychosocial occupational therapy practice. The Level I Fieldwork experience provides opportunities to apply academic course preparation in a psychosocial setting. This course is Pass/Fail (P/F).

**Credits** 1.0
