

AHS2005 : Clinical Competencies I

Clinical Competencies I is designed to furnish the medical assisting student with the theory, rationale, and technical application of the medical assisting profession. Theoretical and practical applications are presented, demonstrated, and practiced by the student to prepare for professional practice. Areas studied include obtaining a health history and vital signs, proper documentation, performing ECGs, and assisting the physician with routine and specialty examinations. Students are required to obtain Standard First Aid Certification and Healthcare Provider CPR Certification to meet the objectives of this course.
